Hong Kong Exchanges and Clearing Limited and The Stock Exchange of Hong Kong Limited take no responsibility for the contents of this announcement, make no representation as to its accuracy or completeness and expressly disclaim any liability whatsoever for any loss howsoever arising from or in reliance upon the whole or any part of the contents of this announcement.

*This announcement is for information purposes only and does not constitute an invitation or offer to acquire, purchase or subscribe for any securities. The Notes (as defined below) have not been, and will not be, registered under the U.S. Securities Act of 1933, as amended (the "**Securities Act**"), or the securities laws of any state of the United States or other jurisdiction and the Notes may not be offered or sold within the United States absent registration or an exemption from registration under the Securities Act.*

***This announcement and the listing document referred to herein have been published for information purposes only as required by the Rules Governing the Listing of Securities on The Stock Exchange of Hong Kong Limited and do not constitute an offer to sell nor a solicitation of an offer to buy any securities. Neither this announcement nor anything referred to herein (including the listing document) forms the basis for any contract or commitment whatsoever.** For the avoidance of doubt, the publication of this announcement and the listing document referred to herein shall not be deemed to be an offer of securities made pursuant to a prospectus issued by or on behalf of any of the relevant Branch Issuer (as defined below) for the purposes of the Companies (Winding Up and Miscellaneous Provisions) Ordinance (Cap. 32) of Hong Kong nor shall it constitute an advertisement, invitation or document containing an invitation to the public to enter into or offer to enter into an agreement to acquire, dispose of, subscribe for or underwrite securities for the purposes of the Securities and Futures Ordinance (Cap. 571) of Hong Kong.*

***Notice to Hong Kong investors:** Each relevant Branch Issuer confirms that the Notes are intended for purchase by professional investors (as defined in Chapter 37 of the Rules Governing the Listing of Securities on The Stock Exchange of Hong Kong Limited) only and have been listed on The Stock Exchange of Hong Kong Limited on that basis. Accordingly, each relevant Branch Issuer confirms that the Notes are not appropriate as an investment for retail investors in Hong Kong. Investors should carefully consider the risks involved.*

This announcement is issued pursuant to Rule 37.39A of the Rules Governing the Listing of Securities on The Stock Exchange of Hong Kong Limited (the "**Listing Rules**").

Please refer to the drawdown offering circular dated 8 June 2026 (the "**Drawdown Offering Circular**") appended herein in relation to the Notes, which contains the base offering circular dated 5 June 2026 in relation to the Programme and each of the pricing supplements dated 8 June 2026 in relation to the relevant series of the Notes. As disclosed in the Drawdown Offering Circular, the Notes are intended for purchase by professional investors (as defined in Chapter 37 of the Listing Rules) only and have been listed on The Stock Exchange of Hong Kong Limited on that basis.

The Drawdown Offering Circular does not constitute a prospectus, notice, circular, brochure or advertisement offering to sell any securities to the public in any jurisdiction, nor is it an invitation to the public to make offers to subscribe for or purchase any securities, nor is it circulated to invite offers by the public to subscribe for or purchase any securities.

The Drawdown Offering Circular must not be regarded as an inducement to subscribe for or purchase any securities of any of the Hong Kong Branch and the London Branch (each, a "**relevant Branch Issuer**"), and no such inducement is intended.

Hong Kong, 16 June 2026

*As at the date of this announcement, the executive directors of China Construction Bank Corporation 中國建設銀行股份有限公司 (the "**Bank**") are Mr. Zhang Jinliang, Mr. Zhang Yi, Mr. Sun Xiaokun and Mr. Ji Zhihong; the non-executive directors of the Bank are Ms. Xin Xiaodai, Ms. Liu Fang, Ms. Li Lu, Ms. Li Li, Mr. Dou Hongquan and Mr. Shi Jian; and the independent non-executive directors of the Bank are Mr. William Coen, Mr. Leung Kam Chung, Antony, Lord Sassoon, Mr. Lin Zhijun and Mr. Zhang Weiguo.*

APPENDIX

DRAWDOWN OFFERING CIRCULAR DATED 8 JUNE 2026

IMPORTANT NOTICE

NOT FOR DISTRIBUTION DIRECTLY OR INDIRECTLY IN OR INTO THE UNITED STATES.

THIS OFFERING IS AVAILABLE ONLY TO INVESTORS WHO ARE ADDRESSEES OUTSIDE OF THE UNITED STATES.

IMPORTANT: You must read the following disclaimer before continuing. The following disclaimer applies to the attached drawdown offering circular ("**Drawdown Offering Circular**"). You are advised to read this disclaimer carefully before accessing, reading or making any other use of the attached Drawdown Offering Circular. In accessing the attached Drawdown Offering Circular, you agree to be bound by the following terms and conditions, including any modifications to them from time to time, each time you receive any information from us as a result of such access.

Confirmation of Your Representation: This document is being sent to you at your request, and by accepting the e-mail and accessing the attached Drawdown Offering Circular, you shall be deemed to represent to each of the Bank, the Branch Issuers and the Joint Lead Managers (each as defined herein) (1) that you and any customers you represent are outside of the United States, (2) that the e-mail address that you gave us and to which this e-mail has been delivered is not located in the United States, its territories or possessions, and (3) that you consent to delivery of the attached Drawdown Offering Circular and any amendments or supplements thereto by electronic transmission.

Restrictions: The attached document is being furnished in connection with an offering in offshore transactions outside the United States in compliance with Regulation S under the U.S. Securities Act of 1933, as amended (the "**Securities Act**") solely for the purpose of enabling a prospective investor to consider the purchase of the Notes described herein.

The attached document has been made available to you in electronic form. You are reminded that documents transmitted via this medium may be altered or changed during the process of transmission and consequently none of the Bank, the Branch Issuers and the Joint Lead Managers, the agents named herein (the "**Agents**") nor their respective affiliates and their respective directors, officers, employees, representatives, agents and each person who controls the Bank, the Branch Issuers, a Joint Lead Manager, an Agent or their respective affiliates or advisors accepts any liability or responsibility whatsoever in respect of any discrepancies between the document distributed to you in electronic format and the hard copy version. We will provide a hard copy version to you upon request.

THE SECURITIES HAVE NOT BEEN, AND WILL NOT BE, REGISTERED UNDER THE SECURITIES ACT, OR THE SECURITIES LAWS OF ANY STATE OF THE UNITED STATES OR OTHER JURISDICTION AND THE SECURITIES MAY NOT BE OFFERED OR SOLD WITHIN THE UNITED STATES EXCEPT PURSUANT TO AN EXEMPTION FROM, OR IN A TRANSACTION NOT SUBJECT TO, THE REGISTRATION REQUIREMENTS OF THE SECURITIES ACT AND APPLICABLE STATE OR LOCAL SECURITIES LAWS.

NOTHING IN THIS ELECTRONIC TRANSMISSION CONSTITUTES AN OFFER OF NOTES FOR SALE IN ANY JURISDICTION WHERE IT IS UNLAWFUL TO DO SO.

Nothing in this electronic transmission constitutes an offer or an invitation by or on behalf of either the Bank, the Branch Issuers and the Joint Lead Managers to subscribe for or purchase any of the securities described therein, and access has been limited so that it shall not constitute a general advertisement or general solicitation (as those terms are used in Regulation D under the Securities Act) or directed selling efforts (within the meaning of Regulation S under the Securities Act) in the United States or elsewhere. If a jurisdiction requires that the offering be made by a licensed broker or dealer and a Joint Lead Manager or any affiliate of such Joint Lead Manager is a

licensed broker or dealer in that jurisdiction, the offering shall be deemed to be made by it or its affiliate on behalf of the relevant Branch Issuer in such jurisdiction.

You are reminded that you have accessed the attached Drawdown Offering Circular on the basis that you are a person into whose possession this Drawdown Offering Circular may be lawfully delivered in accordance with the laws of the jurisdiction in which you are located and you may not, nor are you authorised to, deliver or forward this document, electronically or otherwise, to any other person. **If you have gained access to this transmission contrary to the foregoing restrictions, you are not allowed to purchase any of the securities described in the attached.**

Actions that You May Not Take: If you receive this document by e-mail, you should not reply by e-mail to this communication, and you may not purchase any securities by doing so. Any reply e-mail communications, including those you generate by using the "Reply" function on your e-mail software, will be ignored or rejected.

YOU ARE NOT AUTHORISED TO AND YOU MAY NOT FORWARD OR DELIVER THE ATTACHED DRAWDOWN OFFERING CIRCULAR, ELECTRONICALLY OR OTHERWISE, TO ANY OTHER PERSON OR REPRODUCE SUCH DRAWDOWN OFFERING CIRCULAR IN ANY MANNER WHATSOEVER. ANY FORWARDING, DISTRIBUTION OR REPRODUCTION OF THE ATTACHED DRAWDOWN OFFERING CIRCULAR IN WHOLE OR IN PART IS UNAUTHORISED. FAILURE TO COMPLY WITH THIS DIRECTIVE MAY RESULT IN A VIOLATION OF THE SECURITIES ACT OR THE APPLICABLE LAWS OF OTHER JURISDICTIONS.

You are responsible for protecting your electronic device against viruses and other destructive items. If you receive this document by e-mail, your use of this e-mail is at your own risk and it is your responsibility to take precautions to ensure that it is free from viruses and other items of a destructive nature.

CHINA CONSTRUCTION BANK CORPORATION
中國建設銀行股份有限公司

(a joint stock company incorporated in the People's Republic of China with limited liability)

CHINA CONSTRUCTION BANK CORPORATION HONG KONG BRANCH
中國建設銀行股份有限公司香港分行

Issue of
U.S.$500,000,000 Floating Rate Senior Green Notes due 2029
U.S.$500,000,000 Floating Rate Senior Green Notes due 2031

and

CHINA CONSTRUCTION BANK CORPORATION LONDON BRANCH
中國建設銀行股份有限公司倫敦分行

Issue of
CNY3,000,000,000 1.64 per cent. Senior Green Notes due 2029
each under the U.S.$15,000,000,000 Medium Term Note Programme

This Drawdown Offering Circular is supplemental to, forms part of and must be read and construed as one document in conjunction with the offering circular dated 5 June 2026 (a copy of which is attached as Annex I hereto) (the "**Base Offering Circular**", and together with this Drawdown Offering Circular, the "**Offering Circular**"), including the information incorporated by reference in the Base Offering Circular as described therein, prepared by China Construction Bank Corporation 中國建設銀行股份有限公司 (the "**Bank**") and China Construction Bank Corporation Hong Kong Branch 中國建設銀行股份有限公司香港分行 (the "**Hong Kong Branch**") in connection with the U.S.$15,000,000,000 Medium Term Note Programme as described in the Base Offering Circular (the "**Programme**").

This Drawdown Offering Circular is prepared for the U.S.$500,000,000 Floating Rate Senior Green Notes due 2029 (the "**USD 2029 Notes**"), U.S.$500,000,000 Floating Rate Senior Green Notes due 2031 (the "**USD 2031 Notes**", together with the USD 2029 Notes, the "**USD Notes**"), each to be issued by China Construction Bank Corporation Hong Kong Branch 中國建設銀行股份有限公司香港分行 (the "**Hong Kong Branch**") and the CNY3,000,000,000 1.64 per cent. Senior Green Notes due 2029 (the "**CNY Notes**", together with the USD Notes, the "**Notes**") to be issued by China Construction Bank Corporation London Branch 中國建設銀行股份有限公司倫敦分行 (the "**London Branch**"), under the Programme. Each of the Hong Kong Branch and the London Branch is a branch of China Construction Bank Corporation 中國建設銀行股份有限公司, a joint stock limited company, incorporated and existing under the laws of the People's Republic of China, registered with the Beijing Administration for Industry and Commerce of the People's Republic of China under number 911100001000044477 and having its registered office at No 25, Finance Street, Xicheng District, Beijing 100033, China. Each of the Hong Kong Branch and the London Branch is a "**Branch Issuer**".

Terms given a defined meaning in the Base Offering Circular shall, unless the context otherwise requires, have the same meaning when used in this Drawdown Offering Circular. To the extent there is any inconsistency between any statement in this Drawdown Offering Circular and any statement in the Base Offering Circular, the statement in this Drawdown Offering Circular shall prevail.

Pursuant to the annual foreign debt quota granted by the National Development and Reform Commission of the PRC (the "**NDRC**") to the Bank in February 2026 (the "**Quota**"), separate pre-issuance registration with the NDRC with respect to the Notes is not required as the Notes will be issued within the aforesaid Quota, but the Bank is still required to file with the NDRC the requisite information on the issuance of the Notes after the issuance of such Notes. The Bank intends to provide the requisite information on the issuance of the Notes to the NDRC within the time periods prescribed by the Administrative Measures for the Examination and Registration of Medium- and Long-term Foreign Debts of Enterprises (企業中長期外債審核登記管理辦法(國家發展和改革委員會令第 56 號)) issued by the NDRC on 5 January 2023 which came into effect on 10 February 2023 (as supplemented, amended or replaced from time to time, "**NDRC Order 56**") and any implementation rules or policies as issued by the NDRC from time to time and the terms of the Quota.

Application will be made to The Stock Exchange of Hong Kong Limited (the "**Hong Kong Stock Exchange**") for the listing of, and permission to deal in, the Notes by way of debt issues to professional investors (as defined in Chapter 37 of the Rules Governing the Listing of Securities on The Stock Exchange of Hong Kong Limited) ("**Professional Investors**") only. This Drawdown Offering Circular is for distribution to Professional Investors only.

Notice to Hong Kong investors: Each of the Branch Issuers and the Bank confirms each relevant series of Notes are intended for purchase by Professional Investors only and will be listed on the Hong Kong Stock Exchange on that basis. Accordingly, each of the Branch Issuers and the Bank confirms that each relevant series of Notes are not appropriate as an investment for retail investors in Hong Kong. Investors should carefully consider the risks involved.

The Hong Kong Stock Exchange has not reviewed the contents of this Drawdown Offering Circular, other than to ensure that the prescribed form disclaimer and responsibility statements, and a statement limiting distribution of this Drawdown Offering Circular to Professional Investors only have been reproduced in this Drawdown Offering Circular. Listing of the Programme or the Notes on the Hong Kong Stock Exchange is not to be taken as an indication of the commercial merits or credit quality of the Programme, the Notes, the Bank, the relevant Branch Issuer or the Group or quality of disclosure in this Drawdown Offering Circular.

Hong Kong Exchanges and Clearing Limited and the Hong Kong Stock Exchange take no responsibility for the contents of this Drawdown Offering Circular, make no representation as to its accuracy or completeness and expressly disclaim any liability whatsoever for any loss howsoever arising from or in reliance upon the whole or any part of the contents of this Drawdown Offering Circular.

This Drawdown Offering Circular includes particulars given in compliance with the Rules Governing the Listing of Securities on The Stock Exchange of Hong Kong Limited for the purpose of giving information with regard to the relevant Branch Issuer, the Bank and the Group. The Branch Issuers and the Bank accept full responsibility for the accuracy of the information contained in this Drawdown Offering Circular and confirm, having made all reasonable enquiries, that to the best of their knowledge and belief there are no other facts the omission of which would make any statement herein misleading.

The Branch Issuers and the Bank accept full responsibility for the accuracy of the information contained in this Drawdown Offering Circular and confirm, having taken all reasonable care to ensure that such is the case, the information contained in the Drawdown Offering Circular is, to the best of their knowledge, in accordance with the facts and contains no omission likely to affect its import.

Application will be made to the London Stock Exchange plc (the "**London Stock Exchange**") for the Notes to be admitted to trading on the London Stock Exchange's International Securities Market (the "**ISM**") and to be displayed on the London Stock Exchange's Sustainable Bond Market (the "**SBM**"). Such admission to trading is expected to be effective on the business day following the Issue Date (as defined herein). This Drawdown Offering Circular comprises admission particulars for the purposes of admission to trading of the Notes on the ISM. The ISM is not a regulated market for the purposes of Regulation (EU) No 600/2014 as it forms part of domestic law by virtue of the European Union (Withdrawal) Act 2018 ("**UK MiFIR**").

The International Securities Market (ISM) is a market designated for qualified investors (as prescribed in Regulation 16 of the Public Offers and Admissions to Trading Regulations 2024 (SI 2024/105) ("POATR")). The London Stock Exchange, as a Recognised Investment Exchange, does not make assessments of investor eligibility. Given that under Regulation 16 of POATR, only qualified investors are permitted to trade on the ISM and no qualified investor is permitted to trade on behalf of persons who are not themselves qualified investors, financial intermediaries acting for investors are responsible for ensuring that only investors who are qualified investors as prescribed by Regulation 16 of POATR are permitted to trade on the ISM. Securities admitted to trading on the International Securities Market are not admitted to the Official List of the Financial Conduct Authority. The London Stock Exchange has not approved or verified the contents of this Drawdown Offering Circular.

The Notes have not been, and will not be, registered under the United States Securities Act of 1933, as amended (the "**Securities Act**") and, subject to certain exceptions, may not be offered or sold within the United States and are only being offered and sold outside the United States in compliance with Regulation S under the Securities Act ("**Regulation S**"). For a description of these and certain restrictions on offers and sales of the Notes and the distribution of this Drawdown Offering Circular, see "*Subscription and Sale*" in the Base Offering Circular, as amended and/or supplemented by this Drawdown Offering Circular. The Notes may be subject to additional selling restrictions as set out in the Pricing Supplement (as defined below).

Each series of Notes will be represented by beneficial interests in a global certificate (the "**Global Certificate**") in registered form which will be (in the case of the USD Notes) registered in the name of a nominee of, and shall be deposited on or about the Issue Date with, a common depositary for Euroclear Bank SA/NV ("**Euroclear**") and Clearstream Banking S.A. ("**Clearstream**") or (in the case of the CNY Notes) registered in the name of the Hong Kong Monetary Authority as operator of, and shall be deposited on or about the Issue Date with a sub-custodian for, the Central Moneymarkets Unit Service (the "**CMU**"). Beneficial interests in the Global Certificate will be shown on, and transfers thereof will be effected only through, records maintained by Euroclear and Clearstream or the CMU, as applicable. Except as described herein, certificates for the Notes will not be issued in exchange for interests in the relevant Global Certificate. The provisions governing the exchange of interests in Global Certificates for other Global Certificates and definitive Notes are described in "*Form of the Notes*" in the Base Offering Circular.

Each series of Notes are expected to be assigned a rating of "A" by Fitch Ratings Ltd. ("**Fitch**"). The Bank has been rated A by Fitch. The Programme has been rated A by Fitch. These ratings are only correct as at the date of this Drawdown Offering Circular. A rating is not a recommendation to buy, sell or hold securities and may be subject to suspension, change or withdrawal at any time by the assigning rating agency.

Please refer to Chapter Two and Chapter Three of this Drawdown Offering Circular for specific disclosure regarding the relevant Branch Issuer and Notes to be issued by such Branch Issuer. Each of Chapter Two and Chapter Three of this Drawdown Offering Circular shall only apply to the series of Notes to which such Chapter relates, and each of such Chapters of this Drawdown Offering Circular is separate and independent from each of the other Chapters in this Drawdown Offering Circular, except for Chapter One which shall apply to all series of Notes under this Drawdown Offering Circular (save that information related to the London Branch only is applicable to the CNY Notes only and information related to the Hong Kong Branch only is applicable to the USD Notes only). Notwithstanding any other provisions to the contrary, a Joint Lead Manager (as defined below) whose name appears on the front cover page of any of Chapter Two and Chapter Three is a joint bookrunner and a joint lead manager for such relevant series of Notes only and unless stated otherwise in this Drawdown Offering Circular, is not a global coordinator, bookrunner or lead manager (joint or otherwise) of any other series.

Investing in the Notes involves risks. See "*Risk Factors*" herein and in the Base Offering Circular for a discussion of certain factors to be considered in connection with an investment in the Notes. The risks and investment considerations identified in this Drawdown Offering Circular and the Base Offering Circular are provided as general information only. Investors should consult their own financial and legal advisers as to the risks and investment considerations arising from an investment in the Notes and should possess the appropriate resources to analyse such investment and the suitability of such investment in their particular circumstances.

The Green, Social, Sustainability and Sustainability-Linked Bond Framework adopted by the Bank in June 2026, as may be amended from time to time (the "**GSSS Bond Framework**") is available at http://www.ccb.com/. Neither the GSSS Bond Framework nor any of the reports, verification assessments, opinions or contents of the website mentioned above are, or shall be deemed to, constitute a part of nor are incorporated into this Drawdown Offering Circular or the Base Offering Circular. None of the Joint Lead Managers, the Agents or any of their respective directors, officers, employees, agents, representatives or affiliates or any person who controls any of them accepts any responsibility for the contents of the GSSS Bond Framework.

The date of this Drawdown Offering Circular is 8 June 2026

IMPORTANT NOTICE

Each of the Branch Issuers and the Bank accepts responsibility for the information contained in this Drawdown Offering Circular (read together with the Base Offering Circular) and, having taken all reasonable care to ensure that such is the case, confirms that to the best of its knowledge and belief (i) this Drawdown Offering Circular (read together with the Base Offering Circular) contains all information with respect to the Branch Issuers and the Bank and its subsidiaries taken as a whole (the "**Group**") and to the Notes which is material in the context of the issue and offering of the Notes (including all information required by applicable laws and the information which, according to the particular nature of the Branch Issuers, the Bank and of the Notes, is necessary to enable investors to make an informed assessment of the assets and liabilities, financial position, profits and losses, and prospects of the Branch Issuers and the Group and of the rights attaching to the Notes); (ii) the statements relating to the Branch Issuers, the Bank, the Group and the Notes contained in this Drawdown Offering Circular (read together with the Base Offering Circular) are in every material respect true and accurate and not misleading; (iii) the information contained in this Drawdown Offering Circular (read together with the Base Offering Circular) is in accordance with the facts and contains no omission likely to affect its import; and (iv) there are no other facts in relation to the Branch Issuers, the Bank, the Group or the Notes, the omission of which would, in the context of the issue and offering of the Notes, make any statement in this Drawdown Offering Circular (read together with the Base Offering Circular) misleading in any material respect.

Please refer to Chapter Two and Chapter Three of this Drawdown Offering Circular for specific disclosure regarding the relevant Branch Issuer and Notes to be issued by such Branch Issuer. Each of Chapter Two and Chapter Three of this Drawdown Offering Circular shall only apply to the series of Notes to which such Chapter relates, and each of such Chapters of this Drawdown Offering Circular is separate and independent from each of the other Chapters in this Drawdown Offering Circular, except for Chapter One which shall apply to all series of Notes under this Drawdown Offering Circular (save that information related to the London Branch only is applicable to the CNY Notes only and information related to the Hong Kong Branch only is applicable to the USD Notes only). Notwithstanding any other provisions to the contrary, a Joint Lead Manager (as defined below) whose name appears on the front cover page of any of Chapter Two and Chapter Three is a joint bookrunner and a joint lead manager for such relevant series of Notes only and unless stated otherwise in this Drawdown Offering Circular, is not a global coordinator, bookrunner or lead manager (joint or otherwise) of any other series.

In this Drawdown Offering Circular:

"**Joint Lead Managers**" means, together, (i) the Joint Lead Managers for the USD 2029 Notes, (ii) the Joint Lead Managers for the USD 2031 Notes and (iii) the Joint Lead Managers for the CNY Notes.

"**Joint Lead Managers for the USD 2029 Notes**" means China Construction Bank (Asia) Corporation Limited, CCB International Capital Limited, China Construction Bank (Europe) S.A., China Construction Bank Corporation Singapore Branch, ABCI Capital Limited, Agricultural Bank of China Limited Hong Kong Branch, Bank of China Limited, Bank of China (Hong Kong) Limited, Bank of Communications Co., Ltd. Hong Kong Branch, BOCI Asia Limited, BOCOM International Securities Limited, China CITIC Bank International Limited, China Galaxy International Securities (Hong Kong) Co., Limited, China International Capital Corporation Hong Kong Securities Limited, China Securities (International) Corporate Finance Company Limited, China Zheshang Bank Co., Ltd. (Hong Kong Branch), Citigroup Global Markets Limited, CLSA Limited, CMB International Capital Limited, CMB Wing Lung Bank Limited, Crédit Agricole Corporate and Investment Bank, Haitong International Securities Company Limited, Hua Xia Bank Co., Limited Hong Kong Branch, Huatai Financial Holdings (Hong Kong) Limited, ICBC International Securities Limited, Industrial and Commercial Bank of China (Asia) Limited, Industrial and Commercial Bank of China (Macau) Limited, Industrial and Commercial Bank of China Limited, Singapore Branch, Industrial Bank Co., Ltd. Hong Kong

Branch, SMBC Nikko Securities (Hong Kong) Limited, Standard Chartered Bank and The Hongkong and Shanghai Banking Corporation Limited.

"**Joint Lead Managers for the USD 2031 Notes**" means China Construction Bank (Asia) Corporation Limited, CCB International Capital Limited, China Construction Bank (Europe) S.A., China Construction Bank Corporation Singapore Branch, ABCI Capital Limited, Agricultural Bank of China Limited Hong Kong Branch, Bank of China Limited, Bank of China (Hong Kong) Limited, Bank of Communications Co., Ltd. Hong Kong Branch, BOCI Asia Limited, BOCOM International Securities Limited, China CITIC Bank International Limited, China Galaxy International Securities (Hong Kong) Co., Limited, China International Capital Corporation Hong Kong Securities Limited, China Securities (International) Corporate Finance Company Limited, China Zheshang Bank Co., Ltd. (Hong Kong Branch), Citigroup Global Markets Limited, CLSA Limited, CMB International Capital Limited, CMB Wing Lung Bank Limited, Crédit Agricole Corporate and Investment Bank, Haitong International Securities Company Limited, Hua Xia Bank Co., Limited Hong Kong Branch, Huatai Financial Holdings (Hong Kong) Limited, ICBC International Securities Limited, Industrial and Commercial Bank of China (Asia) Limited, Industrial and Commercial Bank of China (Macau) Limited, Industrial and Commercial Bank of China Limited, Singapore Branch, Industrial Bank Co., Ltd. Hong Kong Branch, SMBC Nikko Securities (Hong Kong) Limited, Standard Chartered Bank and The Hongkong and Shanghai Banking Corporation Limited.

"**Joint Lead Managers for the CNY Notes**" means China Construction Bank (Asia) Corporation Limited, CCB International Capital Limited, China Construction Bank (Europe) S.A., China Construction Bank Corporation Singapore Branch, Agricultural Bank of China Limited Hong Kong Branch, Bank of China Limited, Barclays Bank PLC, China CITIC Bank International Limited, China Zheshang Bank Co., Ltd. (Hong Kong Branch), CMB Wing Lung Bank Limited, Crédit Agricole Corporate and Investment Bank, Deutsche Bank AG, Hong Kong Branch, Industrial and Commercial Bank of China (Asia) Limited, Industrial Bank Co., Ltd. Hong Kong Branch, Standard Chartered Bank and The Hongkong and Shanghai Banking Corporation Limited.

No person is or has been authorised by the Branch Issuers or the Bank to give any information or to make any representations other than those contained in this Drawdown Offering Circular (read together with the Base Offering Circular) in connection with the Programme or the Notes and, if given or made, such information or representations must not be relied upon as having been authorised by the Branch Issuers, the Bank, the Joint Lead Managers or the Agents or any of their respective directors, officers, employees, agents, representatives or affiliates or any person who controls any of them.

The USD 2029 Notes will be issued on the terms set out under "*Terms and Conditions of the Notes*" in the Base Offering Circular, as amended and/or supplemented by the pricing supplement set out in Chapter Two (the "**USD 2029 Notes Pricing Supplement**"). The USD 2031 Notes will be issued on the terms set out under "*Terms and Conditions of the Notes*" in the Base Offering Circular, as amended and/or supplemented by the pricing supplement set out in Chapter Two (the "**USD 2031 Notes Pricing Supplement**"). The CNY Notes will be issued on the terms set out under "*Terms and Conditions of the Notes*" in the Base Offering Circular, as amended and/or supplemented by the pricing supplement set out in Chapter Three (the "**CNY Notes Pricing Supplement**", together with the USD 2029 Notes Pricing Supplement and the USD 2031 Notes Pricing Supplement, the "**Pricing Supplements**" and each a Pricing Supplement). This Drawdown Offering Circular must be read and construed together with any amendments or supplements hereto and with the Base Offering Circular and, in relation to Notes of the relevant series, must be read and construed together with the relevant Pricing Supplement. This Drawdown Offering Circular and the Base Offering Circular are to be read in conjunction with all documents which are deemed to be incorporated in the Base Offering Circular by reference (see "*Documents Incorporated by Reference*" in the Base Offering Circular). This Drawdown Offering Circular shall be read and construed on the basis that such documents are incorporated and form part of the Base Offering Circular.

The Joint Lead Managers have not separately verified the information contained in this Drawdown Offering Circular, the Base Offering Circular or any Pricing Supplement to the fullest extent permitted by law. None of the Joint Lead Managers, the Agents or any of their respective directors, officers, employees, agents, representatives or affiliates or any person who controls any of them makes any representation, warranty or undertaking, express or implied, or accepts any responsibility, with respect to the accuracy or completeness of any of the information contained in this Drawdown Offering Circular, the Base Offering Circular or any Pricing Supplement. To the fullest extent permitted by law, none of the Joint Lead Managers, the Agents or any of their respective directors, officers, employees, agents, representatives or affiliates or any person who controls any of them accepts any responsibility for the contents of this Drawdown Offering Circular, the Base Offering Circular or any Pricing Supplement or for any other statement made or purported to be made by or on behalf of the Joint Lead Managers, the Agents or any of their respective directors, officers, employees, agents, representatives or affiliates or any person who controls any of them, in connection with the Bank, the Branch Issuers, the Group or the issue and offering of the Notes. Each of the Joint Lead Managers, the Agents or any of their respective directors, officers, employees, agents, representatives or affiliates or any person who controls any of them accordingly disclaims all and any liability whether arising in tort or contract or otherwise (save as referred to above) which it might otherwise have in respect of this Drawdown Offering Circular, the Base Offering Circular, any Pricing Supplement or any such statement. This Drawdown Offering Circular, the Base Offering Circular, any Pricing Supplement or any financial statements included or incorporated herein is not intended to provide the basis of any credit or other evaluation and should not be considered as a recommendation by any of the Branch Issuer, the Bank, the Joint Lead Managers or the Agents or any of their respective directors, officers, employees, agents, representatives or affiliates or any person who controls any of them that any recipient of this Drawdown Offering Circular, the Base Offering Circular or any Pricing Supplement should purchase any Notes. Each potential purchaser of the Notes should determine for itself the relevance of the information contained in this Drawdown Offering Circular, the Base Offering Circular and the relevant Pricing Supplement and make its own independent investigation of the financial condition and affairs, and its own appraisal of the creditworthiness, of the relevant Branch Issuer and the Group and the risks involved. The purchase of the Notes by investors should be based upon their investigation, as they deem necessary. None of the Joint Lead Managers, the Agents or any of their respective directors, officers, employees, agents, representatives or affiliates or any person who controls any of them undertakes to review the financial condition or affairs of any Branch Issuer and the Group during the life of the arrangements contemplated by this Drawdown Offering Circular, nor to advise any investor or potential investor in the Notes of any information coming to the attention of any of the Joint Lead Managers, the Agents or any of their respective directors, officers, employees, agents, representatives or affiliates or any person who controls any of them.

Neither this Drawdown Offering Circular, the Base Offering Circular, any Pricing Supplement nor any other information supplied in connection with the Programme or the issue of any Notes constitutes an offer or invitation by or on behalf of any Branch Issuer, the Bank, the Joint Lead Managers or the Agents or any of their respective directors, officers, employees, agents, representatives or affiliates or any person who controls any of them to any person to subscribe for or to purchase any Notes.

If a jurisdiction requires that the offering be made by a licensed broker or dealer and a Joint Lead Manager or any affiliate of such Joint Lead Manager is a licensed broker or dealer in that jurisdiction, the offering shall be deemed to be made by it or its affiliate on behalf of the relevant Branch Issuer in such jurisdiction.

Neither the delivery of this Drawdown Offering Circular, the Base Offering Circular nor any Pricing Supplement nor the offering, sale or delivery of any Notes shall in any circumstances imply that the information contained herein concerning any Branch Issuer or the Group is correct at any time subsequent to the date hereof or that any other information supplied in connection with the Programme or the issue of any Notes is correct as of any time subsequent to the date indicated in the document containing the same.

The Joint Lead Managers, the Agents or any of their respective directors, officers, employees, agents, representatives or affiliates or any person who controls any of them expressly do not undertake to review the financial condition or affairs of the relevant Branch Issuer or the Bank during the terms of any Notes or to advise any investor of any information coming to their attention.

The Notes have not been and will not be registered under the Securities Act. Subject to certain exceptions, the Notes may not be offered, sold or delivered within the United States. This Drawdown Offering Circular, the Base Offering Circular or the Pricing Supplement does not constitute an offer to sell or the solicitation of an offer to buy any Notes in any jurisdiction to any person to whom it is unlawful to make the offer or solicitation in such jurisdiction. The distribution of this Drawdown Offering Circular, the Base Offering Circular or any Pricing Supplement and the offer or sale of Notes may be restricted by law in certain jurisdictions. None of the Branch Issuers, the Joint Lead Managers or the Agents or any of their respective directors, officers, employees, agents, representatives or affiliates or any person who controls any of them represents that this Drawdown Offering Circular, the Base Offering Circular or any Pricing Supplement may be lawfully distributed, or that any Notes may be lawfully offered, in compliance with any applicable registration or other requirements in any such jurisdiction, or pursuant to an exemption available thereunder, or assumes any responsibility for facilitating any such distribution or offering. In particular, no action has been taken by the relevant Branch Issuer, the Joint Lead Managers or the Agents or any of their respective directors, officers, employees, agents, representatives or affiliates or any person who controls any of them which would permit a public offering of any Notes or distribution of this Drawdown Offering Circular, the Base Offering Circular or the relevant Pricing Supplement in any jurisdiction where action for that purpose is required. Accordingly, no Notes may be offered or sold, directly or indirectly, and none of this Drawdown Offering Circular, the Base Offering Circular, the Pricing Supplements nor any advertisement or other offering material may be distributed or published in any jurisdiction, except under circumstances that will result in compliance with any applicable laws and regulations. Persons into whose possession this Drawdown Offering Circular, the Base Offering Circular, any Pricing Supplement or any Notes may come must inform themselves about, and observe, any such restrictions on the distribution of this Drawdown Offering Circular, the Base Offering Circular or the relevant Pricing Supplement and the offering and sale of Notes. In particular, there are restrictions on the offer and sale of the Notes and the circulation of documents relating thereto, in certain jurisdictions and to persons connected therewith. **For a further description of certain restrictions on the offering and sale of the Notes and on distribution of this Drawdown Offering Circular, see *"Subscription and Sale"* in the Base Offering Circular.**

Neither the admission to listing of the Notes on the Hong Kong Stock Exchange nor the admission to trading on the ISM is to be taken as an indication of the merits of the relevant Branch Issuer, the Bank, the Group or the Notes.

In making an investment decision, investors must rely on their own examination of the relevant Branch Issuer, the Bank, the Group and the terms of the offering, including the merits and risks involved. See "*Risk Factors*" herein and in the Base Offering Circular for a discussion of certain factors to be considered in connection with an investment in the Notes. The risks and investment considerations identified in this Drawdown Offering Circular and the Base Offering Circular are provided as general information only. Investors should consult their own financial and legal advisers as to the risks and investment considerations arising from an investment in the Notes and should possess the appropriate resources to analyse such investment and the suitability of such investment in their particular circumstances.

None of the Joint Lead Managers accepts any responsibility for any social, environmental and/or sustainability assessment of the Notes or makes any representation or warranty or assurance whether the Notes will meet any investor expectations or requirements regarding such "green", "sustainable", "social" or similar labels (including in relation to, but not limited to, Regulation (EU) 2020/852 on the establishment of a framework to facilitate sustainable investment (the "**EU Taxonomy Regulation**") and any related technical screening criteria,

the EuGB label or the optional disclosure templates under Regulation (EU) 2023/2631 (the "**EU Green Bond Regulation**"), Regulation (EU) 2019/2088 on sustainability-related disclosures in the financial services sector ("**SFDR**") and any implementing legislation and guidelines, or any similar legislation in the United Kingdom or any market standards or guidance, including green, sustainable or social bond principles or other similar principles or guidance published by ICMA (the "**ICMA Principles**") or any requirements of such labels or market standards as they may evolve from time to time; or that any adverse environmental and/or other impacts will not occur during the implementation of any projects or uses the subject of, or related to, any Eligible Green Projects (as defined in "*Green, Social, Sustainability and Sustainability-Linked Bond Framework*" below). None of the Joint Lead Managers is responsible for (i) the use or allocation of proceeds for the Notes, (ii) the impact, monitoring or reporting in respect of such use or allocation of proceeds, or (iii) the alignment of the Notes with the GSSS Bond Framework (as defined in "*Green, Social, Sustainability and Sustainability-Linked Bond Framework*" below) or alignment of the GSSS Bond Framework with the applicable ICMA Principles (or any other equivalent principles), (iv) nor do any of the Joint Lead Managers undertake to ensure that there are at any time sufficient Eligible Green Projects to allow for allocation of a sum equal to the net proceeds of the issue of such Notes in full.

In addition, none of the Joint Lead Managers is responsible for the assessment of the GSSS Bond Framework including the assessment of the applicable eligibility criteria in relation to the Notes set out in therein. In connection with the Notes, the Bank has engaged Ernst & Young Hua Ming LLP to provide an independent limited assurance report (the "**Assurance Report**") and has requested the Hong Kong Quality Assurance Agency (the "**HKQAA**") to issue independent certification (a "**HKQAA Pre-issuance Stage Certificate**"). Each of the Assurance Report and the HKQAA Pre-issuance Stage Certificate is a statement of opinion, on certain environmental and related considerations, and not a statement of fact. No representation or assurance is given by the Joint Lead Managers as to the suitability or reliability of the Assurance Report, the HKQAA Pre-issuance Stage Certificate or any opinion, review or certification of any third party (including any post-issuance reports prepared by an external reviewer) made available in connection with the issue of the Notes.

Neither the Assurance Report nor the HKQAA Pre-issuance Stage Certificate is intended to address any credit, market or other aspects of an investment in the Notes, including without limitation market price, marketability, investor preference or suitability of any security, or any other factors that may affect the value and marketability of such Notes. As at the date of this Drawdown Offering Circular, the providers of such opinions, reviews, certifications and post-issuance reports are not subject to any specific regulatory or other regime or oversight. Whilst the EU Green Bond Regulation will introduce a supervisory regime of external reviewers of European Green Bonds, this is not due to take full effect until 21 June 2026 and would not apply to external reviewers in respect of the issue of the Notes as the Notes are not intended to be compliant with the EU Green Bonds Regulation. The Branch Issuers have no intention of meeting the requirements of the EU Green Bond Regulation, obtaining the EuGB label, or complying with the optional disclosures regime. The Branch Issuers are under no obligation to take any steps to make the Notes eligible for the 'European Green Bond' or 'EuGB' designation. The Assurance Report, the HKQAA Pre-issuance Stage Certificate and any other such opinion, review, certification or post-issuance report are not, nor should be deemed to be, a recommendation by the Joint Lead Managers, or any other person to buy, sell or hold the Notes and is current only as of the date it is issued. Prospective investors must determine for themselves the relevance of the Assurance Report, the HKQAA Pre-issuance Stage Certificate and any opinion, review, certification or post-issuance report and/or the information contained therein. The criteria and/or considerations that form the basis of the Assurance Report, the HKQAA Pre-issuance Stage Certificate or any other opinion, review, certification or post-issuance report may change at any time and the Assurance Report, the HKQAA Pre-issuance Stage Certificate or any other opinion, review, certification or post-issuance report may be amended, updated, supplemented, replaced and/or withdrawn. The GSSS Bond Framework may also be subject to review and change and may be amended, updated, supplemented, replaced and/or withdrawn from time to time and any subsequent version(s) may differ from any

description given in this Drawdown Offering Circular. None of the GSSS Bond Framework, the Assurance Report, the HKQAA Pre-issuance Stage Certificate and any other such opinion, review, certification or post-issuance report forms part of, or is incorporated by reference in, this Drawdown Offering Circular.

In the event the Notes are, or are intended to be, listed, or admitted to trading on a dedicated "green", "sustainable", "social" or other equivalently-labelled segment of a stock exchange or securities market, no representation or assurance is given by the Joint Lead Managers that such listing or admission will be obtained or maintained for the lifetime of the Notes or that any such listing or admission will meet any criteria that an investor may require.

Paragraph 21 of the Hong Kong SFC Code of Conduct

As paragraph 21 of the Hong Kong SFC Code of Conduct applies to this offering of the Notes, prospective investors should refer to the section on "Notice to capital market intermediaries and prospective investors pursuant to paragraph 21 of the Hong Kong SFC Code of Conduct – Important Notice to Prospective Investors" appearing on pages iv to v of the Base Offering Circular, and CMIs (as defined in the Base Offering Circular) should refer to the section on "Notice to capital market intermediaries and prospective investors pursuant to paragraph 21 of the Hong Kong SFC Code Of Conduct – Important Notice to CMIs (including private banks)" appearing on pages 179 to 181 in the Base Offering Circular.

CERTAIN DEFINITIONS

Unless otherwise specified or the context requires, references herein to the "**Bank**" refer to China Construction Bank Corporation 中國建設銀行股份有限公司; all references to the "**Group**" refer to the Bank and its subsidiaries taken as a whole; references herein to "**U.S. dollars**" and "**U.S.$**" are to the lawful currency of the United States of America (the "**U.S.**") and references to "**Renminbi**", "**RMB**" and "**CNY**" are to the lawful currency of the People's Republic of China (the "**PRC**").

In addition, references to "**Hong Kong**" are to the Hong Kong Special Administrative Region of the PRC, references to "**Macau**" are to the Macau Special Administrative Region of the PRC, references to "**Chinese Mainland**" are to the PRC excluding Hong Kong and Macau and references to "**Greater China**" are to the PRC including Hong Kong and Macau.

The English names of the PRC nationals, entities, departments, facilities, laws, regulations, certificates, titles and the like are translations of their Chinese names and are included for identification purposes only.

Any discrepancies in any table between totals and sums of the amounts listed are due to rounding.

FORWARD-LOOKING STATEMENTS

The Branch Issuers have included statements in this Drawdown Offering Circular and the Base Offering Circular which contain words or phrases such as "will", "would", "aim", "aimed", "is likely", "are likely", "believe", "expect", "expected to", "will continue", "anticipated", "estimate", "estimating", "intend", "plan", "seeking to", "future", "objective", "should", "can", "could", "may", and similar expressions or variations of such expressions, that are "forward-looking statements". Actual results may differ materially from those suggested by the forward-looking statements due to certain risks or uncertainties associated with the Branch Issuers' or the Bank's expectations with respect to, but not limited to, its ability to successfully implement its strategy, its ability to integrate recent or future mergers or acquisitions into its operations, future levels of non-performing assets and restructured assets, its growth and expansion, the adequacy of its provision for credit and investment losses, technological changes, investment income, its ability to market new products, cash flow projections, the outcome of any legal or regulatory proceedings it is or becomes a party to, the future impact of new accounting standards, its ability to pay dividends, its ability to roll over its short-term funding sources, its exposure to operational, market, credit, interest rate and currency risks and the market acceptance of and demand for internet banking services.

THIRD PARTY INFORMATION

Market data and certain industry forecasts and statistics in this Drawdown Offering Circular have been obtained from both public and private sources, including market research, publicly available information and industry publications. With respect to any information included herein and specified to be sourced from a third party, each of the Branch Issuers confirms that any such information has been accurately reproduced and as far as the Branch Issuers are aware and is able to ascertain from information available to it from such third party, no facts have been omitted which would render the reproduced information inaccurate or misleading. Although this information is believed to be reliable, it has not been independently verified by any Branch Issuer, the Bank, the Joint Lead Managers or the Agents or any of their respective directors, officers, employees, agents, representatives or affiliates or any person who controls any of them, and none of the Branch Issuers, the Bank, the Joint Lead Managers or the Agents or any of their respective directors, officers, employees, agents, representatives or affiliates or any person who controls any of them make any representation as to the accuracy or completeness of that information. In addition, third party information providers may have obtained information from market participants and such information may not have been independently verified.

STABILISATION

In connection with the issue of the Notes of the relevant series, one or more of the Joint Lead Managers (except for China CITIC Bank International Limited) (the "**Stabilisation Manager(s)**") (or any person acting on behalf of any Stabilisation Manager(s)) named in the applicable Pricing Supplement may over-allot the Notes of the relevant series or effect transactions with a view to supporting the market price of such Notes at a level higher than that which might otherwise prevail. However, there is no assurance that the Stabilisation Manager(s) (or any person acting on behalf of any Stabilisation Manager) will undertake stabilisation action. Any stabilisation action may begin on or after the date on which adequate public disclosure of the terms of the offer of such Notes is made and, if begun, may be ended at any time, but it must end no later than the earlier of 30 days after the issue date of such Notes and 60 days after the date of allotment of such Notes. Any stabilisation action or over-allotment must be conducted by the relevant Stabilisation Manager(s) (or any person acting on behalf of any Stabilisation Manager(s)) in accordance with all applicable laws, regulations and rules.

ANNEX I – BASE OFFERING CIRCULAR DATED 5 JUNE 2026 ..... A-1

CHAPTER ONE – GENERAL ADDITIONAL INFORMATION

RISK FACTORS

Prospective investors should carefully consider, together with all other information contained in this Drawdown Offering Circular and the Base Offering Circular, the risks and uncertainties described below. The business, financial condition or results of operations of the Bank and the Group may be adversely affected by any of these risks. The risks described below are not the only ones relevant to the Bank or the Notes. The Bank believes the risks described below represent the principal risks inherent when considering an investment in the Notes. Additional risks and uncertainties not presently known to the Bank, or which the Bank currently deems immaterial, may also have an adverse effect on an investment in the Notes. All of these factors are contingencies which may or may not occur and the Bank is not in a position to express a view on the likelihood of any such contingency occurring.

The Bank does not represent that the statements below regarding the risk factors of holding any Notes are exhaustive. Prospective investors should also read the detailed information set out elsewhere in this Drawdown Offering Circular and the Base Offering Circular and reach their own views prior to making any investment decision.

This Drawdown Offering Circular and the Base Offering Circular also contain forward-looking statements that involve risks and uncertainties. The Bank's actual results could differ materially from those anticipated in these forward-looking statements as a result of certain factors, including the considerations described below and elsewhere in this Drawdown Offering Circular and the Base Offering Circular.

Save as supplemented in this Drawdown Offering Circular, the section entitled "Risk Factors" on pages 74 to 109 of the Base Offering Circular must be read and construed together with the relevant risks and uncertainties in this Drawdown Offering Circular.

RISKS RELATING TO THE NOTES

Prospective investors should have regard to the risk factors described under the section entitled "Risk Factors" on pages 74 to 109 of the Base Offering Circular, which are incorporated by reference into this Drawdown Offering Circular. In addition, the section entitled "Risk Factors – Risks Relating to the Notes" starting on page 97 of the Base Offering Circular shall be supplemented with the following:

The Notes being issued as green bonds may not be a suitable investment for all investors seeking exposure to green or other equivalently-labelled assets

No assurance can be given that Eligible Green Projects will meet investor expectations or requirements regarding such "green", "sustainable", "social" or similar labels (including in relation to, but not limited to, the EU Taxonomy Regulation and any related technical screening criteria, the EU Green Bond Regulation, SFDR, and any implementing legislation and guidelines, or any similar legislation in the United Kingdom or any market standards or guidance, including the ICMA Principles) or any requirements of such labels or market standards as they may evolve from time to time. The Notes will not be compliant with the EU Green Bond Regulation and are only intended to comply with the requirements and processes in the GSSS Bond Framework. The Joint Lead Managers have not undertaken, nor are responsible for, any assessment of the eligibility of the projects within the definition of Eligible Green Projects or the monitoring of the use of proceeds from the offering of the Notes. Although applicable green projects are expected to be selected in accordance with the categories recognised by the HKQAA Green and Sustainable Finance Certification Scheme and are expected to be developed in accordance with applicable legislation and standards, there can be no guarantee that adverse environmental and/or social impacts will not occur during the design, construction, commissioning and/or operation of any such green projects. Where any negative impacts are insufficiently mitigated, any green projects may become controversial, and/or may be criticised by activist groups or other stakeholders. Each

potential purchaser of the Notes should have regard to the relevant projects and eligibility criteria described under the section headed "*Green, Social, Sustainability and Sustainability-Linked Bond Framework*" and determine for itself the relevance of the information contained in this Drawdown Offering Circular regarding the use of proceeds, and its purchase of any Notes should be based upon such investigation as it deems necessary.

Any failure to use the net proceeds of the issue of the Notes in connection with Eligible Green Projects, and/or any failure to meet, or to continue to meet, the investment requirements of certain investors with environmental and/or social concerns with respect to the Notes of the relevant series, may affect the value and/or trading price of the Notes of the relevant series, and/or may have consequences for certain investors with portfolio mandates to invest in green projects. In the event that the Notes are included in any dedicated "green", "environmental", "social", "sustainable" or other equivalently-labelled index, no representation or assurance is given by the Branch Issuers or the Bank or any other person (including but not limited to the Joint Lead Managers) that such listing or admission, or inclusion in such index, satisfies any present or future investor expectations or requirements as regards to any investment criteria or guidelines with which such investor or its investments are required to comply, whether by any present or future applicable law or regulations or by its own constitutive documents or other governing rules or investment portfolio mandates.

Application will be made to the London Stock Exchange for the Notes to be admitted to trading on the ISM and to be displayed on the SBM. No representation or assurance is given by the Branch Issuers or the Joint Lead Managers or any other person that such admission or display satisfies any present or future investment criteria or guidelines with which such investor is required, or intends, to comply (including whether by, without limitation, any present or future applicable law or regulations or by its own by-laws or governing rules or investment portfolio mandates). Furthermore, it should be noted that the criteria for such admission to trading may vary from one stock exchange or securities market to another. No representation or assurance is given or made by the Branch Issuers or the Joint Lead Managers or any other person that such admission to trading or display will be obtained in respect of the Notes or that such admission to trading or display will be maintained during the life of the Notes.

None of the Branch Issuers, the Bank or the Joint Lead Managers makes any representation as to (i) the suitability for any purpose of the Assurance Report and/or the HKQAA Pre-issuance Stage Certificate, (ii) whether the Notes will meet investor criteria and expectations regarding environmental impact and sustainability performance for any investors, (iii) the characteristics of Eligible Green Projects, including their relevant environmental and sustainability criteria or (iv) there being at any time sufficient Eligible Green Projects to allow for allocation of an amount equal to the net proceeds of the issue of the Notes in full. None of the Joint Lead Managers make any representation as to whether the net proceeds will be used to finance and/or refinance Eligible Green Projects (as further described in the sections entitled "*Use of Proceeds*" and "*Green, Social, Sustainability and Sustainability-Linked Bond Framework*"). Therefore, the Notes may not be a suitable investment for all investors seeking exposure to green assets. The description of Eligible Green Projects provided elsewhere in this Drawdown Offering Circular is for illustrative purposes only and no assurance can be provided that investment in projects with these specific characteristics will be made by the relevant Branch Issuer during the term of the Notes.

Each prospective investor should have regard to the factors described in the GSSS Bond Framework and the relevant information contained in this Drawdown Offering Circular and seek advice from their independent financial adviser or other professional adviser regarding its purchase of the Notes before deciding to invest. The GSSS Bond Framework may be subject to review and change and may be amended, updated, supplemented, replaced and/or withdrawn from time to time and any subsequent version(s) may differ from any description given in this Drawdown Offering Circular. The GSSS Bond Framework does not form part of, nor is incorporated by reference, in this Drawdown Offering Circular.

No assurance of suitability or reliability of any opinion or certification of any third party relating to the Notes

In connection with the issue of the Notes, the Bank has engaged Ernst & Young Hua Ming LLP to provide an independent limited assurance report (the "**Assurance Report**") to report on the Bank's use of proceeds in relation to the Notes, process for project evaluation and selection, management of proceeds and reporting of the Notes. The Bank applied the Green Bond Principles (as defined below) published by the International Capital Market Association ("**ICMA**") as the criteria when preparing the Bank's 2026 Green Bond issuance including the USD Notes issued by the Hong Kong Branch and the CNY Notes issued by the London Branch, for which Ernst & Young Hua Ming LLP provided an independent limited assurance conclusion.

In addition, in connection with the issue of the Notes, the relevant Branch Issuer has requested the HKQAA to issue HKQAA Pre-issuance Stage Certificate confirming that Notes of the relevant series are in compliance with the requirements of the Green and Sustainable Finance Certification Scheme operated by the HKQAA (the "**HKQAA Green and Sustainable Finance Certification Scheme**"). The HKQAA Green Finance Certification Scheme is a set of voluntary guidelines that aims to facilitate the development of green finance and the green industry. The HKQAA Pre-issuance Stage Certificate will be obtained on or before the Issue Date for the Notes. See "*The HKQAA Green and Sustainable Finance Certification Scheme*" of this Drawdown Offering Circular for more details. The Assurance Report will be made available on the Bank's website (http://www.ccb.com/), however, neither the Assurance Report nor the HKQAA Pre-issuance Stage Certificate nor any of the reports, verification assessments, opinions or contents of the website mentioned above are, or shall be deemed to, constitute a part of or are incorporated into the Base Offering Circular or this Drawdown Offering Circular.

Neither the Assurance Report nor the HKQAA Pre-issuance Stage Certificate is a recommendation to buy, sell or hold securities and is only current as of its date of issue and is subject to certain disclaimers set out therein, and may be updated, suspended or withdrawn at any time. The Assurance Report and the HKQAA Pre-issuance Stage Certificate may not reflect the potential impact of all risks related to the Notes, their marketability, trading price or liquidity or any other factors that may affect the price or value of the Notes. Furthermore, the Assurance Report and the HKQAA Pre-issuance Stage Certificate are for information purposes only and none of the Branch Issuers, the Bank or the Joint Lead Managers accepts any form of liability for the substance of the Assurance Report or the HKQAA Pre-issuance Stage Certificate and/or any liability for loss arising from the use of the Assurance Report, the HKQAA Pre-issuance Stage Certificate and/or the information provided in each of it. No representation or assurance is given as to the suitability or reliability of the Assurance Report nor the HKQAA Pre-issuance Stage Certificate or any other opinion, review or certification of any third party (including any post-issuance reports prepared by an external reviewer) made available in connection with the Notes.

Any second party opinion provider and providers of similar opinions, certifications and validations (including but not limited to Ernst & Young Hua Ming LLP who provided the Assurance Report) are not currently subject to any specific regulatory or other regime or oversight. Whilst the EU Green Bond Regulation will introduce a supervisory regime of external reviewers of European Green Bonds, this is not due to take full effect until 21 June 2026 and would not apply to external reviewers in respect of an issue of the Notes as the Notes are not intended to be compliant with the EU Green Bonds Regulation. The Branch Issuers have no intention of meeting the requirements of the EU Green Bond Regulation, obtaining the EuGB label, or complying with the optional disclosures regime. The Branch Issuers are under no obligation to take any steps to make the Notes eligible for the 'European Green Bond' or 'EuGB' designation. It is not clear if the establishment under the EU Green Bond Regulation of the EuGB label and the optional disclosure templates for bonds marketed as "environmentally sustainable" could have an impact on investor demand for, and pricing of, green/social/sustainable use of proceeds bonds that do not comply with the requirements of the EuGB label or the optional disclosures

templates such as the Notes. It could result in reduced liquidity or lower demand or could otherwise affect the market price of the Notes.

Noteholders have no recourse against the Branch Issuers, the Bank or any of the Joint Lead Managers or the provider of any such opinion, review or certification for the contents of any such opinion, review or certification, which is only current as at the date it was initially issued. Prospective investors must determine for themselves the relevance of any such opinion, review, certification or validation and/or the information contained therein and/or the provider of such opinion, review, certification or validation for the purpose of any investment in the Notes. Any withdrawal of any such opinion, review or certification or any such opinion, review, certification attesting that the Group is not complying in whole or in part with any matters for which such opinion, review, certification or validation is opining on or certifying on may have a material adverse effect on the value of the Notes and/or result in adverse consequences for certain investors with portfolio mandates to invest in securities to be used for a particular purpose.

The Notes are not linked to the performance of the Eligible Green Projects, and do not benefit from any arrangements to enhance the performance of the Notes or any contractual rights derived solely from the intended use of proceeds of such Notes

The performance of the Notes is not linked to the performance of the relevant Eligible Green Projects or the performance of the Branch Issuers or the Bank in respect of any environmental or similar targets. There will be no segregation of assets and liabilities in respect of the Notes and the Eligible Green Projects. Consequently, neither payments of principal and/or interest on the Notes nor any rights of Noteholders shall depend on the performance of the relevant Eligible Green Projects or the performance of the Branch Issuers or the Bank in respect of any such environmental or similar targets. Holders of any Notes shall have no preferential rights or priority against the assets of any Eligible Green Project nor benefit from any arrangements to enhance the performance of the Notes.

No breach of contract or event of default

Whilst the relevant Branch Issuer and the Bank have agreed to certain obligations relating to reporting and use of proceeds as described under the sections headed "*Green, Social, Sustainability and Sustainability-Linked Bond Framework*" and "*Use of Proceeds*" in this Drawdown Offering Circular, there would not be an Event of Default under the Terms and Conditions of the Notes if (i) the relevant Branch Issuer or the Bank were to fail to comply with such obligations or were to fail to use the proceeds of the issue of Notes of the relevant series in the manner specified in this Drawdown Offering Circular (as further described in the sections entitled "*Use of Proceeds*" and "*Green, Social, Sustainability and Sustainability-Linked Bond Framework*") and/or (ii) any Assurance Report and/or the HKQAA Pre-issuance Stage Certificate issued in connection with such Notes were to be withdrawn and/or (iii) the Notes fail to meet investors' expectations or requirements regarding any "green", "sustainable", "social" or similar labels (including in relation to, but not limited to, the EU Taxonomy Regulation and any related technical screening criteria, the EU Green Bond Regulation, SFDR, and any implementing legislation and guidelines, or any similar legislation in the United Kingdom or any market standards or guidance, including the ICMA Principles).

USE OF PROCEEDS

The net proceeds from the issue of each series of Notes will be allocated to finance and/or refinance, in whole or in part, loans to customers involved in, as well as the Bank's own operational activities in Eligible Green Projects (as defined below) which satisfy the green criteria of the Green Eligible Categories, as described under the GSSS Bond Framework (see the section headed "*Green, Social, Sustainability and Sustainability-Linked Bond Framework*") and in accordance with applicable laws and regulations (including those with respect to the remittance of proceeds into the PRC).

Eligible Green Projects have been defined in accordance with the broad categorisation of eligibility for "*Green Eligible Categories*" as set out in the section headed "*Green, Social, Sustainability and Sustainability-Linked Bond Framework*".

"**Eligible Green Projects**" comprise projects that comprise financing within the Green Eligible Categories which, amongst other things, comply with the Green Bond Principles (as defined in the section headed "*Green, Social, Sustainability and Sustainability-Linked Bond Framework*"). Such Green Eligible Categories include those which relate to renewable energy; energy efficiency; pollution prevention and control; clean transportation; sustainable water and wastewater management; green buildings; environmentally sustainable management of living natural resources and land use; terrestrial and aquatic biodiversity conservation; climate change adaptation and circular economy. Activities within and/or financings to industries involved in, among others, mining, quarrying and fossil fuel related assets, large-scale hydro power plants, weapons and ammunitions and the production, distribution or storage of hazardous chemicals and radioactive substances are specifically excluded from this definition.

Assets in all eligible categories shall reach the minimum threshold required by relevant official standards in relation to environmental impacts recognised in the relevant jurisdiction. Where no official standards are locally recognised, corresponding international standards and best practices shall apply.

The Joint Lead Managers have not separately verified nor will make any assurances as to (i) whether the Notes will meet investor criteria and expectations regarding environmental impact and sustainability performance for any investors, (ii) whether the net proceeds will be used to finance and/or refinance Eligible Green Projects, or (iii) the characteristics of Eligible Green Projects, including their environmental and sustainability criteria. See the section headed "*Risk Factors – Risks Relating to the Notes –The Notes being issued as green bonds may not be a suitable investment for all investors seeking exposure to green or other equivalently-labelled assets*" for further information.

GREEN, SOCIAL, SUSTAINABILITY AND SUSTAINABILITY-LINKED BOND FRAMEWORK

This section sets out details of the GSSS Bond Framework (as defined below). None of the Joint Lead Managers is responsible for the assessment of the GSSS Bond Framework. The GSSS Bond Framework, the Assurance Report and any other similar opinion (including any content of websites or webpages references to which hyperlinks are included in this Drawdown Offering Circular) does not form part of, nor is incorporated by reference in, the Base Offering Circular or this Drawdown Offering Circular.

The Bank has applied the Green Bond Principles (as defined below) as the criteria for the issuance of the USD Notes issued by the Hong Kong Branch and the CNY Notes issued by the London Branch. The references to blue bonds and their corresponding criteria, and the references to sustainability-linked bonds and their corresponding principles set out below, will not be applied to the USD Notes or the CNY Notes.

Background to the Bank's ESG Commitments

The Bank takes its corporate social responsibilities seriously and seeks to serve the public, promote livelihoods, and become a world-leading sustainable development bank. The Bank has stayed true to its founding mission and, guided by its development strategy, has advanced with the times through reform and innovation, tirelessly driving China's strength in finance and serving Chinese modernisation. The Bank has remained committed to serving the real economy as its primary responsibility, pursuing intensive and high-quality development. The Bank continuously hones the professionalism of its corporate governance and integrates ESG principles into its operations and management to ensure not only financial but also social benefits. Some of the Bank's main areas of focus include (1) inclusive finance for a better livelihood; (2) green development and low-carbon finance against climate challenges; and (3) digital and intelligent transformation to empower development.

Inclusive Finance for Better Livelihood

The Bank has and continues to utilise innovation and technology to develop an inclusive finance model which focuses on, *inter alia*, supporting the development of small and micro enterprises, poverty alleviation, supporting rural revitalisation, providing better housing services and protecting customer rights and interests. The Bank continues to advance innovation in its inclusive finance business model and promotes the targeted channelling of financial resources to key areas such as small and micro enterprises, thereby making every effort to develop inclusive finance. The "CCB Huidongni" platform provides ecosystem-based integrated services to individual users and corporate users.

Green Development and Low-Carbon Finance Against Climate Challenges

The Bank places an emphasis on preserving natural ecology and promoting green development with financial forces and continues to explore new concepts, new models and new methods to develop green finance. The Bank has consistently implemented the Guidelines on Vigorously Developing Green Finance, the Strategic Plan for Developing Green Finance (2022-2025), and other relevant working and strategic requirements to support green and low-carbon development. The Bank coordinates efforts to promote its "Carbon Peaking and Carbon Neutrality Action Plan", leverages the advantages of financial technology and fully licenced finance, and utilises a combination of financial instruments, including green credit, green bonds, green leases, green funds, green trusts, green insurance and green wealth management, to extensively support and foster green industries.

In addition, the Bank has set decarbonisation targets that are in full alignment with China's goal of reaching peak carbon emissions by 2030 and achieving carbon neutrality by 2060 (the "30/60" goal) and will continue to increase credit support in transition projects that promote low-carbon or zero-carbon. The Bank aims to use the principles of commercialisation and sustainability to guide its clients to utilise financial products to transform and upgrade their businesses to achieve decarbonisation targets, maximise environmental and social benefits and achieve their own climate transition strategic goals.

Innovation Sharing to Empower Development

The Bank advocates that finance and technology should guide society towards goodwill and betterment. The Bank has formulated the Three-Year Action Plan of China Construction Bank for the Development of Digital Finance (2025-2027). Under this plan, the Bank advances comprehensive, full-chain and systematic digital and intelligent transformation across the Group, empowering the advancement of the "Five Priorities" of finance, delivering high-quality services to the digital economy, and promoting the integration of digital technologies and the real economy. The Bank has formulated and implemented the Action Plan for Advancing "AI+" Initiatives, under which artificial intelligence (AI) applications are being systematically developed across six key areas: channel services, customer management, product services, operation and management, business support and risk management.

Sustainable Development Strategy

With the vision of "becoming a world-leading sustainability bank", the Bank implements the new development concept in a complete and accurate manner, unswervingly follows the path of financial development with Chinese characteristics, and fully integrates environmental, social, and governance elements into strategic decision-making and operating management. The Bank continues to improve the long-term mechanism for green development, expands the coverage of financial services, serves the society and people's well-being, and promotes high-quality and sustainable economic and social development.

Framework Overview

The Bank has implemented a green, social, sustainability and sustainability-linked bond framework (the "**GSSS Bond Framework**") which provides guidelines for all domestic and overseas branches and subsidiaries of the Bank to issue green bonds (including blue bonds), social bonds, sustainability bonds and sustainability-linked bonds, for the financing or refinancing of eligible assets and projects, so as to fulfil the Bank's strategies of corporate social responsibility to serve the public, promote livelihoods and become a low-carbon and environmentally friendly bank for sustainable development. The issuance of the green bonds (including blue bonds), social bonds and sustainability bonds ("**GSS Bonds**", each a "**GSS Bond**") under the GSSS Bond Framework will be in accordance with the following principles (collectively, the "**Principles**"):

(i) for green bonds, the ICMA Green Bond Principles[1] (the "**Green Bond Principles**");

(ii) for social bonds, the ICMA Social Bond Principles[2] (the "**Social Bond Principles**"); and

(iii) for sustainability bonds, the ICMA Sustainability Bond Guidelines[3] (the "**Sustainability Bond Guidelines**").

The issuance of blue bonds under the GSSS Bond Framework will be in accordance with both the Green Bond Principles, Bonds to Finance the Sustainable Blue Economy[4] (the "**Bonds to Finance the Sustainable Blue Economy**") published by ICMA together with the International Finance Corporation– a member of the World Bank Group, United Nations Global Compact, United Nations Environment Programme Finance Initiative, and the Asian Development Bank and Guidelines for Blue Finance Version 2.0[5] published by the International Finance Corporation.

In addition, the green projects located in the Chinese Mainland will be in line with the Green Finance Endorsed Project Catalogue (2025 Edition)[6] issued by the People's Bank of China ("**PBOC**"), the National Financial Regulatory Administration and the China Securities Regulatory Commission and other industrial criteria issued by relevant authorities.

The GSSS Bond Framework is made available on the official website of the Bank (http://www.ccb.com/). Neither the GSSS Bond Framework nor any of the reports, verification assessments, opinions or contents of the websites mentioned above are, or shall be deemed to, constitute a part of nor are incorporated into this Drawdown Offering Circular or the Base Offering Circular.

Use of Proceeds

The net proceeds of the issuance of any GSS Bonds under the GSSS Bond Framework will be allocated to the following eligible assets or projects:

(i) the net proceeds of the issuance of any green bonds will be allocated to Green Eligible Categories;

(ii) the net proceeds of the issuance of any social bonds will be allocated to Social Eligible Categories;

(iii) the net proceeds of the issuance of any sustainability bonds will be allocated to Green Eligible Categories and Social Eligible Categories; and

(iv) the net proceeds of the issuance of any blue bonds will be allocated to blue categorised Green Eligible Categories.

Green Eligible Categories

- **Renewable energy**:
    - production and transmission of renewable energy: such as wind power, photovoltaic power, solar thermal utilization, hydropower (run-of-river hydropower with no artificial reservoir; or life-cycle GHG emissions threshold < 100gCO2e/kWh or power density of electricity generation facilities > 5 W/m2), utilization and promotion of renewable energy sources such as biomass energy, geothermal energy (life-cycle GHG emissions < 100g CO2e/kWh), ocean energy, and air source heat energy;
    - infrastructure construction related to renewable energy: such as land development, construction of transport networks and base stations;
    - manufacturing and trade of renewable energy equipment: manufacturing and trade of wind prime movers, photovoltaic equipment and components, water turbines and auxiliary equipment, generators and generator sets;
    - manufacturing and trade of new-type energy storage products and related equipment: manufacturing and trade of generators and generator sets, power electronic components, pumps and vacuum equipment; and
    - Blue criteria: projects that increase contribution of marine and offshore renewable energy to energy mix and renewable energy projects while safeguarding the marine environment such as offshore wind (both fixed and floating installations), wave, tidal, floating solar, ocean thermal energy conversion.

[6] https://www.pbc.gov.cn/goutongjiaoliu/113456/113469/2025092212554819533/index.html

- **Energy efficiency**:
    - industrial energy conservation, energy management centres, construction of energy-efficient urban and rural infrastructure, improvement of energy efficiency through digital and intelligent upgrading, and reduction of pollutant emissions; and
    - smart grids, energy internet, the construction and operation of distributed energy infrastructure such as district energy stations (including natural gas district energy stations), distributed photovoltaic power generation system, and energy management systems such distributed energy access and peak-balancing system, distributed electricity trading platform, and new-type power load management system.
- **Pollution prevention and control**:
    - pollution prevention and environmental restoration projects: reduction of air emissions, greenhouse gas control, soil remediation, waste prevention, waste reduction, collection and transport of non-hazardous waste, decontamination of hazardous sewage, and prevention and control of noise and vibration pollution;
    - manufacturing and trade of pollution prevention and control equipment: manufacturing and trade of air pollution prevention and control equipment, soil pollution control and remediation equipment, solid waste collection, storage, transportation, treatment and disposal equipment, noise and vibration control equipment, and equipment for treatment and control of pollution from chemical substances contained in the convention; and
    - Blue criteria: projects that prevent, control, and reduce waste from entering the coastal and marine environments such as resource efficiency and circular economy (waste prevention and reduction), solid waste management projects within 50km of the coast or a river that drains to the ocean and non-point source pollution management projects within 200km of the coast or within 50km of rivers (and their tributaries) that flow to the ocean.
- **Clean transportation**:
    - rolling stocks and public transport vehicles: the purchase, construction and maintenance of rolling stocks for express railway, metro, light railway and urban railway which use only electricity, purchase of electric buses and trolleys, maintenance of public transport system's operation sites, transportation hub facilities, BRT systems, and waterway regulation, maintenance and upgrade of communication systems, signal systems, lighting systems, ventilation and drainage systems;
    - construction and maintenance of green roads and supporting infrastructure;
    - construction and operation of environmentally friendly railways, and green retrofitting of railways, mainly including railway engineering construction, passenger and freight station construction, electrification retrofitting of existing railways, and operation of related facilities;
    - new energy vehicles: manufacturing, and trade of new energy vehicles and key components, construction of charging and battery-swapping equipment and facilities for new energy vehicles;
    - manufacturing and trade of clean transport equipment: such as manufacturing and trade of advanced rail transportation equipment, advanced port loading and unloading equipment, charging and battery-swapping equipment and facilities for new energy vehicles; and

- Blue criteria: (i) projects that increase environmental performance and sustainability of port functions and infrastructure, (ii) projects that involve increasing environmental performance and sustainability of maritime transportation and (iii) electric vessels, wind-powered vessels, and other vessels using low-emission hydrogen-based fuels (including fuel cell vessels), associated enabling infrastructure such as charging infrastructure (including both renewable electric shore power and/or renewable offshore charging points) and storage and bunkering infrastructure for low-emission hydrogen-based fuels.

- **Sustainable water and wastewater management**:
  - water saving and the use of unconventional water such as industrial water-saving technology transformation, agriculture and animal husbandry water-saving irrigation project, seawater desalination;
  - construction and maintenance of sustainable clean water and/or drinking water infrastructure such as the construction, maintenance of urban water networks and the intelligent development of water conservancy facilities;
  - sewage treatment and recycling, comprehensive treatment of river basin, water pollution treatment and decontamination of hazardous waste water, sewage sludge treatment;
  - flood control and disaster contingency works, including flood basin works, construction of embankments for major rivers and river channel treatment;
  - manufacturing and trade of water pollution prevention and control equipment, drinking water safety assurance equipment, and leakage control equipment; and
  - Blue criteria: (i) projects that prevent, control, and reduce waste from entering water runoff in areas close to a water body, the coastal and marine environments such as wastewater management projects within 100km of the coast, (ii) projects that develop, replace, and/or rehabilitate water conveyance and distribution systems (for example, pipeline and network) that document at least a 10% reduction in physical losses compared to a documented baseline, (iii) wastewater reuse projects that demonstrate reduction of water abstraction or contamination of water bodies, and (iv) water extraction activities that are conducted based on a comprehensive assessment of freshwater availability and that ensure a balance between discharge and recharge, thereby preventing overextraction of water;
- **Green buildings**: energy-efficient modification of new/existing buildings that meet the following criteria:
  - Chinese Green Building Evaluation Label - One Star or above;
  - U.S. Leadership in Energy and Environmental Design (LEED) – Gold or above;
  - Building Research Establishment Environmental Assessment Method (BREEAM) – Very Good or above; and
  - Other equivalent international standards;
- **Environmentally sustainable management of living natural resources and land use**:
  - ecological protection, ecological restoration, vegetation protection, grassland protection and restoration, certified ecological agriculture, husbandry and fishery, sustainable forestry development;

- construction, operation and maintenance of the ecological security early warning system and the ecological protection and restoration information platform; and
- Blue criteria: development of blue economy, i.e. certified sustainable fishery management programme, population reconstruction and ecological value chain improvement;

- **Terrestrial and aquatic biodiversity conservation**:
  - Blue criteria: (i) environmental protection, treatment and restoration in relation to the sea, coastlines and coastal areas, such as reservoir renovation, reserve construction, vegetation restoration and shoreline erosion prevention facilities, etc. in coastal areas; (ii) marine biodiversity protection such as fisheries enhancement and release of eggs, larvas or adults of aquatic animals into the ocean to restore or increase population, improve and optimise the aquatic biological community structure, construct and operate aquafarm, using new technology to control invasive species; (iii) projects must be within the marine environment or within 100 km of the coast; (iv) field identification, extraction, and testing of water body and ocean organisms to expand knowledge of aquatic and marine biodiversity and the protection of these ecosystems; (v) information systems, technology, and instruments deployed for monitoring, measuring, tracking, and reporting physical and chemical indicators of the water body to achieve sustainable fishery and aquaculture management. This could include systems with drones, autonomous sailing vessels, autonomous underwater vehicles, and ocean buoys, among other technologies; and (vi) systems, technology, and measurement that facilitate the identification and prevention of illegal marine wildlife/species trade (including corals).

- **Climate change adaptation**:
  - projects that increase the resilience of ecosystems, including communities, climate observation and early warning systems, systems and infrastructure for anticipated wind speeds, heavy rains and increased temperature; and
  - Blue criteria: projects within 50 km of the coast or within the marine environment that support ecological and community resilience and adaptation to climate change including water resilient infrastructure and bridges to address higher levels of flooding.

- **Circular Economy**
  - resource recycling: efficient and circular use of water resources, waste gas recovery and utilization, waste resource utilization, comprehensive utilization of industrial solid waste, comprehensive utilization of agricultural and forestry waste, and recycling of end-of-life materials;
  - manufacturing and trade of resource recycling equipment: manufacturing and trade of equipment related to efficient and circular use of water resources, waste gas recovery and utilization, waste resource utilization, comprehensive utilization of industrial solid waste, comprehensive utilization of agricultural and forestry waste, and recycling of end-of-life materials;
  - design and promotion of circular economy products, services and trade related to the circular economy, and certified eco-efficient products; and
  - Blue criteria: (i) use of recycled or reused plastics for manufacturing in a circular economy approach in areas connected to rivers or coastal water basins; and (ii) plastics collection and

recycling facilities, substitution of plastic packaging with sustainable and biodegradable materials, and reusing or repurposing of plastics in areas close to a water body.

Social Eligible Categories

- **Employment generation through the potential effect of SME financing and microfinance**: loans relating to inclusive finance to SMEs and individuals (such as operation loans for businesses owned by individuals, operations loans for SMEs and farmers, entrepreneurship guarantee (for laid-off workers) loans);
- **Affordable basic infrastructure**: the construction of indemnificatory housing programmes (such as public rental housing) and basic rural living facilities (such as rural biogas, the development of power grids in rural areas and garbage collection and treatment); and
- **Access to essential services (including health, education, career training, and health care)**: the construction of education and medical infrastructure and providing loans for career training.

The Bank will identify the relevant target population(s) for the social projects. The definition of the target population may vary depending on local contexts, and in some cases, such target population(s) may also be served by addressing the general public. The target populations include, but are not limited to, those living below the poverty line, the undereducated, people with disabilities, the underserved, those lacking quality access to essential goods and services, the unemployed and workers affected by the climate transition, women, aging populations, vulnerable youth, and other vulnerable groups as defined by national governments or local authorities.

Exclusions

The following sectors will be excluded from Green Eligible Categories and Social Eligible Categories:

- sectors that are prohibited by laws and regulations in the Chinese Mainland, such as the gambling industry, adult entertainment, child labour, and corporations involved in illegal activities;
- luxury sectors such as precious metals, precious artworks & antiques, and golf course services;
- distillation, rectification, and mixed alcoholic beverages;
- production of tobacco and tobacco products;
- hydro power with an installed capacity greater than 20MW;
- biomass that is suitable for food source;
- mining, quarrying, and fossil fuels-related assets;
- nuclear fuels;
- weapons and ammunitions; and
- companies or activities involved in the production, distribution, or storage of hazardous chemicals and radioactive substances.

Project Evaluation and Selection

The Bank will follow the procedures below to evaluate and select potential financing of Eligible Green Projects and/or Eligible Social Projects:

1. Preliminary Screening

Domestic and overseas branches and business lines of the Bank shall conduct a preliminary screening of potential projects in accordance with the criteria and standards set out in the Bank's internal regulations and the Green Eligible Categories and Social Eligible Categories as described above. For bonds issuance with specific themes, the screening will be aligned with the theme's requirements. Consequently, a list of nominated projects will be compiled, which will then be submitted to the CCB Head Office for review.

2. Review and Approval

A dedicated GSS Bonds working group (the "**GSSB Working Group**") at the Bank's Head Office, which includes, among others, the Bank's asset and liability management department, credit management department, corporate banking department, strategic clients department, inclusive finance department, investment banking department, and public relations and corporate culture department, shall review each of the nominated projects for approval as eligible green projects (including any blue categorised eligible green projects, as applicable) and/or eligible social projects (the "**Eligible Social Projects**"). The approved projects will form an eligible projects list (the "**Eligible Projects List**").

The GSSB Working Group will select the Eligible Green Projects and Eligible Social Projects that fall within the eligibility criteria and other factors as set out in the GSSS Bond Framework, such as whether the projects comply with the overall development and sustainability policy and strategy of the Bank, and whether any clear and measurable social and/or environmental benefits can be attained.

3. Update and Maintenance

The GSSB Working Group shall review the Eligible Projects List on an annual basis and determine if any changes are necessary (for example, if a project has amortised, been prepaid, sold or otherwise become ineligible). The GSSB Working Group will decide any necessary update of the Eligible Projects List (such as replacement, deletion, or addition of projects) to maintain the eligibility of the use of proceeds raised from each relevant GSS Bond.

Management of Proceeds

1. Planning for Use of Proceeds

The Bank shall continuously evaluate the recent and pipeline capital spending and develop a preliminary Eligible Projects List in accordance with the procedures described above to ensure that the proceeds of each GSS Bond can be allocated to Eligible Green Projects and/or Eligible Social Projects in a timely manner.

2. Management of Separate Register

The Bank shall establish and maintain a separate register to record and keep track of the allocation of proceeds. The proceeds of each GSS Bond will be deposited in the Bank's general funding accounts and earmarked pending allocation.

The register would contain information of the capital source (such as the issue amount, coupon rate, issue date, maturity date and ISIN of each GSS Bond) and the capital allocation (such as the issuer or borrower description, transaction date and the amount of proceeds). The register would also contain information including the remaining balance of unallocated proceeds yet to be earmarked and other relevant information such as information on the use of unallocated proceeds, to ensure that the aggregate of issuance proceeds allocated to the Eligible Green Projects and Eligible Social Projects is recorded at all times.

3. Use of Unallocated Proceeds

Any balance of issuance proceeds not allocated to Eligible Green Projects and/or Eligible Social Projects will be held in accordance with the Bank's normal liquidity management policy. The Bank undertakes not to invest unallocated proceeds in sectors which will be excluded from Green Eligible Categories and Social Eligible Categories.

4. Eligible Projects List

The Bank has established an Eligible Projects List to which it undertakes periodic review as described in the section titled "*Green, Social, Sustainability and Sustainability-Linked Bond Framework – Project Evaluation and Selection*" above. Consequently, the projects in the Eligible Projects List may evolve over time. The following are some examples of the Eligible Green Projects which have been identified by the Bank:

Examples of Eligible Green Projects

The examples of Eligible Green Projects provided below represent past projects identified by the Bank, and the actual projects to which the net proceeds from each series of the Notes will be allocated may differ.

Hong Kong Branch – Green Bonds

- The wind power project is located in Northwest China. The total capacity of the wind power project is 2,000 MW, with an annual electricity generation of 4,875,629.20 MWh, and carbon dioxide emissions reduction of 3,706,818.99 tons/year.
- The photovoltaic power project is located in Northwest China. With an installed capacity of 1,000 MW, it generates 2,082,717 MWh of electricity annually and reduces carbon dioxide emissions by 1,583,437.67 tons/year.

London Branch – Green Bonds

- The wind power project is located in Northern China. The total capacity of the wind power project is 1,000 MW, with an annual electricity generation of 2,631,860 MWh, and carbon dioxide emissions reduction of 2,084,959.49 tons/year.

Reporting

1. Allocation Reporting

As long as any GSS Bonds are outstanding, the Bank will provide information on the net proceeds of each GSS Bond issued:

(i) the aggregate amount allocated to the various Eligible Green Projects and/or Eligible Social Projects;

(ii) the remaining balance of funds which have not yet been allocated and the type of temporary investment for unallocated proceeds; and

(iii) examples of Eligible Green Projects and Eligible Social Projects (subject to confidentiality disclosures).

2. Impact Reporting

Where possible, the Bank will report on the environmental and social impacts of the eligible projects. For specific-themed bonds, the Bank will report on the mechanism of the themed bond and the impact of the themed eligible projects.

3. External Review

The Bank will obtain an external review of GSS Bonds from a third party which has environmental and social benefit review expertise and audit qualification. External review will cover pre-issuance assurance, post-issuance assurance and assurance report of independent accountants on use of proceeds annually. Any external review results will be publicly available on the official website of the Bank (http://www.ccb.com/).

Sustainability-Linked Bonds

The issuance of sustainability-linked bonds ("**SLBs**") under the GSSS Bond Framework will be in accordance with the ICMA Sustainability-Linked Bond Principles.

THE HKQAA GREEN AND SUSTAINABLE FINANCE CERTIFICATION SCHEME

Certain information relating to the HKQAA in this Drawdown Offering Circular have been obtained from public sources, including the Green and Sustainable Finance Certification Scheme Handbook (as defined below) and other publicly available information. Although this information is believed to be reliable, it has not been independently verified by the Branch Issuers, the Bank, the Joint Lead Managers, the Agents or their respective directors and advisers, and none of the Branch Issuers, the Bank, the Joint Lead Managers, the Agents and their respective directors and advisers makes any representation as to the accuracy or completeness of that information.

THE HKQAA

The HKQAA is a non-profit distributing organisation established by the Hong Kong Government and was the only Hong Kong organisation accredited as a Designated Operational Entity by the Executive Board of the Clean Development Mechanism ("**CDM**") under the United Nations Framework Convention on Climate Change to deliver CDM validation and verification services in 2011.

THE HKQAA GREEN AND SUSTAINABLE FINANCE CERTIFICATION SCHEME

The HKQAA Green and Sustainable Finance Certification Scheme was developed with reference to, among others, the CDM, the Green Bond Principles and the PBOC Green Bond Categories. The benefits of the HKQAA Green and Sustainable Finance Certification Scheme include (i) enhancing the credibility of, and stakeholder confidence in, green financial instruments via independent, impartial third-party conformity assessments, (ii) reaching out to potential green finance investors with the aid of the HKQAA green finance certificate and certification mark, (iii) demonstrating issuers' efforts to promote environmentally friendly investment; and, (iv) promoting a common understanding of green finance.

Under the HKQAA Green and Sustainable Finance Certification Scheme, an applicant may apply for either (i) a pre-issuance stage certificate or (ii) a post-issuance stage certificate.

An applicant may apply for a pre-issuance stage certificate before the issuance of a debt instrument. A pre-issuance stage certificate is an "as-at" certificate and aims to validate the adequacy, including the readiness of the Method Statement (up to the assessment completion date which is also the issue date on such certificate), to comply with the HKQAA Green and Sustainable Finance Certification Scheme. Method Statement is defined in the handbook of the HKQAA Green and Sustainable Finance Certification Scheme published in May 2021 (the "**Green and Sustainable Finance Certification Scheme Handbook**") as an information form provided by the HKQAA and completed by the applicant to state the latter's method to achieve the intended contribution to green and sustainable finance and to demonstrate compliance with the requirements of the Green and Sustainable Finance Certification Scheme Handbook. Information in the Method Statement will also be disclosed to the investor and public via the HKQAA website for bond and upon request for loans.

As part of the application for a pre-issuance stage certificate, an applicant is required to complete the relevant application forms (including a self-declaration) and provide a Method Statement to the HKQAA which will assess and validate its adequacy. A Method Statement shall include the following elements for a green bond:

(1) use of proceeds;

(2) process for projects evaluation and selection;

(3) management of proceeds;

(4) information disclosure and reporting;

(5) project monitoring;

(6) impact assessment (which is the determination of the likely environmental consequences, or impacts, of proposed projects or activities conducted by the applicant); and

(7) stakeholder engagement (which is the engagement with public, including individuals, groups or communities, affected, or likely to be affected, by the proposed project activity, or actions leading to the implementation of such an activity).

An annual surveillance assessment by the HKQAA to verify the continuous implementation and effectiveness of the Method Statement is not required by pre-issuance stage certificate.

When the HKQAA has completed its assessment and validation of the Method Statement and no non-conforming issues are outstanding, it will make a recommendation of certification to the Certification Review Board which reviews and approves the recommendation. Upon such approval, a pre-issuance stage certificate and a Certification Mark (a trademark designed by the HKQAA indicating that the applicant's debt instrument is duly certified under the HKQAA Green and Sustainable Finance Certification Scheme) are issued to the applicant.

HKQAA will disclose the Method Statement via the HKQAA website after the issuance of a pre-issuance stage certificate or the issuance of the relevant debt instrument (whichever is later). The HKQAA also gives flexibility for the applicant to request disclosure of its Method Statement on the HKQAA website before the issuance of green bond in order to cope with its announcement of certification of green bond in the public domain. Such pre-issuance stage certificate will only be valid if the applicant's Method Statement for the time being corresponds to the version of the applicant's Method Statement accessible via the HKQAA website.

If an applicant makes any change to its Method Statement after the issuance of a pre-issuance stage certificate, the corresponding pre-issuance stage certificate will be regarded as invalid. An applicant shall inform the HKQAA in writing for any change in its Method Statement within one month after the occurrence of any foreseeable or actual changes. An applicant has to make a new application to the HKQAA for the certification of the revised Method Statement.

HKQAA CERTIFICATION DISCLAIMER

The issuance of the HKQAA Pre-issuance Stage Certificate relating to the Notes by the HKQAA is based solely on the Green and Sustainable Finance Certification Scheme Handbook and does not, and is not intended to, make any representation or give any assurance with respect to any other matter relating to the Notes or any Eligible Green Projects, including but not limited to the Base Offering Circular, this Drawdown Offering Circular, the transaction documents, the Branch Issuers, the Bank or the management of the Bank.

The issuance of the HKQAA Pre-issuance Stage Certificate relating to the Notes by the HKQAA will be addressed solely to the relevant Branch Issuer and is not a recommendation to any person to purchase, hold or sell the Notes and such certification does not address the market price or suitability of the Notes for a particular investor. The certification also does not address the merits of the decision by the Bank or any third party to participate in any Eligible Green Projects and does not express and should not be deemed to be an expression of an opinion as to the Bank or any aspect of any Eligible Green Projects (including but not limited to the financial viability of any Eligible Green Projects) other than with respect to conformance with the Green and Sustainable Finance Certification Scheme Handbook.

In issuing the HKQAA Pre-issuance Stage Certificate, HKQAA shall not be liable for any loss or damage suffered by any person whatsoever or howsoever caused by, arising from and/or in connection with, whether directly or indirectly, the certification of the Notes.

The HKQAA Pre-issuance Stage Certificate does not and is not in any way intended to address the likelihood of timely payment of interest when due on the Notes and/or the payment of principal at maturity or any other date.

The HKQAA Pre-issuance Stage Certificate may be withdrawn at any time in HKQAA's sole and absolute discretion and there can be no assurance that the HKQAA Pre-issuance Stage Certificate will not be withdrawn.

GENERAL INFORMATION

The section "General Information" on pages 188 to 190 of the Base Offering Circular shall be deleted in its entirety and replaced with the following:

1. Listing

Application will be made to the Hong Kong Stock Exchange for the listing of, and permission to deal in, the Notes by way of debt issues to Professional Investors only. The issue price of the Notes listed on the Hong Kong Stock Exchange will be expressed as a percentage of the nominal amount of the Notes. The listing of, and permission to deal in, the Notes is expected to be effective on 16 June 2026.

Application will be made to the London Stock Exchange for the Notes to be admitted to trading on the ISM and to be displayed on the SBM. The ISM is not a regulated market for the purposes of UK MiFIR. Such admission to trading is expected to be effective on the business day following the Issue Date.

2. Authorisation

Pursuant to request for Instructions on the Recent Issuance of Medium and Long-term Overseas Bonds approved by Zhang Yi, the president of the Bank, dated 9 May 2026, the Notice on Further Regulating the Issuance of Debt Finance Instruments by Overseas Institutions (Guo Ji Ye Wu Bu [2014] No.222) 《關於進一步規範海外機構負債金融工具發行管理的通知》(國際業務部[2014] 222 號), the Notice Concerning the Further Strengthening the Foreign Debt Business Management (Jian Zong Han (2014) No. 574)《關於進一步加強海外負債業務管理的通知》（建總函(2014)574 號）, the power of attorney（中國建設銀行股份有限公司授權委託書）issued by the Bank dated 10 April 2018, the power of attorney issued by the Bank dated 27 February 2025, the Approval of the MTN Programme Update of the Hong Kong Branch (Jian Zi Zhai (2017) No. 74)《關於更新香港分行中期票據計劃方案的批覆》（建資債(2017)74 號）, the Notice for Issuance of Overseas Green Bonds《關於組織發行境外綠色債券的通知》in relation to the MTN programme update of the Hong Kong Branch, the issue of the Notes under the Programme has been duly authorised.

3. Legal Entity Identifier

The legal entity identifier of the Bank is 5493001KQW6DM7KEDR62.

4. Clearing Systems

USD 2029 Notes have been accepted for clearance through Euroclear and Clearstream. The ISIN and Common Code for the Notes is XS3401301208 and 340130120, respectively.

USD 2031 Notes have been accepted for clearance through Euroclear and Clearstream. The ISIN and Common Code for the Notes is XS3401302511 and 340130251, respectively.

CNY Notes have been accepted for clearance through the CMU. The ISIN, Common Code and CMU Instrument Number for the Notes are HK0001313896, 340173104 and BOAKFN26026, respectively.

5. NDRC Approval

Pursuant to the annual foreign debt quota granted by the NDRC to the Bank in February 2026 (the "**Quota**"), separate pre-issuance registration with the NDRC with respect to the Notes is not required as the Notes will be issued within the aforesaid Quota, but the Bank is still required to file with the NDRC the requisite information on the issuance of the Notes after the issuance of such Notes. The Bank intends to provide the requisite information on the issuance of the Notes to the NDRC within the time periods

prescribed by NDRC Order 56 and any implementation rules or policies as issued by the NDRC from time to time and the terms of the Quota.

6. Litigation

Save as disclosed in this Drawdown Offering Circular (read together with the Base Offering Circular), none of the Branch Issuers or any member of the Group is involved in any governmental, legal or arbitration proceedings (including any proceedings which are pending or threatened) of which any Branch Issuer is aware during the 12 months preceding the date of this Drawdown Offering Circular, which may have, or have had in the recent past, significant effects on the relevant Branch Issuer's ability to meet its obligations to the holders of Notes of the relevant series.

7. No Significant Change

Save as disclosed in this Drawdown Offering Circular (read together with the Base Offering Circular), there has been no significant change in the financial or trading position of the relevant Branch Issuer or of the Group since 31 December 2025 and there has been no material adverse change in the financial position or prospects of the relevant Branch Issuer or of the Group since 31 December 2025.

8. Documents

Copies of the documents listed as (a) to (c) below will be available for viewing on the website of The Stock Exchange of Hong Kong Limited at http://www.hkexnews.hk/index.htm. So long as Notes are outstanding, copies of the documents listed as (d) to (f) below will, when published, be available free of charge from the registered office of the relevant Branch Issuer and, be available for inspection, subject to receipt by the Fiscal Agent from the Bank or the relevant Branch Issuer of the same and upon written request and satisfactory proof of holding and identity, during usual business hours (being 9:00 a.m. (Hong Kong time) to 3:00 p.m. (Hong Kong time) on any weekday (Saturdays, Sundays and public holidays excepted) from the specified office of the Fiscal Agent for the time being at 3/F, CCB Tower, 3 Connaught Road Central, Central, Hong Kong.

(a) the constitutional documents of the Bank;

(b) the audited consolidated financial statements of the Bank in respect of the financial years ended 31 December 2024 and 2025 (in each case together with the audit report in connection therewith);

(c) the most recent annual audited consolidated financial statements of the Bank and the most recently published unaudited consolidated interim financial statements of the Bank (if any);

(d) the Pricing Supplement in relation to each series of Notes;

(e) a copy of the Base Offering Circular together with this Drawdown Offering Circular and any other documents incorporated in the Base Offering Circular; and

(f) the Fiscal Agency Agreement, the Deed of Covenant and the forms of the Global Certificates, the Notes in definitive form, the Receipts, the Coupons and the Talons.

CHAPTER TWO – ADDITIONAL INFORMATION RELATING TO USD NOTE ISSUANCE

CHINA CONSTRUCTION BANK CORPORATION
中國建設銀行股份有限公司
(a joint stock company incorporated in the People's Republic of China with limited liability)

CHINA CONSTRUCTION BANK CORPORATION HONG KONG BRANCH
中國建設銀行股份有限公司香港分行

Issue of

U.S.$500,000,000 Floating Rate Senior Green Notes due 2029 (the "USD 2029 Notes")
U.S.$500,000,000 Floating Rate Senior Green Notes due 2031 (the "USD 2031 Notes", together with the USD 2029 Notes, the "USD Notes")

Issue Price of the USD 2029 Notes: 100 per cent.

Issue Price of the USD 2031 Notes: 100 per cent.

under the U.S.$15,000,000,000 Medium Term Note Programme

The USD Notes will be issued by the Hong Kong Branch pursuant to the Programme. The disclosure in this section should be read in conjunction with the Base Offering Circular and this Drawdown Offering Circular. The denomination of the USD Notes shall be U.S.$200,000 and integral multiples of U.S.$1,000 in excess thereof.

The USD Notes will constitute direct, unconditional, unsubordinated and unsecured obligations of the Branch Issuer, ranking *pari passu* and without any preference among themselves. The payment obligations of the Branch Issuer under the USD Notes shall, save for such exceptions as may be provided by applicable legislation, at all times rank at least equally with all other unsecured and unsubordinated indebtedness and monetary obligations of the Branch Issuer, present and future.

Each series of the USD Notes will be represented by beneficial interests in a Global Certificate in registered form which will be registered in the name of a nominee of, and shall be deposited on or about the Issue Date with, a common depositary for Euroclear and Clearstream. Beneficial interests in relevant Global Certificate will be shown on, and transfers thereof will be effected only through, records maintained by Euroclear and Clearstream. Except as described herein, certificates for the USD Notes will not be issued in exchange for interests in the relevant Global Certificate.

Paragraph 21 of the Hong Kong SFC Code of Conduct: As paragraph 21 of the Hong Kong SFC Code of Conduct applies to this offering of the USD Notes, prospective investors should refer to the section on "Notice to capital market intermediaries and prospective investors pursuant to paragraph 21 of the Hong Kong SFC Code of Conduct – Important Notice to Prospective Investors" appearing on pages iv to v of the Base Offering Circular, and CMIs (as defined in the Base Offering Circular) should refer to the section on "Notice to capital market intermediaries and prospective investors pursuant to paragraph 21 of the Hong Kong SFC Code Of Conduct – Important Notice to CMIs (including private banks)" appearing on pages 179 to 181 in the Base Offering Circular.

DESCRIPTION OF CHINA CONSTRUCTION BANK CORPORATION HONG KONG BRANCH

Please refer to the section entitled "Description of the Hong Kong Branch" on page 111 to 112 of the Base Offering Circular for the information of the Hong Kong Branch.

PRICING SUPPLEMENT FOR THE USD 2029 NOTES

MiFID II product governance/Professional investors and ECPs only target market – Solely for the purposes of the manufacturer's product approval process, the target market assessment in respect of the Notes has led to the conclusion that: (i) the target market for the Notes is eligible counterparties and professional clients only, each as defined in Directive 2014/65/EU (as amended, "**MiFID II**"); and (ii) all channels for distribution of the Notes to eligible counterparties and professional clients are appropriate. Any person subsequently offering, selling or recommending the Notes (a "**distributor**") should take into consideration the manufacturer's target market assessment; however, a distributor subject to MiFID II is responsible for undertaking its own target market assessment in respect of the Notes (by either adopting or refining the manufacturer's target market assessment) and determining appropriate distribution channels.

Paragraph 21 of the Hong Kong SFC Code of Conduct – As paragraph 21 of the Code of Conduct for Persons Licensed by or Registered with the Securities and Futures Commission applies to this offering of Notes, prospective investors should refer to the section on "*Notice to capital market intermediaries and prospective investors pursuant to paragraph 21 of the Hong Kong SFC Code of Conduct — Important Notice to Prospective Investors"* appearing on pages iv to v of the Base Offering Circular, and CMIs (as defined in the Base Offering Circular) should refer to the section on *"Notice to capital market intermediaries and prospective investors pursuant to paragraph 21 of the Hong Kong SFC Code of Conduct — Important Notice to CMIs (including private banks)*" appearing on pages 179 to 181 of the Base Offering Circular.

Pricing Supplement dated 8 June 2026

China Construction Bank Corporation Hong Kong Branch
中國建設銀行股份有限公司香港分行

(*a branch of China Construction Bank Corporation 中國建設銀行股份有限公司, which is a joint stock company incorporated in the People's Republic of China with limited liability*)

Issue of U.S.$500,000,000 Floating Rate Senior Green Notes due 2029 (the "Notes")
under the U.S.$15,000,000,000 Medium Term Note Programme (the "**Programme**")

This document constitutes the pricing supplement (this "Pricing Supplement") relating to the issue of Notes described herein.

Terms used herein shall be deemed to be defined as such for the purposes of the Conditions (the "**Conditions**") set forth in the offering circular dated 5 June 2026 (the "**Base Offering Circular**"). This Pricing Supplement contains the final terms of the Notes and must be read in conjunction with the Base Offering Circular and the Drawdown Offering Circular dated 8 June 2026 (the "**Drawdown Offering Circular**"). Full information on the Issuer and the offer of the Notes is only available on the basis of the combination of the Base Offering Circular, the Drawdown Offering Circular and this Pricing Supplement. In particular, investors in the Notes should read the section titled "Risk Factors" contained therein, which applies to the issue of Notes described herein.

This document is for distribution to professional investors (as defined in Chapter 37 of the Rules Governing the Listing of Securities on The Stock Exchange of Hong Kong Limited) ("**Professional Investors**") only.

The Stock Exchange of Hong Kong Limited (the "Hong Kong Stock Exchange") has not reviewed the contents of this document, other than to ensure that the prescribed form disclaimer and responsibility statements, and a statement limiting distribution of this document to Professional Investors only have been reproduced in this document. Listing of the Programme or the Notes on the Hong Kong Stock Exchange is not to be taken as an indication of the commercial merits or credit quality of the Programme, the Notes, the Issuer, the Bank or the Bank and its subsidiaries taken as a whole (the "Group") or quality

of disclosure in this document. Hong Kong Exchanges and Clearing Limited and the Hong Kong Stock Exchange take no responsibility for the contents of this document, make no representation as to its accuracy or completeness and expressly disclaim any liability whatsoever for any loss howsoever arising from or in reliance upon the whole or any part of the contents of this document.

Notice to Hong Kong investors: The Issuer confirms that the Notes are intended for purchase by Professional Investors only and will be listed on the Hong Kong Stock Exchange on that basis. Accordingly, the Issuer confirms that the Notes are not appropriate as an investment for retail investors in Hong Kong. Investors should carefully consider the risks involved.

This document (read together with the Base Offering Circular and the Drawdown Offering Circular) includes particulars given in compliance with the Rules Governing the Listing of Securities on The Stock Exchange of Hong Kong Limited for the purpose of giving information with regard to the Issuer, the Bank and the Group. Each of the Issuer and the Bank accepts full responsibility for the accuracy of the information contained in this document and confirms, having made all reasonable enquiries, that to the best of its knowledge and belief there are no other facts the omission of which would make any statement herein misleading.

Use of Proceeds

The net proceeds of the issue of the Notes will be allocated to finance and/or refinance, in whole or in part, loans to customers involved in, as well as the Bank's own operational activities in Eligible Green Projects which satisfy the green criteria of the Green Eligible Categories, as further described in the sections entitled "*Use of Proceeds*" and "*Green, Social, Sustainability and Sustainability-Linked Bond Framework*" in the Drawdown Offering Circular and in accordance with applicable laws and regulations (including those with respect to the remittance of proceeds into the PRC).

Listing

This Pricing Supplement comprises the final terms required to list the issue of the Notes described herein pursuant to the U.S.$15,000,000,000 Medium Term Note Programme of China Construction Bank Corporation

中國建設銀行股份有限公司 and China Construction Bank Corporation Hong Kong Branch 中國建設銀行股份有限公司香港分行.

Stabilisation

In connection with the issue of the Notes, the Managers named as the Stabilisation Manager(s) (or person(s) acting on behalf of any Stabilisation Manager(s)) in this Pricing Supplement may over-allot Notes or effect transactions with a view to supporting the price of the Notes at a level higher than that which might otherwise prevail for a limited period after the Issue Date. However, there is no obligation on such Stabilisation Manager(s) to do this. Such stabilising, if commenced, may be discontinued at any time, and must be brought to an end after a limited period. Such stabilising shall be in compliance with all applicable laws, regulations and rules.

Material Adverse Change Statement

Save as disclosed in the Base Offering Circular and the Drawdown Offering Circular, there has been no material adverse change in the financial position or prospects of the Issuer or of the Group since 31 December 2025.

Responsibility

The Issuer accepts responsibility for the information contained in this Pricing Supplement.

PRICING SUPPLEMENT FOR THE USD 2031 NOTES

MiFID II product governance/Professional investors and ECPs only target market – Solely for the purposes of the manufacturer's product approval process, the target market assessment in respect of the Notes has led to the conclusion that: (i) the target market for the Notes is eligible counterparties and professional clients only, each as defined in Directive 2014/65/EU (as amended, "**MiFID II**"); and (ii) all channels for distribution of the Notes to eligible counterparties and professional clients are appropriate. Any person subsequently offering, selling or recommending the Notes (a "**distributor**") should take into consideration the manufacturer's target market assessment; however, a distributor subject to MiFID II is responsible for undertaking its own target market assessment in respect of the Notes (by either adopting or refining the manufacturer's target market assessment) and determining appropriate distribution channels.

Paragraph 21 of the Hong Kong SFC Code of Conduct – As paragraph 21 of the Code of Conduct for Persons Licensed by or Registered with the Securities and Futures Commission applies to this offering of Notes, prospective investors should refer to the section on "*Notice to capital market intermediaries and prospective investors pursuant to paragraph 21 of the Hong Kong SFC Code of Conduct — Important Notice to Prospective Investors"* appearing on pages iv to v of the Base Offering Circular, and CMIs (as defined in the Base Offering Circular) should refer to the section on *"Notice to capital market intermediaries and prospective investors pursuant to paragraph 21 of the Hong Kong SFC Code of Conduct — Important Notice to CMIs (including private banks)*" appearing on pages 179 to 181 of the Base Offering Circular.

Pricing Supplement dated 8 June 2026

China Construction Bank Corporation Hong Kong Branch
中國建設銀行股份有限公司香港分行

(*a branch of China Construction Bank Corporation 中國建設銀行股份有限公司, which is a joint stock company incorporated in the People's Republic of China with limited liability*)

Issue of U.S.$500,000,000 Floating Rate Senior Green Notes due 2031 (the "Notes")
under the U.S.$15,000,000,000 Medium Term Note Programme (the "**Programme**")

This document constitutes the pricing supplement (this "**Pricing Supplement**") relating to the issue of Notes described herein.

Terms used herein shall be deemed to be defined as such for the purposes of the Conditions (the "**Conditions**") set forth in the offering circular dated 5 June 2026 (the "**Base Offering Circular**"). This Pricing Supplement contains the final terms of the Notes and must be read in conjunction with the Base Offering Circular and the Drawdown Offering Circular dated 8 June 2026 (the "**Drawdown Offering Circular**"). Full information on the Issuer and the offer of the Notes is only available on the basis of the combination of the Base Offering Circular, the Drawdown Offering Circular and this Pricing Supplement. In particular, investors in the Notes should read the section titled "Risk Factors" contained therein, which applies to the issue of Notes described herein.

This document is for distribution to professional investors (as defined in Chapter 37 of the Rules Governing the Listing of Securities on The Stock Exchange of Hong Kong Limited) ("**Professional Investors**") only.

The Stock Exchange of Hong Kong Limited (the "Hong Kong Stock Exchange") has not reviewed the contents of this document, other than to ensure that the prescribed form disclaimer and responsibility statements, and a statement limiting distribution of this document to Professional Investors only have been reproduced in this document. Listing of the Programme or the Notes on the Hong Kong Stock Exchange is not to be taken as an indication of the commercial merits or credit quality of the Programme, the Notes, the Issuer, the Bank or the Bank and its subsidiaries taken as a whole (the "Group") or quality

of disclosure in this document. Hong Kong Exchanges and Clearing Limited and the Hong Kong Stock Exchange take no responsibility for the contents of this document, make no representation as to its accuracy or completeness and expressly disclaim any liability whatsoever for any loss howsoever arising from or in reliance upon the whole or any part of the contents of this document.

Notice to Hong Kong investors: The Issuer confirms that the Notes are intended for purchase by Professional Investors only and will be listed on the Hong Kong Stock Exchange on that basis. Accordingly, the Issuer confirms that the Notes are not appropriate as an investment for retail investors in Hong Kong. Investors should carefully consider the risks involved.

This document (read together with the Base Offering Circular and the Drawdown Offering Circular) includes particulars given in compliance with the Rules Governing the Listing of Securities on The Stock Exchange of Hong Kong Limited for the purpose of giving information with regard to the Issuer, the Bank and the Group. Each of the Issuer and the Bank accepts full responsibility for the accuracy of the information contained in this document and confirms, having made all reasonable enquiries, that to the best of its knowledge and belief there are no other facts the omission of which would make any statement herein misleading.

Use of Proceeds

The net proceeds of the issue of the Notes will be allocated to finance and/or refinance, in whole or in part, loans to customers involved in, as well as the Bank's own operational activities in Eligible Green Projects which satisfy the green criteria of the Green Eligible Categories, as further described in the sections entitled "*Use of Proceeds*" and "*Green, Social, Sustainability and Sustainability-Linked Bond Framework*" in the Drawdown Offering Circular and in accordance with applicable laws and regulations (including those with respect to the remittance of proceeds into the PRC).

Listing

This Pricing Supplement comprises the final terms required to list the issue of the Notes described herein pursuant to the U.S.$15,000,000,000 Medium Term Note Programme of China Construction Bank Corporation

中國建設銀行股份有限公司 and China Construction Bank Corporation Hong Kong Branch 中國建設銀行股份有限公司香港分行.

Stabilisation

In connection with the issue of the Notes, the Managers named as the Stabilisation Manager(s) (or person(s) acting on behalf of any Stabilisation Manager(s)) in this Pricing Supplement may over-allot Notes or effect transactions with a view to supporting the price of the Notes at a level higher than that which might otherwise prevail for a limited period after the Issue Date. However, there is no obligation on such Stabilisation Manager(s) to do this. Such stabilising, if commenced, may be discontinued at any time, and must be brought to an end after a limited period. Such stabilising shall be in compliance with all applicable laws, regulations and rules.

Material Adverse Change Statement

Save as disclosed in the Base Offering Circular and the Drawdown Offering Circular, there has been no material adverse change in the financial position or prospects of the Issuer or of the Group since 31 December 2025.

Responsibility

The Issuer accepts responsibility for the information contained in this Pricing Supplement.

CHAPTER THREE – ADDITIONAL INFORMATION RELATING TO CNY NOTE ISSUANCE

CHINA CONSTRUCTION BANK CORPORATION
中國建設銀行股份有限公司
(a joint stock company incorporated in the People's Republic of China with limited liability)

CHINA CONSTRUCTION BANK CORPORATION LONDON BRANCH
中國建設銀行股份有限公司倫敦分行

Issue of
CNY3,000,000,000 1.64 per cent. Senior Green Notes due 2029 (the "CNY Notes")

Issue Price: 100 per cent.

under the U.S.$15,000,000,000 Medium Term Note Programme

The CNY Notes will be issued by the London Branch pursuant to the Programme. The disclosure in this section should be read in conjunction with the Base Offering Circular and this Drawdown Offering Circular. The denomination of the CNY Notes shall be CNY1,000,000 and integral multiples of CNY10,000 in excess thereof.

The CNY Notes will constitute direct, unconditional, unsubordinated and unsecured obligations of the Branch Issuer, ranking *pari passu* and without any preference among themselves. The payment obligations of the Branch Issuer under the CNY Notes shall, save for such exceptions as may be provided by applicable legislation, at all times rank at least equally with all other unsecured and unsubordinated indebtedness and monetary obligations of the Branch Issuer, present and future.

The CNY Notes will be represented by beneficial interests in a Global Certificate registered in the name of the Hong Kong Monetary Authority as operator of, and shall be deposited on or about the Issue Date with a sub-custodian for, the CMU. Beneficial interests in such Global Certificate will be shown on, and transfers thereof will be effected only through, records maintained by the CMU. Except as described herein, certificates for the CNY Notes will not be issued in exchange for interests in the relevant Global Certificate.

Paragraph 21 of the Hong Kong SFC Code of Conduct: As paragraph 21 of the Hong Kong SFC Code of Conduct applies to this offering of the CNY Notes, prospective investors should refer to the section on "Notice to capital market intermediaries and prospective investors pursuant to paragraph 21 of the Hong Kong SFC Code of Conduct – Important Notice to Prospective Investors" appearing on pages iv to v of the Base Offering Circular, and CMIs (as defined in the Base Offering Circular) should refer to the section on "Notice to capital market intermediaries and prospective investors pursuant to paragraph 21 of the Hong Kong SFC Code Of Conduct – Important Notice to CMIs (including private banks)" appearing on pages 179 to 181 in the Base Offering Circular.

DESCRIPTION OF CHINA CONSTRUCTION BANK CORPORATION LONDON BRANCH

The London Branch is a commercial bank offering corporate and trade finance services in the United Kingdom ("**UK**"). The London Branch is a branch of the Bank and is authorised and regulated by the National Financial Regulatory Administration of the PRC (which replaced the China Banking and Insurance Regulatory Commission of the PRC since 18 May 2023), has been authorised by the Prudential Regulation Authority ("**PRA**") and is subject to the regulation of the Financial Conduct Authority ("**FCA**") and limited regulation by the PRA.

The London Branch was authorised by the PRA on 22 December 2014 (the reference number of the London Branch in the Financial Services Register is 652628).

OVERVIEW OF THE UK REGULATORY FRAMEWORK

The PRA, as part of the Bank of England (the "**BoE**"), is the UK's prudential regulator for deposit-takers, insurance companies and designated investment firms.

The PRA has two primary objectives:

- a general objective to promote the safety and soundness of PRA-authorised persons; and
- an objective specific to insurance firms for the protection of policyholders.

The PRA has two secondary objectives:

- a competition objective, to facilitate effective competition in the markets for services provided by PRA-authorised persons in carrying on regulated activities; and
- a competitiveness and growth objective, to facilitate, subject to alignment with relevant international standards, (a) the international competitiveness of the economy of the UK (including, in particular, the financial services sector through the contribution of PRA-authorised persons); and (b) its growth in the medium to long term.

The Prudential Regulation Committee (the "**Committee**") is the body within the BoE responsible for exercising the BoE's functions as the PRA. The Committee is independent in all its decision-making functions, including making rules and the PRA's most important supervisory and policy decisions.

Financial Conduct Authority

The FCA:

- is responsible for the conduct of business regulation of all firms authorised under the Financial Services and Markets Act 2000;
- is responsible for the prudential regulation of firms not regulated by the PRA. These firms are sometimes referred to as FCA-only firms or FCA-authorised firms; and
- is responsible for the regulation of conduct in retail and wholesale financial markets and supervision of the trading infrastructure that supports those markets.

The FCA has a strategic objective and three operational objectives:

- The strategic objective is to ensure that the "relevant markets" function well.
- The operational objectives are:

- to secure an appropriate degree of protection for consumers;
- to protect and enhance the integrity of the UK financial system; and
- to promote effective competition in the interests of consumers. The FCA is also obliged to discharge its general functions in a way that promotes competition and growth in the UK economy.

PRICING SUPPLEMENT FOR THE CNY NOTES

MiFID II product governance/Professional investors and ECPs only target market – Solely for the purposes of the manufacturer's product approval process, the target market assessment in respect of the Notes has led to the conclusion that: (i) the target market for the Notes is eligible counterparties and professional clients only, each as defined in Directive 2014/65/EU (as amended, "**MiFID II**"); and (ii) all channels for distribution of the Notes to eligible counterparties and professional clients are appropriate. Any person subsequently offering, selling or recommending the Notes (a "**distributor**") should take into consideration the manufacturer's target market assessment; however, a distributor subject to MiFID II is responsible for undertaking its own target market assessment in respect of the Notes (by either adopting or refining the manufacturer's target market assessment) and determining appropriate distribution channels.

UK MiFIR product governance/Professional investors and ECPs only target market – Solely for the purposes of the manufacturer's product approval process, the target market assessment in respect of the Notes has led to the conclusion that: (i) the target market for the Notes is only eligible counterparties, as defined in the FCA Handbook Conduct of Business Sourcebook and professional clients, as defined in Regulation (EU) No 600/2014 as it forms part of domestic law by virtue of the European Union (Withdrawal) Act 2018 ("**UK MiFIR**"); and (ii) all channels for distribution of the Notes to eligible counterparties and professional clients are appropriate. Any distributor should take into consideration the manufacturer's target market assessment; however, a distributor subject to the FCA Handbook Product Intervention and Product Governance Sourcebook is responsible for undertaking its own target market assessment in respect of the Notes (by either adopting or refining the manufacturer's target market assessment) and determining appropriate distribution channels.

Paragraph 21 of the Hong Kong SFC Code of Conduct – As paragraph 21 of the Code of Conduct for Persons Licensed by or Registered with the Securities and Futures Commission applies to this offering of Notes, prospective investors should refer to the section on "*Notice to capital market intermediaries and prospective investors pursuant to paragraph 21 of the Hong Kong SFC Code of Conduct — Important Notice to Prospective Investors*" appearing on pages iv to v of the Base Offering Circular, and CMIs (as defined in the Base Offering Circular) should refer to the section on "*Notice to capital market intermediaries and prospective investors pursuant to paragraph 21 of the Hong Kong SFC Code of Conduct — Important Notice to CMIs (including private banks)*" appearing on pages 179 to 181 of the Base Offering Circular.

Pricing Supplement dated 8 June 2026

China Construction Bank Corporation London Branch
中國建設銀行股份有限公司倫敦分行

(*a branch of China Construction Bank Corporation 中國建設銀行股份有限公司, which is a joint stock company incorporated in the People's Republic of China with limited liability*)

Issue of CNY3,000,000,000 1.64 per cent. Senior Green Notes due 2029 (the "Notes")
under the U.S.$15,000,000,000 Medium Term Note Programme (the "Programme")

This document constitutes the pricing supplement (this "Pricing Supplement") relating to the issue of Notes described herein.

Terms used herein shall be deemed to be defined as such for the purposes of the Conditions (the "**Conditions**") set forth in the offering circular dated 5 June 2026 (the "**Base Offering Circular**"). This Pricing Supplement contains the final terms of the Notes and must be read in conjunction with the Base Offering Circular and the Drawdown Offering Circular dated 8 June 2026 (the "**Drawdown Offering Circular**"). Full information on the Issuer and the offer of the Notes is only available on the basis of the combination of the Base Offering Circular, the Drawdown Offering Circular and this Pricing Supplement. In particular, investors in the Notes

should read the section titled "Risk Factors" contained therein, which applies to the issue of Notes described herein.

This document is for distribution to professional investors (as defined in Chapter 37 of the Rules Governing the Listing of Securities on The Stock Exchange of Hong Kong Limited) ("**Professional Investors**") only.

The Stock Exchange of Hong Kong Limited (the "Hong Kong Stock Exchange") has not reviewed the contents of this document, other than to ensure that the prescribed form disclaimer and responsibility statements, and a statement limiting distribution of this document to Professional Investors only have been reproduced in this document. Listing of the Programme or the Notes on the Hong Kong Stock Exchange is not to be taken as an indication of the commercial merits or credit quality of the Programme, the Notes, the Issuer, the Bank or the Bank and its subsidiaries taken as a whole (the "Group") or quality of disclosure in this document. Hong Kong Exchanges and Clearing Limited and the Hong Kong Stock Exchange take no responsibility for the contents of this document, make no representation as to its accuracy or completeness and expressly disclaim any liability whatsoever for any loss howsoever arising from or in reliance upon the whole or any part of the contents of this document.

Notice to Hong Kong investors: The Issuer confirms that the Notes are intended for purchase by Professional Investors only and will be listed on the Hong Kong Stock Exchange on that basis. Accordingly, the Issuer confirms that the Notes are not appropriate as an investment for retail investors in Hong Kong. Investors should carefully consider the risks involved.

This document (read together with the Base Offering Circular and the Drawdown Offering Circular) includes particulars given in compliance with the Rules Governing the Listing of Securities on The Stock Exchange of Hong Kong Limited for the purpose of giving information with regard to the Issuer, the Bank and the Group. Each of the Issuer and the Bank accepts full responsibility for the accuracy of the information contained in this document and confirms, having made all reasonable enquiries, that to the best of its knowledge and belief there are no other facts the omission of which would make any statement herein misleading.

1.	Issuer:	China Construction Bank Corporation London Branch 中國建設銀行股份有限公司倫敦分行
2.	(i) Series Number:	92
	(ii) Tranche Number:	1
3.	Specified Currency or Currencies:	Renminbi ("**CNY**")

General

48.	The aggregate nominal amount of Notes issued has been translated into U.S. dollars at the rate of U.S.$1.00 = CNY6.7843, producing a sum of (for Notes not denominated in U.S. dollars):	Approximately U.S.$442,197,426
49.	In the case of Registered Notes, specify the location of the office of the Registrar if other than Hong Kong:	Not Applicable

50.	In the case of Bearer Notes, specify the location of the office of the Fiscal Agent if other than London:	Not Applicable
51.	Private Bank Rebate/Commission:	Not Applicable
52.	(i) Date of approval for issuance of Notes obtained:	Pursuant to the request for Instructions on the Recent Issuance of Medium and Long-term Overseas Bonds approved by Zhang Yi, the president of the Bank, dated 9 May 2026, the Notice on Further Regulating the Issuance of Debt Finance Instruments by Overseas Institutions (Guo Ji Ye Wu Bu [2014] No.222) 《關於進一步規範海外機構負債金融工具發行管理的通知》 (國際業務部[2014] 222 號), the Notice Concerning the Further Strengthening the Foreign Debt Business Management (Jian Zong Han (2014) No. 574) 《關於進一步加強海外負債業務管理的通知》(建總函(2014)574 號), the Approval of the MTN Programme Update of the Hong Kong Branch (Jian Zi Zhai (2017) No. 74)《關於更新香港分行中期票據計劃方案的批覆》（建資債(2017)74 號）, the relevant processing sheet of the Notice for Issuance of Overseas Green Bonds 《關於組織發行境外綠色債券的通知》 in relation to the MTN programme update of the Hong Kong Branch, the issue of the Notes under the Programme has been duly authorised.
	(ii) Date of any regulatory approval for the issuance of the Notes:	Pursuant to the Enterprise Overseas Debt Borrowing Examination and Registration Certificate (企業借用外債審核登記證明) (發改辦外債[2026]40 號) issued by the NDRC.

Use of Proceeds

The net proceeds of the issue of the Notes will be allocated to finance and/or refinance, in whole or in part, loans to customers involved in, as well as the Bank's own operational activities in Eligible Green Projects which satisfy the green criteria of the Green Eligible Categories, as further described in the sections entitled "*Use of Proceeds*" and "*Green, Social, Sustainability and Sustainability-Linked Bond Framework*" in the Drawdown Offering Circular and in accordance with applicable laws and regulations (including those with respect to the remittance of proceeds into the PRC).

Listing

This Pricing Supplement comprises the final terms required to list the issue of the Notes described herein pursuant to the U.S.$15,000,000,000 Medium Term Note Programme of China Construction Bank Corporation 中國建設銀行股份有限公司 and China Construction Bank Corporation Hong Kong Branch 中國建設銀行股份有限公司香港分行.

Stabilisation

In connection with the issue of the Notes, the Managers named as the Stabilisation Manager(s) (or person(s) acting on behalf of any Stabilisation Manager(s)) in this Pricing Supplement may over-allot Notes or effect transactions with a view to supporting the price of the Notes at a level higher than that which might otherwise

prevail for a limited period after the Issue Date. However, there is no obligation on such Stabilisation Manager(s) to do this. Such stabilising, if commenced, may be discontinued at any time, and must be brought to an end after a limited period. Such stabilising shall be in compliance with all applicable laws, regulations and rules.

Material Adverse Change Statement

Save as disclosed in the Base Offering Circular and the Drawdown Offering Circular, there has been no material adverse change in the financial position or prospects of the Issuer or of the Group since 31 December 2025.

Responsibility

The Issuer accepts responsibility for the information contained in this Pricing Supplement.

UK TAXATION

The section headed "Taxation" on pages 166 to 171 of the Base Offering Circular shall be supplemented with the following:

UK TAXATION

*The comments below are of a general nature based on current UK tax law as applied in England and Wales and HM Revenue and Customs ("**HMRC**") practice (which may not be binding on HMRC), in each case as at the latest practicable date before the date of this Drawdown Offering Circular, and are not intended to be exhaustive. They assume that there will be no substitution of the London Branch and do not address the consequences of any such substitution (notwithstanding that such substitution may be permitted by the terms and conditions of the CNY Notes). Any holders of CNY Notes who are in doubt as to their own tax position, or who may be subject to tax in a jurisdiction other than the UK, should consult their professional advisers. In particular, holders of CNY Notes should be aware that the tax legislation of any jurisdiction where a holder of CNY Notes is resident or otherwise subject to taxation (as well as the jurisdiction discussed below) may have an impact on the tax consequences of an investment in the CNY Notes including in respect of any income received from the CNY Notes.*

WITHHOLDING TAX ON NOTES WHERE PAYMENTS OF INTEREST HAVE A UK SOURCE (THE "UK NOTES")

References to "interest" in this section mean interest as understood for UK withholding tax purposes. Any redemption premium may be "interest" for these purposes that would be subject to the rules on United Kingdom withholding tax outlined below.

While the UK Notes are and continue to be listed on a recognised stock exchange within the meaning of Section 1005 Income Tax Act 2007 ("**ITA 2007**"), or admitted to trading on a multilateral trading facility operated by a UK, Gibraltar or an EEA regulated recognised stock exchange within the meaning of Sections 987 and 1005 ITA 2007, payments of interest by the London Branch on the UK Notes may be made without withholding or deduction for or on account of UK income tax (the "**Quoted Eurobond Exemption**"). The Hong Kong Stock Exchange and the London Stock Exchange are recognised stock exchanges for these purposes. The UK Notes will qualify for the Quoted Eurobond Exemption if they are officially listed in Hong Kong in accordance with provisions corresponding to those generally applicable in countries in the European Economic Area and are admitted to trading on the Main Board of the Hong Kong Stock Exchange. The UK Notes will also qualify for the Quoted Eurobond Exemption if they are admitted to trading on the International Securities Market, being a multilateral trading facility operated by a UK regulated recognised stock exchange (the London Stock Exchange) for these purposes.

In addition to the Quoted Eurobond Exemption, payments of interest by the London Branch may be made without withholding or deduction for or on account of UK income tax provided that the London Branch is and continues to be a bank within the meaning of Section 991 of the ITA 2007 and the interest on the UK Notes is paid in the ordinary course of its business within the meaning of Section 878 of the ITA 2007.

In all other cases falling outside of the exemptions described above, interest will generally be paid by the London Branch on the UK Notes under deduction of UK income tax and an amount must generally be withheld from payments of interest on account of UK income tax at the basic rate (currently 20 per cent.), subject to any other available exemptions and reliefs under domestic law. However, where an applicable double tax treaty provides for a lower rate of withholding tax (or for no tax to be withheld) in relation to a Noteholder, HMRC can issue a notice to the London Branch to pay interest to the Noteholder without deduction of tax (or for interest

to be paid with tax deducted at the rate provided for in the relevant double tax treaty). From April 2027, provisions in the Finance Act 2026 provide that the rate of withholding will be equal to the savings basic rate of income tax, and that such rate will increase to 22 per cent.

WITHHOLDING TAX ON PAYMENTS OF INTEREST ON NOTES ISSUED BY THE BANK WHICH DO NOT HAVE A UK SOURCE

The analysis set out in the above paragraphs applies to payments of interest where such interest has a UK source. In the case of interest which does not have a UK source, payments of interest on the CNY Notes may generally be made without withholding or deduction for or on account of UK income tax.

ANNEX I – BASE OFFERING CIRCULAR DATED 5 JUNE 2026

IMPORTANT NOTICE

THIS OFFERING IS AVAILABLE ONLY TO INVESTORS WHO ARE ADDRESSEES OUTSIDE OF THE UNITED STATES AND (IN THE CASE OF CATEGORY 2 OF REGULATION S NOTES) ARE NOT U.S. PERSONS.

IMPORTANT: You must read the following disclaimer before continuing. The following disclaimer applies to the attached offering circular. You are advised to read this disclaimer carefully before accessing, reading or making any other use of the attached offering circular. In accessing the attached offering circular, you agree to be bound by the following terms and conditions, including any modifications to them from time to time, each time you receive any information from us as a result of such access.

Confirmation of Your Representation: This offering circular is being sent to you at your request, and by accepting the e-mail and accessing the attached document, you shall be deemed to represent to each of China Construction Bank Corporation 中國建設銀行股份有限公司 (the "**Bank**"), China Construction Bank Corporation Hong Kong Branch 中國建設銀行股份有限公司香港分行 (the "**Hong Kong Branch**") or such other branch of the Bank as specified in the relevant Pricing Supplement (a "**Branch Issuer**" and together with the Bank and the Hong Kong Branch, an "**Issuer**") and China Construction Bank (Asia) Corporation Limited (the "**Arranger**") that (1) you and any customers you represent are not and that the e-mail address that you gave us and to which this e-mail has been delivered is not located in the United States, its territories or possessions and (in the case of Category 2 of Regulation S Notes) are not a U.S. person (as defined in Regulation S under the U.S. Securities Act of 1933, as amended (the "**Securities Act**")), and (2) that you consent to delivery of the attached and any amendments or supplements thereto by electronic transmission.

The attached document has been made available to you in electronic form. You are reminded that documents transmitted via this medium may be altered or changed during the process of transmission and consequently none of the Bank, the Hong Kong Branch, the Issuer, the Arranger, the dealers named herein (the "**Dealers**"), the agents named herein (the "**Agents**") nor their respective affiliates and their respective directors, officers, employees, representatives, agents and each person who controls the Bank, the Hong Kong Branch, the Issuer, an Arranger, a Dealer, an Agent or their respective affiliates accepts any liability or responsibility whatsoever in respect of any discrepancies between the document distributed to you in electronic format and the hard copy version. We will provide a hard copy version to you upon request.

THE SECURITIES HAVE NOT BEEN, AND WILL NOT BE, REGISTERED UNDER THE SECURITIES ACT, OR THE SECURITIES LAWS OF ANY STATE OF THE UNITED STATES OR OTHER JURISDICTION AND THE SECURITIES MAY NOT BE OFFERED OR SOLD OR (IN THE CASE OF SECURITIES IN BEARER FORM) DELIVERED WITHIN THE UNITED STATES OR (IN THE CASE OF CATEGORY 2 OF REGULATION S NOTES) TO, OR FOR THE ACCOUNT OR BENEFIT OF, U.S. PERSONS EXCEPT PURSUANT TO AN EXEMPTION FROM, OR IN A TRANSACTION NOT SUBJECT TO, THE REGISTRATION REQUIREMENTS OF THE SECURITIES ACT AND APPLICABLE STATE OR LOCAL SECURITIES LAWS.

Nothing in this electronic transmission constitutes an offer or an invitation by or on behalf of the Bank, the Hong Kong Branch, the Issuer, the Arranger or the Dealers to subscribe for or purchase any of the securities described therein, and access has been limited so that it shall not constitute in the United States or elsewhere directed selling efforts (within the meaning of Regulation S under the Securities Act). If a jurisdiction requires that the offering be made by a licensed broker or dealer and an Arranger or a Dealer or any affiliate of it is a licensed broker or dealer in that jurisdiction, the offering shall be deemed to be made by it or such affiliate on behalf of the Issuer in such jurisdiction.

You are reminded that you have accessed the attached offering circular on the basis that you are a person into whose possession this offering circular may be lawfully delivered in accordance with the laws of the jurisdiction in which you are located and you may not nor are you authorised to deliver this document, electronically or otherwise, to any other person. If you have gained access to this transmission contrary to the foregoing restrictions, you are not allowed to purchase any of the securities described in the attached.

Actions that You May Not Take: If you receive this document by e-mail, you should not reply by e-mail to this document, and you may not purchase any securities by doing so. Any reply e-mail communications, including those you generate by using the "Reply" function on your e-mail software, will be ignored or rejected.

YOU ARE NOT AUTHORISED TO AND YOU MAY NOT FORWARD OR DELIVER THE ATTACHED OFFERING CIRCULAR, ELECTRONICALLY OR OTHERWISE, TO ANY OTHER PERSON OR REPRODUCE SUCH OFFERING CIRCULAR IN ANY MANNER WHATSOEVER. ANY FORWARDING, DISTRIBUTION OR REPRODUCTION OF THE ATTACHED OFFERING CIRCULAR IN WHOLE OR IN PART IS UNAUTHORISED. FAILURE TO COMPLY WITH THIS DIRECTIVE MAY RESULT IN A VIOLATION OF THE SECURITIES ACT OR THE APPLICABLE LAWS OF OTHER JURISDICTIONS.

You are responsible for protecting against viruses and other destructive items. If you receive this document by e-mail, your use of this e-mail is at your own risk and it is your responsibility to take precautions to ensure that it is free from viruses and other items of a destructive nature.

CHINA CONSTRUCTION BANK CORPORATION
中國建設銀行股份有限公司

(a joint stock company incorporated in the People's Republic of China with limited liability)

CHINA CONSTRUCTION BANK CORPORATION
HONG KONG BRANCH
中國建設銀行股份有限公司香港分行

U.S.$15,000,000,000
Medium Term Note Programme

Under the Medium Term Note Programme (the "**Programme**"), China Construction Bank Corporation 中國建設銀行股份有限公司 (the "**Bank**") and China Construction Bank Corporation Hong Kong Branch中國建設銀行股份有限公司香港分行 (the "**Hong Kong Branch**") may from time to time issue medium term notes (the "**Notes**"), subject to compliance with all relevant laws, regulations and directives. This offering circular (this "**Offering Circular**") supersedes the offering circular dated 16 May 2025 and all other offering circulars before such date. Any Notes issued under the Programme on or after the date of this Offering Circular are issued subject to the provisions described herein save for, in the case of the terms and conditions of the Notes, any Notes issued on or after the date of this Offering Circular so as to be consolidated and form a single series with any Series (as defined under "**Terms and Conditions of the Notes**") of Notes issued before the date of this Offering Circular. Under the Programme, the Bank, the Hong Kong Branch or such other branch of the Bank as specified in the relevant Pricing Supplement (a "**Branch Issuer**" and, together with the Bank and the Hong Kong Branch, each an "**Issuer**"), subject to compliance with all relevant laws, regulations and directives, may from time to time issue Notes denominated in any currency agreed between the Issuer and the relevant Dealer (as defined below).

Notes may be issued in bearer or registered form (respectively "**Bearer Notes**" and "**Registered Notes**"). The maximum aggregate nominal amount of all Notes from time to time outstanding under the Programme will not exceed U.S.$15,000,000,000 (or its equivalent in other currencies calculated as described in the Dealer Agreement described herein), subject to increase as described herein.

The Notes may be issued on a continuing basis to one or more of the Dealers specified under "*Summary of the Programme*" and any additional Dealer appointed under the Programme from time to time by the Issuer (each a "**Dealer**" and together the "**Dealers**"), which appointment may be for a specific issue or on an ongoing basis. References in this Offering Circular to the "**relevant Dealer**" shall, in the case of an issue of Notes being (or intended to be) subscribed by more than one Dealer, be to all Dealers agreeing to subscribe such Notes.

Where applicable for a relevant Tranche of Notes, the Notes will be issued within the relevant annual or otherwise general foreign debt issuance quota granted to the Bank by the National Development and Reform Commission of the PRC (the "**NDRC**") or registration will be completed by the Bank with the NDRC pursuant to the Administrative Measures for the Examination and Registration of Medium- and Long-term Foreign Debts of Enterprises (企業中長期外債審核登記管理辦法(國家發展和改革委員會令第56號)) which took effect on 10 February 2023 (as supplemented, amended or replaced from time to time) and any implementation rules or policies as issued by the NDRC from time to time (the "**NDRC Order 56**"). After the issuance of such relevant Tranche of Notes, the Bank intends to provide the requisite information on the issuance of such Notes to the NDRC within the time period as required by the NDRC.

Notice of the aggregate nominal amount of Notes, interest (if any) payable in respect of Notes, the issue price of Notes and any other terms and conditions not contained herein which are applicable to each Tranche (as defined under "**Terms and Conditions of the Notes**") of Notes will be set out in a pricing supplement (the "**Pricing Supplement**"). Application has been made to The Stock Exchange of Hong Kong Limited (the "**Hong Kong Stock Exchange**") for the listing of the Programme on the Hong Kong Stock Exchange under which Notes may be issued to professional investors (as defined in Chapter 37 of the Rules Governing the Listing of Securities on The Stock Exchange of Hong Kong Limited) ("**Professional Investors**") only during the 12-month period after the date of this Offering Circular. This document is for distribution to Professional Investors only.

Notice to Hong Kong investors: Each Issuer confirms that the Notes to be issued under the Programme are intended for purchase by Professional Investors only, and the Programme and the Notes, to the extent such Notes are to be listed on the Hong Kong Stock Exchange, will be listed on the Hong Kong Stock Exchange on that basis. Accordingly, each Issuer confirms that the Notes are not appropriate as an investment for retail investors in Hong Kong. Investors should carefully consider the risks involved. **The Hong Kong Stock Exchange has not reviewed the contents of this Offering Circular, other than to ensure that the prescribed form disclaimer and responsibility statements, and a statement limiting distribution of this Offering Circular to Professional Investors only have been reproduced in this Offering Circular. Listing of the Programme or the Notes on the Hong Kong Stock Exchange is not to be taken as an indication of the commercial merits or credit quality of the Programme, the Notes, any Issuer, the Bank, the Hong Kong Branch or the Group or quality of disclosure in this document.**

Hong Kong Exchanges and Clearing Limited and the Hong Kong Stock Exchange take no responsibility for the contents of this Offering Circular, make no representation as to its accuracy or completeness and expressly disclaim any liability whatsoever for any loss howsoever arising from or in reliance upon the whole or any part of the contents of this Offering Circular.

The Programme provides that Notes may be listed or admitted to trading, as the case may be, on such other or further stock exchanges or markets as may be agreed between the Issuer and the relevant Dealer. The Issuer may also issue unlisted Notes.

Each Tranche of Notes of each Series (as defined in "**Form of the Notes**") in bearer form will be represented on issue by a temporary global note in bearer form (each a "**Temporary Global Note**") or a permanent global note in bearer form (each a "**Permanent Global Note**", and together with any Temporary Global Notes, the "**Global Notes**" and each a "**Global Note**"). Notes in registered form will initially be represented by a global note in registered form (each a "**Registered Global Note**" or "**Global Certificate**"). The Registered Global Notes will be registered in the name of, or in the name of a nominee for, one or more clearing systems. The Global Notes may be deposited on the issue date with a common depositary for Euroclear Bank SA/NV ("**Euroclear**") and Clearstream Banking S.A. ("**Clearstream**"). The Global Notes and the Global Certificate may also be deposited with a sub-custodian for the Hong Kong Monetary Authority (the "**HKMA**"), as operator of the Central Moneymarkets Unit Service, operated by the HKMA (the "**CMU Service**" or "**CMU**"). The provisions governing the exchange of interests in the Global Notes and the Global Certificate and the exchange for definitive Notes are described in "*Form of the Notes*".

The Issuer may agree with any Dealer (as defined herein) that the Notes may be issued in a form not contemplated by the Terms and Conditions of the Notes herein, in which event a supplemental offering circular, if appropriate, will be made available which will describe the effect of the agreement reached in relation to such Notes.

The Bank has been rated A by Fitch Ratings Ltd. ("**Fitch**"). The Programme has been rated A by Fitch. Notes issued under the Programme may be rated or unrated. Where an issue of a certain series of Notes is rated, its rating will not necessarily be the same as the rating applicable to the Programme and (where applicable) such rating will be specified in the relevant Pricing Supplement. A rating is not a recommendation to buy, sell or hold securities and may be subject to suspension, change or withdrawal at any time by the assigning rating agency.

Investing in Notes issued under the Programme involves certain risks and may not be suitable for all investors. Investors should have sufficient knowledge and experience in financial and business matters to evaluate the information contained in this Offering Circular and in the applicable Pricing Supplement and the merits and risks of investing in a particular issue of Notes in the context of their financial position and particular circumstances. Investors also should have the financial capacity to bear the risks associated with an investment in Notes. Investors should not purchase Notes unless they understand and are able to bear risks associated with Notes. See "*Risk Factors*" beginning on page 74 for a discussion of certain factors to be considered in connection with an investment in the Notes.

Arranger and Dealer

China Construction Bank (Asia)

The date of this Offering Circular is 5 June 2026

IMPORTANT NOTICE

Each of the Issuer, the Hong Kong Branch and the Bank having made all reasonable enquiries confirms that to the best of its knowledge and belief (i) this Offering Circular contains all information with respect to the Issuer, the Hong Kong Branch and the Bank and its subsidiaries taken as a whole (the "**Group**") and to the Notes which is material in the context of the issue and offering of the Notes (including all information required by applicable laws and the information which, according to the particular nature of the Issuer, the Hong Kong Branch, the Bank and of the Notes, is necessary to enable investors to make an informed assessment of the assets and liabilities, financial position, profits and losses, and prospects of the Issuer, the Hong Kong Branch and the Group and of the rights attaching to the Notes); (ii) the statements contained herein relating to the Issuer, the Hong Kong Branch, the Bank, the Group and the Notes are in every material respect true and accurate and not misleading and (iii) there are no other facts in relation to the Issuer, the Hong Kong Branch, the Bank, the Group or the Notes, the omission of which would, in the context of the issue and offering of the Notes, make any statement in this Offering Circular misleading in any material aspect.

This Offering Circular includes particulars given in compliance with the Rules Governing the Listing of Securities on The Stock Exchange of Hong Kong Limited for the purpose of giving information with regard to each Issuer, the Hong Kong Branch, the Bank and the Group. Each Issuer, the Hong Kong Branch and the Bank accepts full responsibility for the accuracy of the information contained in this Offering Circular and confirms, having made all reasonable enquiries, that to the best of its knowledge and belief there are no other facts the omission of which would make any statement herein misleading.

No person is or has been authorised by the Issuer, the Hong Kong Branch or the Bank to give any information or to make any representations other than those contained in this Offering Circular in connection with the Programme or the Notes and, if given or made, such information or representations must not be relied upon as having been authorised by the Issuer, the Hong Kong Branch, the Bank, the Arranger, the Agents or the Dealers or any of their respective directors, officers, employees, agents, representatives or affiliates or any person who controls any of them.

The Arranger, the Agents and the Dealers have not separately verified the information contained in this Offering Circular to the fullest extent permitted by law. None of the Arranger, the Agents or the Dealers or any of their respective directors, officers, employees, agents, representatives or affiliates or any person who controls any of them makes any representation, warranty or undertaking, express or implied, or accepts any responsibility, with respect to the accuracy or completeness of any of the information in this Offering Circular. To the fullest extent permitted by law, none of the Arranger, the Agents or the Dealers or any of their respective directors, officers, employees, agents, representatives or affiliates or any person who controls any of them accepts any responsibility for the contents of this Offering Circular. Each of the Arranger, the Agents and the Dealers or any of their respective directors, officers, employees, agents, representatives or affiliates or any person who controls any of them accordingly disclaims all and any liability whether arising in tort or contract or otherwise (save as referred to above) which it might otherwise have in respect of this Offering Circular or any such statement. Neither this Offering Circular nor any financial statements included or incorporated herein are intended to provide the basis of any credit or other evaluation and should not be considered as a recommendation by any of the Issuer, the Hong Kong Branch, the Bank, the Arranger, the Agents or the Dealers or any of their respective directors, officers, employees, agents, representatives or affiliates or any person who controls any of them that any recipient of this Offering Circular or any such financial statements should purchase the Notes. Each potential purchaser of Notes should determine for itself the relevance of the information contained in this Offering Circular and make its own independent investigation of the financial condition and affairs, and its own appraisal of the creditworthiness, of the Issuer, the Hong Kong Branch, the Bank and the risks involved. The purchase of Notes by investors should be based upon their investigation, as they deem necessary. None of the Arranger, the Agents nor the Dealers or any of their respective directors, officers, employees, agents, representatives or affiliates or any person who controls any of them undertakes to

review the financial condition or affairs of the Issuer, the Hong Kong Branch, the Bank and the Group during the life of the arrangements contemplated by this Offering Circular, nor to advise any investor or potential investor in the Notes of any information coming to the attention of any of the Arranger or the Dealers or any of their respective directors, officers, employees, agents, representatives or affiliates or any person who controls any of them.

Neither this Offering Circular nor any other information supplied in connection with the Programme or the issue of any Notes constitutes an offer or invitation by or on behalf of the Issuer, the Hong Kong Branch, the Bank, any of the Arranger or the Dealers or any of their respective directors, officers, employees, agents, representatives or affiliates or any person who controls any of them to any person to subscribe for or to purchase any Notes.

Neither the delivery of this Offering Circular or any Pricing Supplement nor the offering, sale or delivery of any Notes shall in any circumstances imply that the information contained herein concerning the Issuer, the Hong Kong Branch or the Bank is correct at any time subsequent to the date hereof or that any other information supplied in connection with the Programme is correct as of any time subsequent to the date indicated in the document containing the same. The Arranger, the Agents and the Dealers or any of their respective directors, officers, employees, agents, representatives or affiliates or any person who controls any of them expressly do not undertake to review the financial condition or affairs of the Issuer, the Hong Kong Branch or the Bank during the life of the Programme or to advise any investor in the Notes of any information coming to their attention. Investors should review, inter alia, the most recently published documents incorporated by reference into this Offering Circular when deciding whether or not to purchase any Notes.

IN CONNECTION WITH THE ISSUE OF ANY TRANCHE OF NOTES, THE DEALER OR DEALERS (IF ANY) NAMED AS THE STABILISATION MANAGER(S) (OR PERSON(S) ACTING ON BEHALF OF ANY STABILISATION MANAGER(S)) IN THE APPLICABLE PRICING SUPPLEMENT MAY OVER-ALLOT NOTES OR EFFECT TRANSACTIONS WITH A VIEW TO SUPPORTING THE MARKET PRICE OF THE NOTES AT A LEVEL HIGHER THAN THAT WHICH MIGHT OTHERWISE PREVAIL. HOWEVER, STABILISATION MAY NOT NECESSARILY OCCUR. ANY STABILISATION ACTION MAY BEGIN ON OR AFTER THE DATE ON WHICH ADEQUATE PUBLIC DISCLOSURE OF THE TERMS OF THE OFFER OF THE RELEVANT TRANCHE OF NOTES IS MADE AND, IF BEGUN, MAY CEASE AT ANY TIME, BUT IT MUST END NO LATER THAN THE EARLIER OF 30 DAYS AFTER THE ISSUE DATE OF THE RELEVANT TRANCHE OF NOTES AND 60 DAYS AFTER THE DATE OF ALLOTMENT OF THE RELEVANT TRANCHE OF NOTES. ANY STABILISATION ACTION OR OVER-ALLOTMENT MUST BE CONDUCTED BY THE RELEVANT STABILISATION MANAGER(S) (OR PERSON(S) ACTING ON BEHALF OF ANY STABILISATION MANAGER(S)) IN ACCORDANCE WITH ALL APPLICABLE LAWS AND RULES.

The Notes have not been and will not be registered under the U.S. Securities Act of 1933, as amended (the "**Securities Act**"), and Bearer Notes are subject to U.S. tax law requirements. Subject to certain exceptions, the Notes may not be offered, sold or (in the case of Bearer Notes) delivered within the United States or (in the case of Category 2 of Regulation S Notes) to, or for the account or benefit of, U.S. persons (as defined in Regulation S under the Securities Act). For a further description of certain restrictions on the offering and sale of the Notes and on distribution of this Offering Circular, see "*Subscription and Sale*" and the applicable Pricing Supplement.

IMPORTANT — EEA RETAIL INVESTORS — If the Pricing Supplement in respect of any Notes includes a legend entitled "**Prohibition of Sales to EEA Retail Investors**", the Notes are not intended to be offered, sold or otherwise made available to and should not be offered, sold or otherwise made available to any retail investor in the European Economic Area ("**EEA**"). For these purposes, a retail investor means a person who is one (or more) of: (i) a retail client as defined in point (11) of Article 4(1)

of Directive 2014/65/EU (as amended, "**MiFID II**"); (ii) a customer within the meaning of Directive (EU) 2016/97 (as amended, the "**Insurance Distribution Directive**"), where that customer would not qualify as a professional client as defined in point (10) of Article 4(1) of MiFID II; or (iii) not a qualified investor as defined in Regulation (EU) 2017/1129 (as amended, the "**Prospectus Regulation**"). Consequently no key information document required by Regulation (EU) No. 1286/2014 (as amended, the "**PRIIPs Regulation**") for offering or selling the Notes or otherwise making them available to retail investors in the EEA has been prepared and therefore offering or selling the Notes or otherwise making them available to any retail investor in the EEA may be unlawful under the PRIIPs Regulation.

IMPORTANT — UK RETAIL INVESTORS — If the Pricing Supplement in respect of any Notes includes a legend entitled "**Prohibition of Sales to UK Retail Investors**", the Notes are not intended to be offered, sold, distributed or otherwise made available to and should not be offered, sold, distributed or otherwise made available to any retail investor in the United Kingdom ("**UK**"). For these purposes, a retail investor means a person who is either one (or both) of the following: (i) not a professional client, as defined in point (8) of Article 2(1) of Regulation (EU) No 600/2014 as it forms part of domestic law by virtue of the European Union (Withdrawal) Act 2018 ("**EUWA**"); or (ii) not a qualified investor as defined in paragraph 15 of Schedule 1 to the Public Offers and Admissions to Trading Regulations 2024. Consequently no disclosure document required by the FCA Product Disclosure Sourcebook ("**DISC**") for offering, selling or distributing the Notes or otherwise making them available to retail investors in the UK has been prepared and therefore offering, selling or distributing the Notes or otherwise making them available to any retail investor in the UK may be unlawful under DISC and the Consumer Composite Investments (Designated Activities) Regulations 2024.

MIFID II product governance/target market — The Pricing Supplement in respect of any Notes may include a legend entitled "**MiFID II Product Governance**" which will outline the target market assessment in respect of the Notes and which channels for distribution of the Notes are appropriate. Any person subsequently offering, selling or recommending the Notes (a "**distributor**") should take into consideration the target market assessment; however, a distributor subject to MiFID II is responsible for undertaking its own target market assessment in respect of the Notes (by either adopting or refining the target market assessment) and determining appropriate distribution channels.

A determination will be made in relation to each issue about whether, for the purpose of the MiFID Product Governance rules under EU Delegated Directive 2017/593 (the "**MiFID Product Governance Rules**"), any Dealer subscribing for any Notes is a manufacturer in respect of such Notes, but otherwise neither the Arranger nor the Dealers nor any of their respective affiliates will be a manufacturer for the purpose of the MiFID Product Governance Rules.

UK MiFIR product governance/target market — The Pricing Supplement in respect of any Notes may include a legend entitled "**UK MiFIR Product Governance**" which will outline the target market assessment in respect of the Notes and which channels for distribution of the Notes are appropriate. Any distributor should take into consideration the target market assessment; however, a distributor subject to the FCA Handbook Product Intervention and Product Governance Sourcebook (the "**UK MiFIR Product Governance Rules**") is responsible for undertaking its own target market assessment in respect of the Notes (by either adopting or refining the target market assessment) and determining appropriate distribution channels.

A determination will be made in relation to each issue about whether, for the purpose of the UK MiFIR Product Governance Rules, any Dealer subscribing for any Notes is a manufacturer in respect of such Notes, but otherwise neither the Arranger nor the Dealers nor any of their respective affiliates will be a manufacturer for the purpose of the UK MiFIR Product Governance Rules.

Singapore SFA Product Classification: The Pricing Supplement in respect of any Notes may include a legend entitled "Singapore Securities and Futures Act Product Classification" which will state the product classification of the Notes pursuant to Section 309B(1) of the Securities and Futures Act 2001 of Singapore, as modified or amended from time to time (the "**SFA**"). If applicable, the Issuer will make a determination and provide the appropriate written notification to "relevant persons" in relation to each issue about the classification of the Notes being offered for the purposes of Section 309B(1)(a) and Section 309B(1)(c) of the SFA.

This Offering Circular does not constitute an offer to sell or the solicitation of an offer to buy any Notes in any jurisdiction to any person to whom it is unlawful to make the offer or solicitation in such jurisdiction. The distribution of this Offering Circular or any Pricing Supplement and the offer or sale of Notes may be restricted by law in certain jurisdictions. None of the Issuer, the Hong Kong Branch, the Bank, the Arranger, the Agents or the Dealers or any of their respective directors, officers, employees, agents, representatives or affiliates or any person who controls any of them represents that this Offering Circular or any Pricing Supplement may be lawfully distributed, or that any Notes may be lawfully offered, in compliance with any applicable registration or other requirements in any such jurisdiction, or pursuant to an exemption available thereunder, or assumes any responsibility for facilitating any such distribution or offering. In particular, no action has been taken by the Issuer, the Hong Kong Branch, the Bank, the Arranger or the Dealers or any of their respective directors, officers, employees, agents, representatives or affiliates or any person who controls any of them which would permit a public offering of any Notes or distribution of this Offering Circular or any Pricing Supplement in any jurisdiction where action for that purpose is required. Accordingly, no Notes may be offered or sold, directly or indirectly, and neither this Offering Circular nor any Pricing Supplement or any advertisement or other offering material may be distributed or published in any jurisdiction, except under circumstances that will result in compliance with any applicable laws and regulations. Persons into whose possession this Offering Circular or any Notes may come must inform themselves about, and observe, any such restrictions on the distribution of this Offering Circular and the offering and sale of Notes. In particular, there are restrictions on the distribution of this Offering Circular and the offer or sale of the Notes in the United States, the United Kingdom, the European Economic Area, Singapore, Japan, Hong Kong, the People's Republic of China, the United Arab Emirates (excluding the Dubai International Financial Centre), the Dubai International Financial Centre, the Kingdom of Saudi Arabia, the Kingdom of Bahrain and the State of Qatar. See "*Subscription and Sale*" and the relevant Pricing Supplement.

Notice to capital market intermediaries and prospective investors pursuant to paragraph 21 of the Hong Kong SFC Code of Conduct — Important Notice to Prospective Investors

Prospective investors should be aware that certain intermediaries in the context of certain offerings of Notes pursuant to the Programme, each such offering, a "CMI Offering", including certain Dealers, may be "capital market intermediaries" (together, the "**CMIs**") subject to Paragraph 21 of the Code of Conduct for Persons Licensed by or Registered with the Securities and Futures Commission (the "**SFC Code**"). This notice to prospective investors is a summary of certain obligations the SFC Code imposes on such CMIs, which require the attention and cooperation of prospective investors. Certain CMIs may also be acting as "overall coordinators" (together, the "**OCs**") for a CMI Offering and are subject to additional requirements under the SFC Code. The application of these obligations will depend on the role(s) undertaken by the relevant Dealers in respect of each CMI Offering.

Prospective investors who are the directors, employees or major shareholders of the Issuer, a CMI or its group companies would be considered under the SFC Code as having an association ("**Association**") with the Issuer, the CMI or the relevant group company. Prospective investors associated with the Issuer or any CMI (including its group companies) should specifically disclose this when placing an order for the relevant Notes and should disclose, at the same time, if such orders may negatively impact the price discovery process in relation to the relevant CMI Offering. Prospective investors who do not disclose their Associations are hereby deemed not to be so associated. Where prospective investors disclose their

Associations but do not disclose that such order may negatively impact the price discovery process in relation to the relevant CMI Offering, such order is hereby deemed not to negatively impact the price discovery process in relation to the relevant CMI Offering.

Prospective investors should ensure, and by placing an order prospective investors are deemed to confirm, that orders placed are bona fide, are not inflated and do not constitute duplicated orders (i.e. two or more corresponding or identical orders placed via two or more CMIs). A rebate may be offered by the Issuer to all private banks for orders they place (other than in relation to Notes subscribed by such private banks as principal whereby it is deploying its own balance sheet for onward selling to investors), payable upon closing of the relevant CMI Offering based on the principal amount of the Notes distributed by such private banks to investors. Private banks are deemed to be placing an order on a principal basis unless they inform the CMIs otherwise. As a result, private banks placing an order on a principal basis (including those deemed as placing an order as principal) will not be entitled to, and will not be paid, the rebate. Details of any such rebate will be set out in the applicable Pricing Supplement or otherwise notified to prospective investors. If a prospective investor is an asset management arm affiliated with any relevant Dealer, such prospective investor should indicate when placing an order if it is for a fund or portfolio where the relevant Dealer or its group company has more than 50 per cent. interest, in which case it will be classified as a "proprietary order" and subject to appropriate handling by CMIs in accordance with the SFC Code and should disclose, at the same time, if such "proprietary order" may negatively impact the price discovery process in relation to the relevant CMI Offering. Prospective investors who do not indicate this information when placing an order are hereby deemed to confirm that their order is not a "proprietary order". If a prospective investor is otherwise affiliated with any relevant Dealer, such that its order may be considered to be a "proprietary order" (pursuant to the SFC Code), such prospective investor should indicate to the relevant Dealer when placing such order. Prospective investors who do not indicate this information when placing an order are hereby deemed to confirm that their order is not a "proprietary order". Where prospective investors disclose such information but do not disclose that such "proprietary order" may negatively impact the price discovery process in relation to the relevant CMI Offering, such "proprietary order" is hereby deemed not to negatively impact the price discovery process in relation to the relevant CMI Offering.

Prospective investors should be aware that certain information may be disclosed by CMIs (including private banks) which is personal and/or confidential in nature to the prospective investor. By placing an order, prospective investors are deemed to have understood and consented to the collection, disclosure, use and transfer of such information by the relevant Dealers and/or any other third parties as may be required by the SFC Code, including to the Issuer, any OCs, relevant regulators and/or any other third parties as may be required by the SFC Code, it being understood and agreed that such information shall only be used for the purpose of complying with the SFC Code, during the bookbuilding process for the relevant CMI Offering. Failure to provide such information may result in that order being rejected.

PRESENTATION OF FINANCIAL INFORMATION

This Offering Circular contains the audited consolidated financial statements of the Group as at and for the year ended 31 December 2024 (the "**Group 2024 Annual Financial Statements**") and the audited consolidated financial statements of the Group as at and for the year ended 31 December 2025 (the "**Group 2025 Annual Financial Statements**"). The Group 2024 Annual Financial Statements and the Group 2025 Annual Financial Statements, which are included elsewhere in this Offering Circular, were prepared in accordance with the International Financial Reporting Standards ("**IFRS**") as issued by the International Accounting Standards Board ("**IASB**"). From 1 January 2019, the independent auditor of the Bank has been Ernst & Young, Certified Public Accountants, Hong Kong ("**Ernst & Young**").

The selected consolidated financial information of the Group as at and for the year ended 31 December 2023 has been extracted from the Group 2024 Annual Financial Statements contained in the annual report of the Group published by the Bank on the website of the Hong Kong Stock Exchange on 25 April 2025 (the "**2024 Annual Report**"). The selected consolidated financial information of the Group as at and for the years ended 31 December 2024 and 2025 has been extracted from the Group 2025 Annual Financial Statements contained in the annual report of the Group published by the Bank on the website of the Hong Kong Stock Exchange on 27 April 2026 (the "**2025 Annual Report**"). The Group 2024 Annual Financial Statements and the Group 2025 Annual Financial Statements were audited by Ernst & Young.

In respect of the Group 2024 Annual Financial Statements, the Group has adopted — "Amendments to IFRS 16 (*Lease Liability Measurement in a Sale and Leaseback Transaction*)", "Amendments to IAS 1 (*Classification of Liabilities as Current or Non-current*)", "Amendments to IAS 1 (*Non-current Liabilities with Covenants*)" and "Amendments to IAS 7 and IFRS 7 (*Supplier Finance Arrangements*)" — the revised IFRS accounting standards for the year ended 31 December 2024. Please refer to note 3 of the Group 2024 Annual Financial Statements.

In respect of the Group 2025 Annual Financial Statements, the Group has adopted Amendments to IAS 21 (*Lack of Exchangeability*) for the year ended 31 December 2025. The adoption of such amendments does not have a significant impact on the Group's consolidated financial statements. Please refer to note 3 of the Group 2025 Annual Financial Statements. In addition, in accordance with the Q&As on the Implementation of Accounting Treatment for Standard Warehouse Receipt Transactions and the Notice on Strictly Implementing Enterprise Accounting Standards and Ensuring the Quality of 2025 Annual Reports of Enterprises issued by the Ministry of Finance of PRC ("**MOF**"), the Group has modified the presentation of warehouse receipt transaction since 2025 and adjusted the presentation of comparative figures of 2024.

Investors must therefore exercise caution when making comparisons between such financial data when evaluating the Group's financial condition and results of operations. Please refer to "*Risk Factors — Risks Relating to the Bank's Business — The Group's historical financial information may not be indicative of its current or future results of operations and investors should exercise caution in comparing financial data between years or periods due to changes in accounting standards*".

CERTAIN DEFINITIONS

Unless otherwise specified or the context requires, references herein to the "Bank "refer to China Construction Bank Corporation 中國建設銀行股份有限公司; references to the "Hong Kong Branch" refer to China Construction Bank Corporation Hong Kong Branch 中國建設銀行股份有限公司香港分行; references to the "Issuer" refer to the Bank, the Hong Kong Branch or such other branch of the Bank as specified in the relevant Pricing Supplement as being the issuer of a Series of Notes; references to the "Group" refer to the Bank and its subsidiaries taken as a whole; references herein to "U.S. dollars" and "U.S.$" are to the lawful currency of the United States of America (the "**USA**" or the "**U.S.**"); references to "Hong Kong dollars", "HK dollars" and "HK$" are to the lawful currency of Hong Kong; references to "Renminbi", "RMB", "RMB Yuan" and "CNY" are to the lawful currency of the People's Republic of China (the "**PRC**"); references to "Sterling" and "£" are to the lawful currency of the United Kingdom and references to "EUR", "euro" and "€" are to the currency introduced at the start of the third stage of European economic and monetary union pursuant to the Treaty on the Functioning of the European Union, as amended.

The language of this Offering Circular is English. Certain legislative references and technical terms have been cited in their original language in order that the correct technical meaning may be ascribed to them under applicable law.

In addition, references to "Hong Kong" are to the Hong Kong Special Administrative Region of the PRC, references to "Macau" are to the Macau Special Administrative Region of the PRC, references to "Chinese Mainland" are to the PRC excluding Hong Kong and Macau and references to "Greater China" are to the PRC including Hong Kong and Macau.

Any discrepancies in any table between totals and sums of the amounts listed are due to rounding.

FORWARD-LOOKING STATEMENTS

The Issuer has included statements in this Offering Circular which contain words or phrases such as "will", "would", "aim", "aimed", "is likely", "are likely", "believe", "expect", "expected to", "will continue", "anticipated", "estimate", "estimating", "intend", "plan", "seeking to", "future", "objective", "should", "can", "could", "may", and similar expressions or variations of such expressions, that are "forward-looking statements". Actual results may differ materially from those suggested by the forward-looking statements due to certain risks or uncertainties associated with the Issuer's or the Bank's expectations with respect to, but not limited to, its ability to successfully implement its strategy, its ability to integrate recent or future mergers or acquisitions into its operations, future levels of non-performing assets and restructured assets, its growth and expansion, the adequacy of its provision for credit and investment losses, technological changes, investment income, its ability to market new products, cash flow projections, the outcome of any legal or regulatory proceedings it is or becomes a party to, the future impact of new accounting standards, its ability to pay dividends, its ability to roll over its short-term funding sources, its exposure to operational, market, credit, interest rate and currency risks and the market acceptance of and demand for internet banking services. These forward-looking statements speak only as of the date of this Offering Circular. The Bank expressly disclaims any obligation or undertaking to update or revise any forward-looking statements contained herein whether as a result of new information, future events or otherwise.

THIRD PARTY INFORMATION

Market data and certain industry forecasts and statistics in this Offering Circular have been obtained from both public and private sources, including market research, publicly available information and industry publications. Although this information is believed to be reliable, it has not been independently verified by the Issuer, the Hong Kong Branch, the Bank, any of the Arranger or the Dealers or any of their respective directors, officers, employees, agents, representatives or affiliates or any person who controls any of them, and none of the Issuer, the Hong Kong Branch, the Bank, any of the Arranger or the Dealers or any of their respective directors, officers, employees, agents, representatives or affiliates or any person who controls any of them make any representation as to the accuracy or completeness of that information. In addition, third party information providers may have obtained information from market participants and such information may not have been independently verified.

DOCUMENTS INCORPORATED BY REFERENCE

The following documents published or issued from time to time after the date hereof shall be deemed to be incorporated in, and to form part of, this Offering Circular:

(a) the most recently published two years' audited consolidated financial statements of the Bank and the most recently published unaudited but reviewed consolidated interim financial statements of the Bank, together with any audit or review reports prepared in connection therewith and the most recently published unaudited and unreviewed consolidated quarterly financial statements of the Bank; and

(b) all supplements or amendments to this Offering Circular circulated by the Issuer from time to time,

save that any statement contained herein or in a document which is deemed to be incorporated by reference herein shall be deemed to be modified or superseded for the purpose of this Offering Circular to the extent that a statement contained in any such subsequent document which is deemed to be incorporated by reference herein modifies or supersedes such earlier statement (whether expressly, by implication or otherwise). Any statement so modified or superseded shall not be deemed, except as so modified or superseded, to constitute a part of this Offering Circular.

The half-year consolidated interim financial statements of the Group have not been and will not be audited by any independent auditors, and the consolidated quarterly financial statements of the Group have not been and will not be audited or reviewed by any independent auditors, and they should not be relied upon by potential investors to provide the same quality of information associated with information that has been subject to an audit and/or review, as the case may be. None of the Arranger, the Agents or the Dealers or any of their respective directors, officers, employees, agents, representatives or affiliates or any person who controls any of them makes any representation or warranty, express or implied, regarding the accuracy, completeness and sufficiency of such consolidated financial statements of the Group for an assessment of, and potential investors must exercise caution when using such data to evaluate, the Bank's or the Group's financial condition and results of operations. See "*Risk Factors — Risks relating to the Bank's Business — Potential investors should not place undue reliance on the financial information incorporated by reference that is not audited*".

The Issuer will provide, without charge, to each person to whom a copy of this Offering Circular has been delivered, upon the request of such person, a copy of any or all of the documents deemed to be incorporated herein by reference unless such documents have been modified or superseded as specified above. Requests for such documents should be directed to the Issuer at its office, as set out at the end of this Offering Circular. In addition, such documents will be available free of charge from the office of China Construction Bank (Asia) Corporation Limited (中國建設銀行(亞洲)股份有限公司) (the "**Fiscal Agent**") at 3/F, CCB Tower, 3 Connaught Road Central, Central, Hong Kong. Pricing Supplements will only be available for inspection by a holder of such Notes and such holder must produce evidence satisfactory to the Issuer or the relevant Paying Agent as to its holding of Notes and its identity.

If the terms of the Programme are modified or amended in a manner which would make this Offering Circular, as so modified or amended, inaccurate or misleading, a new offering circular will be prepared.

GENERAL DESCRIPTION OF THE PROGRAMME

Under the Programme, the Issuer may from time to time issue Notes denominated in any currency, subject to those matters set out herein. A summary of the terms and conditions of the Programme and the Notes appears below. The applicable terms of any Notes will be agreed between the Issuer and the relevant Dealer prior to the issue of the Notes and will be set out in the Terms and Conditions of the Notes endorsed on, attached to, or incorporated by reference into, the Notes, as modified and supplemented by the applicable Pricing Supplement attached to, or endorsed on, such Notes, as more fully described under "*Form of the Notes*".

This Offering Circular and any supplement hereto will only be valid for Notes issued under the Programme during the period of 12 months from the date of this Offering Circular in an aggregate nominal amount which, when added to the aggregate nominal amount then outstanding of all Notes previously or simultaneously issued under the Programme, does not exceed U.S.$15,000,000,000 or its equivalent in other currencies. For the purpose of calculating the aggregate nominal amount of Notes issued under the Programme from time to time:

(a) the premium of Notes issued at a premium shall be added to their nominal amount;

(b) the nominal amount of Notes issued at a discount as at any time shall equal their nominal amount or, if defined and provided for in the Terms and Conditions of such Notes, their Amortised Face Amount as at such time;

(c) the nominal amount of partly paid Notes as at any time shall equal the amount of subscription moneys paid up as at such time; and

(d) the U.S. dollar equivalent of the nominal amount of Notes denominated in a currency other than U.S. dollars (which, in the case of dual currency Notes, shall be the currency in which the subscription moneys are received by the Issuer) shall be determined on the basis of the spot rate for the sale of the U.S. dollar against the purchase of the relevant currency in the London foreign exchange market quoted by any leading bank selected by the Issuer at any time during the five day period ending on the trade date relating to such Notes.

SELECTED CONSOLIDATED FINANCIAL INFORMATION

The following tables set forth the summary consolidated financial information of the Group as at and for the periods indicated.

The selected consolidated financial information as at and for the year ended 31 December 2023 is extracted from the Group 2024 Annual Financial Statements (contained in the 2024 Annual Report); the selected consolidated financial information as at and for the years ended 31 December 2024 and 2025 is extracted from the Group 2025 Annual Financial Statements (contained in the 2025 Annual Report), which were prepared and presented in accordance with IFRS. The Group 2024 Annual Financial Statements and the Group 2025 Annual Financial Statements were audited by Ernst & Young.

The information set out below should be read in conjunction with, and is qualified in its entirety by reference to, the relevant consolidated financial statements of the Group, including the notes thereto, included elsewhere in this Offering Circular.

In respect of the Group 2024 Annual Financial Statements, the Group has adopted — "Amendments to IFRS 16 (*Lease Liability Measurement in a Sale and Leaseback Transaction*)", "Amendments to IAS 1 (*Classification of Liabilities as Current or Non-current*)", "Amendments to IAS 1 (*Non-current Liabilities with Covenants*)" and "Amendments to IAS 7 and IFRS 7 (*Supplier Finance Arrangements*)" — the revised IFRS accounting standards for the year ended 31 December 2024. Please refer to note 3 of the Group 2024 Annual Financial Statements.

In respect of the Group 2025 Annual Financial Statements, the Group has adopted Amendments to IAS 21 (*Lack of Exchangeability*) for the year ended 31 December 2025. The adoption of such amendments does not have a significant impact on the Group's consolidated financial statements. Please refer to note 3 of the Group 2025 Annual Financial Statements. In addition, in accordance with the Q&As on the Implementation of Accounting Treatment for Standard Warehouse Receipt Transactions and the Notice on Strictly Implementing Enterprise Accounting Standards and Ensuring the Quality of 2025 Annual Reports of Enterprises issued by the MOF, the Group has modified the presentation of warehouse receipt transaction since 2025 and adjusted the presentation of comparative figures of 2024.

Investors must therefore exercise caution when making comparisons between such financial data when evaluating the Group's financial condition and results of operations. Please refer to "*Risk Factors — Risks Relating to the Bank's Business — The Group's historical financial information may not be indicative of its current or future results of operations and investors should exercise caution in comparing financial data between years or periods due to changes in accounting standards.*"

CONSOLIDATED STATEMENT OF FINANCIAL POSITION AS AT 31 DECEMBER 2023, 2024 AND 2025

SUMMARY OF THE PROGRAMME

The following summary does not purport to be complete and is taken from, and is qualified in its entirety by, the remainder of this Offering Circular and, in relation to the terms and conditions of any particular Tranche of Notes, the applicable Pricing Supplement. Words and expressions defined in "Form of the Notes" and "Terms and Conditions of the Notes" shall have the same meanings in this summary.

Bank	China Construction Bank Corporation 中國建設銀行股份有限公司
Hong Kong Branch	China Construction Bank Corporation Hong Kong Branch 中國建設銀行股份有限公司香港分行
Issuer	The Bank, the Hong Kong Branch or such branch of the Bank as specified in the relevant Pricing Supplement as being the Issuer of a Series of Notes.
Description	U.S.$15,000,000,000 Medium Term Note Programme.
Arranger	China Construction Bank (Asia) Corporation Limited
Dealers	China Construction Bank (Asia) Corporation Limited, and any other Dealers appointed in accordance with the Dealer Agreement.
Certain Restrictions	Each issue of Notes denominated in a currency in respect of which particular laws, guidelines, regulations, restrictions or reporting requirements apply will only be issued in circumstances which comply with such laws, guidelines, regulations, restrictions or reporting requirements from time to time (see "*Subscription and Sale*" and the relevant Pricing Supplement) including the following restrictions applicable at the date of this Offering Circular. **Notes having a maturity of less than one year** Notes having a maturity of less than one year will, if the proceeds of the issue are received in the United Kingdom, constitute deposits for the purposes of the prohibition on accepting deposits contained in Section 19 of the Financial Services and Markets Act 2000 unless they are issued to a limited class of professional investors and have a denomination of at least £100,000 or its equivalent, see "*Subscription and Sale*".
Fiscal Agent	China Construction Bank (Asia) Corporation Limited (中國建設銀行(亞洲)股份有限公司)
Registrar and Transfer Agent . . .	China Construction Bank (Asia) Corporation Limited (中國建設銀行(亞洲)股份有限公司)
CMU Lodging and Paying Agent	China Construction Bank (Asia) Corporation Limited (中國建設銀行(亞洲)股份有限公司)

Programme Size	Up to U.S.$15,000,000,000 (or its equivalent in other currencies calculated as described under "*General Description of the Programme*") outstanding at any time. The Bank or the Hong Kong Branch may increase the amount of the Programme in accordance with the terms of the Dealer Agreement.
Distribution.	Notes may be distributed by way of private or public placement and in each case on a syndicated or non-syndicated basis.
Currencies	Subject to any applicable legal or regulatory restrictions, any other currency agreed between the Issuer and the relevant Dealer.
Maturities	Such maturities as may be agreed between the Issuer and the relevant Dealer, subject to such minimum or maximum maturities as may be allowed or required from time to time by the relevant central bank (or equivalent body) or any laws or regulations applicable to the Issuer or the relevant Specified Currency.
Issue Price	Notes may be issued on a fully-paid or a partly-paid basis and at an issue price which is at par or at a discount to, or premium over, par.
Form of Notes	The Notes will be issued in bearer or registered form as described in "*Form of the Notes*". Registered Notes will not be exchangeable for Bearer Notes and vice versa.
Fixed Rate Notes	Fixed interest will be payable on such date or dates as may be agreed between the Issuer and the relevant Dealer and on redemption and will be calculated on the basis of such Day Count Fraction as may be agreed between the Issuer and the Dealer.
Floating Rate Notes	Floating Rate Notes will bear interest at a rate determined: (a) by the Calculation Agent in the matter as described in the relevant Pricing Supplement where ISDA Determination is specified in the relevant Pricing Supplement; (b) on the basis of a reference rate appearing on the agreed screen page of a commercial quotation service (in relation to Screen Rate Determination for Floating Rate Notes where the Reference Rate is specified as being SOFR Benchmark, please see Condition 5(b)(iii)(C)); or (c) on such other basis as may be agreed between the Issuer and the relevant Dealer. The margin (if any) relating to such floating rate will be agreed between the Issuer and the relevant Dealer for each series of Floating Rate Notes.

Index Linked Notes	Payments of principal in respect of Index Linked Redemption Notes or of interest in respect of Index Linked Interest Notes will be calculated by reference to such index and/or formula or to changes in the prices of securities or commodities or to such other factors as the Issuer and the relevant Dealer may agree.
Other provisions in relation to Floating Rate Notes and Index Linked Interest Notes	Floating Rate Notes and Index Linked Interest Notes may also have a maximum interest rate, a minimum interest rate or both. Interest on Floating Rate Notes and Index Linked Interest Notes in respect of each Interest Period, as agreed prior to issue by the Issuer and the relevant Dealer, will be payable on such Interest Payment Dates, and will be calculated on the basis of such Day Count Fraction, as may be agreed between the Issuer and the relevant Dealer.
Dual Currency Notes	Payments (whether in respect of principal or interest and whether at maturity or otherwise) in respect of Dual Currency Notes will be made in such currencies, and based on such rates of exchange, as the Issuer and the relevant Dealer may agree.
Zero Coupon Notes	Zero Coupon Notes will be offered and sold at a discount to their nominal amount, or offered and sold at their nominal amount and be redeemed at a premium, and will not bear interest.
Redemption	The applicable Pricing Supplement will indicate either that the relevant Notes cannot be redeemed prior to their stated maturity (other than in specified instalments, if applicable, or for taxation reasons, or following an Event of Default) or that such Notes will be redeemable at the option of the Issuer and/or the Noteholders upon giving notice to the Noteholders or the Issuer, as the case may be, on a date or dates specified prior to such stated maturity and at a price or prices and on such other terms as may be agreed between the Issuer and the relevant Dealer. The applicable Pricing Supplement may provide that Notes may be redeemable in two or more instalments of such amounts and on such dates as are indicated in the applicable Pricing Supplement. Notes having a maturity of less than one year may be subject to restrictions on their denomination and distribution, see "*Certain Restrictions — Notes having a maturity of less than one year*" above.
Denomination of Notes	Notes will be issued in such denominations as may be agreed between the Issuer and the relevant Dealer save that the minimum denomination of each Note will be such as may be allowed or required from time to time by the central bank (or equivalent body) or any laws or regulations applicable to the relevant Specified Currency. See "*Certain Restrictions*" above.

Taxation	All payments of principal and interest by or on behalf of the Issuer in respect of the Notes, the Receipts and the Coupons will be made free and clear of, and without withholding or deduction for, any taxes, duties, assessments or governmental charges of whatever nature imposed, levied, collected, withheld or assessed by or within the PRC and, if the Issuer is a branch of the Bank, the jurisdiction where that branch is located, or in each case any political subdivision or any authority therein or thereof having power to tax to which the Issuer becomes subject in respect of payments made by it in respect of the Notes, Receipts and the Coupons, subject as provided in Condition 8. In the event that any such deduction is made, the Issuer will, save in certain limited circumstances provided in Condition 8, be required to pay additional amounts to cover the amounts so deducted.
Events of Default	Events of Default for the Notes are set out in Condition 10.
Cross Acceleration	The terms of the Notes will contain a cross-acceleration provision as further described in Condition 10(c).
Status of the Notes	The Notes and the Receipts and the Coupons relating to them will constitute direct, unconditional, unsubordinated and unsecured obligations of the Issuer, ranking pari passu and without any preference among themselves. The payment obligations of the Issuer under the Notes and the Receipts and the Coupons relating to them shall, save for such exceptions as may be provided by applicable legislation, at all times rank at least equally with all other unsecured and unsubordinated indebtedness and monetary obligations of the Issuer, present and future.
Listing	Application has been made to the Hong Kong Stock Exchange for the listing of the Programme on the Hong Kong Stock Exchange under which Notes may be issued to Professional Investors only during the 12-month period after the date of this Offering Circular. Separate application may be made for the listing of, and permission to deal in, the Notes on the Hong Kong Stock Exchange. Notes listed on the Hong Kong Stock Exchange are required to have a denomination of at least HK$500,000 (or its equivalent in other currencies). The Notes may also be listed on the Hong Kong Stock Exchange and on such other stock exchange(s) as may be agreed between the Issuer and the relevant Dealer in relation to each Series. Unlisted Notes may also be issued. The applicable Pricing Supplement will state whether or not the relevant Notes are to be listed and, if so, on which stock exchange(s).

Ratings	Tranches of Notes will be rated or unrated. Where a Tranche of Notes is to be rated, such rating will be specified in the relevant Pricing Supplement. A rating is not a recommendation to buy, sell or hold securities and may be subject to suspension, revision, reduction or withdrawal at any time by the assigning rating agency.
Governing Law	The Notes, the Receipts, the Coupons and the Talons and any non-contractual obligations arising out of or in connection with them will be governed by, and shall be construed in accordance with, English law.
Jurisdiction	The courts of Hong Kong are to have exclusive jurisdiction to settle any disputes that may arise out of or in connection with any Notes, Receipts, Coupons or Talons and accordingly any legal action or proceedings arising out of or in connection with any Notes, Receipts, Coupons or Talons may be brought in such courts.
Selling Restrictions	There are restrictions on the offer, sale and transfer of the Notes in the United States, the United Kingdom, the European Economic Area, Singapore, Japan, Hong Kong, the PRC, the United Arab Emirates (excluding the Dubai International Financial Centre), the Dubai International Financial Centre, the Kingdom of Saudi Arabia, the Kingdom of Bahrain and the State of Qatar and such other restrictions as may be required in connection with the offering and sale of a particular Tranche of Notes. See "*Subscription and Sale*" and the relevant Pricing Supplement.
United States Selling Restrictions	Regulation S, Category 1 or 2, as specified in the applicable Pricing Supplement. Whether TEFRA C or D rules apply or whether TEFRA is not applicable will be specified in the applicable Pricing Supplement.

Clearing Systems	The CMU Service, Euroclear, Clearstream and/or any other clearing system as specified in the applicable Pricing Supplement. See "*Form of the Notes*". So long as the Registered Notes are represented by the Global Certificate (other than a Global Certificate held through the CMU), each payment in respect of the Global Certificate will be made to, or to the order of, the person shown as the holder of the Notes in Register at the close of business on the Clearing System Business Day immediately prior to the date for payment, where "*Clearing System Business Day*" means Monday to Friday inclusive except 25 December and 1 January. So long as the Registered Notes are represented by the Global Certificate held through the CMU, each payment in respect of the Global Certificate will be made to the CMU which will credit the same in accordance with the CMU Rule to the person(s) shown in the records of the CMU as the holder of a particular principal amount of the Registered Notes at the close of business on the record date which shall be on the Clearing System Business Day immediately prior to the date for payment, where "*Clearing System Business Day*" means a day on which the CMU is operating and open for business.

FORM OF THE NOTES

The Notes of each Series will be in either bearer form, with or without interest coupons attached, or registered form, without interest coupons attached.

BEARER NOTES

Each Tranche of Bearer Notes will be in bearer form and will be initially issued in the form of a Temporary Global Note or, if so specified in the applicable Pricing Supplement, a Permanent Global Note which, in either case, will be delivered on or prior to the original issue date of the Tranche to either (i) a common depositary (the "**Common Depositary**") for, Euroclear and Clearstream or (ii) a sub-custodian for the CMU Service.

Whilst any Bearer Note is represented by a Temporary Global Note, payments of principal, interest (if any) and any other amount payable in respect of the Notes due prior to the Exchange Date (as defined below) will be made against presentation of the Temporary Global Note only to the extent that certification (in a form to be provided) to the effect that the beneficial owners of interests in such Bearer Note are not U.S. persons or persons who have purchased for resale to any U.S. person, as required by U.S. Treasury regulations, has been received by Euroclear and/or Clearstream and/or the CMU Lodging and Paying Agent and (in the case of a Temporary Global Note delivered to a Common Depositary for Euroclear and Clearstream) Euroclear and/or Clearstream, as applicable, has given a like certification (based on the certifications it has received) to the Principal Paying Agent (as defined in "*Terms and Conditions of the Notes*"). On and after the date (the "**Exchange Date**") which is 40 days after a Temporary Global Note is issued, interests in such Temporary Global Note will be exchangeable (free of charge) upon a request as described therein either for (a) interests in a Permanent Global Note of the same Series or (b) for definitive Bearer Notes of the same Series with, where applicable, receipts, interest coupons and talons attached (as indicated in the applicable Pricing Supplement and subject, in the case of definitive Bearer Notes, to such notice period as is specified in the applicable Pricing Supplement), in each case against certification of beneficial ownership as described above unless such certification has already been given, provided that the purchasers in the United States and certain U.S. persons will not be able to receive definitive Bearer Notes. The holder of a Temporary Global Note will not be entitled to collect any payment of interest, principal or other amount due on or after the Exchange Date unless, upon due certification, exchange of the Temporary Global Note for an interest in a Permanent Global Note or for definitive Bearer Notes is improperly withheld or refused.

Payments of principal, interest (if any) or any other amounts on a Permanent Global Note will be made through Euroclear and/or Clearstream against presentation or surrender (as the case may be) of the Permanent Global Note without any requirement for certification.

In respect of a Global Note held through the CMU Service, any payments of principal, interest (if any) or any other amounts shall be made to the person(s) for whose account(s) interests in the relevant Global Note are credited as being held with the CMU Service in accordance with the CMU Rules at the relevant time and payment made in accordance thereof shall discharge the obligations of the Issuer in respect of that payment. For these purposes, a notification from the CMU Service shall be conclusive evidence of the records of the CMU Service (save in the case of manifest error). Save in the case of final payment, no presentation of the relevant Global Note shall be required for such purpose.

The applicable Pricing Supplement will specify that a Permanent Global Note will be exchangeable (free of charge), in whole but not in part, for definitive Bearer Notes with, where applicable, receipts, interest coupons and talons attached upon either (a) not less than 60 days' written notice (i), in the case of Notes held by a Common Depositary for Euroclear and Clearstream, from Euroclear and/or Clearstream (acting on the instructions of any holder of an interest in such Permanent Global Note) to the Principal Paying Agent as described therein or (ii), in the case of Notes held through a sub-custodian for the CMU Service,

from the relevant account holders therein to the CMU Lodging and Paying Agent as described therein or (b) only upon the occurrence of an Exchange Event. For these purposes, "**Exchange Event**" means the Issuer has been notified that both Euroclear and Clearstream have, or in the case of Notes cleared through the CMU Service, the CMU Service has, been closed for business for a continuous period of 14 days (other than by reason of holiday, statutory or otherwise) or have announced an intention permanently to cease business or have in fact done so. The Issuer will promptly give notice to Noteholders in accordance with Condition 14 if an Exchange Event occurs. In the event of the occurrence of an Exchange Event, (a) in the case of Notes held by a Common Depositary for Euroclear and Clearstream, Euroclear and/or Clearstream (acting on the instructions of any holder of an interest in such Permanent Global Note) or, (b) in the case of Notes held through a sub-custodian for the CMU Service, the relevant account holders therein, may give notice to the Principal Paying Agent or, as the case may be, the CMU Lodging and Paying Agent requesting exchange.

The following legend will appear on all Bearer Notes which have an original maturity of more than 365 days and on all receipts and interest coupons relating to such Notes:

"**ANY UNITED STATES PERSON WHO HOLDS THIS OBLIGATION WILL BE SUBJECT TO LIMITATIONS UNDER THE UNITED STATES INCOME TAX LAWS, INCLUDING THE LIMITATIONS PROVIDED IN SECTIONS 165(j) AND 1287(a) OF THE INTERNAL REVENUE CODE.**"

The sections referred to provide that United States holders, with certain exceptions, will not be entitled to deduct any loss on Bearer Notes, receipts or interest coupons and will not be entitled to capital gains treatment of any gain on any sale, disposition, redemption or payment of principal in respect of such Notes, receipts or interest coupons.

Notes which are represented by a Global Note will only be transferable in accordance with the rules and procedures for the time being of Euroclear, Clearstream or the CMU Service, as the case may be.

REGISTERED NOTES

The Registered Notes of each Tranche offered and sold in reliance on Regulation S, which will be sold to outside the United States, will initially be represented by a global note in registered form (a "**Registered Global Note**" or "**Global Certificate**"). Prior to expiry of the distribution compliance period (as defined in Regulation S), if any, applicable to each Tranche of Category 2 of Regulation S Notes, beneficial interests in a Registered Global Note may not be offered or sold to, or for the account or benefit of, a U.S. person and may not be held otherwise than through Euroclear, Clearstream or the CMU Service and such Registered Global Note will bear a legend regarding such restrictions on transfer.

Registered Global Notes will be deposited with a Common Depositary for, and registered in the name of a common nominee of, Euroclear, Clearstream and/or deposited with a sub-custodian for the CMU Service (if applicable), as specified in the applicable Pricing Supplement. Persons holding beneficial interests in Registered Global Notes will be entitled or required, as the case may be, under the circumstances described below, to receive physical delivery of definitive Notes in fully registered form.

Payments of principal, interest or any other amount in respect of the Registered Notes in definitive form will, in the absence of provision to the contrary, be made to the person shown on the Register (as defined in Condition 1) as the registered holder of the Registered Global Notes. None of the Issuer, the Bank, the Hong Kong Branch, the Fiscal Agent, any Paying Agent or the Registrar will have any responsibility or liability for any aspect of the records relating to or payments or deliveries made on account of beneficial ownership interests in the Registered Global Notes or for maintaining, supervising or reviewing any records relating to such beneficial ownership interests.

Payments of principal, interest or any other amount in respect of the Registered Notes in definitive form will, in the absence of provision to the contrary, be made to the persons shown on the Register on the relevant Record Date (as defined in Condition 7(b)(ii)) immediately preceding the due date for payment in the manner provided in that Condition.

So long as the Registered Notes are represented by the Global Certificate (other than a Global Certificate held through the CMU), each payment in respect of the Global Certificate will be made to, or to the order of, the person shown as the holder of the Notes in Register at the close of business on the Clearing System Business Day immediately prior to the date for payment, where "**Clearing System Business Day**" means Monday to Friday inclusive except 25 December and 1 January.

So long as the Registered Notes are represented by the Global Certificate held through the CMU, each payment in respect of the Global Certificate will be made to the CMU which will credit the same in accordance with the CMU Rule (as defined in the Fiscal Agency Agreement) to the person(s) shown in the records of the CMU as the holder of a particular principal amount of the Registered Notes at the close of business on the record date which shall be on the Clearing System Business Day immediately prior to the date for payment, where "**Clearing System Business Day**" means a day on which the CMU is operating and open for business.

Interests in a Registered Global Note will be exchangeable (free of charge), in whole but not in part, for definitive Registered Notes without receipts, interest coupons or talons attached only upon the occurrence of an Exchange Event. For these purposes, "**Exchange Event**" means the Issuer has been notified that both Euroclear and Clearstream and, in the case of Notes cleared through the CMU Service, the CMU Service have been closed for business for a continuous period of 14 days (other than by reason of holiday, statutory or otherwise) or have announced an intention permanently to cease business or have in fact done so. The Issuer will promptly give notice to Noteholders in accordance with Condition 14 if an Exchange Event occurs. In the event of the occurrence of an Exchange Event, (a) in the case of Notes registered in the name of a nominee for a Common Depositary for Euroclear and Clearstream (acting on the instructions of any holder of an interest in such Registered Global Note) and/or, (b) in the case of Notes held through a sub-custodian for the CMU Service, the relevant account holders therein may give notice to the Registrar or the CMU Lodging and Paying Agent, as the case may be, requesting exchange and, in the event of the occurrence of an Exchange Event as described in (iii) above, the Issuer may also give notice to the Registrar requesting exchange. Any such exchange shall occur not later than ten days after the date of receipt of the first relevant notice by the Registrar or the CMU Lodging and Paying Agent, as the case may be.

TRANSFER OF INTERESTS

Interests in a Registered Global Note may, subject to compliance with all applicable restrictions, be transferred to a person who wishes to hold such interest in another Registered Global Note. No beneficial owner of an interest in a Registered Global Note will be able to transfer such interest, except in accordance with the applicable procedures of Euroclear, Clearstream and the CMU Service, in each case to the extent applicable.

GENERAL

Pursuant to the Fiscal Agency Agreement (as defined under "*Terms and Conditions of the Notes*"), the Principal Paying Agent or, as the case may be, the CMU Lodging and Paying Agent shall arrange that, where a further Tranche of Notes is issued which is intended to form a single Series with an existing Tranche of Notes, the Notes of such further Tranche shall be assigned a common code and ISIN and, where applicable, a CMU instrument number which are different from the common code, CMU instrument number and ISIN assigned to Notes of any other Tranche of the same Series until at least the expiry of the distribution compliance period (as defined in Regulation S under the Securities Act), if any, applicable to the Notes of such Tranche.

For so long as any of the Notes is represented by a Global Note held on behalf of Euroclear and/or Clearstream or the CMU Service, each person (other than Euroclear and/or Clearstream or the CMU Service) who is for the time being shown in the records of Euroclear or of Clearstream or the CMU Service as the holder of a particular nominal amount of such Notes (in which regard any certificate or other document issued by Euroclear and/or Clearstream or the CMU Service as to the nominal amount of such Notes standing to the account of any person shall be conclusive and binding for all purposes save in the case of manifest error) shall be treated by the Issuer, the Bank, the Fiscal Agent and their agents as the holder of such nominal amount of such Notes for all purposes other than with respect to the payment of principal or interest on such nominal amount of such Notes, for which purposes the bearer of the relevant Global Note or the registered holder of the relevant Registered Global Note shall be treated by the Issuer, the Bank, the Fiscal Agent and their agents as the holder of such nominal amount of such Notes in accordance with and subject to the terms of the relevant Global Note and the relevant Registered Global Note and the expressions "Noteholder" and "holder of Notes" and related expressions shall be construed accordingly. Notwithstanding the above, if a Note (whether in global or bearer form) is held through the CMU Service, any payment that is made in respect of such Note shall be made at the direction of the bearer or the registered holder to the person(s) for whose account(s) interests in such Note are credited as being held with the CMU Service in accordance with the CMU Rules (as defined in the Fiscal Agency Agreement) at the relevant time.

Any reference herein to Euroclear and/or Clearstream and/or the CMU Service shall, whenever the context so permits, be deemed to include a reference to any additional or alternative clearing system specified in the applicable Pricing Supplement.

A Note may be accelerated by the holder thereof in certain circumstances described in Condition 10. Holders of interests in such Global Note credited to their accounts with Euroclear, Clearstream and/or the CMU Service, as the case may be, may elect to proceed directly against the Issuer and the Bank on the basis of statements of account provided by Euroclear, Clearstream and/or the CMU Service on and subject to the terms of a deed of covenant (the "**Deed of Covenant**") dated 6 May 2022 and executed by the Bank and the Hong Kong Branch.

If the applicable Pricing Supplement specifies any modification to the Terms and Conditions of the Notes as described herein, it is envisaged that, to the extent that such modification relates only to Conditions 1, 5, 6 (except Condition 6(c)), 7, 12 or 14 (insofar as such Notes are not listed or admitted to trade on any stock exchange), they will not necessitate the preparation of a supplement to this Offering Circular. If the Terms and Conditions of the Notes of any Series are to be modified in any other respect, a supplement to this Offering Circular will be prepared, if appropriate.

FORM OF PRICING SUPPLEMENT

The Pricing Supplement that will be issued in respect of each Tranche of Notes will be substantially in the following form, duly supplemented (if necessary), amended (if necessary) and completed to reflect the particular terms of the relevant Notes and their issue.

[**MiFID II product governance/Professional investors and ECPs only target market** — Solely for the purposes of [the/each] manufacturer's product approval process, the target market assessment in respect of the Notes has led to the conclusion that: (i) the target market for the Notes is eligible counterparties and professional clients only, each as defined in [Directive 2014/65/EU (as amended, "**MiFID II**"); and (ii) all channels for distribution of the Notes to eligible counterparties and professional clients are appropriate. Any person subsequently offering, selling or recommending the Notes (a "**distributor**") should take into consideration the manufacturer['s/s'] target market assessment; however, a distributor subject to MiFID II is responsible for undertaking its own target market assessment in respect of the Notes (by either adopting or refining the manufacturer['s/s'] target market assessment) and determining appropriate distribution channels.]

[**UK MiFIR product governance / Professional investors and ECPs only target market** — Solely for the purposes of [the/each] manufacturer's product approval process, the target market assessment in respect of the Notes has led to the conclusion that: (i) the target market for the Notes is only eligible counterparties, as defined in the FCA Handbook Conduct of Business Sourcebook ("**COBS**"), and professional clients, as defined in Regulation (EU) No 600/2014 as it forms part of domestic law by virtue of the European Union (Withdrawal) Act 2018 ("**UK MiFIR**"); and (ii) all channels for distribution of the Notes to eligible counterparties and professional clients are appropriate. Any person subsequently offering, selling or recommending the Notes (a "**distributor**") should take into consideration the manufacturer['s/s'] target market assessment; however, a distributor subject to the FCA Handbook Product Intervention and Product Governance Sourcebook (the "**UK MiFIR Product Governance Rules**") is responsible for undertaking its own target market assessment in respect of the Notes (by either adopting or refining the manufacturer['s/s'] target market assessment) and determining appropriate distribution channels.]

[**PROHIBITION OF SALES TO EEA RETAIL INVESTORS** — The Notes are not intended to be offered, sold or otherwise made available to and should not be offered, sold or otherwise made available to any retail investor in the European Economic Area ("**EEA**"). For these purposes, a retail investor means a person who is one (or more) of: (i) a retail client as defined in point (11) of Article 4(1) of Directive 2014/65/EU (as amended, "**MiFID II**"); (ii) a customer within the meaning of Directive (EU) 2016/97 (the "**Insurance Distribution Directive**"), where that customer would not qualify as a professional client as defined in point (10) of Article 4(1) of MiFID II[.] / [; or (iii) not a qualified investor as defined in Regulation (EU) 2017/1129 (the "**Prospectus Regulation)**"]. Consequently no key information document required by Regulation (EU) No 1286/2014 (as amended the "**PRIIPs Regulation**") for offering or selling the Notes or otherwise making them available to retail investors in the EEA has been prepared and therefore offering or selling the Notes or otherwise making them available to any retail investor in the EEA may be unlawful under the PRIIPs Regulation.]

[**PROHIBITION OF SALES TO UK RETAIL INVESTORS** — The Notes are not intended to be offered, sold, distributed or otherwise made available to and should not be offered, sold, distributed or otherwise made available to any retail investor in the United Kingdom ("**UK**"). For these purposes, a retail investor means a person who is either one (or both) of the following: (i) not a professional client, as defined in point (8) of Article 2(1) of Regulation (EU) No 600/2014 as it forms part of domestic law by virtue of the European Union (Withdrawal) Act 2018 ("**EUWA**"); or (ii) not a qualified investor as defined in paragraph 15 of Schedule 1 to the Public Offers and Admissions to Trading Regulations 2024. Consequently no disclosure document required by the FCA Product Disclosure Sourcebook ("**DISC**") for offering, selling or distributing the Notes or otherwise making them available to retail investors in the UK

has been prepared and therefore offering, selling or distributing the Notes or otherwise making them available to any retail investor in the UK may be unlawful under DISC and the Consumer Composite Investments (Designated Activities) Regulations 2024.]

[In connection with Section 309B of the Securities and Futures Act 2001 (2020 Revised Edition) of Singapore (the "**SFA**") and the Securities and Futures (Capital Markets Products) Regulations 2018 of Singapore (the "**CMP Regulations 2018**"), the Issuer has determined, and hereby notifies all relevant persons (as defined in Section 309A(1) of the SFA), that the Notes are [prescribed capital markets products] / [capital markets products other than prescribed capital markets products] (as defined in the CMP Regulations 2018) and [are] [Excluded] / [Specified] Investment Products (as defined in MAS Notice SFA 04-N12: Notice on the Sale of Investment Products and MAS Notice FAA-N16: Notice on Recommendations on Investment Products). *(For any Notes to be offered to Singapore investors, the Issuer to consider whether it needs to re-classify the Notes pursuant to Section 309B of the SFA prior to the launch of the offer.)*]

[Paragraph 21 of the Hong Kong SFC Code of Conduct — As paragraph 21 of the Code of Conduct for Persons Licensed by or Registered with the Securities and Futures Commission applies to this offering of Notes, prospective investors should refer to the section on "*Notice to capital market intermediaries and prospective investors pursuant to paragraph 21 of the Hong Kong SFC Code of Conduct — Important Notice to Prospective Investors*" appearing on pages iv to v of the Offering Circular, and CMIs (as defined in the Offering Circular) should refer to the section on "*Notice to capital market intermediaries and prospective investors pursuant to paragraph 21 of the Hong Kong SFC Code of Conduct — Important Notice to CMIs (including private banks)*" appearing on pages 179 to 181 of the Offering Circular.]

[specify other foreign branch]

([a branch of China Construction Bank Corporation 中國建設銀行股份有限公司, which is] a joint stock company incorporated in the People's Republic of China with limited liability)

Issue of [Aggregate Nominal Amount of Tranche] [Title of Notes] (the "**Notes**") under the U.S.$15,000,000,000 Medium Term Note Programme (the "**Programme**")

This document constitutes the pricing supplement (the "**Pricing Supplement**") relating to the issue of Notes described herein.

Terms used herein shall be deemed to be defined as such for the purposes of the Conditions (the "**Conditions**") set forth in the offering circular dated 5 June 2026 (the "**Offering Circular**"). This Pricing Supplement contains the final terms of the Notes and must be read in conjunction with such Offering Circular [and the supplemental Offering Circular dated [*date*]]. Full information on the Issuer and the offer of the Notes is only available on the basis of the combination of the Offering Circular[, the supplemental Offering Circular dated [●]] and this Pricing Supplement. In particular, investors in the Notes should read the section titled "*Risk Factors*" contained therein which applies to the issue of Notes described herein.

[*The following alternative language applies if the first tranche of an issue which is being increased was issued under an Offering Circular with an earlier date.*

Terms used herein shall be deemed to be defined as such for the purposes of the Conditions (the "**Conditions**") set forth in the Offering Circular dated [*original date*]. This Pricing Supplement contains the pricing supplement of the Notes and must be read in conjunction with the Offering Circular dated [*current date*], save in respect of the Conditions which are extracted from the Offering Circular dated [*original date*] and are attached hereto. In particular, investors in the Notes should read the section titled "*Risk Factors*" contained therein which apply to the issue of Notes described herein.]

[*The following language applies if the Notes are to be listed on The Stock Exchange of Hong Kong Limited.*

This document is for distribution to professional investors (as defined in Chapter 37 of the Rules Governing the Listing of Securities on The Stock Exchange of Hong Kong Limited) ("**Professional Investors**") only.

The Stock Exchange of Hong Kong Limited (the "Hong Kong Stock Exchange") has not reviewed the contents of this document, other than to ensure that the prescribed form disclaimer and responsibility statements, and a statement limiting distribution of this document to Professional Investors only have been reproduced in this document. Listing of the Programme or the Notes on the Hong Kong Stock Exchange is not to be taken as an indication of the commercial merits or credit quality of the Programme, the Notes, the Issuer, the Bank or the Bank and its subsidiaries taken as a whole (the "Group") or quality of disclosure in this document. Hong Kong Exchanges and Clearing Limited and the Hong Kong Stock Exchange take no responsibility for the contents of this document, make no representation as to its accuracy or completeness and expressly disclaim any liability whatsoever for any loss howsoever arising from or in reliance upon the whole or any part of the contents of this document.

Notice to Hong Kong investors: The Issuer confirms that the Notes are intended for purchase by Professional Investors only and will be listed on the Hong Kong Stock Exchange on that basis. Accordingly, the Issuer confirms that the Notes are not appropriate as an investment for retail investors in Hong Kong. Investors should carefully consider the risks involved.

This document (read together with the Offering Circular [and the supplemental Offering Circular dated [●]]) includes particulars given in compliance with the Rules Governing the Listing of Securities on The Stock Exchange of Hong Kong Limited for the purpose of giving information with regard to the Issuer, the Bank and the Group. Each of the Issuer and the Bank accepts full responsibility for the accuracy of the information contained in this document and confirms, having made all reasonable enquiries, that to the best of its knowledge and belief there are no other facts the omission of which would make any statement herein misleading.]

[*Include whichever of the following apply or specify as "Not Applicable" (N/A). Note that the numbering should remain as set out below, even if "Not Applicable" is indicated for individual paragraphs or sub-paragraphs. Italics denote directions for completing the Pricing Supplement.*]

[*If the Notes have a maturity of less than one year from the date of their issue, the minimum denomination must be £100,000 or its equivalent in any other currency.*]

1.	Issuer:		[China Construction Bank Corporation 中國建設銀行股份有限公司/China Construction Bank Corporation Hong Kong Branch 中國建設銀行股份有限公司香港分行/[*specify other foreign branch as Issuer*]]
2.	[(i)]	Series Number:	[●]

	[(ii)	Tranche Number:	[●]
		(If fungible with an existing Series, details of that Series, including the date on which the Notes become fungible).]	
3.		Specified Currency or Currencies[1]:	[●]
4.		Aggregate Nominal Amount:	[●]
	(i)	Series:	[●]
	[(ii)	Tranche:	[●]]
5.	[(i)]	Issue Price:	[●] per cent. of the Aggregate Nominal Amount [plus accrued interest from [*insert date*] (in the case of fungible issues only, if applicable)]
	[(ii)	Net Proceeds	[●] *(Required only for listed issues)*]
6.	(i)	Specified Denominations[2]:	[●]
	(ii)	Calculation Amount[3]:	[●]
7.	(i)	Issue Date:	[●]
	(ii)	Interest Commencement Date:	[*Specify/Issue Date/Not Applicable*]
8.		Maturity Date:	[*Specify date (for Fixed Rate Notes) or (for Floating Rate Notes) Interest Payment Date falling in or nearest to the relevant month and year*][4]

---

1 If the specified currency is Hong Kong dollars, the relevant Notes may be subject to Hong Kong stamp duty. Hong Kong tax advice should be sought before issuance.

2 Notes (including Notes denominated in sterling) in respect of which the issue proceeds are to be accepted by the Issuer in the United Kingdom or whose issue otherwise constitutes a contravention of section 19 of the FSMA and which have a maturity of less than one year must have a minimum redemption value of £100,000 (or its equivalent in other currencies). If the specified denomination is expressed to be €100,000 or its equivalent and multiples of a lower principal amount (for example €1,000), insert the additional wording set out in the Guidance Note published by ICMA in November 2006 (or its replacement from time to time) as follows: "€100,000 and integral multiples of €1,000 in excess thereof up to and including €199,000. No notes in definitive form will be issued with a denomination above €199,000".

3 For Renminbi or Hong Kong dollar denominated Fixed Rate Notes where the Interest Payment Dates are subject to modification the following alternative wording is appropriate: "Each Fixed Coupon Amount shall be calculated by multiplying the product of the Rate of Interest and the Calculation Amount by the Day Count Fraction and rounding the resultant figure to the nearest [CNY0.01 with CNY0.05 or above rounded upwards / HK$0.01 with HK$0.005 or above rounded upwards]."

4 Note that for Renminbi or Hong Kong dollar denominated Fixed Rate Notes where Interest Payment Dates are subject to modification it will be necessary to use the second option here.

		[*If the Maturity Date is less than one year from the Issue Date and either (a) the issue proceeds are received by the Issuer in the United Kingdom, or (b) the activity of issuing the Notes is carried on from an establishment maintained by the Issuer in the United Kingdom, (i) the Notes must have a minimum redemption value of £100,000 (or its equivalent in other currencies) and be sold only to "professional investors" or (ii) another applicable exemption from section 19 of the FSMA must be available.]*]
9.	Interest Basis:	[[●] per cent. Fixed Rate] [[EURIBOR/HIBOR/CNH HIBOR/Specify reference rate]+/- [●] per cent. Floating Rate]. [Zero Coupon] [Index Linked Interest] [Other (Specify)] (further particulars specified below)
10.	Redemption/Payment Basis:	[Redemption at par] [Index Linked Redemption] [Dual Currency] [Partly Paid] [Instalment] [Other (Specify)]
11.	Change of Interest Basis or Redemption/Payment Basis:	[*Specify details of any provision for convertibility of Notes into another interest or redemption/payment basis*]
12.	Put/Call Options:	[Put Option] [Call Option] [(further particulars specified below)]
13.	Listing:	[Hong Kong Stock Exchange/Singapore/Other (specify)/None]
14.	Method of distribution:	[Syndicated/Non-syndicated]

Provisions relating to Interest (if any) Payable

15.	Fixed Rate Note Provisions		[Applicable/Not Applicable] *(If not applicable, delete the remaining sub-paragraphs of this paragraph)*
	(i)	Rate[(s)] of Interest:	[●] per cent. per annum [payable [annually/ semi-annually/quarterly/monthly/other (specify)] in arrear]
	(ii)	Interest Payment Date(s):	[●] in each year[5] [adjusted in accordance with [*specify Business Day Convention and any applicable Business Centre(s) for the definition of "Business Day"*]/*not adjusted]*
	(iii)	Fixed Coupon Amount[(s)]:	[●] per Calculation Amount[6]
	(iv)	Broken Amount(s):	[●] per Calculation Amount, payable on the Interest Payment Date falling [in/on] [●] [*Insert particulars of any initial or final broken interest amounts which do not correspond with the Fixed Coupon Amount[(s)] and the Interest Payment Date(s) to which they relate*][7]
	(v)	Day Count Fraction (Condition 5(j)):	[30/360/Actual/Actual-ISDA/Actual/Actual-ICMA/Actual/ 365(Fixed)[8]/specify other] *(Day count fraction should be Actual/Actual-ICMA for all fixed rate issues other than those denominated in U.S. dollars, Renminbi or Hong Kong dollars)*
	(vi)	Determination Date(s) (Condition 5(j)):	[Not applicable/give details][9]

---

5 Note that for certain Renminbi or Hong Kong dollar denominated Fixed Rate Notes the Interest Payment Dates are subject to modification and the following words should be added: "provided that if any Interest Payment Date falls on a day which is not a Business Day, the Interest Payment Date will be the next succeeding Business Day unless it would thereby fall in the next calendar month in which event the Interest Payment Date shall be brought forward to the immediately preceding Business Day."

6 See Footnote 3.

7 See Footnote 3.

8 Applicable to Renminbi and Hong Kong dollar denominated Fixed Rate Notes.

9 Only to be completed for an issue where the Day Count Fraction is Actual/Actual-ICM

	(vii)	Party responsible for calculating the Rate(s) of Interest and Interest Amount(s) (if not the Calculation Agent):	[Not applicable/give details]
	(viii)	Other terms relating to the method of calculating interest for Fixed Rate Notes:	[Not applicable/give details]
16.	Floating Rate Note Provisions		[Applicable/Not Applicable] *(If not applicable, delete the remaining sub-paragraphs of this paragraph)*

	(iii) Notice period:	[●]
22.	Final Redemption Amount of each Note	[●] per Calculation Amount
23.	Early Redemption Amount Early Redemption Amount(s) per Calculation Amount payable on redemption for taxation reasons (Condition 6(c) or, where otherwise specified herein, Condition 6(d) or Condition 6(e)) or an Event of Default (Condition 10) and/or the method of calculating the same (if required or if different from that set out in the Conditions):	[●]

General Provisions applicable to the Notes

24.	Form of Notes:	Bearer Notes: [*delete as appropriate*] [Temporary Global Note exchangeable for a Permanent Global Note which is exchangeable for definitive Notes on [●] days' notice/at any time/in the limited circumstances specified in the Permanent Global Note] [Temporary Global Note exchangeable for definitive Notes on [●] days' notice]

		[Permanent Global Note exchangeable for definitive Notes on [●] days' notice/at any time/in the limited circumstances specified in the Permanent Global Note][10] [Bearer Notes of one Specified Denomination may not be exchanged for Bearer Notes of another Specified Denomination. Bearer Notes may not be exchanged for Registered Notes.] Registered Notes: [Registered Notes may not be exchanged for Bearer Notes. Global Certificate exchangeable for Certificates in the limited circumstances described in the Global Certificate.]
25.	Additional Financial Centre(s) or other special provisions relating to payment dates:	[Not Applicable/give details. *Note that this paragraph relates to the date and place of payment, and not interest period end dates, to which items 16(v) and 18(ix) relate]*
26.	Talons for future Coupons or Receipts to be attached to definitive Notes (and dates on which such Talons mature):	[Yes/No. *If yes, give details*]
27.	Details relating to Partly Paid Notes: amount of each payment comprising the Issue Price and date on which each payment is to be made [and consequences (if any) of failure to pay, including any right of the Issuer to forfeit the Notes and interest due on late payment]:	[Not Applicable/*give details*]
28.	Details relating to Instalment Notes: amount of each instalment, date on which each payment is to be made:	[Not Applicable/*give details*]
29.	Redenomination, renominalisation and reconventioning provisions:	[Not Applicable/The provisions annexed to this Pricing Supplement apply]

[10] If the Global Note is exchangeable for definitives at the option of the holder, the Notes shall be tradable only in amounts of at least the Specified Denomination (or if more than one Specified Denomination, the lowest Specified Denomination) provided in paragraph 6 and multiples thereof.

30.	Other terms or special conditions:		[Not Applicable/*give details*][11]

Distribution

31.	(i)	If syndicated, names of Managers:	[Not Applicable/*give name*]
	(i)	Date of Subscription Agreement:	[●]
	(ii)	Stabilisation Manager(s) (if any):	[Not Applicable/*give name*]
32.		If non-syndicated, name of the relevant Dealer:	[Not Applicable/*give name and address*]
33.		U.S. Selling Restrictions:	Reg. S Category [1/2]; [TEFRA C/TEFRA D/TEFRA Not Applicable]
34.		Prohibition of Sales to EEA Retail Investors:	[Applicable/Not Applicable] *(If the Notes clearly do not constitute "packaged" products, "Not Applicable" should be specified. If the Notes may constitute "packaged" products and no KID will be prepared in the EEA, "Applicable" should be specified.)*
35.		Prohibition of Sales to UK Retail Investors:	[Applicable/Not Applicable] *(If the Notes clearly do not constitute "packaged" products, "Not Applicable" should be specified. If the Notes may constitute "packaged" products and no KID will be prepared in the UK, "Applicable" should be specified.)*
36.		Singapore Sales to Institutional Investors and Accredited Investors only:	[Applicable/Not Applicable]
37.		Additional selling restrictions:	[Not Applicable/give details]

Yield

38.		Indication of yield:	[●]

---

[11] If full terms and conditions are to be used, please add the following here:

"The full text of the Conditions which apply to the Notes [and which will be endorsed on the Notes in definitive form] are set out in [the Annex hereto], which Conditions replace in their entirety those appearing in the Offering Circular for the purposes of these Notes and such Conditions will prevail over any other provision to the contrary."

The first set of bracketed words is to be deleted where there is a permanent global Note instead of Notes in definitive form. The full Conditions should be attached to and form part of the Pricing Supplement.

Operational Information

39.	ISIN Code:	[●]
40.	Common Code:	[●]
41.	CMU Instrument Number:	[●]
42.	Legal Entity Identifier:	[●]
43.	Any clearing system(s) other than Euroclear/ Clearstream and the CMU and the relevant identification number(s):	[Not Applicable/*give name(s) and number(s)*]
44.	Delivery:	Delivery [against/free of] payment

52.	(i)	[Date of [Board] approval for issuance of Notes obtained:]	[●] *(N.B. Only relevant where Board (or similar) authorisation is required for the particular tranche of Notes)*
	(i)	Date of any regulatory approval for the issuance of the Notes:	[NDRC Registration Certificate dated [●]/Not Applicable/*specify other applicable regulatory approvals*]

[Use of Proceeds

Give details if different from the **Use of Proceeds** section in the Offering Circular.]

[Listing

This Pricing Supplement comprises the final terms required to list the issue of the Notes described herein pursuant to the U.S.$15,000,000,000 Medium Term Note Programme of China Construction Bank Corporation 中國建設銀行股份有限公司 and China Construction Bank Corporation Hong Kong Branch 中國建設銀行股份有限公司香港分行.]

[Stabilisation

In connection with the issue of any Tranche of Notes, the Managers or Dealer(s) (if any) named as the Stabilisation Manager(s) (or person(s) acting on behalf of any Stabilisation Manager(s)) in this Pricing Supplement may over-allot Notes or effect transactions with a view to supporting the price of the Notes of the series at a level higher than that which might otherwise prevail for a limited period after the issue date of the relevant Tranche of Notes. However, there is no obligation on such Stabilisation Manager(s) to do this. Such stabilising, if commenced, may be discontinued at any time, and must be brought to an end after a limited period. Such stabilising shall be in compliance with all applicable laws, regulations and rules.]

Material Adverse Change Statement

[Except as disclosed in this document, there/There][12] has been no significant change in the financial or trading position of the Issuer or of the Group since [●] and no material adverse change in the financial position or prospects of the Issuer or of the Group since [●].]

Responsibility

The Issuer accepts responsibility for the information contained in this Pricing Supplement.

[*The following signature block is to be signed if the Issuer is not the Hong Kong Branch.*]

[12] If any change is disclosed in the Pricing Supplement, it may require approval by the Stock Exchange(s). Consideration should be given as to whether or not such disclosure should be made by means of a supplemental Offering Circular rather than in a Pricing Supplement.

TERMS AND CONDITIONS OF THE NOTES

*The following is the text of the terms and conditions that, subject to completion and amendment and as supplemented or varied in accordance with the provisions of the relevant Pricing Supplement, shall be applicable to the Notes in definitive form (if any) issued in exchange for the Global Note(s) or the Global Certificate representing each Series. Either (i) the full text of these terms and conditions together with the relevant provisions of the Pricing Supplement or (ii) these terms and conditions as so completed, amended, supplemented or varied (and subject to simplification by the deletion of non-applicable provisions), shall be endorsed on such Bearer Notes or on the Certificates relating to such Registered Notes. All capitalised terms that are not defined in these Conditions will have the meanings given to them in the relevant Pricing Supplements. Those definitions will be endorsed on the definitive Notes or Certificates, as the case may be. References in the Conditions to "**Notes**" are to the Notes of one Series only, not to all Notes that may be issued under the Programme.*

The Notes are part of a Series (as defined below) of Notes issued by the issuer specified hereon (the "**Issuer**") and are issued pursuant to a fiscal agency agreement (as amended, restated or supplemented as at the Issue Date, the "**Fiscal Agency Agreement**") dated 4 July 2024 which has been entered into in relation to the Notes between China Construction Bank Corporation (the "**Bank**") (on behalf of itself and on behalf of any of its branches other than the Hong Kong Branch (as defined below)), China Construction Bank Corporation Hong Kong Branch (the "**Hong Kong Branch**"), China Construction Bank (Asia) Corporation Limited (中國建設銀行(亞洲)股份有限公司) as fiscal agent, CMU lodging and paying agent and the other agents named in it and with the benefit of a Deed of Covenant (as amended, restated or supplemented as at the Issue Date, the "**Deed of Covenant**") dated 6 May 2022 executed by the Bank (on behalf of itself and on behalf of any of its branches other than the Hong Kong Branch) and the Hong Kong Branch in relation to the Notes. The fiscal agent, the CMU lodging and paying agent, the other paying agents, the registrar, the transfer agent(s) and the calculation agent(s) for the time being (if any) are referred to below respectively as the "Fiscal Agent", the "CMU Lodging and Paying Agent", the "Paying Agents" (which expression shall include the Fiscal Agent and the CMU Lodging and Paying Agent), the "Registrar", the "Transfer Agents" (which expression shall include the Registrar) and the "Calculation Agent(s)" (such Fiscal Agent, CMU Lodging and Paying Agent, Paying Agents, Registrar and Transfer Agent(s) being together referred to as the "**Agents**"). For the purposes of these terms and conditions (the "**Conditions**"), all references to the Fiscal Agent shall, with respect to a Series of Notes to be held in the CMU, be deemed to be a reference to the CMU Lodging and Paying Agent and all such references shall be construed accordingly. Copies of the Fiscal Agency Agreement and the Deed of Covenant are available for inspection during usual business hours at the specified offices of the Paying Agents.

The Noteholders (as defined below), the holders of the interest coupons (the "**Coupons**") relating to interest bearing Notes in bearer form and, where applicable in the case of such Notes, talons for further Coupons (the "**Talons**") (the "**Couponholders**") and the holders of the receipts for the payment of instalments of principal (the "**Receipts**") relating to Notes in bearer form of which the principal is payable in instalments are entitled to the benefit of and are deemed to have notice of all the provisions of the Fiscal Agency Agreement applicable to them.

As used in these Conditions, "**Tranche**" means Notes which are identical in all respects.

If specified hereon that the Issuer is the Hong Kong Branch or such other branch of the Bank, notwithstanding that the Issuer is not a separate and independent legal person of the Bank, any obligations of the Bank under these Conditions shall be construed subject to, and in accordance with, applicable law.

1. FORM, DENOMINATION AND TITLE

The Notes are issued in bearer form ("**Bearer Notes**") or in registered form ("**Registered Notes**") in each case in the Specified Denomination(s) shown hereon.

This Note is a Fixed Rate Note, a Floating Rate Note, a Zero Coupon Note, an Index Linked Interest Note, an Index Linked Redemption Note (together with an Index Linked Interest Note, an "**Index Linked Note**"), an Instalment Note, a Dual Currency Note or a Partly Paid Note, a combination of any of the foregoing or any other kind of Note, depending upon the Interest Basis and Redemption/Payment Basis shown hereon.

Bearer Notes are serially numbered and are issued with Coupons (and, where appropriate, a Talon) attached, save in the case of Zero Coupon Notes in which case references to interest (other than in relation to interest due after the Maturity Date), Coupons and Talons in these Conditions are not applicable. Instalment Notes are issued with one or more Receipts attached.

Registered Notes are represented by registered certificates ("**Certificates**") and, save as provided in Condition 2(c), each Certificate shall represent the entire holding of Registered Notes by the same holder.

Title to the Bearer Notes and the Receipts, Coupons and Talons shall pass by delivery. Title to the Registered Notes shall pass by registration in the register that the Issuer shall procure to be kept by the Registrar in accordance with the provisions of the Fiscal Agency Agreement (the "**Register**"). Except as ordered by a court of competent jurisdiction or as required by law, the holder (as defined below) of any Note, Receipt, Coupon or Talon shall be deemed to be and may be treated as its absolute owner for all purposes whether or not it is overdue and regardless of any notice of ownership, trust or an interest in it, any writing on it (or on the Certificate representing it) or its theft or loss (or that of the related Certificate) and no person shall be liable for so treating the holder.

In these Conditions, "**Noteholder**" means the bearer of any Bearer Note and the Receipts relating to it or the person in whose name a Registered Note is registered (as the case may be), "**holder**" (in relation to a Note, Receipt, Coupon or Talon) means the bearer of any Bearer Note, Receipt, Coupon or Talon or the person in whose name a Registered Note is registered (as the case may be) and capitalised terms have the meanings given to them hereon, the absence of any such meaning indicating that such term is not applicable to the Notes.

2. NO EXCHANGE OF NOTES AND TRANSFERS OF REGISTERED NOTES

(a) **No Exchange of Notes:** Registered Notes may not be exchanged for Bearer Notes. Bearer Notes of one Specified Denomination may not be exchanged for Bearer Notes of another Specified Denomination. Bearer Notes may not be exchanged for Registered Notes.

(b) **Transfer of Registered Notes:** Subject to Condition 2(f) (Closed Periods), one or more Registered Notes may be transferred upon the surrender (at the specified office of the Registrar or any Transfer Agent) of the Certificate representing such Registered Notes to be transferred, together with the form of transfer endorsed on such Certificate, (or another form of transfer substantially in the same form and containing the same representations and certifications (if any), unless otherwise agreed by the Issuer), duly completed and executed and any other evidence as the Registrar or Transfer Agent may reasonably require to prove the title of the transferor and the authority of the individuals that have executed the form of transfer. In the case of a transfer of part only of a holding of Registered Notes represented by one Certificate, a new Certificate shall be issued to the transferee in respect of the part

transferred and a further new Certificate in respect of the balance of the holding not transferred shall be issued to the transferor. All transfers of Notes and entries on the Register will be made subject to such reasonable regulations as the Issuer and the Registrar may from time to time prescribe (the initial such regulations being set out in Schedule 5 to the Fiscal Agency Agreement). The regulations may be changed by the Issuer, with the prior written approval of the Registrar and, to the extent reasonably expected to be prejudicial to the interests of the Noteholders, the Noteholders. A copy of the current regulations will be made available by the Registrar to any Noteholder upon request.

(c) **Exercise of Options or Partial Redemption in Respect of Registered Notes:** In the case of an exercise of an Issuer's or Noteholders' option in respect of, or a partial redemption of, a holding of Registered Notes represented by a single Certificate, a new Certificate shall be issued to the holder to reflect the exercise of such option or in respect of the balance of the holding not redeemed. New Certificates shall only be issued against surrender of the existing Certificates to a Registrar or any other Transfer Agent. In the case of a transfer of Registered Notes to a person who is already a holder of Registered Notes, a new Certificate representing the enlarged holding shall only be issued against surrender of the Certificate representing the existing holding.

(d) **Delivery of New Certificates:** Each new Certificate to be issued pursuant to Conditions 2(b) or 2(c) shall be available for delivery within three business days of receipt of a duly completed form of transfer or Exercise Notice (as defined in Condition 6(e)) and surrender of the Certificate for exchange. Delivery of the new Certificate(s) shall be made at the specified office of the Registrar or any other Transfer Agent (as the case may be) to whom delivery or surrender of such form of transfer, Exercise Notice or Certificate shall have been made or, at the option of the holder making such delivery or surrender as aforesaid and as specified in the form of transfer, Exercise Notice or otherwise in writing, be mailed by uninsured post at the risk of the holder entitled to the new Certificate to such address as may be so specified, unless such holder requests otherwise and pays in advance to the relevant Agent the costs of such other method of delivery and/or such insurance as it may specify. In this Condition 2(d), "**business day**" means a day, other than a Saturday or Sunday, on which banks are open for business in the place of the specified office of the Registrar or the relevant other Transfer Agent (as the case may be).

(e) **Transfers Free of Charge:** Transfers of Notes and Certificates on registration, transfer, exercise of an option or partial redemption shall be effected without charge by or on behalf of the Issuer, the Registrar or the Transfer Agents, but upon payment of any tax or other governmental charges that may be imposed in relation to it (or the giving of such indemnity and/or security and/or pre-funding as the Issuer, the Registrar or the relevant other Transfer Agent may require) in respect of taxes or charges.

(f) **Closed Periods:** No Noteholder may require the transfer of a Registered Note to be registered (i) during the period of 15 days ending on (and including) the due date for redemption of, or payment of any Instalment Amount in respect of, that Note, (ii) during the period of 15 days ending on (and including) any date on which Notes may be redeemed by the Issuer at its option pursuant to Condition 6 or (iii) during the period of seven days ending on (and including) any Record Date.

3. STATUS

The Notes and the Receipts and the Coupons relating to them constitute direct, unconditional, unsubordinated and unsecured obligations of the Issuer and shall at all times rank *pari passu* and without any preference among themselves. The payment obligations of the Issuer under the Notes and the Receipts and the Coupons relating to them shall, save for such exceptions as may be provided by applicable legislation, at all times rank at least equally with all other unsecured and unsubordinated indebtedness and monetary obligations of the Issuer, present and future.

4. OTHER COVENANTS

Where the NDRC Order 56 and/or the PBOC Circular applies to the Tranche of Notes to be issued, each of the Issuer and/or the Bank undertakes to provide or cause to be provided the requisite information and documents in connection with such Tranche of Notes to the NDRC, PBOC and/or SAFE within the prescribed timeframe after the relevant Issue Date in accordance with the NDRC Order 56 and/or the PBOC Circular.

In these Conditions:

"**NDRC**" means the National Development and Reform Commission of the PRC or its local counterparts;

"**NDRC Order 56**" means the Administrative Measures for the Examination and Registration of Medium- and Long-term Foreign Debts of Enterprises (企業中長期外債審核登記管理辦法(國家發展和改革委員會令第56號)) effective from 10 February 2023 (as supplemented, amended or replaced from time to time) and any implementation rules or policies as issued by the NDRC from time to time;

"**PBOC**" means the People's Bank of China;

"**PBOC Circular**" means the Macro-Prudential Management of Cross-Border Financing in Full Aperture (中國人民銀行關於全口徑跨境融資宏觀審慎管理有關事宜的通知) issued by the PBOC and which came into effect on 12 January 2017, and any implementation rules as issued by the PBOC from time to time; and

"**SAFE**" means the State Administration of Foreign Exchange or its local counterparts.

5. INTEREST AND OTHER CALCULATIONS

(a) ***Interest on Fixed Rate Notes:*** Each Fixed Rate Note bears interest on its outstanding nominal amount from and including the Interest Commencement Date at the rate per annum (expressed as a percentage) equal to the Rate of Interest, such interest being payable in arrear on each Interest Payment Date. The amount of interest payable shall be determined in accordance with Condition 5(h).

(b) ***Interest on Floating Rate Notes and Index Linked Interest Notes:***

(i) *Interest Payment Dates*: Each Floating Rate Note and Index Linked Interest Note bears interest on its outstanding nominal amount from and including the Interest Commencement Date at the rate per annum (expressed as a percentage) equal to the Rate of Interest, such interest being payable in arrear on each Interest Payment Date. The amount of interest payable shall be determined by the Calculation Agent in accordance with Condition 5(h). Such Interest Payment Date(s) is/are either shown

hereon as Specified Interest Payment Dates or, if no Specified Interest Payment Date(s) is/are shown hereon, "**Interest Payment Date**" shall mean each date which falls the number of months or other period shown hereon as the Interest Period after the preceding Interest Payment Date or, in the case of the first Interest Payment Date, after the Interest Commencement Date.

(ii) *Business Day Convention*: If any date referred to in these Conditions that is specified to be subject to adjustment in accordance with a Business Day Convention would otherwise fall on a day that is not a Business Day, then, if the Business Day Convention specified is (A) the Floating Rate Business Day Convention, such date shall be postponed to the next day that is a Business Day unless it would thereby fall into the next calendar month, in which event (x) such date shall be brought forward to the immediately preceding Business Day and (y) each subsequent such date shall be the last Business Day of the month in which such date would have fallen had it not been subject to adjustment, (B) the Following Business Day Convention, such date shall be postponed to the next day that is a Business Day, (C) the Modified Following Business Day Convention, such date shall be postponed to the next day that is a Business Day unless it would thereby fall into the next calendar month, in which event such date shall be brought forward to the immediately preceding Business Day or (D) the Preceding Business Day Convention, such date shall be brought forward to the immediately preceding Business Day.

(iii) *Rate of Interest for Floating Rate Notes*: The Rate of Interest in respect of Floating Rate Notes for each Interest Accrual Period shall be determined by the Calculation Agent in the manner specified hereon and the provisions below relating to either ISDA Determination or Screen Rate Determination shall apply, depending upon which is specified hereon.

(A) *ISDA Determination for Floating Rate Notes*

Where ISDA Determination is specified hereon as the manner in which the Rate of Interest is to be determined, the Rate of Interest for each Interest Accrual Period shall be determined by the Calculation Agent in the manner as described in the applicable Pricing Supplement.

(B) *Screen Rate Determination for Floating Rate Notes (other than Floating Rate Notes which specify the Reference Rate as SOFR)*

(1) Where Screen Rate Determination is specified hereon as the manner in which the Rate of Interest is to be determined, the Rate of Interest for each Interest Accrual Period will, subject as provided below, be either:

(I) the offered quotation; or

(II) the arithmetic mean of the offered quotations,

(expressed as a percentage rate per annum) for the Reference Rate which appears or appear, as the case may be, on the Relevant Screen Page as at either 11.00 a.m. (Brussels time in the case of EURIBOR or Hong Kong time in the case of HIBOR) or 11.15 a.m. (Hong Kong time) or if, at or around that time it is notified that the fixing will be published at 2.30 p.m. (Hong Kong time), then as of 2.30 p.m. (in the case of CNH HIBOR) on the Interest Determination Date in question as determined

by the Calculation Agent. If five or more of such offered quotations are available on the Relevant Screen Page, the highest (or, if there is more than one such highest quotation, one only of such quotations) and the lowest (or, if there is more than one such lowest quotation, one only of such quotations) shall be disregarded by the Calculation Agent for the purpose of determining the arithmetic mean of such offered quotations.

If the Reference Rate from time to time in respect of Floating Rate Notes is specified hereon as being other than EURIBOR, HIBOR or CNH HIBOR, the Rate of Interest in respect of such Notes will be determined as provided hereon;

(2) if the Relevant Screen Page is not available or if sub-paragraph (x)(1) applies and no such offered quotation appears on the Relevant Screen Page or if sub-paragraph (x)(2) above applies and fewer than three such offered quotations appear on the Relevant Screen Page in each case as at the time specified above, subject as provided below, the Calculation Agent shall request, if the Reference Rate is EURIBOR, the principal Euro-zone office of each of the Reference Banks or, if the Reference Rate is HIBOR or CNH HIBOR, the principal Hong Kong office of each of the Reference Banks, to provide the Calculation Agent with its offered quotation (expressed as a percentage rate per annum) for the Reference Rate and, if the Reference Rate is EURIBOR, at approximately 11.00 a.m. (Brussels time) or, if the Reference Rate is HIBOR, at approximately 11.00 a.m. (Hong Kong time) or, if the Reference Rate is CNH HIBOR, at approximately 11.15 a.m. (Hong Kong time) or if, at or around that time it is notified that the fixing will be published at 2.30 p.m. (Hong Kong time), then as of 2.30 p.m. on the Interest Determination Date in question. If two or more of the Reference Banks provide the Calculation Agent with such offered quotations, the Rate of Interest for such Interest Accrual Period shall be the arithmetic mean of such offered quotations as determined by the Calculation Agent; and

(3) if paragraph (y) above applies and the Calculation Agent determines that fewer than two Reference Banks are providing offered quotations, subject as provided below, the Rate of Interest shall be the arithmetic mean of the rates per annum (expressed as a percentage) as communicated to (and at the request of) the Calculation Agent by the Reference Banks or any two or more of them, at which such banks were offered, if the Reference Rate is EURIBOR, at approximately 11.00 a.m. (Brussels time) or, if the Reference Rate is HIBOR, at approximately 11.00 a.m. (Hong Kong time) or, if the Reference Rate is CNH HIBOR, at approximately 11.15 a.m. (Hong Kong time) or if, at or around that time it is notified that the fixing will be published at 2.30 p.m. (Hong Kong time), then as of 2.30 p.m. on the relevant Interest Determination Date, deposits in the Specified Currency for a period equal to that which would have been used for the Reference Rate by leading banks in, if the Reference Rate is EURIBOR, the Euro-zone inter-bank market or, if the Reference Rate is HIBOR or CNH HIBOR, the Hong Kong inter-bank market, as the case may be, or, if fewer than two of the Reference Banks provide the Calculation Agent with such offered rates, the offered rate for deposits in the Specified Currency for a period equal to that which

would have been used for the Reference Rate, or the arithmetic mean of the offered rates for deposits in the Specified Currency for a period equal to that which would have been used for the Reference Rate, at which, if the Reference Rate is EURIBOR, at approximately 11.00 a.m. (Brussels time) or, if the Reference Rate is HIBOR, at approximately 11.00 a.m. (Hong Kong time) or, if the Reference Rate is CNH HIBOR, at approximately 11.15 a.m. (Hong Kong time) or if, at or around that time it is notified that the fixing will be published at 2.30 p.m. (Hong Kong time), then as of 2.30 p.m. on the relevant Interest Determination Date, any one or more banks (which bank or banks is or are in the opinion of the Issuer suitable for such purpose) informs the Calculation Agent it is quoting to leading banks in, if the Reference Rate is EURIBOR, the Euro-zone inter-bank market or, if the Reference Rate is HIBOR or CNH HIBOR, the Hong Kong inter-bank market, as the case may be, provided that, if the Rate of Interest cannot be determined in accordance with the foregoing provisions of this paragraph, the Rate of Interest shall be determined as at the last preceding Interest Determination Date (though substituting, where a different Margin or Maximum or Minimum Rate of Interest is to be applied to the relevant Interest Accrual Period from that which applied to the last preceding Interest Accrual Period, the Margin or Maximum or Minimum Rate of Interest relating to the relevant Interest Accrual Period, in place of the Margin or Maximum or Minimum Rate of Interest relating to that last preceding Interest Accrual Period).

(C) *Screen Rate Determination for Floating Rate Notes where the Reference Rate is specified as being SOFR Benchmark*

If Screen Rate Determination is specified in the relevant Pricing Supplement as the manner in which the Rate of Interest is to be determined where the Reference Rate is SOFR Benchmark, the Rate of Interest applicable to the Floating Rate Notes for each Interest Accrual Period will, subject as provided below, be equal to the sum of the relevant SOFR Benchmark plus or minus (as specified in the relevant Pricing Supplement) the Margin (if any), all as determined by the Calculation Agent on the relevant Interest Determination Date.

The "**SOFR Benchmark**" will be determined based on Simple SOFR Average, Compounded SOFR Average or SOFR Compounded Index (as specified in the relevant Pricing Supplement), as follows (subject in each case to Condition 5(b)(v)):

x. If Simple SOFR Average ("**Simple SOFR Average**") is specified in the relevant Pricing Supplement as the manner in which the SOFR Benchmark will be determined, the SOFR Benchmark for each Interest Accrual Period shall be the arithmetic mean of the SOFR reference rates for each day during such Interest Accrual Period, as calculated by the Calculation Agent, and where, if applicable and as specified in the relevant Pricing Supplement, the SOFR reference rate on the SOFR Rate Cut-Off Date shall be used for the days in the relevant Interest Accrual Period from (and including) the SOFR Rate Cut-Off Date to (but excluding) the Interest Period Date on which such Interest Accrual Period ends.

y. If Compounded SOFR Average ("**Compounded SOFR Average**") is specified in the relevant Pricing Supplement as the manner in which the SOFR Benchmark will be determined, the SOFR Benchmark for each Interest Accrual Period shall be equal to the compounded average of daily SOFR reference rates for each day during the relevant Interest Accrual Period (where SOFR Observation Lag, SOFR Payment Delay or SOFR Lockout is specified in the relevant Pricing Supplement to determine Compounded SOFR Average) or SOFR Observation Period (where SOFR Observation Shift is specified as applicable in the relevant Pricing Supplement to determine Compounded SOFR Average).

Compounded SOFR Average shall be calculated by the Calculation Agent in accordance with one of the formulas referenced below depending upon which is specified in the relevant Pricing Supplement:

i. SOFR Observation Lag:

$$\left(\prod_{i=1}^{d_o}\left(1+\frac{SOFR_{i-\times USBD}\times n_i}{360}\right)-1\right)\times\frac{360}{d}$$

with the resulting percentage being rounded, if necessary, to the nearest one hundred-thousandth of a percentage point, with 0.000005% being rounded upwards (e.g., 9.876541% (or 0.09876541) being rounded down to 9.87654% (or 0.0987654) and 9.876545% (or 0.09876545) being rounded up to 9.87655% (or 0.0987655)) and where:

"$\mathbf{SOFR_{i\text{-}xUSBD}}$" for any U.S. Government Securities Business Day(i) in the relevant Interest Accrual Period, is equal to the SOFR reference rate for the U.S. Government Securities Business Day falling the number of Lookback Days prior to that U.S. Government Securities Business Day(i);

"**Lookback Days**" means such number of U.S. Government Securities Business Days as specified in the relevant Pricing Supplement;

"**d**" means the number of calendar days in the relevant Interest Accrual Period;

"$\mathbf{d_o}$" for any Interest Accrual Period, means the number of U.S. Government Securities Business Days in the relevant Interest Accrual Period;

"**i**" means a series of whole numbers ascending from one to d_o, representing each relevant U.S. Government Securities Business Day in chronological order from (and including) the first U.S. Government Securities Business Day in the relevant Interest Accrual Period (each a "**U.S. Government Securities Business Day(i)**"); and

"$\mathbf{n_i}$" for any U.S. Government Securities Business Day(i) in the relevant Interest Accrual Period, means the number of calendar days from (and including) such U.S. Government Securities Business Day(i) up to (but excluding) the following U.S. Government Securities Business Day.

ii. SOFR Observation Shift:

$$\left(\prod_{i=1}^{d_o}\left(1+\frac{SOFR_i \times n_i}{360}\right)-1\right)\times\frac{360}{d}$$

with the resulting percentage being rounded, if necessary, to the nearest one hundred-thousandth of a percentage point, with 0.000005% being rounded upwards (e.g., 9.876541% (or 0.09876541) being rounded down to 9.87654% (or 0.0987654) and 9.876545% (or 0.09876545) being rounded up to 9.87655% (or 0.0987655)) and where:

"**$SOFR_i$**" for any U.S. Government Securities Business Day(i) in the relevant SOFR Observation Period, is equal to the SOFR reference rate for that U.S. Government Securities Business Day(i);

"**SOFR Observation Period**" means, in respect of each Interest Accrual Period, the period from (and including) the date falling the number of SOFR Observation Shift Days prior to the first day of the relevant Interest Accrual Period to (but excluding) the date falling the number of SOFR Observation Shift Days prior to the Interest Period Date on which such Interest Accrual Period ends;

"**SOFR Observation Shift Days**" means the number of U.S. Government Securities Business Days as specified in the relevant Pricing Supplement;

"**d**" means the number of calendar days in the relevant SOFR Observation Period;

"**d_o**" for any SOFR Observation Period, means the number of U.S. Government Securities Business Days in the relevant SOFR Observation Period;

"**i**" means a series of whole numbers ascending from one to d_o, representing each U.S. Government Securities Business Day in chronological order from (and including) the first U.S. Government Securities Business Day in the relevant SOFR Observation Period (each a "**U.S. Government Securities Business Day(i)**"); and

"**n_i**" for any U.S. Government Securities Business Day(i) in the relevant SOFR Observation Period, means the number of calendar days from (and including) such U.S. Government Securities Business Day(i) up to (but excluding) the following U.S. Government Securities Business Day.

iii. SOFR Payment Delay:

$$(\prod_{i=1}^{d_o}(1+\frac{SOFR_i \times n_i}{360})-1)\times\frac{360}{d}$$

with the resulting percentage being rounded, if necessary, to the nearest one hundred-thousandth of a percentage point, with 0.000005% being rounded upwards (e.g., 9.876541% (or 0.09876541) being rounded down to 9.87654% (or 0.0987654) and 9.876545% (or 0.09876545) being rounded up to 9.87655% (or 0.0987655)) and where:

"**$SOFR_i$**" for any U.S. Government Securities Business Day(i) in the relevant Interest Accrual Period, is equal to the SOFR reference rate for that U.S. Government Securities Business Day(i);

"**Interest Payment Date**" shall be the date falling the number of Interest Payment Delay Days following each Interest Period Date; **provided that** the Interest Payment Date with respect to the final Interest Accrual Period will be the Maturity Date or the relevant date for redemption, as applicable;

"**Interest Payment Delay Days**" means the number of Business Days as specified in the relevant Pricing Supplement;

"**d**" means the number of calendar days in the relevant Interest Accrual Period;

"**d_o**" for any Interest Accrual Period, means the number of U.S. Government Securities Business Days in the relevant Interest Accrual Period;

"**i**" means a series of whole numbers ascending from one to d_o, representing each relevant U.S. Government Securities Business Day in chronological order from (and including) the first U.S. Government Securities Business Day in the relevant Interest Accrual Period (each a "**U.S. Government Securities Business Day(i)**"); and

"**n_i**" for any U.S. Government Securities Business Day(i) in the relevant Interest Accrual Period, means the number of calendar days from (and including) such U.S. Government Securities Business Day(i) up to (but excluding) the following U.S. Government Securities Business Day.

For the purposes of calculating Compounded SOFR Average with respect to the final Interest Accrual Period where SOFR Payment Delay is specified in the relevant Pricing Supplement, the SOFR reference rate for each U.S. Government Securities Business Day in the period from (and including) the SOFR Rate Cut-Off Date to (but excluding) the Maturity Date or the relevant date for redemption, as applicable, shall be the SOFR reference rate in respect of such SOFR Rate Cut-Off Date.

iv. SOFR Lockout:

$$\left(\prod_{i=1}^{d_o}\left(1+\frac{SOFR_i \times n_i}{360}\right)-1\right)\times\frac{360}{d}$$

with the resulting percentage being rounded, if necessary, to the nearest one hundred-thousandth of a percentage point, with 0.000005% being rounded upwards (e.g., 9.876541% (or 0.09876541) being rounded down to 9.87654% (or 0.0987654) and 9.876545% (or 0.09876545) being rounded up to 9.87655% (or 0.0987655)) and where:

"**$SOFR_i$**" for any U.S. Government Securities Business Day(i) in the relevant Interest Accrual Period, is equal to the SOFR reference rate for that U.S. Government Securities Business Day(i), except that the SOFR for any U.S. Government Securities Business Day(i) in respect of the period from (and including) the SOFR Rate Cut-Off Date to (but excluding) the Interest Period Date on which such Interest Accrual Period ends shall be the SOFR reference rate in respect of such SOFR Rate Cut-Off Date;

"**d**" means the number of calendar days in the relevant Interest Accrual Period;

"**d_o**" for any Interest Accrual Period, means the number of U.S. Government Securities Business Days in the relevant Interest Accrual Period;

"**i**" means a series of whole numbers ascending from one to d_o, representing each relevant U.S. Government Securities Business Day from (and including) the first U.S. Government Securities Business Day in the relevant Interest Accrual Period (each a "**U.S. Government Securities Business Day(i)**"); and

"**n_i**" for any U.S. Government Securities Business Day(i) in the relevant Interest Accrual Period, means the number of calendar days from (and including) such U.S. Government Securities Business Day(i) up to (but excluding) the following U.S. Government Securities Business Day.

The following defined terms shall have the meanings set out below for purpose of Conditions 5(b)(iii)(C)(x) and 5(b)(iii)(C)(y):

"**Bloomberg Screen SOFRRATE Page**" means the Bloomberg screen designated "**SOFRRATE**" or any successor page or service;

"**Reuters Page USDSOFR=**" means the Reuters page designated "**USDSOFR=**" or any successor page or service;

"**SOFR**" means, with respect to any U.S. Government Securities Business Day, the reference rate determined by the Calculation Agent in accordance with the following provision:

i. the Secured Overnight Financing Rate published at the SOFR Determination Time as such reference rate is reported on the Bloomberg

Screen SOFRRATE Page; the Secured Overnight Financing Rate published at the SOFR Determination Time as such reference rate is reported on the Reuters Page USDSOFR=; or the Secured Overnight Financing Rate published at the SOFR Determination Time on the SOFR Administrator's Website;

ii. if the reference rate specified in (i) above does not appear and a SOFR Benchmark Transition Event and its related SOFR Benchmark Replacement Date have not occurred, the SOFR reference rate shall be the reference rate published on the SOFR Administrator's Website for the first preceding U.S. Government Securities Business Day for which SOFR was published on the SOFR Administrator's Website; or

iii. if the reference rate specified in (i) above does not appear and a SOFR Benchmark Transition Event and its related SOFR Benchmark Replacement Date have occurred, the provisions set forth in Condition 5(b)(v) shall apply;

"**SOFR Determination Time**" means approximately 3:00 p.m. (New York City time) on the immediately following U.S. Government Securities Business Day.

z. If SOFR Compounded Index ("**SOFR Compounded Index**") is specified as applicable in the relevant Pricing Supplement, the SOFR Benchmark for each Interest Accrual Period shall be equal to the compounded average of daily SOFR reference rates for each day during the relevant SOFR Observation Period as calculated by the Calculation Agent as follows:

$$\left(\frac{SOFR\ Index_{End}}{SOFR\ Index_{Start}} - 1\right) \times \left(\frac{360}{d_c}\right)$$

with the resulting percentage being rounded, if necessary, to the nearest one hundred-thousandth of a percentage point with 0.000005% being rounded upwards (e.g., 9.876541% (or 0.09876541) being rounded down to 9.87654% (or 0.0987654) and 9.876545% (or 0.09876545) being rounded up to 9.87655% (or 0.0987655)) and where:

"**SOFR Index**", with respect to any U.S. Government Securities Business Day, means:

(a) the SOFR Index value as published at the SOFR Administrator's Website on or about 3:00 p.m. (New York time) on such U.S. Government Securities Business Day (the "**SOFR Index Determination Time**"); **provided that** in the event that the value originally published by the SOFR Administrator at or about 3:00 p.m. (New York time) on any U.S. Government Securities Business Day is subsequently corrected and such corrected value is published by the SOFR Administrator on the original date of publication, then such corrected value, instead of the value that was originally published, shall be deemed the SOFR Index value as of the SOFR Index Determination Time in relation to such U.S. Government Securities Business Day; and

(b) if a SOFR Index value does not so appear as specified in (a) above of this definition, then:

(i) if a Benchmark Event (as defined in Condition 5(b)(v)(D)) and its related Benchmark Replacement Date (as defined in Condition 5(b)(v)(D)) have not occurred with respect to SOFR, then SOFR Compounded Index shall be the rate determined pursuant to the "**SOFR Index Unavailable**" provisions in Condition 5(b)(iii)(D); or

(ii) if a Benchmark Event and its related Benchmark Replacement Date have occurred with respect to SOFR, then SOFR Compounded Index shall be the rate determined pursuant to Condition 5(b)(v).

"**SOFR Index$_{Start}$**" means, in respect of an Interest Accrual Period, the SOFR Index value on the date which is the number of U.S. Government Securities Business Days specified in the relevant Pricing Supplement preceding the first day of such Interest Accrual Period;

"**SOFR Index$_{End}$**" means, in respect of an Interest Accrual Period, the SOFR Index value on the date which is the number of U.S. Government Securities Business Days specified in the relevant Pricing Supplement preceding the Interest Period Date on which such Interest Accrual Period ends (or in the final Interest Accrual Period, the Maturity Date);

"**d_c**" means the number of calendar days in the relevant SOFR Observation Period.

"**SOFR Observation Shift Days**" means the number of U.S. Government Securities Business Days as specified in the relevant Pricing Supplement; and

"**SOFR Observation Period**" means, in respect of an Interest Accrual Period, the period from (and including) the date which is the number of SOFR Observation Shift Days preceding the first date of such Interest Accrual Period (and in respect of the first Interest Accrual Period, the number of SOFR Observation Shift Days preceding the Issue Date) to, but excluding, the date which is the number of SOFR Observation Shift Days preceding the Interest Period Date on which such Interest Accrual Period ends (or in the final Interest Accrual Period, the Maturity Date).

The following defined terms shall have the meanings set out below for purpose of this Condition 5(b)(iii)(C):

"**SOFR Administrator**" means the Federal Reserve Bank of New York or any successor administrator of the SOFR Index value and Secured Overnight Financing Rate;

"**SOFR Administrator's Website**" means the website of the SOFR Administrator (currently being, https://apps.newyorkfed.org/markets/autorates/sofr-avg-ind), or any successor source;

"**SOFR Benchmark Replacement Date**" means the Benchmark Replacement Date with respect to the then-current SOFR Benchmark;

"**SOFR Benchmark Transition Event**" means the occurrence of a Benchmark Event with respect to the then-current SOFR Benchmark;

"**SOFR Rate Cut-Off Date**" has the meaning given in the relevant Pricing Supplement; and

"**U.S. Government Securities Business Day**" or "**USBD**" means any day except for a Saturday, a Sunday or a day on which the Securities Industry and Financial Markets Association recommends that the fixed income departments of its members be closed for the entire day for purposes of trading in U.S. government securities.

(D) *SOFR Index Unavailable*

If a SOFR Index value is not published on the relevant Interest Determination Date and a Benchmark Event (as defined in Condition 5(b)(v)(D)) and its related Benchmark Replacement Date (as defined in Condition 5(b)(v)(D)) has not occurred with respect to SOFR, then the SOFR Index shall be calculated in accordance with the Compounded SOFR formula and the related definitions as set out below in this Condition 5(b)(iii)(D):

"**Compounded SOFR**" means, for the applicable Interest Accrual Period for which the SOFR Index is not available, the rate of return on a daily compounded interest investment during the relevant Observation Period (with the daily SOFR reference rate as the reference rate for the calculation of interest) and calculated by the Calculation Agent in accordance with the following formula, and the resulting percentage will be rounded, if necessary, to the nearest one hundred- thousandth of a percentage point, 0.000005% being rounded upwards (e.g., 9.876541% (or 0.09876541) being rounded down to 9.87654% (or 0.0987654) and 9.876545% (or 0.09876545) being rounded up to 9.87655% (or 0.0987655)):

$$\left(\prod_{i=1}^{d_o}\left(1+\frac{SOFR_i \times n_i}{360}\right)-1\right)\times\frac{360}{d_c}$$

where:

"$\mathbf{d_c}$" means the number of calendar days in the relevant Observation Period.

"$\mathbf{d_o}$" means the number of U.S. Government Securities Business Days in the relevant Observation Period.

"**i**" means a series of whole numbers ascending from one to do, each representing the relevant U.S. Government Securities Business Days in chronological order from (and including) the first U.S. Government Securities Business Day in the relevant Observation Period (each a "**U.S. Government Securities Business Day(i)**").

"**n_i**" for any U.S. Government Securities Business Day(i) in the relevant Observation Period, means the number of calendar days from (and including) such U.S. Government Securities Business Day(i) up to (but excluding) the following U.S. Government Securities Business Day(i).

"**$SOFR_i$**" for any U.S. Government Securities Business Day(i) in the relevant Observation Period, is equal to SOFR in respect of that U.S. Government Securities Business Day(i).

"**Bloomberg Screen SOFRRATE Page**" means the Bloomberg screen designated "**SOFRRATE**" or any successor page or service.

"**Observation Period**" means, in respect of each Interest Accrual Period, the period from (and including) the date falling a number of U.S. Government Securities Business Days equal to the Observation Shift Days preceding the first date in such Interest Accrual Period to (but excluding) the date falling a number of U.S. Government Securities Business Days equal to the number of Observation Shift Days preceding the Interest Period Date on which such Interest Accrual Period ends.

"**Observation Shift Days**" means the number of U.S. Government Securities Business Days as specified in the relevant Pricing Supplement.

"**Reuters Page USDSOFR**" means the Reuters page designated "**USDSOFR=**" or any successor page or service.

"**SOFR**" means, with respect to any U.S. Government Securities Business Day:

(a) the Secured Overnight Financing Rate published at the SOFR Determination Time, as such rate is reported on the Bloomberg Screen SOFRRATE Page, the Secured Overnight Financing Rate published at the SOFR Determination Time, as such rate is reported on the Reuters Page USDSOFR=, or the Secured Overnight Financing Rate that appears at the SOFR Determination Time on the SOFR Administrator's Website; or

(b) if the rate specified in (a) above does not appear, the SOFR published on the SOFR Administrator's Website for the first preceding U.S. Government Securities Business Day for which SOFR was published on the SOFR Administrator's Website.

"**SOFR Administrator**" means the Federal Reserve Bank of New York or any successor administrator of the SOFR Index value and Secured Overnight Financing Rate.

"**SOFR Administrator's Website**" means the website of the SOFR Administrator (currently being, https://apps.newyorkfed.org/markets/autorates/sofr-avg-ind), or any successor source.

"**SOFR Determination Time**" means on or about 3:00 p.m. (New York City time) on the SOFR Administrator's Website on the immediately following U.S. Government Securities Business Day.

"**U.S. Government Securities Business Day**" means any day other than a Saturday, a Sunday or a day on which the Securities Industry and Financial Markets Association recommends that the fixed income departments of its members be closed for the entire day for purposes of trading in U.S. government securities."

(iv) *Benchmark Replacement for Floating Rate Notes (other than Floating Rate Notes which specify the Reference Rate as SOFR)*: In addition, notwithstanding the provisions of this Condition 5(b), if the Issuer determines that a Benchmark Event has occurred in relation to the relevant Reference Rate specified hereon when any Rate of Interest (or the relevant component part thereof) remains to be determined by such Reference Rate, then the following provisions shall apply:

(A) the Issuer shall use all reasonable endeavours to appoint, as soon as reasonably practicable, an Independent Adviser to determine (acting in a reasonable manner), no later than five Business Days prior to the relevant Interest Determination Date relating to the next succeeding Interest Accrual Period (the "**IA Determination Cut-off Date**"), a Successor Rate or, alternatively, if there is no Successor Rate, an Alternative Reference Rate for the purposes of determining the Rate of Interest (or the relevant component part thereof) applicable to the Notes;

(B) if the Issuer (acting in a reasonable manner) is unable to appoint an Independent Adviser, or the Independent Adviser appointed by it fails to determine a Successor Rate or an Alternative Reference Rate prior to the IA Determination Cut-off Date, the Issuer (acting in a reasonable manner) may determine a Successor Rate or, if there is no Successor Rate, an Alternative Reference Rate;

(C) if a Successor Rate or, failing which, an Alternative Reference Rate (as applicable) is determined in accordance with the preceding provisions, such Successor Rate or, failing which, an Alternative Reference Rate (as applicable) shall be the Reference Rate for each of the future Interest Accrual Periods (subject to the subsequent operation of, and to adjustment as provided in, this Condition 5(b)(iv)); provided, however, that if sub-paragraph (B) applies and the Issuer (acting in a reasonable manner) is unable to or does not determine a Successor Rate or an Alternative Reference Rate prior to the relevant Interest Determination Date, the Rate of Interest applicable to the next succeeding Interest Accrual Period shall be equal to the Rate of Interest last determined in relation to the Notes in respect of the preceding Interest Accrual Period (or alternatively, if there has not been a first Interest Payment Date, the rate of interest shall be the initial Rate of Interest) (subject, where applicable, to substituting the Margin, Maximum Rate of Interest or Minimum Rate of Interest that applied to such preceding Interest Accrual Period for the Margin, Maximum Rate of Interest or Minimum Rate of Interest that is to be applied to the relevant Interest Accrual Period); for the avoidance of doubt, the proviso in this sub-paragraph (C) shall apply to the relevant Interest Accrual Period only and any subsequent Interest Accrual Periods are subject to the subsequent operation of, and to adjustment as provided in, this Condition 5(b)(iv));

(D) if the Independent Adviser or the Issuer (acting in a reasonable manner) determines a Successor Rate or, failing which, an Alternative Reference Rate (as applicable) in accordance with the above provisions, the Independent Adviser or the Issuer (acting in good faith and in a commercially reasonable manner) (as applicable), may also specify changes to these Conditions, including but not limited to the Day Count Fraction, Relevant Screen Page, Business Day Convention, business days, Interest Determination Date and/or the definition of Reference Rate applicable to the Notes, and the method for determining the fallback rate in relation to the Notes, if such changes are necessary to ensure the proper operation of such Successor Rate, Alternative Reference Rate and/or Adjustment Spread (as applicable). If the Independent Adviser (in consultation with the Issuer) or the Issuer (acting in a reasonable manner) (as applicable), determines that an Adjustment Spread is required to be applied to the Successor Rate or the Alternative Reference Rate (as applicable) and determines the quantum of, or a formula or methodology for determining, such Adjustment Spread, then such Adjustment Spread shall be applied to the Successor Rate or the Alternative Reference Rate (as applicable). If the Independent Adviser or the Issuer (acting in a reasonable manner) (as applicable) is unable to determine the quantum of, or a formula or methodology for determining, such Adjustment Spread, then such Successor Rate or Alternative Reference Rate (as applicable) will apply without an Adjustment Spread. For the avoidance of doubt, the Fiscal Agent shall, at the direction and expense of the Issuer, effect such consequential amendments to the Fiscal Agency Agreement and these Conditions as may be required in order to give effect to this Condition 5(b)(iv). Noteholder or Couponholder consent shall not be required in connection with effecting the Successor Rate or Alternative Reference Rate (as applicable) or such other changes, including for the execution of any documents or other steps by the Fiscal Agent (if required); and

(E) the Issuer shall promptly, following the determination of any Successor Rate or Alternative Reference Rate (as applicable), give notice thereof to the Fiscal Agent, Noteholders and Couponholders, which shall specify the effective date(s) for such Successor Rate or Alternative Reference Rate (as applicable) and any consequential changes made to these Conditions,

provided that the determination of any Successor Rate or Alternative Reference Rate, and any other related changes to the Notes, shall be made in accordance with applicable law.

(v) *Benchmark Replacement (SOFR)*: The following provisions shall apply if Benchmark Event (SOFR) is specified as applicable in the relevant Pricing Supplement:

(A) *Benchmark Replacement*

If the Issuer or its designee determines on or prior to the relevant Reference Time that a Benchmark Event and its related Benchmark Replacement Date have occurred with respect to the-then current Benchmark, the Benchmark Replacement will replace the then-current Benchmark for all purposes relating to the Notes in respect of all determinations on such date and for all determinations on all subsequent dates.

(B) *Benchmark Replacement Conforming Changes*

In connection with the implementation of a Benchmark Replacement, the Issuer or its designee will have the right to make Benchmark Replacement Conforming Changes from time to time. For the avoidance of doubt, any of the Agents shall, at the direction and expense of the Issuer, effect such consequential amendments to the Fiscal Agency Agreement and these Conditions as may be required to give effect to this Condition 5(b)(v). Noteholders' consent shall not be required in connection with effecting any such changes, including the execution of any documents or any steps to be taken by any of the Agents (if required). Further, none of the Agents shall be responsible or liable for any determinations, decisions or elections made by the Issuer or its designee with respect to any Benchmark Replacement or any other changes and shall be entitled to rely conclusively on any certifications provided to each of them in this regard.

(C) *Decisions and Determinations*

Any determination, decision or election that may be made by the Issuer or its designee pursuant to this Condition 5(b)(v), including any determination with respect to a tenor, rate or adjustment or of the occurrence or non-occurrence of an event, circumstance or date and any decision to take or refrain from taking any action or any selection (i) will be conclusive and binding absent manifest error, (ii) will be made in the sole discretion of the Issuer or its designee, as applicable, and (iii) notwithstanding anything to the contrary in the documentation relating to the Notes, shall become effective without consent from the holders of the Notes or any other party.

(D) The following defined terms shall have the meanings set out below for purpose of Conditions 5(b)(iii)(C) and 5(b)(v):

"**Benchmark**" means, initially, the relevant SOFR Benchmark specified in the relevant Pricing Supplement; provided that if the Issuer or its designee determines on or prior to the Reference Time that a Benchmark Event and its related Benchmark Replacement Date have occurred with respect to the relevant SOFR Benchmark (including any daily published component used in the calculation thereof) or the then-current Benchmark, then "**Benchmark**" means the applicable Benchmark Replacement;

"**Benchmark Event**" means the occurrence of one or more of the following events with respect to the then-current Benchmark (including any daily published component used in the calculation thereof):

(i) a public statement or publication of information by or on behalf of the administrator of the Benchmark (or such component) announcing that such administrator has ceased or will cease to provide the Benchmark (or such component), permanently or indefinitely, provided that, at the time of such statement or publication, there is no successor administrator that will continue to provide the Benchmark (or such component); or

(ii) a public statement or publication of information by the regulatory supervisor for the administrator of the Benchmark (or such component), the central bank for the currency of the Benchmark (or such component), an insolvency official with jurisdiction over the administrator for the Benchmark (or such component), a resolution authority with jurisdiction over the administrator for the Benchmark (or such component) or a court or an entity with similar insolvency or resolution authority over the administrator for the Benchmark, which states that the administrator of the Benchmark (or such component) has ceased or will cease to provide the Benchmark (or such component) permanently or indefinitely, provided that, at the time of such statement or publication, there is no successor administrator that will continue to provide the Benchmark (or such component); or

(iii) a public statement or publication of information by the regulatory supervisor for the administrator of the Benchmark announcing that the Benchmark is no longer representative;

"**Benchmark Replacement**" means the first alternative set forth in the order below that can be determined by the Issuer or its designee as of the Benchmark Replacement Date:

(i) the sum of:

(a) the alternate reference rate that has been selected or recommended by the Relevant Governmental Body as the replacement for the then-current Benchmark (including any daily published component used in the calculation thereof); and

(b) the Benchmark Replacement Adjustment; or

(ii) the sum of:

(a) the alternate reference rate that has been selected by the Issuer or its designee as the replacement for the then-current Benchmark (including any daily published component used in the calculation thereof) giving due consideration to any industry-accepted reference rate as a replacement for the then-current Benchmark (including any daily published component used in the calculation thereof) for U.S. dollar-denominated Floating Rate Notes at such time; and

(b) the Benchmark Replacement Adjustment;

"**Benchmark Replacement Adjustment**" means the first alternative set forth in the order below that can be determined by the Issuer or its designee as of the Benchmark Replacement Date:

(i) the spread adjustment, or method for calculating or determining such spread adjustment, (which may be a positive or negative value or zero) that has been selected or recommended by the Relevant Governmental Body for the applicable Unadjusted Benchmark Replacement; or

(ii) the spread adjustment (which may be a positive or negative value or zero) that has been selected by the Issuer or its designee giving due consideration to any industry-accepted spread adjustment, or method for calculating or determining such spread adjustment, for the replacement of the then-current Benchmark (including any daily published component used in the calculation thereof) with the applicable Unadjusted Benchmark Replacement for U.S. dollar-denominated Floating Rate Notes at such time;

"**Benchmark Replacement Conforming Changes**" means, with respect to any Benchmark Replacement, any technical, administrative or operational changes (including changes to the timing and frequency of determining rates and making payments of interest, rounding of amounts or tenors, and other administrative matters) that the Issuer or its designee decides may be appropriate to reflect the adoption of such Benchmark Replacement in a manner substantially consistent with market practice (or, if the Issuer or its designee decides that adoption of any portion of such market practice is not administratively feasible or if the Issuer or its designee determines that no market practice for use of the Benchmark Replacement exists, in such other manner as the Issuer or its designee determines is reasonably necessary);

"**Benchmark Replacement Date**" means the earliest to occur of the following events with respect to the then-current Benchmark (including any daily published component used in the calculation thereof):

(i) in the case of sub-paragraph (i) or (ii) of the definition of "**Benchmark Event**", the later of:

(x) the date of the public statement or publication of information referenced therein; and

(y) the date on which the administrator of the Benchmark permanently or indefinitely ceases to provide the Benchmark (or such component); or

(ii) in the case of sub-paragraph (iii) of the definition of "**Benchmark Event**", the date of the public statement or publication of information referenced therein.

For the avoidance of doubt, if the event giving rise to the Benchmark Replacement Date occurs on the same day as, but earlier than, the Reference Time in respect of any determination, the Benchmark Replacement Date will be deemed to have occurred prior to the Reference Time for such determination;

"**designee**" means a designee as selected and separately appointed by the Issuer in writing;

"**Reference Time**" with respect to any determination of the Benchmark means (1) if the Benchmark is the SOFR Benchmark, the SOFR Determination Time (where Simple SOFR Average or Compounded SOFR Average is specified in the relevant Pricing Supplement) or SOFR Index Determination Time (where SOFR Compounded Index is specified in the relevant Pricing Supplement); or

(2) if the Benchmark is not the SOFR Benchmark, the time determined by the Issuer or its designee after giving effect to the Benchmark Replacement Conforming Changes;

"**Relevant Governmental Body**" means the Federal Reserve Board and/or the Federal Reserve Bank of New York, or a committee officially endorsed or convened by the Federal Reserve Board and/or the Federal Reserve Bank of New York or any successor thereto; and

"**Unadjusted Benchmark Replacement**" means the Benchmark Replacement excluding the Benchmark Replacement Adjustment.

(vi) *Rate of Interest for Index Linked Interest Notes:* The Rate of Interest in respect of Index Linked Interest Notes for each Interest Accrual Period shall be determined by the Calculation Agent in the manner specified hereon and interest will accrue by reference to an index or formula as specified hereon.

(c) **Zero Coupon Notes:** Where a Note the Interest Basis of which is specified to be Zero Coupon is repayable prior to the Maturity Date and is not paid when due, the amount due and payable prior to the Maturity Date shall be the Early Redemption Amount of such Note. As from the Maturity Date, the Rate of Interest for any overdue principal of such a Note shall be a rate per annum (expressed as a percentage) equal to the Amortisation Yield (as described in Condition 6(b)(i)).

(d) **Dual Currency Notes:** In the case of Dual Currency Notes, if the rate or amount of interest falls to be determined by reference to a Rate of Exchange or a method of calculating Rate of Exchange, the rate or amount of interest payable shall be determined by the Calculation Agent in the manner specified hereon.

(e) **Partly Paid Notes:** In the case of Partly Paid Notes (other than Partly Paid Notes which are Zero Coupon Notes), interest will accrue as aforesaid on the paid-up nominal amount of such Notes and otherwise as specified hereon.

(f) **Accrual of Interest:** Interest shall cease to accrue on each Note on the due date for redemption unless, upon due presentation, payment is improperly withheld or refused, in which event interest shall continue to accrue (both before and after judgment) at the Rate of Interest in the manner provided in this Condition 5 to the Relevant Date (as defined in Condition 8).

(g) **Margin, Maximum/Minimum Rates of Interest, Instalment Amounts and Redemption Amounts and Rounding:**

(i) If any Margin is specified hereon (either (x) generally, or (y) in relation to one or more Interest Accrual Periods), an adjustment shall be made to all Rates of Interest, in the case of (x), or the Rates of Interest for the specified Interest Accrual Periods, in the case of (y), calculated in accordance with Condition 5(b) above by adding (if a positive number) or subtracting the absolute value (if a negative number) of such Margin, subject always to the next paragraph.

(ii) If any Maximum Rate of Interest, Minimum Rate of Interest, Instalment Amount or Redemption Amount is specified hereon, then any Rate of Interest, Instalment Amount or Redemption Amount shall be subject to such maximum or minimum, as the case may be.

(iii) For the purposes of any calculations required pursuant to these Conditions (unless otherwise specified), (x) all percentages resulting from such calculations shall be rounded, if necessary, to the nearest one hundred-thousandth of a percentage point (with halves being rounded up), (y) all figures shall be rounded to seven significant figures (with halves being rounded up) and (z) all currency amounts that fall due and payable shall be rounded to the nearest unit of such currency (with halves being rounded up), save in the case of yen, which shall be rounded down to the nearest yen. For these purposes "**unit**" means the lowest amount of such currency that is available as legal tender in the country of such currency.

(h) **Calculations:** The amount of interest payable per Calculation Amount in respect of any Note for any Interest Accrual Period shall be equal to the product of the Rate of Interest, the Calculation Amount specified hereon, and the Day Count Fraction for such Interest Accrual Period, unless an Interest Amount (or a formula for its calculation) is applicable to such Interest Accrual Period, in which case the amount of interest payable per Calculation Amount in respect of such Note for such Interest Accrual Period shall equal such Interest Amount (or be calculated in accordance with such formula). Where any Interest Period comprises two or more Interest Accrual Periods, the amount of interest payable per Calculation Amount in respect of such Interest Period shall be the sum of the Interest Amounts payable in respect of each of those Interest Accrual Periods. In respect of any other period for which interest is required to be calculated, the provisions above shall apply save that the Day Count Fraction shall be for the period for which interest is required to be calculated.

(i) **Determination and Publication of Rates of Interest, Interest Amounts, Final Redemption Amounts, Early Redemption Amounts, Optional Redemption Amounts and Instalment Amounts:** The Calculation Agent shall, as soon as practicable on each Interest Determination Date, or such other time on such date as the Calculation Agent may be required to calculate any rate or amount, obtain any quotation or make any determination or calculation, determine such rate and calculate the Interest Amounts for the relevant Interest Accrual Period, calculate the Final Redemption Amount, Early Redemption Amount, Optional Redemption Amount or Instalment Amount, obtain such quotation or make such determination or calculation, as the case may be, and cause the Rate of Interest and the Interest Amounts for each Interest Accrual Period and the relevant Interest Payment Date and, if required to be calculated, the Final Redemption Amount, Early Redemption Amount, Optional Redemption Amount or any Instalment Amount to be notified to the Fiscal Agent, the Issuer, each of the Paying Agents, the Noteholders, any other Calculation Agent appointed in respect of the Notes that is to make a further calculation upon receipt of such information and, if the Notes are listed on a stock exchange and the rules of such exchange or other relevant authority so require, such exchange or other relevant authority as soon as possible after their determination but in no event later than (i) the commencement of the relevant Interest Period, if determined prior to such time, in the case of notification to such exchange of a Rate of Interest and Interest Amount, or (ii) in all other cases, the fourth Business Day after such determination. Where any Interest Payment Date or Interest Period Date is subject to adjustment pursuant to Condition 5(b)(ii), the Interest Amounts and the Interest Payment Date so published may subsequently be amended (or appropriate alternative arrangements made by way of adjustment) without notice in the event of an extension or shortening of the Interest Period. If the Notes become due and payable under Condition 10, the accrued interest and the Rate of Interest payable in respect of the Notes shall nevertheless continue to be calculated as previously in accordance with this Condition 5 but no publication of the Rate of Interest or the Interest Amount so calculated need be made. The determination of any rate or amount, the obtaining of each quotation and the

making of each determination or calculation by the Calculation Agent(s) shall (in the absence of manifest error) be final and binding upon all parties and the Noteholders.

(j) **Definitions:** In these Conditions (other than in Conditions 5(b)(iii)(C) and 5(b)(v)), unless the context otherwise requires, the following defined terms shall have the meanings set out below:

"**Adjustment Spread**" means (a) a spread (which may be positive or negative or zero) or (b) a formula or methodology for calculating a spread, in each case required to be applied to the Successor Rate or the Alternative Reference Rate (as applicable) and is the spread, formula or methodology which:

(i) in the case of a Successor Rate, is formally recommended in relation to the replacement of the Reference Rate with the Successor Rate by any Relevant Nominating Body; or

(ii) in the case of a Successor Rate for which no such recommendation has been made or in the case of an Alternative Reference Rate, the Independent Adviser (in consultation with the Issuer) or the Issuer (acting in a reasonable manner) (as applicable) determines is recognised or acknowledged as being in customary market usage in international debt capital markets transactions which reference the Reference Rate, where such rate has been replaced by the Successor Rate or the Alternative Reference Rate (as applicable); or

(iii) if the Independent Adviser (in consultation with the Issuer) or the Issuer (acting in a reasonable manner) (as applicable) determines that no such customary market usage is recognised or acknowledged, the Independent Adviser (in consultation with the Issuer) or the Issuer in its discretion (as applicable), determines (acting in a reasonable manner) to be appropriate, having regard to the objective, so far as is reasonably practicable in the circumstances and solely for the purposes of this sub-paragraph (iii) only, of reducing or eliminating any economic prejudice or benefit (as the case may be) to the Noteholders and Couponholders.

"**Alternative Reference Rate**" means the rate that the Independent Adviser or the Issuer (as applicable) determines has replaced the relevant Reference Rate in customary market usage in the international debt capital markets for the purposes of determining rates of interest in respect of bonds denominated in the Specified Currency and of a comparable duration to the relevant Interest Period, or, if the Independent Adviser or the Issuer (as applicable) determines that there is no such rate, such other rate as the Independent Adviser or the Issuer (as applicable) determines in its discretion (acting in a reasonable manner) is most comparable to the relevant Reference Rate;

"**Benchmark Event**" means, in respect of a Reference Rate:

(i) such Reference Rate ceasing to be published for a period of at least five Business Days or ceasing to exist;

(ii) a public statement by the administrator of such Reference Rate that it has ceased or will cease publishing such Reference Rate permanently or indefinitely (in circumstances where no successor administrator has been appointed that will continue publication of such Reference Rate);

(iii) a public statement by the supervisor of the administrator of such Reference Rate that such Reference Rate has been or will be permanently or indefinitely discontinued;

(iv) a public statement by the supervisor of the administrator of such Reference Rate that means such Reference Rate will be prohibited from being used either generally or in respect of the Notes or that its use will be subject to restrictions or adverse consequences;

(v) a public statement by the supervisor of the administrator of such Reference Rate that, in the view of such supervisor, such Reference Rate is no longer representative of an underlying market or the methodology to calculate such Reference Rate has materially changed; or

(vi) it has become unlawful for any Paying Agent, Calculation Agent, the Issuer or other party to calculate any payments due to be made to any Noteholder or Couponholder using such Reference Rate,

provided that in the case of sub-paragraphs (ii), (iii) and (iv) of this definition, the Benchmark Event shall occur on the date of the cessation of publication of such Reference Rate, the discontinuation of such Reference Rate, or the prohibition of use of such Reference Rate, as the case may be, and not the date of the relevant public statement.

"**Business Day**" means:

(i) in the case of Notes denominated in a currency other than euro and Renminbi, a day (other than a Saturday or Sunday) on which commercial banks and foreign exchange markets settle payments in the principal financial centre for such currency; and/or

(ii) in the case of Notes denominated in euro, a day on which the T2 is open for the settlement of payments in Euro (a "**TARGET Business Day**"); and/or

(iii) in the case of Notes denominated in Renminbi, a day (other than a Saturday, Sunday or public holiday) on which commercial banks in Hong Kong are generally open for business and settlement of Renminbi payments in Hong Kong; and/or

(iv) in the case of Notes denominated in a currency and/or one or more Business Centres specified hereon, a day (other than a Saturday or a Sunday) on which commercial banks and foreign exchange markets settle payments in such currency in the Business Centre(s) or, if no currency is indicated, generally in each of the Business Centres.

"**Calculation Amount**" means the amount by reference to which the Interest Amount, Final Redemption Amount, Early Redemption Amount and Optional Redemption Amount are calculated as specified hereon.

"**Day Count Fraction**" means, in respect of the calculation of an amount of interest on any Note for any period of time (from and including the first day of such period to but excluding the last) (whether or not constituting an Interest Period or an Interest Accrual Period, the "**Calculation Period**"):

(i) if "**Actual/Actual**" or "**Actual/Actual — ISDA**" is specified hereon, the actual number of days in the Calculation Period divided by 365 (or, if any portion of that Calculation Period falls in a leap year, the sum of (A) the actual number of days in that portion of the Calculation Period falling in a leap year divided by 366 and (B) the actual number of days in that portion of the Calculation Period falling in a non-leap year divided by 365);

(ii) if "**Actual/365 (Fixed)**" is specified hereon, the actual number of days in the Calculation Period divided by 365;

(iii) if "**Actual/365 (Sterling)**" is specified hereon, the actual number of days in the Calculation Period divided by 365 or, in the case of an Interest Payment Date falling in a leap year, 366;

(iv) if "**Actual/360**" is specified hereon, the actual number of days in the Calculation Period divided by 360;

(v) if "**30/360**", "**360/360**" or "**Bond Basis**" is specified hereon, the number of days in the Calculation Period divided by 360, calculated on a formula basis as follows:

$$\text{Day Count Fraction} = \frac{[360 \times (Y_2 - Y_1)] + [30 \times (M_2 - M_1)] + (D_2 - D_1)}{360}$$

where:

"$\mathbf{Y_1}$" is the year, expressed as a number, in which the first day of the Calculation Period falls;

"$\mathbf{Y_2}$" is the year, expressed as a number, in which the day immediately following the last day included in the Calculation Period falls;

"$\mathbf{M_1}$" is the calendar month, expressed as a number, in which the first day of the Calculation Period falls;

"$\mathbf{M_2}$" is the calendar month, expressed as a number, in which the day immediately following the last day included in the Calculation Period falls;

"$\mathbf{D_1}$" is the first calendar day, expressed as a number, of the Calculation Period, unless such number would be 31, in which case D_1 will be 30; and

"$\mathbf{D_2}$" is the calendar day, expressed as a number, immediately following the last day included in the Calculation Period, unless such number would be 31 and D_1 is greater than 29, in which case D_2 will be 30.

(vi) if "**30E/360**" or "**Eurobond Basis**" is specified hereon, the number of days in the Calculation Period divided by 360, calculated on a formula basis as follows:

$$\text{Day Count Fraction} = \frac{[360 \times (Y_2 - Y_1)] + [30 \times (M_2 - M_1)] + (D_2 - D_1)}{360}$$

where:

"$\mathbf{Y_1}$" is the year, expressed as a number, in which the first day of the Calculation Period falls;

"$\mathbf{Y_2}$" is the year, expressed as a number, in which the day immediately following the last day included in the Calculation Period falls;

"$\mathbf{M_1}$" is the calendar month, expressed as a number, in which the first day of the Calculation Period falls;

"$\mathbf{M_2}$" is the calendar month, expressed as a number, in which the day immediately following the last day included in the Calculation Period falls;

"**D_1**" is the first calendar day, expressed as a number, of the Calculation Period, unless such number would be 31, in which case D_1 will be 30; and

"**D_2**" is the calendar day, expressed as a number, immediately following the last day included in the Calculation Period, unless such number would be 31, in which case D_2 will be 30.

(vii) if "**30E/360 (ISDA)**" is specified hereon, the number of days in the Calculation Period divided by 360, calculated on a formula basis as follows:

$$\text{Day Count Fraction} = \frac{[360 \times (Y_2 - Y_1)] + [30 \times (M_2 - M_1)] + (D_2 - D_1)}{360}$$

where:

"**Y_1**" is the year, expressed as a number, in which the first day of the Calculation Period falls;

"**Y_2**" is the year, expressed as a number, in which the day immediately following the last day included in the Calculation Period falls;

"**M_1**" is the calendar month, expressed as a number, in which the first day of the Calculation Period falls;

"**M_2**" is the calendar month, expressed as a number, in which the day immediately following the last day included in the Calculation Period falls;

"**D_1**" is the first calendar day, expressed as a number, of the Calculation Period, unless (i) that day is the last day of February or (ii) such number would be 31, in which case D_1 will be 30; and

"**D_2**" is the calendar day, expressed as a number, immediately following the last day included in the Calculation Period, unless (i) that day is the last day of February but not the Maturity Date or (ii) such number would be 31, in which case D_2 will be 30.

(viii) if "**Actual/Actual — ICMA**" is specified hereon,

(A) if the Calculation Period is equal to or shorter than the Determination Period during which it falls, the number of days in the Calculation Period divided by the product of (1) the number of days in such Determination Period and (2) the number of Determination Periods normally ending in any year; and

(B) if the Calculation Period is longer than one Determination Period, the sum of:

(1) the number of days in such Calculation Period falling in the Determination Period in which it begins divided by the product of (I) the number of days in such Determination Period and (II) the number of Determination Periods normally ending in any year; and

(2) the number of days in such Calculation Period falling in the next Determination Period divided by the product of (I) the number of days in such Determination Period and (II) the number of Determination Periods normally ending in any year,

where:

"**Determination Period**" means the period from and including a Determination Date in any year to but excluding the next Determination Date; and

"**Determination Date**" means the date(s) specified as such hereon or, if none is so specified, the Interest Payment Date(s).

"**Euro-zone**" means the region comprised of member states of the European Union that adopt the single currency in accordance with the Treaty establishing the European Community, as amended.

"**Independent Adviser**" means an independent financial institution of international repute or other independent financial adviser of recognised standing and with appropriate expertise, in each case appointed by the Issuer at its own expense.

"**Interest Accrual Period**" means the period beginning on (and including) the Interest Commencement Date and ending on (but excluding) the first Interest Period Date and each successive period beginning on (and including) an Interest Period Date and ending on (but excluding) the next succeeding Interest Period Date.

"**Interest Amount**" means:

(i) in respect of an Interest Accrual Period, the amount of interest payable per Calculation Amount for that Interest Accrual Period and which, in the case of Fixed Rate Notes, and unless otherwise specified hereon, shall mean the Fixed Coupon Amount or Broken Amount specified hereon as being payable on the Interest Payment Date ending the Interest Period of which such Interest Accrual Period forms part; and

(ii) in respect of any other period, the amount of interest payable per Calculation Amount for that period.

"**Interest Commencement Date**" means the Issue Date or such other date as may be specified hereon.

"**Interest Determination Date**" means, with respect to a Rate of Interest and Interest Accrual Period, the date specified as such hereon or, if none is so specified, (i) the first day of such Interest Accrual Period if the Specified Currency is Sterling, Hong Kong dollars or Renminbi other than where the Specified Currency is Renminbi and the Reference Rate is CNH HIBOR or (ii) the day falling two Business Days in London for the Specified Currency prior to the first day of such Interest Accrual Period if the Specified Currency is not Sterling, euro, Hong Kong dollars, Renminbi or (iii) the day falling two TARGET Business Days prior to the first day of such Interest Accrual Period if the Specified Currency is euro or (iv) the day falling two Business Days in Hong Kong prior to the first day of such Interest Accrual Period if the Specified Currency is Renminbi and the Reference Rate is CNH HIBOR provided that in this definition, "**Business Day**" shall mean a day (other than a Saturday or Sunday) on which commercial banks and foreign exchange markets settle payments in London or Hong Kong (as the case may be).

"**Interest Period**" means the period beginning on and including the Interest Commencement Date and ending on but excluding the first Interest Payment Date and each successive period beginning on and including an Interest Payment Date and ending on but excluding the next succeeding Interest Payment Date unless otherwise specified hereon.

"**Interest Period Date**" means each Interest Payment Date unless otherwise specified hereon.

"**Rate of Interest**" means the rate of interest payable from time to time in respect of the Notes and that is either specified or calculated in accordance with the provisions hereon.

"**Reference Banks**" means, in the case of a determination of EURIBOR, the principal Euro-zone office of four major banks in the Euro-zone inter-bank market and, in the case of a determination of HIBOR, the principal Hong Kong office of four major banks in the Hong Kong inter-bank market and, in the case of a determination of CNH HIBOR, the principal Hong Kong office of four major banks dealing in Chinese Yuan in the Hong Kong inter-bank market, in each case selected by the Calculation Agent or as specified hereon.

"**Reference Rate**" means the rate specified as such hereon. "**Relevant Nominating Body**" means, in respect of a reference rate:

(i) the central bank for the currency to which the reference rate relates, or any central bank or other supervisory authority which is responsible for supervising the administrator of the reference rate; or

(ii) any working group or committee sponsored by, chaired or co-chaired by or constituted at the request of (a) the central bank for the currency to which the reference rate relates, (b) any central bank or other supervisory authority which is responsible for supervising the administrator of the reference rate, (c) a group of the aforementioned central banks or other supervisory authorities, or (d) the Financial Stability Board or any part thereof.

"**Relevant Screen Page**" means such page, section, caption, column or other part of a particular information service as may be specified hereon or such other page, section, caption, column or other part as may replace it on that information service or such other information service, in each case, as may be nominated by the person providing or sponsoring the information appearing there for the purpose of displaying rates or prices comparable to the Reference Rate.

"**Specified Currency**" means the currency specified as such hereon or, if none is specified, the currency in which the Notes are denominated.

"**Successor Rate**" means the rate that the Independent Adviser or the Issuer (as applicable) determines is a successor to or replacement of the Reference Rate which is formally recommended by any Relevant Nominating Body.

"**T2**" means the real time gross settlement system operated by the Eurosystem or any successor or replacement for that system.

Calculation Agent: The Issuer shall procure that there shall at all times be one or more Calculation Agents if provision is made for it or them hereon and for so long as any Note is outstanding (as defined in the Fiscal Agency Agreement). Where more than one Calculation Agent is appointed in respect of the Notes, references in these Conditions to the Calculation Agent shall be construed as each Calculation Agent performing its respective duties under the Conditions. If the Calculation Agent is unable or unwilling to act as such or, if the Calculation Agent fails duly to establish the Rate of Interest for an Interest Accrual Period or to calculate any Interest Amount, Instalment Amount, Final Redemption Amount, Early Redemption Amount or Optional Redemption Amount, as the case may be, or to comply with

any other requirement, the Issuer shall appoint a leading bank or financial institution engaged in the interbank market (or, if appropriate, money, swap or over-the-counter index options market) that is most closely connected with the calculation or determination to be made by the Calculation Agent (acting through its principal London office or any other office actively involved in such market) to act as such in its place. The Calculation Agent may not resign its duties without a successor having been appointed as aforesaid.

6. REDEMPTION, PURCHASE AND OPTIONS

(a) Redemption by Instalments and Final Redemption:

(i) Unless previously redeemed, purchased and cancelled as provided in this Condition 6, each Note that provides for Instalment Dates and Instalment Amounts shall be partially redeemed on each Instalment Date at the related Instalment Amount specified hereon. The outstanding nominal amount of each such Note shall be reduced by the Instalment Amount (or, if such Instalment Amount is calculated by reference to a proportion of the nominal amount of such Note, such proportion) for all purposes with effect from the related Instalment Date, unless payment of the Instalment Amount is improperly withheld or refused, in which case, such amount shall remain outstanding until the Relevant Date relating to such Instalment Amount.

(ii) Unless previously redeemed, purchased and cancelled as provided below, each Note shall be finally redeemed on the Maturity Date specified hereon at its Final Redemption Amount (which, unless otherwise provided, is its nominal amount) or, in the case of a Note falling within Condition 6(a)(i), its final Instalment Amount.

(b) Early Redemption:

(i) Zero Coupon Notes:

(A) The Early Redemption Amount payable in respect of any Zero Coupon Note, the Early Redemption Amount of which is not linked to an index and/or a formula, upon redemption of such Note pursuant to Condition 6(c), Condition 6(d) or Condition 6(e) or upon it becoming due and payable as provided in Condition 10 shall be the Amortised Face Amount (calculated as provided below) of such Note unless otherwise specified hereon.

(B) Subject to the provisions of sub-paragraph (C) below, the Amortised Face Amount of any such Note shall be the scheduled Final Redemption Amount of such Note on the Maturity Date discounted at a rate per annum (expressed as a percentage) equal to the Amortisation Yield (which, if none is shown hereon, shall be such rate as would produce an Amortised Face Amount equal to the issue price of the Notes if they were discounted back to their issue price on the Issue Date) compounded annually.

(C) If the Early Redemption Amount payable in respect of any such Note upon its redemption pursuant to Condition 6(c), Condition 6(d) or Condition 6(e) (as applicable) or upon it becoming due and payable as provided in Condition 10 is not paid when due, the Early Redemption Amount due and payable in respect of such Note shall be the Amortised Face Amount of such Note as defined in sub-paragraph (B) above, except that such sub-paragraph shall have effect as though the date on which the Note becomes due and payable were the Relevant Date. The calculation of the Amortised Face Amount in accordance with this

sub-paragraph shall continue to be made (both before and after judgment) until the Relevant Date, unless the Relevant Date falls on or after the Maturity Date, in which case the amount due and payable shall be the scheduled Final Redemption Amount of such Note on the Maturity Date together with any interest that may accrue in accordance with Condition 5(c).

Where such calculation is to be made for a period of less than one year, it shall be made on the basis of the Day Count Fraction shown hereon.

(ii) Other Notes: The Early Redemption Amount payable in respect of any Note (other than Notes described in (i) above), upon redemption of such Note pursuant to Condition 6(c) or Condition 6(d) or upon it becoming due and payable as provided in Condition 10, shall be the Final Redemption Amount unless otherwise specified hereon.

(c) Redemption for Taxation Reasons: The Notes may be redeemed at the option of the Issuer in whole, but not in part, on any Interest Payment Date (if this Note is either a Floating Rate Note or an Index Linked Note) or at any time (if this Note is neither a Floating Rate Note nor an Index Linked Note), on giving not less than 30 nor more than 60 days' notice to the Noteholders (which notice shall be irrevocable) at their Early Redemption Amount (as described in Condition 6(b) above) (together with interest accrued to the date fixed for redemption), if (i) the Issuer has or will become obliged to pay additional amounts as provided or referred to in Condition 8 as a result of any change in, or amendment to, the laws or regulations of a Tax Jurisdiction (as defined in Condition 8) or any political subdivision or any authority thereof or therein having power to tax, or any change in the application or official interpretation of such laws or regulations, which change or amendment becomes effective on or after the date on which agreement is reached to issue the first Tranche of the Notes and (ii) such obligation cannot be avoided by the Issuer taking reasonable measures available to it, provided that no such notice of redemption shall be given earlier than 90 days prior to the earliest date on which the Issuer would be obliged to pay such additional amounts were a payment in respect of the Notes then due. Prior to the publication of any notice of redemption pursuant to this Condition 6(c), the Issuer shall deliver to the Fiscal Agent a certificate signed by two authorised signatories of the Issuer stating that the Issuer is entitled to effect such redemption and setting forth a statement of facts showing that the conditions precedent to the right of the Issuer so to redeem have occurred, and an opinion of independent legal advisers of recognised standing to the effect that the Issuer has or will become obliged to pay such additional amounts as a result of such change or amendment.

(d) Redemption at the Option of the Issuer: If Call Option is specified hereon, the Issuer may, on giving not less than 15 nor more than 30 days' irrevocable notice to the Noteholders (or such other notice period as may be specified hereon) redeem all or, if so provided, some of the Notes on any Optional Redemption Date. Any such redemption of Notes shall be at their Optional Redemption Amount specified hereon (which may be the Early Redemption Amount (as described in Condition 6(b) above)), together with interest accrued to the date fixed for redemption. Any such redemption or exercise must relate to Notes of a nominal amount at least equal to the Minimum Redemption Amount to be redeemed specified hereon and no greater than the Maximum Redemption Amount to be redeemed specified hereon.

All Notes in respect of which any such notice is given shall be redeemed on the date specified in such notice in accordance with this Condition.

In the case of a partial redemption the notice to Noteholders shall also contain the certificate numbers of the Bearer Notes, or in the case of Registered Notes shall specify the nominal amount of Registered Notes drawn and the holder(s) of such Registered Notes, to be redeemed, which shall have been drawn in such place and in such manner as may be fair and reasonable in the circumstances, taking account of prevailing market practices, subject to compliance with any applicable laws and stock exchange or other relevant authority requirements.

(e) **Redemption at the Option of Noteholders:** If Put Option is specified hereon, the Issuer shall, at the option of the holder of any such Note, upon the holder of such Note giving not less than 15 nor more than 30 days' notice to the Issuer (or such other notice period as may be specified hereon) redeem such Note on the Optional Redemption Date(s) at its Optional Redemption Amount specified hereon (which may be the Early Redemption Amount (as described in Condition 6(b) above)), together with interest accrued to the date fixed for redemption.

To exercise such option the holder must deposit (in the case of Bearer Notes) such Note (together with all unmatured Receipts and Coupons and unexchanged Talons) with any Paying Agent or (in the case of Registered Notes) the Certificate representing such Note(s) with the Registrar or any other Transfer Agent at its specified office, together with a duly completed option exercise notice (an "**Exercise Notice**") in the form obtainable from any Paying Agent, the Registrar or any other Transfer Agent (as applicable) within the notice period. No Note or Certificate so deposited and option exercised may be withdrawn (except as provided in the Fiscal Agency Agreement) without the prior consent of the Issuer.

(f) **Partly Paid Notes:** Partly Paid Notes will be redeemed, whether at maturity, early redemption or otherwise, in accordance with the provisions of this Condition 6 and the provisions specified hereon.

(g) **Purchases:** The Issuer, the Bank and its Subsidiaries may at any time purchase Notes (provided that all unmatured Receipts and Coupons and unexchanged Talons relating thereto are attached thereto or surrendered therewith) in the open market or otherwise at any price. Such Notes may, at the option of the Issuer, be held, reissued, resold or surrendered to the Fiscal Agent for cancellation.

(h) **Cancellation:** All Notes purchased by or on behalf of the Issuer, the Bank or any of its Subsidiaries may be surrendered for cancellation, in the case of Bearer Notes, by surrendering each such Note together with all unmatured Receipts and Coupons and all unexchanged Talons to the Fiscal Agent and, in the case of Registered Notes, by surrendering the Certificate representing such Notes to the Registrar and, in each case, if so surrendered, shall, together with all Notes redeemed by the Issuer, be cancelled forthwith (together with all unmatured Receipts and Coupons and unexchanged Talons attached thereto or surrendered therewith). Any Notes so surrendered for cancellation may not be reissued or resold and the obligations of the Issuer in respect of any such Notes shall be discharged.

7. PAYMENTS AND TALONS

(a) Bearer Notes:

(i) In relation to Bearer Notes not held in the CMU, payments of principal and interest in respect of Bearer Notes shall, subject as mentioned below, be made against presentation and surrender of the relevant Receipts (in the case of payments of Instalment Amounts other than on the due date for redemption and provided that the Receipt is presented for payment together with its relative Note), Notes (in the case of all other payments of principal and, in the case of interest, as specified in Condition 7(f)(vi)) or Coupons (in the case of interest, save as specified in Condition 7(f)(ii)), as the case may be:

(A) in the case of Notes denominated in a currency other than Renminbi, at the specified office of any Paying Agent outside the United States by a cheque payable in the relevant currency drawn on, or, at the option of the holder, by transfer to an account denominated in such currency with, a bank; and

(B) in the case of Notes denominated in Renminbi, by transfer to a Renminbi account maintained by or on behalf of the Noteholder with a bank in Hong Kong.

In this Condition 7, "**bank**" means a bank in the principal financial centre for such currency or, in the case of euro, in a city in which banks have access to T2 or, in the case of Renminbi, in Hong Kong.

(ii) In relation to Bearer Notes held in the CMU, payments of principal and interest in respect of Bearer Notes held in the CMU will be made to the person(s) for whose account(s) interests in the relevant Bearer Note are credited as being held with the CMU in accordance with the CMU Rules (as defined in the Agency Agreement) at the relevant time.

(b) Registered Notes:

(i) In relation to Registered Notes not held in the CMU, payments of principal (which for the purposes of this Condition 7(b) shall include final Instalment Amounts but not other Instalment Amounts) in respect of Registered Notes shall be made against presentation and surrender of the relevant Certificates at the specified office of any of the Transfer Agents or of the Registrar and in the manner provided in Condition 7(b)(iii) below.

(ii) In relation to Registered Notes not held in the CMU, interest (which for the purpose of this Condition 7(b) shall include all Instalment Amounts other than final Instalment Amounts) on Registered Notes shall be paid to the person shown on the Register at the close of business on the fifth (in the case of Notes denominated in Renminbi) and fifteenth (in the case of Notes denominated in a currency other than Renminbi) day before the due date for payment thereof (the "**Record Date**") and in the manner provided in Condition 7(b)(iii) below.

(iii) Payments of principal or interest, as the case may be, on each Registered Note shall be made:

(A) in the case of a currency other than Renminbi, in the relevant currency by cheque drawn on a bank and mailed to the holder (or to the first named of joint holders) of such Note at its address appearing in the Register. Upon application by the holder to the specified office of the Registrar or any Transfer Agent before the Record Date, such payment of interest may be made by transfer to an account in the relevant currency maintained by the payee with a bank; and

(B) in the case of Renminbi, by transfer to the registered account of the Noteholder.

In this Condition 7(b)(iii), "**registered account**" means the Renminbi account maintained by or on behalf of the Noteholder with a bank in Hong Kong, details of which appear on the Register at the close of business on the fifth business day before the due date for payment.

(iv) In relation to Registered Notes held in the CMU, payments of principal and interest in respect of Registered Notes held in the CMU will be made to the person(s) for whose account(s) interests in the relevant Registered Note are credited as being held with the CMU in accordance with the CMU Rules at the relevant time.

(c) **Payments in the United States:** Notwithstanding the foregoing, if any Bearer Notes are denominated in U.S. dollars, payments in respect thereof may be made at the specified office of any Paying Agent in New York City in the same manner as aforesaid if (i) the Issuer shall have appointed Paying Agents with specified offices outside the United States with the reasonable expectation that such Paying Agents would be able to make payment of the amounts on the Notes in the manner provided above when due, (ii) payment in full of such amounts at all such offices is illegal or effectively precluded by exchange controls or other similar restrictions on payment or receipt of such amounts and (iii) such payment is then permitted by United States law, without involving, in the opinion of the Issuer, any adverse tax consequence to the Issuer.

(d) **Payments subject to Fiscal Laws:** All payments are subject in all cases to any applicable fiscal or other laws, regulations and directives in Hong Kong or any other place of payment, but without prejudice to the provisions of Condition 8 and any withholding or deduction required pursuant to an agreement described in Section 1471(b) of the U.S. Internal Revenue Code of 1986, as amended (the "**Code**") or otherwise imposed pursuant to Sections 1471 through 1474 of the Code, any regulations or agreements thereunder, any official interpretations thereof, or (without prejudice to the provisions of Condition 8) any law implementing an intergovernmental approach thereto. No commission or expenses shall be charged to the Noteholders or Couponholders in respect of such payments.

(e) **Appointment of Agents:** The Fiscal Agent, the CMU Lodging and Paying Agent, the Paying Agents, the Registrar and the Transfer Agents initially appointed by the Issuer and their respective specified offices are listed below. The Fiscal Agent, the CMU Lodging and Paying Agent, the Paying Agents, the Registrar and the Transfer Agents appointed under the Fiscal Agency Agreement and any Calculation Agent(s) appointed in respect of any Notes act solely as agents of the Issuer and do not assume any obligation or relationship of agency or trust for or with any Noteholder or Couponholder. The Issuer reserves the right at any time to vary or terminate the appointment of the Fiscal Agent, the CMU Lodging and Paying Agent, any other Paying Agent, the Registrar, any Transfer Agent or the Calculation

Agent(s) and to appoint additional or other Paying Agents or Transfer Agents, in each case in accordance with the Fiscal Agency Agreement, provided that the Issuer shall at all times maintain (i) a Fiscal Agent, (ii) a Registrar in relation to Registered Notes outside the United Kingdom, (iii) a Transfer Agent in relation to Registered Notes, (iv) a CMU Lodging and Paying Agent in relation to Notes accepted for clearance through the CMU, (v) one or more Calculation Agent(s) where the Conditions so require and (vi) such other agents as may be required by any other stock exchange on which the Notes may be listed.

In addition, the Issuer shall forthwith appoint a Paying Agent in New York City in respect of any Bearer Notes denominated in U.S. dollars in the circumstances described in Condition 7(c) above.

Notice of any such change or any change of any specified office shall promptly be given to the Noteholders.

(f) Unmatured Coupons and Receipts and unexchanged Talons

(i) Upon the due date for redemption of Bearer Notes which comprise Fixed Rate Notes (other than Dual Currency Notes or Index Linked Notes), such Notes should be surrendered for payment together with all unmatured Coupons (if any) relating thereto, failing which an amount equal to the face value of each missing unmatured Coupon (or, in the case of payment not being made in full, that proportion of the amount of such missing unmatured Coupon that the sum of principal so paid bears to the total principal due) shall be deducted from the Final Redemption Amount, Early Redemption Amount or Optional Redemption Amount, as the case may be, due for payment. Any amount so deducted shall be paid in the manner mentioned above against surrender of such missing Coupon within a period of 10 years from the Relevant Date for the payment of such principal (whether or not such Coupon has become void pursuant to Condition 9).

(ii) Upon the due date for redemption of any Bearer Note comprising a Floating Rate Note, Dual Currency Note or Index Linked Note, unmatured Coupons relating to such Note (whether or not attached) shall become void and no payment shall be made in respect of them.

(iii) Upon the due date for redemption of any Bearer Note, any unexchanged Talon relating to such Note (whether or not attached) shall become void and no Coupon shall be delivered in respect of such Talon.

(iv) Upon the due date for redemption of any Bearer Note that is redeemable in instalments, all Receipts relating to such Note having an Instalment Date falling on or after such due date (whether or not attached) shall become void and no payment shall be made in respect of them.

(v) Where any Bearer Note that provides that the relevant unmatured Coupons are to become void upon the due date for redemption of those Notes is presented for redemption without all unmatured Coupons, and where any Bearer Note is presented for redemption without any unexchanged Talon relating to it, redemption shall be made only against the provision of such indemnity as the Issuer may require.

(vi) If the due date for redemption of any Note is not a due date for payment of interest, interest accrued from the preceding due date for payment of interest or the Interest Commencement Date, as the case may be, shall only be payable against presentation

(and surrender if appropriate) of the relevant Bearer Note or Certificate representing it, as the case may be. Interest accrued on a Note that only bears interest after its Maturity Date shall be payable on redemption of such Note against presentation of the relevant Note or Certificate representing it, as the case may be.

(g) **Talons:** On or after the Interest Payment Date for the final Coupon forming part of a Coupon sheet issued in respect of any Bearer Note, the Talon forming part of such Coupon sheet may be surrendered at the specified office of the Fiscal Agent in exchange for a further Coupon sheet (and if necessary another Talon for a further Coupon sheet) (but excluding any Coupons that may have become void pursuant to Condition 9).

(h) **Non-Business Days:** If any date for payment in respect of any Note, Receipt or Coupon is not a business day, the holder shall not be entitled to payment until the next following business day nor to any interest or other sum in respect of such postponed payment. In this Condition 7, "**business day**" means a day (other than a Saturday or a Sunday) on which banks and foreign exchange markets are open for business in Hong Kong and the relevant place of presentation (if presentation and/or surrender of such Note, Receipt or Coupon is required) in such jurisdictions as shall be specified as "Financial Centres" hereon and:

(i) (in the case of a payment in a currency other than euro or Renminbi) where payment is to be made by transfer to an account maintained with a bank in the relevant currency, on which foreign exchange transactions may be carried on in the relevant currency in the principal financial centre of the country of such currency; or

(ii) (in the case of a payment in Renminbi) on which commercial banks and foreign exchange markets in Hong Kong are open for business and settlement of Renminbi payments; or

(iii) (in the case of a payment in euro) which is a TARGET Business Day.

8. TAXATION

All payments of principal and interest by or on behalf of the Issuer in respect of the Notes, the Receipts and the Coupons shall be made free and clear of, and without withholding or deduction for, any taxes, duties, assessments or governmental charges of whatever nature imposed, levied, collected, withheld or assessed by or within a Tax Jurisdiction or any political subdivision or any authority therein or thereof having power to tax to which the Issuer becomes subject in respect of payments made by it in respect of the Notes, Receipts and the Coupons, unless such withholding or deduction is required by law. In that event, the Issuer shall pay such additional amounts as shall result in receipt by the Noteholders and Couponholders of such amounts as would have been received by them had no such withholding or deduction been required, except that no such additional amounts shall be payable with respect to any Note, Receipt or Coupon:

(a) **Other connection:** to, or to a third party on behalf of, a holder who is liable to such taxes, duties, assessments or governmental charges in respect of such Note, Receipt or Coupon by reason of his having some connection with the relevant Tax Jurisdiction other than the mere holding of the Note, Receipt or Coupon; or

(b) **Lawful avoidance of withholding:** to, or to a third party on behalf of, a holder who would not be liable for or subject to such withholding or deduction by making a declaration of identity, non-residence or other similar claim for exemption to the relevant tax authority if, after having been requested to make such a declaration or claim, such holder fails to do so within any applicable period prescribed by such relevant tax authority; or

(c) **Presentation more than 30 days after the Relevant Date:** presented (or in respect of which the Certificate representing it is presented) for payment more than 30 days after the Relevant Date except to the extent that the holder of it would have been entitled to such additional amounts on presenting it for payment on the thirtieth day.

As used in these Conditions:

(i) "**Relevant Date**" in respect of any Note, Receipt or Coupon means whichever is the later of (a) the date on which payment in question first becomes due and (b) if the full amount payable has not been paid on or prior to such due date, the date on which the full amount has been paid and notice to that effect has been given to the Noteholders; and

(ii) "**Tax Jurisdiction**" means (A) the PRC and, (B) if the Issuer is a branch of the Bank, the jurisdiction where that branch is located, or in each case any political subdivision or any authority therein or thereof having power to tax.

References in these Conditions to (i) "principal" shall be deemed to include any premium payable in respect of the Notes, all Instalment Amounts, Final Redemption Amounts, Early Redemption Amounts, Optional Redemption Amounts, Amortised Face Amounts and all other amounts in the nature of principal payable pursuant to Condition 6 or any amendment or supplement to it, (ii) "interest" shall be deemed to include all Interest Amounts and all other amounts payable pursuant to Condition 5 or any amendment or supplement to it and (iii) "principal" and/or "interest" shall be deemed to include any additional amounts that may be payable under this Condition 8.

For the avoidance of doubt, the Issuer's obligation to pay additional amounts in respect of taxes, duties, assessments and other governmental charges will not apply to (a) any estate, inheritance, gift, sales, transfer, personal property or any similar tax, duty, assessment or other governmental charge or (b) any tax, duty, assessment or other governmental charge which is payable otherwise than by deduction or withholding from payments of principal of, or interest on the Notes, the Receipts or the Coupons; provided that the Issuer shall pay all stamp or other taxes, duties, assessments or other governmental charges, if any, which may be imposed by the Tax Jurisdiction or any political subdivision thereof or any taxing authority thereof or therein, with respect to the Fiscal Agency Agreement or as a consequence of the issuance of the Notes, the Receipts or the Coupons.

9. PRESCRIPTION

Claims against the Issuer for payment in respect of the Notes, Receipts and Coupons (which, for this purpose, shall not include Talons) shall be prescribed and become void unless made within 10 years (in the case of principal) or five years (in the case of interest) from the appropriate Relevant Date in respect of them.

10. EVENTS OF DEFAULT

If any of the following events (each an "**Event of Default**") occurs and is continuing, any Noteholder may give notice to the Issuer at the specified office of the Fiscal Agent that any Note held by it is and shall immediately become, due and payable at the Early Redemption Amount of such Note together with accrued interest (if any) to the date of payment without further formality:

(a) **Non-Payment:** The Issuer fails to pay the principal of or any interest on any of the Notes when due and such failure continues for a period of 30 days; or

(b) **Breach of Other Obligations:** The Issuer does not perform or comply with any one or more of its other obligations in the Notes which default continues for a period of 45 days after written notice of such default shall have been given to the Issuer by the Fiscal Agent at its specified office by any Noteholder; or

(c) **Cross-Acceleration:** Any other present or future Public External Indebtedness of the Bank or any of its Subsidiaries becomes due and payable prior to its stated maturity by reason of any default, event of default or the like (howsoever described) in respect of the terms thereof, or any such Public External Indebtedness is not paid when due or, as the case may be, within any applicable grace period, provided that the aggregate amount of the relevant Public External Indebtedness in respect of which one or more of the events mentioned above in this Condition 10(c) have occurred equals or exceeds U.S.$25,000,000 or its equivalent (on the basis of the middle spot rate for the relevant currency against the U.S. dollar as quoted by any leading bank of the day of which this paragraph operates); or

(d) **Insolvency:** The Bank or any of its Material Subsidiaries is insolvent or bankrupt or unable to pay its debts, stops or suspends payment of all or a material part of its debts, proposes or makes any agreement for the deferral, rescheduling or other readjustment of all or a material part of its debts, proposes or makes a general assignment or an arrangement or composition with or for the benefit of the relevant creditors in respect of any of such debts or a moratorium is agreed or declared in respect of or affecting all or a material part of the debts of the Bank or any of its Material Subsidiaries; or

(e) **Winding-up:** An order is made or an effective resolution passed for the winding-up or dissolution or administration of the Bank or any of its Material Subsidiaries, or the Bank ceases to carry on all or a material part of its business or operations, except for the purpose of and followed by a reconstruction, amalgamation, reorganisation, merger or consolidation (i) on terms approved by an Extraordinary Resolution of the Noteholders, or (ii) in the case of a Material Subsidiary of the Bank, whereby the undertaking and assets of the Material Subsidiary are transferred to or otherwise vested in the Bank or another of its Subsidiaries; or

(f) **Illegality:** It is or will become unlawful for the Issuer to perform or comply with any one or more of its obligations under any of the Notes.

In these Conditions:

"**Material Subsidiary**" means a Subsidiary of the Bank whose total assets or total revenue as at the date at which its latest audited financial statements were prepared or, as the case may be, for the financial period to which these audited financial statements relate, account for 5 per cent. or more of the consolidated assets or consolidated revenue of the Bank as at such date or for such period. If a Material Subsidiary transfers all of its assets and business to another Subsidiary of the Bank, the transferee shall become a Material Subsidiary and the transferor shall cease to be a Material Subsidiary on completion of such transfer.

"**Public External Indebtedness**" means any indebtedness of the Bank (or, for the purposes of Condition 10, any Subsidiary), or any guarantee or indemnity by the Bank of indebtedness, for money borrowed which, (i) is in the form of or represented by any bond, note, debenture, debenture stock, loan stock, certificate or other instrument which is issued outside the People's Republic of China (for the purposes hereof not including the Hong Kong and Macau Special Administrative Regions or Taiwan) ("**PRC**") and is, or is capable of being listed, quoted or traded on any stock exchange or in any securities market (including, without limitation, any over-the-counter market)

outside the PRC (without regard, however, to whether or not such instruments are sold through public offerings or private placements); and (ii) has an original maturity of more than 365 days.

"**Subsidiary**" means any entity whose financial statements at any time are required by law or in accordance with generally accepted accounting principles to be fully consolidated with those of the Bank.

None of the Agents shall be required to take any steps to ascertain whether any Event of Default has occurred and none of them shall be responsible or liable to the Noteholders, the Issuer or any other person for any loss arising from any failure to do so.

11. MEETINGS OF NOTEHOLDERS, MODIFICATION AND WAIVER

(a) Meetings of Noteholders: The Fiscal Agency Agreement contains provisions for convening meetings of Noteholders to consider any matter affecting their interests, including the sanctioning by Extraordinary Resolution of a modification of any of these Conditions. Such a meeting may be convened by Noteholders holding not less than 10 per cent. in nominal amount of the Notes for the time being outstanding. The quorum for any meeting convened to consider an Extraordinary Resolution shall be two or more persons holding or representing more than 50 per cent. in nominal amount of the Notes for the time being outstanding, or at any adjourned meeting two or more persons being or representing Noteholders whatever the nominal amount of the Notes held or represented, unless the business of such meeting includes consideration of proposals, *inter alia*, (i) to amend the dates of maturity or redemption of the Notes, any Instalment Date or any date for payment of interest or Interest Amounts on the Notes, (ii) to reduce or cancel the nominal amount of, or any Instalment Amount of, or any premium payable on redemption of, the Notes, (iii) to reduce the rate or rates of interest in respect of the Notes or to vary the method or basis of calculating the rate or rates or amount of interest or the basis for calculating any Interest Amount in respect of the Notes, (iv) if a Minimum and/or Maximum Rate of Interest, Instalment Amount or Redemption Amount is shown hereon, to reduce any such Minimum and/or Maximum Rate of Interest, Instalment Amount or Redemption Amount, (v) to vary any method of, or basis for, calculating the Final Redemption Amount, the Early Redemption Amount or the Optional Redemption Amount, including the method of calculating the Amortised Face Amount, (vi) to vary the currency or currencies of payment or denomination of the Notes, or (vii) to modify the provisions concerning the quorum required at any meeting of Noteholders or the majority required to pass an Extraordinary Resolution, in which case the necessary quorum shall be two or more persons holding or representing not less than $66^2/_3$ per cent., or at any adjourned meeting not less than 25 per cent., in nominal amount of the Notes for the time being outstanding. Any Extraordinary Resolution duly passed shall be binding on Noteholders (whether or not they were present at the meeting at which such resolution was passed) and on all Couponholders.

The Fiscal Agency Agreement provides that a resolution in writing signed by or on behalf of the Noteholders of not less than 90 per cent. in nominal amount of the Notes outstanding shall for all purposes be as valid and effective as an Extraordinary Resolution passed at a meeting of Noteholders duly convened and held. Such a resolution in writing may be contained in one document or several documents in the same form, each signed by or on behalf of one or more Noteholders.

(b) **Modification of Fiscal Agency Agreement:** The Bank and the Issuer shall only permit any modification of, or any waiver or authorisation of any breach or proposed breach of or any failure to comply with, the Fiscal Agency Agreement, if:

(i) to do so could not be expected to be prejudicial to the interests of the Noteholders; or

(ii) such modification is of a formal, minor or technical nature or is made to correct a manifest error or to comply with mandatory provisions of the law.

12. REPLACEMENT OF NOTES, CERTIFICATES, RECEIPTS, COUPONS AND TALONS

If a Note, Certificate, Receipt, Coupon or Talon is lost, stolen, mutilated, defaced or destroyed, it may be replaced, subject to applicable laws, regulations and stock exchange or other relevant authority regulations, at the specified office of the Fiscal Agent (in the case of Bearer Notes, Receipts, Coupons or Talons) and the Registrar (in the case of Certificates) or such other Paying Agent or Transfer Agent, as the case may be, as may from time to time be designated by the Issuer for that purpose and notice of whose designation is given to Noteholders, in each case on payment by the claimant of the fees and costs incurred in connection therewith and on such terms as to evidence, security and indemnity (which may provide, *inter alia*, that if the allegedly lost, stolen or destroyed Note, Certificate, Receipt, Coupon or Talon is subsequently presented for payment or, as the case may be, for exchange for further Coupons, there shall be paid to the Issuer on demand the amount payable by the Issuer in respect of such Notes, Certificates, Receipts, Coupons or further Coupons) and otherwise as the Issuer may require. Mutilated or defaced Notes, Certificates, Receipts, Coupons or Talons must be surrendered before replacements will be issued.

13. FURTHER ISSUES

The Issuer may from time to time without the consent of the Noteholders or Couponholders create and issue further securities having the same terms and conditions as the Notes (except for the first payment of interest and if applicable, the timing for notification to the NDRC, PBOC and/or SAFE and save that for the avoidance of doubt, references in these Conditions to "Issue Date" shall be the first issue date of the Notes) and so that the same shall be consolidated and form a single series with such Notes, and references in these Conditions to "**Notes**" shall be construed accordingly.

14. NOTICES

Notices to the holders of Registered Notes shall be mailed to them at their respective addresses in the Register and deemed to have been given on the fourth weekday (being a day other than a Saturday or a Sunday) after the date of mailing. Notices to the holders of Bearer Notes shall be valid if published in a daily newspaper of general circulation in Hong Kong. If any such publication is not practicable, notice shall be validly given if published in another leading daily English language newspaper with general circulation in Asia (which is expected to be the Asian Wall Street Journal). Any such notice shall be deemed to have been given on the date of such publication or, if published more than once or on different dates, on the first date on which publication is made, as provided above.

Couponholders shall be deemed for all purposes to have notice of the contents of any notice given to the holders of Bearer Notes in accordance with this Condition 14.

15. CONTRACTS (RIGHTS OF THIRD PARTIES) ACT 1999

No person shall have any right to enforce any term or condition of the Notes under the Contracts (Rights of Third Parties) Act 1999.

16. CURRENCY INDEMNITY

Any amount received or recovered in a currency other than the currency in which payment under the relevant Note, Coupon or Receipt is due (whether as a result of, or of the enforcement of, a judgment or order of a court of any jurisdiction, in the insolvency, winding-up or dissolution of the Issuer or otherwise) by any Noteholder or Couponholder in respect of any sum expressed to be due to it from the Issuer shall only constitute a discharge to the Issuer, as the case may be, to the extent of the amount in the currency of payment under the relevant Note, Coupon or Receipt that the recipient is able to purchase with the amount so received or recovered in that other currency on the date of that receipt or recovery (or, if it is not practicable to make that purchase on that date, on the first date on which it is practicable to do so). If the amount received or recovered is less than the amount expressed to be due to the recipient under any Note, Coupon or Receipt, the Issuer shall indemnify it against any loss sustained by it as a result. In any event, the Issuer shall indemnify the recipient against the cost of making any such purchase. For the purposes of this Condition, it shall be sufficient for the Noteholder or Couponholder, as the case may be, to demonstrate that it would have suffered a loss had an actual purchase been made. These indemnities constitute a separate and independent obligation from the Issuer's other obligations, shall give rise to a separate and independent cause of action, shall apply irrespective of any indulgence granted by any Noteholder or Couponholder and shall continue in full force and effect despite any other judgment, order, claim or proof for a liquidated amount in respect of any sum due under any Note, Coupon or Receipt or any other judgment or order.

17. GOVERNING LAW AND JURISDICTION

(a) **Governing Law:** The Notes, the Receipts, the Coupons and the Talons and any non-contractual obligations arising out of or in connection with them are governed by, and shall be construed in accordance with, English law.

(b) **Jurisdiction:** The courts of Hong Kong are to have exclusive jurisdiction to settle any disputes that may arise out of or in connection with any Notes, Receipts, Coupons or Talons and accordingly any legal action or proceedings arising out of or in connection with any Notes, Receipts, Coupons or Talons ("**Proceedings**") may be brought in such courts. The Issuer irrevocably submits to the exclusive jurisdiction of the courts of Hong Kong and waives any objection to the Proceedings in such courts on the ground of venue or on the ground that the Proceedings have been brought in an inconvenient forum.

(c) **Waiver of Immunity:** The Issuer further irrevocably agrees that no immunity (to the extent that it may now or hereafter exist, whether on the grounds of sovereignty or otherwise) from any Proceedings or from execution of judgment shall be claimed by or on behalf of it or with respect to its assets, any such immunity being irrevocably waived by the Issuer, and the Issuer irrevocably consents generally in respect of any such Proceedings to the giving of any relief or the issue of any process in connection with any such Proceedings including, without limitation, the making, enforcement or execution against any property whatsoever of any order or judgment which may be made or given in such Proceedings.

USE OF PROCEEDS

Unless otherwise specified in the Pricing Supplement, the net proceeds of each issue of the Notes will be applied by the Issuer for its funding and general corporate purposes.

RISK FACTORS

Investors should carefully consider, together with all other information contained in this Offering Circular, the risks and uncertainties described below. The business, financial condition or results of operations of the Issuer, the Bank and the Group may be adversely affected by any of these risks. The risks described below are not the only ones relevant to the Issuer, the Bank, the Group or the Notes. The Issuer and the Bank believe the risks described below represent the principal risks inherent when considering an investment in the Notes. Additional risks and uncertainties not presently known to the Issuer or the Bank, or which the Issuer or the Bank currently deems immaterial, may also have an adverse effect on an investment in the Notes. All of these factors are contingencies which may or may not occur and the Issuer and the Bank are not in a position to express a view on the likelihood of any such contingency occurring.

Neither the Issuer nor the Bank represents that the statements below regarding the risk factors of holding any Notes are exhaustive. Prospective investors should also read the detailed information set out elsewhere in this Offering Circular and reach their own views prior to making any investment decision.

This Offering Circular also contains forward-looking statements that involve risks and uncertainties. The Bank's actual results could differ materially from those anticipated in these forward-looking statements as a result of certain factors, including the considerations described below and elsewhere in this Offering Circular.

RISKS RELATING TO THE BANK'S BUSINESS

Uncertainties and instability in global market conditions could adversely affect the Bank's business, financial condition and results of operations

The Group has been, and in the future will continue to be, materially affected by geo-political, economic and market conditions, including factors such as the liquidity of the global financial markets, the level and volatility of debt and equity prices, interest rates, currency and commodities prices, investor sentiment, inflation, and the availability and cost of capital and credit.

Global economic fluctuations have had significant impacts on the global economy and on the Group. Since 2020, the general economic outlook in major economies such as Europe, the United States, Japan, and the PRC has remained challenging due to lower global economic growth prospects, higher government fiscal deficits and public debt, and continued inflationary pressure.

Moreover, the ongoing political gridlock in the United States about government spending and debt levels, the conflict between Russia and Ukraine, the effective economic sanctions on Russia, geopolitical tensions and conflicts in various countries in the Middle East including the Israeli-Palestinian conflict, and the impact of climate risks due to global warming may also result in additional adverse impacts on the global economy and markets, which may in turn have a material adverse effect on the Group's business, financial condition and results of operations.

The outlook for the world economy and financial markets remains uncertain due to geopolitical uncertainty. Although the Bank's exposure to the regions experiencing geopolitical tensions and conflicts is limited, the current crisis has the potential to escalate further and this could result in elevated geopolitical instability, trade restrictions, disruptions to global supply chains, increases in energy prices with knock-on global inflationary impacts, and a potential downturn in the global economy. In particular, the conflict involving Iran, Israel, and the United States has caused severe disruption to global energy markets. The closure of the Strait of Hormuz is driving significant volatility in Brent crude prices, substantially increasing transportation and production costs, and fuelling inflationary pressures across import-reliant regions. These developments have resulted in, and may continue to result in, additional adverse impacts on the global economy and financial markets, which may in turn have a material adverse effect on the Group's business, financial condition and results of operations.

Furthermore, the latest escalating trade dispute in 2025 between the United States and other major economies could result in significant adverse impacts, including a slowdown in global economic growth, higher inflation, reduced trade flows and business investment, and downside risks for equity, bond, and commodity prices. The continuing tensions between the PRC and the United States, including ongoing trade disputes and deterioration in diplomatic relations, have contributed to increased market volatility, weakened consumer confidence and diminished expectations for economic growth around the world. Some of these tensions have manifested themselves through actions taken and sanctions imposed by the governments of the United States and the PRC in recent years. The United States has imposed a range of sanctions and trade restrictions to target Chinese persons and companies in a number of sectors, focusing on entities the United States believes are involved in human rights violations, information technology and communications equipment and services, and military activities, among others. In response, the PRC has announced a number of sanctions and trade restrictions that target or provide authority to target foreign officials and companies, including those in the United States. Moreover, the trade tensions between the European Union ("**EU**") and China have grown following the EU's decision to impose tariffs on selected PRC industries, potentially adversely affecting economic relations and altering market dynamics between the two regions.

Investors should be aware that there is a recent history of financial crises and boom-bust cycles in multiple markets in both emerging and developed economies which leads to risks for all financial institutions, including the Group. In addition, the Group remains subject to the risks posed by the indirect economic effect of the global credit crisis, some of which cannot be anticipated and the vast majority of which are not under its control. The Group also remains subject to counterparty risk arising from financial institutions that may fail or are otherwise unable to meet their obligations under their contractual commitment to the Group. If there is another global or regional financial crisis or a downturn in the economic condition of the Group's primary markets, this would likely have a material adverse effect on the Group's business, financial condition and results of operations.

The Bank has a concentration of credit exposure to certain customers and certain sectors

As at 31 December 2025, the Bank's corporate loans and advances to the domestic (i) transportation, storage and postal services industries; (ii) leasing and commercial services industries; (iii) manufacturing industry; (iv) production and supply of electric power, heat, gas and water industries; (v) wholesale and retail trade industries; and (vi) real estate industries accounted for 9.33 per cent., 10.21 per cent., 8.72 per cent., 6.34 per cent., 5.36 per cent. and 3.27 per cent. of the Bank's gross loans and advances excluding accrued interest, respectively. If any of these industries in which the Bank's loans are highly concentrated experiences a significant downturn, the Bank's asset quality, business, financial condition and results of operations may be adversely affected, which in turn may negatively affect its ability to service the Notes and to satisfy its other obligations under the Notes. Any significant or extended downturn in any of these sectors may reduce the borrowing activities in these sectors, as well as increase the level of the Bank's impaired loans and related provisions for impaired loans, any of which could in turn reduce its net profit and adversely affect its business, financial condition and results of operations.

The Bank is also exposed to the fluctuations of the real estate market through its extension of personal residential mortgage loans and individual commercial property mortgage loans. The Bank's real estate related loans mainly include both corporate real estate loans and personal residential mortgage loans. As at 31 December 2025, corporate real estate loans amounted to RMB905,583 million, representing 3.27 per cent. of the Group's gross loans and advances excluding accrued interest, and its corresponding non-performing loan ("**NPL**") ratio was 4.93 per cent. As at 31 December 2025, personal residential mortgages amounted to RMB5,991,328 million, representing 21.57 per cent. of the Group's gross loans and advances to customers and its corresponding NPL ratio was 0.89 per cent. Notwithstanding prudential measures the Bank has put in place to maintain a portfolio of high quality real estate loans with sustainable growth, including imposing stringent standards for the acceptance of new customers for personal residential mortgage loans, the PRC real estate market is subject to volatility and property prices

have experienced significant fluctuations in recent years. In the event that PRC real estate prices experience a significant prolonged decline, the Bank's asset quality will likely be negatively affected. In recent years, the PRC government has been imposing and may continue to impose various economic measures with an aim of cooling the overheated real estate market in the PRC, including strengthened supervision over PRC real estate developers, some of which have experienced tightened cash flow, difficulty in refinancing or even default in their loan obligations, which would affect relevant segments of the economy and may in turn affect the Bank's business and operation. As a result of cooling measures, the PRC real estate sector experienced a significant slowdown, precipitating a financial crisis within the sector and leading to widespread defaults by several real estate developers. This situation has in turn adversely affected property prices and transaction volumes, resulting in an oversupply of both residential and commercial properties. In response, the PRC government has recently implemented a series of measures, such as lowering the interest rate on residential mortgage loans, easing house purchase restrictions in certain cities and adjusting land supply, to stimulate the PRC real estate market, particularly in response to challenges such as high levels of debt among property developers and cooling property sales. However, there is no assurance that such measures could achieve their intended outcomes. Any of the above developments or a combination thereof may adversely affect the Bank's asset quality, business, financial condition and results of operations, which in turn may negatively affect its ability to service the Notes and to satisfy its other obligations under the Notes.

In accordance with national policies aimed at limiting the over-development of certain industries with excess capacity, including the iron and steel, cement, electrolytic aluminium, plate glass and shipbuilding industries, the Bank carefully manages its exposure to these industries and has adopted a strict policy towards extending loans to these industries in order to reduce its loan exposure and risks associated with loans to these high-risk industries. Notwithstanding the credit measures the Bank has put in place, in the event the PRC government issues policies to further restrict such industries or there is deterioration in the production and operation of the Bank's customers from industries with overcapacity, the quality of the Bank's loans could suffer, which could in turn have an adverse effect on its business, financial position and results of operations, and may negatively affect its ability to service the Notes and to satisfy its other obligations under the Notes.

Since 2012, with the aim of reinforcing the risk management of loans to local government financing vehicles ("**LGFV**"), the PRC State Council (the "**State Council**"), the National Financial Regulatory Administration (國家金融監督管理總局) (the "**NFRA**") and the People's Bank of China (the "**PBOC**"), along with several other PRC regulatory authorities, have promulgated a series of notices, guidelines and other regulatory documents to direct PRC banks and other financial institutions to further optimise and strengthen their risk management measures regarding their loans to LGFV. The Bank has adopted a series of measures such as imposing stringent controls on granting loans to LGFV and strengthening credit related policies to manage and control the risks associated with loans to LGFV. Unfavourable developments in macroeconomic conditions, adverse changes to state policies, the financial condition of local governments and other factors may adversely affect the debt repayments of these financing platforms, which may in turn adversely affect the Bank's asset quality, financial condition and results of operations. Such developments may negatively affect its ability to service the Notes and to satisfy its other obligations under the Notes.

While the Bank introduced heightened criteria in 2009 to manage the risks associated with LGFV loans, including stricter requirements for guarantees, it cannot be assured that these loans will not default in the event of macroeconomic instability or other policy changes introduced by the PRC government. Given their importance to the composition of the Bank's loan portfolio, the default of any portion of such loans for any reason may affect its loan quality and will adversely affect its business, financial position and results of operations. Such developments may negatively affect its ability to service the Notes and to satisfy its other obligations under the Notes. As at 31 December 2025, the Group's gross loans and advances to customers stood at RMB27.77 trillion, an increase of RMB1.93 trillion or 7.47 per cent. from 31 December 2024; its NPL ratio for gross loans and advances (excluding accrued interest) as at 31

December 2025 was 1.31 per cent., representing a decrease of 0.03 per cent. as compared to the corresponding ratio as at 31 December 2024. As at 31 December 2025, the NPL ratio for corporate loans and advances was 1.53 per cent., representing a decrease of 0.12 per cent. from 31 December 2024, and the NPL ratio for personal loans and advances was 1.19 per cent., representing an increase of 0.21 per cent. from 31 December 2024. The NPL ratio for overseas operations and subsidiaries as at 31 December 2025 was 1.76 per cent., representing a decrease of 0.44 per cent. from 31 December 2024. The NPL ratio for credit card loans as at 31 December 2025 was 2.36 per cent., representing an increase of 0.14 per cent. from 31 December 2024.

The Bank may be unable to realise the full value of the collateral or guarantees securing the Bank's loan portfolio

As at 31 December 2025, the balances of the Group's unsecured loans, guaranteed loans, loans secured by property and other immovable assets and other pledged loans were RMB13,224,073 million, RMB3,653,253 million, RMB9,125,558 million and RMB1,718,972 million, respectively, accounting for 47.62 per cent., 13.15 per cent., 32.86 per cent. and 6.19 per cent. of the Group's gross loans and advances to customers, respectively. If there is substantial deterioration in the business condition of a borrower which adversely affects the borrower's ability to repay, the Bank may not be able to recover the amounts lent under credit loans, which will in turn adversely affect the Bank's financial position and results of operations, and may negatively affect the Bank's ability to service the Notes and to satisfy its other obligations under the Notes. Guaranteed loans are loans that are guaranteed by affiliates of the borrower or other third parties. Notwithstanding the fact that such loans are guaranteed, the Bank's exposure to the guarantor is generally unsecured and if the financial position of the guarantor deteriorates significantly, its ability to recover such loans will correspondingly deteriorate. Furthermore, the guarantee provided by such guarantor may be determined by the court as invalid if the guarantor fails to comply with certain laws and regulations in the PRC, including the "PRC Civil Code", "Interpretation of Supreme People's Court on Application of the Security System under the PRC Civil Code" and "Interpretation of the Supreme People's Court on the Application of Real Right Part of the PRC Civil Code (I)". A significant percentage of the Bank's loan portfolio is secured by collateral, consisting mainly of domestic assets such as properties, land use rights and securities. The value of the collateral is generally higher than the amount loaned but such value is affected by factors the Bank cannot control including those affecting the PRC economy. If the PRC economy deteriorates, it could result in a decrease in the value of the collateral which will lead to the reduction of the amount of the loan that can be recovered. In addition, the procedures for liquidating or otherwise realising the value of collateral of borrowers in China may be protracted, and the enforcement process in China may be difficult. According to the Provisions of the Supreme People's Court on Sealing up, Distraining and Freezing Property in Civil Enforcement by People's Court, effective from 1 January 2005 and amended in December 2008 and December 2020, the court may seal up residential premises that are necessary to the person subject to enforcement and his dependents for living, but shall not auction, sell or use it to pay a debt. As a result, it may be difficult and time-consuming for banks to take control of or liquidate the collateral securing NPLs. Accordingly, if a borrower fails to repay and if the Bank is not able to timely realise the entire or sufficient part of the value of collateral, pledged assets or guarantees, the Bank's asset quality, business, financial condition and results of operations may be adversely affected, which in turn may negatively affect the Bank's ability to service the Notes and to satisfy its other obligations under the Notes.

The Bank may not be able to maintain or reduce its current NPL ratio

The Bank's results of operations have been negatively affected by its NPLs, which may continue to affect the Bank's current and future business performance. As at 31 December 2025, the amount of the Group's NPLs for gross loans and advances to customers (excluding accrued interest) was RMB363,982 million and the NPL ratio was 1.31 per cent., representing a decrease of 0.03 per cent. as compared to the corresponding ratio as at 31 December 2024. As at 31 December 2025, the NPL ratio for corporate loans and advances was 1.53 per cent., representing a decrease of 0.12 per cent. from 31 December 2024, and

the NPL ratio for personal loans and advances was 1.19 per cent., representing an increase of 0.21 per cent. from 31 December 2024. The NPL ratio for overseas operations and subsidiaries as at 31 December 2025 was 1.76 per cent., representing a decrease of 0.44 per cent. from 31 December 2024. The NPL ratio for credit card loans as at 31 December 2025 was 2.36 per cent., representing an increase of 0.14 per cent. from 31 December 2024.

It cannot be assured that the Bank will be able to reduce or even maintain the same level of asset quality in the future. This is because the quality of the Bank's loan portfolio is affected by factors which the Bank is unable to control, including any adverse changes to the PRC economic structure and any deterioration in the PRC's economy or the global economy. Adverse changes in the economic environment in the PRC or globally as well as force majeure events including natural disasters or outbreak of diseases may all have a negative impact on the ability of the Bank's customers to repay the loans. Factors such as deterioration in the credit conditions of the Bank's customers and trading partners, decline in both residential and commercial property prices, continued weakness in market confidence and demand for PRC real estate, an increase in the unemployment rate in China and the deterioration in the profitability of corporate borrowers will also lead to a reduction in the quality of the Bank's assets. All of these factors can lead to an increase in the Bank's NPL ratio, which will correspondingly adversely affect its business, financial condition and results of operations, and may negatively affect the Bank's ability to service the Notes and to satisfy its other obligations under the Notes. See also "*Risk Factors — Risks relating to the Bank's Business — Uncertainties and instability in global market conditions could adversely affect the Bank's business, financial condition and results of operations*".

The Bank's allowance for impairment losses may not be adequate to cover future actual losses to its loan portfolio

As at 31 December 2025, the Group's allowance for impairment losses on loans and advances to customers measured at amortised cost was RMB846,037 million, representing an increase of RMB43,143 million from 31 December 2024, and the ratio of its allowance for impairment losses to total assets was 1.85 per cent., representing a decrease of 0.13 per cent. from 31 December 2024. The amount of the allowance for impairment losses to loans is based on the Bank's current assessment of and expectations concerning various factors that may affect the quality of its loan portfolio. These factors include, among other things, the borrowers' financial condition, repayment ability and repayment intention, the realisable value of any collateral and the likelihood of support from guarantors, as well as the PRC's economy, macroeconomic policies, interest rates, inflation, exchange rates and legal and regulatory environment. The above-mentioned factors are beyond the Bank's control. If the Bank's assessment of and expectations concerning these factors differ from actual developments in the future, or if the quality of its loan portfolio deteriorates, its allowance for impairment losses may not be adequate to cover its actual losses and the Bank may need to make additional provisions for impairment losses, which may adversely affect its business, financial condition and results of operations and, in turn, may negatively affect the Bank's ability to service the Notes and to satisfy its other obligations under the Notes.

The expanding range of products and services exposes the Bank to new risks

The Bank has expanded and intends to continue to expand the range of its products and services. As at 31 December 2025, the Group had 34 overseas entities and 23 major subsidiaries with a total of 535 entities, including 409 domestic ones and 126 overseas ones, covering 28 countries and regions including bank branch operations in Hong Kong, Macau, Taiwan, Singapore, Frankfurt, Johannesburg, Tokyo, Seoul, New York, Sydney, Ho Chi Minh City, Luxembourg, Toronto, London, Zurich, Dubai, Chile, Astana, Labuan, Auckland, and certain subsidiaries operating in Hong Kong, Moscow, Luxembourg, British Virgin Islands, Auckland, Jakarta, San Paulo and Kuala Lumpur. The Bank also maintained wholly-owned operating subsidiaries including China Construction Bank (Asia) Corporation Limited ("**CCB Asia**"), China Construction Bank (Russia) Limited ("**CCB Russia**"), China Construction Bank (Europe) S.A. ("**CCB Europe**"), China Construction Bank (New Zealand) Limited ("**CCB New**

Zealand") and China Construction Bank (Malaysia) Berhad ("**CCB Malaysia**") and held 60 per cent. of the total share capital of PT Bank China Construction Bank Indonesia Tbk ("**CCB Indonesia**"). Expansion of its business activities exposes the Bank to a number of risks and challenges, including the following:

- the Bank may have limited or no experience in certain new business activities or geographies and may not be able, or may take a relatively long period, to compete effectively in these areas;

- the Bank may not be able to devote sufficient resources or management capacity to certain new business activities or geographies;

- there is no guarantee that the new business activities will meet the Bank's expectations of their profitability;

- the Bank may not be able to hire new personnel or retrain existing personnel who are able to conduct new business activities; and

- the Bank may not be able to continually add to the capability of its risk management and information technology systems to support a broader range of activities.

If the Bank is not able to achieve the intended results in these new business areas, its business, financial condition and results of operations may be adversely affected, which in turn may negatively affect the Bank's ability to service the Notes and to satisfy its other obligations under the Notes. In addition, if the Bank fails to promptly identify and expand into new areas of business to meet the increasing demand for certain products and services, it may fail to maintain its market share or lose some of its existing customers to its competitors.

Furthermore, the Bank's international expansion into multiple jurisdictions exposes the Bank to a variety of new regulatory and business challenges and risks and has increased the complexity of its risks in a number of areas, including currency risk, interest rate risk, credit risk, regulatory and compliance risk, reputational risk, operational risk and data privacy risk. If the Bank is unable to manage the risks resulting from its international expansion, its reputation, business, financial condition and results of operations may be adversely affected, which in turn may negatively affect the Bank's ability to service the Notes and to satisfy its other obligations under the Notes.

The Bank is subject to liquidity risk

The Bank regularly monitors the gap between its assets and liabilities for various maturities in order to assess its liquidity risk for different periods. As at 31 December 2025, the loan-to-deposit ratio of the Group was 89.30 per cent., which remained broadly flat as compared to a loan-to-deposit ratio of 89.28 per cent. as at 31 December 2024. Customer deposits have historically been the main source of the Bank's funding. Generally, the Bank's short-term customer deposits have not been withdrawn upon maturity and have represented a stable source of funding. However, it cannot be assured that this will continue to be the case. If a substantial portion of the Bank's depositors withdraw their demand deposits or do not roll over their time deposits upon maturity, the Bank may have no choice but to seek other sources of funding to meet its funding requirements. It cannot be assured that the Bank can find alternative sources of financing based on normal commercial terms when necessary. Furthermore, the Bank's ability to obtain additional funds may also be affected by other factors including factors that the Bank may find difficult to control or be totally incapable of controlling, such as the deterioration of overall market conditions, severe disturbance to the financial market or a bleak outlook for industries where it has substantial credit exposure. Any of these factors could result in adverse effects on the Bank's liquidity, business, financial position and results of operations, which in turn may negatively affect the Bank's ability to service the Notes and to satisfy its other obligations under the Notes.

The adoption of the PRC deposit insurance scheme may adversely affect the Bank's deposit-taking business and financial position.

The "***Deposit Insurance Regulation***" formulated by the State Council came into effect on 1 May 2015 (the "**Deposit Insurance Regulation**"), and it has resulted in the formal establishment of a deposit insurance scheme in the PRC. The Deposit Insurance Regulation requires that the commercial banks and other deposit-taking banking financial institutions established in the PRC shall take out deposit insurance and pay deposit insurance premiums to relevant deposit insurance fund management institutions, with such premiums to be used as deposit insurance funds to compensate depositors in the event of the liquidation or similar event of any PRC bank. Under the Deposit Insurance Regulation scheme, deposit insurance has a coverage limit, and the maximum amount of coverage is RMB500,000.

The deposit insurance premiums to be paid by the Bank in accordance with the Deposit Insurance Regulation and other relevant laws and regulations will increase the Bank's operating costs and capital requirements. Furthermore, the Deposit Insurance Regulation scheme may increase competition among PRC banks for deposits as some depositors may consider spreading out their deposits with different PRC banks. This may result in deposits currently held with the Bank being transferred by depositors to other PRC banks as well as the Bank needing to offer higher interest rates to retain existing depositors and attract new depositors, which may have an adverse effect on the Bank's business, financial position and operating results.

The Bank is subject to credit risks with respect to certain off-balance sheet commitments and guarantees

In the ordinary course of the Bank's business, the Bank makes commitments and guarantees which are not reflected as liabilities on its balance sheet, including providing bank acceptances, guarantees, letters of credit and other credit commitments. As at 31 December 2025, the balance of the Group's credit commitments was RMB4,195,861 million, representing an increase of RMB231,410 million as compared to RMB3,964,451 million as at 31 December 2024. The Bank is subject to credit risks on its commitments and guarantees because certain of its commitments and guarantees may need to be fulfilled as a result of the Bank's customers' default. If the Bank is not able to obtain payment from its customers in respect of these commitments and guarantees or enforce its contracts with them, the Bank's business, financial condition and results of operations may be adversely affected, which in turn may negatively affect the Bank's ability to service the Notes and to satisfy its other obligations under the Notes.

The Bank is subject to risks associated with its hedging activities and other derivative transactions

The Bank has entered into derivative transactions for hedging purposes as well as conducted derivative transactions on behalf of its customers. Accordingly, the Bank faces market and operational risks associated with these transactions. The regulatory framework governing China's derivative market continues to evolve and the Bank's derivative activities remain subject to the risk of regulatory change or additional requirements, which may increase compliance costs and constrain the Bank's ability to conduct certain derivative transactions. Further, the Bank's ability to monitor, analyse and report these transactions is limited by its information technology. Accordingly, the Bank's business, financial position and results of operations may be adversely affected given the volatility of the prices of these derivatives, which in turn may negatively affect the Bank's ability to service the Notes and to satisfy its other obligations under the Notes.

The Bank's risk management and internal control policies and procedures may not be effective in completely managing and avoiding all of its risks

In recent years, the Bank has achieved progress in terms of risk management by improving its policies and procedures. However, as the Bank's business continues to develop, the Bank's risk management and

internal control policies may not be able to effectively reduce and mitigate all types of risks, including unexpected risks and those of which the Bank is unaware of. In addition, the Bank's risk management capabilities are limited by the information, tools and technologies available to the Bank. The Bank has incorporated artificial intelligence ("**AI**") and digital risk control tools into its risk management processes; however, such tools introduce their own risks, including the risk of algorithmic error, data security and quality risks, and potential risks arising from model-related issues, which could impair the effectiveness of the Bank's risk management systems. Furthermore, the Bank's ability to control market risk and liquidity risk is constrained by the current PRC laws and regulations that restrict the types of financial instruments and investments the Bank may hold. If the Bank is unable to effectively implement the enhanced risk management and internal control policies and procedures, or if the intended results of such policies and procedures are not achieved in a timely manner, its asset quality, business, financial condition and results of operations may be adversely affected, which in turn may negatively affect the Bank's ability to service the Notes and to satisfy its other obligations under the Notes.

The Bank's business is highly dependent on the proper functioning and improvement of its information technology systems as well as the integration of AI and other emerging technologies

The Bank's business is highly dependent on the ability of its information technology systems to accurately process large numbers of transactions across numerous markets and products in a timely manner. The proper functioning of the Bank's financial control, risk management, accounting, customer service and other data processing systems, together with the communication networks between the Bank's various branch outlets and its main data processing centre, is critical to its business and its ability to compete effectively. By integrating AI tools, the Bank aims to enhance the efficiency and security of its operations. The Bank has built a cross-regional multi-active operation support capability for its big data platform, which are designed to support business continuity in the event of a system breakdown or a failure of the Bank's primary systems. Notwithstanding these measures, there can be no assurance that the Bank's business activities would not be substantially disrupted if there was a partial or complete failure of any of these primary information technology systems or communications networks and that the Bank's redundancy and continuity arrangements will be sufficient to prevent or mitigate such disruption in all circumstances. Such failures could be caused by, among other things, software flaws, computer virus attacks, cyber attacks or conversion errors due to system upgrading. The Bank also relies on third-party technology service providers in certain areas of its operations; any failure, interruption or security breach by such third parties could adversely affect the Bank's IT systems and operations in ways that the Bank may not be able to anticipate or control. In addition, any security breach caused by unauthorised access to information or systems, or intentional destruction or loss or corruption of data, software, hardware or other computer equipment, could have an adverse effect on the Bank's business, financial condition and results of operations, which in turn may negatively affect the Bank's ability to service the Notes and to satisfy its other obligations under the Notes.

The Bank's ability to remain competitive will depend in part on its ability to upgrade its information technology systems on a timely and cost-effective basis and its capacity to adopt AI tools and other emerging technologies to enhance customer services. In addition, the information available to and received by the Bank through its existing information technology systems may not be timely or sufficient for the Bank to manage risks and plan for, and respond to, market changes and other developments in its current operating environment. As a result, the Bank is making and intends to continue making investments to improve or upgrade its information technology systems and integrating AI to optimise operations and deliver personalised experiences. Any substantial failure to improve or upgrade the Bank's information technology systems effectively or on a timely basis or lag in utilising AI could adversely affect its competitiveness, business, financial condition and results of operations, which in turn may negatively affect the Bank's ability to service the Notes and to satisfy its other obligations under the Notes.

The Bank's business generates and processes a large amount of data, and any improper use or disclosure of such data could subject the Bank to significant reputational, financial, legal, and operational consequences, and deter current and potential customers from using its services

The Bank's business generates and processes a large quantity of personal and transaction data. The Bank face risks inherent in handling large volumes of data and in protecting the security of such data. In particular, the Bank faces a number of challenges relating to data from transactions and other activities on its platforms, including:

- protecting the data in and hosted on the Bank's system, including against attacks on its system by outside parties or fraudulent behaviour by its employees;
- addressing concerns related to privacy and sharing, safety, security, and other factors; and
- complying with applicable laws, rules, and regulations relating to the collection, use, retention, disclosure, or security of personal information, including any requests from regulatory and government authorities relating to such data.

Any systems failure or security breach or lapse that result in the release of user data could harm the Bank's reputation and brand and, consequently, its business, in addition to exposing it to potential legal liability. Any failure, or perceived failure, by the Bank to comply with its privacy policies or with any regulatory requirements or privacy protection-related laws, rules, and regulations could result in proceedings or actions against it by governmental entities or others. These proceedings or actions may subject the Bank to significant penalties and negative publicity, require the Bank to change its business practices, increase its costs, and severely disrupt its business.

The Bank is subject to domestic and international laws relating to the collection, use, retention, security, and transfer of personally identifiable information, with respect to its customers and employees. In many cases, these laws do not only apply to third-party transactions, but may also restrict transfers of personally identifiable information among the Bank and its international subsidiaries. The adoption of new emerging technologies, including AI, may introduce additional risks and responsibilities in relation to data governance. Several jurisdictions have passed laws in this area, and other jurisdictions are considering imposing additional restrictions. These laws continue to develop and may vary from jurisdiction to jurisdiction. Complying with emerging and changing international requirements may cause the Bank to incur substantial costs or require it to change its business practices, and failure to comply with any data protection laws could subject the Bank to significant penalties and negative publicity and severely disrupt its operations.

The Bank may not be able to detect and prevent fraud or other misconduct committed by its employees or third parties on a timely basis

The Bank may suffer from economic loss, penalties from regulatory institutions and severe damage to its reputation as a result of fraud or other misconduct committed by the Bank's employees or third parties. Types of misconduct conducted by the Bank's employees in the past include, among other things, theft, embezzlement or misappropriation of customers' funds, mishandling of deposits-taking business and settlement of payment transactions, improper extensions of credit, improper accounting, fraud and the giving or acceptance of bribes. Types of misconduct by third parties which may affect the Bank include, among other things, fraud, theft, robbery and certain armed crimes. In addition, the Bank's employees may commit errors that could subject the Bank to financial claims as well as regulatory actions. While the Bank is constantly strengthening its inspection efforts and increasing its precautionary measures to prevent misconduct by employees and third parties, given the Bank's significant number of branch outlets, it cannot be assured that the Bank can identify and prevent all fraudulent behaviours of misconduct or that the preventive measures the Bank has adopted will be effective in every circumstance.

It cannot be assured that any fraud or other misconduct committed by the Bank's employees or third parties, whether involving past acts that have gone undetected or future acts, will not have an adverse effect on the Bank's business, financial condition and results of operations, which in turn may negatively affect the Bank's ability to service the Notes and to satisfy its other obligations under the Notes.

The Bank may not be able to detect money laundering and other illegal or improper activities fully or on a timely basis, which could expose it to additional liability and harm its business or reputation

The Bank is required to comply with applicable anti-money-laundering, anti-terrorism laws and other regulations in the PRC, Hong Kong and other jurisdictions where the Bank has operations. These laws and regulations require the Bank, among other things, to adopt and enforce "**know your customer**" policies and procedures and to report suspicious and large transactions to the applicable regulatory authorities in different jurisdictions. While the Bank has adopted policies and procedures aimed at detecting and preventing the use of its banking network for money laundering activities or by terrorists and terrorist-related organisations and individuals generally, such policies and procedures may not completely eliminate instances where the Bank may be used by other parties to engage in money laundering or other illegal or improper activities. To the extent the Bank fails to fully comply with applicable laws and regulations, the relevant government agencies to whom the Bank reports have the power and authority to impose fines and other penalties on the Bank, which could harm its business and reputation, which in turn may negatively affect the Bank's ability to service the Notes and to satisfy its other obligations under the Notes.

The Bank does not possess the relevant land use right certificates or building ownership certificates for some of the properties it holds, and it is subject to risks that its leases over certain properties may not be renewed

The Bank leases a significant number of properties in the PRC, primarily as business premises for its branch outlets. It cannot be assured that all lessors of the Bank's leased business premises have the relevant land use right certificates or building ownership certificates. As a result, third parties may be able to challenge the validity of the Bank's leases. In addition, it cannot be assured that the Bank will be able to renew its leases on acceptable terms upon their expiration. If any of the Bank's leases were terminated as a result of challenges by third parties or failure of the lessors to renew them upon expiration, the Bank may be forced to relocate affected branch outlets and, if it fails to find suitable replacement sites on acceptable terms, its business, financial condition and results of operations may be adversely affected. This may negatively affect the Bank's ability to service the Notes and to satisfy its other obligations under the Notes.

In addition, the Bank may occupy certain parcels of land and buildings for which it does not have the relevant land use right certificates or building ownership certificates. The Bank will apply for the relevant land use rights and building ownership certificates if the Bank does not yet hold such land use rights certificates or building ownership certificates. However, it cannot be assured that the Bank's ownership rights will not be adversely affected in respect of any parcels of land or buildings for which the Bank is unable to obtain the relevant certificates.

The Group's historical financial information may not be indicative of its current or future results of operations and investors should exercise caution in comparing financial data between years or periods due to changes in accounting standards

The historical financial information of the Group is sometimes adjusted or restated to address subsequent changes in accounting standards, the Group's accounting policies and/or applicable laws and regulations with retrospective impact on the Group's financial reporting, correction of an error recorded in the previous period or to reflect the comments provided by the Group's independent auditors during the course of their audit or review in subsequent financial periods. There can be no assurance that the

historical financial information were or will be indicative of what the Group's results of operations, financial condition or cash flow will be in the future or that financial information is comparable on a year-to-year or period-to-period basis. In particular, in respect of the Group 2024 Annual Financial Statements, the Group adopted — "Amendments to IFRS 16 (*Lease Liability Measurement in a Sale and Leaseback Transaction*)", "Amendments to IAS 1 (*Classification of Liabilities as Current or Non-current*)", "Amendments to IAS 1 (*Non-current Liabilities with Covenants*)" and "Amendments to IAS 7 and IFRS 7 (*Supplier Finance Arrangements*)" — the revised IFRS accounting standards for the year ended 31 December 2024. Please refer to note 3 of the Group 2024 Annual Financial Statements. In respect of the Group 2025 Annual Financial Statements, the Group adopted "Amendments to IAS 21 (*Lack of Exchangeability*)" for the year ended 31 December 2025. Please refer to note 3 of the Group 2025 Annual Financial Statements. Investors must therefore exercise caution when making comparisons between such financial data when evaluating the Group's financial condition and results of operations.

Potential investors should not place undue reliance on the financial information incorporated by reference that is not audited

This Offering Circular incorporates the most recently published unaudited but reviewed consolidated interim financial statements of the Bank, together with any review reports prepared in connection therewith, as well as the most recently published unaudited and unreviewed consolidated quarterly financial statements of the Bank. Please see "*Documents Incorporated by Reference*" for more details. The Bank publishes its consolidated quarterly reports in respect of the three months ended 31 March and 30 September of each financial year. A copy of the quarterly reports can be found on the website of the Hong Kong Stock Exchange.

The consolidated interim financial statements of the Group have not been and will not be audited by the Bank's independent auditors and were and are expected to be prepared in accordance with International Accounting Standard No.34 — Interim Financial Reporting, the consolidated quarterly financial statements have not been and will not be audited or reviewed by the Bank's independent auditors and were and are expected to be prepared under IFRS, and such financial statements should not be relied upon by investors to provide the same quality of information associated with information that has been subject to an audit or review, as the case may be. None of the Arranger, the Agents or the Dealers or any of their respective directors, officers, employees, agents, representatives or affiliates or any person who controls any of them makes any representation or warranty, express or implied, regarding the accuracy, completeness and sufficiency of such consolidated financial statements of the Group for an assessment of, and potential investors should exercise caution when using such data to evaluate the Bank's financial condition and results of operations. The half-year or quarterly financial information should not be taken as an indication of the expected financial condition or results of operations of the Bank for the relevant full financial year.

The Bank may face situations where it cannot meet the capital adequacy requirements imposed by the relevant PRC regulators or as a globally systemically important bank ("G-SIB") pursuant to the Third Basel Capital Accord ("Basel III") and total loss-absorbing capacity ("TLAC") standard

According to the "***Administrative Measures for the Capital of Commercial Banks (Provisional)***" (the "**NFRA Capital Regulations**") formulated by the previously-named China Banking Regulatory Commission (which was subsequently renamed to China Banking and Insurance Regulatory Commission (the "**CBIRC**") and in 2023, has been replaced by the NFRA) to implement the Basel III in June 2012 and effected on 1 January 2013, the capital adequacy ratio of different tiers of a commercial bank shall not be lower than the following minimum requirements at any point in time: (i) the core tier 1 capital adequacy ratio shall not be lower than 5 per cent.; (ii) the tier 1 capital adequacy ratio shall not be lower than 6 per cent.; (iii) the capital adequacy ratio shall not be lower than 8 per cent.; (iv) the capital conservation buffer shall not be lower than 2.5 per cent.; and (v) the countercyclical buffer shall not be lower than 0 to 2.5 per cent. In addition, the Bank as a domestic systemically important bank will also be required to maintain a further 1 per cent. capital surcharge above prevailing core tier 1 capital requirements.

In 2017, the Basel Committee released the final framework for Basel III reform, which reconstituted the measurement rules for risk-weighted assets, and the NFRA revised its NFRA Capital Regulations. Accordingly, the Bank promoted the transformation of its risk-weighted assets measurement system against the final framework, so as to meet regulatory standards.

On 26 October 2023, the NFRA published the "***Regulation Governing Capital of Commercial Banks***" (the "**New NFRA Capital Regulations**") which became effective on 1 January 2024 and the NFRA Capital Regulations ceased to have effect on the same day. Based on the current situation of China's banking industry and the latest international regulatory reform, the NFRA made a number of amendments to the NFRA Capital Regulations, including the elimination of specific quantitative requirements for counter-cyclical capital and globally or domestically systemically important institutions, which would be separately stipulated by the PBOC and the NFRA. The New NFRA Capital Regulations focuses on five aspects, including building a differentiated capital supervision system, comprehensively revising the rules for measuring risk-weighted assets, ensuring the applicability and prudence of risk weights, strengthening supervision and inspection, and improving the information disclosure standards, so as to further improve the rules for capital supervision of commercial banks, strengthen the risk management level of banks, and enhance the quality and efficiency of their services.

As at 31 December 2025, the Group's total capital ratio, Tier 1 ratio and Common Equity Tier 1 ratio, calculated in accordance with the New NFRA Capital Regulations, were 19.69 per cent., 15.47 per cent. and 14.63 per cent. respectively, meeting the regulatory requirements[13].

In 2025, the Group continued to promote the implementation of the New NFRA Capital Regulations, and improved the regulatory capital constraint and transmission mechanism to conduct external capital replenishment in a prudent and orderly manner. For the year ended 31 December 2025, the Group recorded retained earnings of RMB232.2 billion after deducting dividends, issued A-shares to specific target with the total amount of RMB105.0 billion to replenish Common Equity Tier 1 capital, and issued the undated capital bonds of RMB40.0 billion and Tier 2 capital bonds of RMB125.0 billion. The Group effectively advanced refined capital management, and achieved reasonable growth in risk-weighted assets. The Group maintained all capital adequacy ratios above regulatory requirements with ample buffers retained.

Furthermore, the Financial Stability Board has identified the Bank as a G-SIB since November 2017. As a G-SIB, the Bank is required to satisfy heightened capital adequacy ratios pursuant to Basel III and TLAC standard. Pursuant to the PBOC, the CBIRC and the Ministry of Finance of China — Administrative Measures on the Total Loss-absorbing Capacity of Global Systemically Important Banks (Order No. 6 [2021]), the Bank is required to meet the external TLAC risk-weighted ratio of no less than 16 per cent. and the external TLAC leverage ratio of no less than 6 per cent. by no later than 1 January 2025 and the external TLAC risk-weighted ratio of no less than 18 per cent. and the external TLAC leverage ratio of no less than 6.75 per cent. by no later than 1 January 2028. The Bank smoothly achieved compliance with TLAC standards. The Group has updated its recovery and resolution plans on an annual basis, and has made continuous improvements in areas such as TLAC, large exposures, effective risk data aggregation and risk reporting, so as to meet the additional regulatory requirements for G-SIB.

Although the Bank has already implemented medium to long term capital management policies to strengthen capital management and its capability to maintain growth, some regulatory developments may affect the Bank's ability to continually comply with capital adequacy requirements, including the decline in asset quality, the decline in value of its investments, the raising of minimum capital adequacy ratios by the NFRA and the changes in calculations of capital adequacy ratios by the NFRA.

---

[13] The Group calculates relevant data and indicators for the years 2024 and 2025 in accordance with relevant rules in the New NFRA Capital Regulations, while data as of 31 December 2023 are still calculated in accordance with relevant rules in the NFRA Capital Regulations. Please refer to note 62(8) of the Group 2024 Annual Financial Statements for details of composition of capital.

The Bank's capital-raising ability may be restricted by the Bank's future business, financial and operational results, the Bank's credit rating, necessary regulatory approvals, overall market conditions including PRC and global economic, political and other conditions at the time of any capital raising.

If the Bank fails to meet the capital adequacy requirements, the NFRA may require the Bank to take corrective measures, including, for example, restricting the growth of its loans and other assets or restricting its declaration or distribution of dividends. These measures could adversely affect the Bank's reputation, business, financial condition and results of operations, which in turn may negatively affect the Bank's ability to service the Notes and to satisfy its other obligations under the Notes.

The Bank is exposed to systemic risk resulting from failures by banks, other financial institutions and corporates

Within the financial services industry, the default of any institution or corporate could lead to defaults by other institutions. Concerns about, or a default by, one institution could lead to significant liquidity problems, losses or defaults by other institutions as the commercial soundness of many financial institutions may be closely correlated as a result of their credit, trading, clearing or other relationships. This risk is sometimes referred to as "**systemic risk**", and may adversely affect financial intermediaries, such as clearing agencies, clearing houses, banks, securities firms, other financial institutions and exchanges with whom the Bank interacts on a daily basis. In turn, the actual or perceived soundness of these institutions could have an adverse effect on the Bank's ability to raise new funding, including regulatory capital, and could have a material impact on the Bank's financial condition and results of operations.

The financial markets turmoil with the collapse of Silicon Valley Bank, followed by Signature Bank and First Republic Bank in the United States and the crisis of Credit Suisse, has resulted in higher uncertainty in the financial services industry and has prompted questions about the viability of other financial services firms with the tightening of credit controls and liquidity for banks and possibility of broader systemic risk. In addition, the actions of government regulators and central banks to the financial markets turmoil, including the intervention of Swiss authorities in response to the collapse of Credit Suisse, has caused market participants to question how regulators and central banks will exercise resolution authority powers with respect to financial institutions or respond in the event of further turbulence or crisis in financial markets. As a result, there is greater uncertainty about the ability of financial institutions to raise regulatory capital, which could increase the Bank's cost of capital, or require the Bank to utilise different methods of raising regulatory capital than the Bank has used in the past, and could have a material impact on the Bank's financial condition and results of operations.

The Bank may not manage risks associated with the replacement of benchmark indices effectively

For several years, global regulators and central banks have been driving international efforts to reform key benchmark interest rates and indices; in particular interbank offered rates ("**IBORs**") such as the London Interbank Offered Rate ("**LIBOR**"). This has resulted in significant changes to the methodology and operation of certain benchmarks and indices, the adoption of alternative risk-free rates ("**RFRs**"), the discontinuation of certain reference rates (including LIBOR), and the introduction of implementing legislation and regulations.

Following the United Kingdom Financial Conduct Authority ("**FCA**") announcement on 27 July 2017 where FCA announced that it would no longer persuade or compel banks to submit rates for the calculation of the LIBOR benchmark after 2021, the national working groups for the impacted currencies were tasked with providing guidance and support to financial and non-financial firms to help them facilitate an orderly transition of the relevant LIBORs to their chosen RFRs. The transition away from LIBOR has been completed as of September 2024.

The discontinuation of certain key IBORs such as LIBOR, the adoption of RFRs by the market, and the development of RFR products by the Bank, introduce a number of risks for the Bank, its clients, and the

financial services industry. In particular, as products linked to RFRs remain relatively new in the market, market conventions and practices for RFRs have a limited history and may continue to evolve over time, potentially resulting in additional risks and liabilities for the Group.

If any of these risks materialise, it could have a material adverse effect on the Bank's business, financial condition, results of operations, prospects and customers.

The Bank is subject to certain operational requirements as well as guidelines set by the PRC banking regulatory authorities. The Bank is also subject to the supervision and inspection of domestic regulators and overseas regulators in jurisdictions where it operates

The Bank is subject to regular and irregular supervision and inspection by China's regulatory institutions, including MOF, the PBOC, the NFRA, the China Securities Regulatory Commission (the "**CSRC**"), the State Administration of Taxation (the "**SAT**"), the State Administration of Industry & Commerce (the "**SAIC**"), the State Administration of Foreign Exchange (the "**SAFE**") and the National Audit Office (the "**NAO**").

The Bank is subject to certain operational requirements and guidelines set by the PRC banking regulatory authorities. It cannot be assured that the Bank will be able to meet these operational requirements and guidelines in the future at all times, or that no sanction will be imposed on the Bank in the future if the Bank fails to do so. If sanctions are imposed on the Bank for the breaches of these or other operational requirements and guidelines, its business, financial condition and results of operations may be adversely affected, which in turn may negatively affect the Bank's ability to service the Notes and to satisfy its other obligations under the Notes.

Furthermore, the Bank may also be subject to inspection and supervision of overseas regulatory institutions in overseas jurisdictions where it operates. The Bank's overseas branches, subsidiaries and representative offices must follow local laws, regulations and the regulatory requirements of relevant local regulatory institutions of their respective jurisdictions. It cannot be assured that the Bank's overseas branches, subsidiaries and representative offices will be able to meet the applicable laws and regulatory requirements at all times. If the Bank is not able to meet these requirements, there may be an adverse impact on the Bank's business in these jurisdictions. Some of these inspections have led to penalties and other sanctions imposed on the Bank as a result of non-compliance. Although none of the penalties and sanctions imposed on the Bank have had a material adverse impact on the Bank's operations, financial position, and business performance, it cannot be assured that future inspections by regulatory institutions will not result in penalties or sanctions which may adversely affect the Bank's operations, reputation, business, financial position and results of operations, which in turn may negatively affect the Bank's ability to service the Notes and to satisfy its other obligations under the Notes.

The Bank or the Bank's customers may be subject to OFAC or other penalties if they are determined to have violated any OFAC regulations or similar sanctions

The United States imposes a range of economic sanctions against certain foreign countries, terrorists, international narcotics traffickers and those engaged in activities related to the proliferation of weapons of mass destruction. The U.S. sanctions are intended to advance certain U.S. foreign policy and national interests, such as discouraging certain countries from acquiring weapons of mass destruction or engaging in human rights abuses. The U.S. Department of the Treasury's Office of Foreign Assets Control ("**OFAC**") is the principal government agency charged with administering and enforcing U.S. economic sanctions programmes. These economic sanctions, as administered by OFAC, generally apply to U.S. entities and, in certain cases, to foreign affiliates of U.S. entities, or to transactions that involve, in some manner, U.S. products or otherwise come within the jurisdiction of the United States. The United Nations Security Council, the European Union, the United Kingdom, the PRC and other governments and international or regional organisations also administer similar economic sanctions. The Bank does not

believe that any of the Group's activities are subject to these sanctions. In addition, the Bank may from time to time engage in business activities in countries or with entities that are the subject of certain sanctions. Notwithstanding that such business activities may not themselves be subject to sanctions, the Bank may face secondary sanctions if it is determined to be providing material support to countries or entities or involving specific sectors of certain countries that are the subject of sanctions. If the Bank engages in any prohibited transactions by any means, or if it is otherwise determined that any of the Bank's transactions violated OFAC-administered or other sanctions regulations, the Bank could be subject to penalties, and the Bank's reputation and ability to conduct future business in the United States or with U.S. entities, or in other affected jurisdictions, could be affected, which may materially and adversely affect its business, financial condition and results of operations. As the Bank's business, financial condition and results of operations may be adversely affected, the Bank's ability to service the Notes and to satisfy its other obligations under the Notes may also be negatively affected.

Any force majeure events, including occurrence of natural disasters or outbreaks of contagious diseases (such as COVID-19) may have an adverse effect on the Bank's business operations, financial condition and results of operations

Any force majeure events, such as the occurrence of natural disasters or outbreaks of health epidemics and contagious diseases, including but not limited to the COVID-19 outbreak, all variants of the avian influenza, severe acute respiratory syndrome ("**SARS**"), Middle East Respiratory Syndrome ("**MERS**"), Ebola virus, and swine flu caused by H1N1 virus ("**H1N1 Flu**"), may adversely affect the Bank's business, financial condition and results of operations. Possible force majeure events may give rise to additional costs to be borne by the Bank and have adverse effects on the quality of the Bank's assets, business, financial condition and results of operations. An outbreak of a health epidemic or contagious disease could result in a widespread health crisis and restrict the level of business activity in affected areas, which may in turn adversely affect the Bank's business, financial condition and results of operations.

Please also refer to *"Risk Factors — Risks Relating to the Bank's Business — Uncertainties and instability in global market conditions could adversely affect the Bank's business, financial condition and results of operations*". Any of these factors could have a material adverse effect on the Group's financial condition, business and results of operation. In addition, any future occurrence of severe natural disasters in China or elsewhere may adversely affect PRC's economy or the global economy and in turn the Bank's business. There is no guarantee that any future occurrence of natural disasters or outbreak of any avian influenza, SARS, MERS, Ebola virus, H1N1 Flu, COVID-19 or other epidemics, or the measures taken by the PRC government or other countries in response to such future outbreak of epidemics, will not seriously interrupt the Bank's operations or those of the Bank's customers, which may have an adverse effect on the Bank's business, financial condition and results of operations.

Failure by the Bank to meet its environmental, social and governance ("ESG") or corporate social responsibility ("CSR") targets may have an adverse effect on the Bank's performance, reputation, business, financial condition and results of operations

The Bank takes its corporate social responsibilities seriously and seeks to serve the public, promote livelihoods, and become a low-carbon and environmentally friendly bank for sustainable development. In line with its philosophy, the Bank has issued several series of ESG related notes (the "**ESG Notes**") under the Programme, including green notes, sustainability-linked notes and transition notes. In addition, the Bank has also increased its credit supply in the area of green finance, to among others provide financial services for energy security and low-carbon transformation.

In respect of the Bank's ESG Notes and green finance credit and loans, the Bank may have agreed to obligations relating to reporting and disclosure, environmental and social targets and specified use of proceeds. Furthermore, the Bank also publishes its CSR reports annually, which sets out the Bank's

implementation strategies, targets and goals (such as emission reduction goals, energy conservation goals, waste reduction goals and water conservation goals) and proposed business processes and standards, with respect to ESG and CSR. Any failure by the Bank to meet any of the targets, strategies, goals, processes and standards mentioned above, or any failure by the Bank to satisfy investor or other stakeholder expectations or standards in the execution of its ESG strategies, may affect the value and/or trading of the ESG Notes, and more widely affect the Bank's current and future business performance, results of operations and reputation. These may in turn negatively affect the Bank's ability to service the Notes and to satisfy its other obligations under the Notes.

In addition, the Bank is subject to a variety of risks, including reputational risk, associated with ESG matters. Adverse incidents with respect to ESG activities could impact the Bank's reputation and relationships with investors, all of which could adversely affect its business and results of operations. The Bank's expectations, estimates and aspirational statements regarding ESG matters, including the potential environmental impacts of its projects and initiatives, involve known and unknown risks, uncertainties and other factors beyond the Bank's control that could cause the actual results to be different from such expectations, estimates and aspirational statements. As a result, there can be no assurance that the Bank's ESG initiatives, including the use of proceeds from the Notes and any further issuances of green notes, will not be subject to heightened scrutiny or public commentary in the future. Such scrutiny or public commentary could adversely affect the Bank's reputation, business, financial condition and results of operations and, in particular, could create legal and reputational risks.

RISKS RELATING TO THE PRC BANKING INDUSTRY

The highly competitive nature of the PRC banking industry could adversely affect the Bank's profitability

The PRC banking industry is intensely competitive. The Bank competes primarily with other domestic commercial banks and financial institutions, as well as foreign-invested financial institutions. These commercial banks and financial institutions compete with the Bank for substantially the same loans, deposits and fees from customers.

Following the removal of regulatory restrictions on their geographical presence, customer base and operating license in China in December 2006 as part of China's WTO accession commitments, the Bank has experienced increased challenges from foreign-invested commercial banks. Furthermore, the "Mainland and Hong Kong Closer Economic Partnership Arrangement", which permits smaller Hong Kong banks to operate in China, the rapid development of new competitors such as Alipay and WeChat Pay, and the emergence of new technologies such as new digital currencies in the PRC have also increased the competition in China's banking industry.

The increased competitive pressures resulting from the above and other factors may adversely affect the Bank's business and prospects, as well as the Bank's business, financial condition and results of operations by, among other things:

- reducing the Bank's market share in its principal products and services;
- affecting the growth of the Bank's loan portfolio or deposit base and other products and services;
- decreasing the Bank's interest income or increasing its interest expense, thereby decreasing its net interest margin;
- reducing the Bank's fee and commission income;
- increasing the Bank's non-interest expenses, such as marketing expenses;

- reducing the Bank's asset quality; and

- increasing the turnover of senior management and qualified professional personnel.

The Bank may not always be able to maintain its competitive advantage or successfully compete in all the business areas in which it currently operates or intends to operate in the future. The adverse developments described above may negatively affect the Bank's ability to service the Notes and to satisfy its other obligations under the Notes.

The Bank may also face competition for funds from other forms of investment alternatives as the PRC capital market continues to develop. For example, as the PRC capital market continues to develop and become a more viable and attractive investment alternative, the Bank's deposit customers may elect to transfer their funds into bonds, equities and other capital market instruments, which may reduce the Bank's deposit base and adversely affect the Bank's business, financial condition and results of operations. This may negatively affect the Bank's ability to service the Notes and to satisfy its other obligations under the Notes.

The Bank's business is inherently subject to market fluctuations and general economic conditions, particularly in the PRC

The Bank's business is inherently subject to global capital market fluctuations and general economic conditions. Global market factors and the volatility and strength of the capital markets all affect the business and economic environment and, ultimately, the Bank's business. In particular, uncertain economic conditions, volatility and disruptions in global capital markets, such as those that occurred in late 2008 and 2009 during the global financial crisis, can have a material adverse effect on the Bank. The economic recovery since the global financial crisis has been slow, with economic growth rates in major economies remaining persistently lower than pre-crisis levels, due to the rise in inflation in major economies, the escalating tensions between the PRC and the United States, the ongoing concerns about European sovereign debt levels, the military conflict between Russia and Ukraine and the conflict in Middle East region. Please also refer to "*Risk Factors — Risks Relating to the Bank's Business — Uncertainties and instability in global market conditions could adversely affect the Bank's business, financial condition and results of operations*".

Furthermore, uncertainties in the PRC's economies may also adversely affect the Bank's business, financial condition and results of operations in many ways, including, among others:

- during a period of economic slowdown, there is a greater likelihood that more of the customers or counterparties could become delinquent in respect of their loan repayments or other obligations to the Bank, which, in turn, could result in a higher level of NPLs, allowances for impairment losses and write-offs;

- the increased regulation and supervision by the financial services industry in response to the financial crisis in certain jurisdictions where the Bank operates may restrict its business flexibility and increase its compliance costs;

- the value of the Bank's investments in the domestic and international equity and debt securities markets may significantly decline;

- the Bank's ability to raise additional capital on favourable terms, or at all, could be adversely affected;

- trade and capital flows may further contract as a result of protectionist measures being introduced in certain markets, which could cause a further slowdown in economies and adversely affect the Bank's business prospects;

- the ongoing property market slowdown and deterioration of export trade growth may further adversely affect economic growth; and

- increased fiscal policy support may not be sufficient to boost overall domestic demand and business investment.

Any potential market and economic downturns, economic slowdown or geopolitical uncertainties in the PRC, its neighbouring countries or regions or the rest of the world may exacerbate the risks relating to the PRC capital markets. In addition, global economic uncertainty and the slowdown in PRC economic growth have precipitated, and may continue to raise the possibility of, fiscal, monetary, regulatory and other governmental actions. It cannot be predicted whether or when such actions may occur, nor can it be predicted what ultimate impact, if any, such actions or any other governmental actions could have on the Bank's business, results of operations and financial condition. There can be no assurance that the PRC's economy or the global economy will continue to improve or maintain sustainable growth. If further economic downturn occurs or continues, the Bank's business, financial condition and results of operations could be materially and adversely affected.

The Bank's businesses are highly regulated which may be adversely affected by future regulatory changes

The Bank's businesses are highly regulated which may be adversely affected by future regulatory changes. The Bank's business and operations are directly affected by changes in the PRC's policies, laws and regulations relating to the banking industry, such as those affecting the extent to which the Bank can engage in specific businesses as well as changes in other governmental policies. There can be no assurance that the policies, laws and regulations governing the banking industry will not change in the future or that any such changes will not adversely affect the Bank's business, financial condition and result of operations nor can the Bank assure investors that it will be able to adapt to all such changes on a timely basis. For example, in recent years, the PRC government has announced a number of supply-side structural reforms, including the reforms to improve the corporate governance of small and medium-sized enterprises ("**SMEs**") to reduce systemic financial risks and credit risk and to increase lending activities to SMEs while effectively controlling risks, to achieve a healthy economic growth.

The Bank has participated in such supply-side structural reforms, including the development of Guangdong-Hong Kong-Macau Greater Bay Area and Free Trade Zones, SMEs financing and debt-to-equity swap reforms.

As COVID-19 hampered business activities in the world, including China, the former CBIRC (which has been replaced by NFRA) promulgated a series of measures to relax credit controls and increase financial support to SMEs to combat the challenges arising from COVID-19. In particular, it has encouraged banking institutions to increase lending to SMEs by lowering loan rates and increasing the amounts these enterprises could borrow. However, SMEs are more vulnerable to fluctuations in the macroeconomy and the adverse impact brought by major economic crisis or regulatory changes. In addition, these enterprises may not be able to provide reliable information necessary for the Bank to assess the credit risks involved. In the absence of accurate assessment of the relevant credit risks, the non-performing loans of the Bank may increase significantly if a large number of its SMEs clients are affected by major economic crisis or regulatory changes. As a result, this may have an impact on the Bank's overall risk profile and quality of the loan portfolio, which could in turn materially and adversely affect its business, financial condition and results of operations. Separately, there can be no assurance that the policies, laws and regulations governing the PRC banking industry, in particular those relating to loans to SMEs (e.g. incentive policies

to encourage lending to SMEs), will not change in the future or that any such changes will not materially and adversely affect the Bank's business, financial condition and results of operations. For instance, as the World Health Organisation has in May 2023 declared that COVID-19 is no longer a global health emergency, the NFRA may start to unwind support measures for SMEs, which could lead to a tightening of credit controls and an increase in default risks for SMEs.

In addition, the Bank may be entrusted to administer banking business. For example, on 24 May 2019, the Bank announced that it has accepted the entrustment of Baoshang Bank to take its business into custody. Under the custodian period of one year, the Bank had assisted Baoshang Bank in the reform of its corporate governance and risk management and in its business operations. There is no assurance that the policies implemented by the PRC regulators and the Bank's participation in them will not affect the Bank's business, financial condition and result of operations or that the Bank will be able to make proper adjustment(s) to its business operations according to the changes in the financial regulatory policies, monetary policies and structural-side reforms.

Furthermore, in 2022, the PBOC circulated for public consultation a draft Financial Stability Law of the People's Republic of China (中華人民共和國金融穩定法（草案徵求意見稿）(the "**Financial Stability Law**"), which aims to provide a comprehensive plan for addressing systemic risks to China's financial system. As the Financial Stability Law has not been promulgated, its actual impact on the Bank's business and operations remains unknown. However, as a leading commercial bank in China, it is highly possible that the Bank will be required to comply with the Financial Stability Law upon its enactment, and there is no assurance that the compliance with the Financial Stability Law will not affect the Bank's business, financial condition and result of operations.

In addition, there may be uncertainties regarding the interpretation and application of new policies, laws and regulations, which may result in penalties and restrictions on the Bank's activities and could also have a significant impact on the Bank's business. The adverse developments described above may negatively affect the Bank's ability to service the Notes and to satisfy its other obligations under the Notes.

The growth rate of the PRC banking market may not be sustainable

The Bank expects the banking market in the PRC to expand as a result of anticipated growth in the PRC economy, increases in household wealth, continued social welfare improvement, demographic changes and the opening of the PRC banking market to foreign participants. However, the prospective impact on the PRC banking industry of certain trends and events, such as the pace of economic growth in the PRC and the ongoing reform of the social welfare system is currently not clear. Consequently, it cannot be assured that the growth and development of the PRC banking market will be sustainable.

Fluctuations in interest rates may adversely affect the Bank's lending business and its financial condition

As with most commercial banks, the Bank's results of operations depend to a great extent on the Bank's net interest income. For the year ended 31 December 2025, net interest income represented 77.31 per cent. of the Group's operating income. Fluctuations in interest rates could affect the Bank's financial condition and profitability in different ways. For example, a decrease in interest rates may reduce the Bank's interest income and yields from interest-earning assets. An increase in interest rates may decrease the value of the Bank's investment in debt securities portfolio and raise the Bank's funding costs. In addition, an increase in interest rates may reduce overall demand for loans, and, accordingly, reduce the Bank's origination of new loans, as well as increase the risk of customer default. Fluctuations in interest rate will also affect the market value of and return on derivative financial instruments and may result in a gap between the Bank's interest rate sensitive assets and interest rate sensitive liabilities.

Interest rate spread may also be affected by the PBOC's reserve requirement ratio for commercial banks. The reserve requirement refers to the amount of funds that banks must hold in reserve against deposits

made by their customers. The PBOC may further adjust the reserve requirement ratio or revise its calculation basis in the future. Increases in the bank reserve requirement ratio or expansion of the calculation basis of the reserve requirement may negatively impact the amount of funds available for loans to businesses by the Bank and other commercial banks in China and therefore may adversely affect the Bank's ability to earn interest income, which in turn may negatively affect the Bank's ability to service the Notes and to satisfy its other obligations under the Notes.

In addition, increasing competition in the banking industry and further deregulation of interest rates by the PBOC may result in higher fluctuations in market interest rates. If the interest rates the Bank pays for its deposits increase to a greater extent than the interest rates it receives for its loans, the Bank's net interest margin will narrow, leading to a reduction in its net interest income. Increases in interest rates might also affect borrowers' financial condition and hence their ability to repay loans. As a result, fluctuations in interest rates may adversely affect the Bank's lending operations, financial condition and results of operations, which in turn may negatively affect the Bank's ability to service the Notes and to satisfy its other obligations under the Notes.

PRC regulations impose limitations on the types of investments the Bank may make and, as a result, the Bank has limited abilities to seek optimal investment returns, to diversify its investment portfolio and to hedge the risks of its Renminbi-denominated assets

As a result of the PRC regulatory restrictions, substantially all of the Renminbi-denominated investment assets of PRC commercial banks are concentrated in the limited types of investments permitted by PRC law. These permitted investments mainly include PRC treasury bonds, financial debt securities issued by PRC policy banks, notes issued by the PBOC, and subordinated bonds. These restrictions on the Bank's ability to diversify its investment portfolio limit its ability to seek an optimal return. The restrictions also expose the Bank to significantly greater risk of investment loss in the event a particular type of investment the Bank holds suffers a decrease in value. For example, a general increase in interest rates may result in a significant decline in the value of the fixed income debt securities held by the Bank. In addition, due to the limited availability of hedging tools, the Bank's ability to manage market and credit risks associated with Renminbi-denominated assets is limited, and any resulting decline in the value of its Renminbi-denominated assets will adversely affect the Bank's financial condition and results of operations. This may negatively affect the Bank's ability to service the Notes and to satisfy its other obligations under the Notes.

The Bank's results of operations may be adversely affected if the PBOC further expedites the deregulation of interest rates

In recent years, the PBOC has adopted reform measures to liberalise China's interest rate regime. For example, in 2002, the PBOC substantially liberalised interest rates for foreign currency-denominated loans and deposits. In October 2004, the PBOC eliminated restrictions in respect of the maximum interest rate for RMB-denominated loans and the minimum interest rate for RMB-denominated deposits. In June 2012, the PBOC lowered the one-year Renminbi benchmark deposit and loan interest rates each by 0.25 per cent. At the same time, the PBOC also adjusted the upper limit of the floating range for deposit interest rates and the lower limit of the floating range for loan interest rates.

As of 8 June 2012, RMB denominated deposits could not be set above 110 per cent. of the relevant PBOC benchmark rate. On 25 October 2013, the PBOC introduced a new prime lending rate, officially known as the "**loan prime rate**", which is based on a weighted average of lending rates from nine commercial banks. In 2015, the PBOC made consecutive interest rates cuts and removed the deposit interest rate ceiling, giving rise to greater competition among banks and general shrinking of returns in the bond and monetary markets. Deposit interest rate ceilings were replaced by a market pricing self-regulatory and coordination mechanism comprised of PRC financial institutions, known as the Self-Regulatory Mechanism for the Pricing of Market-Oriented Interest Rates (市場利率定價自律機制). On 17 August

2019, the PBOC issued Bulletin [2019] No. 15, reforming and improving the loan prime rate calculation mechanism, further liberalising the interest rate system. The PBOC may further liberalise the existing interest rate restrictions on RMB-denominated loans and deposits. If the existing regulations are substantially liberalised or eliminated, competition in China's banking industry will likely intensify as China's commercial banks seek to offer more attractive interest rates to customers. Further adjustments by the PBOC to the benchmark interest rates or liberalisation by the PBOC may result in the narrowing of the spread in the average interest rates between RMB-denominated loans and RMB-denominated deposits, thereby adversely affecting the Bank's business, financial condition and results of operations, which in turn may negatively affect the Bank's ability to service the Notes and to satisfy its other obligations under the Notes.

The effectiveness of the Bank's credit risk management system is affected by the quality and scope of information available in the PRC

National credit information databases developed by the PBOC have been in operation since January 2006. However, as the information infrastructure in China is still under development and there remains limitations on the availability of information, national credit information databases are generally under-developed and are not able to provide complete credit information on many of the Bank's credit applicants. Therefore, the Bank's assessment of the credit risk associated with a particular customer may not be based on complete, accurate or reliable information, and the Bank's ability to effectively manage the Bank's credit risk may be adversely affected. This may negatively affect the Bank's ability to service the Notes and to satisfy its other obligations under the Notes.

Certain facts and statistics and information relating to the Bank and the Group are derived from publications not independently verified by the Bank, the Arranger, the Dealers or any of their respective directors, officers, employees, agents, representatives, affiliates or advisers or any person who controls any of them

Certain facts and statistics in this Offering Circular relating to the PRC, its economy and its banking industry are derived from various official and publicly available sources generally believed to be reliable. While the Bank has taken reasonable care to ensure that the facts and statistics or information relating to the Bank and the Group presented are accurately extracted from such sources, such facts, statistics and information have not been independently verified by the Bank, the Arranger, the Dealers or any of their respective directors, officers, employees, agents, representatives, affiliates or advisers or any person who controls any of them and, therefore, none of them makes any representation as to the accuracy of such facts and statistics or information, which may not be consistent with other information compiled within or outside the PRC and may not be complete or up-to-date.

Due to possibly flawed or ineffective collection methods or discrepancies between published information and market practice or other reasons, the statistics herein may be inaccurate or may not be comparable from period to period or to statistics produced for other economies and should not be unduly relied upon.

RISKS RELATING TO THE PRC

PRC economic, political and social conditions and government policies could affect the Bank's financial condition and results of operations

A substantial majority of the Bank's businesses, assets and operations are in China. Accordingly, the Bank's financial condition, results of operations and business prospects are, to a significant degree, subject to the economic, political and legal developments in China. The PRC economy has been transitioning from a planned economy to a more market-oriented economy. In recent years, the PRC government has implemented a series of measures emphasising market forces for economic reform, the reduction of state ownership of productive assets and the establishment of sound corporate governance in

business enterprises. However, a large portion of productive assets in China remain owned by the PRC government. The PRC government retains the power to implement macroeconomic policies affecting the PRC economy and continues to play a significant role in regulating industrial development, allocating resources, setting monetary policy, implementing measures on production, pricing, management and taxation and providing preferential treatment to particular industries or companies. These measures are aimed at benefiting the overall economy of the PRC, but some of the measures may have negative effects on certain industries, including the commercial banking industry. For example, the Bank's operating results may be adversely affected by government control over capital investments or changes in the interpretation of, and application of, applicable tax regulations.

Any failure to complete the relevant filing and/registration under the NDRC Order 56 (as defined below) within the prescribed time frames may have adverse consequences for the relevant Issuer and/or the investors of the Notes

On 5 January 2023, NDRC issued Administrative Measures for the Examination and Registration of Medium- and Long-term Foreign Debts of Enterprises (企業中長期外債審核登記管理辦法(國家發展和改革委員會令第56號)) (as supplemented, amended or replaced from time to time) and any implementation rules or policies as issued by the NDRC from time to time (the "**NDRC Order 56**"), which became effective on 10 February 2023. Under the NDRC Order 56, the Bank shall, (i) file or cause to be filed with the NDRC the requisite information and documents within ten PRC business days after each foreign debt issuance and the expiration of the Certificate with respect to the relevant Notes in accordance with the NDRC Order 56, (ii) file or cause to be filed with the NDRC the requisite information and documents within five PRC business days before the end of January and the end of July each year, and (iii) file or cause to be filed the requisite information and documents upon the occurrence of any material event that may affect the enterprise's due performance of its debt obligations. The NDRC Order 56 mentions some legal consequences of non-compliance with the pre-issuance registration requirement. For example, if the enterprise borrows foreign debt in violation of the NDRC Order 56, the examination and registration authority shall take disciplinary actions such as holding an interview and giving a public warning against the relevant enterprise and its principal person-in-charge according to the seriousness of the circumstances, and if any intermediary agency knows or should have known that an enterprise is borrowing foreign debt in violation of the relevant provision of the NDRC Order 56 but still provides the relevant intermediary services to the enterprise, the examination and registration authority shall circulate a notification of violation of regulations, and consult the relevant department on punishing the relevant intermediary agency and relevant liable persons in accordance with the applicable laws and regulations. In the worst case scenario, if pre-issuance registration is required but not complied with, it might become unlawful for the relevant Issuer to perform or comply with any of its obligations under the relevant Notes and the relevant Notes might be subject to enforcement as provided in Condition 10 (*Events of Default*). Potential investors of the Notes are advised to exercise due caution when making their investment decisions.

Similarly, the NDRC Order 56 mentions some legal consequences of non-compliance with the post-issue notification requirement. Failure to comply with the NDRC post-issue and continuing filing obligations (such as post-issue filing, pre-issuance approval expiration filing, periodical filing and major event filing, etc.) under Articles 24 and 26 of the NDRC Order 56 may result in the relevant entities being ordered to make corrections within a time limit, and in the case of aggravating circumstances or in the case that such corrections are not made within the prescribed time limit, relevant entities and their main person-in-charge will be warned. The aforesaid regulatory violations committed by enterprises shall be publicised on the "Credit China" website and the national enterprise credit information publicity system, among others.

The Bank undertakes to file or cause to be filed with the NDRC within the relevant prescribed timeframes after the relevant Issue Date the requisite information and documents in respect of the relevant Notes in accordance with the NDRC Order 56 and any implementation rules or policies as issued by the NDRC from time to time.

While the NDRC Order 56 has set out the legal consequences for debtors and involved professional parties in cases of non-compliance of the NDRC Order 56, the NDRC Order 56 is silent on whether any such non-compliance would affect the validity and enforceability of the Notes. There is no assurance that the failure to comply with the NDRC Order 56 would not result in adverse consequences on the relevant Issuer's or the Bank's ability to perform in accordance with the Terms and Conditions of the Notes or the enforceability of the Notes.

Interpretation of PRC laws and regulations may affect the Bank and the Noteholders

The Bank is organised under the laws of the PRC. The PRC legal system is based on written statutes. Since 1979, the PRC government has promulgated laws and regulations dealing with economic matters, such as foreign investment, corporate organisation and governance, commerce, taxation and trade, with a view towards developing a comprehensive system of commercial law. Many of these laws and regulations continue to evolve and these laws and regulations may be subject to different interpretation and enforcement. In addition, although there is a large volume of published court decisions and such court decisions may be cited for reference, they are not binding on subsequent cases and have limited precedential value unless the Supreme People's Court otherwise provides interpretations. As such, the interpretation and implementation of PRC laws and regulations may have impact on the legal protections and remedies that are available to the Bank and the Noteholders.

Additional procedures may be required in effecting service of legal process and enforcing judgments against the Bank and its directors and officers

The Bank is a company incorporated under the laws of the PRC, and substantially all of its assets and its subsidiaries are located in the PRC. In addition, most of the Bank's directors and officers reside within the PRC, and the assets of its directors and officers may be located within the PRC. As a result, additional procedures may be required to effect service of process outside of the PRC upon most of the Bank's directors and officers and for the Noteholders to effect service of process against the Bank's assets or its directors and officers in the PRC in order to seek recognition and enforcement for foreign judgments in the PRC.

The recognition and enforcement of foreign judgments are provided for under the PRC Civil Procedures Law. PRC courts may recognise and enforce foreign judgments in accordance with the requirements of the PRC Civil Procedures Law and other applicable laws and regulations based either on treaties between China and the country where the judgment is made or on principles of reciprocity between jurisdictions. The PRC has not entered into treaties or arrangements providing for the recognition and enforcement of judgments made by courts of the United States, the United Kingdom, Japan or most other Western countries. In addition, according to the PRC Civil Procedures Law, courts in the PRC will not enforce a foreign judgment against the Bank or its directors and officers if they decide that the judgment violates the basic principles of PRC law or national sovereignty, security or public interest. Hence, it is uncertain whether and on what basis a PRC court would enforce a judgment rendered by a court in any of these jurisdictions.

The Bank is affected by the PRC government's restrictions on currency conversion and future fluctuations in exchange rates

The Bank receives a substantial majority of its revenues in RMB, which is currently not a freely convertible currency. A portion of these revenues must be converted into other currencies in order to meet the Bank's demands for foreign currencies.

The exchange rates of the RMB against the U.S. dollar and other currencies are in constant fluctuation and influenced by, among other things, the changes in Chinese and international political and economic conditions. Since 1994, China had implemented a single and managed floating exchange rate regime

based on market supply and demand to determine the exchange rate of RMB with reference to the exchange rate determined by the PBOC based on the interbank exchange rates and the prevailing rate of the international financial market on the previous business day. On 21 July 2005, the PRC government adopted a more flexible market-based and managed floating exchange rate regime with reference to a basket of currencies. Under the new system, the exchange rate of RMB was allowed to fluctuate within a regulated band. In addition, a market maker system was introduced to the interbank spot foreign exchange market. In July 2008, China continued to deepen its exchange rate regime reform to implement a managed floating exchange rate system based on market supply and demand. Given the domestic and overseas economic developments, in June 2010, the PBOC decided to proceed further with reform of the RMB exchange rate regime, improve the flexibility of the RMB exchange rate and widen the daily trading band for the U.S.$/RMB exchange rate in April 2012 and in March 2014. In 2017, the RMB depreciated as against the U.S. dollar and continued to fluctuate in 2018 and early 2019. Against the backdrop of uncertain trade and global economy, the PBOC authorised the China Foreign Exchange Trade System and National Interbank Funding Centre on 8 August 2019 to publish the central parity rate of the RMB as against the U.S. dollar in the interbank exchange market, which was U.S.$1.00 to RMB7.0039. That was the first time the value of the RMB as against the U.S. dollar fell below RMB7.00 per U.S. dollar since 2008. The value of RMB against the U.S. dollar and other currencies may fluctuate and is affected by, among other factors, changes in international and national political and economic conditions and the foreign exchange policy adopted by the PRC government. The PRC government may in the future implement other exchange rate reforms.

The Bank is also currently required to obtain the approval of SAFE before converting significant sums of foreign currencies into RMB. All of these factors could adversely affect the Bank's business, financial condition, results of operations and compliance with capital adequacy ratios and operational ratios, which in turn may negatively affect the Bank's ability to service the Notes and to satisfy its other obligations under the Notes.

RISKS RELATING TO THE NOTES

Notes may not be a suitable investment for all investors

Each potential investor in any Notes must determine the suitability of that investment in light of its own circumstances. In particular, each potential investor should:

(i) have sufficient knowledge and experience to make a meaningful evaluation of the relevant Notes, the merits and risks of investing in the relevant Notes and the information contained or incorporated by reference in this Offering Circular or any applicable supplement to this Offering Circular or any Pricing Supplement;

(ii) have access to, and knowledge of, appropriate analytical tools to evaluate, in the context of its particular financial situation, an investment in the relevant Notes and the impact such investment will have on its overall investment portfolio;

(iii) have sufficient financial resources and liquidity to bear all of the risks of an investment in the relevant Notes, including where principal or interest is payable in one or more currencies, or where the currency for principal or interest payments is different from the potential investor's currency;

(iv) understand thoroughly the terms of the relevant Notes and be familiar with the behaviour of any relevant indices and financial markets; and

(v) be able to evaluate (either alone or with the help of a financial adviser) possible scenarios for economic, interest rate and other factors that may affect its investment and its ability to bear the applicable risks.

Certain Series of Notes may be complex financial instruments. Sophisticated investors generally do not purchase complex financial instruments as standalone investments but rather purchase such complex financial instruments as a way to reduce risk or enhance yield with an understood, measured, appropriate addition of risk to the overall portfolios. A potential investor should not invest in such Notes unless it has the expertise (either alone or with the help of a financial adviser) to evaluate how such Notes will perform under changing conditions, the resulting effects on the value of such Notes and the impact this investment will have on the potential investor's overall investment portfolio.

The Notes are subordinated to all secured debt of each of the Issuer and the Bank

Each tranche of Notes will be unsecured and will rank at least equally with all other unsecured and unsubordinated indebtedness (except for creditors whose claims are preferred by laws and rank ahead of the holders of the Notes) that each of the Issuer and the Bank has issued or may issue. Payments under the Notes are effectively subordinated to all secured debt of each of the Issuer and the Bank to the extent of the value of the assets securing such debt.

As a result of such security interests given to the Issuer's and the Bank's secured lenders, in the event of a bankruptcy, liquidation, dissolution, reorganisation or similar proceeding involving the Issuer and the Bank, the affected assets of the Issuer and the Bank may not be used to pay the Noteholders until after:

- all secured claims against the affected entity have been fully paid; and
- if the affected entity is a subsidiary of the Bank, all other claims against such subsidiary, including trade payables, have been fully paid.

In the event that the Issuer (where the Issuer is the Hong Kong Branch or other such branch of the Bank) fails to fully perform its obligations under the Notes, performance by the Bank of such obligations may be subject to registration or verification of the PRC government authorities

According to the Law of the People's Republic of China on Commercial Banks (中華人民共和國商業銀行法) and the circular issued by the PBOC named "Reply on the Issues Regarding the Civil Liabilities of the Branches of Commercial Banks" (關於對商業銀行分支機構民事責任問題的覆函), in the event that a branch of a commercial bank fails to fully perform the obligations to the extent of the assets of the branch, such commercial bank shall fulfil such obligations to the extent that the branch has failed to perform them.

Therefore, in the event the Issuer (where the Issuer is the Hong Kong Branch or other such branch of the Bank) is unable to or does not perform its obligations under the Notes, the Bank will assume all obligations of the Issuer with respect to the payments under the Notes. The remittance of funds outside the PRC by the Bank in order to perform these obligations may be subject to registration or verification of the SAFE.

Regulation of benchmarks may lead to future reforms or discontinuation

Interest rates and indices which are deemed to be or used as "benchmarks" (including the euro interbank offered rate ("**EURIBOR**")) have been subject to significant regulatory scrutiny and legislative intervention in recent years. This relates not only to creation and administration of benchmarks, but, also, to the use of a benchmark rate.

In the EU, for example, Regulation (EU) No. 2016/1011, as amended (the "**EU Benchmarks Regulation**") applies to the provisions of, contribution of input data to, and the use of, a benchmark within the EU. Similarly, Regulation (EU) 2016/1011 as it forms part of domestic law by virtue of the EUWA, as amended (the "**UK Benchmarks Regulation**") applies to the provision of, contribution of

input data to and the use of a benchmark in the UK, subject to certain transitional provisions. Legislation such as the EU Benchmarks Regulation and/or the UK Benchmarks Regulation, as applicable could have a material impact on any Notes linked to or referencing a benchmark — for example, if the methodology or other terms of the benchmark are changed in the future in order to comply with the requirements of the EU Benchmarks Regulation and/or the UK Benchmarks Regulation and/or other similar legislation, as applicable, or if a critical benchmark is discontinued or is determined by a regulator to be "no longer representative". Such factors could, among other things, have the effect of reducing or increasing the rate or level or may affect the volatility of the published rate or level of the relevant benchmark. They may also have the effect of discouraging market participants from continuing to administer or contribute to certain "benchmarks", trigger changes in the rules or methodologies used in certain "benchmarks" or lead to the discontinuance or unavailability of quotes of certain "benchmarks".

Although EURIBOR has subsequently been reformed in order to comply with the terms of the Benchmark Regulation, it remains uncertain as to how long it will continue in its current form, or whether it will be further reformed or replaced with the Euro short-term rate or an alternative benchmark. The elimination of EURIBOR or any other benchmark, or changes in the manner of administration of any benchmark, could require or result in an adjustment to the interest calculation provisions of the Conditions (as further described in Condition 5(b)(iv) (*Benchmark Replacement for Floating Rate Notes (other than Floating Rate Notes which specify the Reference Rate as SOFR)*), or result in adverse consequences to holders of any Notes linked to such benchmark (including Floating Rate Notes whose interest rates are linked to EURIBOR or any other such benchmark that is subject to reform). Furthermore, even prior to the implementation of any changes, uncertainty as to the nature of alternative reference rates and as to potential changes to such benchmark may adversely affect such benchmark during the term of the relevant Notes, the return on the relevant Notes and the trading market for securities (including the Notes) based on the same benchmark.

The administrator of SOFR or any related indices may make changes that could change the value of SOFR or any related index, or discontinue SOFR or any related index

The Federal Reserve or the Bank of New York (or their successors) as administrators of SOFR (and the SOFR Compounded Index) may make methodological or other changes that could change the value of these risk-free rates and/or indices, including changes related to the method by which such risk-free rate is calculated, eligibility criteria applicable to the transactions used to calculate SOFR, or timing related to the publication of SOFR or any related indices. In addition, the administrator may alter, discontinue or suspend calculation or dissemination of SOFR or any related index (in which case a fallback method of determining the interest rate on the Notes will apply). The administrator has no obligation to consider the interests of Noteholders when calculating, adjusting, converting, revising or discontinuing any such risk-free rate.

Interest rate "fallback" arrangements may lead to Notes performing differently or the effective application of a "fixed rate"

If a relevant benchmark (including any page on which such benchmark may be published (or any other successor service)) becomes unavailable or a Benchmark Event (each as defined in the Terms and Conditions of the Notes) occurs, the Terms and Conditions of the Notes provide for certain fallback arrangements. Such an event may be deemed to have occurred prior to the issue date for a Series of Notes. Such fallback arrangements include the possibility that the rate of interest could be set by reference to a successor rate or an alternative rate and that such successor rate or alternative reference rate may be adjusted (if required) in accordance with the recommendation of a relevant governmental body or in order to reduce or eliminate, to the extent reasonably practicable in the circumstances, any economic prejudice or benefit (as applicable) to investors arising out of the replacement of the relevant benchmark, although the application of such adjustments to the Notes may not achieve this objective.

Any such changes may result in the Notes performing differently (which may include payment of a lower interest rate) than if the original benchmark continued to apply. It is also possible that such an event may

be deemed to have occurred prior to the issue date for a Series of Notes. Moreover, due to the uncertainty concerning the availability of successor rates and alternative reference rates and the involvement of an Independent Adviser (as defined in the Terms and Conditions of the Notes) in certain circumstances the relevant fallback provisions may not operate as intended at the relevant time. Additionally, in certain circumstances the ultimate fallback of interest for a particular Interest Period may result in the rate of interest for the last preceding Interest Period being used, which may result in the effective application of a fixed rate for Floating Rate Notes based on the rate which was last observed on the Relevant Screen Page. Any such consequences could have a material adverse effect on the value of and return on any such Notes.

Investors should consult their own independent advisers and make their own assessment about the potential risks imposed by the EU Benchmarks Regulation and the UK Benchmarks Regulation reforms or arising from the possible cessation or reform of certain reference rates in making any investment decision with respect to any Notes linked to or referencing a benchmark.

Methodologies for the calculation of risk-free rates (including overnight rates or forward-looking rates) as reference rates for Floating Rate Notes may vary and may evolve

Risk-free rates, including those such as the Secured Overnight Financing Rate ("**SOFR**") as reference rates for Eurobonds, have become more commonly used as benchmark rates for bonds in recent years. Most of the rates are backwards-looking, but the methodologies to calculate the risk-free rates are not uniform. Such different methodologies may result in slightly different interest amounts being determined in respect of otherwise similar securities.

The Issuer may in the future also issue Notes referencing SOFR or the SOFR Compounded Index that differ materially in terms of interest determination when compared with any previous Notes issued by it under this Programme. Such variations could result in reduced liquidity or increased volatility, or might otherwise affect the market price of any Notes that reference a risk-free rate issued under this Programme from time to time.

In addition, investors should carefully consider how any mismatch between applicable conventions for the use of reference rates in the bond, loan and derivatives markets may impact any hedging or other financial arrangements which they may put in place in connection with any acquisition, holding or disposal of Notes referencing such risk-free rates.

Investors should consider these matters when making their investment decision with respect to any Notes which reference SOFR or any related indices.

It is not possible to calculate interest rates in advance for Notes which reference SOFR or any related index

Interest on Notes which reference a backwards-looking risk-free rate is only capable of being determined immediately prior to the relevant Interest Payment Date. It may therefore be difficult for investors in Notes which reference such risk-free rates reliably to estimate the amount of interest which will be payable on such Notes.

Further, in contrast to Notes linked to interbank offered rates, if Notes referencing backwards-looking rates become due and payable as a result of an Event of Default under Condition 10 (*Events of Default*), or are otherwise redeemed early on a date which is not an Interest Payment Date, the final Rate of Interest payable in respect of such Notes shall be determined by reference to a shortened period ending immediately prior to the date on which the Notes become due and payable or are scheduled for redemption.

The Financial Institutions (Resolution) Ordinance may adversely affect the Notes

On 7 July 2017, the Financial Institutions (Resolution) Ordinance (Cap. 628) of Hong Kong (the "**FIRO**") came into operation. The FIRO provides for, among other things, the establishment of a resolution regime for authorised institutions and other within scope financial institutions (as defined in FIRO) (including bank branches and subsidiaries operating in Hong Kong and the holding company of a within scope financial institution) in Hong Kong which may be designated by the relevant resolution authorities, which may include the Bank to the extent of its licensed activities in Hong Kong. The resolution regime seeks to provide the relevant resolution authorities with administrative powers to bring about timely and orderly resolution in order to stabilise and secure continuity for a failing authorised institution or within scope financial institution (including bank branches and subsidiaries operating in Hong Kong and the holding company of a within scope financial institution) in Hong Kong. In particular, the relevant resolution authority is provided with powers to affect contractual and property rights as well as payments (including in respect of any priority of payment) that creditors would receive in resolution. These may include, but are not limited to, powers to cancel, write off, modify, convert or replace all or a part of the Notes or the principal amount of, or interest on, the Notes, and powers to amend or alter the contractual provisions of the Notes, all of which may adversely affect the value of the Notes, and the holders thereof may suffer a loss of some or all of their investment as a result. Holders of Notes may become subject to and bound by the FIRO. The implementation of FIRO remains untested and certain details relating to FIRO have been and will be set out through secondary legislation and supporting rules. Therefore, the Bank is unable to assess the full impact of FIRO on the financial system generally, the Bank's counterparties, the Bank, any of its consolidated subsidiaries, its operations and/or its financial position.

An active trading market for the Notes may not develop

The Dealers are not obliged to make a market in any Tranche of Notes and any such market making, if commenced, may be discontinued at any time at the sole discretion of the Dealers. Therefore, investors may not be able to sell their Notes easily or at prices that will provide them with a yield comparable to similar investments that have a developed secondary market. In addition, even if a market develops for the Notes, it may not be liquid and the holders of the Notes may encounter difficulties in selling these Notes. Such lack of liquidity may result in investors suffering losses on the Notes in secondary resales regardless of the performance of the Bank. In addition, to the extent that the Bank is not able to obtain or maintain a listing and quotation of any Tranche of Notes that are listed on the Hong Kong Stock Exchange or any other stock exchange, the sustainability and liquidity of such Notes may be adversely affected.

There could be conflicts of interest arising out of the different roles played by the Bank and its subsidiaries, and the Bank's other activities may affect the value of the Notes

The Bank's subsidiary is appointed as the Arranger and Dealer for the Programme. The Bank or its subsidiaries may also issue other competing financial products which may affect the value of the Notes. Investors should also note that potential and actual conflicts of interest may arise from the different roles played by the Bank and its subsidiaries in connection with the Notes and the economic interests in each role may be adverse to the investors' interests in the Notes. Although the Bank has internal control policies and procedures to minimise any potential conflict of interest, the Bank owes no duty to investors to avoid such conflicts.

Investors shall be aware of the effect of change of law

The Terms and Conditions of the Notes are based on English law. No assurance can be given as to the impact of any possible judicial decision or change to English law or administrative practices after the date of this Offering Circular.

Credit ratings may not reflect all risks and any credit rating of the Notes may be downgraded or withdrawn

One or more independent credit rating agencies may assign credit ratings to an issue of Notes. The ratings may not reflect the potential impact of all risks related to structure, market and additional factors discussed above, and other factors that may affect the value of the Notes. In April 2025, Fitch downgraded the long-term foreign-currency issuer default rating of the PRC to "A (Stable)" from "A+ (Negative)", reflecting Fitch's expectations of a continued weakening of China's public finances and a rapidly rising public debt trajectory during the country's economic transition. As a result, each of Moody's and Fitch has changed their respective rating outcomes on a number of PRC issuers, including but not limited to government-owned corporate entities and subsidiaries. Further, despite the affirmation of China's A1 long-term foreign-currency issuer default rating by Moody's in recent years, its rating outlook has changed from time to time. In December 2023, Moody's changed its outlook on China's long-term foreign-currency issuer default rating to "negative" from "stable", reflecting Moody's expectation that economy-wide debt in the PRC would continue to rise as potential growth slows. In April 2026, Moody's changed its outlook to "Stable" from "Negative", reflecting a stabilisation of its outlook that China's economic and fiscal strength will be resilient to ongoing domestic as well as trade and geopolitical challenges. In line with China's sovereign rating outcome, each of Moody's and Fitch and Moody's has changed their respective rating outcomes on a number of PRC issuers from time to time, including but not limited to the Bank. There can be no assurance that similarly adverse ratings developments may not occur in the future. If any further adverse ratings developments occur, the Bank's ratings could be adversely affected. A credit rating is not a recommendation to buy, sell or hold securities and may be revised or withdrawn by the rating agency at any time.

Each Tranche of Notes may be rated or unrated, as specified in the applicable Pricing Supplement. The rating represents the opinion of the relevant rating agency and its assessment of the ability of the Issuer to perform their respective obligations under the Notes, and credit risks in determining the likelihood that payments will be made when due under the Notes. A rating is not a recommendation to buy, sell or hold securities. The rating can be lowered or withdrawn at any time. The Issuer is not obligated to inform holders of the Notes if a rating is lowered or withdrawn. A reduction or withdrawal of a rating may adversely affect the market price of the Notes.

Investors shall pay attention to any modifications and waivers

The Terms and Conditions of the Notes contain provisions for calling meetings of Noteholders to consider matters affecting their interests generally. These provisions permit defined majorities to bind all Noteholders, including Noteholders who did not attend and vote at the relevant meeting and Noteholders who voted in a manner contrary to the majority.

The Terms and Conditions of the Notes may be amended, modified, or varied in relation to any Series of Notes by the terms of the relevant Pricing Supplement in relation to such Series. The Terms and Conditions of the Notes also provide that the Issuer may permit a modification of, or a waiver or authorisation of any breach or proposed breach of or a failure to comply with, the Fiscal Agency Agreement, if to do so could not reasonably be expected to be prejudicial to the interests of the Noteholders.

The Terms and Conditions of the Notes also provide that the Issuer may permit or agree to (i) any modification of any of the provisions of the Fiscal Agency Agreement that is of a formal, minor or technical nature or is made to correct a manifest error, and (ii) any other modification (except as mentioned in the Fiscal Agency Agreement) and any waiver or authorisation of any breach or proposed breach, of any of the provisions of the Fiscal Agency Agreement, that is in the opinion of the parties to the Fiscal Agency Agreement, not materially prejudicial to the interests of the Noteholders.

The Notes may be represented by Global Notes or the Global Certificates and holders of a beneficial interest in a Global Note or the Global Certificate must rely on the procedures of the relevant Clearing System(s)

Notes issued under the Programme may be represented by one or more Global Notes or the Global Certificates. Such Global Notes or the Global Certificates will be deposited with a common depositary for Euroclear and Clearstream or lodged with the CMU (each of Euroclear, Clearstream and the CMU, a "**Clearing System**"). Except in the circumstances described in the relevant Global Note or the Global Certificate, investors will not be entitled to receive definitive Notes. The relevant Clearing System(s) will maintain records of the beneficial interests in the Global Notes or the Global Certificates. While the Notes are represented by one or more Global Notes or the Global Certificates, investors will be able to trade their beneficial interests only through the Clearing Systems. While the Notes are represented by one or more Global Notes or the Global Certificates, the Issuer will discharge its payment obligations under the Notes by making payments to the common depositary for Euroclear and Clearstream or, as the case may be, to the relevant paying agent, in the case of the CMU, for distribution to their account holders. A holder of a beneficial interest in a Global Note or a Global Certificate must rely on the procedures of the relevant Clearing System(s) to receive payments under the relevant Notes. The Issuer has no responsibility or liability for the records relating to, or payments made in respect of, beneficial interests in the Global Notes or the Global Certificates. Holders of beneficial interests in the Global Notes or the Global Certificates will not have a direct right to vote in respect of the relevant Notes. Instead, such holders will be permitted to act only to the extent that they are enabled by the relevant Clearing System(s) to appoint appropriate proxies.

Noteholders should be aware that definitive Notes which have a denomination that is not an integral multiple of the minimum denomination may be illiquid and difficult to trade

Notes may be issued with a minimum denomination. The Pricing Supplement of a Tranche of Notes may provide that, for so long as the Notes are represented by a Global Note and the relevant Clearing System(s) so permit, the Notes will be tradable in nominal amounts (i) equal to, or integral multiples of, the minimum denomination, and (ii) the minimum denomination plus integral multiples of an amount lower than the minimum denomination. In relation to any issue of Notes in registered form, definitive Certificates will only be issued if the relevant Clearing System(s) is/are closed for business for a continuous period of 14 days (other than by reason of legal holidays) or announce(s) an intention to permanently cease business. The Pricing Supplement may provide that, if definitive Notes are issued, such Notes will be issued in respect of all holdings of Notes equal to or greater than the minimum denomination. However, Noteholders should be aware that definitive Notes that have a denomination that is not an integral multiple of the minimum denomination may be illiquid and difficult to trade. Definitive Notes will in no circumstances be issued to any person holding Notes in an amount lower than the minimum denomination and such Notes will be cancelled and holders will have no rights against the Issuer (including rights to receive principal or interest or to vote) in respect of such Notes.

There are risks related to the structure of a particular issue of Notes

A wide range of Notes may be issued under the Programme. A number of these Notes may have features which contain particular risks for potential investors. Set out below is a description of certain such features:

Notes subject to optional redemption by the Issuer

An optional redemption feature is likely to limit the market value of Notes. During any period when the Issuer may elect to redeem Notes, the market value of those Notes will generally not rise substantially above the price at which they can be redeemed. This may also be true prior to any redemption period.

The Issuer may be expected to redeem Notes when its cost of borrowing is lower than the interest rate on the Notes. At those times, an investor would generally not be able to reinvest the redemption proceeds at

an effective interest rate as high as the interest rate on the Notes being redeemed and may only be able to do so at a significantly lower rate. Potential investors should consider reinvestment risk in light of other investments available at that time.

Index Linked Notes and Dual Currency Notes

The Issuer may issue Notes with principal or interest determined by reference to an index or formula, to changes in the prices of securities or commodities, to movements in currency exchange rates or other factors (each a "**Relevant Factor**"). In addition, the Issuer may issue Notes with principal or interest payable in one or more currencies which may be different from the currency in which the Notes are denominated. Potential investors should be aware that:

(i) the market price of such Notes may be volatile;

(ii) they may receive no interest;

(iii) the payment of principal or interest may occur at a different time or in a different currency than expected;

(iv) the amount of principal payable at redemption may be less than the nominal amount of such Notes or even zero;

(v) a Relevant Factor may be subject to significant fluctuations that may not correlate with changes in interest rates, currencies or other indices;

(vi) if a Relevant Factor is applied to the Notes in conjunction with a multiplier greater than one or contains some other leverage factor, the effect of changes in the Relevant Factor on principal or interest payable will likely be magnified; and

(vii) the timing of changes in a Relevant Factor may affect the actual yield to investors, even if the average level is consistent with their expectations. In general, the earlier the change in the Relevant Factor, the greater the effect on yield.

Partly-paid Notes

The Issuer may issue Notes where the issue price is payable in more than one instalment. Failure to pay any subsequent instalment could result in an investor losing all of its investment.

Variable rate Notes with a multiplier or other leverage factor

Notes with variable interest rates can be volatile investments. If they are structured to include multipliers or other leverage factors, or caps or floors, or any combination of those features or other similar related features, their market values may be even more volatile than those for securities that do not include those features.

Inverse Floating Rate Notes

Inverse Floating Rate Notes have an interest rate equal to a fixed rate minus a rate based upon a reference rate such as EURIBOR. The market values of such Notes are typically more volatile than market values of other conventional floating rate debt securities based on the same reference rate (and with otherwise comparable terms). Inverse Floating Rate Notes are more volatile because an increase in the reference rate not only decreases the interest rate of the Notes, but may also reflect an increase in prevailing interest rates, which further adversely affects the market value of these Notes.

Fixed/Floating Rate Notes

Fixed/Floating Rate Notes may bear interest at a rate that the Issuer may elect to convert from a fixed rate to a floating rate, or from a floating rate to a fixed rate. The Issuer's ability to convert the interest rate will affect the secondary market and the market value of such Notes since the Issuer may be expected to convert the rate when it is likely to produce a lower overall cost of borrowing. If the Issuer converts from a fixed rate to a floating rate, the spread on the Fixed/Floating Rate Notes may be less favourable than then-prevailing spreads on comparable Floating Rate Notes tied to the same reference rate. In addition, the new floating rate at any time may be lower than the rates on other Notes. If the Issuer converts from a floating rate to a fixed rate, the fixed rate may be lower than then-prevailing rates on its Notes.

Notes issued at a substantial discount or premium

The market values of securities issued at a substantial discount or premium to their nominal amount tend to fluctuate more in relation to general changes in interest rates than do prices for conventional interest-bearing securities. Generally, the longer the remaining term of the securities, the greater the price volatility as compared to conventional interest-bearing securities with comparable maturities.

If the Issuer does not satisfy its obligations under the Notes, Noteholders' remedies will be limited

Payment of principal of the Notes may be accelerated only in the event of certain events involving the Issuer's bankruptcy, winding-up or dissolution or similar events or otherwise if certain conditions have been satisfied. See "*Terms and Conditions of the Notes — Events of Default*".

Investment in the Notes is subject to risks related to the market generally.

Set out below is a brief description of certain market risks, including liquidity risk, exchange rate risk, interest rate risk and credit risk.

An active secondary market in respect of the Notes may never be established or may be illiquid and this would adversely affect the value at which an investor could sell his Notes.

Notes may have no established trading market when issued, and one may never develop. If a market does develop, it may not be very liquid. Therefore, investors may not be able to sell their Notes easily or at prices that will provide them with a yield comparable to similar investments that have a developed secondary market. This is particularly the case for Notes that are especially sensitive to interest rate, currency or market risks, are designed for specific investment objectives or strategies or have been structured to meet the investment requirements of limited categories of investors. These types of Notes generally would have a more limited secondary market and more price volatility than conventional debt securities.

Exchange rate risks and exchange controls

The Issuer will pay principal and interest (where applicable) on the Notes in the currency specified in the relevant Pricing Supplement (the "**Specified Currency**"). This presents certain risks relating to currency conversions if an investor's financial activities are denominated principally in a currency or currency unit (the "**Investor's Currency**") other than the Specified Currency. These include the risk that exchange rates may significantly change (including changes due to devaluation of the Specified Currency or revaluation of the Investor's Currency) and the risk that authorities with jurisdiction over the Investor's Currency may impose or modify exchange controls. An appreciation in the value of the Investor's Currency relative to the Specified Currency would decrease (i) the Investor's Currency-equivalent yield on the Notes, (ii) the Investor's Currency equivalent value of the principal payable on the Notes, and/or (iii) the Investor's Currency equivalent market value of the Notes.

Government and monetary authorities may impose (as some have done in the past) exchange controls that could adversely affect an applicable exchange rate. As a result, investors may receive less interest and/or principal than expected, or no interest or principal.

Interest rate risks

Investment in the Notes involves the risk that subsequent changes in market interest rates may adversely affect the value of the Notes.

Legal investment considerations may restrict certain investments

The investment activities of certain investors are subject to legal investment laws and regulations, or review or regulation by certain authorities. Each potential investor should consult its legal advisers to determine whether and to what extent (i) the Notes are legal investments for it, (ii) the Notes can be used as collateral for various types of borrowing and (iii) other restrictions apply to its purchase or pledge of any Notes. Investors should consult their legal advisers or the appropriate regulators to determine the appropriate treatment of the Notes under any applicable risk-based capital or similar rules.

Gains on the transfer of the Notes may become subject to income taxes under PRC tax laws

Under the PRC Enterprise Income Tax Law which took effect on 1 January 2008 and was later amended on 24 February 2017 and 29 December 2018, and its implementation rules which took effect on 1 January 2008 and was later amended on 23 April 2019, any gain realised on the transfer of the Notes by non-resident enterprise holders may be subject to enterprise income tax if such gain is regarded as income derived from sources within the PRC. However, there remains uncertainty as to whether the gain realised from the transfer of the Notes would be treated as income derived from sources within the PRC and be subject to PRC tax. This will depend on how the PRC tax authorities interpret, apply or enforce the PRC Enterprise Income Tax Law and its implementation rules. According to the arrangement between the PRC and Hong Kong for the avoidance of double taxation, residents of Hong Kong, including enterprise holders and individual holders, will not be subject to PRC tax on any capital gains derived from a sale or exchange of the Notes.

Therefore, if non-resident enterprise holders are required to pay PRC income tax on gains on the transfer of the Notes (such enterprise income tax is currently levied at the rate of 10 per cent. of the gross proceeds, unless there is an applicable tax treaty between PRC and the jurisdiction in which such non-resident enterprise holders of the Notes reside that reduces or exempts the relevant tax), the value of their investment in the Notes may be materially and adversely affected.

RISKS RELATING TO RENMINBI-DENOMINATED NOTES

Notes denominated in RMB (the "**RMB Notes**") may be issued under the Programme. RMB Notes contain particular risks for potential investors, including:

Renminbi is not freely convertible; there are significant restrictions on remittance of Renminbi into or out of the PRC which may adversely affect the liquidity of RMB Notes

Renminbi is not freely convertible at present. The PRC government continues to regulate conversion between Renminbi and foreign currencies, including the Hong Kong dollar, despite significant reduction over the years by the PRC government of control over trade transactions involving import and export of goods and services as well as other frequent routine foreign exchange transaction. These transactions are known as current account items. Currently, participating banks in various countries, including Singapore, Hong Kong and Taiwan have been permitted to engage in the settlement of RMB trade transactions. However, remittance of Renminbi by foreign investors into the PRC for purposes such as capital

contributions, known as capital account items, is generally only permitted upon obtaining specific approvals from the relevant authorities on a case-by-case basis and subject to a strict monitoring system. Regulations in the PRC on the remittance of Renminbi into the PRC for settlement of capital account items are developing gradually.

On 7 April 2011, SAFE promulgated the "**Circular on Issues Concerning the Capital Account Items in connection with Cross-Border Renminbi**" (the "**SAFE Circular**"), which became effective on 1 May 2011. According to the SAFE Circular, in the event that foreign investors intend to use Renminbi (including offshore Renminbi and onshore Renminbi held in the capital accounts of non-PRC residents) to make contribution to an onshore enterprise or make payment for the transfer of equity interest of an onshore enterprise by a PRC resident, such onshore enterprise shall be required to submit the prior written consent of the relevant Ministry of Commerce ("**MOFCOM**") to the relevant local branch of SAFE of such onshore enterprise and register for a foreign invested enterprise status. Further, the SAFE Circular clarifies that foreign debts borrowed, and foreign guarantee provided, by an onshore entity (including a financial institution) in Renminbi shall, in principle, be regulated under the current PRC foreign debt and foreign guarantee regime.

On 13 October 2011, the PBOC promulgated the "**Administrative Measures on Renminbi Settlement of Foreign Direct Investment**" (外商直接投資人民幣結算業務管理辦法) (the "**PBOC RMB FDI Measures**") as part of the implementation of the PBOC's detailed foreign direct investment ("**FDI**") accounts administration system. The system covers almost all aspects in relation to FDI, including capital injections, payments for the acquisition of PRC domestic enterprises, repatriation of dividends and other distributions, as well as Renminbi denominated cross-border loans. Under the PBOC RMB FDI Measures, special approval for FDI and shareholder loans from the PBOC, which was previously required, is no longer necessary. In some cases however, post-event filing with the PBOC is still necessary. On 14 June 2012, the PBOC further issued the implementing rules for the PBOC RMB FDI Measures, which provides more detailed rules relating to cross-border Renminbi direct investments and settlement. On 5 July 2013, the PBOC promulgated the Circular on Policies related to Simplifying and Improving Cross-border Renminbi Business Procedures (關於簡化跨境人民幣業務流程和完善有關政策的通知) (the "**2013 PBOC Circular**"), which sought to improve the efficiency of the cross-border Renminbi settlement process. For example, where automatic fund remittance occurs, the bank can debit the amount into the relevant account first and subsequently verify the relevant transaction. The PBOC further issued the Circular on the Relevant Issues on Renminbi Settlement of Investment in Onshore Financial Institutions by Foreign Investors (關於境外投資者投資境內金融機構人民幣結算有關事項的通知) on 23 September 2013, which provides further details for using Renminbi to invest in a financial institution domiciled in the PRC.

On 3 December 2013, the MOFCOM promulgated the "**Circular on Issues in relation to Cross-border Renminbi Foreign Direct Investment**" (商務部關於跨境人民幣直接投資有關問題的公告) (the "**MOFCOM Circular**"), which became effective on 1 January 2014, to further facilitate FDI by simplifying and streamlining the applicable regulatory framework. Pursuant to the MOFCOM Circular, written approval from the appropriate office of MOFCOM and/or its local counterparts specifying "**Renminbi Foreign Direct Investment**" and the amount of capital contribution is required for each FDI. Unlike previous MOFCOM regulations on FDI, the MOFCOM Circular has also removed the approval requirement for foreign investors who intend to change the currency of their existing capital contribution from a foreign currency to Renminbi. In addition, the MOFCOM Circular clearly prohibits FDI funds from being used for any investments in securities and financial derivatives (except for investments in PRC listed companies by strategic investors) or for entrustment loans in the PRC.

The reforms which are being introduced and will be introduced in the Shanghai Free Trade Zone (the "**Shanghai FTZ**") aim to upgrade cross-border trade, liberalise foreign exchange control, improve convenient cross-border use of Renminbi and promote the internationalisation of Renminbi. However, given the infancy stage of the Shanghai FTZ, how the reforms will be implemented and whether (and if so when) the reforms will be rolled out throughout China remain uncertain.

To support the development of the Shanghai FTZ, the Shanghai Head Office of the PBOC issued the Circular on Supporting the Expanded Cross-border Utilisation of Renminbi in the Shanghai FTZ (關於支持中國(上海)自由貿易試驗區擴大人民幣跨境使用的通知) (the "**PBOC Shanghai FTZ Circular**") on 20 February 2014, which allows banks in Shanghai to settle FDI based on a foreign investor's instruction. In respect of FDI in industries that are not on the "**negative list**" of the Shanghai FTZ, the MOFCOM approval previously required is replaced by a filing. However, the application of the Shanghai FTZ Circular is limited to the Shanghai FTZ.

On 31 December 2020, Notice on Further Optimizing the Cross-border RMB Policy to Support the Stabilization of Foreign Trade and Foreign Investment (關於進一步優化跨境人民幣政策支持穩外貿穩外資的通知) was promulgated to enhance the role of cross-border RMB business in serving the real economy and facilitating trade and investment.

Although the Renminbi has been added to the Special Drawing Rights basket created by the International Monetary Fund, there is no assurance that the PRC government will continue to liberalise control over cross-border remittances of RMB in the future or that new regulations in the PRC will not be promulgated in the future which have the effect of restricting or eliminating the remittance of Renminbi into or outside the PRC. In the event that funds cannot be repatriated outside the PRC in Renminbi, this may affect the overall availability of Renminbi outside the PRC and the ability of the Issuer to source Renminbi to finance its obligations under RMB Notes.

There is only limited availability of Renminbi outside the PRC, which may affect the liquidity of RMB Notes and the Issuer's ability to source Renminbi outside the PRC to service such RMB Notes

As a result of the restrictions imposed by the PRC government on cross border Renminbi fund flows, the availability of Renminbi outside the PRC is limited. Currently, licensed banks in Singapore and Hong Kong may offer limited Renminbi denominated banking services to Singapore residents, Hong Kong residents and specified business customers. The PBOC has also established Renminbi clearing and settlement mechanism for participating banks in various countries, through settlement agreements on the clearing of Renminbi business with financial institutions in a number of financial centres and cities (each, a "**Renminbi Clearing Bank**") and these Renminbi Clearing Banks have been permitted to engage in the settlement of Renminbi trade transactions.

However, the current size of Renminbi denominated financial assets outside the PRC is limited. Renminbi business participating banks do not have direct Renminbi liquidity support from the PBOC. The relevant RMB Clearing Bank only has access to onshore liquidity support from the PBOC for the purpose of squaring open positions of participating banks for limited types of transactions, including open positions resulting from conversion services for corporations relating to cross border trade settlement. The relevant RMB Clearing Bank is not obliged to square for participating banks any open positions as a result of other foreign exchange transactions or conversion services and the participating banks will need to source Renminbi from outside the PRC to square such open positions.

The offshore Renminbi market is subject to many constraints as a result of PRC laws and regulations on foreign exchange. There is no assurance that new PRC regulations will not be promulgated or the settlement agreements will not be terminated or amended in the future which will have the effect of restricting availability of Renminbi outside the PRC. The limited availability of Renminbi outside the PRC may affect the liquidity of the Renminbi Notes. To the extent the Issuer is required to source Renminbi outside the PRC to service the Renminbi Notes, there is no assurance that the Issuer will be able to source such Renminbi on satisfactory terms, if at all.

Investment in RMB Notes is subject to exchange rate risks

The value of Renminbi against the U.S. dollar and other foreign currencies fluctuates from time to time and is affected by changes in the PRC and international political and economic conditions and by many other factors. In August 2015, the PBOC implemented changes to the way it calculates the midpoint against the U.S. Dollar to take into account market-maker quotes before announcing the daily midpoint. This change, among others that may be implemented, may increase the volatility in the value of the Renminbi against other currencies. All payments of interest and principal with respect to RMB Notes will be made in Renminbi unless otherwise specified. As a result, the value of these Renminbi payments in U.S. dollar terms may vary with the prevailing exchange rates in the marketplace. If the value of Renminbi depreciates against the U.S. dollar or other foreign currencies, the value of investment in U.S. dollar or other applicable foreign currency terms will decline.

An investment in RMB Notes is subject to interest rate risks

The PRC government has gradually liberalised the regulation of interest rates in recent years. Further liberalisation may increase interest rate volatility. The RMB Notes may carry a fixed interest rate. Consequently, the trading price of such RMB Notes will vary with fluctuations in interest rates. If a holder of RMB Notes tries to sell any RMB Notes before their maturity, they may receive an offer that is less than the amount invested.

Payments in respect of RMB Notes will only be made to investors in the manner specified in the terms and conditions of the relevant Notes

Investors may be required to provide certifications and other information (including Renminbi account information) in order to be allowed to receive payments in Renminbi in accordance with the Renminbi clearing and settlement system for participating banks in Hong Kong. All Renminbi payments to investors in respect of the Renminbi Notes will be made solely (i) for so long as the Renminbi Notes are represented by global certificates held with the common depositary for Euroclear and Clearstream or any alternative clearing system, by transfer to a Renminbi bank account maintained in Hong Kong in accordance with prevailing Euroclear and/or Clearstream rules and procedures, or (ii) for so long as the Renminbi Notes are in definitive form, by transfer to a Renminbi bank account maintained in Hong Kong in accordance with prevailing rules and regulations. Other than described in the Terms and Conditions of the Notes, the Issuer cannot be required to make payment by any other means (including in any other currency or in bank notes, by cheque or draft or by transfer to a bank account in the PRC).

CAPITALISATION

The following table sets forth the Bank's capitalisation and indebtedness as at 31 December 2025. For additional information, see the Bank's financial statements and notes thereto incorporated by reference into this Offering Circular.

This table should be read in conjunction with the audited consolidated financial statements as at and for the year ended 31 December 2025 of the Bank and related notes thereto, which are included elsewhere in this Offering Circular.

	As at 31 December 2025
	(audited) (RMB in millions)
Total liabilities[(1)]	41,945,741
Equity	
Share capital	261,600
Other equity instruments	
– Preference shares	59,977
– Perpetual bonds	140,000
Capital reserve	229,113
Other comprehensive income	20,566
Surplus reserve	434,687
General reserve	587,051
Retained earnings	1,930,417
Total equity attributable to equity shareholders of the Bank	3,663,411
Non-controlling interests	22,666
Total equity	3,686,077
Total capitalisation[(2)]	45,631,818

Notes:

(1) Total liabilities include borrowings from central banks, deposits from banks and non-bank financial institutions, placements from banks and non-bank financial institutions, financial liabilities measured at fair value through profit or loss, negative fair value of derivatives, financial assets sold under repurchase agreements, deposits from customers, accrued staff costs, taxes payable, provisions, debt securities issued, deferred tax liabilities and other liabilities.

(2) Total capitalisation equals the sum of total liabilities and total equity.

Save as disclosed in this Offering Circular, there has not been any material adverse change in the Bank's capitalisation and indebtedness since 31 December 2025.

DESCRIPTION OF THE HONG KONG BRANCH

BUSINESS ACTIVITIES

The Hong Kong Branch was established in 1995. It was the first and one of the largest overseas branches of the Bank outside Chinese Mainland. Today the Hong Kong Branch, specialising in wholesale banking business, offers a wide range of products in syndication and structured finance, offshore RMB business, international payments and settlements, trade finance, treasury business, structured deposit, financial advisory services and certain other banking service. As at 31 December 2025, its amount of gross loans and advances to customers was HK$116,904 million. As at the same date, its amount of total deposits from customers was HK$137,419 million, and its amount of total assets was HK$345,543 million. For the year ended 31 December 2025, it generated HK$2,083 million of net interest income and HK$137 million of net fee and commission income.

The Hong Kong Branch offers a wide range of corporate and commercial banking products and services in Hong Kong. The Hong Kong Branch provides services including conventional transactional, foreign exchange, loans, investments and RMB services, while corporate and commercial banking includes a wide variety of products and services in trade financing, working capital and trade lending, foreign exchange and investment banking.

The Hong Kong Branch receives extensive support from the Bank in terms of funding, settlement, information technology (IT) and client resources. The wide-ranging collaboration between the Hong Kong Branch and the Bank enables the Hong Kong Branch to better serve its customers, maximise cross selling efforts, expand its product range and capture the emerging business opportunities in Hong Kong and the PRC.

The Hong Kong Branch does not have any employees. The personnel team of China Construction Bank (Asia) Corporation Limited ("**CCBA**") currently performs functions and provides services and support to both the Hong Kong Branch and CCBA. CCBA receives fees from the Hong Kong Branch in exchange for such services and support, determined on an arm's length basis.

HONG KONG BANKING INDUSTRY REGULATORY REGIME

The banking industry in Hong Kong is regulated under the provisions of the Banking Ordinance (Cap. 155) of Hong Kong (the "**Banking Ordinance**") and subject to the powers and functions ascribed by the Banking Ordinance to the HKMA. The Banking Ordinance provides that only banks which have been granted a banking license ("**license**") by the HKMA may carry on banking business (as defined in the Banking Ordinance) in Hong Kong and contains controls and restrictions on such banks ("**licensed banks**").

The provisions of the Banking Ordinance are implemented by the HKMA, the principal function of which is to promote the general stability and effectiveness of the banking system, especially in the area of supervising compliance with the provisions of the Banking Ordinance. The HKMA supervises licensed banks through, inter alia, a regular information gathering process, the main features of which are as follows:

- each licensed bank must submit a monthly return to the HKMA setting out the assets and liabilities of its principal place of business in Hong Kong and all local branches and a further comprehensive quarterly return relating to its principal place of business in Hong Kong and all local branches, unless the HKMA permits returns to be made at less frequent intervals;

- the HKMA may order a licensed bank, any of its subsidiaries, its holding company or any subsidiaries of its holding company to provide such further information (either specifically or periodically) as it may reasonably require for the exercise of its functions under the Banking Ordinance or as it may consider necessary in the interests of the depositors or potential depositors of the licensed bank concerned. Such information shall be submitted within such period and in such manner as the HKMA may require. The HKMA may also require a report by a licensed bank's auditors (approved by the HKMA for the purpose of preparing the report) confirming whether or not such information or return is correctly compiled in all material respects;

- licensed banks may be required to provide information to the HKMA regarding companies in which they have an aggregate of 20 per cent. or more direct or indirect shareholding or with which they have common directors or managers (as defined in the Banking Ordinance), the same controller (as defined in the Banking Ordinance), with common features in their names or a concert party arrangement to promote the licensed bank's business;

- licensed banks are obliged to report to the HKMA immediately of their likelihood of becoming unable to meet their obligations;

- the HKMA may direct a licensed bank to appoint an auditor to report to the HKMA on the state of affairs and/or profit and loss of the licensed bank or the adequacy of the systems of control of the licensed bank or other matters as the HKMA may reasonably require; and

- the HKMA may, at any time, with or without prior notice, examine the books, accounts and transactions of any licensed bank, and in the case of a licensed bank incorporated in Hong Kong, any local branch, overseas branch, overseas representative office or subsidiary, whether local or overseas, of such licensed bank. Such inspections are carried out by the HKMA on a regular basis.

In addition, the Hong Kong Branch is also subject to The Financial Institutions (Resolution) Ordinance (Cap 628) of Hong Kong. Please refer to the risk factor "*Risk Factors — Risks Relating to the Notes — The Financial Institutions (Resolution) Ordinance may adversely affect the Notes*" for further information.

DESCRIPTION OF THE BANK

OVERVIEW

The Bank is a leading commercial bank in China providing a comprehensive range of banking products and financial services. The Bank was incorporated as a joint stock company in the PRC on 17 September 2004 and its Unified Social Credit Code is 911100001000044477. The registered address of the Bank is No. 25, Finance Street, Xicheng District, Beijing 100033, China and its telephone number is +86 10 6621 5533. As at 31 December 2025, the Bank had 261,600,381,459 ordinary shares outstanding. Headquartered in Beijing, the Bank provides convenient and quality banking services to its customers through an extensive network comprised of nationwide branches, self-service facilities and an electronic banking service platform.

The Bank operates principally in Chinese Mainland with branches in all provinces, autonomous regions and municipalities directly under the central government, and several subsidiaries located in Chinese Mainland. The Bank's principal business activities include corporate finance business, personal finance business, treasury and asset management business and others. Within the Bank's corporate finance business, the Bank offers a broad range of products and services to corporations, government agencies and financial institutions, including corporate loans, trade financing, deposit taking, wealth management services, agency services, financial consulting and advisory services, cash management services, remittance and settlement services, guarantee services and investment banking services.

The Bank provides a broad range of personal finance products and services under well recognised brands, including personal loans, deposit taking and wealth management services, card business, remittance services and agency services. The Bank's treasury operations include inter-bank deposit and placement transactions, repurchase and resale transactions, and investments in debt securities. It also trades in derivatives and foreign currencies for its own account. The treasury carries out customer-driven derivatives, foreign currency and precious metal trading and custody services. The Bank's treasury operations also include the management of the Group's overall liquidity position, including the issuance of debt securities.

Leveraging its vast resources and geographic advantages in the Chinese domestic market, the Bank is committed to providing a world-wide banking and financial services platform to service the overseas banking needs of its domestic corporate and personal finance customers and the domestic banking needs of its overseas corporate and personal finance customers seeking to trade with or invest in China. The Group adheres to a positive and steady international operation and overseas development strategy, leading to a steady expansion of its overseas network. As at 31 December 2025, the Group had a total of 14,614 operating entities. The Bank had a total of 14,079 operating entities consisting of 14,045 domestic entities including the Head Office, two branch-level specialised entities, 37 tier-one branches, 363 tier-two branches, 13,631 sub-branches, 11 outlets under the sub-branches and 34 overseas entities. As at 31 December 2025, the Bank had 23 major subsidiaries with a total of 535 entities, including 409 domestic ones and 126 overseas ones. The Group has bank branch operations in Hong Kong, Macau, Taiwan, Singapore, Frankfurt, Johannesburg, Tokyo, Seoul, New York, Sydney, Ho Chi Minh City, Luxembourg, Toronto, London, Zurich, Dubai, Chile, Astana, Labuan, Auckland, etc., and certain subsidiaries operating in Hong Kong, Moscow, Luxembourg, British Virgin Islands, Auckland, Jakarta, San Paulo and Kuala Lumpur, etc., and maintained wholly-owned operating subsidiaries including CCB Asia, CCB Russia, CCB Europe, CCB New Zealand and CCB Malaysia and held 60 per cent. of the total share capital of CCB Indonesia.

As at 31 December 2025, the Group's total assets, total liabilities, and total equity were RMB45,631,818 million (including net loans and advances to customers of RMB26,926,790 million), RMB41,945,741 million (including deposits from customers of RMB30,835,574 million) and RMB3,686,077 million, respectively. For the year ended 31 December 2025, the Group's net interest income was RMB572,774

million, representing a decrease of 2.90 per cent. over the same period in 2024, and the profit before tax was RMB380,623 million, representing a decrease of 0.98 per cent. over the same period in 2024.

The NPL ratio of the Group as at 31 December 2025 was 1.31 per cent., representing a decrease of 0.03 per cent. as compared to the corresponding ratio as at 31 December 2024. As at 31 December 2025, the NPL ratio for domestic corporate loans and advances was 1.53 per cent., a decrease of 0.12 per cent. from 31 December 2024, and the NPL ratio for personal loans and advances was 1.19 per cent., an increase of 0.21 per cent. from 31 December 2024. As at 31 December 2025, the NPL ratio for overseas operations and subsidiaries was 1.76 per cent., representing a decrease of 0.44 per cent. from 31 December 2024. The NPL ratio for credit card loans as at 31 December 2025 was 2.36 per cent., representing an increase of 0.14 per cent. from 31 December 2024.

The Group adheres to a robust and prudent capital management strategy and attaches importance to both internal capital accumulation and external capital replenishment. The Group deeply promotes intensive capital transformation by continuing to strengthen capital constraint and incentives to enhance the efficiency of capital use, retains adequate capital and sound structure, and provides a solid foundation for serving the high-quality development of the real economy and implementing the strategies of the Bank. In 2025, the Group continued to deepen the transformation towards more intensive use of capital and refined management, and advanced the high-quality implementation of the new capital rules. As at 31 December 2025, the Group's total capital ratio, Tier 1 ratio and Common Equity Tier 1 ratio, which were calculated in accordance with the New NFRA Capital Regulations, were 19.69 per cent., 15.47 per cent. and 14.63 per cent., respectively, all in compliance with the regulatory requirements[14].

The Group maintained a stable market position and its core indicators and market capitalisation continued to be in the leading position among its peers. The Group continues to enhance high-quality financial services for major national strategies, key areas and weak links, makes significant efforts in the "Five Priorities" in finance, i.e., technology finance, green finance, inclusive finance, pension finance and digital finance, proactively supports the development of new quality productive forces, effectively serves the expansion of domestic demand, and assists in high-standard opening up and coordinated regional development. The Group continuously enhances its "Three Capabilities" in serving national construction, preventing financial risks, and participating in international competition, and unswervingly promotes intensive high-quality development. The Group continues to press ahead with intensive high-quality development, with the vision of building a world class banking group with top value creation capability.

In 2023, 2024 and 2025, the Group received numerous awards from various domestic and international institutions including the "Best Mega-Retail Bank in China 2025" and "Best SME Bank in China 2025" from Singapore magazine The Asian Banker, the "CCB 'Shanjian Technology' Sci-tech Finance Service System selected in Golden Dragon-Financial Service Force Cases 2025" from Finance News, the "Best Bank in China 2025", "Best Sub-Custodian Bank in China 2025" and "Best Investment Bank in China 2025" from US magazine Global Finance, the "Outstanding Responsible Enterprise of the Year" for the 17th China CSR Annual Forum" from Southern Weekly, the "Second in Top 1000 World Banks Ranking 2025" from UK magazine The Banker, the "7th in Forbes Global 2000 of 2025" from US magazine Forbes, the "31st in Global 500 of 2025" from US magazine Fortune, the "Sustaining AAA ESG rating" from MSCI, the "Digital Inclusive Finance Cases Selected into China Inclusive Finance High-Quality Development Report (2025)" from People's Daily, and the "Outstanding Technology Finance Bank 2025", "Best Sustainable Finance Bank 2025" and "Best Wealth Management Bank 2025" from Sina Finance. In addition, the Group has won numerous awards from major domestic and foreign media

---

[14] The Group calculates relevant data and indicators in accordance with relevant rules in the New NFRA Capital Regulations from 1 January 2024, while data as of 31 December 2023 are still calculated in accordance with relevant rules in the NFRA Capital Regulations. Please refer to note 62(8) of the Group 2024 Annual Financial Statements for details of composition of capital.

organisations for its achievements in fields including corporate governance, corporate social responsibility, risk management, corporate credit, retail business, investment custodial business, underwriting of debt securities, credit card business, housing finance and information technology.

OVERVIEW OF CHINA'S BANKING INDUSTRY

In 2025, the global economy demonstrated a certain degree of resilience, with geopolitical tensions and trade barriers bringing about numerous uncertainties to economic growth. Major economies and global financial markets reported divergent performance, with most major developed economies remaining in an interest rate-cutting cycle. China's economy forged ahead despite pressures and achieved innovative and quality development, showing strong resilience and vitality, and maintained overall stability with gradual progress. China successfully achieved its main targets for economic and social development, marking the successful conclusion of the 14th Five-Year Plan. In 2025, China's GDP exceeded RMB140 trillion, an increase of 5.0 per cent. over 2024 at constant prices. China steadily advanced the modernisation of industrial systems, made new strides in reform and opening-up, scored positive achievements in mitigating risks in key areas, and more effectively safeguarded people's livelihoods. Financial markets operated steadily, and confidence in the capital market was effectively bolstered. Meanwhile, challenges such as the deepening impact of changes in the international environment and the pronounced imbalance between strong domestic supply and weak demand persisted. China implemented more proactive and effective macroeconomic policies, providing strong and targeted support for a steady improvement in the national economy. The fiscal policies were more proactive, with a deficit-to-GDP ratio of approximately 4 per cent. for the year. It issued ultra-long-term special government bonds totalling RMB1.3 trillion, to constantly support the "implementation of major national strategies and enhancement of security capacity in key areas" ("**Two Key Tasks**") as well as "the new round of large-scale equipment renewal and trade-ins of consumer goods" ("**Two Renewals**"). Monetary policies remained moderately accommodative to strengthen counter-cyclical adjustments. Credit supply maintained reasonable growth, and the cost of social financing continued to decline. Regulators further improved relevant policies, coordinating efforts to prevent risks, strengthen supervision, and promote high-quality development. Specifically, regulators took robust and systematic measures to prevent and mitigate risks in key areas, with significant progress made in the reform and risk resolution of small and medium-sized financial institutions. They adopted comprehensive measures to guide industry reform and transformation, vigorously driving the banking industry towards higher quality and efficiency. They also established a framework of rules and policies for the high-quality development of the "Five Priorities" in finance, and the relevant policies and statistical rules have been implemented. In 2025, the banking industry witnessed a steady growth in size and profits, overall stable asset quality, and rising quality and efficiency in serving the real economy.

The Group stayed committed to prudent operations and innovation driven development, focused on serving the real economy, and continued to enhance internal control over risks to deliver solid results. In 2025, the Group achieved relatively fast growth in assets and liabilities, enhanced the quality and efficiency in serving the real economy, saw robust and solid operating performance, and reported balanced and coordinated key indicators.

THE BANK'S COMPETITIVE STRENGTHS

The Bank believes its strengths, as set out below, provide a stable and effective platform through which it will be able to maintain its competitive advantage in China's banking industry:

Large Customer Base and Established Relationships

The Bank has a quality corporate customer base and large personal finance customer base. The Group continued to optimise its customer structure. As at 31 December 2025, the number of personal customers reached 785 million and the number of corporate customers reached 12.73 million.

Extensive Distribution Network and a Diversified Service Channel

The Bank has an extensive distribution network. Through its branches, customer self-service equipment, specialised service entities across the country and an electronic banking service platform, the Bank provides customers with convenient and high-quality banking services. As at 31 December 2025, the Group had a total of 14,614 operating entities. The Bank had a total of 14,079 operating entities consisting of 14,045 domestic entities including the head office, two branch-level specialised entities, 37 tier-one branches, 363 tier-two branches, 13,631 sub-branches, 11 outlets under the sub-branches and 34 overseas entities. As at 31 December 2025, the Bank had 23 major subsidiaries (including 17 integrated operation subsidiaries and six overseas banking subsidiaries) with a total of 535 entities, including 409 domestic ones and 126 overseas ones. As at 31 December 2025, the Bank had nearly 14,000 outlets that were able to provide inclusive finance services, with more than 24,000 inclusive finance specialists, as well as over 2,900 featured inclusive finance outlets in operation. The Bank also continued to streamline its self-service network, which comprised ATMs and self-service banks, including off-premise self-service banks. As at the same date, the Bank also had smart teller machines, supporting both retail and corporate banking services. The Bank's extensive distribution network and diversified service channels provide it with the competitive measures and resources for sustainable development.

Leading Positions in Key Products and Services, Pioneering New Product and Service Development and Implementing FinTech Strategy

To be in line with the Bank's objective of establishing an "innovative bank", the Bank continuously improves its product innovation capability, vigorously supporting transformation and development. In 2018, the Bank organised the "Inaugural Innovation Marathon" and increased efforts in innovation to further deepen the "Three Major Strategies" of house rental, inclusive finance and FinTech, while exploring the options for building a long-term CCB-specific innovation and incubation mechanism. Through the "Benevolence Religious Affairs" comprehensive service platform, the Bank provides one-stop comprehensive services in relation to religious affairs. "Jianrongzhihe", an AI-assisted comprehensive service platform for business matchmaking among enterprises, has created a new model for business development. The blockchain trade finance platform has enabled the online end-to-end processing of domestic letters of credit, forfeiting, international factoring and logistics finance. The end-to-end support system for the underwriting and distribution of bonds enables the Bank to further strengthen its enterprise-level management and systemic end-to-end management and control of bond underwriting and distribution business. The Bank launched the "Cloud Tax Loan" to connect with the tax data systems of the State Taxation Administration and provincial tax authorities, enabling the Bank to more accurately match its products and services with the demands of small and micro enterprises and entrepreneurs and more accurately manage their risks. The "Long Fortune" personal wealth management platform created a new retail model by integrating financial and technological resources. Family offices have been created as part of its private banking business to provide comprehensive services for customers with assets of over RMB500 million, including family wealth management and inheritance, family governance, family business management on a going concern basis and social charity. A young customer service system had been put in place to attract young customers.

The Bank focused on creating an environment of innovation for all employees and continued to actively promote the "Inaugural Innovation Marathon", the building of a crowd-creation platform and the construction of a product pedigree to optimise the management mechanism and strengthen management foundation. In 2025, the Group strengthened the development of its core FinTech capabilities, utilised AI to build an efficient, intelligent, and secure FinTech system, optimised R&D management, and enhanced the quality and efficiency of technology supply, thereby ensuring the secure and stable operation of the Group's networks and information systems. It made efforts to construct a system for data intelligence application, diversifying data use scenarios and solidifying the supportive role of data. It refined the layout for channel development, expanded processing scenarios for centralised operations, and pressed ahead with process optimisation with a customer-centred focus. The Group sped up its construction of

"binary stars" platforms to drive business growth with traffic. It developed innovative cross-border scenarios, seeing rapid growth in e-CNY business. It also deeply integrated sci-tech innovation into the entire chain and all domains of business development, building a new landscape for digital transformation to constantly empower business operations.

The Bank deepened its integrated commercial and investment banking model, leveraging a comprehensive suite of investment banking products including equity, bonds, loans and advisory services to enhance the quality and efficiency of serving the real economy. In 2025, the Bank's bond underwriting for non-financial enterprises recorded significant growth, serving a substantially expanded customer base. The Bank's M&A loans grew steadily and rapidly, attaining a leading position in the market. The Bank actively advanced the financial asset investment company ("**AIC**") equity investment pilot programmes, establishing 28 AIC equity investment pilot funds by the end of 2025. The Bank continued to strengthen its technology finance capabilities, with loans to sci-tech enterprises recording strong growth over 2024. The Bank deepened its inclusive finance services, with inclusive loans granted to small and micro businesses recording steady growth over 2024, and the number of loan borrowers continuing to increase. The Bank actively advanced its wealth management strategy, with its investment and wealth management size recording a rise in market share. The Bank's number of securities customers for the third-party security custody services of trading settlement funds exceeded 100 million, with the amount of funds under custody maintaining a leading position among peers. In 2025, the Bank's total transaction volume of non-cash corporate payment and settlement services recorded notable growth over 2024. As at 31 December 2025, the Bank's remote intelligent banking centre served a substantial volume of customer inquiries across all channels, with the satisfaction rate of customer service hotline reaching 99.95 per cent.

As part of the "Three Major Strategies", the Bank has been actively exploring the comprehensive house rental financial solutions, to implement the positioning of "Houses are for living in, not for speculation" and help people realise their dreams of having a home. In 2018, the Bank launched the house leasing cloud platform to increase the supply of long-term housing units from governments and enterprises, becoming China's largest transparent house leasing service platform. The Bank built "Jianrong Jiayuan" community for long-term house leasing. The Bank has also established CCB Housing Services, the first housing service company in the banking industry, to facilitate the building of house leasing market, and is the first to launch house leasing price indices. The Bank is committed to building a smart ecosystem to create greater social empowerment. Anchoring on its house leasing service platform, the Bank has established platforms for smart community services, senior care, and public education, and connected these platforms to empower the public and deliver combining financial and non-financial services. In 2022, the Bank established CCB Housing Rental Fund (Limited Partnership) ("**CCB Housing Rental Fund**") to explore a new pattern of real estate development that encourages both housing rentals and purchases through acquiring existing assets such as residential buildings owned by real estate enterprises, commercial properties and low-cost rental land projects and transforming such assets into rental housing. CCB Housing Rental Private Fund Management Co., Ltd. ("**CCB Housing Rental**") is the general partner of CCB Housing Rental Fund and serves as both the fund manager and managing partner. CCB Housing Rental assisted in exploring the new pattern of real estate development that encouraged both housing rentals and purchases via innovation of financial instruments. As at 31 December 2025, assets managed by CCB Housing Rental reached RMB13,133 million, total assets of CCB Housing Rental amounted to RMB161 million, and shareholders' equity was RMB123 million. Net profit in 2025 was RMB5 million.

Since 2018, the Bank took the lead in making inclusive finance a bank-wide strategy, made comprehensive arrangements, and formulated a three-year plan for the inclusive finance strategy. It leveraged FinTech to build inclusive finance with "CCB features" while adhering to the innovation-driven development strategy. For example, the Bank released "CCB — Xinhua Inclusive Finance — Small and Micro Enterprise Index", the first inclusive financial index and evaluation index in the banking industry that has gained national influence. In addition, the Bank launched the "CCB Huidongni" app as a one-stop service platform for small and micro enterprises. It used internal and

external data to accurately align its products and services with the customer needs, formed a new type of bank-enterprise communication mode to realise the bilateral interaction between the Bank and its customers, and enhanced customers' sense of gaining in comprehensive service experience. As at 31 December 2025, the "CCB Huidongni" app has attracted 532 million visits and been downloaded more than 47.33 million times. It had 26.6 million registered individual users and 15.74 million certified enterprise users.

Further, in 2018, the Bank issued its FinTech strategic plan, aiming at promoting the reform of FinTech innovation system, implementing FinTech to improve the management of operation security, so as to boost business innovation and development. The Bank promoted the implementation of FinTech strategy, constructed a dual-driven FinTech foundation of technology and data, and created a FinTech business system that promoted the combination of smart finance and smart ecosystem. The Bank also established CCB FinTech Co., Ltd. ("**CCB FinTech**") as the Bank enhanced efforts in making FinTech a driving force. The Bank strengthened the establishment of platforms and application of business scenarios for new technologies, such as AI, big data and blockchain, built a collaborative integrated R&D platform and an enterprise-level R&D ecosystem, and promoted the transformation of FinTech R&D model. Since the roll-out of the FinTech strategy in 2018, the Bank has upheld the principle of scitech self-reliance and self-improvement, continuously explored market-oriented reform, and became the first large state-owned commercial bank to establish a FinTech company, i.e., CCB FinTech, which took serving the Group as its main responsibility and primary business, engaged in software R&D of the Group, and was responsible for the R&D quality and efficiency. It accelerated the digital and intelligent transformation of the Group by advancing the scaling up of AI applications. As at 31 December 2025, total assets of CCB FinTech were RMB7,109 million, and shareholders' equity was RMB1,431 million. Net profit in 2025 was RMB13 million.

Over the years, the Bank continued to increase investment in FinTech innovation and has further unleashed FinTech efficiency, with coordinated efforts in R&D, infrastructure construction and system operation and maintenance.

The Group continued to advance the construction of digital infrastructure. It improved the framework of "Multi-Zone, Multi-Region, Multi-Technology Stack and Multi-Chip" architecture, continued to build the high-performance computing service platform, and transformed the "CCB Cloud" computing power system to general and intelligent multilevel. At the end of 2025, the total computing power of "CCB Cloud" reached 568.36 PFlops (FP32), an increase of 12.10 per cent. over 2024, with new computing power like Graphics Processing Units (GPUs) accounting for over 25.63 per cent. Among large state-owned commercial banks, the Group pioneered in completing the comprehensive architectural transformation of its core banking system. The Group systematically enhanced its professional capabilities in big data, achieving an average daily data processing volume of 111.68 billion records, with a peak exceeding 140 billion records per day. The Group established an enterprise-level AI technology framework, further applied AI to key areas such as wealth management, inclusive finance and risk management, with large AI model technology scaled to empower 398 scenarios across the Group.

As at 31 December 2025, the Group's FinTech investments were RMB26,722 million, accounting for 3.61 per cent. of operating income. The Group had been granted a total of 4,847 FinTech patents, an increase of 1,297 over 2024, including 3,561 invention patents.

Advanced Financial Management Capabilities and Financial Controls

The Bank is one of the first domestic banks to establish a resource allocation and performance evaluation assessment system on the basis of an economic value-added approach. The Bank has further centralised its financial management and promoted an overall cost control system, while increasing the Bank's research efforts on strategic cost management. In addition, the Bank followed the successful experience of leading global banks and developed an internal fund transfer pricing ("**FTP**") system, an enterprise resource planning ("**ERP**") system and a management accounting system.

The Bank believes that its advanced financial management capabilities and sound financial controls have allowed the Bank to implement development strategies effectively, optimise resource allocation and improve overall operating efficiency.

Effective Strategic Co-operation

The Bank's strategic investor, Temasek Holdings (Private) Limited, has shared its experience with the Bank in relation to SMEs' business operation, human resource management, money market trading and other areas. The Bank has cooperated with Bank of America Corporation, in a number of areas including personal finance business, risk management, corporate governance, information technology and human resources.

Environmental Protection and Green Finance

The Bank actively promoted green development initiatives. Firstly, the Bank proactively participated in cooperation on green finance. The Bank has led the Special Committee for Green Credit of China Banking Association since 2018, helping the domestic banking industry to promote the development of green credit business. It was among the first to join the "Green Investment Principles for the Belt and Road Initiative". Secondly, the Bank strove to promote the development of green finance, and made active contributions to reducing greenhouse gas emissions. The Bank increased its green credit, continued to promote business development in its traditional areas of strength including green transportation and green energy, and actively expanded new green areas. It proactively expanded its energy efficiency credit business, and sped up the promotion of green credit products such as "energy conservation loan", "carbon finance", "construction loans for sponge cities" and "construction loans for comprehensive utility tunnels".

The Group proactively implemented the Strategic Plan for Green Finance Development (2022-2025), advanced the carbon peaking and carbon neutrality action plan, and integrated the concept of green and sustainable development into operation management and strategic decision-making, so as to create a diversified service system covering various types of businesses such as green loans, green bonds, green funds and green leasing.

The Group is committed to promoting the development of green finance to a new level. As at 31 December 2025, the Bank's green loans amounted to RMB6.00 trillion, an increase of RMB1,022,762 million or 20.54 per cent. over the beginning of the year. Adhering to the investment philosophy of "Responsibility + Value", the Bank continued to consolidate the responsible investment system of its proprietary bond investment portfolio, and channelled more resources into key areas that contribute to green and sustainable development of the real economy and high-quality issuers with better ESG performance. By the end of 2025, the Bank's bond investment portfolio had invested more than RMB270 billion in green sectors, and the average external ESG rating of issuers within the portfolio had consistently exceeded market average.

The Bank focused on investment and financing needs of green and low-carbon transformation, and innovated diversified green financing channels. In 2025, the Bank issued green finance bonds of RMB60 billion in the domestic market, and offshore Renminbi green bonds of US$1.5 billion and RMB2 billion in the overseas market. It participated in underwriting 164 batches of green and sustainability bonds issued onshore and offshore, with a total issuance volume equivalent to RMB499,722 million, an increase of 168.11 per cent. over the same period last year.

The Bank actively promoted the development of green investment and financing business of its subsidiaries. The balance of green leasing assets of CCB Financial Leasing Co., Ltd. ("**CCB Financial Leasing**") was RMB47,167 million, accounting for 66.34 per cent. of its general leasing business, an increase of nearly 6.8 percentage points over the beginning of the year. CCB Financial Leasing also

issued a 3-year floating-rate senior unsecured green bond of USD800 million in 2025. CCB Financial Asset Investment Co., Ltd. ("**CCB Investment**") had implemented green investment projects of RMB43.5 billion on cumulative basis, covering key areas of green industries such as wind power, photovoltaic, hydropower, environmental protection, nuclear power and new energy vehicles. CCB Principal Asset Management Co., Ltd. ("**CCB Principal Asset Management**") had made equity investment of RMB28,576 million on a cumulative basis in sectors including clean energy, energy conservation and environmental protection, clean production, infrastructure green upgrading, ecological environment, and green services.

Experienced Management Team, Vocational Education Model and Professional Talent Cultivation

The Bank's Chairman, Mr. Zhang Jinliang, and other senior management team members, have extensive management experience in the banking and financial sector in China. Under their leadership, the Group achieved steady growth in operating performance with stable and balanced core indicator. For the years ended 31 December 2023, 2024 and 2025, the Group's return on average assets[15] were 0.91 per cent., 0.85 per cent. and 0.79 per cent., respectively. For the years ended 31 December 2023, 2024 and 2025, the Group's return on average equity were 11.56 per cent., 10.69 per cent. and 10.04 per cent. respectively.

To enhance financial innovation in vocational education model, the Bank established the CCB Learning Centre (International Institution), an integrated education and training institution that combines industry, academia and research. The centre is committed to building a first-class professional talent training base, a first-class professional research high-end think tank and a first-class integration platform for industry and education incubation. With the help of technological advancements, the CCB Learning Centre (International Institution) integrates the training centres or training venues of all levels of the Bank, the network training platform of the head office and branches, domestic and foreign cooperative schools, teachers, teaching materials, courses, lectures and training research results into an organic ecosystem, creating a lifelong learning ecosystem of interconnectivity, mutual use and sharing for employees. As the decision-making "brain" of the management, the CCB Learning Centre (International Institution) continuously focuses on the major issues affecting macroeconomic, management, the "three strategies", New Finance and other fields, providing theoretical support and practical solutions for the major strategies of the Bank, contributing the wisdom of CCB to the social pain points, and demonstrating the original mission and political responsibility of a state-owned bank. In 2021, CCB was selected as a "national integration of industry and education enterprise", and the CCB Learning Centre (International Institution) was honoured with the first place in the 2021 China enterprise benchmark learning platform and the China demonstrative enterprise university.

To cultivate leadership skills, the Bank established a cultivation system and formed a three-level leadership advancement training system for "outlet managers — sub-branch managers — tier-two branch managers". This system focuses on the work reality and training needs of outlet managers, sub-branch managers, and tier-two branch managers. It has developed adjustable and modular learning products, enabling branches to tailor learning programmes based on their specific needs. The Bank integrated high-quality internal and external training resources and continuously upgraded its online learning platforms to expand the coverage and accessibility of premium training resources at the grassroots level, fostering a culture of lifelong learning and proactive learning among employees.

In 2025, the Group organised 32,260 on-site training sessions with a total enrolment of 1.39 million participants and 16.95 million hours of training. A total of 375,000 people took part in online training (including learning through online platforms) for 63.99 million hours. The proportion of those who participated in on-site and online training sessions reached 99.1 per cent. of all staff members.

CORPORATE FINANCE

Overview

For the years ended 31 December 2023, 2024 and 2025, the Group's corporate finance operations represented 19.27 per cent., 26.31 per cent. and 22.19 per cent. respectively, of its profit before tax. The Bank offers a broad range of corporate finance products and services for corporations, government agencies and financial institutions. As at 31 December 2025, the Group had RMB15,690,859 million of domestic corporate loans and advances, representing 56.50 per cent. of the Group's gross loans and advances to customers, RMB2,092,713 million of domestic discounted bills outstanding, representing 7.53 per cent. of the Group's gross loans and advances to customers, and RMB11,803,642 million of domestic corporate deposits, representing 38.28 per cent. of the Group's total deposits from customers.

Key Products and Services

Corporate loans products

Corporate loans have historically been the largest component of the Group's loan portfolio. As at 31 December 2025, the Group's domestic corporate loans and advances amounted to RMB15,690,859 million, representing an increase of 8.70 per cent. compared to 31 December 2024. The Group's corporate loan products mainly comprise medium to long-term loans and short-term loans. As at 31 December 2025, the Group's domestic medium to long-term loans and short-term loans amounted to RMB11,455,209 million and RMB4,235,650 million, representing 41.25 per cent. and 15.25 per cent., respectively, of the Group's gross loans and advances to customers.

Infrastructure loans

The Bank provides various infrastructure loan products to meet the funding requirements relating to the construction and expansion of its customers' infrastructure projects. The continuing expansion of the PRC economy has led to an increase in the number of new large-scale infrastructure projects which have resulted in an increased demand for infrastructure loans.

Working capital loans

The Bank offers working capital loans primarily to provide liquidity for the Bank's customers' regular business production and operational turnover needs and for their temporary funding needs. The Bank's

working capital loans are mainly granted to its high-quality customers to supplement their infrastructure loans. The Bank also provides working capital loans to SMEs.

Syndicated loans

The Bank has provided to customers various syndicated loan products including, among others, direct external syndicated loans, internal syndicated loans and transferable syndicated loan products. The Bank has maintained strong growth in its syndicated loan businesses.

Other corporate loan products

The Bank offers various other corporate loan products, including trade finance facilities, supply-chain financing, M&A financing and property development loans. In March 2009, the Bank became one of the first commercial banks in China approved to undertake M&A financing business pursuant to the Guidelines to M&A Loan Risk Management of Commercial Banks issued by the previously-named China Banking Regulatory Commission (which was subsequently renamed CBIRC and in 2023, was replaced by the NFRA) and the Bank was one of the first to launch corporate M&A financing products aimed to facilitate the financing needs of the Bank's customers' M&A transactions by providing a comprehensive set of financial resources. As at 31 December 2025, the Group had provided 191,700 chain customers in the industrial chains of 6,594 core enterprises with a total of RMB1.32 trillion supply chain financing support on a cumulative basis.

The expansion of loans to SMEs is an important measure of the Bank to realise its strategic transformation of corporate finance business. As at 31 December 2025, the inclusive finance loans granted to small and micro businesses amounted to RMB3.83 trillion, an increase of RMB421,644 million as compared to 31 December 2024; the number of inclusive finance loan borrowers reached 3.69 million, an increase of 329,800 as compared to 31 December 2024. The agriculture-related loans increased by 11.20 per cent. over 2024 to RMB3.71 trillion, and the number of agriculture-related loans borrowers was 3.93 million. As at 31 December 2025, the balance of green loans granted by the Bank was RMB6.00 trillion, representing an increase of 20.54 per cent. over the beginning of the year.

Discounted bills

Discounted bills are bank acceptance bills and commercial acceptance bills with a remaining maturity of less than six months purchased by the Bank from its customers at a discount. The Bank provides discounted bills as part of its comprehensive financing solution for its corporate customers. As at 31 December 2025, the Group had outstanding domestic discounted bills of RMB2,092,713 million, an increase of RMB460,961 million compared to 31 December 2024.

Corporate deposit products

In accordance with interest rate policies issued by the PBOC, the Bank offers a variety of time and demand deposit products to its corporate and institutional customers. In addition, the Bank also accepts negotiated deposits from customers including insurance companies, the National Social Security Fund and the Postal Savings Bank of China, whereby interest rates and other conditions can be separately negotiated. As at 31 December 2025, the Group's domestic corporate deposits amounted to RMB11,803,642 million, an increase of 3.15 per cent. compared to 31 December 2024.

Commission/fee based products and services

The Bank provides its corporate customers with a broad range of commission/fee-based products and services. The Group's net fee and commission income for the year ended 31 December 2025 was RMB110,307 million, an increase of 5.13 per cent. compared to the same period last year.

Agency services

The Bank acts as an agent at the request of its clients in providing payment disbursement, collection, settlement, clearance and other agency services to corporations and government agencies. The key products and services the Bank provides include agency treasury settlement, agency premium collection and payment and entrusted loans. The Bank also acts as payroll agent as well as the agent to collect utilities, telecommunication and taxes payment and surcharges. In addition, in terms of the number of budget units it served, the volume of agency disbursement and related fee income, the Bank continued to be the market leader. The Bank is a major correspondent bank for China Development Bank. The Bank also distributes products and services on behalf of insurance companies and securities firms and provides payment and fee collection services to public utility and telecommunications companies. In addition, the Bank provides entrusted lending services to its corporate customers. The Bank charges a fee for providing entrusted lending services and does not take the credit risk with respect to these loans. In addition to generating fee income, the Bank's agency services also help the Bank develop and enhance its relationships with its customers.

Institutional business

The Bank's institutional business actively supported government affairs and people's livelihood. The Bank has been rated "Excellent" in the comprehensive assessment of authorised central treasury payment agent banks of the MOF for five consecutive years, and "Excellent" in the comprehensive assessment of agent banks for central non-tax revenue collection of the MOF for eight consecutive years. Leveraging the "Caihuiguan" fiscal fund supervision service, it assisted local governments in improving the efficiency of fiscal fund utilisation and fiscal resource allocation. It implemented the national strategies of "Education Powerhouse" and "Healthy China", deeply engaged in livelihood sectors including education and healthcare, and continuously contributed to the high-quality development of education and healthcare. It accelerated the development of online healthcare insurance services for public convenience, and continued to promote the use of medical insurance QR code to enhance user experience. It has been rated "Top Tier" in the channel evaluation of medical insurance QR code by the National Healthcare Security Administration for three consecutive years. It also provided professional financial services for key social organisation customers such as trade union, charities, and elderly care institutions.

Investment banking business

The Bank conducts investment banking business through the investment banking department at the Head Office and branch levels as well as its subsidiary, CCB International Capital Limited, providing customers with financial service packages such as asset-based securitisation business, financial advisory service, equity financing service and debt financing service. The Bank's substantial customer base, extensive marketing network, strong funding capability and R&D strength lay a foundation for the development of its investment banking business.

Adhering to the principle of "market-oriented, customer-centred", the Bank was committed to providing customers in different industries and at different stages of development with integrated financial services of "commercial bank + investment bank". It continued to increase investment banking support for major strategies and key areas by means of bonds, financial advisory, mergers and acquisitions, funds, equity investment and financing, and asset securitisation to provide targeted services for the real economy. By the end of 2025, the Bank's bond underwriting for non-financial enterprises reached RMB612,673 million, an increase of 85.85 per cent. The Bank continued to strengthen its international competitiveness by underwriting 21 batches of panda bond, totalling RMB13,102 million, which increased by 61.54 per cent. and 128.34 per cent. as compared to the year 2024, respectively. In terms of equity business, the Bank deepened its focus on sci-tech sector, and achieved notable results. It actively advanced the financial AIC equity investment pilot programmes, establishing 28 AIC equity investment pilot funds by the end of 2025. Its M&A loans grew steadily and rapidly, with accelerated implementation of M&A pilot

programmes loans granted to sci-tech enterprises. As at 31 December 2025, the Bank's M&A loans amounted to RMB266,528 million, an increase of RMB51,598 million or 24.01 per cent. as compared to 31 December 2024, attaining the leading position in the market. It invested in the China Integrated Circuit Industry Investment Fund and the National Green Development Fund, to support technology-based enterprises and green development. In July 2025, the Bank completed the first payment of the second contribution of RMB1,183 million to China Integrated Circuit Industry Investment Fund Phase III Co., Ltd.; In December 2025, the Bank completed the second payment of the second contribution of RMB1,398 million to China Integrated Circuit Industry Investment Fund Phase III Co., Ltd., bringing the cumulative actual payment to RMB3,655 million. In June 2025, the Bank completed the payment of the third contribution of RMB2.0 billion to National Green Development Fund Co., Ltd., bringing the cumulative actual payment to RMB4.8 billion.

Asset-backed securitisation business

The Bank was among the first commercial banks approved to undertake asset-backed securitisation business. In 2005, the Bank issued the first residential mortgage-backed securities in China with a size of RMB3.0 billion. The Bank has developed a specialised information system for its securitisation products and the Bank has extensive experience in the development of securitisation products and the execution of such transactions. In 2018, the Bank actively cooperated with the National Development and Reform Commission to jointly promote and establish the National Development Fund for Strategic Industries.

The Bank actively utilised asset-backed securitisation products to serve the demands of the real economy for revitalising existing assets, reducing debt and enhancing efficiency. In 2025, the Bank underwrote 47 batches of asset-backed securities in the interbank market with a total scale of RMB20,211 million, representing an increase of 38 per cent. and 57 per cent. respectively over 2024. The Bank continued to make innovations in terms of products, business models, scenarios, and underlying assets. It led the underwriting of several landmark projects in the market, including the first sci-tech innovation ABN (asset-backed notes) in the interbank market, China's first green ABCP (asset-backed commercial paper) with revenue rights from waste-to-power projects, China's first continuing type structured CB (covered bond), China's first cross border ABN incorporating overseas engineering receivables, and the interbank market's first blockchain-powered factoring supply chain ABCP. The Bank also participated in the underwriting of China's first quasi-REITs project in the steel industry.

The Bank gave full play to the role of asset securitisation in revitalising existing credit assets, optimising credit structure, and improving the disposal efficiency of non-performing assets through securitisation. It issued four small and micro business loan asset-backed securities with an issuance size of RMB49,612 million. It also issued five non performing small and micro business loan asset-backed securities with an issuance size of RMB3,887 million, one non-performing personal business loan asset-backed securities with an issuance size of RMB345 million, four non-performing residential mortgages asset-backed securities with an issuance size of RMB4,595 million, six non-performing credit card loan asset-backed securities with an issuance size of RMB2,048 million, and two non-performing personal consumer loan asset- backed securities with an issuance size of RMB261 million.

Financial advisory service

The Bank's financial advisory business refers to its provision of consultation, analysis and solution design services to customers in respect of investment and financing, capital operation, asset management, debt management and corporate diagnosis based on the customers' requirements with an aim to assist them in reducing financing cost, increasing funding utilisation efficiency and optimising financial management. Furthermore, the Bank focused on providing its customers with product portfolios consisting of both investment banking and commercial banking products. In 2009, the Bank took the industry lead in launching Financial Total Solutions ("**FITS**"), a comprehensive financial solution also known as "Feichi". Depending on different situations and financial needs, FITS combines products and

services such as traditional commercial banking, new investment banking, various funds and bank wealth management programmes in order to provide comprehensive and diversified financial services plans. In 2020, the Bank completed the improvement and upgrade of the ecosystem of "FITS@ 6+1" smart investment banking, pressed ahead with inclusive finance by providing free access to intelligent financial advisory service system named "FITS@ e Intelligent" for 19,000 small- and micro-sized enterprises. In 2022, the Bank strengthened market influence and cohesion of the "FITS e+" investor alliance platform, which had been certified as a FinTech product issued by the National Financial Technology Certification Centre (Beijing). The Bank expanded diversified scenarios for investment and financing matchmaking business and deepened digital scenario applications. It completed 320 "equity + debt" investment and financing matchmaking advisory businesses during the year, exceeding RMB170 billion. The "FITS® e Intelligent" platform attracted 170,300 new registered users, providing customers with real-time "cloud advisory" services.

Equity financing service

Through CCB International (Holdings) Limited ("**CCB International**") and the Bank's overseas branches and subsidiaries, the Bank provides enterprises with equity financing services such as listing sponsorship and underwriting services for their overseas capital markets IPOs and refinancing services and strategic investor introduction services in Hong Kong and Singapore. The Bank also cooperates with the Bank's business partners, including domestic and overseas securities companies to provide equity financing related services, such as domestic and overseas listing guidance, sponsorship, underwriting and financial advisory services.

Debt financing service

The Bank provides composite bond financing services for clients including short-term debentures, and mid-term notes. The Bank is an active underwriter in the domestic bond market and it is also a Class A underwriter in the MOF treasury bond underwriting syndicate. It also focused on the investment and financing needs of transformation, and innovated diversified green financing channels. In 2025, the Bank participated in underwriting 164 batches of green and sustainability bonds issued onshore and offshore, with a total issuance volume equivalent to RMB499,722 million, an increase of 168.11 per cent. as compared to the same period in 2024.

Customer base

The Bank's prime corporate and personal customers from its commercial banking business have formed a solid customer base for developing its investment banking business through the years. Most domestic PRC conglomerates and top-quality corporates have established extensive and close business relationships with the Bank. The Bank believes that there remains potential for its investment banking business in the areas of bond financing, equity financing, asset securitisation, financial advisory, wealth management and trust services. The Bank also proactively strives to provide equity financing and equity investment services to SMEs that present promising growth. The Bank's personal finance customers, especially its high net worth and high-end clients, will also help the Bank expand its wealth management business and ensure the successful offering of its wealth management products.

Marketing

The Bank's major marketing model for the investment banking business involves cooperation between the Head Office, domestic and overseas offices and different business lines. A key strategy of the Bank's bank-wide marketing efforts is to combine the marketing efforts of the investment banking business and commercial banking business.

International business

The Bank offers international settlement products and services including import letters of credit, export letters of credit, import collection, export collection, outward remittance, inward remittance and

guarantees. The Bank has been approved by the PBOC as the Hong Kong dollar settlement bank and approved by the China Foreign Exchange Trade System as the U.S. dollar agency settlement bank in the interbank foreign currency markets. The Bank was one of the first PRC banks to provide cross-border trade RMB settlement services and this pioneer status has allowed it to be one of the market leaders of this service.

In 2015, the Bank successfully issued RMB1 billion offshore RMB bonds in London, which was the first RMB bond product listed on the London Stock Exchange. In 2016, the Bank further expanded its RMB clearing network, as the Bank became the RMB clearing bank in Switzerland and Chile after becoming the RMB clearing bank in London. These cross-border RMB operations performed well, with the Bank's three RMB clearing branches in London, Switzerland and Chile showing steady development. RMB Qualified Foreign Institutional Investors ("**RQFII**"), RMB Qualified Domestic Institutional Investors and Mainland-Hong Kong mutual recognition of funds operations continued to grow. The Bank took the lead in establishing a blockchain trade finance platform in the industry and the Bank's AI-assisted documents review project became the first successful application of its kind in the industry. It also innovated "cross-border e-payment", an online payment tool and met e-commerce customers' needs for cross-border payment through virtual bank cards.

The Bank steadily enhanced its ability to participate in international competition and contributed to the new development pattern of "dual circulation" where domestic and foreign markets can boost each other.

The "Cross-border Quick Loan" series of products cumulatively provided financing support of RMB46,390 million for small and micro foreign trade enterprises. As at 31 December 2025, international business credit balance was RMB1.45 trillion, an increase of 27.47 per cent. as compared to 31 December 2024. It continued to press ahead with RMB internationalisation, with the annual cross-border RMB settlement volume of RMB6.50 trillion. It actively developed the offshore RMB market. The Bank, as the designated RMB clearing bank in the UK, continued to be the largest Renminbi clearing bank outside Asia with a cumulative clearing amount of over RMB174.46 trillion. It held "CCB Cross-Border B2B Matchmaking Festival" for four consecutive years. Centring on themes including supporting high-quality "going global", attracting investment, and the coordinated trade development, it organised multiple cross-border matchmaking events to facilitate smooth global economic, trade and investment exchanges. Following the philosophy of "Financing Service + Intelligent Support", the loan balance of the "Belt and Road" countries and regions stood at RMB55,387 million through integrated use of products including cross-border project financing, and cross-border M&A loans.

Settlement and cash management business

The Bank was one of the first domestic commercial banks to provide cash management services for its corporate clients. The Bank advanced the optimisation of service process for corporate accounts, enhanced and expanded online modification functions for non-essential elements of corporate accounts, optimised and expanded application channels and service scope for account opening with electronic seals, and innovated group seal imprint service process to meet the signature requirements of group customers. The Bank deepened digital direct operation for mass corporate customers, improved the top-level design of direct operation, and accelerated the building of a professional direct operation team. It optimised digitalised operation tools, explored AI applications in customer operation, and established a closed loop featuring "connection, service, operation, feedback, and optimisation" to further enhance capabilities in serving mass corporate customers.

The Bank leveraged comprehensive corporate signing service to empower frontline operations, reduce their workloads, and enhance the convenience of corporate financial services. Targeting key customers' cash management needs, the Bank strengthened its agile response capabilities to meet customer demands for cash management, built a regular operation service framework integrating head office and branch resources and combining business with technology, and achieved notable improvements in customer

experience and comprehensive competitiveness of cash management products. Focusing on enhancing customer operation capabilities, the Bank continued to improve the integration, adaptability, and effectiveness of cash management products. It achieved compatibility between the "multi-mode cash pool" and Renminbi and foreign currency integrated accounts, established connection between the "bill pool" and online discounting services, digitally upgraded core functions of "Jianguanyi", including monitoring, alerts and regulatory reporting, and accelerated the integration of "Zhangbutong" with merchant acquiring scenarios, so as to continuously improve its comprehensive cash management solutions tailored to customers and scenarios as part of the ecosystem. It deepened corporate and personal banking collaboration in agency collection and payment services, enhanced fund retention capabilities, built differentiated competitive advantages, and effectively increased customer value contributions. The Bank had 222,700 contracted corporate customers for agency payroll service to migrant workers, and made 44.06 million payments with an amount of RMB347,235 million to migrant workers under agency payroll service, benefiting 17.02 million migrant workers. It also continued to expand the coverage and scale of payment and settlement products. In 2025, the Bank's total transaction volume of non-cash corporate payment and settlement services reached RMB656.01 trillion, an increase of 13.97 per cent. over 2024.

Customer Base

As a leading provider of capital for some of the key industries in China such as infrastructure, energy, transportation and telecommunication, the Bank has maintained close relationships with leading corporations in industries that are strategically important to China's economy and with major government agencies and financial institutions.

The Bank has focused and will continue to focus on customers in industries strategically important to China's economy. Most of these large companies in China's strategic industries are state-owned enterprises or state-controlled joint stock companies. As at 31 December 2025, loans to strategic emerging industries were RMB3.52 trillion, an increase of RMB669,066 million or 23.46 per cent. over 2024.

Private enterprises have become important customers to the Bank, as in recent years, they have experienced significant growth in China and have become a major sector in China's economy. As at 31 December 2025, loans to private enterprises were RMB6.72 trillion, an increase of 12.17 per cent. compared to 31 December 2024. The Bank also focuses on expanding its range of high-quality SME customers.

Marketing

Based on its customer-focused philosophy, the Bank employs both industry-wide and localised marketing strategies tailored to specific regions, customers and products. The Head Office formulates its overall corporate business development based on industry, geographical region, customer and product considerations. The Bank's tier-one branches then develop detailed marketing plans according to these guidelines tailored to local market needs.

The Bank's corporate finance marketing channel primarily involves corporate and institutional customer managers, branch outlets and electronic banking channels which include online banking and phone-banking. The Bank's corporate and institutional customer managers are its key marketing channel for its corporate finance business. They are responsible for exploring new market opportunities, promoting the Bank's banking products, coordinating and accessing the Bank's bank-wide resources to provide a package of personalised and comprehensive financial services to the Bank's corporate and institutional customers. The Bank's branch outlets offer the physical venue for the Bank to provide services to corporate and institutional customers. Through the Bank's branch outlets, the Bank promotes and sells its products, mainly providing payment and settlement services and SME corporate customer services, and developing the Bank's corporate liabilities business and commission/fee based business.

With the aim to improve customer experience, the Bank also provides its customers with e-banking channels such as the Bank's cash management service system, corporate online banking, customer hotline service centre and mobile phone banking platform, thereby providing greater access for the Bank's customers. The Bank deepened digital direct operation for mass corporate customers, explored AI applications in customer operation, and established a closed loop featuring "connection, service, operation, feedback, and optimisation" to further enhance capabilities in serving mass corporate customers.

The Bank leveraged its integrated service model featuring "ecosystems + industrial and supply chains + industrial and business clusters" to continuously strengthen its capabilities of batch customer acquisition and systematic customer services. The Group sped up its construction of "binary stars" platforms to drive business growth with traffic, and continued to enhance the user experience for convenient services.

The Bank seeks to provide differentiated products and services to the Bank's important customers to meet their specific banking needs. The Head Office generally coordinates client coverage and marketing efforts for the Bank's largest corporate customers to ensure consistency and quality of service. The Bank's senior management at the headquarters and branch level are often directly involved in and lead in these marketing efforts. The Bank's branches in major cities provide differentiated, high quality, professional and integrated products and services to meet the Bank's customers' specific banking needs. By providing integrated financial solutions to the Bank's customers and improving the Bank's cross-selling synergies among the Bank's products and services, the Bank aims to further increase overall customer satisfaction and optimise value for the Bank's customers.

For SMEs, the Bank has established a specialised and standard marketing system that allows the Bank to further integrate the Bank's resources of products, distribution channels and brands to provide more efficient services with controlled risks.

PERSONAL FINANCE

Overview

As at 31 December 2025, the Group's domestic personal deposits rose to RMB18.02 trillion, an increase of 10.95 per cent. compared to 31 December 2024. The Group's profit before tax derived from personal finance for the years ended 31 December 2023, 2024 and 2025 amounted to RMB194,897 million, RMB173,489 million and RMB154,612 million respectively, representing 50.05 per cent., 45.14 per cent. and 40.62 per cent. of the Group's total profit before tax for the same periods.

Key Products and Services

The Bank provides a broad range of products and services including personal deposits, personal loans and other related financial services for its personal finance customers based on their needs. The Bank also provides bank card services and private banking for its personal finance customers. The Bank is committed to providing comprehensive banking services to its personal finance customers and is focused on creating and improving its personal finance product chain and value chain. The Bank sets out below its key personal finance products and services.

Personal deposits

The Bank provides its personal finance customers with a broad range of demand and time deposit services denominated in Renminbi and other foreign currencies. Personal demand deposit products include demand savings deposits and demand pledged deposits.

Personal time deposit products include time savings deposits, education savings deposits and personal notification deposits. Personal deposits provide the Bank with a stable funding source. The Bank

enhanced its capability to attract deposits through highly effective products and services, maintaining the steady growth of personal deposits. As at 31 December 2025, domestic personal deposits of the Bank were RMB18,019,635 million, an increase of 10.95 per cent. from 31 December 2024.

Personal loans

The Bank's personal loans are designed to meet the credit requirements of its personal customers. The Bank's personal loan products include residential mortgages, credit card loans, personal consumer loans, personal business loans and other loans. As at 31 December 2025, the total domestic personal loans and advances of the Bank amounted to RMB9,050,497 million, representing an increase of 2.01 per cent. from 31 December 2024. As at 31 December 2025, the NPL ratio for domestic personal loans and advances was 1.19 per cent., an increase of 0.21 per cent. from 31 December 2024.

Residential mortgage loans

The Bank provides residential mortgages to individuals to finance the purchase and construction of their residential properties. Residential mortgages include new home residential mortgages, residential refinancing mortgages, home equity loans to refinance residential property and fixed-rate residential mortgages. As at 31 December 2025, the Group's personal residential mortgages was RMB5,991,328 million, a decrease of 3.18 per cent. from 31 December 2024.

The Bank appraises the value of the residential property regularly and clearly stipulates that the loan cannot be used for securities trading purpose.

Personal business loans

The Bank focused on the real economy, and actively expanded personal business customers such as individual businesses, and small and micro business owners. It innovated and refined its product and service system, optimised and promoted flagship products such as "unsecured quick loans for personal business" and "secured quick loans for personal business", and actively implemented interest subsidy policies for loans granted to business entities in service industry. The Bank accelerated the expansion of agriculture-related personal business loans at the county level, and achieved rapid growth in "Yunong Loan", with a loan growth rate of more than 20 per cent. At the end of 2025, the Bank's domestic personal business loans amounted to RMB1.32 trillion, an increase of RMB293,912 million or 28.77 per cent. over 2024.

Personal consumer loans

The Bank actively implemented national policy deployment to boost consumption, supported residents' diverse consumption financing needs, optimised and enhanced products and services, fortified the foundation for risk prevention and control, and maintained a leading position in asset quality among peers. At the end of 2025, the Bank's domestic personal consumer loans amounted to RMB683,174 million, an increase of RMB155,279 million or 29.41 per cent. over 2024.

Personal payments

Since the Bank is a member of China Unionpay, its customers can complete transactions through ATMs and point-of-sale terminals connected to the China Unionpay network. China Unionpay is responsible for establishing and operating a nationwide, interbank bank card information exchange and transaction network for its members. The Bank is one of the founding members of China Unionpay. The Bank joined the MasterCard network in 1990 and the Visa network in 1991. The Bank's dual-currency debit cards and dual-currency credit cards are also accepted outside of China through its association with the MasterCard and Visa networks. In August 2009, the Bank further joined the JCB international credit card network.

The Bank continued to consolidate the foundation of its accounts and payments by adhering to its customer-centred philosophy. It continuously optimised payment services for the elderly and overseas visitors to China. Leveraging digital technology, it innovated service models, allowing customers to enjoy bank card and account services via "mobile banking operation + remote video verification", lifting the experience from "physical visit required" to "cloud-based processing".

Credit cards

Through the credit card centre in Shanghai established in December 2002, which centrally manages the Bank's credit card business, the Bank seeks to enhance its operational efficiency, improve its risk management and maintain a consistent level of customer service quality. The Bank has also established credit card departments in most of its tier-one branches to manage its operations locally. As approved by the previously-named China Banking Regulatory Commission (which was subsequently renamed CBIRC and in 2023, has been replaced by the NFRA) and accepted by the Shanghai Banking Regulatory Bureau in 2008, the Bank's credit card centre was upgraded to a branch-level sales institution and obtained its business license in 2009. As at 31 December 2025, the Bank had issued 126 million credit cards, with 101 million credit card customers. The transaction volume of credit cards totalled RMB2.56 trillion in 2025. As at 31 December 2025, the Bank's credit card loans reached RMB1.01 trillion.

The Bank focused on new consumption sectors to drive spending growth with its four major instalment products, i.e., loan instalments for vehicle purchasing, loan instalments for renovation, Fenqitong, and general instalments. The Bank actively took consumption trends such as cultural and tourism consumption and the ice and snow economy, to build brands such as the "Enjoy the Journey" scenario marketing campaign and "the More You Spend, the More You Get" incentive-based consumption promotion campaign. Aligning with themes such as the "Long Credit Card 66 Festival", summer travel, credit for the people, the 11.11 shopping spree, and the ice-snow season, it launched over 100 consumer-friendly activities. The Bank continued to reinforce full-life-cycle customer management, and further refined its credit card product portfolio by focusing on high-value customers, young customers, and car-owners. It innovatively launched multiple new products, including the Movie-themed Credit Card with Dragon Logo, "My love" Family Long Credit Card (Premium Edition), the Douyin Co-Branded Card, and the Long Card Auto Card Amex Platinum Credit Card. At the end of 2025, the cumulative number of credit card customers and credit cards issued reached 101 million and 126 million respectively. The transaction volume of credit cards totalled RMB2.56 trillion in 2025.

Debit cards

The Bank expanded its debit card product offerings, and launched innovative products such as the "Panda-themed Long Card". It deeply engaged in the consumer market by carrying out "Splendid CCB", a campaign to boost consumption and benefit consumers, and effectively stimulated consumer transactions. At the end of 2025, the Bank had 1,490 million personal settlement accounts, and the debit cards issued reached 1,284 million. In 2025, the consumer spending volume of debit cards reached RMB24.48 trillion, and the number of transactions reached 62,047 million.

Wealth management

The Bank actively advanced its wealth management strategy, continued to optimise its wealth management operating mechanisms, service models, and system platforms, sped up the improvement of its wealth management service system, and saw sustained enhancement in core wealth management indicators, professional capabilities, and brand image. As at 31 December 2025, the Bank's investment and wealth management size amounted to RMB5.00 trillion, with a rise in market share. The number of wealth management customers increased by 8.03 million over 2024, 0.93 million more than that for the previous year. The Bank refined its operating mechanisms, strengthening the professional guidance of the Investment Decision-making Committee and the Agency Services Committee. The focus of investment

research strategies and opinions moved from primarily empowering internal operations to both internal enablement and customer-facing services. It deepened the implementation of its wealth management talent programme, and established a graded management mechanism for investment research experts and wealth management advisors, solidifying professional support. The Bank innovated its service models, launching the "Return Centre" on its mobile banking app, covering major wealth management products such as deposits, WMPs, mutual funds, precious metals, bonds, and private funds. It provides personal customers with cross-category, multi-period return analysis services, offering an industry-leading overall experience. It strengthened functional innovation in products, and created diversified fund management solutions such as "Wealth Management Night Market" and "Easy Repayment". The Bank consolidated its system support. Externally, it partnered with mutual fund companies, bank wealth management subsidiaries, and insurance companies to launch an open wealth management ecosystem business, opening its mobile banking online operation capabilities to partners to enhance the online professional service experience. Internally, leveraging AI technology and focusing on key areas such as investment research, investment advisory service, investor education, products, and training, it innovatively promoted the application of "personal AI assistant" in wealth management scenarios, providing the professional team with efficient and convenient intelligent support.

Private banking

The Bank comprehensively upgraded its core private banking financial services, including asset allocation, wealth planning, family advisory service, and corporate financing. It diversified and expanded its premium benefit services, encompassing legal and tax advisory service, health care, and travel privileges. Adhering to the boutique strategy, it deepened the tiered, graded, and grouped operation of private banking customers, and focused on building a long-term mechanism for tiered and upgraded operation of private banking customers. It integrated high-quality resources inside and outside the bank, and continuously enhanced its operation strategies for customer groups such as customers for both inclusive finance and private banking, cross-border finance customers, and retail credit customers. It leveraged private banking centres to set up entrepreneur studios so as to accelerate dual enhancement of service efficiency and customer value. The Bank promoted the improvement in quality and efficiency as well as innovation of its family advisory services. The assets managed by family trust advisory business and insurance trust advisory services grew by over 20 per cent., further consolidating the Bank's market-leading position. Focusing on customers' core wealth management needs, the Bank continuously optimised private banking wealth planning and asset allocation services, expanded the ecosystem with asset management partners, and strengthened product selection across the market, deployment along the entire product line, and full lifecycle management so as to establish an enterprise-wide private banking product shelf. It intensified forward-looking analysis and look-through risk management of its private banking agency sales business, fortifying stable business development. It continued to upgrade the exclusive premium benefit system for private banking customers, comprehensively enhancing their privileged experience. This brought about significant improvement in key indicators such as customer retention rate and AUM per capita, reflecting steadily rising market competitiveness.

Entrusted housing financing services

The Bank continued to improve the service efficiency of the housing provident fund, and supported the people's residential needs. It focused on expanding the coverage of the housing provident fund system, actively supporting pilot programmes for contributions by flexibly employed individuals. The Bank increased the supply of housing provident fund loans and enhanced convenient services featuring "getting it done efficiently". It implemented the preferential policies, such as expanding the use of provident fund, and strengthened multi-channel service capabilities both online and offline.

As at 31 December 2025, the housing fund deposits of the Bank were RMB1.74 trillion, and the residential provident fund loans stood at RMB3.03 trillion.

Marketing

The Head Office generally formulates marketing initiatives and sets marketing guidelines for the Bank's bank-wide personal finance products. The Bank's tier-one branches develop detailed marketing plans to

implement these initiatives based on the economic and market conditions of their respective geographical regions. The Bank carried out large-scale marketing campaign titled "Splendid CCB" to promote consumption and benefit people's livelihood, covering scenarios of shopping, tourism, and utility payment, and drove consumer transactions. The Bank conducts its marketing activities mainly through its branch network, which the Bank supplements with specialised sales centres for specific products such as personal wealth management centres and residential mortgage loan centres. It also conducts personal finance product marketing through e-banking channels, such as online banking, telephone banking and mobile phone banking.

The Bank offers different products and services and adopts different marketing strategies to cater for different customer groups' needs. For high value customers, the Bank focuses on building a one-to-one customer manager marketing relationship to develop a more focused marketing strategy for promoting its products. For mass market customers, the Bank adopts a mass marketing strategy focusing on its outlets, taking initiatives in product and service marketing through introduction by its lobby managers, on-site promotion of its products and media advertising campaigns. The Bank also adopts an interactive marketing strategy for its personal finance business, whereby its personal loan department and corporate finance department cooperate to take a proactive approach in exploring business opportunities in residential mortgages while granting real estate development loans. In addition, the Bank focuses on cross-selling its personal finance products such as promoting its credit cards and wealth management cards to its residential mortgages customers. The Bank also sells various loan products to the holders of its wealth management cards and credit cards.

Online Channels

The Bank expedited the development of its "binary stars" platform as the primary online business front, promoted integrated operation of "binary stars", supported the special initiatives to boost consumption, and continued to enhance the user experience for convenient services. In terms of personal mobile banking, the Bank focused on improving financial service capabilities and user experience, strengthened the online operation of wealth management and credit businesses, facilitated the growth of customers' online assets, and promoted online value creation. In terms of "CCB Lifestyle", the Bank deepened its capabilities in platform-based consumption finance and lifestyle scenario services, promoted scenarios such as smart canteen and government-issued consumption coupons to improve the quality and efficiency of platform services. As at 31 December 2025, the Bank had 584 million online personal users. The number of "binary stars" platform users was 546 million, with monthly active users (MAU) amounting to 246 million. In 2025, 194 million users conducted financial transactions on the "binary stars" platform, outperforming peers. The number of card-linked fast payment users was 493 million.

TREASURY AND ASSET MANAGEMENT BUSINESS

The Bank's treasury and asset management business primarily consists of its money market business, bonds business, financial market trading business, precious metals and commodities business, asset management business, financial institutional business and asset custody services. For the year ended 31 December 2025, the Group's treasury and asset management business recorded a profit before tax of RMB127,803 million, accounting for 33.58 per cent. of its total profit before tax.

Key products and services

Money market business

The Bank utilised a combination of money market tools to ensure ample liquidity. It fulfilled its responsibilities as a large bank by actively carrying out repurchase transactions with non-bank financial institutions under the PBOC swap facilities, and continuously provided liquidity support to small and medium-sized financial institutions. The scope of counterparties further expanded, and its market share

in RMB money market transactions rose steadily. The negotiable certificates of deposits issued by the Bank maintained growth with a balance of RMB1.30 trillion at the end of 2025, effectively supplementing its proactive liabilities.

Bond business

The Bank adhered to the operating principle of "safe and sound operation, value-based investment" and maintained a sound balance of security, liquidity and profitability. It strengthened proactive management of its bond investment strategy and strongly supported the implementation of proactive fiscal policies and the financing needs of the real economy. In 2025, the underwriting volume of government bonds exceeded RMB3 trillion, ranking top in the market. It vigorously implemented the "Five Priorities" in finance, served key strategies such as sci-tech innovation and green and low-carbon development. It proactively expanded over-the-counter (OTC) bond business, supported reforms in the multi-tiered bond market and empowered small and medium-sized bond investors. At the end of 2025, the corporate customers' holdings of OTC bonds increased by 2.5 times over 2024.

Financial market trading business

The Bank actively promoted exchange rate risk neutrality strategies, optimised online service channels to facilitate customer transactions and enhance customer trading service capabilities. In 2025, its customer-related foreign exchange trading business volume increased by 12.13% over 2024. The number of its active trading customers increased by 4.92% over 2024, reaching a historic high.

Precious metals and commodities

The Bank seized strategic opportunities in precious metals, focusing on the entire gold circulation chain to actively develop leading customers in the gold industry. It proactively served as a major force in supporting the building of national gold market. It also strengthened its gold accumulation service, becoming the first state-owned bank to offer 24-hour continuous quotation for gold accumulation business to customers. It piloted and launched gold-linked structured deposits. Capitalising on policy opportunities for insurance funds' gold investments, the Bank opened up transaction channels for insurance funds to enter the market. The Bank leveraged commodity hedging features to support real economy development. It strengthened hedging services for leading enterprises in key manufacturing and resource-based sectors, enhancing the resilience and security of industrial and supply chains. It deepened the "bank + insurance + futures" business model, achieved targeted hedging for agriculture-related credit risk, covering 11 agricultural products including corn, soybean meal, and cotton, and built a distinctive CCB service for rural revitalisation. It also actively explored carbon trading-related business innovations, constructing a carbon finance product matrix and expanding green service scenarios to support the implementation of the "Five Priorities" in finance. As at 31 December 2025, the Bank's domestic precious metal assets amounted to RMB387,457 million.

Asset management business

The Group maintained a professional and prudent positioning, focused on serving direct financing and diverse wealth management needs, and strove to enhance its value creation capabilities and market competitiveness. On the customer side, the Group constantly refined its collaborative marketing mechanism, providing tailored solutions covering both funding and assets for key customers. On the product side, it gradually enhanced its asset management product offerings, and strengthened the supply of high-quality products. As at 31 December 2025, the Group's AUM reached RMB6.94 trillion, with the assets under management of CCB Trust Co., Ltd. ("**CCB Trust**"), CCB Wealth Management Co., Ltd. ("**CCB Wealth Management**"), CCB Principal Asset Management, CCB Pension Management Co., Ltd. ("**CCB Pension**") and the asset management subsidiary under CCB Life Insurance Co., Ltd. ("**CCB Life**") standing at RMB2.36 trillion, RMB1.74 trillion, RMB1.53 trillion, RMB0.75 trillion and

RMB0.44 trillion, respectively. On the asset side, the Group constantly improved the quality and efficiency of its asset management business in serving the real economy, with a key focus on increasing investment support in areas such as high-end manufacturing, specialised and sophisticated enterprises, inclusive small and micro businesses, technological innovation, and green development.

Financial institutional business

The Bank continued to deepen its cooperation with financial institution customers, and refine its all-encompassing, multi-level, and integrated service system for such customers. It solidly advanced graded, tiered, and categorised management of financial institution customers, serving their diverse needs of cooperation, including bond issuance, pension finance, business innovation, and M&A and restructuring. The Bank formulated integrated marketing guidance and comprehensive service solutions for financial institution customers, and pressed ahead with differentiated management for customer segments such as banks, securities firms, and insurance companies. The Bank enhanced services for financial market infrastructure customers. It achieved several pioneering collaborations with the Shanghai Clearing House, and innovated system functions to provide fast and convenient services for customers of the Shanghai Gold Exchange, ranking at the forefront of the industry in both the number and significance of awards received for serving financial market infrastructures. The Bank consolidated its capital market services and maintained its leading position among peers in both the number of securities customers for the third-party security custody services of trading settlement funds and the amount of funds under custody. In terms of deposits from banks and non-bank financial institutions, the Bank actively attracted deposits from financial institution customers to offset outflows of other deposits, and carefully balanced volume and pricing in its development. It proactively served the funding needs of key financial institutions, with both the size of and income from placements with banks and non-bank financial institutions reaching record highs. The Bank further advanced integrated bill operations, and increased vigorous support for bill business of customers in sectors such as manufacturing, sci-tech innovation, and inclusive finance, so as to enhance the quality and efficiency of serving the real economy. The interbank service platform "Shanjiantongxing" built ten ecosystem scenarios for financial institution customers. Through "single-point access, integrated services, and one-stop contracting", it enhanced online comprehensive service capabilities, fostering an interbank ecosystem. By the end of 2025, the platform had attracted more than 2.85 million visits, 2,209 registered users and granted RMB12.96 trillion on a cumulative basis.

Asset custody service

The Bank continued to optimise its custody business deployment, actively serving the national strategy. It served as the custodian for the first batch of sci-tech composite index ETFs, and provided custody service to nearly 1,000 asset management trusts and multiple government guided funds. The Bank participated in building the multi-tier, multi-pillar national pension system, and provided annuity custody services to over 10,000 corporate customers. It expanded application scenarios for process-driven and automated tools, outperforming its peers in terms of transaction processing performance in its core custody system. The Bank consistently iterated and upgraded its "SMART Custody" platform, developing digital and intelligent custody featured services. The Bank identified and assessed custody business related risk factors, reinforced internal control and risk management, ensured compliant business operations, and obtained internal control assurance report with unqualified opinion issued by international institutions for 18 consecutive years. The Bank continued to build the brand value of "CCB SMART Custody", garnering multiple awards including "Index Ecosystem Yinghua Award" by China Fund and "China's Best Sub-Custodian Bank" by Global Finance. At the end of 2025, assets under custody of the Bank's domestic entities amounted to RMB27.40 trillion, an increase of RMB3.44 trillion or 14.38 per cent. over 2024. Specifically, mutual funds, insurance, wealth management products, trusts, and pension assets under custody were RMB4.60 trillion, RMB8.63 trillion, RMB2.21 trillion, RMB3.28 trillion and RMB2.06 trillion, respectively.

OVERSEAS BUSINESS

As at 31 December 2025, the Bank had 23 major subsidiaries (including 17 integrated operation subsidiaries and six overseas banking subsidiaries) with a total of 535 entities, including 409 domestic ones and 126 overseas ones. The Group has bank branch operations in Hong Kong, Macau, Taiwan, Singapore, Frankfurt, Johannesburg, Tokyo, Seoul, New York, Sydney, Ho Chi Minh City, Luxembourg, Toronto, London, Zurich, Dubai, Chile, Astana, Labuan, Auckland, etc., and certain subsidiaries operating in Hong Kong, Moscow, Luxembourg, British Virgin Islands, Auckland, Jakarta, San Paulo and Kuala Lumpur, etc., and maintained wholly-owned operating subsidiaries including CCB Asia, CCB Russia, CCB Europe, CCB New Zealand and CCB Malaysia and held 60 per cent. of the total share capital of CCB Indonesia.

As at 31 December 2025, the total assets of the Group's overseas entities were RMB1,881,841 million, representing approximately 4.12 per cent. of the Group's total assets. In May 2015, Chile Branch became the first RMB clearing bank in South America, and the branch officially opened in 2016. In June 2015, Paris Branch, Amsterdam Branch, Barcelona Branch and Milan Branch under CCB Europe were successively opened. Cape Town Branch (under Johannesburg Branch) commenced business in September 2015. London Branch commenced business in October 2015. Zurich Branch was established and designated as the RMB clearing bank in November 2015, and it officially opened in 2016 and Dubai International Financial Centre Branch received its official banking license and commenced business in November 2015 and Warsaw Branch received its official banking license in December 2016. CCB Malaysia obtained a commercial banking license in October 2016. The Bank completed its acquisition of PT Bank Windu Kentjana International Tbk in September 2016, and renamed the entity to PT Bank China Construction Bank Indonesia Tbk. PT Bank China Construction Bank Indonesia Tbk was officially inaugurated in February 2017 and the Warsaw Branch of CCB Europe, CCB Malaysia and CCB Australia Perth Branch officially commenced operations in 2017. In February 2018, the Bank's New Zealand Branch officially opened for business. In March 2019, the Bank's Astana Branch was granted a license and in June 2019, the Bank's Labuan Branch was granted a license. In June 2020, Hungary Branch under CCB Europe received its banking license and completed the local registration. As at 31 December 2025, China Construction Bank (London) Limited has completed its deregistration.

The ratio of allowances to non-performing loans was 233.15 per cent. and the ratio of allowances to total loans was 3.06 per cent., flat with the end of 2025.

Selected items from the Consolidated Statement of Comprehensive Income

For the three months ended 31 March 2026, the Group's net profit increased by 3.68 per cent. compared to the three months ended 31 March 2025, to RMB86,821 million, of which the net profit attributable to equity shareholders of the Bank increased by 3.53 per cent. compared to the three months ended 31 March 2025 to RMB86,291 million. The annualised return on average assets and the annualised return on average equity were 0.75 per cent. and 9.85 per cent., respectively.

The net interest income increased by 8.13 per cent. compared to the three months ended 31 March 2025, to RMB153,468 million. The net interest margin was 1.36 per cent. For the three months ended 31 March 2026, the net fee and commission income increased by 6.72 per cent. compared to the three months ended 31 March 2025, to RMB39,978 million.

The operating expenses were RMB45,809 million, an increase of approximately 3.46 per cent. as compared to the three months ended 31 March 2025. Cost-to-income ratio decreased to 21.27%, a decrease of approximately 1.70 per cent. as compared to the three months ended 31 March 2025. Credit impairment losses were RMB61,660 million, an increase of approximately 28.04% as compared to the three months ended 31 March 2025.

Selected Capital Adequacy Indicators

As at 31 March 2026, the Group's total capital ratio, Tier 1 ratio and Common Equity Tier 1 ratio and leverage ratio, which were calculated in accordance with the New NFRA Capital Regulations, were 19.00 per cent., 15.06 per cent. and 14.26 per cent. and 7.54 per cent., respectively. The Group's liquidity coverage ratio for the first quarter of 2026 was 138.12 per cent. All indicators met regulatory requirements.

RISK MANAGEMENT AND INTERNAL CONTROL

OVERVIEW

The Group adhered to a comprehensive risk management concept featuring "full coverage, whole processes, all participation, systemic knowledge, global vision, and group-wide governance enhancement". It continued to improve its risk management, internal control and compliance management systems and mechanisms, clarified and enforced the responsibilities of "three lines of defence", strengthened checks and balances and coordination, and enhanced the integrated risk governance of overseas operations and subsidiaries. The Group's capability to prevent financial risks was steadily elevated.

The Group continued to improve its comprehensive, proactive and intelligent risk management system. The Group beefed up its efforts in "comprehensive risk management". It revised the Rules on Comprehensive Risk Management to improve the comprehensive risk governance framework, identify management responsibilities and requirements for various risks, and further clarify the risk management roles of the "three lines of defence" in operation and management; it continued to improve the risk and internal control management system, and reinforced risk checks and balances in key processes including business eligibility, rating, approval, and post-lending management. The Group bolstered "proactive risk management". Anchoring its efforts on asset quality control objectives, the Group implemented differentiated measures for risk prevention and control in key areas, and improved the quality and efficiency of non-performing assets resolution; it enhanced the mechanism for credit risk management of inclusive finance, and facilitated intensive operation of inclusive finance and retail credit; and it conducted joint inspections of the credit business to elevate the capability of compliance management in the credit business. The Group strengthened "intelligent risk management". Driven by AI technologies, the Group embedded digital risk control tools into its business processes, and established an intelligent risk control system integrating "online + offline" and "intelligent + manual" operations. The Group also updated its recovery and resolution plans on an annual basis, and made continuous improvements in areas such as TLAC, large exposures, effective risk data aggregation and risk reporting, so as to meet the additional regulatory requirements for systemically important banks.

RISK MANAGEMENT FRAMEWORK

The board of directors of the Bank (the "**Board**") fulfils its risk management responsibilities pursuant to the Bank's Articles of Association and regulatory requirements. The Board and its Risk Management Committee are responsible for developing risk management strategies and, supervising the implementation of such strategies, evaluating the Group's overall risk profile, conducting regular reviews of the Group's statements of risk appetite and communicating the Group's risk appetite through relevant policies. Senior management and its Risk and Internal Control Management Committee are responsible for executing risk management strategies developed by the Board and organising the implementation of comprehensive risk management across the Group.

Risk Management Department is the lead department responsible for the Group's comprehensive risk management and leads market risk management. Credit Management Department is responsible for the Group's overall credit risk management and leads country risk management. Asset & Liability Management Department is the lead department responsible for the management of liquidity risk and interest rate risk in the banking book. Internal Control & Compliance Department is the lead department responsible for operational risk management. FinTech Department and Internal Control & Compliance Department take joint responsibility in leading IT risk management. Public Relations & Corporate Culture Department is the lead department responsible for reputational risk management. The Strategy and Policy Coordination Department is the lead department responsible for strategic risk management. Other risks are managed under the Group's comprehensive risk management framework in accordance with relevant policies and division of responsibilities.

The Bank continued to improve its group-wide integrated risk management system and effectively strengthened look-through risk management of its subsidiaries. Adhering to a prudent operation principle, it strengthened risk appetite management of subsidiaries, improved the pertinence and effectiveness of the risk management policy of "One Policy for One Subsidiary", and clearly defined differentiated risk control priorities for different types of subsidiaries. The Bank further reinforced constraints based on policies by effectively addressing the weaknesses in subsidiaries' policies and regulations, and enhanced the refined management of subsidiaries in terms of authorisation, limits, and approval. Additionally, it conducted risk scanning and detection of subsidiaries to clarify the risk profile, and bolstered risk management of key subsidiaries and key businesses, thereby laying a solid foundation for the high quality development of its subsidiaries.

CREDIT RISK MANAGEMENT

Credit risk represents the potential loss that may arise from the failure of a debtor or counterparty to meet its obligations or commitment to the Group. The Group attached great importance to credit risk management, and deepened the integrated look-through credit risk management at the group level. As such, the overall credit risk maintained stable and controllable in 2025. The Bank's credit risk management aims at establishing credit risk management processes that are aligned with the nature, scale, and complexity of businesses, effectively identifying, measuring, controlling, monitoring, and reporting the credit risk, keeping the credit risk within the limits that the Bank could bear, and realising risk-adjusted revenue maximisation.

Safeguarding the bottom line of risk prevention and control

The Group firmly safeguarded the bottom line of risk prevention and control. It continued to adjust and optimise the composition of credit assets, effectively implemented the "Five Priorities" in finance, and enhanced financial support and services for key national strategies, and key areas and weak links in economic and social development. The Group effectively promoted the prevention and mitigation of credit risks in key areas, enhanced credit risk monitoring and forward-looking response, improved the mechanism of collaborative checks and balances in key processes, and advanced centralised risk control in inclusive finance and retail credit. The Group strictly implemented the Rules on Risk Classification of Financial Assets of Commercial Banks. It followed the principle of substantive risk judgement, and conducted risk classification in an accurate and compliant manner in line with the three step procedure of "initial classification, identification and approval". It adhered to the high-quality implementation of expected credit losses approach, timely made adequate loss provisions, and maintained strong risk mitigation capacity.

Enhancing risk measurement capabilities

The Group enhanced its risk measurement capabilities. It upgraded its credit rating models for key customers to support the development of strategic businesses; it developed a comprehensive evaluation tool for sci-tech innovation to reasonably assess credit risks of sci-tech enterprises; it pressed ahead with the integration of ESG elements into customer credit rating to support the development of green finance; it developed a credit risk evaluation tool for medium-sized enterprises to enhance the risk management and control in key areas; it strengthened the interception functions of the online business risk screening system, identified the characteristics of high-risk customers, and enriched pre-lending control rules; and it refined the scorecard tool for retail credit business, and innovated the development and application of integrated models, to improve the risk identification capabilities.

Optimising the comprehensive financing approval and management mechanism

The Group incorporated both credit and non-credit investment and financing businesses conducted in its financing services for corporate customers, such as credit, trading, and investment, into a unified and

comprehensive financing approval and management framework, clarified management mechanism and responsibility boundaries, strengthened collaborative checks and balances, optimised process design, and effectively strengthened integrated and collaborative risk control at the group level. The Group clarified the primary and principal responsibilities of customer operation and risk management of the first line of defence, and gave full play to the role of professional empowerment, risk control and collaborative services of the second line of defence. It developed an intensive and efficient process for key customers and businesses with high requirements for timeliness, so as to constantly improve its market competitiveness.

Strengthening the resolution of special assets

The Group strengthened its special assets resolution. It maintained effective risk mitigation and disposal, and improved the capacity, quality and efficiency of non-performing assets disposal. With the effective management and timely disposal of non-performing assets, the Group sped up the flow of credit funds, and provided solid support for the bank-wide strategy implementation, operation management and control, structural adjustment and profitability enhancement.

Concentration of Credit Risks

In line with regulatory requirements, the Group proactively adopted a series of measures to prevent large exposure concentration risk, including further tightening lending criteria, adjusting business structure, controlling the credit granting pace, revitalising existing credit assets and innovating products etc.

At the end of 2025, the Group's gross loans to the largest single borrower accounted for 4.14 per cent. of total capital after regulatory adjustments, while those to top ten customers accounted for 13.40 per cent. of total capital after regulatory adjustments.

Concentration of loans

	As at 31 December		
	2025	**2024**	**2023**
		(%)	
Proportion of loans to the largest single customer	4.14	4.15	4.42
Proportion of loans to the top ten customers	13.40	15.22	14.87

The Group's top ten single borrowers and their loans as at the date indicated are as follows:

		As at 31 December 2025	
		Amount	**% of total loans**
		(In millions of RMB, except percentages)	
	Industry		
Customer A	Transportation, storage and postal services	193,005	0.70
Customer B	Production and supply of electric power, heat, gas and water	75,403	0.27
Customer C	Production and supply of electric power, heat, gas and water	71,000	0.26
Customer D	Leasing and commercial services	58,761	0.21
Customer E	Transportation, storage and postal services	49,057	0.18
Customer F	Transportation, storage and postal services	37,263	0.13
Customer G	Transportation, storage and postal services	36,574	0.13
Customer H	Finance	36,400	0.13
Customer I	Transportation, storage and postal services	34,837	0.13
Customer J	Finance	32,739	0.12
Total		625,039	2.26

LIQUIDITY RISK MANAGEMENT

Liquidity risk is the risk that occurs when a commercial bank cannot obtain sufficient funds in time and at a reasonable cost to repay debts when they are due, fulfil other payment obligations, or meet the other funding needs in regular business development.

The Board reviews and approves liquidity risk strategy and risk appetite, and assumes the ultimate responsibility for liquidity risk management. Senior management carries out liquidity risk strategy set by the Board and organises the implementation of liquidity risk management activities. Asset & Liability Management Department leads the Group's liquidity risk management and performs various duties in liquidity risk management together with business management departments and branches. Each subsidiary assumes the primary responsibility for its own liquidity risk management.

The Group adheres to a liquidity risk management strategy featuring prudence, decentralisation, coordination and diversification. The objective for liquidity risk management is to establish and improve a liquidity risk management system that can fully identify, accurately measure, continuously monitor, and effectively control liquidity risk, effectively balance the return on and security of funds, and safeguard the steady operation across the bank. In light of regulatory requirements, external macro environment, and its business development, the Group formulates approaches for liquidity risk identification, measurement and monitoring, sets out risk limit management criteria, carries out daily liquidity management, periodically conducts stress testing at the group level, and reviews and assesses contingency plans.

In 2025, the Group adhered to the principle of robustness and prudence, responded to changes in internal and external fund situation in a forward-looking manner, and appropriately managed the total amount and structure of funding sources and utilisation, ensuring safe and sound liquidity across the Group. It gave full play to the buffering role of liquidity reserve, improved its financing strategies to maintain a sound balance between safety, liquidity and profitability. The Group optimised its multi-dimensional liquidity monitoring and early warning systems, driving iterative upgrades of its information systems. It proactively fulfilled its obligations as a major state-owned bank, and played its roles as a market "**stabiliser**" and a policy "**transmitter**".

Indicators of liquidity risk management

The following table sets forth the liquidity ratios and loan-to-deposit ratio of the Group as at the dates indicated.

	As at 31 December			
	Regulatory standard	**2025**	**2024**	**2023**
		(per cent.)		
Liquidity ratio[(1)] **RMB**	≥25	85.15	76.55	69.20
Liquidity ratio[(1)] **Foreign currency**	≥25	92.67	72.07	77.40
Loan-to-deposit ratio[(2)] **RMB**		89.30	89.28	85.12

Notes:

(1) Calculated by dividing current assets by current liabilities in accordance with the requirements of the former CBIRC.

(2) Calculated on the basis of domestic legal person in accordance with the requirements of the former CBIRC.

The following table sets forth the Group's liquidity coverage ratio and net stable funding ratio (NSFR) of the Group as at the dates indicated.

	Fourth quarter 2025
Liquidity coverage ratio (%)[1]	135.47

	31 December 2025
NSFR (%)	132.10

Note:

(1) Calculated in accordance with the applicable regulatory requirements, definitions and accounting standards for the period. Each number represents simple arithmetic means of the values for every calendar day in the quarter.

All the liquidity indicators above met the regulatory requirements.

MARKET RISK MANAGEMENT

Market risk is the risk of loss, in respect of the Group's on and off-balance sheet activities, arising from adverse movements in market rates including interest rates, foreign exchange rates, commodity prices and stock prices. Market risk arises from both the Group's trading and non-trading businesses. The market risk management of the Group aims at building a Group-wide comprehensive management system of market risk and investment and trading business, effectively identifying, measuring, monitoring, controlling and reporting market risk; maintaining a competitive net interest spread and return on investment portfolio through effective market risk operation and management; balancing risk and return to further improve market competitiveness of the Bank.

The Group has been constantly improving market risk management system. The Risk Management Department is responsible for leading the establishment of market risk management policies and rules, developing the market risk measurement tools, monitoring and reporting the trading market risk and related daily work. The Asset and Liability Management Department is responsible for managing interest rate risk and exchange rate risk of non-trading businesses, as well as the size and structure of assets and liabilities in response to structural market risk. The Financial Market Department manages the Bank's RMB and foreign currency investment portfolios, conducts proprietary and customer-driven transactions, as well as implementing market risk management policies and rules. The Audit Department is responsible for regularly performing independent audits of the reliability and effectiveness of the processes constituting the risk management system.

In 2025, the Group continued to reinforce its market risk management. In accordance with the relevant regulations, the Group revised the basic rules on market risk management, further improved its market risk governance structure and management capability, and enhanced the full-process management of market risk identification, measurement, monitoring, control, and reporting. It formulated the annual risk policy and limit plan for investment and trading business, while monitoring and reporting on limit compliance. It deepened the digital monitoring mechanism for trading business, enhanced risk monitoring tools and systems, and carried out risk screening and early warning in a timely manner. It launched investigation on businesses of key branches and subsidiaries, and reviewed product risks. It cemented the foundation for market risk management of asset management business by improving risk management policies and systems.

Value at Risk Analysis

The Bank divides its on- and off-balance sheet assets and liabilities into trading book and banking book. The Bank performs value at risk ("**VaR**") analysis on its trading portfolio to measure and monitor the potential losses that could occur on risk positions taken, due to movements in market interest rates, foreign exchange rates and other market prices. The Bank calculates the VaRs of its RMB and foreign currency trading portfolios on a daily basis (at a confidence level of 99 per cent. and with a holding period of one trading day).

The VaR analysis on the Bank's trading book as at the balance sheet date and during the respective periods is as follows:

	2024				2025			
	As at 31 December	Average	Maximum	Minimum	As at 31 December	Average	Maximum	Minimum
	(In millions of RMB)							
VaR of trading portfolio								
Of which:	300	265	331	199	231	288	379	204
– Interest rate risk	75	37	88	22	115	146	246	73
– Exchange rate risk.	311	261	343	201	195	273	363	176
– Commodity risk	1	1	6	–	15	6	40	–

INTEREST RATE RISK MANAGEMENT

Interest rate risk refers to the risk where the market interest rates, term structure and other factors may experience unfavourable fluctuations which impact the overall profitability and fair value resulting in losses to a bank. The key determinants of the Group's interest rate risk arise from the mismatch between the maturity periods of the assets and liabilities, and inconsistent pricing basis, resulting in re-pricing risk and basis risk.

The Group implemented robust and prudent interest rate risk management strategy, sought to achieve a balance between interest rate risk and profitability, and minimised the adverse impact of interest rate changes on net interest income and economic value. The Group employed a range of methods to measure and analysed interest rate risk in the banking book, including repricing gap analysis, sensitivity analysis of net interest income and economic value, duration analysis, stress testing, and economic capital analysis. It actively used assets and liabilities volume and pricing measures, prudently employed interest rate derivative hedging instruments, and performed interest rate risk management and evaluation by applying plan and performance appraisal and internal capital assessment to effectively control the interest rate risk level of business lines, overseas operations and subsidiaries, so that the interest rate risk in the banking book was kept within a reasonable range.

In 2025, the Group kept tight tabs on domestic and foreign economic and financial landscapes and changes in macroeconomic policies, continued to reinforce interest rate risk management, and actively responded to market pressures and management challenges. It closely tracked changes in interest rates of domestic deposits, loans and bonds, and strengthened monitoring and management of the term structure of assets and liabilities; it solidified the requirements for interest rate risk management of overseas operations, and enhanced the capability of proactive risk management; and it continued to optimise internal and external pricing management strategies, and prudently assessed interest rate risk of new products. In 2025, the results of stress testing indicated that the Group's interest rate risk indicators were reasonable, and the level of interest rate risk was under control.

Interest rate sensitivity gap analysis

The analysis of interest rate sensitivity gaps as at the specified dates by the next expected repricing dates or maturity dates (whichever are earlier) is set out below:

	Non-interest-bearing	Less than three months	Between three months and one year	Between one year and five years	More than five years	Total
			(In millions of RMB)			
Interest rate sensitivity gap as at 31 December 2024	283,083	(3,787,488)	5,734,890	(3,989,529)	5,103,009	3,343,965
Accumulated interest rate sensitivity gap as at 31 December 2024		(3,787,488)	1,947,402	(2,042,127)	3,060,882	
Interest rate sensitivity gap as at 31 December 2025	446,580	(4,344,916)	4,799,380	(2,808,508)	5,593,541	3,686,077
Accumulated interest rate sensitivity gap as at 31 December 2025		(4,344,916)	454,464	(2,354,044)	3,239,497	

Net interest income sensitivity analysis

The net interest income sensitivity analysis is based on two scenarios. The first assumes that all yield curves rise or fall by 100 basis points in a parallel way, while the interest rates for deposits at the PBOC remain the same; the second assumes that the interest rates for deposits at the PBOC and the demand deposits remain the same, while all the other yield curves rise or fall by 100 basis points in a parallel way.

The interest rate sensitivity of the Group's net interest income as at 31 December 2024 and 2025 is set out below:

	Change in net interest income			
	Rise by 100 basis points (the interest rates for deposits at the PBOC being constant)	Fall by 100 basis points (the interest rates for deposits at the PBOC being constant)	Rise by 100 basis points (the interest rates for deposits at the PBOC and the demand deposit being constant)	Fall by 100 basis points (the interest rates for deposits at the PBOC and the demand deposits being constant)
	(In millions of RMB)			
As at 31 December 2024	(46,805)	46,805	92,363	(92,363)
As at 31 December 2025	(61,732)	61,732	91,958	(91,958)

EXCHANGE RATE RISK MANAGEMENT

Exchange rate risk is the risk of impact of adverse movements in foreign exchange rates on a bank's financial position. The Group is exposed to exchange rate risk primarily because of the currency mismatch of the assets and liabilities it holds in currencies other than RMB and the positions it takes as a market maker in financial markets. The Group measures and analyses its exchange rate risk by using a combination of methods such as exchange rate risk exposure and exchange rate risk stress testing, and controls and mitigates the risk by matching its assets with liabilities, setting limits, and hedging.

In 2025, the Group adhered to a prudent and sound exchange rate risk management strategy, paid close attention to monetary policies of major economies and foreign exchange fluctuations, and took proactive measures against market changes. It further strengthened exchange rate risk management for its overseas operations and subsidiaries, continued to enhance management mechanisms and processes, and

effectively improved management quality and efficiency. In 2025, the Group's exchange rate risk indicators satisfied regulatory requirements. Stress testing results showed that the overall exchange rate risk was under control.

Currency concentrations

The Group's currency concentrations as at 31 December 2024 and 2025 are set out below:

	As at 31 December 2024				As at 31 December 2025			
	USD (RMB equivalent)	HKD (RMB equivalent)	Others (RMB equivalent)	Total	USD (RMB equivalent)	HKD (RMB equivalent)	Others (RMB equivalent)	Total
	(In millions of RMB)							
Spot assets	964,301	315,444	411,909	1,691,654	1,046,547	355,121	501,900	1,903,568
Spot liabilities	(1,017,588)	(498,078)	(249,136)	(1,764,802)	(1,047,201)	(607,080)	(325,064)	(1,979,345)
Forward purchases	3,351,341	316,408	243,302	3,911,051	3,388,012	544,604	354,980	4,287,596
Forward sales	(3,276,346)	(91,062)	(367,232)	(3,734,640)	(3,395,800)	(252,624)	(504,594)	(4,153,018)
Net options position	(47,118)	–	(829)	(47,947)	(4,132)	(6)	(207)	(4,345)
Net (short)/long position	(25,410)	42,712	38,014	55,316	(12,574)	40,015	27,015	54,456

OPERATIONAL RISK MANAGEMENT

Operational risk is the risk of loss resulting from flawed or erroneous internal processes, people and systems, or external events.

In 2025, the Group actively benchmarked itself against the Rules on Operational Risk Management of Banking and Insurance Institutions, improving management mechanisms such as the transmission of operational risk appetite, risk reporting and new product risk assessment to cement the foundation for operational risk management. It strictly implemented regulatory requirements, continued to improve the system of operational risk management and measurement, and promoted regulatory assessment and validation pursuant to new standardised approach for operational risk in an orderly manner. The Group carried out a new round of business impact analysis, established a linkage mechanism integrating periodical and regular analyses, iterated its business continuity management strategies, identified important business operations, and prepared for operational risk exposures. Additionally, it conducted drills on important business operations with a focus on its management priorities, to improve emergency awareness and response capabilities among relevant institutions and personnel, thus enhancing the effectiveness of such drills.

The Group continued to strengthen staff behaviour management by effectively preventing abnormal staff behaviours and guiding staff to comply with regulations. It persisted in both developing rules and conducting educational outreach, clarifying codes of conduct and prohibitions for staff to foster a correct understanding and practice of compliance. The Group enhanced care and concern for its staff, keeping abreast of their performance and mindset to help improve their professional capabilities. In 2025, the Bank organised audits on operational risk management and dynamic audits on operational risk items related to staff behaviours with focuses on the Bank's operational risk management, prevention and control of cases, and staff behaviour management.

ANTI-MONEY LAUNDERING

The Group adheres to the concept of assuming social responsibility, fulfilling legal obligations, conducting active and compliant operation, and preventing financial crime, and is always following the risk-based management principle. It strictly implements anti-money laundering ("**AML**") and counter terrorist financing ("**CTF**") regulatory requirements, continuously identifies money laundering and terrorist financing risk, and performs prudent assessment, effective control and whole-process management, in order to earnestly protect customers' legitimate rights and interests and maintain the order of financial market.

The Group strengthened its money laundering risk management capabilities by continuing to enhance the "**risk-based**" AML management system, strengthening the fulfilment of its core obligations, facilitating beneficial ownership information reporting, intensifying monitoring in high-risk areas of money laundering, and actively exploring the application of emerging technologies. It fully implemented regulatory requirements for AML and financial sanctions, and effectively leveraged on its AML efforts to curb money laundering and related crimes, thereby safeguarding financial order, public interests and national security.

REPUTATIONAL RISK MANAGEMENT

In 2025, adhering to its forward-looking, comprehensive, proactive and effective reputational risk management principle, the Group continued to improve its mechanism development, solidly advanced foundational management tasks, further optimised the group-wide monitoring, early warning and coordinated response mechanisms for negative news coverage, and properly handled sensitive public opinions. In 2025, the Group steadily improved its reputational risk management practices and effectively safeguarded its good corporate image and reputation. As a result, no extremely severe reputational risk events occurred.

COUNTRY RISK MANAGEMENT

Country risk is the risk of losses in the physical outlets, equipment, facilities or other losses to the Group in a country or a region or other losses the Group suffers as a result of insolvency or refusal of borrowers or debtors in a country or a region to repay their debts to the Group, due to the economic, political, social changes and events in such country or region.

In 2025, the Group continued to optimise its country risk management by taking into account the needs of business development and challenges posed by shifts in the global landscape. It optimised the country risk management system, reviewed country risk ratings, closely monitored country risk exposure, and strengthened country risk early warning and emergency response mechanism. The Group's country risk exposure was mainly concentrated in countries or regions with low or relatively low country risk, and the overall country risk was maintained at a reasonable level.

CONSOLIDATED MANAGEMENT

Consolidated management is the Bank's on-going comprehensive management and control over the corporate governance, capital and finance of the Group and the subsidiaries, which enables the Bank to effectively identify, measure, monitor and control the overall risk profile of the Group.

In 2025, the Group continued to enhance consolidated management, reinforced various aspects of the Group's consolidated management, including corporate governance, risk management and capital management, and prevented cross-border and cross industry business risks, and promoted the high-quality development of subsidiaries.

The Group promoted the integrated management at the group level, and deepened business integration of the parent bank and subsidiaries. It continuously enhanced the corporate governance efficiency of subsidiaries, and promoted the establishment of a streamlined and effective corporate governance framework. It intensified comprehensive risk management of subsidiaries, and improved the transmission and implementation mechanism of its unified risk appetite. It also cemented the foundation of capital management, and enhanced monitoring and management of capital adequacy of subsidiaries, to push the subsidiaries to constantly meet industry regulatory requirements on capital indicators and maintain a reasonable buffer. The Group constantly enhanced its concentration risk management and strengthened internal transaction controls. It proactively implemented regulatory requirements on consolidated management and internal risk segregation requirements within the Group. It enhanced its data governance

and application capabilities, guiding subsidiaries to constantly improve their data governance frameworks and boost their data capabilities and automation levels. It continued to promote IT integration at the group level, and strengthened support for sci-tech development at subsidiaries.

INTERNAL AUDIT

The Group's internal audit is committed to evaluating and supervising the improvement of risk management, control and governance processes, promoting value creation, improving business operations, and assisting the Group in achieving its objectives. The internal auditors work in a relatively independent manner and are managed vertically. The department is accountable to and reports to the Board and its audit committee, and also reports to senior management. In addition to the audit department at the head office, the Bank has 29 audit offices at tier-one branches and an overseas audit centre in Hong Kong.

The audit department focuses on its core supervisory responsibilities, consistently serves the broader organisational interests, and continues to strengthen the comprehensiveness, sensitivity, and foresightedness of its audit work. It conducts audit activities centred on the implementation of external regulatory requirements, the Group's strategic plans, comprehensive risk management, and business rules and regulations, with a heightened emphasis on being risk-oriented, regulatory compliance-oriented, and operation and-management-oriented. In 2025, the audit procedures covered businesses such as loans to large and medium-sized enterprises, special assets resolution, inclusive finance, personal loans, financial and accounting management, liabilities, payment and settlement, key compliance matters, financial institutional business, financial market trading business and market risk management, e-finance, channel and operation management, group consolidated management, FinTech, and related party transactions, and covered subsidiaries and overseas operations on a cyclical basis. By accurately identifying business issues, analysing management issues, and ensuring the thorough remediation of such issues, the audit department continued to improve its management mechanisms, business processes, and internal management, effectively facilitating the Group's intensive high-quality development.

INTERNAL CONTROL

The objective of the internal control of the Bank is to reasonably ensure the compliance of operation and management with laws and regulations, the safety of assets, and the truthfulness and completeness of financial reports and related information, improve operational efficiency and effectiveness, and facilitate the successful implementation of development strategies. The Board is responsible for establishing and improving internal controls, implementing them effectively, evaluating their effectiveness, and supervising the effective operation of internal control system according to the requirements regarding the standardised system of enterprise internal control. Considering that the purpose of the above risk management and internal control system is to manage rather than eliminate the risk of failing to achieve business objectives, the Board can only reasonably but not absolutely guarantee that the relevant rules can prevent any major misrepresentation or loss. The senior management is responsible for organising and leading the daily operation of internal control.

In 2025, the Bank continued to improve the digital monitoring mechanism, and strengthened support for internal control management tools, and leveraged the internal control evaluation system and business compliance platform to enhance the effectiveness of the Bank's internal control management with high-quality and efficient internal control evaluation

The Board and its audit committee assess the effectiveness of internal control and review the internal control assessment report annually. The assessment conclusion is that, at the end of 2025, there was no material deficiency in the internal control over financial reporting of the Bank, and no material deficiency was detected in the internal control over non-financial reporting. The Board believed that the Bank conducted effective internal control over financial reporting in all major aspects in compliance with the requirements regarding the standardised system of enterprise internal control and other relevant regulations.

The Bank engaged Ernst & Young Hua Ming LLP as the auditor of internal control. The audit opinion on internal control was in line with the Bank's assessment conclusion on the effectiveness of internal control over financial reporting. The disclosure of material deficiency of internal control over non-financial reporting in the audit report of internal control was in line with the disclosure of the internal control assessment report of the Bank.

DIRECTORS AND SENIOR MANAGEMENT

General

As of the date of this Offering Circular, the Bank's Board comprised 15 members. There are five independent non-executive directors, six non-executive directors and four executive directors. The Bank's directors are elected at shareholder general meetings for a term of three years, which is renewable upon re-election. The chairman of the Board is elected by simple majority of the Board. Mr. Zhang Jinliang is the Bank's chairman and is responsible for business strategies and overall development of the Bank.

Each of the Bank's directors and senior management has disclosed to the Bank at the time of appointment, and in a timely manner for any change in, the number and nature of offices held in public companies or organisations and other significant commitments, the identity of the public companies or organisations and an indication of the time involved.

With effect from 23 September 2025, the Bank cancelled its Board of Supervisors in accordance with the amended Articles of Association of the Bank as approved at the 2024 annual general meeting and subsequently approved by the NFRA. The functions and powers previously exercised by the Board of Supervisors have been assumed by the Audit Committee of the Board of Directors in accordance with applicable law.

As at 31 December 2025, some of the directors and senior executives of the Bank indirectly held H-shares of the Bank via the employee stock incentive plan before they assumed their current positions. Mr Zhang Yi held 9,848 H-shares, Mr. Lei Ming held 11,563 H-shares and Mr. Sheng Liurong held 17,521 H-shares. Save as disclosed above, as at 31 December 2025, none of the directors and senior executives of the Bank had any interests or short positions in the shares, underlying shares and debentures of the Bank or its associated corporations (within the meaning of Part XV of the Securities and Futures Ordinance (Cap. 571) of Hong Kong (the "**SFO**")).

The following tables set forth information regarding the Bank's directors and senior management. The Bank's directors and members of senior management all meet the qualification requirements for their respective positions. Their qualifications have been reviewed and approved by the PRC banking regulatory authorities. Non-executive directors holding positions in the corporate shareholders do not receive compensation directly from the Bank.

SUBSTANTIAL SHAREHOLDERS

As at 31 December 2025, the Bank had a total of 308,385 ordinary shareholders, of which 35,535 were holders of H-shares and 272,850 were holders of A-shares.

HUIJIN

Central Huijin Investment Ltd. ("**Huijin**") is the controlling shareholder of the Bank. Huijin is a wholly state-owned investment company established in accordance with the "Company Law of the PRC" on 16 December 2003 with the approval of the State Council. Its legal representative is Mr. Zhang Qingsong. Huijin makes equity investments in key state-owned financial institutions as authorised by the State Council, and exercises the contributor's rights and obligations in the Bank up to its contribution on behalf of the state to achieve preservation and appreciation of state-owned financial assets.

Huijin does not engage in any other commercial activities, nor does it interfere with the daily operations of the key state-owned financial institutions in which it holds controlling shares. Systems and controls are in place to manage any conflict of interest that might arise between the interests of Huijin and the interests of the Bank and to ensure that its control is not abused.

As at 31 December 2025, Huijin held approximately 54.61 per cent. of the shares of the Bank, and indirectly held 0.19 per cent. of the shares of the Bank through its subsidiary, Central Huijin Asset Management Co., Ltd.

As at 31 December 2025, there were no other corporate shareholders holding 10 per cent. or more of the shares of the Bank (excluding HKSCC Nominees Limited, which acts as the common nominee for the shares held through the Central Clearing and Settlement System). All transactions and relationships between the Bank and its substantial shareholders are conducted on an arm's length basis and on normal contractual terms. The Bank can operate its business independently of its substantial shareholders.

BOOK-ENTRY CLEARANCE SYSTEMS

The information set out below is subject to any change in or reinterpretation of the rules, regulations and procedures of Euroclear, Clearstream or CMU (together, the "**Clearing Systems**") currently in effect. The information in this section concerning the Clearing Systems has been obtained from sources that the Issuer, the Hong Kong Branch and the Bank believes to be reliable, but none of the Issuer, the Hong Kong Branch, the Bank or any Dealer takes any responsibility for the accuracy thereof. Investors wishing to use the facilities of any of the Clearing Systems are advised to confirm the continued applicability of the rules, regulations and procedures of the relevant Clearing System. None the Issuer, the Hong Kong Branch, the Bank or any other party to the Fiscal Agency Agreement will have any responsibility or liability for any aspect of the records relating to, or payments made on account of, beneficial ownership interests in the Notes held through the facilities of any Clearing System or for maintaining, supervising or reviewing any records relating to, or payments made on account of, such beneficial ownership interests.

BOOK-ENTRY SYSTEMS

Euroclear and Clearstream

Euroclear and Clearstream each holds securities for its customers and facilitates the clearance and settlement of securities transactions by electronic book-entry transfer between their respective account holders. Euroclear and Clearstream provide various services including safekeeping, administration, clearance and settlement of internationally traded securities and securities lending and borrowing. Euroclear and Clearstream also deal with domestic securities markets in several countries through established depositary and custodial relationships. Euroclear and Clearstream have established an electronic bridge between their two systems across which their respective participants may settle trades with each other.

Euroclear and Clearstream customers are world-wide financial institutions, including underwriters, securities brokers and dealers, banks, trust companies and clearing corporations. Indirect access to Euroclear and Clearstream is available to other institutions that clear through or maintain a custodial relationship with an account holder of either system.

CMU

The CMU Service is a central depositary service provided by the Central Moneymarkets Unit of the HKMA for the safe custody and electronic trading between the members of this service ("**CMU Members**") of Exchange Fund Bills and Notes Clearing and Settlement Service securities and capital markets instruments (together as "**CMU Instruments**") which are specified in the reference manual relating to the operation of the CMU issued by the HKMA to CMU Members, as amended from time to time (the "**CMU Reference Manual**") as capable of being held within the CMU Service. The CMU Service is only available to CMU Instruments issued by a CMU Member or by a person for whom a CMU Member acts as agent for the purposes of lodging instruments issued by such persons. Membership of the CMU Service is open to financial institutions regulated by Hong Kong Monetary Authority, Securities and Futures Commission, Insurance Authority or Mandatory Provident Fund Schemes Authority. For further details on the full range of the CMU's custodial services, please refer to the CMU Reference Manual.

The CMU has an income distribution service which is a service offered by the CMU to facilitate the distribution of interest, coupon or redemption proceeds (collectively, the "**income proceeds**") by CMU Members who are paying agents to the legal title holders of CMU Instruments via the CMU system. Furthermore, the CMU has a corporate action platform which allows an issuer (or its agent) to make an announcement/notification of a corporate action and noteholders to submit the relevant certification. For further details, please refer to the CMU Reference Manual.

An investor holding an interest through an account with either Euroclear or Clearstream in any Notes held in the CMU Service will hold that interest through the respective accounts which Euroclear and Clearstream each have with the CMU Service.

Transfers of Notes Represented by Registered Global Notes

Transfers of any interests in Notes represented by a Registered Global Note within Euroclear, Clearstream and the CMU Service will be effected in accordance with the customary rules and operating procedures of the relevant Clearing System. Euroclear, Clearstream and the CMU Service have each published rules and operating procedures designed to facilitate transfers of beneficial interests in Registered Global Notes among accountholders of Euroclear, Clearstream and the CMU Service. However, they are under no obligation to perform or continue to perform such procedures, and such procedures may be discontinued or changed at any time. None of the Issuer, the Hong Kong Branch, the Bank, the Paying Agents, the Registrar and the Dealers will be responsible for any performance by Euroclear, Clearstream or the CMU Service or their respective accountholders of their respective obligations under the rules and procedures governing their operations and none of them will have any liability for any aspect of the records relating to or payments made on account of beneficial interests in the Notes represented by Registered Global Notes or for maintaining, supervising or reviewing any records relating to such beneficial interests.

REGULATION AND SUPERVISION IN THE PRC

The banking industry is heavily regulated in the PRC, with the NFRA and the PBOC acting as the principal regulatory authorities. The NFRA is primarily responsible for, among the others, supervising and regulating banking and insurance institutions, and the PBOC, as the central bank of the PRC, is primarily responsible for formulating and implementing monetary policies. The applicable laws and regulations governing activities in the PRC's banking industry consist principally of the PRC PBOC Law, the PRC Commercial Banking Law, the Law of PRC on Supervision and Administration of Banking Sector, and the rules and regulations promulgated thereunder.

PRINCIPAL REGULATORS

Prior to April 2003, the PBOC acted as both the PRC's central bank and the principal supervisor and regulator of the banking industry in the PRC. In April 2003, CBRC was established to serve as the primary banking industry regulator and it assumed the majority of bank regulatory functions from the PBOC. The PBOC retained its role as the central bank but now has a smaller role in the regulation of banking institutions. In April 2018, CBRC and China Insurance Regulatory Commission were merged as China Banking and Insurance Regulatory Commission, covering the regulation of banking and insurance sectors in the PRC. In this Offering Circular, we still use the term of "CBRC" in the context of regulations, rules and actions issued or taken by CBRC before April 2018. On 18 May 2023, the NFRA was established on the basis of CBIRC and the functions and powers of CBIRC was taken over by NFRA.

NFRA

Functions and Powers

The NFRA is the primary supervisory authority responsible for the regulation of banking institutions operating in the PRC, including branches and representative offices established by foreign financial institutions in the banking sector in the PRC.

According to the Law of PRC on Supervision and Administration of Banking Sector, the main responsibilities of the NFRA in relation to banking regulation include:

(1) formulating and promulgating rules and regulations governing banking institutions and their business activities;

(2) reviewing and approving the establishment, change, dissolution and business scope of banking institutions, as well as granting banking licenses for commercial banks, their branches and subsidiaries, branches and representative offices of foreign banks in the PRC;

(3) regulating the business activities of banking institutions, including the products and services they offer;

(4) setting qualification requirements for, and approving or overseeing the nomination of, directors and senior management personnel of banking institutions;

(5) setting guidelines and standards for internal controls, risk exposure and corporate governance of, and disclosure requirements for, banking institutions;

(6) conducting on-site inspection and off-site surveillance of the business activities and risk exposure status of banking institutions;

(7) monitoring the financial condition of banking institutions, including establishing standards or requirements for capital adequacy, asset quality and other financial metrics;

(8) imposing corrective and punitive measures for violations of applicable banking regulations;

(9) formulating prudential regulation principles of banking sector in accordance with laws and administrative regulations;

(10) working with authorities (including the PBOC and the MOF);

(11) to establish emergency disposal mechanisms and to deal with any emergencies in the banking sector;

(12) guiding and conducting surveillance on the activities of banking self-disciplinary organisations; and

(13) carrying out international communication and cooperation activities related to supervisions of the banking sector.

Examination and Supervision

The NFRA, through its head office in Beijing and offices in each province, provincial-level municipality and autonomous region, monitors the operations of commercial banks and their branches through on-site inspections and off-site surveillance. On-site inspections generally include visiting the banks' premises, interviewing bank employees, senior management and directors, as well as reviewing documents and materials maintained by the banks. The NFRA also conducts off-site surveillance by reviewing financial and other reports regularly submitted by the banks. Off-site surveillance generally includes the surveillance of banks' business activities and risk exposure status to evaluate and analyse the operational risk of the banks. If a banking institution is not in compliance with a regulation, the NFRA has the power to issue corrective and punitive measures, including imposition of fines, suspension of certain business activities, restrictions on distributions of dividends and other income and asset transfers, closure of the institution and other penalties.

PBOC

As the central bank of the PRC, the PBOC is responsible for formulating and implementing monetary policies and maintaining the stability of the financial markets. According to the PRC PBOC Law, the PBOC is empowered to do the following:

(1) drafting and enforcing relevant rules and regulations that are related to fulfilling its functions;

(2) formulating and implementing monetary policy in accordance with law;

(3) issuing the Renminbi and administering its circulation;

(4) regulating the inter-bank lending market and the inter-bank bond market;

(5) implementing foreign exchange management, supervising inter-bank foreign exchange market;

(6) supervising and regulating gold market;

(7) holding and managing the state foreign exchange and gold reserves;

(8) managing the State treasury as fiscal agent;

(9) making payment and settlement rules in collaboration with relevant departments and ensuring normal operation of the payment and settlement systems;

(10) providing guidance to anti-money laundering work in the financial sector and monitoring money-laundering related suspicious fund movement;

(11) developing statistics system for the financial industry and responsible for the consolidation of financial statistics as well as the conduct of economic analysis and forecast; and

(12) participating in international financial activities at the capacity of the central bank.

OTHER REGULATORY AUTHORITIES

In addition to the NFRA and the PBOC, commercial banks in the PRC are also subject to the supervision and regulation by other regulatory authorities including, among others, the SAFE and CSRC. For example, in conducting foreign exchange business, banks are subject to the regulation of SAFE; and in dealing with securities-related matters such as distributing securities investment funds or acting as the custodians of investment assets of securities institutional investors, banks are subject to the regulation of CSRC.

REGULATIONS REGARDING CAPITAL ADEQUACY

Capital Adequacy Guidelines

In June 2012, the CBRC issued the NFRA Capital Regulations regulating capital adequacy ratios ("**CAR**") of PRC commercial banks, which was replaced by the New NFRA Capital Regulations issued by NFRA on 26 October 2023 and effective from 1 January 2024. The NFRA Capital Regulations and the New NFRA Capital Regulations, which are intended to reflect the Basel III regulatory capital requirements, set out minimum CAR requirements for commercial banks and provide detailed guidelines on the calculation of "capital" and "risk-weighted assets". The overall CAR requirements are 11.5 per cent. for systematically important commercial banks and 10.5 per cent. for other commercial banks. Commercial banks in the PRC are required to have a CAR of not less than 8 per cent., Tier 1 CAR of not less than 6 per cent. and Core Tier 1 CAR of not less than 5 per cent. The CARs are calculated in accordance with the NFRA Capital Regulations and the New NFRA Capital Regulations as follows:

$$\text{Capital Adequacy Ratio} = \frac{\text{Total Capital} - \text{deductions from corresponding capital instruments}}{\text{Risk} - \text{weighted Assets}} \times 100 \text{ per cent.}$$

$$\text{Tier 1 Capital Adequacy Ratio} = \frac{\text{Tier 1 Capital} - \text{deductions from corresponding capital instruments}}{\text{Risk} - \text{weighted Assets}} \times 100 \text{ per cent.}$$

$$\text{Core Tier 1 Capital Adequacy Ratio} = \frac{\text{Core Tier 1 Capital} - \text{deductions from corresponding capital instruments}}{\text{Risk} - \text{weighted Assets}} \times 100 \text{ per cent.}$$

On 29 November 2012, the CBRC further released the Guiding Opinion on Commercial Banks' Innovation on Capital Instruments (the "**2012 Guiding Opinions**"), setting out the general principles of the innovation of capital instruments of commercial banks and criteria of qualified capital instruments. On 22 November 2019, the 2012 Guiding Opinions was abolished by the CBIRC and was superseded by the (Revised) Guiding Opinions on Innovation of Capital Instruments of Commercial Banks issued by the CBIRC (中國銀保監會關於印發《關於商業銀行資本工具創新的指導意見(修訂)》的通知) (the "**2019 Guiding Opinions**").

TAXATION

The statements herein regarding taxation are based on the laws in force as at the date of this document and are subject to any changes in law occurring after such date, which changes could be made on a retroactive basis. The following summary does not purport to be a comprehensive description of all of the tax considerations that may be relevant to a decision to purchase, own or dispose of the Notes and does not purport to deal with the tax consequences applicable to all categories of investors, some of which (such as dealers or certain professional investors) may be subject to special rules. Investors should consult their own tax advisers regarding the tax consequences of an investment in the Notes.

PRC

The following summary describes the principal PRC tax consequences of ownership of the Notes by beneficial owners who, or which, are not residents of Chinese Mainland for PRC tax purposes. These beneficial owners are referred to as "non-PRC Noteholders" or "non-resident Noteholders" in this section. In considering whether to invest in the Notes, potential purchasers should consult their individual tax advisors with regard to the application of PRC tax laws to their particular situations as well as any tax consequences arising under the laws of any other tax jurisdiction.

Pursuant to the Enterprise Income Tax Law effective on 1 January 2008 and amended on 24 February 2017 and 29 December 2018, and the PRC Individual Income Tax Law, as amended on 30 June 2011 and 31 August 2018, and their implementation regulations, an income tax is imposed on payment of interest by way of withholding in respect of debt securities, issued by PRC enterprises to non-resident Noteholders, including non-resident enterprises and non-resident individuals.

On 23 March 2016, the Ministry of Finance and the State Administration of Taxation ("**SAT**") issued the Circular of Full Implementation of Business Tax to VAT Reform (《關於全面推開營業税改徵增值税試點的通知》) (Caishui [2016] No. 36, "**Circular 36**") which confirms that business tax was replaced by VAT from 1 May 2016. Since then, the income derived from the provision of financial services which attracted business tax will be entirely replaced by, and subject to, VAT.

According to Circular 36, the entities and individuals providing the services within China shall be subject to VAT. The services are treated as being provided within China where either the service provider or the service recipient is located in China, but where the services are sold by offshore entities or individuals to onshore entities or individuals and such services purely take place outside the PRC, they should not be deemed as services sold within the territory of China. The services subject to VAT include the provision of financial services such as the provision of loans. It is further clarified under Circular 36 that the "loans" refers to the activity of lending capital for another's use and receiving the interest income thereon. Based on the definition of "loans" under Circular 36, the issuance of Notes is likely to be treated as the holders of the Notes providing loans to the Issuer.

(I) In the event that the Issuer is the Bank's head office (the "Head Office") or the onshore branch of the Bank

In the event that the Issuer is the Head Office or the onshore branch of the Bank, the Head Office or the onshore branch of the Bank will be subject to withholding PRC income tax on the payment of interest of the Notes to non-resident Noteholders. The current rates of such income tax are 20 per cent. (for non-resident individuals) and 10 per cent. (for non-resident enterprises) of the gross amount of the interest, in each case, unless a lower rate is available under an applicable tax treaty. For example, the tax so charged on interests paid on the Notes to non-resident Noteholders who, or which are residents of Hong Kong (including enterprise holders and individual holders) as defined under the arrangement between the Chinese Mainland and Hong Kong for purpose of the avoidance of double taxation will be 7 per cent. of the gross amount of the interest pursuant to such

arrangement. Further, given that the Head Office and/or the onshore branch of the Bank located in the PRC, the holders of the Notes would be regarded as providing the financial services within China and consequently, the holders of the Notes shall be subject to VAT at the rate of 6 per cent. when receiving the interest payments under the Notes. Given that the Issuer pays interest income to Noteholders who are located outside of the PRC, the Issuer, acting as the obligatory withholder in accordance with applicable law, shall withhold VAT and local levies from the payment of interest income to Noteholders who are located outside of the PRC. The Issuer has agreed to pay additional amounts to holders of the Notes so that holders of the Notes would receive the full amount of the scheduled payment, as further set out in the "*Terms and Conditions of the Notes*".

Under the Enterprise Income Tax Law and its implementation rules, any gains realised on the transfer of the Notes by holders who are deemed as non-resident enterprises may be subject to PRC enterprise income tax if such gains are regarded as income derived from sources within the PRC. There remains uncertainty as to whether the gains realised on the transfer of the Notes would be treated as incomes derived from sources within the PRC and be subject to PRC enterprise income tax. If such gains are subject to PRC income tax, the 10 per cent. enterprise income tax rate and 20 per cent. individual income tax rate will apply respectively unless there is an applicable tax treaty or arrangement that reduces or exempts such income tax. The taxable income will be the balance of the total income obtained from the transfer of the Notes minus all costs and expenses that are permitted under PRC tax laws to be deducted from the income. According to an arrangement between the Chinese Mainland and Hong Kong for avoidance of double taxation, Noteholders who are Hong Kong residents, including both enterprise holders and individual holders, will be exempted from PRC income tax on capital gains derived from a sale or exchange of the Notes.

(II) In the event that the Issuer is the Hong Kong Branch or other overseas branch of the Bank

In the event that the Issuer is the Hong Kong Branch or other offshore branch of the Bank, the Issuer may not obliged to withhold PRC income tax at the rate up to 10 per cent. (for non-resident enterprises) or 20 per cent. (for non-resident individuals) on the payments of interest made by it to non-resident Noteholders provided that the payments are made outside of the territory of PRC. However, this is subject to the interpretation by the PRC tax authorities. If the PRC tax authorities take an interpretation that the interest on the Notes payable by the Issuer is treated as income sourced from the PRC, a withholding tax may be imposed on such interest and the Issuer will pay additional amounts to holders of the Notes so that holders of the Notes would receive the full amount of the scheduled payment, as further set out in the "*Terms and Conditions of the Notes*".

In the case of issuance of Notes by the Hong Kong Branch or other offshore branch of the Bank, Circular 36 does not apply if the provision of loans by individuals or entities located outside the PRC takes place outside the PRC. Neither the Hong Kong Branch or other offshore branch of the Bank nor the holders of the Notes are located in the PRC and if the provision of loans takes place outside the PRC, then no VAT is payable on interest payments under the Notes. This is, however, subject to the interpretation of Circular 36 by the relevant authority.

If the Head Office shall perform the obligation of paying interest of the Notes in the event and only when the Issuer fails to perform its obligations of paying the interest of the Notes, the Head Office will be obliged to withhold PRC income tax at a rate of 10 per cent. (for non-resident enterprises) or 20 per cent. (for non-resident individuals) (unless a lower rate is available under an applicable tax treaty) and PRC VAT tax at the rate of 6 per cent. of the interest component of the amount payable by the Head Office to the Noteholders if the PRC tax authority views such component as an interest income arising within the territory of the PRC.

Non-resident Noteholders will not be subject to the PRC tax on any capital gains derived from a sale or exchange of Notes consummated outside the PRC between non-resident Noteholders, except however, if such capital gains are determined as income sourced in China, accordingly such capital gains would be subject to the rate of 10 per cent. (for non-resident enterprises) or 20 per cent. (for non-resident individuals) of PRC withholding tax unless there is a lower tax rate applicable. According to an arrangement between the Chinese Mainland and Hong Kong for the avoidance of double taxation, Noteholders who are Hong Kong residents, including both enterprise holders and individual holders, will be exempted from PRC income tax on capital gains derived from a sale or exchange of the Notes. There is uncertainty as to whether gains realized on the transfer of the Notes by individual holders who are not PRC citizens or residents will be treated as income sourced within the PRC which as a result will be subject to PRC individual income tax.

Where a holder of the Notes who is an entity or individual located outside of the PRC resells the Notes to an entity or individual located outside of the PRC and derives any gain, since neither the service provider nor the service recipient is located in the PRC, theoretically VAT prescribed under Circular 36 does not apply and the Issuer does not have the obligation to withhold the VAT or the local levies. However, there is uncertainty as to the applicability of VAT if either the seller or buyer of Notes is located inside the PRC.

The above statements on VAT may be subject to further change upon the issuance of further clarification rules and/or different interpretation by the competent tax authority. There is uncertainty as to the application of Circular 36.

Pursuant to the EIT Law and the VAT reform detailed above, the Issuer shall withhold EIT, (should such tax apply) from the payments of interest in respect of the Notes for any non-PRC Noteholder and the Issuer shall withhold VAT (should such tax apply) from the payments of interest in respect of the Notes for any Noteholders located outside of the PRC. However, in the event that the Issuer is required to make such a deduction or withholding (whether by way of EIT or VAT otherwise), the Issuer has agreed to pay such additional amounts as will result in receipt by the Noteholders of such amounts after such withholding or deduction as would have been received by them had no such withholding or deduction been required. For more information, see "*Terms and Conditions of the Notes — Condition 8 (Taxation)*".

No PRC stamp duty will be chargeable upon the issue or transfer (for so long as the register of Noteholders is maintained outside the PRC) of a Note.

HONG KONG

Withholding Tax

No withholding tax is payable in Hong Kong in respect of payments of principal or interest on the Notes or in respect of any capital gains arising from the sale of the Notes.

Profits Tax

Hong Kong profits tax is chargeable on every person carrying on a trade, profession or business in Hong Kong in respect of assessable profits arising in or derived from Hong Kong from such trade, profession or business (excluding profits arising from the sale of capital assets).

Interest on the Notes may be deemed to be profits arising in or derived from Hong Kong from a trade, profession or business carried on in Hong Kong in the following circumstances:

(i) interest on the Notes is derived from Hong Kong and is received by or accrues to a corporation carrying on a trade, profession or business in Hong Kong;

(ii) interest on the Notes is derived from Hong Kong and is received by or accrues to a person, other than a corporation, carrying on a trade, profession or business in Hong Kong and is in respect of the funds of that trade, profession or business;

(iii) interest on the Notes is received by or accrues to a financial institution (as defined in the Inland Revenue Ordinance (Cap. 112) of Hong Kong (the "**IRO**")) and arises through or from the carrying on by the financial institution of its business in Hong Kong; or

(iv) interest on the Notes is received by or accrues to a corporation, other than a financial institution, and arises through or from the carrying on in Hong Kong by the corporation of its intra-group financing business (within the meaning of section 16(3) of the IRO).

Where the Hong Kong Branch is the Issuer, pursuant to the Exemption from Profits Tax (Interest Income) Order, interest income accruing to a person other than a financial institution on deposits (denominated in any currency and whether or not the deposit is evidenced by a certificate of deposit) placed with, inter alia, an authorized institution in Hong Kong (within the meaning of section 2 of the Banking Ordinance (Cap. 155) of Hong Kong) is exempt from the payment of Hong Kong profits tax. This exemption does not apply, however, to deposits that are used to secure or guarantee money borrowed in certain circumstances. Based on the definition of "deposit" in the Banking Ordinance (Cap. 155) of Hong Kong and provided no prospectus involving the issue of the Notes is registered under the Companies (Winding Up and Miscellaneous Provisions) Ordinance (Cap. 32) of Hong Kong, the issue of the Notes by Hong Kong Branch as the Issuer is likely to constitute a deposit to which the above exemption from payment will apply.

Sums received by or accrued to a financial institution by way of gains or profits arising through or from the carrying on by the financial institution of its business in Hong Kong from the sale, disposal and redemption of Notes will be subject to Hong Kong profits tax. Sums received by or accrued to a corporation, other than a financial institution, by way of gains or profits arising through or from the carrying on in Hong Kong by the corporation of its intra-group financing business (within the meaning of section 16(3) of the IRO) from the sale, disposal or other redemption of Notes will be subject to Hong Kong profits tax.

Sums derived from the sale, disposal or redemption of Notes will be subject to Hong Kong profits tax where received by or accrued to a person, other than a financial institution, who carries on a trade, profession or business in Hong Kong and the sum has a Hong Kong source, unless otherwise exempted. The source of such sums will generally be determined by having regard to the manner in which the Notes are acquired and disposed of.

In addition, with effect from 1 January 2024, pursuant to various foreign-sourced income exemption legislation in Hong Kong (the "**FSIE Amendments**"), certain specified foreign-sourced income (including interest, dividend, disposal gain or intellectual property income, in each case, arising in or derived from a territory outside Hong Kong) accrued to an MNE entity (as defined in the FSIE Amendments) carrying on a trade, profession or business in Hong Kong is regarded as arising in or derived from Hong Kong and subject to Hong Kong profits tax when it is received in Hong Kong. The FSIE Amendments also provide for relief against double taxation in respect of certain foreign-sourced income and transitional matters.

In certain circumstances, Hong Kong profits tax exemptions (such as concessionary tax rates) may be available. Investors are advised to consult their own tax advisors to ascertain the applicability of any exemptions to their individual position.

Stamp Duty

Stamp duty will not be payable on the issue of Bearer Notes, provided that either:

(i) such Bearer Notes are denominated in a currency other than the currency of Hong Kong and are not repayable in any circumstances in the currency of Hong Kong; or

(ii) such Bearer Notes constitute loan capital (as defined in the Stamp Duty Ordinance (Cap. 117) of Hong Kong (the "**SDO**")).

If stamp duty is payable, it is payable by the Issuer on the issue of Bearer Notes at a rate of 3 per cent. of the market value of the Bearer Notes at the time of issue. No stamp duty will be payable on any subsequent transfer of Bearer Notes.

No stamp duty is payable on the issue of Registered Notes. Stamp duty may be payable on any transfer of Registered Notes if the relevant transfer is required to be registered in Hong Kong. Stamp duty will, however, not be payable on any transfer of Registered Notes, provided that either:

(i) such Registered Notes are denominated in a currency other than the currency of Hong Kong and are not repayable in any circumstances in the currency of Hong Kong; or

(ii) such Registered Notes constitute loan capital (as defined in the SDO).

With effect from 17 November 2023, if stamp duty applies to the transfer of Registered Notes required to be registered in Hong Kong and which are not otherwise exempt it will be payable at the rate of 0.2 per cent. (of which 0.1 per cent. is payable by the seller and 0.1 per cent. is payable by the purchaser) normally by reference to the consideration or its value, whichever is higher. In addition, stamp duty is payable at the fixed rate of HK$5 on each instrument of transfer executed in relation to any transfer of the Registered Notes if the relevant transfer is required to be registered in Hong Kong.

United States FATCA Tax Provisions

Pursuant to certain provisions of the U.S. Internal Revenue Code of 1986, as amended, commonly known as FATCA, a "foreign financial institution" (as defined by FATCA) may be required to withhold on certain payments it makes ("**foreign passthru payments**") to persons that fail to meet certain certification, reporting or related requirements. The Issuer may be a foreign financial institution for these purposes. A number of jurisdictions (including the People's Republic of China) have entered into, or have agreed in substance to, intergovernmental agreements with the United States to implement FATCA ("**IGAs**"), which modify the way in which FATCA applies in their jurisdictions. Under the provisions of IGAs as currently in effect, a foreign financial institution in an IGA jurisdiction would generally not be required to withhold under FATCA or an IGA from payments that it makes. Certain aspects of the application of the FATCA provisions and IGAs to instruments such as the Notes, including whether withholding would ever be required pursuant to FATCA or an IGA with respect to payments on instruments such as Notes, are uncertain and may be subject to change. Even if withholding would be required pursuant to FATCA or an IGA with respect to payments on instruments such as the Notes, such withholding would not apply prior to the date that is two years after the date on which final regulations defining foreign passthru payments are published in the U.S. Federal Register and Notes characterised as debt (or which are not otherwise characterised as equity and have a fixed term) for U.S. federal tax purposes that are issued on or prior to the date that is six months after the date on which final regulations defining "foreign passthru payments" are filed with the U.S. Federal Register generally would be "grandfathered" for purposes of FATCA withholding unless materially modified after such date. However, if additional notes (as described under "Terms and Conditions of the Notes — Further Issues") that are not distinguishable from previously issued Notes are issued after the expiration of the

grandfathering period and are subject to withholding under FATCA, then withholding agents may treat all Notes, including the Notes offered prior to the expiration of the grandfathering period, as subject to withholding under FATCA.

Holders should consult their own tax advisers regarding how these rules may apply to their investment in Notes.

PRC CURRENCY CONTROLS

REMITTANCE OF RENMINBI INTO AND OUTSIDE THE PRC

Renminbi is not a freely convertible currency. The remittance of Renminbi into and outside the PRC is subject to controls imposed under PRC law.

CURRENT ACCOUNT ITEMS

Under PRC foreign exchange control regulations, current account items refer to any transaction for international receipts and payments involving goods, services, earnings and other frequent transfers.

Since July 2009, the PRC has commenced a pilot scheme pursuant to which Renminbi may be used for settlement of imports and exports of goods between approved pilot enterprises in five designated cities in the PRC including Shanghai, Guangzhou, Dongguan, Shenzhen and Zhuhai, and enterprises in designated offshore jurisdictions including Hong Kong and Macau. In June 2010, July 2011 and February 2012 respectively, the PRC government promulgated the Circular on Issues concerning the Expansion of the Scope of the Pilot Programme of Renminbi Settlement of Cross-Border Trades, the Circular on Expanding the Regions of Cross-border Trade Renminbi Settlement and the Notice on Matters Relevant to the Administration of Enterprises Engaged in Renminbi Settlement of Export Trade in Goods, Circulars with regard to the expansion of designated cities and offshore jurisdictions implementing the pilot Renminbi settlement scheme for cross-border trades. Pursuant to these circulars (i) Renminbi settlement of imports and exports of goods and of services and other current account items became permissible, (ii) the list of designated pilot districts was expanded to cover 20 provinces and cities, (iii) the restriction on designated offshore districts has been uplifted, and (iv) any enterprise qualified for the export and import business is permitted to use Renminbi as settlement currency for exports of goods, provided that the relevant provincial government has submitted to the PBOC and five other PRC authorities (the "**Six Authorities**") a list of key enterprises subject to supervision and the Six Authorities have verified and signed off such list (the "**Supervision List**"). On 8 May 2012, the PBOC issued a notice stating that the Six Authorities had jointly verified and announced a Supervision List and as a result any enterprise qualified for the export and import business is permitted to use Renminbi as settlement currency for exports.

On 5 July 2013, the PBOC promulgated the *Circular on Policies related to Simplifying and Improving Cross-border Renminbi Business Procedures* (關於簡化跨境人民幣業務流程和完善有關政策的通知) (銀發[2013]168號), which, in particular, simplifies the procedures for cross-border Renminbi trade settlement under current account items. For example, PRC banks may conduct settlement for the PRC enterprises (excluding those on the Supervision List) upon the PRC enterprises presenting the payment instruction. PRC banks may also allow the PRC enterprises to make/receive payments under current account items prior to the relevant PRC bank's verification of underlying transactions (noting that verification of underlying transactions is usually a precondition for cross-border remittance).

On 23 October 2019, the SAFE promulgated the *Notice by the State Administration of Foreign Exchange of Simplifying Foreign Exchange Accounts* (國家外匯管理局關於精簡外匯賬戶的通知，匯發[2019]29號) which became effective on 1 February 2020. SAFE has decided to review and integrate certain foreign exchange accounts and further reduce the types of accounts in order to further intensify the reform of foreign exchange administration, simplify the relevant business operating procedures, and facilitate true and compliant foreign exchange transactions by banks, enterprises and other market participants. For example, "Current accounts — foreign currency cash account" and "current accounts — foreign exchange account under current accounts of overseas institutions" are included in "current accounts — foreign exchange settlement account".

On the same day, the SAFE issued the Notice by the State Administration of Foreign Exchange of Further Facilitating Cross-border Trade and Investment (國家外匯管理局關於進一步促進跨境貿易投資便利化的通知，匯發[2019]28號), based on which, for the revenue obtained by an enterprise from trade in goods, the enterprise may, on its own, decide whether to open a to-be-inspected account for export revenue ("**to-be-inspected account**"). If an enterprise has not opened a to-be-inspected account, the examined revenue from trade in goods by the bank in accordance with the existing provisions may be directly deposited into the foreign exchange account under current accounts or used for foreign exchange settlement.

On 28 August 2020, the SAFE issued the Notice of the State Administration of Foreign Exchange on Issuing the Guidelines for Foreign Exchange Business of Current Account (2020 Edition) (國家外匯管理局關於印發《經常項目外匯業務指引(2020年版)》的通知，匯發[2020]14號), (the "**SAFE Current Account Guidelines**") in order to integrate and simplify then existing laws and regulations regarding foreign exchange transactions under current account items. The SAFE Current Account Guidelines do not create substantial amendments to existing laws and regulations.

The foregoing measures and circulars will be subject to interpretation and application by the relevant PRC authorities. Local authorities may adopt different practises in applying these circulars and impose conditions for settlement of current account items.

CAPITAL ACCOUNT ITEMS

Under PRC foreign exchange control regulations, capital account items include cross-border transfers of capital, direct investments, securities investments, derivative products and loans. Capital account payments are generally subject to approval of the relevant PRC authorities.

Settlements for capital account items are generally required to be made in foreign currencies. For instance, foreign investors (including any Hong Kong investors) are generally required to make any capital contribution to foreign invested enterprises in a foreign currency in accordance with the terms set out in the relevant joint venture contracts and/or articles of association as approved by the relevant authorities. Foreign invested enterprises or any other relevant PRC parties are also generally required to make capital item payments including proceeds from liquidation, transfer of shares, reduction of capital, interest and principal repayment to foreign investors in a foreign currency. That said, the relevant PRC authorities may approve a foreign entity to make a capital contribution or a shareholder's loan to a foreign invested enterprise with Renminbi lawfully obtained by it outside the PRC and for the foreign invested enterprise to service interest and principal repayment to its foreign investor outside the PRC in Renminbi on a trial basis. The foreign invested enterprise may also be required to complete a registration and verification process with the relevant PRC authorities before such Renminbi remittances. Some restrictions on the use of certain capital account items have been relaxed. Pursuant to the Notice on Further Optimizing Cross-border Renminbi Policies to Support the Stabilization of Foreign Trade and Foreign Investment (關於進一步優化跨境人民幣政策支持穩外貿穩外資的通知，銀發[2020]330號), effective on 4 April 2021, foreign-invested enterprises became allowed to reinvest capital account Renminbi denominated income into investment projects in the PRC.

On 7 April 2011, SAFE promulgated the SAFE Circular, which became effective on 1 May 2011. According to the SAFE Circular, in the event that foreign investors intend to use Renminbi (including offshore Renminbi and onshore Renminbi held in the capital accounts of non-PRC residents) to make contribution to an onshore enterprise or make payment for the transfer of equity interest of an onshore enterprise by a PRC resident, such onshore enterprise shall be required to submit the prior written consent of the relevant MOFCOM to the relevant local branches of SAFE of such onshore enterprise and register for a foreign invested enterprise status. Further, the SAFE Circular clarifies that the foreign debts borrowed, and the foreign guarantee provided, by an onshore entity (including a financial institution) in Renminbi shall, in principle, be regulated under the current PRC foreign debt and foreign guarantee regime.

On 12 October 2011, MOFCOM promulgated the Notice on Issues concerning Cross-border Direct Investment in RMB (the "**2011 MOFCOM Notice**"). In accordance with the 2011 MOFCOM Notice, MOFCOM and its local counterparts are authorised to approve RMB FDI in accordance with existing PRC laws and regulations regarding foreign investment, with the following exceptions which require the preliminary approval by the provincial counterpart of MOFCOM and the consent of MOFCOM: (i) RMB FDI with the capital contribution in Renminbi of RMB300 million or more; (ii) RMB FDI in financing guarantee, financing lease, micro financing or auction industries; (iii) RMB FDI in foreign invested investment companies, venture capital or equity investment enterprises; or (iv) RMB FDI in cement, iron & steel, electrolytic aluminium, shipbuilding or other policy sensitive sectors. In addition, RMB FDI in real estate sector is allowed following the existing rules and regulations of foreign investment in real estate, although Renminbi foreign debt remains unavailable to foreign invested real estate enterprises. The proceeds of RMB FDI may not be used towards investment in securities, financial derivatives or entrustment loans in the PRC, except for investments in PRC domestic listed companies through private placements or share transfers by agreement under the PRC strategic investment regime.

On 13 October 2011, the PBOC promulgated the PBOC RMB FDI Measures as amended in May 2015, pursuant to which, PBOC special approval for RMB FDI and shareholder loans which was required by an earlier circular of the PBOC is no longer necessary. The PBOC RMB FDI Measures provide that, among others, foreign invested enterprises are required to conduct registrations with the local branch of the PBOC within ten working days after obtaining the business licenses for the purpose of Renminbi settlement, and a foreign investor is allowed to open Renminbi special accounts for designated usage in relation to making equity investment in a PRC enterprise or receiving Renminbi proceeds from distribution (dividends or otherwise) by its PRC subsidiaries. The PBOC RMB FDI Measures also state that the foreign debt quota of a foreign invested enterprise constitutes its Renminbi debt and foreign currency debt from its offshore shareholders, offshore affiliates and offshore financial institutions, and a foreign invested enterprise may open a Renminbi account to receive its Renminbi proceeds borrowed offshore by submitting the Renminbi loan contract to the commercial bank and make repayments of principal of and interest on such debt in Renminbi by submitting certain documents as required to the commercial bank.

On 19 November 2012, SAFE promulgated the Circular of Further Improving and Adjusting Foreign Exchange Administration Policies on Foreign Direct Investment (國家外匯管理局關於進一步改進和調整直接投資外匯管理政策的通知，(匯發[2012]59號)) (the "**SAFE Circular on FDI**"), which became effective on 17 December 2012 and was later amended on 4 May 2015. According to the SAFE Circular on FDI, SAFE removes or adjusts certain administrative licensing items with regard to foreign exchange administration over direct investments to promote investment, including, but not limited to, the abrogation of SAFE approval for opening of and payment into foreign exchange accounts under direct investment accounts, the abrogation of SAFE approval for reinvestment with legal income generated within the PRC of foreign investors, the simplification of the administration of foreign exchange reinvestments by foreign investment companies, and the abrogation of SAFE approval for purchase and external payment of foreign exchange under direct investment accounts.

On 3 December 2013, the MOFCOM promulgated the MOFCOM Circular, which became effective on 1 January 2014, to further facilitate FDI by simplifying and streamlining the applicable regulatory framework. The MOFCOM Circular replaced the 2011 MOFCOM Notice. Pursuant to the MOFCOM Circular, written approval from the appropriate office of MOFCOM and/or its local counterparts specifying "Renminbi Foreign Direct Investment" and the amount of capital contribution is required for each FDI. Compared with the 2011 MOFCOM Notice, the MOFCOM Circular no longer contains the requirements for central level MOFCOM approvals for investments of RMB300 million or above, or in certain industries, such as financial guarantee, financial leasing, micro-credit, auction, foreign invested investment companies, venture capital and equity investment vehicles, cement, iron and steel, electrolyse aluminium, ship building and other industries under the state macro regulation. Unlike the 2011 MOFCOM Notice, the MOFCOM Circular has also removed the approval requirement for foreign

investors who intend to change the currency of their existing capital contribution from a foreign currency to Renminbi. In addition, the MOFCOM Circular also clearly prohibits FDI funds from being used for any investments in securities and financial derivatives (except for investments in PRC listed companies by strategic investors) or for entrustment loans in the PRC.

On 30 March 2015, SAFE promulgated the Notices of Reformation on Administration of Settlement of Capital Foreign Exchange of Foreign-invested Enterprises (關於改革外商投資外匯資本金結匯管理方式的通知(匯發[2015]19號)), which became effective on 1 June 2015. In order to further deepen the reform of the foreign exchange administration system, better satisfy and facilitate the needs of foreign-invested enterprises for business and capital operation, the SAFE has decided to reform the management approach regarding the settlement of the foreign exchange capital of foreign-invested enterprises nationwide on the basis of summarising the pilot experience of certain regions in the early days. The key points of this notice set out as the following:

- the foreign exchange capital of foreign-invested enterprises shall be subject to the discretional foreign exchange settlement;

- the capital in Renminbi obtained by foreign-invested enterprises from the discretionary settlement of foreign exchange capital shall be managed under the account pending for foreign exchange settlement payment;

- the use of capital by foreign-invested enterprises shall follow the principles of authenticity and self-use within the business scope of enterprises;

- facilitating foreign-invested enterprises in carrying out domestic equity investment with the capital obtained from foreign exchange settlement;

- further standardising the administration of payment by the capital obtained by foreign exchange settlement;

- administration of the settlement and use of the capital in other foreign exchange accounts under direct investment; and

- further strengthening the ex-post regulation as well as investigation on and punishment against violations by the foreign exchange bureaus.

Previously, Renminbi may only be converted for capital account expenses once the prior approval of the SAFE had been obtained. However, according to the Circular of the SAFE on Further Simplifying and Improving the Foreign Exchange Administration Policies of Foreign Direct Investment (國家外匯管理局關於進一步簡化和改進直接投資外匯管理政策的通知(匯發[2015]13號)) issued on 28 February 2015, the SAFE authorised some qualified local banks in the PRC to carry out foreign exchange procedures in relation to inbound and outbound investment from 1 June 2015.

On 26 January 2017, the SAFE issued the Notice on Further Promoting the Reform of Foreign Exchange Administration and Improving the Examination of Authenticity and Compliance (國家外匯管理局關於進一步推進外匯管理改革完善真實合規性審核政策的通知(匯發[2017]3號)) to further advance the reform of foreign exchange administration, such as:

- settlement of domestic foreign exchange loans are allowed for export trade in goods. A domestic institution shall repay loans with the foreign exchange funds received from export trade in goods, rather than, in principle, purchased foreign exchange;

- a debtor may directly or indirectly repatriate the funds under guarantee and use them domestically by, among others, granting loans and making equity investment domestically. Where a bank performs its guarantee obligation under overseas loans with domestic guarantee, relevant foreign exchange settlement and sale shall be managed as the bank's own foreign exchange settlement and sale;

- the deposits absorbed by a domestic bank through its principal international foreign exchange account and allowed to be used domestically are no more than 100 per cent. of the average daily deposit balance in the previous six months as opposed to the former 50 per cent. The funds used domestically are not included in the bank's outstanding short-term external debt quota;

- allowing foreign exchange settlement in the domestic foreign exchange accounts of overseas institutions within pilot free trade zones: Where funds are repatriated and used domestically after settlement, a domestic bank shall, under the relevant provisions on cross-border transactions, handle such funds by examining the valid commercial documents and vouchers of domestic institutions and domestic individuals; and

- where a domestic institution grants overseas loans, the total of the balance of overseas loans granted in domestic currency and the balance of overseas loans granted in foreign currency shall not exceed 30 per cent. of owner's equity in the audited financial statements of the previous year.

Since September 2015, qualified multinational enterprise groups can extend Renminbi-denominated loans to, or borrow Renminbi-denominated loans from, eligible offshore member entities within the same group by leveraging the cash pooling arrangements. The Renminbi funds will be placed in a special deposit account and may not be used to invest in stocks, financial derivatives, or non-self-use real estate assets, or purchase wealth management products or extend loans to enterprises outside the group.

The securities markets, specifically the Renminbi Qualified Foreign Institutional Investor ("**RQFII**") regime and the China Interbank Bond Market ("**CIBM**"), have been further liberalised for foreign investors. The PBOC has relaxed the quota control for RQFII, initiated a bond market mutual access scheme between mainland and Hong Kong to allow eligible investors to invest in CIBM and has also expanded the list of foreign investors eligible to directly invest in CIBM, removed quota restriction, and granted more flexibility for the settlement agents to provide the relevant institutions with more trading facilities (for example, in relation to derivatives for hedging foreign exchange risk).

The interbank foreign exchange market is also opening up. In 2018, CFETS further relaxed qualifications, application materials and the procedures for foreign participating banks (which needs to have a relatively large scale of Renminbi purchase and sale business and international influence) to access the inter-bank foreign exchange market.

On 23 October 2019, the SAFE promulgated *Notice by the State Administration of Foreign Exchange of Simplifying Foreign Exchange Accounts* (國家外匯管理局關於精簡外匯賬戶的通知，匯發[2019]29號) which became effective on 1 February 2020, according to which, several measures were taken to intensify, for example, "Capital accounts — special account for domestic reinvestment" is included in "capital accounts — foreign exchange capital account".

On the same day, the SAFE issued *Notice by the State Administration of Foreign Exchange of Further Facilitating Cross-border Trade and Investment* (國家外匯管理局關於進一步促進跨境貿易投資便利化的通知，匯發[2019]28號) in order to further promote the reform of "simplification of administrative procedures and decentralization of powers, combination of decentralization and appropriate control, and optimization of services". It cancelled restrictions on the use of funds in domestic asset realization accounts for foreign exchange settlement and restrictions on the number of opened foreign exchange accounts under capital accounts.

Recent reforms introduced were aimed at controlling the remittance of Renminbi for payment of transactions categorised as capital account items. There is no assurance that the PRC government will continue to gradually liberalise the control over Renminbi payments of capital account item transactions in the future. The relevant regulations are relatively new and will be subject to interpretation and application by the relevant PRC authorities. Further, if any new PRC regulations are promulgated in the future which have the effect of permitting or restricting (as the case may be) the remittance of Renminbi for payment of transactions categorised as capital account items, then such remittances will need to be made subject to the specific requirements or restrictions set out in such rules.

SUBSCRIPTION AND SALE

DEALER AGREEMENT

Subject to the terms and on the conditions contained in the dealer agreement dated 5 June 2026 (such Dealer Agreement as modified and/or supplemented and/or restated from time to time, the "Dealer Agreement") made between the Bank, the Hong Kong Branch, the Arranger and the Permanent Dealer, the Notes will be offered on a continuous basis by the Issuer to the Permanent Dealer. The Notes may be resold at prevailing market prices, or at prices related thereto, at the time of such resale, as determined by the relevant Dealer. The Notes may also be sold by the Issuer through the Dealers, acting as agents of the Issuer. The Dealer Agreement also provides for Notes to be issued in syndicated Tranches that are severally underwritten by two or more Dealers.

The Issuer will pay each relevant Dealer a commission as agreed between them in respect of Notes subscribed by it. The Issuer will reimburse the Arranger for certain of their expenses incurred in connection with the establishment and update of the Programme and the Dealers for certain of their activities in connection with the Programme. The commissions in respect of an issue of Notes on a syndicated basis will be stated in the relevant subscription agreement.

The Issuer will indemnify the Dealers against certain liabilities in connection with the offer and sale of the Notes. The Dealer Agreement entitles the Dealers to terminate any agreement that they make to subscribe Notes in certain circumstances prior to payment for such Notes being made to the Issuer.

In connection with the issue of any Tranche of Notes, the Dealer or Dealers (if any) named as the Stabilisation Manager(s) (or person(s) acting on behalf of any Stabilisation Manager(s)) in the applicable Pricing Supplement may over-allot Notes or effect transactions with a view to supporting the market price of the Notes at a level higher than that which might otherwise prevail. However, stabilisation may not necessarily occur. Any stabilisation action may begin on or after the date on which adequate public disclosure of the terms of the offer of the relevant Tranche of Notes is made and, if begun, may cease at any time, but it must end no later than the earlier of 30 days after the issue date of the relevant Tranche of Notes and 60 days after the date of the allotment of the relevant Tranche of Notes. Any stabilisation action or over-allotment must be conducted by the relevant Stabilisation Manager(s) (or person(s) acting on behalf of any Stabilisation Manager(s)) in accordance with all applicable laws and rules. Any loss or profit sustained as a consequence of any such over-allotment or stabilisation shall be for the account of the relevant Dealers.

The Arranger, the Dealers and their respective affiliates are full service financial institutions engaged in various activities, which may include securities trading, commercial and investment banking, financial advisory, investment management, principal investment, hedging, financing and brokerage activities ("**Banking Services or Transactions**"). The Arranger, the Dealers or any of their respective affiliates may have, from time to time, performed, and may in the future perform, various Banking Services or Transactions with or for the Issuer and/or its affiliates for which they have received, or will receive, fees and expenses and may, from time to time, engage in transactions with and perform services for the Issuer and/or its affiliates in the ordinary course of the Issuer's or their business.

In the ordinary course of their various business activities, the Arranger, the Dealers and their respective affiliates make or hold a broad array of investments and actively trade debt and equity securities (or related derivative securities) and financial instruments (including bank loans) for their own account and for the accounts of their customers, and may at any time hold long and short positions in such securities and instruments. Such investment and securities activities may involve securities and instruments of the Issuer, the Bank or the Hong Kong Branch, including the Notes and could adversely affect the trading price and liquidity of the relevant Notes. The Arranger, the Dealers and their affiliates may make investment recommendations and/or publish or express independent research views (positive or negative)

in respect of the Notes or other financial instruments of the Issuer, the Bank or the Hong Kong Branch and may recommend to their clients that they acquire long and/or short positions in the Notes or other financial instruments of the Issuer, the Bank or the Hong Kong Branch.

In connection with each Tranche of Notes issued under the Programme, the Dealers or certain of their affiliates or affiliates of the Issuer may purchase Notes and be allocated Notes for asset management and/or proprietary purposes but not with a view to distribution. Further, the Dealers and/or their respective affiliates or affiliates of the Issuer may act as investors and place orders, receive allocations and purchase and trade Notes for their own account (without a view to distributing such Notes) and such orders and/or allocations and/or trades of the Notes may be material. Such entities may hold or sell such Notes or purchase further Notes for their own account in the secondary market or deal in any other securities of the Issuer, and therefore, they may offer or sell the Notes or other securities otherwise than in connection with the offering. Accordingly, references herein to the Notes being "offered" should be read as including any offering of the Notes to the Issuer, the Bank, the Hong Kong Branch, the Arranger, the Dealers and/or their respective affiliates, or affiliates of the Issuer as investors for their own account. Such entities are not expected to disclose such transactions or the extent of any such investment, otherwise than in accordance with any legal or regulatory obligation to do so. If such transactions occur, the trading price and liquidity of such Notes may be impacted.

Furthermore, it is possible that a significant proportion of a Series of the Notes may be initially allocated to, and subsequently held by, a limited number of investors. If this is the case, the trading price and liquidity of trading in such Notes may be constrained. The Issuer, the Bank, the Hong Kong Branch and the Dealers are under no obligation to disclose the extent of the distribution of the Notes amongst individual investors, otherwise than in accordance with any applicable legal or regulatory requirements.

Notice to capital market intermediaries and prospective investors pursuant to paragraph 21 of the Hong Kong SFC Code of Conduct — Important Notice to CMIs (including private banks)

This notice to CMIs (including private banks) is a summary of certain obligations the SFC Code imposes on CMIs, which require the attention and cooperation of other CMIs (including private banks). Certain CMIs may also be acting as OCs for the relevant CMI Offering and are subject to additional requirements under the SFC Code. The application of these obligations will depend on the role(s) undertaken by the relevant Dealers in respect of each CMI Offering.

Prospective investors who are the directors, employees or major shareholders of the Issuer, a CMI or its group companies would be considered under the SFC Code as having an Association with the Issuer, the CMI or the relevant group company. CMIs should specifically disclose whether their investor clients have any Association when submitting orders for the relevant Notes. In addition, private banks should take all reasonable steps to identify whether their investor clients may have any Associations with the Issuer or any CMI (including its group companies) and inform the relevant Dealers accordingly.

CMIs are informed that, unless otherwise notified, the marketing and investor targeting strategy for the relevant CMI Offering includes institutional investors, sovereign wealth funds, pension funds, hedge funds, family offices and high net worth individuals, in each case, subject to the selling restrictions and any MiFID II product governance language or any UK MiFIR product governance language set out elsewhere in this Offering Circular and/or the applicable Pricing Supplement.

CMIs should ensure that orders placed are bona fide, are not inflated and do not constitute duplicated orders (i.e. two or more corresponding or identical orders placed via two or more CMIs). CMIs should enquire with their investor clients regarding any orders which appear unusual or irregular. CMIs should disclose the identities of all investors when submitting orders for the relevant Notes (except for omnibus orders where underlying investor information may need to be provided to any OCs when submitting orders). Failure to provide underlying investor information for omnibus orders, where required to do so, may result in that order being rejected. CMIs should not place "X-orders" into the order book.

CMIs should segregate and clearly identify their own proprietary orders (and those of their group companies, including private banks as the case may be) in the order book and book messages.

CMIs (including private banks) should not offer any rebates to prospective investors or pass on any rebates provided by the Issuer. In addition, CMIs (including private banks) should not enter into arrangements which may result in prospective investors paying different prices for the relevant Notes. CMIs are informed that a private bank rebate may be payable as stated above and in the applicable Pricing Supplement, or otherwise notified to prospective investors.

The SFC Code requires that a CMI disclose complete and accurate information in a timely manner on the status of the order book and other relevant information it receives to targeted investors for them to make an informed decision. In order to do this, those Dealers in control of the order book should consider disclosing order book updates to all CMIs.

When placing an order for the relevant Notes, private banks should disclose, at the same time, if such order is placed other than on a "principal" basis (whereby it is deploying its own balance sheet for onward selling to investors). Private banks who do not provide such disclosure are hereby deemed to be placing their order on such a "principal" basis. Otherwise, such order may be considered to be an omnibus order pursuant to the SFC Code. Private banks should be aware that placing an order on a "principal" basis may require the relevant affiliated Dealer(s) (if any) to categorise it as a proprietary order and apply the "proprietary orders" requirements of the SFC Code to such order and will result in that private bank not being entitled to, and not being paid, any rebate.

In relation to omnibus orders, when submitting such orders, CMIs (including private banks) that are subject to the SFC Code should disclose underlying investor information in respect of each order constituting the relevant omnibus order (failure to provide such information may result in that order being rejected). Underlying investor information in relation to omnibus orders should consist of:

(a) The name of each underlying investor;

(b) A unique identification number for each investor;

(c) Whether an underlying investor has any "Associations" (as used in the SFC Code);

(d) Whether any underlying investor order is a "Proprietary Order" (as used in the SFC Code);

(e) Whether any underlying investor order is a duplicate order.

Underlying investor information in relation to omnibus order should be sent to the Managers named in the relevant Pricing Supplement.

To the extent information being disclosed by CMIs and investors is personal and/or confidential in nature, CMIs (including private banks) agree and warrant: (A) to take appropriate steps to safeguard the transmission of such information to any OCs; and (B) that they have obtained the necessary consents from the underlying investors to disclose such information to any OCs. By submitting an order and providing such information to any OCs, each CMI (including private banks) further warrants that they and the underlying investors have understood and consented to the collection, disclosure, use and transfer of such information by any OCs and/or any other third parties as may be required by the SFC Code, including to the Issuer, relevant regulators and/or any other third parties as may be required by the SFC Code, for the purpose of complying with the SFC Code, during the bookbuilding process for the relevant CMI Offering. CMIs that receive such underlying investor information are reminded that such information should be used only for submitting orders in the relevant CMI Offering. The Dealers may be asked to demonstrate compliance with their obligations under the SFC Code, and may request other CMIs (including private

banks) to provide evidence showing compliance with the obligations above (in particular, that the necessary consents have been obtained). In such event, other CMIs (including private banks) are required to provide the relevant Dealers with such evidence within the timeline requested.

UNITED STATES

Each Dealer has represented and agreed and each further Dealer appointed under the Programme will be required to represent and agree that:

(a) The Notes have not been and will not be registered under the Securities Act and may not be offered or sold within the United States (or, in certain circumstances, to, or for the account or benefit of, U.S. persons) except pursuant to an exemption from, or a transaction not subject to, the registration requirements of the Securities Act.

(b) Bearer Notes are subject to U.S. tax law requirements and may not be offered, sold or delivered within the United States or its possessions or to a United States person, except in certain transactions permitted by U.S. tax regulations. Bearer Notes will be issued in accordance with the provisions of U.S. Treasury Regulation or section 1.163 — 5(c)(2)(i)(D), unless the relevant Pricing Supplement specifies that Notes will be issued in accordance with the provision of U.S. Treasury Regulation or section 1.163 — 5(c)(2)(i)(C). The applicable Pricing Supplement will identify whether TEFRA C rules or TEFRA D rules apply or whether TEFRA is not applicable.

(c) In connection with any Notes which are offered or sold outside the United States in reliance on exemption from the registration requirements of the Securities Act provided under Category 1 of Regulation S ("**Category 1 of Regulation S Notes**"), each Dealer has represented and agreed, and each further Dealer appointed under the Programme will be required to represent and agree, that it has not offered or sold, and it will not offer or sell any Notes constituting part of its allotment in the United States except in accordance with Rule 903 of Regulation S under the Securities Act. Accordingly, neither it, its affiliates nor any persons acting on its or their behalf have engaged or will engage in any directed selling efforts with respect to the Notes. In addition, until 40 days after the commencement of the offering of any identifiable tranche of such Notes, an offer or sale of Notes within the United States by any dealer (whether or not participating in the offering) may violate the registration requirements of the Securities Act if such offer or sale is made otherwise than in accordance with an available exemption from registration under the Securities Act. Each Dealer has represented, and each further Dealer appointed under the Programme will be required to, represent that it has not entered and agrees that it will not enter into any contractual arrangement with any distributor (as such term is defined in Regulation S) with respect to the distribution or delivery of the Notes, except with its affiliates or with the prior written consent of the Issuer.

(d) In connection with any Notes which are offered or sold outside the United States in reliance on an exemption from the registration requirements of the Securities Act provided under Category 2 of Regulation S ("**Category 2 of Regulation S Notes**"), each Dealer has represented and agreed, and each further Dealer appointed under the Programme will be required to represent and agree, that it has offered, sold and delivered, and it will offer, sell or deliver such Category 2 of Regulation S Notes (i) as part of their distribution at any time or (ii) otherwise until 40 days after the completion of the distribution only in accordance with Rule 903 of Regulation S under the Securities Act. Accordingly, neither it, its affiliates nor any persons acting on its or their behalf have engaged or will engage in any directed selling efforts with respect to the Notes, and it and they have complied and shall comply with the offering restrictions requirement of Regulation S. Each Dealer has further agreed, and each further Dealer appointed under the Programme will be required to agree, that, at or prior to confirmation of sale of Category 2 of Regulation S Notes, it will have sent to each distributor, dealer or person receiving a selling concession, fee or other remuneration that

purchases any Category 2 of Regulation S Notes from it during the distribution compliance period a confirmation or notice setting forth the restrictions on offers and sales of the Category 2 of Regulation S Notes within the United States or to, or for the account or benefit of, U.S. persons. Each Dealer has represented, and each further Dealer appointed under the Programme will be required to, represent that it has not entered and agrees that it will not enter into any contractual arrangement with any distributor (as such term is defined in Regulation S) with respect to the distribution or delivery of the Notes, except with its affiliates or with the prior written consent of the Issuer.

(e) Until 40 days after the commencement of the offering of any Series of Notes, an offer or sale of such Notes within the United States by any dealer (whether or not participating in the offering) may violate the registration requirements of the Securities Act if such offer or sale is made otherwise than in accordance with an available exemption from registration under the Securities Act.

PROHIBITION OF SALES TO UK RETAIL INVESTORS

Unless the Pricing Supplement in respect of any Notes specifies "Prohibition of Sales to UK Retail Investors" as "Not Applicable", each Dealer has represented and agreed, and each further Dealer appointed under the Programme will be required to represent and agree, that it has not offered, sold, distributed or otherwise made available and will not offer, sell, distribute or otherwise make available any Notes which are the subject of this Offering Circular as completed by the Pricing Supplement in relation thereto to any retail investor in the United Kingdom. For the purposes of this provision:

(a) the expression "**retail investor**" means a person who is either one (or both) of the following:

  (i) not a professional client, as defined in point (8) of Article 2(1) of Regulation (EU) No 600/2014 as it forms part of domestic law by virtue of the European Union (Withdrawal) Act 2018; or

  (ii) not a qualified investor as defined in paragraph 15 of Schedule 1 to the Public Offers and Admissions to Trading Regulations 2024; and

(b) the expression an "**offer**" includes the communication in any form and by any means of sufficient information on the terms of the offer and the Notes to be offered so as to enable an investor to decide to buy or subscribe for the Notes.

If the Pricing Supplement in respect of any Notes specifies "Prohibition of Sales to UK Retail Investors" as "Not Applicable", each Dealer has represented and agreed, and each further Dealer appointed under the Programme will be required to represent and agree, that it has not made and will not make an offer of Notes which are the subject of this Offering Circular as completed by the Pricing Supplement in relation thereto to the public in the United Kingdom except that it may make an offer of such Notes to the public in the United Kingdom:

(a) at any time where the offer is conditional on the admission of the Notes to trading on the London Stock Exchange plc's main market (in reliance on the exception in paragraph 6(a) of Schedule 1 to the POATRs);

(b) at any time to any legal entity which is a qualified investor as defined in paragraph 15 of Schedule 1 to the POATRs;

(c) at any time to fewer than 150 persons (other than qualified investors as defined in paragraph 15 of Schedule 1 to the POATRs) in the United Kingdom subject to obtaining the prior consent of the relevant Dealer or Dealers nominated by the Issuer for any such offer; or

(d) at any time in any other circumstances falling within Part 1 of Schedule 1 to the POATRs,

For the purposes of this provision, the expression "**an offer of Notes to the public**" in relation to any Notes means the communication in any form and by any means of sufficient information on the terms of the offer and the Notes to be offered so as to enable an investor to decide to buy or subscribe for the Notes and the expression "**POATRs**" means the Public Offers and Admissions to Trading Regulations 2024.

SELLING RESTRICTIONS ADDRESSING ADDITIONAL UNITED KINGDOM SECURITIES LAWS

Each Dealer has represented and agreed, and each further Dealer appointed under the Programme will be required to represent and agree that, except as permitted by the relevant subscription agreement:

(a) in relation to any Notes which have a maturity of less than one year, (i) it is a person whose ordinary activities involve it in acquiring, holding, managing or disposing of investments (as principal or agent) for the purposes of its business and (ii) it has not offered or sold and will not offer or sell any Notes other than to persons whose ordinary activities involve them in acquiring, holding, managing or disposing of investments (as principal or as agent) for the purposes of their businesses or who it is reasonable to expect will acquire, hold, manage or dispose of investments (as principal or agent) for the purposes of their businesses where the issue of the Notes would otherwise constitute a contravention of Section 19 of the Financial Services and Markets Acts 2000 (the "**FSMA**") by the Issuer;

(b) it has only communicated or caused to be communicated and will only communicate or cause to be communicated an invitation or inducement to engage in investment activity (within the meaning of Section 21 of the FSMA) received by it in connection with the issue or sale of any Notes in circumstances in which Section 21(1) of the FSMA does not apply to the Issuer; and

(c) it has complied and will comply with all applicable provisions of the FSMA with respect to anything done by it in relation to any Notes in, from or otherwise involving the United Kingdom.

PROHIBITION OF SALES TO EEA RETAIL INVESTORS

Unless the Pricing Supplement in respect of any Notes specifies "Prohibition of Sales to EEA Retail Investors" as "Not Applicable", each Dealer has represented and agreed, and each further Dealer appointed under the Programme will be required to represent and agree, that it has not offered, sold or otherwise made available and will not offer, sell or otherwise make available any Notes which are the subject of the offering contemplated by this Offering Circular as completed by the Pricing Supplement in relation thereto to any retail investor in the European Economic Area. For the purposes of this provision:

(a) the expression "retail investor" means a person who is one (or more) of the following:

(i) a retail client as defined in point (11) of Article 4(1) of Directive 2014/65/EU (as amended, "MiFID II"); or

(ii) a customer within the meaning of Directive (EU) 2016/97 (the "Insurance Distribution Directive"), where that customer would not qualify as a professional client as defined in point (10) of Article 4(1) of MiFID II; or

(iii) not a qualified investor as defined in the Prospectus Regulation (as defined below); and

(b) the expression an "offer" includes the communication in any form and by any means of sufficient information on the terms of the offer and the Notes to be offered so as to enable an investor to decide to purchase or subscribe for the Notes.

If the Pricing Supplement in respect of any Notes specifies "Prohibition of Sales to EEA Retail Investors" as "Not Applicable", in relation to each Member State of the European Economic Area, each Dealer has represented and agreed, and each further Dealer appointed under the Programme will be required to represent and agree, that it has not made and will not make an offer of Notes which are the subject of the offering contemplated by this Offering Circular as completed by the Pricing Supplement in relation thereto to the public in that Member State except that it may make an offer of such Notes to the public in that Member State:

(a) if the Pricing Supplement in relation to the Notes specifies that an offer of those Notes may be made other than pursuant to Article 1(4) of the Prospectus Regulation in that Member State (a "**Non-exempt Offer**"), following the date of publication of a prospectus in relation to such Notes which has been approved by the competent authority in that Member State or, where appropriate, approved in another Member State and notified to the competent authority in that Member State, provided that any such prospectus has subsequently been completed by the Pricing Supplement contemplating such Non-exempt Offer, in accordance with the Prospectus Regulation, in the period beginning and ending on the dates specified in such prospectus or Pricing Supplement, as applicable and the Issuer has consented in writing to its use for the purpose of that Non-exempt Offer;

(b) at any time to any legal entity which is a qualified investor as defined in the Prospectus Regulation;

(c) at any time to fewer than 150 natural or legal persons (other than qualified investors as defined in the Prospectus Regulation) subject to obtaining the prior consent of the relevant Dealer or Dealers nominated by the Issuer for any such offer; or

(d) at any time in any other circumstances falling within Article 1(4) of the Prospectus Regulation,

provided that no such offer of Notes referred to in (b) to (d) above shall require the Issuer or any Dealer to publish a prospectus pursuant to Article 3 of the Prospectus Regulation or supplement a prospectus pursuant to Article 23 of the Prospectus Regulation.

For the purposes of this provision, the expression an "offer of Notes to the public" in relation to any Notes in any Member State means the communication in any form and by any means of sufficient information on the terms of the offer and the Notes to be offered so as to enable an investor to decide to purchase or subscribe for the Notes, and the expression "Prospectus Regulation" means Regulation (EU) 2017/1129.

SINGAPORE

If the Pricing Supplement in respect of any Notes specifies "Singapore Sales to Institutional Investors and Accredited Investors only" as "Applicable", each Dealer has acknowledged, and each further Dealer appointed under the Programme will be required to acknowledge, that this Offering Circular has not been registered as a prospectus with the Monetary Authority of Singapore. Accordingly, each Dealer has represented, warranted and agreed, and each further Dealer appointed under the Programme will be required to represent, warrant and agree, that it has not offered or sold any Notes or caused such Notes to be made the subject of an invitation for subscription or purchase and will not offer or sell such Notes or cause such Notes to be made the subject of an invitation for subscription or purchase, and has not circulated or distributed, nor will it circulate or distribute, this Offering Circular or any other document or material in connection with the offer or sale, or invitation for subscription or purchase, of such Notes, whether directly or indirectly, to any person in Singapore other than (i) to an institutional investor (as

defined in Section 4A of the Securities and Futures Act 2001 (2020 Revised Edition) of Singapore, as modified or amended from time to time (the "**SFA**")) pursuant to Section 274 of the SFA, or (ii) to an accredited investor (as defined in Section 4A of the SFA) pursuant to and in accordance with the conditions specified in Section 275 of the SFA.

If the Pricing Supplement in respect of any Notes specifies "Singapore Sales to Institutional Investors and Accredited Investors only" as "Not Applicable", each Dealer has acknowledged, and each further Dealer appointed under the Programme will be required to acknowledge, that this Offering Circular has not been registered as a prospectus with the Monetary Authority of Singapore. Accordingly, each Dealer has represented, warranted and agreed, and each further Dealer appointed under the Programme will be required to represent, warrant and agree, that it has not offered or sold any Notes or caused such Notes to be made the subject of an invitation for subscription or purchase and will not offer or sell such Notes or cause such Notes to be made the subject of an invitation for subscription or purchase, and has not circulated or distributed, nor will it circulate or distribute, this Offering Circular or any other document or material in connection with the offer or sale, or invitation for subscription or purchase, of such Notes, whether directly or indirectly, to any person in Singapore other than (i) to an institutional investor (as defined in Section 4A of the SFA pursuant to Section 274 of the SFA), (ii) to a relevant person (as defined in Section 275(2) of the SFA) pursuant to Section 275(1) of the SFA, or any person pursuant to Section 275(1A) of the SFA, and in accordance with the conditions specified in Section 275 of the SFA, or (iii) otherwise pursuant to, and in accordance with the conditions of, any other applicable provision of the SFA.

JAPAN

The Notes have not been and will not be registered under the Financial Instruments and Exchange Act of Japan (Act No. 25 of 1948, as amended) (the "**FIEA**"). Accordingly, each Dealer has represented and agreed, and each further Dealer appointed under the Programme will be required to represent and agree, that it has not, directly or indirectly, offered or sold and will not offer or sell any Notes in Japan or to, or for the benefit of, any resident of Japan (as defined under Item 5, Paragraph 1, Article 6 of the Foreign Exchange and Foreign Trade Act (Act No. 228 of 1949, as amended)), or to others for re-offering or re-sale, directly or indirectly, in Japan or to, or for the benefit of, a resident of Japan, except pursuant to an exemption from the registration requirements of, and otherwise in compliance with, the FIEA and any other applicable laws, regulations and ministerial guidelines of Japan.

HONG KONG

Each Dealer has represented and agreed, and each further Dealer appointed under the Programme will be required to represent and agree, that:

(a) it has not offered or sold and will not offer or sell in Hong Kong, by means of any document, any Notes (except for Notes which are a "structured product" as defined in the Securities and Futures Ordinance (Cap. 571) of Hong Kong (the "**SFO**")) other than (i) to "professional investors" as defined in the SFO and any rules made under the SFO, or (ii) in other circumstances which do not result in the document being a "prospectus" as defined in the Companies (Winding Up and Miscellaneous Provisions) Ordinance (Cap. 32) of Hong Kong (the "**C(WUMP)O**") or which do not constitute an offer to the public within the meaning of the C(WUMP)O; and

(a) it has not issued or had in its possession for the purposes of issue and will not issue or have in its possession for the purposes of issue, whether in Hong Kong or elsewhere, any advertisement, invitation or document relating to the Notes, which is directed at, or the contents of which are likely to be accessed or read by, the public of Hong Kong (except if permitted to do so under the securities laws of Hong Kong) other than with respect to Notes which are or are intended to be disposed of only to persons outside Hong Kong or only to "professional investors" as defined in the SFO and any rules made under the SFO.

PEOPLE'S REPUBLIC OF CHINA

Each Dealer has represented and agreed, and each further Dealer appointed under the Programme will be required to represent and agree, that the Notes are not being offered or sold and may not be offered or sold, directly or indirectly, in the People's Republic of China (for such purposes, not including the Hong Kong Special Administrative Region and Macau Special Administrative Region of the People's Republic of China or Taiwan), except as permitted by the securities laws of the People's Republic of China.

UNITED ARAB EMIRATES (EXCLUDING THE DUBAI INTERNATIONAL FINANCIAL CENTRE)

Each Dealer has represented and agreed, and each further Dealer appointed under the Programme will be required to represent and agree, that the Notes to be issued under the Programme have not been and will not be offered, sold or publicly promoted or advertised by it in the United Arab Emirates other than in compliance with any laws applicable in the United Arab Emirates governing the issue, offering and sale of securities.

DUBAI INTERNATIONAL FINANCIAL CENTRE

Each Dealer has represented and agreed, and each further Dealer appointed under the Programme will be required to represent and agree, that it has not offered and will not offer the Notes to be issued under the Programme to any person in the Dubai International Financial Centre unless such offer is:

(a) an "Exempt Offer" in accordance with the Markets Rules (MKT) Module of the Dubai Financial Services Authority rulebook; and

(b) made only to persons who meet the Professional Client criteria set out in Rule 2.3.3 of the Conduct of Business Module of the Dubai Financial Services Authority rulebook.

KINGDOM OF SAUDI ARABIA

No action has been or will be taken in the Kingdom of Saudi Arabia that would permit a public offering of the Notes. Any investor in the Kingdom of Saudi Arabia or who is a Saudi person (a "**Saudi Investor**") who acquires any Notes pursuant to an offering should note that the offer of Notes is a private placement under Article 10 and/or Article 11 of the "Offers of Securities Regulations" as issued by the Board of the Capital Market Authority resolution number 2-11-2004 dated 4 October 2004 and amended by the Board of the Capital Market Authority resolution number 1-28-2008 dated 18 August 2008 (the "**KSA Regulations**") through a person authorised by the Capital Market Authority ("**CMA**") to carry on the securities activity of arranging and following a notification to the CMA under the KSA Regulations.

The Notes may thus not be advertised, offered or sold to any person in the Kingdom of Saudi Arabia other than to "Sophisticated Investors" under Article 10 of the KSA Regulations or by way of a limited offer under Article 11 of the KSA Regulations. Each Dealer has represented and agreed, and each further Dealer appointed under the Programme will be required to represent and agree, that any offer of Notes to a Saudi Investor will be made in compliance with the KSA Regulations.

Each offer of Notes shall not therefore constitute a "public offer" pursuant to the KSA Regulations, but is subject to the restrictions on secondary market activity under Article 17 of the KSA Regulations. Any Saudi Investor who has acquired Notes pursuant to a private placement under Article 10 and/or Article 11 of the KSA Regulations may not offer or sell those Notes to any person unless the offer or sale is made through an authorised person appropriately licensed by the Saudi Arabian Capital Market Authority and: (a) the Notes are offered or sold to a Sophisticated Investor; (b) the price to be paid for the Notes in any one transaction is equal to or exceeds Saudi Riyal 1 million or an equivalent amount; or (c) the offer or sale is otherwise in compliance with Article 17 of the KSA Regulations.

KINGDOM OF BAHRAIN

Each Dealer has represented and agreed, and each Dealer appointed under the Programme will be required to represent and agree, that it has not offered or sold, and will not offer or sell, any Notes except on a private placement basis to persons in the Kingdom of Bahrain who are "accredited investors".

For this purpose, an "accredited investor" means:

(a) an individual holding financial assets (either singly or jointly with a spouse) of U.S.$1,000,000 or more;

(b) a company, partnership, trust or other commercial undertaking which has financial assets available for investment of not less than U.S.$1,000,000; or

(c) a government, supranational organisation, central bank or other national monetary authority or a state organisation whose main activity is to invest in financial instruments (such as a state pension fund).

STATE OF QATAR

Each Dealer has represented and agreed, and each further Dealer appointed under the Programme will be required to represent and agree, that it has not offered, sold or delivered, and will not offer, sell or deliver, directly or indirectly, any Notes in the State of Qatar, including the Qatar Financial Centre, except (a) in compliance with all applicable laws and regulations of the State of Qatar, including the Qatar Financial Centre, and (b) through persons or corporate entities authorised and licensed to provide investment advice and/or engage in brokerage activity and/or trade in respect of foreign securities in the State of Qatar.

GENERAL

Each Dealer has agreed and each further Dealers appointed under the Programme will be required to agree that it will (to the best of its knowledge and belief) comply with all applicable securities laws and regulations in force in any jurisdiction in which it purchases, offers, sells or delivers Notes or possesses or distributes this Offering Circular and will obtain any consent, approval or permission required by it for the purchase, offer, sale or delivery by it of Notes under the laws and regulations in force in any jurisdiction to which it is subject or in which it makes such purchases, offers, sales or deliveries and none of the Issuer and any other Dealer shall have any responsibility therefor.

None of the Issuer and any of the Dealers represents that Notes may at any time lawfully be sold in compliance with any applicable registration or other requirements in any jurisdiction that would permit a public offering of any of the Notes, or pursuant to any exemption available thereunder, or assumes any responsibility for facilitating any such sale.

With regard to each Tranche, the relevant Dealer will be required to comply with any additional restrictions agreed between the Issuer and the relevant Dealer and set out in the applicable Pricing Supplement.

GENERAL INFORMATION

AUTHORISATION

1. Pursuant to the request for Instructions on the Recent Issuance of Medium and Long-term Overseas Bonds approved by Zhang Yi, the president of the Bank, dated 9 May 2026, the Notice on Further Regulating the Issuance of Debt Finance Instruments by Overseas Institutions (Guo Ji Ye Wu Bu [2014] No.222) (《關於進一步規範海外機構負債金融工具發行管理的通知》(國際業務部[2014] 222號)), the Notice Concerning the Further Strengthening the Foreign Debt Business Management (Jian Zong Han (2014) No. 574)《關於進一步加強海外負債業務管理的通知》(建總函(2014)574號), the power of attorney (中國建設銀行股份有限公司授權委託書) issued by the Bank dated 10 April 2018, the power of attorney issued by the Bank dated 26 February 2024, the Approval of the MTN Programme Update of the Hong Kong Branch (Jian Zi Zhai (2017) No. 74)《關於更新香港分行中期票據計劃方案的批覆》(建資債(2017)74號), the Notice for Issuance of Overseas Green Bonds《關於組織發行境外綠色債券的通知》in relation to the MTN programme update of the Hong Kong Branch and the request for Instructions on the Recent Issuance of Medium and Long-term Overseas Bonds approved by Zhang Yi, the president of the Bank, dated 9 April 2025, the establishment and update of the Programme and the issue of the Notes thereunder have been duly authorised.

LISTING

2. Application has been made to the Hong Kong Stock Exchange for the listing of the Programme under which Notes may be issued to Professional Investors only during the 12-month period after the date of this Offering Circular. Separate application may be made for the listing of, and permission to deal in, the Notes on the Hong Kong Stock Exchange. The issue price of listed Notes on the Hong Kong Stock Exchange will be expressed as a percentage of their nominal amount.

NDRC APPROVAL

3. The Notes will be issued in accordance with either (i) the pre-issuance filing and registration with the NDRC to obtain the Enterprise Foreign Debt Examination and Registration Certificate (企業借用外債審核登記證明) prior to the issuance of the Notes under the Programme pursuant to the NDRC Order 56, or (ii) the then applicable annual foreign debt quota granted by the NDRC to the Bank for any issuance of the Notes pursuant to the NDRC Order 56.

4. In the case of (i), the Bank will make a pre-issuance registration with the NDRC, followed by post-issuance filings with the NDRC within the prescribed time following issuance of the Notes. In the case of (ii), the Bank is able to rely on such annual foreign debt quota granted by the NDRC and is not required to make any pre-issuance registration for issuance of the Notes within the annual foreign debt quota with the NDRC. However, the Bank will be required to make post-issuance filings with the NDRC within the prescribed time following issuance of the Notes and to provide the requisite information on the issuance of such Notes to the NDRC within the time period as required by the NDRC in accordance with the NDRC Order 56.

CLEARING SYSTEMS

5. The Notes to be issued under the Programme have been accepted for clearance through Euroclear and Clearstream. The appropriate Common Code and ISIN for each Tranche of Notes allocated by Euroclear and Clearstream will be specified in the applicable Pricing Supplement. The Issuer may also apply to have Notes accepted for clearance through the CMU Service. The relevant CMU instrument number will be specified in the applicable Pricing Supplement. If the Notes are to clear through an additional or alternative clearing system the appropriate information will be specified in the applicable Pricing Supplement.

6. The address of Euroclear is Euroclear Bank SA/NV, 1 Boulevard du Roi Albert II, B-1210 Brussels. The address of Clearstream, is Clearstream Banking, 42 Avenue JF Kennedy, L-1855 Luxembourg. The address of the CMU Service is 55th Floor, Two International Finance Centre, 8 Finance Street, Central, Hong Kong.

LEGAL ENTITY IDENTIFIER

7. The legal entity identifier of the Bank is 5493001KQW6DM7KEDR62.

NO MATERIAL ADVERSE CHANGE

8. Save as disclosed in this Offering Circular, there has been no material adverse change in the financial or trading position of the Bank or of the Group since 31 December 2025 and there has been no material adverse change in the financial position or prospects of the Bank or of the Group since 31 December 2025.

LITIGATION

9. Save as disclosed in this Offering Circular, neither the Issuer nor any member of the Group is involved in any legal or arbitration proceedings (including any proceedings which are pending or threatened of which the Issuer is aware) which may have or have had in the 12 months preceding the date of this document a significant effect on the financial position of the Issuer or the Group.

INDEPENDENT AUDITORS

10. The independent auditor of the Bank is Ernst & Young, which is a Certified Public Accountant under The Hong Kong Institute of Certified Public Accountants.

11. The audited consolidated financial statements of the Group as at and for the years ended 31 December 2024 and 2025, which are included elsewhere in this Offering Circular, have been audited by Ernst & Young, independent auditor.

DOCUMENTS

12. So long as Notes are capable of being issued under the Programme, copies of the following documents (in the case of the documents specified in paragraphs (i) to (v) below, subject to receipt by the Fiscal Agent from the Bank or the Issuer of the same) will, when published, be available (upon written request and satisfactory proof of holding and identity), during usual business hours (being 9:00 a.m. (Hong Kong time) to 3:00 p.m. (Hong Kong time) on any weekday (Saturdays, Sundays and public holidays excepted), for inspection at the principal place of business of the Issuer for the time being at 28/F, CCB Tower, 3 Connaught Road Central, Central, Hong Kong and from the specified office of the Fiscal Agent for the time being at 3/F, CCB Tower, 3 Connaught Road Central, Central, Hong Kong:

    (i) the constitutional documents of the Bank;

    (ii) the audited consolidated financial statements of the Group in respect of the financial years ended 31 December 2024 and 2025 (in each case together with the audit report in connection therewith). The Bank currently prepares audited consolidated accounts on an annual basis;

(iii) the most recent annual audited consolidated financial statements of the Bank and the most recently published unaudited consolidated interim financial statements of the Bank (if any);

(iv) a copy of this Offering Circular together with any supplement to this Offering Circular and any other documents incorporated herein or therein; and

(v) any future offering circulars, prospectuses, information memoranda and supplements including Pricing Supplements (save that a Pricing Supplement will only be available for inspection by a holder of such Note and such holder must produce evidence satisfactory to the Issuer and the Paying Agent as to its holding of Notes and identity) to this Offering Circular and any other documents incorporated herein or therein by reference; and

(vi) the Fiscal Agency Agreement, the Deed of Covenant and the forms of the Global Notes and the Global Certificate, the Notes in definitive form, the Receipts, the Coupons and the Talons.

INDEPENDENT AUDITOR'S REPORT

To the Shareholders of China Construction Bank Corporation

(Established in the People's Republic of China with limited liability)

OPINION

We have audited the consolidated financial statements of China Construction Bank Corporation (the "Bank") and its subsidiaries (the "Group") set out on pages 191 to 329, which comprise the consolidated statement of financial position as at 31 December 2024, and the consolidated statement of comprehensive income, the consolidated statement of changes in equity and the consolidated statement of cash flows for the year then ended, and relevant notes to the consolidated financial statements, including material accounting policy information.

In our opinion, the consolidated financial statements give a true and fair view of the consolidated financial position of the Group as at 31 December 2024, and of its consolidated financial performance and its consolidated cash flows for the year then ended in accordance with International Financial Reporting Accounting Standards ("IFRS Accounting Standards") issued by the International Accounting Standards Board ("IASB") and have been properly prepared in compliance with the disclosure requirements of the Hong Kong Companies Ordinance.

BASIS FOR OPINION

We conducted our audit in accordance with Hong Kong Standards on Auditing ("HKSAs") issued by the Hong Kong Institute of Certified Public Accountants ("HKICPA"). Our responsibilities under those standards are further described in the *Auditor's responsibilities for the audit of the consolidated financial statements* of our report. We are independent of the Group in accordance with the HKICPA's *Code of Ethics for Professional Accountants* (the "Code"), and we have fulfilled our other ethical responsibilities in accordance with the Code. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

KEY AUDIT MATTERS

Key audit matters are those matters that, in our professional judgement, were of most significance in our audit of the consolidated financial statements of the current period. These matters were addressed in the context of our audit of the consolidated financial statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters. For each matter below, our description of how our audit addressed the matter is provided in that context.

We have fulfilled the responsibilities described in the *Auditor's responsibilities for the audit of the consolidated financial statements* section of our report, including in relation to these matters. Accordingly, our audit included the performance of procedures designed to respond to our assessment of the risks of material misstatement of the consolidated financial statements. The results of our audit procedures, including the procedures performed to address the matters below, provide the basis for our audit opinion on the accompanying consolidated financial statements.

KEY AUDIT MATTERS (continued)

Key audit matter	How our audit addressed the key audit matter
Expected credit losses for loans and advances to customers measured at amortised cost	
The Group determines and measures expected credit losses for loans and advances to customers measured at amortised cost, in accordance with IFRS 9 *Financial Instruments*. Significant judgments and assumptions are involved in the measurement of expected credit losses, for example: • Significant increase in credit risk – Criteria for determining whether significant increase in credit risk has occurred are highly judgmental, and may have a significant impact on expected credit losses for loans and advances to customers measured at amortised cost with longer outstanding maturities; • Models and parameters – Complex models, numerous inputs and parameters, including probability of default, loss given default, exposure at default, and risk grouping, are used to measure expected credit losses, involving plenty of management judgments and assumptions; • Forward-looking information – Macroeconomic forecasts are developed, and impacts on expected credit losses are considered for multiple probability-weighted economic scenarios; • Whether financial assets are credit-impaired – The determination of credit impairment requires consideration of multiple factors, and measurement of expected credit losses depends on estimates of future cash flows. As at 31 December 2024, loans and advances to customers measured at amortised cost amounted to RMB24,161,965 million, accounting for 59.55% of total assets. Allowances for impairment losses of such loans and advances totalled RMB802,894 million. As the measurement of expected credit losses involves many significant judgments and assumptions, we consider expected credit losses for loans and advances to customers measured at amortised cost a key audit matter. *Relevant disclosures are included in Note 4(3), Note 4(26)(b), Note 25 and Note 62(1) to the financial statements.*	We evaluated and tested the design and operating effectiveness of key controls over credit granting, post approval credit management, loan credit rating system, collateral management as well as management, implementation and monitoring of expected credit losses approach, including relevant data quality and information systems. We adopted a risk-based sampling approach in our loan review procedures, focusing on loans granted to industries affected by macroeconomic changes and to real estate enterprises with bond defaults and negative news coverage. We assessed the debtors' repayment capacity and evaluated the Group's judgment in rating loans, taking into consideration post-lending inspection reports, debtors' financial information, collateral valuation reports and other available information. With the support of our modelling specialists, we evaluated and tested the expected credit loss model, key parameters, and management's significant judgments and assumptions, mainly focusing on the following aspects: (1) Expected credit loss model: • Taking into account macroeconomic changes, industry risk factors, and results of validation, reassessment and optimisation of ECL model, we assessed the reasonableness of ECL model methodology and related parameters, including probability of default, loss given default, exposure at default, risk grouping, and whether there had been a significant increase in credit risk; • We assessed the forward-looking information used by management to determine expected credit losses, including the forecasts of macroeconomic variables and the assumptions and weightings of multiple macroeconomic scenarios; • We performed back-testing and assessed the reasonableness of management's determination of credit impairment. For credit-impaired loans and advances, we analysed the amount, timing and probability of management's estimated future cash flows, especially recoverable cash flows from collaterals. (2) Design and operating effectiveness of key controls: • With the support of our IT audit specialists, we evaluated and tested the data and processes used to determine expected credit losses, including loan business data, internal credit rating data, macroeconomic data, as well as the computational logic, inputs and system interfaces of the impairment assessment system; • We evaluated and tested key controls over the management, implementation and monitoring of expected credit losses approach, including approval of management system, important policies and models, key parameters and their adjustments, ongoing monitoring of model performance, model validation, monitoring and parameter calibration. We evaluated and tested the design and operating effectiveness of internal controls related to disclosures of credit risk exposures and expected credit losses.

KEY AUDIT MATTERS (continued)

Key audit matter	How our audit addressed the key audit matter
Consolidation assessment and disclosures of structured entities	
The Group holds interests in many different structured entities as a result of its business activities in asset management and asset securitisation. Such interests in structured entities include wealth management products ("WMPs"), asset management plans, trust plans, funds, and asset-backed securities. As at 31 December 2024, the balance of unconsolidated structured entities initiated by the Group totalled RMB5,356,359 million. The Group needs to comprehensively consider the power it possesses, its exposure to variable returns, and its ability to use its power to affect returns to determine whether it has control over such structured entities, and therefore whether it should include them in the scope of consolidation. The assessment of the Group's control over structured entities involves significant judgements on factors such as the purpose and design of structured entities, the Group's ability to direct relevant activities, direct and indirect beneficial interests and returns, performance fees, and benefits received or losses incurred from providing credit enhancement or liquidity support. Comprehensive analysis of these factors and concluding on whether the Group has control involve significant management judgements and estimates. In view of the materiality and the complexity of management judgements, we consider consolidation assessment and disclosures of structured entities a key audit matter. *Relevant disclosures are included in Note 4(1), Note 4(26)(f) and Note 28 to the financial statements.*	We evaluated and tested the design and operating effectiveness of key controls over the Group's assessment of whether it controls a structured entity. We assessed the Group's analysis and conclusions on whether it controls structured entities based on the Group's analysis on its power over these structured entities, the magnitude and variability of the variable returns from its involvement with structured entities and linkage between these two matters on the basis of comprehensive consideration of all relevant facts and circumstances. We analysed whether the Group has legal or constructive obligations to ultimately absorb losses from structured entities through inspection of contractual documents, which included examining, on a sampling basis, whether the Group has provided liquidity support or credit enhancement to structured entities initiated by itself, such as wealth management products. We evaluated and tested the design and operating effectiveness of internal controls related to disclosures of unconsolidated structured entities.
Valuation of financial instruments	
The fair values of the Group's financial instruments measured at fair value are determined either by active market quotes or valuation techniques. Valuation techniques are used to determine the fair value of financial instruments that do not have quoted prices in active markets, such as investments in unlisted equity, private fund investments and certain debt investments. These techniques may involve the use of significant unobservable inputs requiring assumptions and estimates based on management's subjective judgements. Valuation results can vary significantly under different valuation techniques or assumptions. As at 31 December 2024, the carrying amount of the Group's financial assets measured at fair value totalled RMB4,994,045 million, accounting for 12.31% of total assets. Given the higher uncertainty in valuation results, financial instruments whose fair value measurement involves significant unobservable inputs are categorised as level 3 within the fair value hierarchy. As at 31 December 2024, RMB168,725 million or 3.38% of financial assets measured at fair value were categorised as Level 3. Given the materiality of the balance and the significant judgements involved in fair value measurement of Level 3 financial instruments, we consider valuation of financial instruments a key audit matter. *Relevant disclosures are included in Note 4(3), Note 4(26)(c), Note 23, Note 25, Note 26 and Note 62(5) to the consolidated financial statements.*	We evaluated and tested the design and operating effectiveness of key controls over the valuation of financial instruments. We selected samples to perform audit procedures and evaluated the appropriateness of valuation techniques, inputs, assumptions and comparable companies adopted by CCB, including comparison with valuation techniques commonly used in the market by industry peers, validation of observable inputs using external market data, and comparison with valuation results calculated using various pricing sources. For financial instruments whose valuations were calculated using significant unobservable inputs, as in the case of investments in unlisted equity, private fund investments and certain debt investments, we involved our valuation specialists to assess the valuation model for such financial instruments, performed independent valuations on selected samples and compared the valuation results with those of the Group. We evaluated and tested the design and operating effectiveness of internal controls related to disclosures of fair value.

OTHER INFORMATION INCLUDED IN THE ANNUAL REPORT

The directors of the Bank are responsible for the other information. The other information comprises the information included in the Annual Report, other than the consolidated financial statements and our auditor's report thereon.

Our opinion on the consolidated financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the consolidated financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the consolidated financial statements or our knowledge obtained in the audit or otherwise appears to be materially misstated. If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard.

RESPONSIBILITIES OF THE DIRECTORS FOR THE CONSOLIDATED FINANCIAL STATEMENTS

The directors of the Bank are responsible for the preparation of the consolidated financial statements that give a true and fair view in accordance with IFRS Accounting Standards issued by the IASB and the disclosure requirements of the Hong Kong Companies Ordinance, and for such internal control as the directors determine is necessary to enable the preparation of consolidated financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the consolidated financial statements, the directors of the Bank are responsible for assessing the Group's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless the directors of the Bank either intend to liquidate the Group or to cease operations or have no realistic alternative but to do so.

The directors of the Bank are assisted by the Audit Committee in discharging their responsibilities for overseeing the Group's financial reporting process.

AUDITOR'S RESPONSIBILITIES FOR THE AUDIT OF THE CONSOLIDATED FINANCIAL STATEMENTS

Our objectives are to obtain reasonable assurance about whether the consolidated financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Our report is made solely to you, as a body, and for no other purpose. We do not assume responsibility towards or accept liability to any other person for the contents of this report.

Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with HKSAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these consolidated financial statements.

As part of an audit in accordance with HKSAs, we exercise professional judgement and maintain professional scepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the consolidated financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Group's internal control.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by the directors.
- Conclude on the appropriateness of the directors' use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Group's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the consolidated financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Group to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the consolidated financial statements, including the disclosures, and whether the consolidated financial statements represent the underlying transactions and events in a manner that achieves fair presentation.
- Plan and perform the group audit to obtain sufficient appropriate audit evidence regarding the financial information of the entities or business units within the Group as a basis for forming an opinion on the consolidated financial statements. We are responsible for the direction, supervision and review of the audit work performed for purposes of the group audit. We remain solely responsible for our audit opinion.

We communicate with the Audit Committee regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

AUDITOR'S RESPONSIBILITIES FOR THE AUDIT OF THE CONSOLIDATED FINANCIAL STATEMENTS (continued)

We also provide the Audit Committee with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, actions taken to eliminate threats or safeguards applied.

From the matters communicated with the Audit Committee, we determine those matters that were of most significance in the audit of the consolidated financial statements of the current period and are therefore the key audit matters. We describe these matters in our auditor's report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

The engagement partner on the audit resulting in this independent auditor's report is *Leung Shing Kit*.

The notes on pages 199 to 329 form part of these financial statements.

NOTES TO THE FINANCIAL STATEMENTS

(EXPRESSED IN MILLIONS OF RMB, UNLESS OTHERWISE STATED)

1 Company information

The history of China Construction Bank Corporation (the "Bank") dates back to 1954, which was previously known as the People's Construction Bank of China when it was established. It was responsible for the management and distribution of government funds for construction and infrastructure related projects under the state economic plan. The People's Construction Bank of China gradually evolved into a comprehensive commercial bank following the takeover of the Bank's function of granting policy loans by China Development Bank in 1994. In 1996, the People's Construction Bank of China changed its name to China Construction Bank ("the former CCB"). On 17 September 2004, China Construction Bank Corporation was established in the People's Republic of China (the "PRC") as a result of a separation procedure undertaken by its predecessor, China Construction Bank. In October 2005 and September 2007, the Bank's H shares and A shares were listed on the Hong Kong Stock Exchange (Stock Code: 939) and the Shanghai Stock Exchange (Stock Code: 601939), successively. As at 31 December 2024, the Bank issued the total ordinary share capital of RMB250,011 million, with a par value of RMB1.00 per share.

The Bank obtained its finance permit No.B0004H111000001 from the China Banking Regulatory Commission ("CBRC") (In 2023, the regulator was renamed the National Financial Regulatory Administration, hereinafter referred to as the "NFRA") of the PRC. The Bank obtained its unified social credit code No.91110000100004447 7 from the Beijing Administration for Industry and Commerce. The registered office of the Bank is located at No.25, Finance Street, Xicheng District, Beijing, the PRC.

The principal activities of the Bank and its subsidiaries (collectively the "Group") are the provision of corporate finance business, personal finance business, treasury and asset management business and others. The Group mainly operates in the Chinese mainland and also has a number of overseas branches and subsidiaries. For the purpose of these financial statements, the Chinese mainland refers to the PRC excluding the Hong Kong Special Administrative Region of the PRC ("Hong Kong"), the Macau Special Administrative Region of the PRC ("Macau") and Taiwan. Overseas refers to countries and regions other than the Chinese mainland.

The Bank is mainly regulated by the NFRA, an institution directly under the State Council of the of the PRC (the "State Council"). The overseas financial institutions of the Bank are required to comply with the regulatory requirements of their respective local jurisdictions. Central Huijin Investment Ltd. ("Huijin"), a wholly-owned subsidiary of China Investment Corporation ("CIC"), exercises the contributor's rights and obligations in key state-owned financial institutions up to its contribution amount on behalf of the State.

These financial statements were authorised for issue by the Board of Directors of the Bank on 28 March 2025.

2 Basis of preparation

The Group uses the calendar year as the accounting year, which is from 1 January to 31 December.

These financial statements comprise the Bank and its subsidiaries and the Group's interests in associates and joint ventures.

(1) Basis of measurement

These financial statements have been prepared on the historical cost basis except that: (i) financial instruments at fair value through profit or loss are measured at fair value; (ii) derivatives are measured at fair value; (iii) financial assets measured at fair value through other comprehensive income are measured at fair value; (iv) non-current assets or disposal groups held for sale are measured at the lower of carrying amount and fair value less costs to sell; and (v) certain non-financial assets are measured at revalued amounts. The measurement basis of major assets and liabilities is further explained in Note 4.

(2) Functional and presentation currency

These financial statements are presented in RMB, unless otherwise stated, rounded to the nearest million. RMB is the functional currency of the domestic operations of the Group. The functional currencies of overseas operations are determined in accordance with the primary economic environment in which they operate, and are translated into RMB for the preparation of these financial statements according to Note 4(2)(b).

(3) Use of estimates and judgements

The preparation of financial statements requires management to make judgements, estimates and assumptions that affect the application of accounting policies and the reported amounts of assets, liabilities, income and expenses. Actual results may differ from those presented using these estimates and assumptions.

The estimates and associated assumptions are reviewed on an ongoing basis. Revisions to accounting estimates are recognised in the period in which the estimates are revised and in any future periods affected.

Judgements that have a significant impact on the financial statements and estimates that are very likely to result in material adjustments in the subsequent period are discussed in Note 4(26).

3 Statement of Compliance

These financial statements have been prepared in accordance with International Financial Reporting Accounting Standards ("IFRS Accounting Standards") as issued by the International Accounting Standards Board ("IASB"). These financial statements also comply with the disclosure requirements of the Hong Kong Companies Ordinance (Cap. 622), and the applicable disclosure provisions of the Rules Governing the Listing of Securities on The Stock Exchange of Hong Kong Limited.

The Group has adopted the following revised IFRS Accounting Standards for the current year.

(1)	Amendments to IFRS 16	*Lease Liability Measurement in a Sale and Leaseback Transaction*
(2)	Amendments to IAS 1	*Classification of Liabilities as Current or Non-current*
(3)	Amendments to IAS 1	*Non-current Liabilities with Covenants*
(4)	Amendments to IAS 7 and IFRS 7	*Supplier Finance Arrangements*

The adoption of other amendments did not have a significant impact on the Group's consolidated financial statements.

Except for the matters described above, the material accounting policies adopted by the Group for the 2024 financial statements are consistent with those applied in the preparation of the Group's annual financial statements for the year ended 31 December 2023.

4 Material accounting policies and significant accounting estimates

(1) Consolidated financial statements

(a) Business combinations

The consideration transferred by the acquirer for the acquisition and the identifiable assets acquired, liabilities and contingent liabilities assumed in a business combination are measured initially at their fair values at the acquisition date. On an acquisition by acquisition basis, the Group recognises any non-controlling interest in the acquiree either at fair value or at the non-controlling interest's proportionate share of the acquiree's net assets.

The excess of the consideration transferred, the amount of any non-controlling interest in the acquiree and the acquisition-date fair value of any previous equity interest in the acquiree over the fair value of the identifiable net assets acquired is recorded as goodwill in accordance with the accounting policies set out in Note 4(10). If the consideration is less than the fair value of the identifiable net assets of the acquiree in the case of a bargain purchase, the difference is recognised in profit or loss.

Acquisition date mentioned above is the date on which the Group effectively obtains control of the acquiree.

(b) Subsidiaries and non-controlling interests

Subsidiaries are all entities (including structured entities) over which the Bank has control. The Bank controls an entity when the Bank has the power over the entity, and is exposed to, or has rights to variable returns from its involvement with the entity, and has the ability to affect those returns through its power over the entity. Subsidiaries are fully consolidated from the date on which control is transferred to the Bank. They are deconsolidated from the date that control ceases.

A structured entity is an entity that has been designed so that voting or similar rights are not the dominant factor in deciding who controls the entity, such as when any voting rights relate to administrative tasks only and the relevant activities are directed by means of contractual arrangements.

For the separate financial statements of the Bank, investments in subsidiaries are accounted for at cost. At initial recognition, investment in subsidiaries is measured at the cost of acquisition determined at the acquisition date when the subsidiaries are acquired through business combination or when the capital is injected into the subsidiaries set up by the Group. Impairment losses on investments in subsidiaries are accounted for in accordance with the accounting policies as set out in Note 4(13).

The financial results and performance of subsidiaries are included in the consolidated financial statements from the date that control commences until the date that control ceases. When preparing the consolidated financial statements, the Bank makes necessary adjustments on the accounting period and accounting policies of subsidiaries to comply with those of the Bank.

Intragroup balances and transactions, and any profits or losses arising from intragroup transactions are eliminated in full in preparing the consolidated financial statements.

4 Material accounting policies and significant accounting estimates (continued)

(1) Consolidated financial statements (continued)

(b) Subsidiaries and non-controlling interests (continued)

The portion of a subsidiary's net assets that is attributable to equity interests that are not owned by the Bank, whether directly or indirectly through subsidiaries, is treated as non-controlling interests and presented as "non-controlling interests" in the consolidated statement of financial position within total equity. The portion of net profit or loss and other comprehensive income of subsidiaries for the year attributable to non-controlling interests is separately presented in the consolidated statement of comprehensive income as a component of the Group's net profit and other comprehensive income.

(c) Associates and joint arrangements

An associate is an enterprise in which the Group has significant influence. Significant influence is the power to participate in the financial and operating policy decisions of the investee but is not control or joint control over those policy decisions.

Joint arrangement is an arrangement of which two or more parties have joint control. The classification of a joint arrangement as a joint operation or a joint venture depends upon the rights and obligations of the parties to the arrangement. Joint control is the contractually agreed sharing of control over an economic activity, and exists only when the strategic financial and operating decisions relating to the activity require the unanimous consent of the parties sharing the control. The Group has assessed the nature of its joint arrangements and determined them to be joint ventures.

Investments in associates or joint ventures are accounted for using the equity method in the consolidated financial statements and are initially recorded at acquisition cost, and adjusted thereafter for the post acquisition change in the Group's share of net assets of the associates or joint ventures. The Group's share of the post-acquisition, post-tax results of the associates or joint ventures for the year is recognised in the consolidated statement of comprehensive income. The Group's interest in associates or joint ventures is included from the date that significant influence or joint control commences until the date that significant influence or joint control ceases.

Profits and losses resulting from transactions between the Group and its associates or joint ventures are eliminated to the extent of the Group's interest in the associates or joint ventures.

The Group discontinues recognising its share of net losses of the associates or joint ventures after the carrying amount of investments in associates and joint ventures together with any long-term interests that in substance form part of the Group's net investment in the associates or joint ventures are reduced to zero, except to the extent that the Group has incurred legal or constructive obligations to assume additional losses. Where the associates or joint ventures realise net profits subsequently, the Group resumes recognising its share of those profits only after its share of the profits equals the share of losses not recognised.

(2) Translation of foreign currencies

(a) Translation of foreign currency transactions

Foreign currency transactions are, on initial recognition, translated into the functional currency at the spot exchange rates at the dates of the transactions. At the end of each reporting period, monetary items denominated in foreign currencies are translated into the functional currency at the spot exchange rates at that date. The resulting exchange differences are recognised in profit or loss. Non-monetary items denominated in foreign currencies that are measured at historical cost are translated into functional currency using the spot exchange rates at the transaction dates. Non-monetary items denominated in foreign currencies that are measured at fair value are translated using the spot exchange rates at the dates the fair values are determined; exchange differences are recognised in profit or loss, except for the differences arising from the translation of equity instruments designated at fair value through other comprehensive income, which are recognised in other comprehensive income.

(b) Translation of financial statements denominated in foreign currencies

Foreign currency financial statements of overseas operations are translated into RMB for the preparation of consolidated financial statements. At the end of each reporting period, the assets and liabilities in the financial statements denominated in foreign currencies are translated into RMB at the spot exchange rates ruling at that date. All items within equity except for *retained earnings* are translated at the exchange rates ruling at the dates of the initial transactions. Income and expenses in the statement of comprehensive income are translated at the weighted average exchange rates for the year. Foreign exchange differences arising from foreign operations are recognised in "other comprehensive income" in equity in the statement of financial position.

The impact of changes in exchange rates on cash and cash equivalents is presented separately in the cash flow statement.

4 Material accounting policies and significant accounting estimates (continued)

(3) Financial instruments

(a) Classification

The Group classifies financial instruments into different categories based on the business model used to manage financial assets and contractual cash flow characteristics or the purposes for which the liabilities were incurred. The categories are: financial assets measured at amortised cost, financial assets measured at fair value through other comprehensive income ("FVOCI"), financial assets and liabilities measured at fair value through profit or loss ("FVPL"), and other financial liabilities.

The Group's business model for managing financial assets refers to how the Group manages its financial assets in order to generate cash flows. That is, the business model determines whether cash flows of financial assets managed by the Group will result from collecting contractual cash flows, selling financial assets or both. Factors considered by the Group in determining the business model for a group of financial assets include past experience on how the cash flows for these assets were collected, how the performance of those assets is evaluated and reported to key management personnel, how risks are assessed and managed and how managers of the business are compensated.

The characteristics of the contractual cash flows of financial assets refer to the cash flow attributes agreed in the contract of financial instruments that reflect the economic characteristics of the underlying financial assets, that is, the contractual cash flows generated by the underlying financial assets on a specific date solely payments of principal and interest on the principal amount outstanding. The principal is the fair value of the financial asset at initial recognition, but its amount may change over the life of the financial asset (for example, if there are repayments of principal); interest consists of consideration for the time value of money, for the credit risk associated with the principal amount outstanding during a particular period of time, and for other basic lending risks, and costs, as well as a profit margin.

Financial assets measured at amortised cost

Financial assets are classified as financial assets measured at amortised cost if both of the following conditions are met and they are not designated as FVPL: (i) the assets are managed within a business model whose objective is to hold assets in order to collect contractual cash flows; and (ii) the contractual terms of the financial assets give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding.

Financial assets measured at fair value through other comprehensive income (FVOCI)

Financial assets measured at FVOCI include debt instruments measured at FVOCI and equity instrument designated as measured at FVOCI.

Financial assets are classified as financial assets measured at FVOCI if both of the following conditions are met and they are not designated as FVPL: (i) the assets are managed within a business model whose objective is achieved by collecting contractual cash flows and selling financial assets; and (ii) the contractual terms of the financial assets give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding.

At inception, the Group may designate non-trading equity instruments as financial assets measured at FVOCI, and recognise dividend income in accordance with the relevant policies specified in Note 4(20)(c). Once the designation is made, it cannot be revoked.

Financial assets and liabilities measured at fair value through profit or loss (FVPL)

The Group classifies the financial assets other than financial assets measured at amortised cost and FVOCI as financial assets measured at FVPL.

Financial assets measured at FVPL include those held for trading purposes, those designated as measured at FVPL, those could not pass the solely payments of principal and interest ("SPPI") test and the equity investments which are not designated as measured at FVOCI.

Financial liabilities measured at FVPL include negative fair value of derivatives, and those designated as measured at FVPL.

Financial assets or financial liabilities are classified as held for trading if they are: (i) acquired or incurred principally for the purpose of selling or repurchasing it in the near term; (ii) part of a portfolio of identified financial instruments that are managed together and for which there is evidence of a recent actual pattern of short-term profit-taking; or (iii) a derivative (except for a derivative that is a designated and effective hedging instruments or a financial guarantee contract).

At initial recognition, the Group may designate financial assets as financial assets measured at FVPL if the designation can eliminate or significantly reduce accounting mismatch. Once the designation is made, it cannot be revoked.

Financial liabilities are designated as measured at FVPL upon initial recognition when: (i) the designation can eliminate or significantly reduce accounting mismatch; or (ii) the formal written file of the Group's risk management or investment strategy have clearly stated that the financial liability portfolio, or the portfolio of financial assets and financial liabilities, are managed, evaluated and reported to key management personnel on the basis of fair value. Once the designation is made, it cannot be revoked.

4 Material accounting policies and significant accounting estimates (continued)

(3) Financial instruments (continued)

(a) Classification (continued)

Other financial liabilities

Other financial liabilities are financial liabilities other than those measured at FVPL and mainly comprise borrowings from central banks, deposits and placements from banks and non-bank financial institutions, financial assets sold under repurchase agreements, deposits from customers and debt securities issued.

(b) Derivatives and hedge accounting

The Group uses derivatives to hedge its exposure to foreign exchange and interest rate risks. Derivatives are recognised at fair value at the trade date upon initial recognition, and subsequently measured at fair value. The positive fair value is recognised as an asset while the negative fair value is recognised as a liability.

The method of recognising the resulting fair value gain or loss depends on whether the derivative is designated and qualified as a hedging instrument, and if so, the nature of the item being hedged. For derivatives not designated or qualified as hedging instruments, including those that are intended to provide effective economic hedges of specific interest rate and foreign exchange risks, but not qualified for hedge accounting, changes in fair value of these derivatives are recognised in the consolidated statement of comprehensive income.

The Group documents, at inception, the relationship between hedging instruments and hedged items, as well as its risk management objective and strategy for undertaking various hedge transactions. The Group also documents its assessment of whether the derivatives that are used in hedging transactions are highly effective in offsetting changes in fair values or cash flows of hedged items. The Group assesses the hedge effectiveness both at hedge inception and on an ongoing basis.

(i) Fair value hedge

Fair value hedge is a hedge of the exposure to changes in fair value of a recognised asset or liability or an unrecognised firm commitment, or an identified portion of such an asset, liability or firm commitment, that is attributable to a particular risk and could affect profit or loss.

Changes in fair value of hedging instruments qualifying as fair value hedges are recorded in profit or loss, together with changes in fair value of the hedged item attributable to the hedged risk. The net difference is recognised as ineffectiveness in profit or loss.

If the hedge no longer meets the criteria for hedge accounting, the adjustment to the carrying amount of a hedged item for which the effective interest method is used is amortised to profit or loss over the period to maturity. If the hedged item is de-recognised, the unamortised carrying value adjustment is recognised immediately in the profit or loss.

(ii) Cash flow hedge

Cash flow hedge is a hedge of the exposure to variability in cash flows that is attributable to a particular risk associated with a recognised asset or liability (such as all or some future interest payments on variable rate debt) or a highly probable forecast transaction, and could ultimately affect the profit or loss.

For cash flow hedges, the effective portion of the change in the fair value of the hedging instrument is recognised in other comprehensive income. The ineffective portion of the change in the fair value of the hedging instrument is recognised directly in profit or loss.

If a hedged forecast transaction subsequently results in the recognition of a non-financial asset or non-financial liability, or a hedged forecast transaction for a non-financial asset or a non-financial liability becomes a firm commitment for which fair value hedge accounting is applied, the entity shall remove that amount from the cash flow hedge reserve and include it directly in the initial cost or other carrying amount of the asset or the liability. For cash flow hedges other than these, that amount shall be reclassified from the cash flow hedge reserve to profit or loss as a reclassification adjustment in the same period or periods during which the hedged expected future cash flows affect profit or loss.

When a hedging instrument expires or is sold, or the hedge designation is revoked or when a hedge no longer meets the criteria for hedge accounting, if the hedged future cash flows are still expected to occur, the amount previously recognised in other comprehensive income shall remain until the forecast transaction ultimately occurs or until the hedged expected cash flows affect profit or loss, before being transferred out. If the hedged future cash flows are no longer expected to occur, the amount of accumulated cash flow hedge reserves shall be reclassified from other comprehensive income to profit or loss.

4 Material accounting policies and significant accounting estimates (continued)

(3) Financial instruments (continued)

(c) Embedded derivatives

An embedded derivative is a component of a hybrid contract that also includes a non-derivative host. If a hybrid contract contains a host that is a financial asset, the embedded derivative shall not be separated from the host and shall be classified and measured as a whole.

If a hybrid contract contains a host that is not a financial asset, an embedded derivative shall be separated from the host and accounted for as a derivative if, and only if: (i) the economic characteristics and risks of the embedded derivative are not closely related to the economic characteristics and risks of the host; (ii) a separate instrument with the same terms as the embedded derivative would meet the definition of a derivative; and (iii) the hybrid contract is not measured at FVPL. The Group could choose to measure the separated derivative at FVPL, or designate the entire hybrid contract as at FVPL.

(d) Recognition and derecognition

All financial assets and financial liabilities are recognised in the statement of financial position, when and only when, the Group becomes a party to the contractual provisions of the instrument.

The Group derecognises a financial asset if the part being considered for derecognition meets one of the following conditions: (i) the contractual rights to receive the cash flows from the financial asset expire; (ii) the contractual rights to receive the cash flows of the financial asset have been transferred and the Group transfers substantially all the risks and rewards of ownership of the financial asset; or the Group has neither transferred nor retained substantially all the risks and rewards of ownership of the transferred financial asset, but has given up control of the financial asset; or (iii) the Group retains the contractual rights to receive the cash flows of the financial asset, but assumes a contractual obligation to pay the cash flows to the eventual recipient in an agreement meets all the conditions of transfer of cash flows and transfers substantially all the risks and rewards of ownership of the financial asset or the Group has neither transferred nor retained substantially all the risks and rewards of ownership of the transferred financial assets, but has given up control of the financial asset.

When a financial asset is derecognised, the difference between the carrying amount of the financial asset derecognised and the consideration received, as well as the cumulative changes in fair value previously recognised in equity, is recognised in profit or loss.

When a financial asset is transferred, and if the Group neither transfers nor retains substantially all the risks and rewards of ownership of the financial asset, but retains control, the Group continues to recognise the financial asset to the extent of its continuing involvement in the financial asset.

The financial liability is derecognised only when: (i) the underlying present obligation specified in the contracts is discharged, cancelled or expired, or (ii) an agreement between the Group and an existing lender to replace the original financial liability with a new financial liability with substantially different terms, or a substantial modification of the terms of an existing financial liability is accounted for as an extinguishment of the original financial liability and recognition of a new financial liability.

The difference between the carrying amount of the financial liability derecognised and the consideration paid is recognised in profit or loss.

A regular way purchase or sale of financial assets is recognised and derecognised using trade date accounting. A 'regular way purchase or sale' refers to the purchase or sale of a financial asset where the terms of the contract necessitate delivery of the asset within the time frame typically established by regulations or convention in the relevant marketplace. The trade date is the date that the Group commits itself to purchase or sell a financial asset.

(e) Measurement

Financial instruments are measured initially at fair value plus or minus, in the case of a financial instrument not measured at FVPL, transaction costs that are directly attributable to the acquisition or issue of the instrument. Transaction costs for financial instruments measured at FVPL are expensed immediately.

Subsequent to initial recognition, the Group measures different categories of financial assets at amortised cost, FVOCI or FVPL respectively. Financial liabilities other than those measured at FVPL are measured at amortised cost using the effective interest method.

4 Material accounting policies and significant accounting estimates (continued)

(3) Financial instruments (continued)

(e) Measurement (continued)

Financial assets measured at FVPL

Gains and losses from changes in fair value of financial assets measured at FVPL are recognised in profit or loss.

Financial liabilities measured at FVPL

Financial liabilities measured at FVPL are measured at fair value, where the gains or losses arose are recognised in profit or loss. For the financial liabilities designated as measured at FVPL, the gains or losses are accounted for in accordance with the following requirements: (i) the amount of changes in fair value of the financial liabilities arising from changes in the Group's own credit risk should be included in other comprehensive income; (ii) other changes in fair value of the financial liabilities are recognised in profit or loss. If the treatment of the impact of changes in the financial liabilities' own credit risk will create or enlarge the accounting mismatch in profit or loss in accordance with (i), the Group shall recognise the entire gain or loss of the financial liabilities (including the amount of the impact of changes in its own credit risk) in profit or loss. When the financial liabilities designated as measured at FVPL is derecognised, the cumulative gain or loss previously recognised in other comprehensive income is reclassified from other comprehensive income to retained earnings.

Financial assets measured at FVOCI

Impairment losses, foreign exchange differences, and interest income calculated using the effective interest method of debt instruments measured at FVOCI are recognised in profit or loss. All other fair value changes are recognised in other comprehensive income. Upon derecognition of these debt instruments, the cumulative gains or losses previously recognised in other comprehensive income are reclassified from other comprehensive income to profit or loss.

The Group designates certain non-trading equity instruments as financial assets measured at FVOCI, and only recognises dividend income (excluding dividends explicitly recognised as a recovery of investment cost) in profit or loss. Subsequent changes in fair value are recognised in other comprehensive income, with no need for impairment provisions. Upon derecognition of these financial assets, the cumulative gains or losses previously recognised in other comprehensive income are reclassified from other comprehensive income to retained earnings.

Financial assets measured at amortised cost

The amortised cost of a financial asset should be measured at the amount initially recognised after the following adjustments: (i) deducting the repaid principal; (ii) adding or subtracting the cumulative amortisation using the effective interest method of any difference between that amount initially recognised and the maturity amount; (iii) the loss provision for the accumulated accrual.

For financial assets measured at amortised cost, a gain or loss is recognised in profit or loss when the financial asset is derecognised or impaired, or amortised.

Effective interest rate

The effective interest rate is the rate that exactly discount estimated future cash payments or receipts through the expected life of the financial asset to the carrying amount of a financial asset (i.e. its amortised cost before any impairment allowance). The calculation does not consider expected credit losses but includes transaction costs, premiums or discounts and fees and points paid or received that are integral to the effective interest rate.

The Group determines interest income based on the gross carrying amount of financial assets multiplied by the effective interest rate, except (i) for purchased or originated credit impaired financial assets, the interest income shall be determined by applying the credit-adjusted effective interest rate to the amortised cost of the financial asset from initial recognition; (ii) for financial assets that are not purchased or originated credit impaired financial assets but subsequently have become credit impaired financial assets, the interest income shall be determined by applying the effective interest rate to the amortised cost of the financial asset in subsequent reporting periods. If the financial instrument is no longer credit-impaired due to the improvement of its credit risk in the subsequent period, and this improvement can be objectively related to an event that occurs after the application of the above provisions, interest income should be recalculated using the effective interest rate multiplied by the gross carrying amount of the financial assets.

Credit-adjusted effective interest rate is the rate that exactly discounts the estimated future cash payments or receipts through the expected life of the financial asset to the amortised cost of a financial asset that is a purchased or originated credit-impaired financial asset. When calculating the credit-adjusted effective interest rate, an entity shall estimate the expected cash flows by considering all contractual terms of the financial asset (for example, prepayment, extension, call and similar options) and initial expected credit losses.

4 Material accounting policies and significant accounting estimates (continued)

(3) Financial instruments (continued)

(f) Impairment

At the end of the reporting period, the Group performs impairment assessment and recognises loss provisions based on expected credit loss on debt instruments measured at amortised cost and FVOCI, as well as loan commitments and financial guarantee contracts.

The expected credit loss refers to the weighted average of the credit losses of financial instruments that are weighted by the risk of default. Credit loss refers to the difference between all contractual cash flows receivable in accordance with the contract and all cash flows expected to be received discounted at the original effective interest rate by the Group, that is, the present value of all cash shortages. Among them, credit-impaired financial assets that have been purchased or originated by the Group shall be discounted according to the credit-adjusted effective interest rate of the financial assets.

The Group's method of measuring expected credit losses of financial instruments reflects the following elements: (i) an unbiased and probability-weighted average amount that is determined by evaluating a range of possible outcomes; (ii) the time value of money; (iii) the reasonable and supportable information that is available without undue cost or effort at the reporting date about past events, current conditions, and forecasts of future economic conditions.

At the end of each reporting period, the Group measures the expected credit losses ("ECL") of financial instruments at different stages and recognises its loss provision and its changes in the following cases: the financial instrument is in Stage 1 if the credit risk of the financial instrument has not increased significantly since the initial recognition, and the Group measures its loss provision based on the amount of expected credit loss of the financial instrument in the next 12 months; the financial instrument is in Stage 2 if the credit risk of the financial instrument has increased significantly since the initial recognition but are not yet credit-impaired and the Group measures its loss provision based on the amount of lifetime expected credit loss of the financial instrument; the financial instrument is in Stage 3 if the financial instrument has been credit impaired, and the Group measures its loss provision based on the amount of lifetime expected credit loss of the financial instrument. Regardless of whether the Group's assessment of credit losses is based on a single financial instrument or a combination of financial instruments, the increase or reversal of the loss provision resulting therefrom should be included in profit or loss as an impairment loss or gain.

For debt instruments measured at FVOCI, the Group recognises the allowance of impairment in other comprehensive income and impairment losses or gains in profit or loss, which should not change the book value of the financial assets set out in the statement of financial position.

For loss provision measured at the amount equivalent to the lifetime expected credit loss of the financial instrument previously, if, at the end of the current reporting period, the financial instrument is no longer having significant increase in credit risk since the initial recognition, the Group measures its loss provision based on the amount of its expected credit losses for the next 12 months, and recognises the resulting reversal of the loss provision as an impairment gain in profit or loss.

For financial assets that have been considered as purchased or originated credit impaired, the Group only recognises cumulative changes in lifetime expected credit losses after initial recognition at the end of the reporting period as loss provision. At the end of each reporting period, the Group recognises the amount of the change in lifetime expected credit losses as an impairment loss or gain in profit or loss.

(g) Write-offs

When the Group determines that a loan has no reasonable prospect of recovery after the Group has completed all the necessary legal or other proceedings, the loan is written off against its allowance for impairment losses. If in a subsequent period the loan written off is recovered, the amount recovered will be recognised in profit or loss through credit impairment losses.

4 Material accounting policies and significant accounting estimates (continued)

(3) Financial instruments (continued)

(h) Modification of contracts

If the renegotiation or modification of a contract between the Group and a counterparty does not result in derecognition of the financial assets, but leads to changes in contractual cash flows, the Group recalculates the gross carrying amount of the financial asset and the related gain or loss is recognised in profit or loss. The recalculated gross carrying amount of the financial asset is determined based on the present value of the renegotiated or modified contractual cash flows discounted at the financial asset's original effective interest rate. The Group assesses whether a significant increase in credit risk has occurred, by comparing the risk of a default occurring under revised terms as at the end of the reporting period with that as at the date of initial recognition under original terms.

(i) Fair value measurement

If there is an active market for a financial instrument, then the fair value of that financial instrument is determined based on quoted price from an active market without any deduction for transaction costs that may occur on future sales or disposals. A quoted price is from an active market where price information is readily and regularly available from an exchange, dealer, industry group or pricing service agency and that price information represents actual and regularly occurring orderly transactions.

If a quoted market price is not available, the fair value of the financial instruments is estimated using valuation techniques. Valuation techniques applied include the price used by market participants in an orderly transaction, reference to the fair value of another instrument that is substantially the same, discounted cash flow analysis and option pricing models. The Group selects valuation techniques that are commonly accepted by market participants for pricing the instruments and these techniques have been demonstrated to provide reliable estimates of prices obtained in actual market transactions. Periodically, the Group reviews the valuation techniques and tests them for validity.

(j) Offsets

Financial assets and financial liabilities are offset and the net amount is reported in the statement of financial position when the Group has a legally enforceable right to offset the recognised amounts and the transactions are intended to be settled on a net basis or by realising the asset and settling the liability simultaneously.

(k) Securitisations

The Group securitises certain loans, which generally involves the sale of these assets to structured entities, which in turn issue securities to investors. Interests in the securitised financial assets may be retained in the form of credit enhancement or subordinated tranches, or other residual interests ("retained interests"). Gains or losses on securitisation are the difference between the carrying amount of the derecognised financial assets and the consideration received (including retained interest) which is recognised in profit or loss.

(l) Financial assets held under resale agreements and financial assets sold under repurchase agreements

Financial assets held under resale agreements are transactions where the Group acquires financial assets which will be resold at a predetermined price at a future date under resale agreements. Financial assets sold under repurchase agreements are transactions where the Group sells financial assets which will be repurchased at a predetermined price at a future date under repurchase agreements.

The cash paid or received is recognised as financial assets held under resale agreements or sold under repurchase agreements in the statement of financial position. Assets held under resale agreements are not recognised. Assets sold under repurchase agreements continue to be recognised in the statement of financial position.

The differences between the purchase and resale considerations, and that between the sale and repurchase considerations, are amortised over the period of the respective transaction using the effective interest method and are included in interest income and interest expenses respectively.

(4) Precious metals

Precious metals comprise gold and other precious metals. Precious metals acquired by the Group for trading purposes are initially recognised at fair value on the date of acquisition and measured subsequently at fair value with any changes recorded in profit or loss. Precious metals that are not acquired by the Group principally for trading purpose are carried at lower of cost and net realisable value.

4 Material accounting policies and significant accounting estimates (continued)

(5) Fixed assets and Construction in progress

Fixed assets are assets held by the Group for the conduct of business and are expected to be used for more than one year. Construction in progress is transferred to fixed assets when ready for its intended use.

(a) Cost

Fixed assets are initially recognised at cost, except for the fixed assets and construction in progress obtained from the former CCB by the Bank which were recognised at the revalued amount as cost on the date of restructuring. The cost of a purchased fixed asset comprises the purchase price, related taxes, and any directly attributable expenditures for bringing the asset to working condition for its intended use. The cost of a self-constructed fixed asset comprises those expenditures necessarily incurred for bringing the asset to working condition for its intended use.

Where the individual components of an item of fixed assets have different useful lives or provide benefits to the Group in different patterns thus necessitating use of different depreciation rates or methods, they are recognised as separate fixed assets.

Subsequent costs, including the cost of replacing part of an item of fixed assets, are recognised in the carrying amount of the item if the recognition criteria are satisfied, and the carrying amount of the replaced part is derecognised. Expenditures relating to ordinary maintenance of fixed assets are recognised in profit or loss as incurred.

The cost of construction in progress is determined based on actual construction expenditures, which include all necessary construction expenses and other related expenses incurred during construction.

(b) Depreciation and impairment

Depreciation is calculated to write off through profit or loss the cost of items of fixed assets, less their estimated residual value, if any, using the straight-line method over their estimated useful lives. Impaired fixed assets are depreciated net of accumulated allowance for impairment losses.

The estimated useful lives, net residual value rates and annual depreciation rates of respective fixed assets are as follows:

Types of assets	Estimated useful lives	Estimated net residual value rates	Annual depreciation rates
Bank premises	8-50 years	0%–5%	1.9%–12.5%
Equipment	2-20 years	0%–5%	4.8%–50.0%
Aircraft and vessels, etc	7-25 years	5%	3.8%–13.6%
Others	2-20 years	0%–5%	4.8%–50.0%

Aircraft and vessels, etc, include aircraft, vessels, shield machines and other fixed assets used for operating leases

The Group reviews the estimated useful life and estimated net residual value rates of a fixed asset and the depreciation method applied at least once a financial year.

Impairment losses on fixed assets are accounted for in accordance with the accounting policies as set out in Note 4(13).

(c) Disposal

Gains or losses arising from the retirement or disposal of a fixed asset are determined as the difference between the net disposal proceeds and the carrying amount of the fixed asset and are recognised in profit or loss on the date of retirement or disposal.

4 Material accounting policies and significant accounting estimates (continued)

(6) Lease

Identification of leases

At inception of a contract, the Group assesses whether the contract is, or contains, a lease. A contract is, or contains, a lease if the contract conveys the right to control the use of an identified asset for a period of time in exchange for consideration. To assess whether a contract conveys the right to control the use of an identified asset for a period of time, the Group assesses whether, throughout the period of use, the customer has both of the right to obtain substantially all of the economic benefits from use of the identified asset and the right to direct the use of the identified asset.

Assessment of the lease term

The lease term is the non-cancellable period of a lease for which the Group has the right to use an underlying asset. If the Group has an option to extend the lease, that is, the Group has the right to extend the lease, and is reasonably certain to exercise that option, the lease term also includes periods covered by an option to extend the lease. If the Group has an option to terminate the lease, that is, the Group has the right to terminate the lease, but is reasonably certain not to exercise that option, the lease term includes periods covered by an option to terminate the lease. The Group reassesses whether it is reasonably certain to exercise an extension option, purchase option, or not to exercise a termination option, upon the occurrence of either a significant event or a significant change in the circumstances that is within the control of the Group and affects whether the Group is reasonably certain to exercise an option not previously included in its determination of the lease term.

As lessee

The Group recognises lease liabilities and right-of-use assets, except for short-term leases and leases of low-value assets.

Right-of-use assets

The right-of-use assets of the Group mainly include bank premises and other equipment.

At the commencement date of the lease, the Group recognises a right-of-use asset. Right-of-use assets are initially measured at cost. The cost of the right-of-use asset comprises: (i) the amount of the initial measurement of the lease liability; (ii) any lease payments made at or before the commencement date of the lease less any lease incentives received; (iii) any initial direct cost incurred; and (iv) an estimate of costs incurred by the lessee in dismantling and removing the underlying asset, restoring the site on which it is located or restoring the underlying asset to the condition required by the terms and conditions of the lease. The right-of-use assets are depreciated on a straight-line basis subsequently by the Group. If the Group is reasonably certain that the ownership of the underlying asset will be transferred to the Group at the end of the lease term, the Group depreciates the asset from the commencement date to the end of the useful life of the asset. Otherwise, the Group depreciates the assets from the commencement date to the earlier of the end of the useful life of the asset or the end of the lease term.

Lease liabilities

At the commencement date of the lease, the Group measures the lease liability at the present value of the lease payments that are not paid at that date. The lease payments include fixed payments (including in-substance fixed payments) less any lease incentives receivable, variable lease payments that depend on an index or a rate, and amounts expected to be paid under residual value guarantees. The lease payments also include the exercise price of a purchase option reasonably certain to be exercised by the Group and payments of penalties for termination of a lease, if the lease term reflects the Group exercising the option to terminate the lease.

In calculating the present value of the lease payments, the Group uses the interest rate implicit in the lease as the discount rate. If that rate cannot be readily determined, the Group uses the lessee's incremental borrowing rate. The Group calculates the interest expenses of the lease liability in each period during the lease term using the constant periodic rate of interest, and recognises such interest expenses in profit or loss, except those in the costs of the related asset as required. Variable lease payments that are not included in the measurement of the lease liabilities are recognised in profit or loss as incurred, except those in the costs of the related asset as required.

After the lease commencement date, the amount of lease liabilities is increased to reflect the accretion of interest and reduced for lease payments made. In the event that there is a change in: (i) the in-substance fixed lease payments; (ii) the amounts expected to be payable under a residual value guarantee; (iii) future lease payments resulting from a change in an index or a rate used to determine those payments; (iv) the assessment results or actual exercise of an option to purchase, extend or terminate the underlying asset, the Group remeasures its lease liabilities at the present value of lease payments after the changes have been made and adjusts the carrying amount of the right-of-use assets accordingly. If there is a need to further reduce lease liabilities when the carrying amount of right-of-use assets is already reduced to zero, the Group recognises the additional amount in profit or loss.

4 Material accounting policies and significant accounting estimates (continued)

(6) Lease (continued)

As lessee (continued)

Short-term leases and leases of low-value assets

The Group considers a lease that, at the commencement date of the lease, has a lease term of 12 months or less, and does not contain any purchase option as a short-term lease; and a lease of the individual underlying asset with low value, when new, as a lease of low-value assets. The Group recognises lease payments on short-term leases and leases of low-value assets in the costs of the related asset or profit or loss on a straight-line basis over the lease term.

Lease modifications

Lease modification is a change in the scope of a lease, the consideration or the term for a lease, that was not part of the original terms and conditions of the lease, for example, adding or terminating the right to use one or more underlying assets, or extending or shortening the contractual lease term.

The Group accounts for a lease modification as a separate lease if both:

(a) the modification increases the scope of the lease by adding the right to use one or more underlying assets; and

(b) the consideration for the lease increases by an amount commensurate with the stand-alone price for the increase in scope and any appropriate adjustments to that stand-alone price to reflect the circumstances of the particular contract.

For a lease modification that is not accounted for as a separate lease, at the effective date of the lease modification the Group remeasures the lease liability by discounting the revised lease payments using a revised discount rate. The revised discount rate is determined as the interest rate implicit in the lease for the remainder of the lease term, or the lessee's incremental borrowing rate at the effective date of the modification, if the interest rate implicit in the lease cannot be readily determined.

For a lease modification that is not accounted for as a separate lease, the Group accounts for the remeasurement of the lease liability by:

(a) decreasing the carrying amount of the right-of-use asset to reflect the partial or full termination of the lease for lease modifications that decrease the scope or term of the lease, and recognising the gain or loss relating to the partial or full termination of the lease in profit or loss; or

(b) making a corresponding adjustment to the right-of-use asset for all other lease modifications.

Lessee's incremental borrowing rate

If the interest rate implicit in the lease cannot be readily determined, the Group measures the lease liability at the present value of the lease payments discounted using the lessee's incremental borrowing rate. According to the economic environment, the Group takes the observable interest rate as the reference basis for determining the incremental borrowing rate, then adjusts the observable interest rate based on its own circumstances, underlying assets, lease terms and amounts of lease liabilities to determine the applicable incremental borrowing rate.

As lessor

A lease is classified as a finance lease if it transfers substantially all the risks and rewards incidental to ownership of an underlying asset, except that a lease is classified as an operating lease at the inception date. The Group, as an intermediate lessor, classifies the sublease by reference to the right-of-use asset arising from the head lease.

As lessor of a finance lease

At the commencement date of the lease, the Group recognises finance lease payments receivable and derecognises finance lease assets. The Group presents lease payments receivable at an amount equal to the net investment in the lease for the initial measurement. The net investment in the lease is the sum of any unguaranteed residual value accruing to the lessor and at the commencement date of the lease the lease payments receivable by a lessor under a finance lease discounted at the interest rate implicit in the lease, including the initial direct costs.

The Group recognises interest income over the lease term, based on a pattern reflecting a constant periodic rate of return on its net investment in the lease. Variable lease payments received by the Group that are not included in the measurement of the net investment in the lease are recognised in profit or loss as incurred.

4 Material accounting policies and significant accounting estimates (continued)

(6) Lease (continued)

As lessor (continued)

As lessor of a finance lease (continued)

The Group accounts for a modification to a finance lease as a separate lease if both:

(a) the modification increases the scope of the lease by adding the right to use one or more underlying assets; and

(b) the consideration for the lease increases by an amount commensurate with the stand-alone price for the increase in scope and any appropriate adjustments to that stand-alone price to reflect the circumstances of the particular contract.

For a modification to a finance lease that is not accounted for as a separate lease, the Group accounts for the modification as follows:

(a) if the lease would have been classified as an operating lease had the modification been in effect at the inception date, the Group accounts for the lease modification as a new lease from the effective date of the modification, and measures the carrying amount of the underlying asset as the net investment in the lease immediately before the effective date of the lease modification; or

(b) if the lease would have been classified as a finance lease had the modification been in effect at the inception date, the Group accounts for the lease modification in accordance with the requirements in Note 4(3) on the contract modifications or re-negotiation.

As lessor of an operating lease

Rent income under an operating lease is recognised on a straight-line basis over the lease term, through profit or loss. The Group accounts for a modification to an operating lease as a new lease from the effective date of the modification, considering any prepaid or accrued lease payments relating to the original lease as part of the lease payments for the new lease.

Sale and leaseback transactions

As lessor

If the transfer of an asset satisfies the requirements to be accounted for as a sale of the asset, the Group, as a lessor, accounts for the purchase of the asset and for the lease applying the accounting requirements set forth; and if the transfer of an asset does not satisfy the requirements to be accounted for as a sale of the asset, the Group, as a lessor, does not recognise the transferred asset and recognises a financial asset equal to the transfer proceeds. The Group accounts for the financial asset applying Note 4(3).

(7) Investment properties

Investment properties are properties held to earn rental income and/or for capital appreciation. Investment properties include land use rights leased out, land use rights held for transfer upon capital appreciation, and buildings leased out.

An investment property is measured initially at cost. If the economic benefits relating to an investment property will probably flow in and the cost can be reliably measured, subsequent costs incurred for the property are included in the cost of the investment property. Otherwise, subsequent costs are recognised in profit or loss as incurred.

The Group adopts the cost model for subsequent measurement of investment properties. Depreciation is calculated using the straight-line method to write off to profit or loss the cost of investment properties, less their estimated residual value, if any, over their estimated useful lives. Impaired investment properties are depreciated net of accumulated impairment losses.

The estimated useful life, estimated net residual value rate and annual depreciation rate of the Group's investment properties are as follows:

Types of assets	Estimated useful life	Estimated net residual value rate	Annual depreciation rate
Premises	20-35 years	3%–5%	2.8%–4.9%
Others	5-8 years	0%–3%	12.5%–19.4%

The amortisation period of land use rights is shown in Note 4(8).

4 Material accounting policies and significant accounting estimates (continued)

(8) Land use rights

Land use rights are initially recognised at cost. The land use rights obtained from the former CCB by the Bank on the date of restructuring were recorded at the revalued amount. The useful lives of the Group's land use rights generally range from 30 to 70 years, over which the cost of land use rights is amortised on a straight-line basis and charged to profit or loss. Impaired land use rights are amortised net of accumulated allowance for impairment losses.

Impairment losses on land use rights are accounted for in accordance with the accounting policies as set out in Note 4(13).

(9) Intangible assets

Software and other intangible assets are initially recognised at cost. The cost less estimated residual values, if any, of the intangible assets is amortised on a straight-line basis over their useful lives, and charged to profit or loss. The useful lives of intangible assets are determined based on contracts, legal requirements or the period over which future economic benefits can be realised. Impaired intangible assets are amortised net of accumulated allowance for impairment losses.

Impairment losses on intangible assets are accounted for in accordance with the accounting policies as set out in Note 4(13).

The Group classifies the expenditures on an internal research and development project into expenditure on the research phase and expenditure on the development phase. Expenditure on the research phase is recognised in profit or loss as incurred. Expenditure on the development phase is capitalised only when the Group can demonstrate all of the following: (i) the technical feasibility of completing the intangible asset so that it will be available for use or sale; (ii) the intention to complete the intangible asset and use or sell it; (iii) how the intangible asset will generate probable future economic benefits (among other things, the Group can demonstrate the existence of a market for the output of the intangible asset or the intangible asset itself or, if it is to be used internally, the usefulness of the intangible asset); (iv) the availability of adequate technical, financial and other resources to complete the development and the ability to use or sell the intangible asset; and (v) the ability to measure reliably the expenditure attributable to the intangible asset during the development phase. Expenditure on the development phase which does not meet these above criteria is recognised in profit or loss when incurred.

(10) Goodwill

Goodwill represents the excess of the consideration transferred, the amount of any non-controlling interest in the acquiree and the acquisition-date fair value of any previous equity interest in the acquiree over the fair value of the identifiable net assets. Goodwill is not amortised. Goodwill arising from a business combination is allocated to each cash-generating unit ("CGU") or group of CGUs, that is expected to benefit from the synergies of the combination. The Group performs an impairment test on goodwill at least annually.

Any excess of the Group's interest in the net fair value of the acquiree's identifiable net assets over the consideration transferred, the amount of any non-controlling interest in the acquiree and the acquisition-date fair value of any previous equity interest in the acquiree is recognised immediately in profit or loss.

On disposal of the related CGU or group of CGUs, any attributable amount of goodwill net of allowances for impairment losses, if any, is included in the calculation of the profit or loss on disposal.

Impairment loss on goodwill is accounted for in accordance with the accounting policies as set out in Note 4(13).

(11) Repossessed assets

To recover impaired loans and advances, the Group may go through court proceedings or have debtors, guarantors or a third person voluntarily hand over the rights of ownership of the assets. Repossessed assets in the form of financial assets are recognised and presented as the appropriate class of financial assets based on the business models and contractual cash flow characteristics, and repossessed assets that are not financial assets are recognised and reported in "other assets" in the balance sheet when the Group intends to achieve an orderly realisation of the impaired assets and the Group is no longer seeking repayment from the borrower.

The Group measures repossessed assets in the form of financial assets at fair value upon initial recognition, and records any taxes payable, advance payment for litigation fees, tax arrears and other transaction costs incurred to obtain repossessed assets in profit or loss or into the initial book value, respectively, depending on the type of financial assets. Repossessed assets that are not financial assets are initially recognised at the fair value of the rights given up by creditors, and the Group records any taxes payable, advance payment for litigation fees, tax arrears and other transaction costs incurred to obtain the repossessed assets into the book value of repossessed assets.

Repossessed assets that are not financial assets are recognised at book value less allowances for impairment losses measured in accordance with the accounting policies as set out in Note 4(13).

4 Material accounting policies and significant accounting estimates (continued)

(12) Non-current assets or disposal groups held for sale

The Group classifies a non-current asset or disposal group as held for sale if its carrying amount will be recovered principally through a sale transaction rather than through continuing use. An asset or disposal group is classified as held for sale if the following criteria are simultaneously met: it must be available for immediate sale in its present condition subject only to terms that are usual and customary for sales of such assets or disposal groups and the sale must be highly probable, i.e., the Group has passed a resolution on a plan to sell the asset or disposal group and obtained a firm purchase commitment with the sale expected to be completed within one year. (The Group has obtained approval from relevant authority or regulators where relevant regulations require such approval before the sale can be made.) If the Group loses control over the subsidiary due to the sale of its investments in the subsidiary, when the criteria are met, regardless of whether the Group will retain a non-controlling interest in its former subsidiary after the sale, it shall classify its investments in the subsidiary as held for sale in the standalone financial statements, and all assets and liabilities of that subsidiary as held for sale in the consolidated financial statements.

The Group shall recognise an impairment loss for any initial or subsequent write-down of non-current asset or disposal group held for sale (except financial assets, deferred tax assets, etc.) to fair value less costs to sell and record it in profit or loss of the current period and recognise an impairment provision for held for sale asset or disposal group. Non-current asset or disposal group held for sale are not subject to depreciation or amortisation and are not accounted for using the equity method.

(13) Allowances for impairment losses on assets

The Group determines the impairment of long-term equity investments and non-financial assets such as fixed assets, construction in progress, right-of-use assets and intangible assets, using the following methods:

The Group assesses at the end of the reporting period whether there is any indication that assets may be impaired. If any indication exists that an asset may be impaired, the Group estimates the recoverable amount of the asset.

If there is any indication that an asset may be impaired and it is not possible to estimate the recoverable amount of an individual asset, the Group determines the recoverable amount of the CGU to which the asset belongs.

CGU is the smallest identifiable group of assets that generates cash inflows that are largely independent of the cash flows from other assets or groups of assets.

The recoverable amount of an asset (or CGU, group of CGUs) is the higher of its fair value less costs of disposal and the present value of the expected future cash flows. The Group considers all relevant factors in estimating the present value of future cash flows, such as the expected future cash flows, the useful life and the discount rate.

(a) Impairment test for CGU containing goodwill

For the purpose of impairment testing, goodwill acquired in a business combination is allocated to the CGU or group of CGUs that is expected to benefit from the synergies of the combination.

A CGU or group of CGUs to which goodwill has been allocated is tested for impairment by the Group at least annually, or whenever there is an indication that the CGU or group of CGUs are impaired, by comparing the carrying amount of the CGU or group of CGUs, including the goodwill, with the recoverable amount of the CGU or group of CGUs. At the time of impairment testing of a CGU or group of CGUs to which goodwill has been allocated, there may be an indication of an impairment of an asset within the CGU containing the goodwill. In such circumstances, the Group tests the asset for impairment first, and recognises any impairment loss for that asset before testing for impairment on the CGU containing the goodwill. Similarly, there may be an indication of an impairment of a CGU within a group of CGUs containing the goodwill. In such circumstances, the Group tests the CGU for impairment first, and recognises any impairment loss for that CGU, before testing for impairment the group of CGUs to which the goodwill is allocated.

(b) Impairment loss

If the recoverable amount of an asset is less than its carrying amount, the carrying amount of the asset is reduced to its recoverable amount. That reduction is recognised as an impairment loss and charged to profit or loss.

For a CGU or a group of CGUs, the amount of impairment loss firstly reduces the carrying amount of any goodwill allocated to the CGU or group of CGUs, and then reduces the carrying amount of other assets (other than goodwill) within the CGU or group of CGUs, pro rata on the basis of the carrying amount of each asset.

4 Material accounting policies and significant accounting estimates (continued)

(13) Allowances for impairment losses on assets (continued)

(c) Reversing an impairment loss

If, in a subsequent period, the amount of impairment loss of the non-financial asset except for goodwill decreases and the decrease can be linked objectively to an event occurring after the impairment was recognised, the previously recognised impairment loss is reversed through profit or loss. A reversal of impairment loss is limited to the asset's carrying amount that would have been determined had no impairment loss been recognised in prior periods.

An impairment loss in respect of goodwill is not reversed.

(14) Employee benefits

Employee benefits are all forms of consideration given and compensations incurred by the Group in exchange for services rendered by employees or the termination of the employment relationship. Except for termination benefits, employee benefits are recognised as a liability in the period in which the associated services are rendered by its employees, with a corresponding increase in cost of relevant assets or the expenses in profit or loss. Where payment or settlement is deferred and the effect of discount would be material, these amounts are stated at their present values in the statement of financial position.

(a) Post-employment benefits

The Group divides post-employment benefit plans into defined contribution plans and defined benefit plans. Defined contribution plans are post-employment benefit plans under which the Group pays fixed contributions into a separate entity (a fund) and will have no legal or constructive obligation to pay further contributions. Defined benefit plans are post-employment benefit plans other than defined contribution plans. For defined contribution plans, the Group pays contributions to basic retirement insurance, annuity scheme and unemployment insurance for the employees during the reporting period, while defined benefit plans are mainly supplementary retirement benefits.

Defined contribution retirement schemes

Pursuant to the relevant laws and regulations in the PRC, employees in the Chinese mainland have joined defined contribution retirement schemes for the employees arranged by local government labour and security authorities. The Group makes contributions to the retirement schemes at the applicable rates based on the amounts stipulated by the local government organisations. The contributions are charged to profit or loss on an accrual basis. When employees retire, the local government labour and security authorities are responsible for the payment of the basic retirement benefits to the retired employees.

Annuity contributions

In addition to the statutory provision contributions, the Bank's employees have joined the annuity scheme set up by the Bank under "CCBC Annuity Scheme" (the "scheme") in accordance with state enterprise annuity regulations. The Bank has made annuity contributions in proportion to its employees' gross wages, which are expensed in profit or loss when the contributions are made.

Supplementary retirement benefits

The Group pays supplementary retirement benefits for its employees in the Chinese mainland who retired on or before 31 December 2003 in addition to the contributions made to statutory insurance schemes. Such supplementary retirement benefits are defined benefit plans.

The Group's obligations in respect of supplementary retirement benefits are calculated by estimating the amount of obligations that the Group is committed to pay to the employees after their retirement using actuarial techniques. At the end of each reporting period, such obligations are discounted with interest yield of government bonds with similar duration. The service cost and net interest from the supplementary retirement benefits are recognised in profit or loss, and the remeasurements are recognised in other comprehensive income.

The liability recognised in the statement of financial position in respect of supplementary retirement benefits is the present value of supplementary retirement benefit obligations at the end of the reporting period less the fair value of plan assets.

(b) Termination benefits

Where the Group terminates the employment relationship with employees before the end of the employment contracts or provides compensation as an offer to encourage employees to accept voluntary redundancy, a provision is recognised for the compensation arising from termination of employment relationship, through profit or loss. The Group is required to recognise termination benefits at the earlier of when it can no longer withdraw an offer of those benefits and when it recognises any related restructuring costs.

4 Material accounting policies and significant accounting estimates (continued)

(14) Employee benefits (continued)

(c) Early retirement expenses

The Group recognises the present value of all its liabilities to employees who voluntarily agreed to retire early. The early retirement benefit payments are made by the Group from the date of early retirement to the regulated retirement date. Differences arising from changes in assumptions and estimates of the present value of the liabilities are recognised in profit or loss as incurred.

(d) Staff incentive plan

As approved by the Board of Directors, for the purposes of providing incentives and rewards to eligible employees for their past services, the Group awards a specified amount of staff compensation to the staff incentive plan independently managed by a designated staff committee for those eligible participating employees. The Group recognises its contribution to the plan when it has a present legal or constructive obligation to make such payment and a reliable estimate of the obligation can be made.

(15) Insurance contracts

The Group identifies portfolios of insurance contracts as contracts subject to similar risks and are managed together. The Group further divides portfolios of insurance contracts into groups of insurance contracts and uses groups of insurance contracts as units of account. The Group's approaches for insurance contract measurement include the general measurement model, the special measurement approach ("variable fee approach") for groups of insurance contracts with direct participation features, and the simplified approach ("premium allocation approach"). The Group makes the accounting policy choice of disaggregating insurance finance income or expenses for the period between profit or loss and other comprehensive income.

General measurement model

The Group measures insurance contract liabilities on the initial recognition of a group of insurance contracts at the total of fulfilment cash flows and contractual service margin.

On initial recognition of a group of insurance contracts, the Group measures the total of: the fulfilment cash flows; the cash flows related to asset for insurance acquisition cash flows, and any other asset or liability derecognised at that date; cash flows arising from the contracts in the group at that date. If the total represents a net cash inflow, the Group recognises that as a contractual service margin; if it represents a net cash outflow, the Group recognises that as a loss in profit or loss of the period.

The insurance contract liability is subsequently measured by the Group at the end of the reporting period at the total of the liability for remaining coverage and the liability for incurred claims.

For insurance contracts without direct participation features, the carrying amount of the contractual service margin of a group of contracts at the end of the reporting period are determined as the carrying amount at the start of the period after required adjustments.

The Group rationally determines the coverage units of the group of contracts in each period of the coverage period based on the pattern of provision of insurance contract services, and recognises insurance revenue accordingly over the current and future periods by amortizing the adjusted carrying amount of the contractual service margin.

Variable fee approach

The Group adopts the variable fee approach for insurance contracts with direct participation features. The Group estimates the fulfilment cash flows of the groups of insurance contracts with direct participation features at the difference between the fair value of the underlying items and the variable fee. For insurance contracts with direct participation features, the carrying amount of the contractual service margin of a group of contracts at the end of the reporting period equals the carrying amount at the start of the reporting period after required adjustments.

Premium allocation approach

For insurance contracts meeting criteria, the Group may simplify the measurement of a group of insurance contracts adopting the premium allocation approach ("PAA"). Adopting the premium allocation approach, on initial recognition, the carrying amount of the liability for remaining coverage is the premiums received, minus any insurance acquisition cash flows at that date, and minus (or plus) any amount arising from the derecognition at that date of any asset for insurance acquisition cash flows and any other related asset or liability. At the end of the reporting period, the carrying amount of the liability for remaining coverage is the carrying amount at the start of the reporting period plus the premiums received in the period, minus insurance acquisition cash flows in the period, plus any amounts relating to the amortisation of insurance acquisition cash flows recognised as insurance service expenses and any adjustment to a financing component in the period, minus the amount recognised as insurance revenue for services provided in that period, and minus any investment component paid or transferred to the liability for incurred claims in the period.

4 Material accounting policies and significant accounting estimates (continued)

(16) Provisions and contingent liabilities

A provision is recognised in the statement of financial position if, as the result of a past event, the Group has a present legal or constructive obligation that can be reliably estimated and it is probable that an outflow of economic benefits will be required to settle the obligation. A provision is initially measured at the best estimate of the expenditure required to settle the related present obligation. Factors pertaining to a contingency such as the risks, uncertainties and time value of money are taken into account as a whole in reaching the best estimate. Where the effect of the time value of money is material, the best estimate is determined by discounting the related future cash outflows.

A potential obligation arising from a past transaction or event whose existence can only be confirmed by the occurrence or non-occurrence of future uncertain events; or a present obligation that arises from past transactions or events where it is not probable that an outflow of economic benefits is required to settle the obligation or the amount of the obligation cannot be measured reliably, is disclosed as a contingent liability unless the probability of outflow of economic benefit is remote.

(17) Equity instruments

An equity instrument is any contract that evidences a residual interest in the assets of the Group after deducting all of its liabilities. A financial instrument issued is an equity instrument if, and only if, both conditions (i) and (ii) below are met: (i) The financial instrument includes no contractual obligation to deliver cash or another financial asset to another entity, or to exchange financial assets or financial liabilities with another entity under conditions that are potentially unfavourable to the Group; and (ii) If the financial instrument will or may be settled in the Group's own equity instruments, it is a non-derivative instrument that includes no contractual obligations for the Group to deliver a variable number of its own equity instruments; or a derivative that will be settled only by the Group exchanging a fixed amount of cash or another financial asset for a fixed number of its own equity instruments.

(18) Financial guarantee contracts and loan commitments

A financial guarantee contract is a contract that requires the issuer to make specified payments to reimburse the holder for a loss it incurs because a specified debtor fails to make payment when due, in accordance with the terms of a debt instrument.

Financial guarantee contracts are initially recognised at fair value on the date the guarantee was given. Subsequent to initial recognition, the Group's liabilities under such guarantees are measured at the higher of the initial amount, less amortisation of guarantee fees, and the best estimate of the loss provisions required to settle the guarantee. Any increase in the liability relating to guarantees is recognised in profit or loss.

The impairment allowance of loan commitments provided by the Group is measured by ECL. The Group has not provided any commitment to provide loans at a below-market interest rate, or that can be settled net in cash or by delivering or issuing another financial instrument.

For loan commitments and financial guarantee contracts, the loss allowance is recognised as a provision. However, for contracts that include both a loan and an undrawn commitment and the Group cannot separately identify the ECL on the undrawn commitment component from those on the loan component, the ECL on the undrawn commitment are recognised together with the loss allowance for the loan. To the extent that the combined allowance for ECL exceed the gross carrying amount of the loan, the ECL are recognised as a provision.

(19) Fiduciary and custody business

Asset custody business refers to a fee-based business of the Group, as an independent third party, enters into custody contracts with trustors, managers, or trustees in accordance with laws and regulations, maintains entrusted assets in accordance with the contracts, discharges rights and obligations as agreed in the custody contracts, provides custody services, and charges fiduciary and custody fees. The Group fulfils its fiduciary obligations and collects relevant fees in accordance with these contracts, and does not take up any risks and rewards related to the assets under custody, which are recorded as off-balance sheet items.

The Group conducts entrusted lending business, whereby it enters into entrusted loan agreements with customers. Under the terms of these agreements, the customers provide funding (the "entrusted funds") to the Group, and the Group grants loans (the "entrusted loans") to third parties according to the instructions of the customers. As the Group does not assume the risks and rewards of the entrusted loans and the corresponding entrusted funds, entrusted loans and funds are recorded as off-balance sheet items at their principal amounts and no allowance for impairment losses are made for these entrusted loans.

4 Material accounting policies and significant accounting estimates (continued)

(20) Revenue recognition

(a) Interest income

Interest income for debt instruments measured at amortised cost and fair value through other comprehensive income is recognised in profit or loss based on effective interest method. Interest income includes the amortisation of any discount or premium or other differences between the initial carrying amount of an interest-earning instrument and its amount at maturity calculated on an effective interest basis. The effective interest method is a method of calculating the amortised cost of financial assets and liabilities and of allocating the interest income and interest expense over the relevant period.

(b) Fee and commission income

Fee and commission income is recognised when the performance obligation is satisfied. For those services that are provided over a period of time, fee and commission income is accrued in accordance with the terms and conditions of the service agreement. For other services, fee and commission income is recognised when the transactions are completed.

(c) Dividend income

Dividend income from equity investments is recognised in profit or loss on the date when the Group's right to receive payment is established.

(21) Income tax

Current income tax is the expected tax payable on the taxable income for the period, using tax rates enacted or substantially enacted at the end of each reporting period, and any adjustment to tax payable in respect of previous periods. Deferred tax assets and liabilities arise from deductible and taxable temporary differences respectively, being the differences between the carrying amounts of assets and liabilities for financial reporting purposes and their tax bases. Deferred tax also arises from unused tax losses and unused tax credits. Deferred tax assets are recognised to the extent that it is probable that taxable profit will be available against which the deductible temporary differences, the carryforward of unused tax losses and unused tax credits can be utilised.

Current income tax and movements in deferred tax balances are recognised in profit or loss except to the extent that they relate to items recognised in equity, in which case the relevant amounts of tax are recognised in equity, respectively.

At the end of each reporting period, deferred tax assets and deferred tax liabilities are measured at the tax rates that are expected to apply to the period when the asset is realised or the liability is settled according to the requirements of tax laws. The Group also considers the possibility of realisation and the settlement of deferred tax assets and deferred tax liabilities in the calculation.

Current tax assets are offset against current tax liabilities, and deferred tax assets against deferred tax liabilities if the Group has the legally enforceable right to offset current tax assets against current tax liabilities and the deferred tax assets and liabilities relate to income taxes levied by the same taxation authority on the same taxable entity. Otherwise, the balances of deferred tax assets and deferred tax liabilities, and movements therein, are presented separately from each other and are not offset.

(22) Cash equivalents

Cash equivalents are short-term, highly liquid investments that are readily convertible into known amounts of cash and which are subject to an insignificant risk of changes in value, having been within three months of maturity at acquisition.

(23) Profit distribution

Proposed dividends which are declared and approved after the end of each reporting period are not recognised as a liability in the statement of financial position and are instead disclosed as a subsequent event after the end of each reporting period in the note to the financial statements. Dividends payable are recognised as liabilities in the period in which they are approved.

4 Material accounting policies and significant accounting estimates (continued)

(24) Related parties

If the Group has the power, directly or indirectly, to control, jointly control or exercise significant influence over another party, or vice versa, or where the Group and one or more parties are subject to common control or joint control from another party, they are considered to be related parties. Related parties may be individuals or enterprises. The Group's related parties include but are not limited to the following:

(a) the Bank's parents;

(b) the Bank's subsidiaries;

(c) other entities which are controlled by the Bank's parents;

(d) an investor who has joint control over the Group;

(e) an investor who can exercise significant influence over the Group;

(f) an associate of the Group;

(g) a joint venture of the Group;

(h) principal individual investors of the Group, and close family members of such individuals (principal individual investors are the individual investors who have the power, directly or indirectly, to control, jointly control or exercise significant influence over another party);

(i) key management personnel of the Group and close family members of such individuals (key management personnel represent those persons having authority and responsibility for planning, directing and controlling the activities of the entity, directly or indirectly, including any director of that entity);

(j) key management personnel of the Bank's parents and close family members of such individuals;

(k) other entities that are controlled or jointly controlled by the Group's principal individual investors, key management personnel, or close family members of such individuals;

(l) a post-employment benefit plan for the benefit of employees of the Group, or of any entity that is a related party of the Group; and

(m) joint ventures and their subsidiaries, or associates and their subsidiaries, of other member units (including parent companies and subsidiaries) of the Bank's corporate group, joint ventures and their subsidiaries, or associates and their subsidiaries, of companies that exercise joint control over the Bank, joint ventures and their subsidiaries of the companies that have a significant influence on the Bank, subsidiaries of joint ventures, and subsidiaries of associates.

(25) Operating segments

The identification of operating segments of the Group is on the basis of internal reports that are regularly reviewed by the Group's chief operating decision makers in order to allocate resources to the segment and assess its performance. On the basis of the operating segments, the Group identifies the reportable segments, using a combination of factors including products and services, geographical areas, regulatory environments, which management has chosen for organisation. The operating segments that meet the specified criteria have been aggregated, and the operating segments that meet quantitative thresholds have been reported separately.

The amount reported for each operating segment item is the measure reported to the chief operating decision makers for the purposes of allocating resources to the segment and assessing its performance. Segment information is prepared in conformity with the accounting policies adopted for preparing and presenting the financial statements of the Group.

4 Material accounting policies and significant accounting estimates (continued)

(26) Significant accounting estimates and judgements

(a) Classification of financial assets

The Group's significant judgments in determining the classification of financial assets include the analysis of business models and contractual cash flow characteristics.

The Group determines the business model for the management of financial assets at the level of portfolios and considers the factors such as how the asset's performance is evaluated and reported to key management personnel, the risks affecting the performance of financial assets and the way in which financial assets are managed, and how managers of the business are compensated.

In assessing whether the contractual cash flows of financial assets are consistent with the basic lending arrangement, the Group uses the following key judgements: whether the principals may change because of the changes of time distribution or amount over the life due to reasons such as prepayment; whether the interest includes only the consideration for the time value of money, for credit risk, for other basic lending risks and costs, as well as a profit margin. For example, whether the amount prepaid reflects only the principal that has not yet been paid and the interest based on the outstanding principal, as well as reasonable compensation paid for the early termination of the contract.

(b) Measurement of expected credit losses

The measurement of expected credit loss for the investment in financial assets measured at amortised cost and debt instruments measured at FVOCI is an area that requires the use of complex models and significant assumptions about future macroeconomic conditions and credit behaviour (e.g. the likelihood of default by customers and the resulting losses). Explanation of the inputs, assumptions and estimation techniques used in measuring expected credit losses is further detailed in Note 62(1).

A number of significant judgements are required in applying the accounting requirements for measuring expected credit losses, such as:

- Determining criteria for significant increase and credit-impaired in credit risk;
- Choosing appropriate models and assumptions for the measurement of expected credit losses;
- Determining the forward-looking information and weightings for different types of products when measuring expected credit losses; and
- Establishing groups of financial instruments with similar risk characteristics for the purpose of measuring expected credit losses.

Detailed information about the judgements and estimates made by the Group in the above areas is set out in Note 62(1) Credit risk.

(c) Fair value of financial instruments

The fair value of financial instruments that are traded in an active market is based on their quoted market prices in an active market at the valuation date. A quoted market price is a price from an active market where price information is readily and regularly available from an exchange or from a dealer quotation and where this price information represents actual and recurring orderly transactions.

For all other financial instruments, the Group determines fair values using valuation techniques which include discounted cash flow models, as well as other types of valuation model. Assumptions and inputs used in valuation techniques include risk-free and benchmark interest rates, foreign currency exchange rates, credit spreads and the liquidity premium. Where discounted cash flow techniques are used, estimated cash flows are based on management's best estimates and the discount rate used is a market rate at the end of each reporting period applicable for an instrument with similar terms and conditions. Where other pricing models are used, inputs are based on the maximising observable market data at the end of each reporting period. However, where market data is not available, the Group needs to make the best estimates on such unobservable market inputs.

The objective of valuation techniques is to arrive at a fair value determination that reflects the price of the financial instrument at the reporting date that would have been determined by market participants in an orderly transaction.

4 Material accounting policies and significant accounting estimates (continued)

(26) Significant accounting estimates and judgements (continued)

(d) Income taxes

Determining income tax provisions involves judgement on the future tax treatment of certain transactions. The Group carefully evaluates the tax implications of transactions and tax provisions are set up accordingly. The tax treatment of such transactions is reconsidered periodically to take into account all changes in tax legislations. Deferred tax assets are recognised for tax losses not yet used and temporary deductible differences. As those deferred tax assets can only be recognised to the extent that it is probable that future taxable profits will be available against which the unused tax credits can be utilised, management's judgement is required to assess the probability of future taxable profits. Management's assessment is constantly reviewed and additional deferred tax assets are recognised if it becomes probable that future taxable profits will allow the deferred tax assets to be recovered.

(e) Employee retirement benefit obligations

The Group has established liabilities in connection with benefits paid to certain retired employees. The amounts of employee benefit expense and liabilities are dependent on assumptions used in calculating such amounts. These assumptions include discount rates, pension benefit inflation rates, medical benefit inflation rates, and other factors. While management believes that its assumptions are appropriate, differences in actual experience or changes in assumptions may affect the Group's other comprehensive income and liability related to its employee retirement benefit obligations.

(f) Scope of consolidation

The Group has taken into consideration all facts and circumstances in the assessment of whether the Group, as an investor, controls the investee. The principle of control includes three elements: (i) power over the investee; (ii) exposure, or rights, to variable returns from involvement with the investee; and (iii) the ability to use power over the investee to affect the amount of the investor's returns. The Group reassesses whether or not it controls an investee if facts and circumstances indicate that there are changes to one or more of the three elements of control listed above.

5 Taxation

The Group's main applicable taxes and tax rates are as follows:

Value added tax ("VAT")

Pursuant to the 'Circular on the Comprehensive Plan for Levying VAT in place of Business Tax' (Cai Shui [2016] No.36) jointly issued by the Ministry of Finance ("MOF") and the State Administration of Taxation, business tax that used to be levied on taxable income of the Bank and its subsidiaries in the Chinese mainland was replaced by VAT from 1 May 2016, and the main VAT rate is 6%.

City construction tax

City construction tax is calculated as 1% to 7% of VAT.

Education surcharge

Education surcharge is calculated as 3% of VAT.

Local education surcharge

Local education surcharge is calculated as 2% of VAT.

Income tax

The predominant income tax rate that is applicable to the Bank and its subsidiaries in the Chinese mainland is 25%. Taxation on overseas operations is charged at the relevant local rates. Tax paid on overseas operations is deducted to the extent allowed under the relevant income tax laws of the PRC.

6 Net interest income

	2024	2023
Interest income arising from:		
Deposits with central banks	**44,878**	45,636
Deposits with banks and non-bank financial institutions	**5,063**	5,907
Placements with banks and non-bank financial institutions	**20,165**	19,771
Financial assets held under resale agreements	**16,761**	19,611
Financial investments	**289,788**	278,524
Loans and advances to customers		
– Corporate loans and advances	**509,093**	492,292
– Personal loans and advances	**342,270**	373,291
– Discounted bills	**13,539**	12,334
Total	**1,241,557**	1,247,366
Interest expense arising from:		
Borrowings from central banks	**(27,137)**	(23,785)
Deposits from banks and non-bank financial institutions	**(78,229)**	(63,187)
Placements from banks and non-bank financial institutions	**(19,502)**	(17,692)
Financial assets sold under repurchase agreements	**(4,119)**	(2,962)
Debt securities issued	**(63,860)**	(54,504)
Deposits from customers		
– Corporate deposits	**(205,143)**	(215,040)
– Personal deposits	**(253,685)**	(252,963)
Total	**(651,675)**	(630,133)
Net interest income	**589,882**	617,233

(1) Interest income from impaired financial assets is listed as follows:

	2024	2023
Impaired loans and advances	**3,309**	5,058
Other impaired financial assets	**108**	433
Total	**3,417**	5,491

(2) Interest expense on financial liabilities with maturity over five years mainly represented the interest expense on debt securities issued.

7 Net fee and commission income

	2024	2023
Fee and commission income		
Settlement and clearing fees	**36,705**	37,637
Bank card fees	**21,074**	21,071
Commission on trust and fiduciary activities	**17,057**	18,389
Agency service fees	**14,412**	18,894
Income from asset management business	**8,581**	10,680
Consultancy and advisory fees	**8,131**	10,892
Others	**11,980**	12,343
Total	**117,940**	129,906
Fee and commission expense		
Bank card transaction fees	**(6,530)**	(6,593)
Inter-bank transaction fees	**(1,111)**	(1,245)
Others	**(5,371)**	(6,322)
Total	**(13,012)**	(14,160)
Net fee and commission income	**104,928**	115,746

8 Net trading gain

	2024	2023
Debt securities	**3,599**	4,134
Derivatives	**1,158**	1,360
Equity investments	**(235)**	(57)
Others	**217**	248
Total	**4,739**	5,685

9 Dividend income

	2024	2023
Dividend income from equity investments measured at fair value through profit or loss	**5,721**	5,701
Dividend income from equity investments measured at fair value through other comprehensive income	**855**	11
Total	**6,576**	5,712

10 Net gain/(loss) arising from investment securities

	2024	2023
Net loss related to financial liabilities designated as measured at fair value through profit or loss	**(5,995)**	(8,865)
Net gain related to other financial assets and liabilities measured at fair value through profit or loss	**13,253**	7,158
Net gain related to financial assets measured at fair value through other comprehensive income	**3,012**	1,375
Others	**608**	110
Total	**10,878**	(222)

11 Net gain on derecognition of financial assets measured at amortised cost

For the year ended 31 December 2024, net gain on derecognition of financial assets measured at amortised cost consisted mainly of gain from Group's disposal of bond investments and gain from asset-backed securities (For the year ended 31 December 2023, net gain on derecognition of financial assets measured at amortised cost consisted mainly of gain from asset-backed securities).

12 Other operating income, net

	2024	2023
Other operating income		
Insurance related income	**5,315**	4,783
Foreign exchange gains	**7,363**	3,247
Rental income	**8,502**	7,402
Others	**8,702**	9,791
Total	**29,882**	25,223
Other operating expense

16 Directors' and supervisors' emoluments (continued)

Notes:

(i) The amounts of emoluments for the year ended 31 December 2024 in respect of the services rendered by the directors and supervisors are subject to the approval of the shareholders' general meeting.

(ii) Upon election of the Board and approval of the NFRA, Mr. Zhang Jinliang began to serve as chairman of the Board from March 2024. Upon election at the 2023 annual general meeting of the Bank, Mr. Zhang Yi began to serve as executive director of the Bank from June 2024. Upon election of the Board and approval of the NFRA, Mr. Zhang Yi began to serve as vice chairman of the Board from July 2024. Upon election at the 2023 annual general meeting of the Bank and approval of the NFRA, Mr. Lin Zhijun began to serve as independent non-executive director of the Bank from September 2024.

By reason of age, Mr. Tian Guoli ceased to serve as chairman and executive director of the Bank from March 2024. Due to change of job, Mr. Cui Yong ceased to serve as executive director of the Bank from January 2024. Due to change of job, Ms. Shao Min ceased to serve as non-executive director of the Bank from August 2024. Due to expiration of his term of office, Mr. Kenneth Patrick Chung ceased to serve as independent non-executive director of the Bank from June 2024.

(iii) The Bank did not need to pay the emoluments of non-executive directors appointed by Huijin for the services rendered in 2024 and 2023.

(iv) The amounts only included fees for their services as supervisors.

(v) Other benefits in kind included the Bank's contributions to medical fund, housing fund and other social insurances, which are payable to labour and security authorities based on the lower of certain percentage of the salaries and allowance or the prescribed upper limits as required by the relevant regulations issued by the government authorities. Other benefits also included the Bank's contribution to its own corporate annuity plan (which was set up in accordance with the relevant policies issued by the government authorities) and supplementary medical insurance.

(vi) The total compensation package for these directors and supervisors for the year ended 31 December 2024 has not yet been finalised in accordance with regulations of the PRC relevant authorities. The amount of the compensation not provided for is not expected to have a significant impact on the Group's financial statements for the year ended 31 December 2024. The final compensation will be disclosed in a separate announcement when determined.

The total compensation package for certain directors and supervisors for the year ended 31 December 2023 had not been finalised in accordance with regulations of the PRC relevant authorities as at the date that the 2023 financial statements were published. The aforesaid total compensation package for the directors and supervisors for the year ended 31 December 2023 was the final amount.

(vii) From 2015 onwards, remuneration of the Bank's leaders administered by central authorities has been paid in accordance with relevant policies relating to the central remuneration reform.

None of the directors and supervisors received any inducements or compensation for loss of office, or waived any emoluments during the years ended 31 December 2024 and 2023.

17 Individuals with highest emoluments

The five highest paid employees of the Group are all market-making personnel responsible for asset management business of the Bank's subsidiaries or personnel from the Bank's overseas entities. Their emoluments were determined based on prevailing market rates in respective countries (regions) where the subsidiaries are located. None of the five individuals with the highest emoluments are directors or supervisors whose emoluments are disclosed in Note 16. The aggregate of the emoluments before individual income tax of the five highest paid individuals during the year is as follows:

	2024 RMB'000	2023 RMB'000
Salaries and allowance	**18,267**	14,366
Variable compensation	**11,709**	19,367
Contributions to defined contribution retirement schemes	**2,547**	2,249
Other benefits in kind	**955**	1,225
Total	**33,478**	37,207

17 Individuals with highest emoluments (continued)

The numbers of these individuals whose emoluments before individual income tax are within the following bands is set out below:

	2024	2023
RMB5,000,001 – RMB5,500,000	**1**	–
RMB5,500,001 – RMB6,000,000	**–**	–
RMB6,000,001 – RMB6,500,000	**2**	1
RMB6,500,001 – RMB7,000,000	**1**	1
RMB7,000,001 – RMB7,500,000	**–**	–
RMB7,500,001 – RMB8,000,000	**–**	2
RMB8,000,001 – RMB8,500,000	**–**	1
RMB8,500,001 – RMB9,000,000	**1**	–

None of these individuals received any inducements or compensation for loss of office, or waived any emoluments during the years ended 31 December 2024 and 2023.

18 Income tax expense

(1) Income tax expense

	2024	2023
Current tax	**53,439**	65,995
– The Chinese mainland	**51,012**	62,866
– Hong Kong	**1,172**	1,295
– Other countries and regions	**1,255**	1,834
Deferred tax	**(5,344)**	(9,078)
Total	**48,095**	56,917

The provisions for income taxes for the Chinese mainland and Hong Kong are calculated at 25% and 16.5% of the estimated taxable income from the Chinese mainland and Hong Kong operations, respectively. Taxation for other overseas operations is charged at the appropriate current rates of taxation ruling in the relevant tax jurisdictions.

(2) Reconciliation between income tax expense and accounting profit

	Note	2024	2023
Profit before tax		**384,377**	389,377
Income tax calculated at the 25% statutory tax rate		**96,094**	97,344
Effects of different applicable rates of tax prevailing in other countries/regions		**(504)**	(767)
Non-deductible expenses and others	(a)	**14,237**	18,703
Non-taxable income	(b)	**(61,732)**	(58,363)
Income tax expense		**48,095**	56,917

(a) Non-deductible expenses primarily include non-deductible losses resulting from write-offs and impairment losses.

(b) Non-taxable income primarily includes interest income from PRC government bonds and local government bonds.

The Group has adopted a temporary mandatory exemption from the recognition and disclosure of deferred income taxes arising from the Pillar Two model rules in accordance with amendments to IAS 12. Before 31 December 2024, Pillar Two legislations were enacted in certain jurisdictions where the Group has operations and became effective successively from 1 January 2024. The aggregate top-up tax amount associated with Pillar Two model rules was not material to the Group's financial statements for the year ended 31 December 2024.

19 Earnings per share

Basic earnings per share for the years ended 31 December 2024 and 2023 have been computed by dividing the net profit attributable to ordinary shareholders of the Bank by the weighted average number of ordinary shares outstanding during the years.

For the purpose of calculating basic earnings per share, dividends on other equity instruments declared in respect of the period should be deducted from the amounts attributable to equity shareholders of the Bank.

The conversion feature of preference shares is considered to be contingently issuable ordinary shares. The triggering events of conversion did not occur for the years ended 31 December 2024 and 2023, therefore the conversion feature of preference shares has no effect on the basic and diluted earnings per share calculations.

	2024	2023
Net profit attributable to equity shareholders of the Bank	**335,577**	332,653
Less: Profit for the year attributable to other equity instruments holders of the Bank	**(7,108)**	(5,110)
Net profit attributable to ordinary shareholders of the Bank	**328,469**	327,543
Weighted average number of ordinary shares (in millions of shares)	**250,011**	250,011
Basic earnings per share attributable to ordinary shareholders of the Bank (in RMB yuan)	**1.31**	1.31
Diluted earnings per share attributable to ordinary shareholders of the Bank (in RMB yuan)	**1.31**	1.31

20 Cash and deposits with central banks

	Note	**31 December 2024**	31 December 2023
Cash		**46,691**	45,682
Deposits with central banks			
– Statutory deposit reserves	(1)	**2,206,678**	2,425,965
– Surplus deposit reserves	(2)	**259,529**	552,063
– Fiscal deposits and others		**57,283**	41,042
Accrued interest		**1,180**	1,306
Total		**2,571,361**	3,066,058

(1) The Group places statutory deposit reserves with the People's Bank of China ("PBOC") and overseas central banks where it has operations. The statutory deposit reserves are not available for use in the Group's daily business.

As at the end of the reporting period, the Bank's statutory deposit reserves rates in the Chinese mainland were as follows:

	31 December 2024	31 December 2023
Reserve rate for RMB deposits	**8.00%**	9.00%
Reserve rate for foreign currency deposits	**4.00%**	4.00%

The statutory RMB deposit reserve rates applicable to domestic subsidiaries of the Group are determined by the PBOC.

The amounts of statutory deposit reserves placed with the central banks of overseas countries and regions are determined by local jurisdictions.

(2) The surplus deposit reserves maintained with the PBOC is mainly for the purpose of clearing.

21 Deposits with banks and non-bank financial institutions

(1) Analysed by type of counterparties

	31 December 2024	31 December 2023
Banks	**124,986**	131,935
Non-bank financial institutions	**29,083**	16,064
Accrued interest	**570**	379
Gross balances	**154,639**	148,378
Allowances for impairment losses (Note 36)	**(107)**	(160)
Net balances	**154,532**	148,218

(2) Analysed by geographical sectors

	31 December 2024	31 December 2023
The Chinese mainland	**117,985**	111,430
Overseas	**36,084**	36,569
Accrued interest	**570**	379
Gross balances	**154,639**	148,378
Allowances for impairment losses (Note 36)	**(107)**	(160)
Net balances	**154,532**	148,218

As at 31 December 2024 and 2023, all of the Group's deposits with banks and non-bank financial institutions were designated as Stage 1. For the years ended 31 December 2024 and 2023, neither the book values nor the impairment allowances had any migrations between stages.

22 Placements with banks and non-bank financial institutions

(1) Analysed by type of counterparties

	31 December 2024	31 December 2023
Banks	**317,922**	408,117
Non-bank financial institutions	**350,518**	263,148
Accrued interest	**4,866**	4,956
Gross balances	**673,306**	676,221
Allowances for impairment losses (Note 36)	**(431)**	(951)
Net balances	**672,875**	675,270

22 Placements with banks and non-bank financial institutions (continued)

(2) Analysed by geographical sectors

	31 December 2024	31 December 2023
The Chinese mainland	**523,623**	473,888
Overseas	**144,817**	197,377
Accrued interest	**4,866**	4,956
Gross balances	**673,306**	676,221
Allowances for impairment losses (Note 36)	**(431)**	(951)
Net balances	**672,875**	675,270

As at 31 December 2024 and 2023, all of the Group's placements with banks and non-bank financial institutions were designated as Stage 1. For the years ended 31 December 2024 and 2023, neither the book values nor the impairment allowances had any migrations between stages.

23 Derivatives and hedge accounting

(1) Analysed by type of contracts

		31 December 2024			31 December 2023		
	Note	Notional amounts	Assets	Liabilities	Notional amounts	Assets	Liabilities
Interest rate contracts		**943,927**	**10,554**	**8,508**	1,352,192	10,490	7,957
Exchange rate contracts		**5,700,288**	**94,840**	**73,678**	3,711,837	31,425	27,568
Other contracts	(a)	**231,940**	**2,659**	**11,804**	192,081	1,925	6,343
Total		**6,876,155**	**108,053**	**93,990**	5,256,110	43,840	41,868

(2) Analysed by counterparty credit risk-weighted assets

	Note	31 December 2024	31 December 2023
Counterparty credit default risk-weighted assets			
– Interest rate contracts		**6,598**	7,690
– Exchange rate contracts		**70,479**	57,042
– Other contracts	(a)	**39,940**	17,867
Subtotal		**117,017**	82,599
Risk-weighted assets for credit valuation adjustment		**46,944**	21,582
Total		**163,961**	104,181

The notional amounts of derivatives only represent the unsettled transaction volume as at the end of the reporting period, instead of the amount of risk assets. From 1 January 2024, the Group adopted the *Rules on Capital Management of Commercial Banks* and other related policies. According to the rules set out by the NFRA, the Group measures the default risk exposures of derivative transactions using the Standardised Approach for Counterparty Credit Risk (SA-CCR), measures counterparty default risk-weighted assets of derivative transactions using the credit risk weighting approach, and measures risk-weighted assets for credit valuation adjustment using the simplified approach.

(a) Other contracts mainly consist of precious metals and commodity contracts.

23 Derivatives and hedge accounting (continued)

(3) Hedge accounting

The following designated hedging instruments are included in the derivatives disclosed above.

	Note	31 December 2024			31 December 2023		
		Notional amounts	**Assets**	**Liabilities**	Notional amounts	Assets	Liabilities
Fair value hedges	(a)						
Interest rate swaps		**47,437**	**990**	**95**	52,093	1,340	254
Cross currency swaps		**2,716**	**145**	**–**	–	–	–
Cash flow hedges	(b)						
Foreign exchange swaps		**29,882**	**38**	**269**	28,536	250	254
Cross currency swaps		**876**	**70**	**–**	1,000	–	13
Interest rate swaps		**219**	**–**	**2**	3,199	130	–
Total		**81,130**	**1,243**	**366**	84,828	1,720	521

(a) Fair value hedges

The Group uses interest rate swaps and cross currency swaps to hedge against changes in fair value of loans and advances to customers, financial assets measured at fair value through other comprehensive income, placements from banks and non-bank financial institutions, deposits from customers, and debt securities issued arising from changes in interest rates and foreign exchange.

Net (losses)/gains on fair value hedges are as follows:

	2024	2023
Hedging instruments	**(107)**	(458)
Hedged items	**129**	466

The gain and loss arising from the ineffective portion of fair value hedges was immaterial for the years ended 31 December 2024 and 2023.

(b) Cash flow hedges

The Group uses foreign exchange swaps, cross currency swaps and interest rate swaps to hedge against exposures to cash flow variability primarily from foreign exchange and interest rate risks on deposits with banks and non-bank financial institutions, loans and advances to customers, financial assets measured at fair value through other comprehensive income, placements from banks and non-bank financial institutions, deposits from customers, and debt securities issued. The maturities of hedging instruments and hedged items are both within five years.

For the year ended 31 December 2024, the Group's net gain from the cash flow hedges of RMB100 million was recognised in other comprehensive income (for the year ended 31 December 2023: net gain from cash flow hedges of RMB201 million), and the gain and loss arising from the ineffective portion of cash flow hedges was immaterial.

24 Financial assets held under resale agreements

Financial assets held under resale agreements analysed by underlying assets are shown as follows:

	31 December 2024	31 December 2023
Debt securities		
– Government bonds	**249,377**	363,187
– Debt securities issued by policy banks, banks and non-bank financial institutions	**362,137**	547,054
– Corporate bonds	**–**	12
Subtotal	**611,514**	910,253
Discounted bills	**11,031**	68,930
Accrued interest	**47**	477
Total	**622,592**	979,660
Allowances for impairment losses (Note 36)	**(33)**	(162)
Net balances	**622,559**	979,498

As at 31 December 2024 and 2023, all of the Group's financial assets held under resale agreements were designated as Stage 1. For the years ended 31 December 2024 and 2023, neither the book values nor the impairment allowances had any migrations between stages.

25 Loans and advances to customers

(1) Analysed by measurement

Provision percentage for loans and advances to customers measured at amortised cost	**1.43%**	**27.71%**	**73.87%**	**3.32%**
Carrying amount of loans and advances to customers measured at fair value through other comprehensive income	**1,631,619**	**133**	**–**	**1,631,752**
Allowances for impairment losses on loans and advances to customers measured at fair value through other comprehensive income	**(2,309)**	**(5)**	**–**	**(2,314)**

	31 December 2023			
	Stage 1	Stage 2	Stage 3	Total
Gross loans and advances to customers measured at amortised cost	21,602,943	777,996	325,256	22,706,195
Less: allowances for impairment losses	(363,424)	(190,295)	(224,504)	(778,223)
Carrying amount of loans and advances to customers measured at amortised cost	21,239,519	587,701	100,752	21,927,972
Provision percentage for loans and advances to customers measured at amortised cost	1.68%	24.46%	69.02%	3.43%
Carrying amount of loans and advances to customers measured at fair value through other comprehensive income	1,092,093	12,694	–	1,104,787
Allowances for impairment losses on loans and advances to customers measured at fair value through other comprehensive income	(1,431)	(461)	–	(1,892)

The Group measures ECL of loans and advances using risk parameter modelling approach that incorporates relevant parameters such as Probability of Default ("PD"), Loss Given Default ("LGD"), and Exposure at Default ("EAD"). Specifically, the Group calculates LGD for Stage 3 corporate loans and advances not managed as part of a portfolio as well as discounted bills using the discounted cash flow method on expected recoverable cash flows. The Group can also calculate LGD for other corporate loans and advances using the discounted cash flow method on expected recoverable cash flows based on actual circumstances.

The segmentation of the loans mentioned above is defined in Note 4(3)(f).

As at 31 December 2023		363,424	190,295	224,504	778,223

(a) Transfer out/repayment refers to transfer of creditor's rights, transfer of beneficial rights from credit assets, securitisation of assets, debt-to-equity swaps and reversal of loss provision due to repayment of debts in the form of other assets, as well as repayment of loans, etc.

(b) Remeasurements comprise the impact of changes in PD, LGD, and EAD; changes in model assumptions and methodologies; loss provisions change due to stage-transfer; unwinding of discount; and the impact of exchange rate changes, etc.

The loss provisions disclosed above are for loans and advances to customers measured at amortised cost.

25 Loans and advances to customers (continued)

(3) Movements of allowances for impairment losses (continued)

For the year ended 31 December 2024, the changes of gross carrying amounts of loans and advances to customers with a significant impact on the Group's impairment allowance were mainly resulted from the credit business in the Chinese mainland, including:

For the year ended 31 December 2024, the gross carrying amount of corporate loans and advances to customers at domestic branches that had been transferred from Stage 1 to Stage 2 was RMB172,277 million (for the year ended 31 December 2023: RMB219,751 million). The gross carrying amount of loans transferred from Stage 2 to Stage 3 was RMB40,113 million (for the year ended 31 December 2023: RMB51,037 million). The gross carrying amount of loans transferred from Stage 2 to Stage 1 was RMB55,786 million (for the year ended 31 December 2023: RMB49,822 million). The changes of impairment allowances resulting from loans transferred from Stage 1 to Stage 3, and Stage 3 to Stage 1 and Stage 2 was not significant (for the year ended 31 December 2023: not significant). For the year ended 31 December 2024, the gross carrying amount of personal loans and advances to customers at domestic branches that had been transferred from Stage 2 to Stage 3 was RMB34,927 million (for the year ended 31 December 2023: RMB27,716 million). Changes in impairment allowances resulting from changes in stage designations of other personal loans and advances to customers at domestic branches were not significant (for the year ended 31 December 2023: not significant).

For the year ended 31 December 2024, the gross carrying amount of the loans of which impairment allowances were transferred from Stage 3 to Stage 2, and from Stage 3 or Stage 2 to Stage 1, due to the modification of contractual cash flows of domestic branches which did not result in derecognition was not significant (for the year ended 31 December 2023: not significant).

(4) Overdue loans analysed by overdue period

	31 December 2024				
	Overdue within three months	**Overdue between three months and one year**	**Overdue between one year and three years**	**Overdue over three years**	**Total**
Unsecured loans	**26,338**	**56,023**	**14,916**	**2,572**	**99,849**
Guaranteed loans	**5,554**	**22,075**	**36,199**	**11,106**	**74,934**
Loans secured by property and other immovable assets	**40,834**	**52,657**	**36,642**	**11,332**	**141,465**
Other pledged loans	**1,883**	**3,893**	**7,773**	**1,399**	**14,948**
Total	**74,609**	**134,648**	**95,530**	**26,409**	**331,196**
As a percentage of gross loans and advances to customers	**0.29%**	**0.52%**	**0.37%**	**0.10%**	**1.28%**

	31 December 2023				
	Overdue within three months	Overdue between three months and one year	Overdue between one year and three years	Overdue over three years	Total
Unsecured loans	26,263	35,112	8,945	1,814	72,134
Guaranteed loans	12,863	19,777	29,155	4,525	66,320
Loans secured by property and other immovable assets	40,554	38,668	28,012	6,752	113,986
Other pledged loans	3,945	1,493	6,558	1,420	13,416
Total	83,625	95,050	72,670	14,511	265,856
As a percentage of gross loans and advances to customers	0.35%	0.40%	0.31%	0.06%	1.12%

Overdue loans represent loans of which the whole or part of the principal or interest is overdue for 1 day or more.

25 Loans and advances to customers (continued)

(5) Packaged disposal of non-performing loans

For the year ended 31 December 2024, the Group's total amount of non-performing loans sold through packaged disposal to external asset management companies was RMB16,840 million (for the year ended 31 December 2023: RMB3,568 million).

(6) Write-offs

According to the Group's Write-offs policy, it is required to continue to recover the bad debts that are written off. For the year ended 31 December 2024, the amount of loans and advances to customers that the Group has written off under litigation-related condition but still under enforcement was RMB11,002 million (for the year ended 31 December 2023: RMB15,829 million).

26 Financial investments

(i) Remeasurements comprise the impact of changes in PD, LGD, and EAD; changes in model assumptions and methodologies; changes in allowance for impairment losses due to stage-transfer; and the impact of exchange rate changes, etc.

As at 31 December 2024, the Group's financial assets measured at amortised cost with carrying amount of RMB13,171 million (as at 31 December 2023: RMB14,427 million) and financial assets measured at fair value through other comprehensive income with carrying amount of RMB37 million (as at 31 December 2023: RMB54 million) were impaired and classified as Stage 3, financial assets measured at amortised cost with carrying amount of RMB218 million (as at 31 December 2023: RMB462 million) and financial assets measured at fair value through other comprehensive income with carrying amount of RMB933 million (as at 31 December 2023: RMB549 million) were classified as Stage 2, and the remaining financial assets measured at amortised cost and financial assets measured at fair value through other comprehensive income were classified as Stage 1.

For the year ended 31 December 2024, the increase in the Group's Stage 1 financial assets due to newly originated or purchased financial assets amounted to RMB2,341,958 million (for the year ended 31 December 2023: RMB2,127,112 million), the decrease in Stage 1 financial assets due to derecognition amounted to RMB1,340,509 million (for the year ended 31 December 2023: RMB1,080,730 million), and there were no significant changes in the balances of financial assets classified as Stage 2 and 3. Both the amounts of financial assets transferred between stages and the amounts of financial assets with modifications of contractual cash flows that did not result in a derecognition were not significant.

(1) Aircraft and vessels, etc, include aircraft, vessels, shield machines and other fixed assets used for operating leases.

(2) Other movements include disposals, retirements and exchange differences of fixed assets.

(3) As at 31 December 2024, the ownership documentation for the Group's bank premises with a net carrying value of RMB7,435 million (as at 31 December 2023: RMB7,623 million) was being finalised. However, management took the view that the aforesaid matter would not affect the Group's rights to these assets, nor would it have any significant impact on the Group's business operation.

33 Goodwill

(1) The goodwill is mainly attributable to the expected synergies arising from the acquisition of CCB Asia and CCB Indonesia. The movements of the goodwill are as follows:

	2024	2023
As at 1 January	**2,456**	2,256
Additions through acquisitions	**28**	136
Effect of exchange difference	**42**	66
Allowances for impairment losses (Note 36)	**(4)**	(2)
As at 31 December	**2,522**	2,456

(2) Impairment test for CGU containing goodwill

The Group calculated the recoverable amounts of CGUs (including goodwill) in accordance with accounting policies. The Group estimated present values of future cash flows of CGUs using expected future cash flow projections based on financial forecasts approved by management. The average growth rates used by the Group were consistent with the forecasts in industry reports, while the discount rates reflected specific risks relating to relevant segments. The Group estimated net amounts of fair value less costs of disposal based on net assets within the CGUs.

As at 31 December 2024, the Group's goodwill impairment provision amounted to RMB39 million (as at 31 December 2023: RMB409 million). In 2024, the Group transferred out goodwill impairment provisions following its loss of control over the former China Construction Bank (Brasil) Banco Múltiplo S/A. ("the former CCB Brasil") upon disposal of a proportion of its equity.

34 Deferred tax

40 Financial liabilities measured at fair value through profit or loss

	31 December 2024	31 December 2023
Financial liabilities related to precious metals	**17,720**	12,218
Structured financial instruments	**222,873**	239,961
Total	**240,593**	252,179

The structured financial instruments included under the Group's financial liabilities measured at fair value through profit or loss are designated as financial liabilities measured at fair value through profit or loss. As at the end of the reporting period, the difference between the fair value of these financial liabilities and the contractual payables at maturity was not material. The amounts of changes in the fair value of these financial liabilities that were attributable to changes in credit risk were considered not significant during the year presented and cumulatively as at 31 December 2024 and 2023.

41 Financial assets sold under repurchase agreements

Financial assets sold under repurchase agreements analysed by underlying assets are shown as follows:

Compensation to employees for termination of employment relationship		–	11	(11)	–
Others	(2)	5,671	15,907	(16,889)	4,689
Total		49,355	129,328	(126,115)	52,568

The Group had no overdue balance of accrued staff costs as at the end of the reporting period.

43 Accrued staff costs (continued)

(1) Post-employment benefits

(a) Defined contribution plans

	2024			
	As at 1 January	**Increased**	**Decreased**	**As at 31 December**
Basic pension insurance	**532**	**10,608**	**(10,795)**	**345**
Unemployment insurance	**64**	**390**	**(394)**	**60**
Annuity contribution	**867**	**6,187**	**(6,263)**	**791**
Total	**1,463**	**17,185**	**(17,452)**	**1,196**

	2023			
	As at 1 January	Increased	Decreased	As at 31 December
Basic pension insurance	485	10,072	(10,025)	532
Unemployment insurance	51	351	(338)	64
Annuity contribution	872	6,073	(6,078)	867
Total	1,408	16,496	(16,441)	1,463

There were no contributions into the Group's basic retirement insurance and annuity scheme that had been forfeited and that could be used to deduct contributions payable by the Group according to the above plans.

(b) Defined benefit plans – Supplementary retirement benefits

The Group's obligations in respect of the supplementary retirement benefits as at the end of the reporting period were calculated using the projected unit credit method and reviewed by an external independent actuary, Towers Watson Management Consulting (ShenZhen) Co., Ltd.

	Present value of defined benefit plan obligations		**Fair value of plan assets**		**Net assets of defined benefit plans**	
	2024	2023	**2024**	2023	**2024**	2023
As at 1 January	**4,343**	4,685	**4,917**	5,294	**(574)**	(609)
Cost of the net defined benefit liability in profit or loss						
– Interest costs	**97**	119	**111**	138	**(14)**	(19)
Remeasurements of the defined benefit liability in other comprehensive income						
– Actuarial losses	**136**	7	**–**	–	**136**	7
– Returns on plan assets	**–**	–	**43**	(47)	**(43)**	47
Other changes						
– Benefits paid	**(305)**	(468)	**(305)**	(468)	**–**	–
As at 31 December	**4,271**	4,343	**4,766**	4,917	**(495)**	(574)

Interest cost was recognised in operating expenses.

(EXPRESSED IN MILLIONS OF RMB, UNLESS OTHERWISE STATED)

43 Accrued staff costs (continued)

(1) Post-employment benefits (continued)

(b) Defined benefit plans – Supplementary retirement benefits (continued)

(i) Principal actuarial assumptions of the Group as at the end of the reporting period were as follows:

	31 December 2024	31 December 2023
Discount rate	**1.75%**	2.50%
Health care cost increase rate	**7.00%**	7.00%
Average expected future lifetime of eligible employees	**9.6 years**	10.4 years

Mortality assumptions are based on China Life Insurance Mortality Table (2010-2013). The Table published historical statistics in China.

(ii) The sensitivity analysis of the present value of supplementary retirement benefit obligations to changes in the weighted principal assumption is:

	Impact on present value of supplementary retirement benefit obligations	
	Increase in assumption by 0.25%	Decrease in assumption by 0.25%
Discount rate	**(84)**	**87**
Health care cost increase rate	**37**	**(35)**

(iii) As at 31 December 2024, the weighted average duration of supplementary retirement benefit obligations of the Group was 8.0 years (as at 31 December 2023: 7.8 years).

(iv) Plan assets of the Group are as follows:

	31 December 2024	31 December 2023
Cash and cash equivalents	**1,830**	975
Equity instruments	**663**	691
Debt instruments and others	**2,273**	3,251
Total	**4,766**	4,917

(2) Accrued staff costs – others mainly include employee welfare, medical insurance, maternity insurance and employment injury insurance.

44 Taxes payable

	31 December 2024	31 December 2023
Income tax	**28,324**	61,036
Value added tax	**9,778**	10,240
Others	**2,286**	2,304
Total	**40,388**	73,580

45 Provisions

	Note	31 December 2024	31 December 2023
Expected credit losses on the off – balance sheet credit business	(1)	**29,770**	34,600
Expected losses from other businesses	(2)	**8,552**	8,744
Total		**38,322**	43,344

(1) Movements of the provisions – expected credit losses on the off-balance sheet credit business:

	Note	2024 Stage 1	2024 Stage 2	2024 Stage 3	2024 Total
As at 1 January 2024		**28,385**	**4,782**	**1,433**	**34,600**

46 Debt securities issued (continued)

(5) Eligible Tier 2 capital bonds issued (continued)

(a) The Group has chosen to exercise the option to redeem all the bonds on 18 August 2024.

(b) The Group has chosen to exercise the option to redeem all the bonds on 27 February 2024.

(c) The Group has an option to redeem the bonds on 24 June 2025, subject to agreement from the relevant authority. If they are not redeemed by the Group, the interest rate will be reset on 24 June 2025 and increase by 2.15% on the basis of the five-year USD treasury benchmark applicable on the interest reset date. These eligible Tier 2 capital bonds have the write-down feature of a Tier 2 capital instrument, which allows the Bank to write down in full or in part the principal of the bonds when a regulatory triggering event occurs. The accumulated unpaid interests associated with the portion of bonds written off will not be paid either.

(d) The Group has an option to redeem the bonds on 14 September 2025, subject to agreement from the relevant authority. These eligible Tier 2 capital bonds have the write-down feature of a Tier 2 capital instrument, which allows the Bank to write down in full or in part the principal of the bonds when a regulatory triggering event occurs. The accumulated unpaid interests associated with the portion of bonds written off will not be paid either.

(e) The Group has an option to redeem the bonds on 10 August 2026, subject to agreement from the relevant authority. These eligible Tier 2 capital bonds have the write-down feature of a Tier 2 capital instrument, which allows the Bank to write down in full or in part the principal of the bonds when a regulatory triggering event occurs. The accumulated unpaid interests associated with the portion of bonds written off will not be paid either.

(f) The Group has an option to redeem the bonds on 10 August 2031, subject to agreement from the relevant authority. These eligible Tier 2 capital bonds have the write-down feature of a Tier 2 capital instrument, which allows the Bank to write down in full or in part the principal of the bonds when a regulatory triggering event occurs. The accumulated unpaid interests associated with the portion of bonds written off will not be paid either.

(g) The Group has an option to redeem the bonds on 9 November 2026, subject to agreement from the relevant authority. These eligible Tier 2 capital bonds have the write-down feature of a Tier 2 capital instrument, which allows the Bank to write down in full or in part the principal of the bonds when a regulatory triggering event occurs. The accumulated unpaid interests associated with the portion of bonds written off will not be paid either.

(h) The Group has an option to redeem the bonds on 9 November 2031, subject to agreement from the relevant authority. These eligible Tier 2 capital bonds have the write-down feature of a Tier 2 capital instrument, which allows the Bank to write down in full or in part the principal of the bonds when a regulatory triggering event occurs. The accumulated unpaid interests associated with the portion of bonds written off will not be paid either.

(i) The Group has an option to redeem the bonds on 14 December 2026, subject to agreement from the relevant authority. These eligible Tier 2 capital bonds have the write-down feature of a Tier 2 capital instrument, which allows the Bank to write down in full or in part the principal of the bonds when a regulatory triggering event occurs. The accumulated unpaid interests associated with the portion of bonds written off will not be paid either.

(j) The Group has an option to redeem the bonds on 14 December 2031, subject to agreement from the relevant authority. These eligible Tier 2 capital bonds have the write-down feature of a Tier 2 capital instrument, which allows the Bank to write down in full or in part the principal of the bonds when a regulatory triggering event occurs. The accumulated unpaid interests associated with the portion of bonds written off will not be paid either.

(k) The Group has an option to redeem the bonds on 21 January 2027, subject to agreement from the relevant authority. These eligible Tier 2 capital bonds have the write-down feature of a Tier 2 capital instrument, which allows the Bank to write down in full or in part the principal of the bonds when a regulatory triggering event occurs. The accumulated unpaid interests associated with the portion of bonds written off will not be paid either.

(l) The Group has an option to redeem the bonds on 17 June 2027, subject to agreement from the relevant authority. These eligible Tier 2 capital bonds have the write-down feature of a Tier 2 capital instrument, which allows the Bank to write down in full or in part the principal of the bonds when a regulatory triggering event occurs. The accumulated unpaid interests associated with the portion of bonds written off will not be paid either.

(m) The Group has an option to redeem the bonds on 17 June 2032, subject to agreement from the relevant authority. These eligible Tier 2 capital bonds have the write-down feature of a Tier 2 capital instrument, which allows the Bank to write down in full or in part the principal of the bonds when a regulatory triggering event occurs. The accumulated unpaid interests associated with the portion of bonds written off will not be paid either.

(n) The Group has an option to redeem the bonds on 7 November 2027, subject to agreement from the relevant authority. These eligible Tier 2 capital bonds have the write-down feature of a Tier 2 capital instrument, which allows the Bank to write down in full or in part the principal of the bonds when a regulatory triggering event occurs. The accumulated unpaid interests associated with the portion of bonds written off will not be paid either.

(o) The Group has an option to redeem the bonds on 7 November 2032, subject to agreement from the relevant authority. These eligible Tier 2 capital bonds have the write-down feature of a Tier 2 capital instrument, which allows the Bank to write down in full or in part the principal of the bonds when a regulatory triggering event occurs. The accumulated unpaid interests associated with the portion of bonds written off will not be paid either.

46 Debt securities issued (continued)

(5) Eligible Tier 2 capital bonds issued (continued)

(p) The Group has an option to redeem the bonds on 28 March 2028, subject to agreement from the relevant authority. These eligible Tier 2 capital bonds have the write-down feature of a Tier 2 capital instrument, which allows the Bank to write down in full or in part the principal of the bonds when a regulatory triggering event occurs. The accumulated unpaid interests associated with the portion of bonds written off will not be paid either.

(q) The Group has an option to redeem the bonds on 28 March 2033 subject to agreement from the relevant authority. These eligible Tier 2 capital bonds have the write-down feature of a Tier 2 capital instrument, which allows the Bank to write down in full or in part the principal of the bonds when a regulatory triggering event occurs. The accumulated unpaid interests associated with the portion of bonds written off will not be paid either.

(r) The Group has an option to redeem the bonds on 26 October 2028 subject to agreement from the relevant authority. These eligible Tier 2 capital bonds have the write-down feature of a Tier 2 capital instrument, which allows the Bank to write down in full or in part the principal of the bonds when a regulatory triggering event occurs. The accumulated unpaid interests associated with the portion of bonds written off will not be paid either.

(s) The Group has an option to redeem the bonds on 26 October 2033 subject to agreement from the relevant authority. These eligible Tier 2 capital bonds have the write-down feature of a Tier 2 capital instrument, which allows the Bank to write down in full or in part the principal of the bonds when a regulatory triggering event occurs. The accumulated unpaid interests associated with the portion of bonds written off will not be paid either.

(t) The Group has an option to redeem the bonds on 16 November 2028 subject to agreement from the relevant authority. These eligible Tier 2 capital bonds have the write-down feature of a Tier 2 capital instrument, which allows the Bank to write down in full or in part the principal of the bonds when a regulatory triggering event occurs. The accumulated unpaid interests associated with the portion of bonds written off will not be paid either.

(u) The Group has an option to redeem the bonds on 16 November 2033, subject to agreement from the relevant authority. These eligible Tier 2 capital bonds have the write-down feature of a Tier 2 capital instrument, which allows the Bank to write down in full or in part the principal of the bonds when a regulatory triggering event occurs. The accumulated unpaid interests associated with the portion of bonds written off will not be paid either.

(v) The Group has an option to redeem the bonds on 5 February 2029, subject to agreement from the relevant authority. These eligible Tier 2 capital bonds have the write-down feature of a Tier 2 capital instrument, which allows the Bank to write down in full or in part the principal of the bonds when a regulatory triggering event occurs. The accumulated unpaid interests associated with the portion of bonds written off will not be paid either.

(w) The Group has an option to redeem the bonds on 5 February 2034, subject to agreement from the relevant authority. These eligible Tier 2 capital bonds have the write-down feature of a Tier 2 capital instrument, which allows the Bank to write down in full or in part the principal of the bonds when a regulatory triggering event occurs. The accumulated unpaid interests associated with the portion of bonds written off will not be paid either.

(x) The Group has an option to redeem the bonds on 8 July 2029, subject to agreement from the relevant authority. These eligible Tier 2 capital bonds have the write-down feature of a Tier 2 capital instrument, which allows the Bank to write down in full or in part the principal of the bonds when a regulatory triggering event occurs. The accumulated unpaid interests associated with the portion of bonds written off will not be paid either.

(y) The Group has an option to redeem the bonds on 8 July 2034, subject to agreement from the relevant authority. These eligible Tier 2 capital bonds have the write-down feature of a Tier 2 capital instrument, which allows the Bank to write down in full or in part the principal of the bonds when a regulatory triggering event occurs. The accumulated unpaid interests associated with the portion of bonds written off will not be paid either.

(z) The Group has an option to redeem the bonds on 30 December 2029, subject to agreement from the relevant authority. These eligible Tier 2 capital bonds have the write-down feature of a Tier 2 capital instrument, which allows the Bank to write down in full or in part the principal of the bonds when a regulatory triggering event occurs. The accumulated unpaid interests associated with the portion of bonds written off will not be paid either.

(6) In 2024 and 2023, there were no defaults by the Group on principal and interests, nor were there any other defaults related to debt securities issued.

Less: Issuance fee							(23)		
Carrying amount							59,977		

(b) The key terms

Dividend

The nominal dividend rate of the Domestic Preference Shares is adjusted on a phase-by-phase basis. It is the sum of the benchmark rate plus the fixed interest spread, and is adjusted every five years. The fixed interest spread is determined as the nominal dividend rate set for issuance less the benchmark rate at the time of issuance, and will not be subject to future adjustments. The dividends for domestic preference shares are non-cumulative. The Bank has the right to cancel dividend distribution on Domestic Preference Shares, and the cancellation does not constitute a default event. The Bank may, at its discretion, use the cancelled dividends to repay other indebtedness due and payable. If the Bank cancels all or part of the dividends on the Domestic Preference Shares, the Bank shall make no profit distribution to shareholders holding ordinary shares from the day after the cancellation proposal is adopted by the General Shareholders' Meeting to the day when full distribution of dividends is resumed. The cancellation of dividends on Domestic Preference Shares will not constitute other restrictions to the Bank except for the distribution of dividends to ordinary shareholders.

The dividends on the Domestic Preference Shares are distributed annually.

49 Other equity instruments (continued)

(1) Preference shares (continued)

(b) The key terms (continued)

Redemption

The Bank may, subject to the NFRA's approval and compliance with the redemption preconditions, redeem in whole or in part of the Domestic Preference Shares after at least five years from the completion date of the issuance (i.e., 27 December 2017). The redemption period begins from the first day of the redemption and ends on the day when all Domestic Preference Shares are redeemed or converted. The redemption price of the Domestic Preference Shares shall be their issue price plus any dividends accrued but unpaid in the current period.

Compulsory conversion of preference shares

If an Additional Tier 1 Capital Instrument Trigger Event occurs, i.e., the Core Tier 1 Capital Adequacy Ratio of the Bank has fallen to 5.125% or below, the Bank has the right to, without prior consent from the shareholders of the domestic preference shares and as agreed, convert all or part of the domestic preference shares issued and outstanding to ordinary A shares, to restore the Bank's Core Tier 1 Capital Adequacy Ratio to above the trigger point (i.e., 5.125%). In the case of partial conversion, the domestic preference shares shall be subject to the same proportion and conditions of conversion. Once domestic preference shares are converted to ordinary A shares, they shall not be converted back to preference shares under any circumstances.

When a Tier 2 Capital Instrument Trigger Event occurs, the Bank has the right to, without prior consent of the shareholders of the Domestic Preference Shares and as agreed, convert all the Domestic Preference Shares issued and outstanding to ordinary A shares. Once Domestic Preference Shares are converted to ordinary A shares, they shall not be converted back to preference shares under any circumstances. A Tier 2 Capital Instrument Trigger Event is the earlier of the following two scenarios: (i) the NFRA having decided that without a conversion or write-off of the Bank's capital, the Bank would become non-viable; and (ii) the relevant authorities having decided that a public sector injection of capital or equivalent support is necessary, without which the Bank would become non-viable. When the compulsory conversion of preference shares occurs, the Bank shall report to the NFRA for approval and decision, and perform the announcement obligation according to the regulations of the Securities Law and China Securities Regulatory Commission ("CSRC").

The Bank classified preference shares issued as an equity instrument and presented as an equity item on the statement of financial position. Capital raised from the issuance of the above preference shares, after deduction of the expenses relating to the issuance, was wholly used to replenish the Bank's additional tier 1 capital and to increase its capital adequacy ratios.

(2) Perpetual bonds

(a) Perpetual bonds outstanding at the end of the year

Financial instrument outstanding	Issuance date	Classification	Year-end interest rate	Issuance price	Quantity (million units)	Currency	Total amount	Maturity date	Redemption/ write-down conditions
2022 Undated Additional Tier 1 Capital Bonds	29 August 2022	Equity instruments	3.20%	100 per unit	400	RMB	40,000	No maturity date	None
2023 Undated Additional Tier 1 Capital Bonds (Series 1)	14 July 2023	Equity instruments	3.29%	100 per unit	300	RMB	30,000	No maturity date	None
2023 Undated Additional Tier 1 Capital Bonds (Series 2)	22 September 2023	Equity instruments	3.37%	100 per unit	300	RMB	30,000	No maturity date	None
Carrying amount							100,000		

(b) The key terms

Distribution rate and distribution payment

The distribution rate of the Undated Additional Tier 1 Capital Bonds (or "the Bonds") will be adjusted at defined intervals, with a distribution rate adjustment period every 5 years since the payment settlement date. In any distribution rate adjusted period, the distribution payments on the Bonds will be made at a prescribed fixed distribution rate. The distribution rate is determined by a benchmark rate plus a fixed interest spread.

The Bank shall have the right to cancel, in whole or in part, distributions on the Bonds and any such cancellation shall not constitute an event of default. When exercising such right, the Bank will take into full consideration the interest of the holders of the Bonds. The Bank may, at its sole discretion, use the proceeds from the cancelled distributions to meet other obligations as they fall due. In the case of cancelling any distributions on the Bonds, no matter in whole or in part, the Bank shall not make any distribution to the ordinary shareholders from the next day following the resolution being approved by the general shareholders meeting, until its decision to resume the distribution payments in whole to the holders of the Bonds. The distributions on the Bonds are non-cumulative, namely, upon cancellation, any amount of distribution unpaid to the holders of the Bonds in the applicable period will not accumulate or compound to the subsequent distribution period thereafter.

The distributions of the Bonds will be payable annually.

Conditional redemption rights of the Bank

From the fifth anniversary since the issuance of the Bonds, the Bank may redeem whole or part of the Bonds on each distribution payment date (including the fifth distribution payment date since the issuance). If, after the issuance, the Bonds no longer qualify as Additional Tier 1 Capital as a result of an unforeseeable change or amendment to relevant provisions of supervisory regulations, the Bank may redeem the whole but not part of the Bonds.

The exercise of the Bank's redemption right shall be subject to the consent of the NFRA and the satisfaction of the following preconditions: (i) the Bank shall use capital instruments of the same or better quality to replace the instruments to be redeemed, and such replacement shall only be carried out at conditions which are sustainable for the income capacity; (ii) or the capital position of the Bank after the redemption right is exercised will remain well above the regulatory capital requirements stipulated by the NFRA.

49 Other equity instruments (continued)

(2) Perpetual bonds (continued)

(b) The key terms (continued)

Write-down/write-off clauses

Upon the occurrence of a Non-Viability Trigger Event, the Bank has the right to write down/write off in whole or in part, without the need for consent of the holders of the Bonds, the principal amount of the Bonds. The amount of the write-down/write-off shall be determined by the ratio of the outstanding principal amount of the Undated Additional Tier 1 Capital Bonds to the aggregate principal amount of all additional tier 1 capital instruments with the identical Trigger Event. A Non-Viability Trigger Event refers to the earlier of the following events: (i) the NFRA having decided that the Bank would become non-viable without a write-down/write-off; (ii) any relevant authority having decided that a public sector injection of capital or equivalent support is necessary, without which the Bank would become non-viable. The write-down/write-off will not be restored.

Subordination

The claims in respect of the Bonds will be subordinated to the claims of depositors, general creditors, and subordinated indebtedness that ranks senior to the Bonds; will rank in priority to all classes of shares held by the Bank's shareholders and rank pari passu with the claims in respect of any other additional tier 1 capital instruments of the Bank that rank pari passu with the Bonds.

The Bank classified the Bonds issued as an equity instrument and presented as an equity item on the statement of financial position. Capital raised from the issuance of the Bonds, after deduction of the expenses relating to the issuance, was wholly used to replenish the Bank's additional tier 1 capital and to increase its capital adequacy ratios.

52 Surplus reserve

Surplus reserves consist of statutory surplus reserve fund and discretionary surplus reserve fund.

The Bank is required to allocate 10% of its net profit, as determined under the Accounting Standards for Business Enterprises and other relevant requirements issued by the MOF on 15 February 2006. After making appropriations to the statutory surplus reserve fund, the Bank may also allocate its net profit to the discretionary surplus reserve fund upon approval by shareholders in shareholders' general meeting.

53 General reserve

The general reserves of the Group are set up based on the requirements of:

	Note	31 December 2024	31 December 2023
MOF	(1)	**521,876**	484,043
Hong Kong Banking Ordinance	(2)	**2,124**	2,124
Other regulatory bodies in the Chinese mainland	(3)	**9,858**	9,379
Other overseas regulatory bodies		**733**	709
Total		**534,591**	496,255

(1) Pursuant to relevant regulations issued by the MOF, the Bank has to appropriate a certain amount of its net profit as general reserves to cover potential losses against its assets. In accordance with the "*Regulation on Management of Financial Institutions for Reserves*" (Cai Jin [2012] No. 20) issued by the MOF on 30 March 2012, the general reserves balance for financial institutions should not be lower than 1.5% of the ending balance of risk assets.

(2) Pursuant to the requirements of the Hong Kong Banking Ordinance, the Group's banking operations in Hong Kong are required to set aside amounts in a regulatory reserve in respect of losses which it will, or may, incur on loans and advances to customers, in addition to impairment losses recognised in accordance with the accounting policies of the Group. Transfers to and from the regulatory reserve are made through retained earnings.

(3) Pursuant to the relevant regulatory requirements in the Chinese mainland, the Bank's subsidiaries are required to appropriate a certain amount of its net profit as general reserves.

54 Profit distribution

In the 2023 annual general meeting held on 27 June 2024, the shareholders approved the profit distribution plan for 2023. The Bank appropriated cash dividend for 2023 in an aggregate amount of RMB100,004 million.

In the second extraordinary general meeting of 2024 held on 28 November 2024, the shareholders approved the interim profit distribution plan for 2024. The Bank appropriated interim cash dividend for 2024 in an aggregate amount of RMB49,252 million.

In the Board of Directors' Meeting, held on 30 October 2024 the directors approved the payment of dividends to domestic preference shareholders. The dividends for domestic preference shares distributed were RMB2,142 million (including tax), calculated using the nominal dividend rate of 3.57% (including tax) as set in the terms and conditions.

On 18 July 2024, according to the initial annual interest rate of 3.29% before the first interest rate reset date determined by the terms of the 2023 Undated Additional Tier 1 Capital Bonds (Series 1), the interest on perpetual bonds issued by the Bank was RMB987 million; On 31 August 2024, according to the initial annual interest rate of 3.20% before the first interest rate reset date determined by the terms of the 2022 Undated Additional Tier 1 Capital Bonds, the interest on perpetual bonds issued by the Bank was RMB1,280 million; On 26 September 2024, according to the initial annual interest rate of 3.37% before the first interest rate reset date determined by the terms of the 2023 Undated Additional Tier 1 Capital Bonds (Series 2), the interest on perpetual bonds issued by the Bank was RMB1,011 million; On 15 November 2024, according to the initial annual interest rate of 4.22% before the first interest rate reset date determined by the terms of the 2019 Undated Additional Tier 1 Capital Bonds, the interest on perpetual bonds issued by the Bank was RMB1,688 million.

On 28 March 2025, the Board of Directors proposed the following profit distribution plan for 2024:

(1) Appropriate statutory surplus reserve amounted to RMB32,290 million, based on 10% of the net profit of the Bank amounted to RMB322,901 million for the year ended 31 December 2024 (for the year ended 31 December 2023: RMB32,379 million). It has been recorded in "Surplus reserve" as at the end of the reporting period.

(2) Appropriate general reserve amounted to RMB37,833 million, pursuant to relevant regulations issued by MOF (for the year ended 31 December 2023: RMB52,948 million).

(3) The Board proposed to all shareholders a final cash dividend of RMB0.206 per share (including tax) for 2024, totalling approximately RMB51,502 million. Such proposed dividends are not recognised as a liability as at the end of the reporting period. After considering interim dividend, total cash dividend for the year amounted to RMB0.403 per share (including tax) for 2024 which collectively totalled approximately RMB100,754 million (for the year ended 31 December 2023: RMB0.400 per share (including tax) which collectively totalled approximately RMB100,004 million).

The above proposed profit distribution plan will become effective after receiving approval at shareholders' general meeting. Cash dividends will be paid subsequently.

(2) Disposal of subsidiaries

On 31 January 2024, the Group settled the transactions to transfer equity in the former CCB Brasil to Bank of China Limited ("BOC"). The Group transferred part of its shares in the former CCB Brasil to BOC in exchange for a consideration of BRL564 million, while the former CCB Brasil issued new shares to BOC in exchange for a subscription consideration of BRL540 million. Upon settlement of these transactions, the Group held 31.66% equity in the former CCB Brasil. From 1 February 2024, the control over the operation and management of the former CCB Brasil had been transferred to BOC, CCB no longer includes the former CCB Brasil as a subsidiary in its consolidated financial statements.

Cash and cash equivalents held by the former CCB Brasil on the disposal date were equivalent to RMB464 million and the net cash received from disposal of part of the equity of the former CCB Brasil was equivalent to RMB353 million. Gain on disposal of the former CCB Brasil consisted primarily of other comprehensive income which had been recycled to profit or loss, which had no significant impact on the Group's financial statements.

56 Transfer of financial assets

The Group enters into transactions in the normal course of business by which it transfers recognised financial assets to third parties or to structured entities. In some cases where these transferred financial assets qualify for derecognition, the transfers may give rise to full or partial derecognition of the financial assets concerned. In other cases where the transferred assets do not qualify for derecognition as the Group has retained substantially all the risks and rewards of these assets, the Group continued to recognise the transferred assets.

Repurchase and Securities lending transactions

The financial assets that have not been derecognised but have been transferred consist mainly of securities that have been delivered to counterparties as collateral in repurchase transactions and securities lent out in securities lending transactions. Counterparties are allowed to sell or repledge those securities in the absence of any default in transactions with the Group, but at the same time, they have an obligation to return such securities to the Group upon maturity of the contract. The Group has determined that it retains substantially all the risks and rewards of these securities and therefore has not derecognized them. As at 31 December 2024, the carrying value of the Group's securities serving as collaterals under repurchase agreements and debt securities lent to counterparties was RMB647,402 million (as at 31 December 2023: RMB24,235 million).

Credit asset securitisation transactions

The Group enters into securitisation transactions in its normal course of business by which it transfers credit assets to structured entities which issue asset-backed securities to investors. The Group may retain interests in the form of holding subordinated tranches which would give rise to the Group's continuing involvement in the transferred assets. Those financial assets are recognised on the statement of financial position to the extent of the Group's continuing involvement, otherwise the financial assets are derecognised.

As at 31 December 2024, loans with an original carrying amount of RMB68,905 million (as at 31 December 2023: RMB825,092 million) have been securitised by the Group under arrangements in which the Group retained a continuing involvement in such assets. As at 31 December 2024 the carrying amount of assets that the Group continued to recognise was RMB5,710 million (as at 31 December 2023: RMB75,002 million). As at 31 December 2024, the carrying amount of continuing involvement assets and liabilities that the Group continued to recognise was RMB5,710 million (as at 31 December 2023: RMB75,002 million).

With respect to credit asset securitisations that did not qualify for derecognition as a whole, the Group continued to recognise credit assets that had been transferred, and recorded the consideration received as a financial liability. As at 31 December 2024, the carrying amount of transferred credit assets that the Group had continued to recognise was RMB26,438 million (as at 31 December 2023: RMB12,124 million) and the carrying amount of their associated financial liabilities was RMB22,344 million (as at 31 December 2023: RMB12,625 million).

56 Transfer of financial assets (continued)

Credit asset securitisation transactions (continued)

As at 31 December 2024, the carrying amount of asset-backed securities held in the securitisation transaction derecognised by the Group was RMB1,126 million (as at 31 December 2023: RMB2,563 million), and its maximum loss exposure approximates to the carrying amount.

57 Operating segments

The Group has presented the operating segments in a manner consistent with the way in which information is reported internally to the Group's chief operating decision makers for the purposes of resource allocation and performance assessment. Measurement of segment assets and liabilities and segment income and results is based on the Group's accounting policies.

Transactions between segments are conducted under normal commercial terms and conditions. Internal charges and transfer prices are determined with reference to market rates and have been reflected in the performance of each segment. Net interest income and expense arising from internal charges and transfer pricing adjustments are referred to as "Internal net interest income/expense". Interest income and expense earned from third parties are referred to as "External net interest income/expense".

Segment revenues, results, assets and liabilities include items directly attributable to a segment as well as those that can be allocated on a reasonable basis. Segment income and results are determined before intra-group transactions are eliminated as part of the consolidation process. Segment capital expenditure is the total cost incurred during the period to acquire fixed assets, intangible assets and other long-term assets.

(1) Geographical segments

The Group operates principally in the Chinese mainland with branches covering all provinces, autonomous regions and municipalities directly under the central government, and several subsidiaries located in the Chinese mainland. The Group also has bank branch operations in Hong Kong, Macau, Taiwan, Singapore, Frankfurt, Johannesburg, Tokyo, Seoul, New York, Sydney, Ho Chi Minh City, Luxembourg, Toronto, London, Zurich, Dubai, Chile, Astana, Labuan, Auckland, etc., and certain subsidiaries operating in Hong Kong, London, Moscow, Luxembourg, British Virgin Islands, Auckland, Jakarta, San Paulo and Kuala Lumpur, etc.

In presenting information on the basis of geographical segments, operating income is allocated based on the location of the branches and subsidiaries that generate the income. Segment assets, liabilities and capital expenditure are allocated based on their geographical location.

Geographical segments of the Group, for management reporting purposes, are defined as follows:

- "Yangtze River Delta" refers to the following areas where the tier-1 branches and the subsidiary of the Bank operate: Shanghai Municipality, Jiangsu Province, Zhejiang Province, City of Ningbo and City of Suzhou;
- "Pearl River Delta" refers to the following areas where the tier-1 branches and the subsidiary of the Bank operate: Guangdong Province, City of Shenzhen, Fujian Province and City of Xiamen;
- "Bohai Rim" refers to the following areas where the tier-1 branches and the subsidiaries of the Bank operate: Beijing Municipality, Shandong Province, Tianjin Municipality, Hebei Province and City of Qingdao;
- the "Central" region refers to the following areas where the tier-1 branches and the subsidiary of the Bank operate: Shanxi Province, Hubei Province, Henan Province, Hunan Province, Jiangxi Province, Hainan Province and Anhui Province;
- the "Western" region refers to the following areas where the tier-1 branches of the Bank operate: Sichuan Province, Chongqing Municipality, Guizhou Province, Yunnan Province, Tibet Autonomous Region, Inner Mongolia Autonomous Region, Shaanxi Province, Gansu Province, Qinghai Province, Ningxia Autonomous Region, Guangxi Autonomous Region and Xinjiang Autonomous Region; and
- the "Northeastern" region refers to the following areas where the tier-1 branches of the Bank operate: Liaoning Province, Jilin Province, Heilongjiang Province and City of Dalian.

57 Operating segments (continued)

(2) Business segments

Business segments, as defined for management reporting purposes, are as follows:

Corporate finance business

This segment represents the provision of a range of financial products and services to corporations, government agencies and financial institutions. The products and services include corporate loans, trade financing, deposit taking and wealth management services, agency services, financial consulting and advisory services, cash management services, remittance and settlement services, guarantee services, and Investment banking services, etc.

Personal finance business

This segment represents the provision of a range of financial products and services to individual customers. The products and services comprise personal loans, deposit taking and wealth management services, card business, remittance services and agency services, etc.

Treasury and asset management business

This segment covers the Group's treasury operations. The treasury and asset management segment enters into inter-bank deposit and placement transactions, repurchase and resale transactions, and invests in debt securities. It also trades in derivatives and foreign currencies for its own account. The treasury and asset management segment carries out customer-driven derivatives, foreign currency, precious metal trading and custody services. Its function also includes the management of the Group's overall liquidity position, including the issuance of debt securities.

Others

This segment covers equity investments and the revenues, results, assets and liabilities of overseas commercial banks.

NOTES TO THE FINANCIAL STATEMENTS

(EXPRESSED IN MILLIONS OF RMB, UNLESS OTHERWISE STATED)

58 Entrusted lending business

As at the end of the reporting period, the entrusted loans and entrusted funds were as follows:

	31 December 2024	31 December 2023
Entrusted loans	**4,635,191**	4,420,191
Entrusted funds	**4,635,191**	4,420,191

59 Pledged assets

(1) Assets pledged as securities

The Group's collateral for liabilities or contingent liabilities include financial assets such as securities and bills, which mainly serve as collateral for repurchase agreements, derivative contracts and local statutory requirements. As at 31 December 2024, the carrying values of the Group's financial assets pledged as collateral amounted to approximately RMB2,245,262 million (as at 31 December 2023: RMB1,962,492 million).

(2) Collateral accepted as securities for assets

As part of the resale agreements, the Group has received securities that were allowed to be sold or repledged in the absence of default by their owners. As at 31 December 2024, the Group did not hold any collateral for resale agreements which was permitted to be sold or repledged in the absence of default for the transactions. (as at 31 December 2023: RMB1,842 million).

60 Commitments and contingent liabilities

(1) Credit commitments

Credit commitments take the form of undrawn loan facilities which are approved and contracted, unutilised credit card limits, financial guarantees, letters of credit, etc. The Group assesses and makes provisions for any probable losses accordingly.

The contractual amounts of loan commitments and credit card overdraft commitments represent the cash outflows should the contracts be fully drawn upon. The amounts of guarantees and letters of credit represent the maximum potential loss that would be recognised if counterparties failed completely to perform as contracted. Acceptances comprise undertakings by the Group to pay bills of exchange drawn on customers.

As credit commitments may expire without being drawn upon, the contractual amounts set out in the following table do not represent the expected future cash outflows.

	31 December 2024	31 December 2023
Loan commitments		
– with an original maturity within one year	**76,319**	62,692
– with an original maturity of one year or over	**431,376**	375,098
Credit card commitments	**1,193,146**	1,174,030
	1,700,841	1,611,820
Bank acceptances	**617,285**	544,973
Financing guarantees	**30,457**	45,339
Non-financing guarantees	**1,329,065**	1,348,704
Sight letters of credit	**39,725**	47,524
Usance letters of credit	**217,469**	226,132
Others	**29,609**	5,747
Total	**3,964,451**	3,830,239

60 Commitments and contingent liabilities (continued)

(2) Credit risk-weighted asset amount

The credit risk-weighted asset amount refers to the amount as computed in accordance with the rules set out by the NFRA and depends on the status of the counterparty and the maturity characteristics.

	31 December 2024	31 December 2023
Credit risk-weighted asset amount of contingent liabilities and commitments	**1,225,217**	1,224,736

(3) Capital commitments

As at 31 December 2024, the Group's contracted for but not disbursed capital commitments amounted to RMB3,245 million (as at 31 December 2023: RMB2,071 million).

(4) Underwriting obligations

As at 31 December 2024, there was no unexpired underwriting commitment of the Group (as at 31 December 2023: Nil).

(5) Government bond redemption obligations

As an underwriting agent of PRC government bonds, the Group has the responsibility to buy back those bonds sold by it should the holders decide to early redeem the bonds held. The redemption price for the bonds at any time before their maturity date is based on the coupon value plus any interest unpaid and accrued up to the redemption date. Accrued interest payables to the bond holders are calculated in accordance with relevant rules of the MOF and the PBOC. The redemption price may be different from the fair value of similar instruments traded at the redemption date.

The redemption obligations, which represent the nominal value of government bonds underwritten and sold by the Group, but not yet matured as at 31 December 2024, were RMB45,472 million (as at 31 December 2023: RMB47,743 million).

(6) Outstanding litigations and disputes

As at 31 December 2024, the Group was the defendant in certain pending litigations and disputes with gross claims of RMB12,790 million (as at 31 December 2023: RMB8,156 million). Provisions have been made for the estimated losses arising from such litigations based upon the opinions of the Group's internal and external legal counsels (Note 45). The Group considers that the provisions made are reasonable and adequate.

(7) Contingent liabilities

The Group assessed and made provisions for any probable outflow of economic benefits in relation to the commitments and contingent liabilities in accordance with their accounting policies.

(8) Impact of the *Guiding Opinions on Regulating the Asset Management Business of Financial Institutions*

In accordance with the *Guiding Opinions on Regulating the Asset Management Business of Financial Institutions* jointly issued by the PBOC and three other ministries as well as the PBOC's relevant announcement, other than assets for which the Group had applied to regulators for disposal on a case-by-case basis, the Group has completed the rectification of legacy wealth management business and recognised its impact in these financial statements in terms of provisions and credit impairment losses. The Group will duly implement relevant policies and regulatory requirements, continue to assess and disclose relevant impact, and strive to complete the rectification as soon as possible.

61 Related party relationships and transactions

(1) Transactions with parent companies and their affiliates

The immediate and ultimate parents of the Group are Huijin and CIC, respectively.

As approved by the State Council, CIC was established on 29 September 2007 with registered capital of RMB1,550,000 million.

Huijin was incorporated on 16 December 2003 as a wholly-state-owned investment company. It was registered in Beijing with registered capital of RMB828,209 million. As a wholly-owned subsidiary of CIC, Huijin makes equity investment in key state-owned financial institutions as authorised by the State Council, and exercises the contributor's rights and obligations in key state-owned financial institutions up to its contribution amount on behalf of the State to achieve preservation and appreciation of state-owned financial assets. Huijin does not engage in any other commercial business activities, nor does it interfere with daily operations of the key state-owned financial institutions of which it is the controlling shareholder. As at 31 December 2024, Huijin directly held 57.14% of shares of the Bank.

Affiliates of parent companies include the subsidiaries under parent companies and other associates and joint ventures.

The Group's transactions with parent companies and their affiliates mainly include deposit taking, entrusted asset management, operating leases, lending, purchase and sale of debt securities, money market transactions and inter-bank clearing. These transactions are priced based on market prices and conducted under normal commercial terms.

The Group has issued subordinated debts with a nominal value of RMB12,000 million (as at 31 December 2023: RMB12,000 million). These are bearer bonds and tradable in the secondary market. The Group had no information in respect of the amount of the bonds held by the affiliates of parent companies as at the end of the reporting period.

(a) Transactions with parent companies

In the ordinary course of the business, material transactions that the Group entered into with parent companies are as follows:

(i) Operating expenses mainly represent fees for related services provided by the affiliates of parent companies.

(ii) Deposits from the affiliates of parent companies are unsecured and are repayable under normal commercial terms.

61 Related party relationships and transactions (continued)

(2) Transactions between the Group and its associates and joint ventures of the Group

Transactions between the Group and its associates and joint ventures are conducted in the normal and ordinary course of the business and under normal commercial terms as those transactions conducted between the Group and non-related companies outside the Group.

In the ordinary course of the business, material transactions that the Group entered into with associates and joint ventures are as follows:

Amounts

	2024	2023
Interest income	**1,232**	1,390
Interest expense	**132**	137

As at 31 December 2024, the total maximum guarantee limit of guarantee letters issued by the Bank with its subsidiaries as beneficiary was RMB932 million (as at 31 December 2023: RMB907 million).

As at 31 December 2024, the transactions between subsidiaries of the Group were mainly Deposits with banks and non-bank financial institutions and Deposits from banks and non-bank financial institutions, and the balances of the above transactions were RMB2,137 million and RMB1,444 million respectively (as at 31 December 2023, the transactions between subsidiaries of the Group were mainly other assets and other liabilities, and the balances of the above transactions were RMB8,199 million and RMB8,239 million, respectively).

(4) Transactions with other PRC state-owned entities

State-owned entities refer to those entities directly or indirectly owned by the PRC government through its government authorities, agencies, affiliates and other organisations. Transactions with other state-owned entities include but are not limited to: lending and deposit taking; taking and placing of inter-bank balances; entrusted lending and other custody services; insurance and securities agency, and other intermediary services; purchase, sale, underwriting and redemption of bonds issued by other state-owned entities; purchase, sale and leases of property and other assets; and rendering and receiving of utilities and other services.

These transactions are conducted in the ordinary course of the Group's banking business on terms similar to those that would have been entered into with non-state-owned entities. The Group's pricing strategy and approval processes for major products and services, such as loans, deposits and commission income, do not depend on whether the customers are state-owned entities or not. Having due regard to the substance of the relationships, the Group is of the opinion that none of these transactions were material related party transactions that require separate disclosure.

(5) Transactions with the Annuity Scheme and Plan Assets

Apart from the obligations for defined contributions to the Annuity Scheme and regular banking transactions, there were no other transactions between the Group and the Annuity Scheme in 2024 and 2023.

As at 31 December 2024, the fair value of the Group's supplementary retirement benefit plan assets managed by CCB Principal Asset Management and CCB Pension was RMB3,143 million (as at 31 December 2023:RMB3,187 million), and management fees payable to CCB Principal Asset Management and CCB Pension were RMB4.29 million (as at 31 December 2023: RMB3.59 million).

61 Related party relationships and transactions (continued)

(6) Key management personnel

Key management personnel are those persons having authorities and responsibilities for planning, directing and controlling the activities of the Group, directly or indirectly, including directors, supervisors and senior executives. The Group enters into banking transactions with key management personnel in the normal course of business. For the years ended 31 December 2024 and 2023 there were no material transactions and balances with key management personnel.

The compensation before tax of directors and supervisors is disclosed in Note 16. The senior executives' annual compensation before individual income tax during the year is as follows:

	2024

(i) Other benefits in kind included the Bank's contributions to medical insurance, housing funds and other social insurances, which are payable to labour and security authorities based on the lower of certain percentage of the salaries and allowance or the prescribed upper limits as required by the relevant regulations issued by the government authorities. Other benefits also included the Bank's contribution to its own corporate annuity plan (which was set up in accordance with the relevant policies issued by the government authorities) and supplementary medical insurance.

(ii) The total compensation package for these key management personnel for the year ended 31 December 2024 has not yet been finalised in accordance with regulations of the PRC relevant authorities. The amount of the compensation to be adjusted for is not expected to have significant impact on the Group's financial statements for the year ended 31 December 2024. The final compensation will be disclosed in a separate announcement when determined.

(iii) The total compensation package for certain key management personnel for the year ended 31 December 2023 had not been finalised in accordance with regulations of the PRC relevant authorities as at the date that the 2023 financial statements were announced. The aforesaid total compensation package for the key management personnel for the year ended 31 December 2023 has been reviewed and approved by the Board meeting of the Bank and the shareholders' general meeting of the Bank.

(iv) From 2015 onwards, remuneration of the Bank's leaders administered by central authorities has been paid in accordance with relevant policies relating to the central remuneration reform.

(7) Loans, quasi-loans and other credit transactions to directors, supervisors and senior executives

The Group had no material balance of loans, quasi-loans and other credit transactions to directors, supervisors and senior executives as at the end of reporting period. Those loans, quasi-loans and other credit transactions to directors, supervisors and senior executives were conducted in the normal and ordinary course of the business and under normal commercial terms or on the same terms and conditions with those which are available to other employees, based on terms and conditions granted to third parties adjusted for risk reduction.

62 Risk management

The Group has exposure to the following risks:

- credit risk
- market risk
- liquidity risk
- operational risk
- insurance risk

This note presents information about the Group's exposures to each of the above risks, the Group's objectives, policies and processes for measuring and managing risk, and the Group's capital management.

Risk management framework

The Board fulfils risk management responsibilities pursuant to the Articles of Association of the Bank and regulatory requirements. The Board and its Risk Management Committee develop risk management strategies, supervise the implementation, assess the Group's overall risk profile, regularly review the statements of risk appetite and transmit the risk appetite through relevant policies. The board of supervisors supervises the building of comprehensive risk management system, as well as the performance of the Board and senior management in discharging their comprehensive risk management responsibilities. Senior management and its Risk and Internal Control Management Committee are responsible for implementing risk strategies developed by the Board and organising the comprehensive risk management work across the group.

Risk Management Department is the lead department responsible for the Group's comprehensive risk management and leads the management of market risk. Credit Management Department is the lead department responsible for the overall credit risk management and country risk management. Asset & Liability Management Department is the lead department responsible for the management of liquidity risk and interest rate risk of banking book. Internal Control & Compliance Department is the lead department responsible for operational risk management. FinTech Department and Internal Control & Compliance Department jointly promote IT risk management. Public Relations & Corporate Culture Department and Strategy and Policy Coordination Department are the lead departments responsible for reputational risk and strategic risk management, respectively. Other types of risks are managed by respective specialised departments.

The Bank continued to optimise its risk governance system for subsidiaries, strengthened collaborative risk governance between the parent bank and subsidiaries and integrated risk control, and intensified penetrated management and process management. It specified management objectives of subsidiaries for various risks, optimised risk reporting mechanism and reporting lines, performed risk profiling, and bolstered risk management of key subsidiaries and key businesses, so as to consolidate the bottom line of risk compliance.

(1) Credit risk

Credit risk management

Credit risk represents the risk of financial loss that arises from the failure of a debtor or counterparty to discharge its contractual obligations or commitments to the Group.

Credit risk management includes key procedures such as, credit risk appetite, credit management, post investment and credit management, credit risk reporting, and expected credit loss approach implementation.

The Credit Management Department is the leading department responsible for overall management of the Group's credit risk. The Risk Management Department takes the lead in the development and implementation of the credit risk measurement tools including customers rating and facilities grading. The Special Assets Resolution Department is responsible for the special assets resolutions. The Credit Approval Department is responsible for specific credit management work such as comprehensive credit limits and credit approval of various credit businesses for the Group's customers. With the Credit Management Department taking the lead, the Credit Approval Department and the Risk Management Department participate in, share the workload and coordinate with other departments such as the Corporate Banking Department, the Inclusive Finance Department, the Institutional Banking Department, the International Business Department, the Strategic Clients Department, the Housing Finance & Personal Lending Department, the Credit Card Centre, and the Legal Affairs Department to implement credit risk management policies and procedures.

62 Risk management (continued)

(1) Credit risk (continued)

Credit risk management (continued)

With respect to credit risk management of corporate and institutional business, the Group has accelerated the adjustment of its businesses structure, enhanced post-lending (investment) monitoring, and refined the industry-specific guideline and policy baseline for credit approval. Management also fine-tuned eligibility and exit policies, and optimised economic capital management and industry risk limit management. All these policies have been implemented to maintain the stability of asset quality. The Group's credit risk management covers processes such as pre-lending (investment) due diligence, credit (investment) inspection, and post-lending (investment) monitoring for credit granting business. The Group performs pre-lending (investment) investigations by assessing the borrower's credit ratings based on internal rating criteria and completing the borrower's assessment report and by performing a comprehensive evaluation of the risks and rewards of the project and completing an evaluation report. Approvals must be authorised by approvers with the appropriate authorisation. The Group conducts ongoing post-lending (investment) monitoring activities, particularly focusing on the monitoring of credit risks arising from key industries and key clients, and takes timely measures to prevent and control these risks.

With respect to the personal credit business, the Group relies on credit assessment of applicants as the basis for loan approval. Customer relationship managers are required to assess the income, credit history, and repayment ability of the applicant. The customer relationship managers then forward the application and recommendations to the loan-approval departments for consent. The Group pays great attention to post-lending monitoring of personal loans, focuses on borrowers' repayment ability, the status of collateral and pledges and any changes to the value of collateral and pledges. Once a loan becomes overdue, the Group starts the recovery process according to standard recovery procedures.

To mitigate risks, the Group requests the customers to provide collateral and pledges or guarantees where appropriate. A refined management system and operating procedure for collateral and pledges have been developed, and there is a guideline to specify the suitability of accepting specific types of collateral and pledges. The values, structures and legal covenants of collateral and pledges are monitored continuously to ensure that they still serve their intended purposes and conform to market practices.

For risk management purposes, the Group conducts independent management over credit risk arising from derivatives exposures, with information disclosed in Notes (1)(j). The Group sets credit limits for treasury activities and monitors them regularly with reference to the fair values of the relevant financial instruments.

Measurement of expected credit losses (ECL)

The Group continues to improve its unified expected credit loss approach implementation system which has covered all credit risk exposures on and off-balance sheet, and clarified the division of responsibilities between the Board of Directors and its specialised committees, the Board of Supervisors, senior management, the leading department of the Head Office and other relevant departments. The Group has set up a comprehensive implementation management system, strengthened control over the entire implementation process, consolidated the foundation, and adhered to the high-quality implementation of the expected credit loss approach. In the implementation process of the expected credit loss approach, the Group has fully considered uncertainties facing credit risk management. Based on the results of expected credit loss assessment, the Group recognises allowances for impairment losses timely and adequately to ensure that that the accrued allowances for impairment losses have effectively covered expected credit losses.

(A) Segmentation of financial instruments

The Group adopts a "three-stage" model for impairment based on changes in credit risk since initial recognition or by determining whether the financial instruments are credit-impaired, to estimate the expected credit losses.

The key definition of the three stages are defined in Note 4(3)(f).

62 Risk management (continued)

(1) Credit risk (continued)

Measurement of expected credit losses (ECL) (continued)

(B) Significant increase in credit risk ("SICR")

The Group assesses at least quarterly whether the credit risk of a financial instrument has increased significantly since initial recognition. In accordance with the principle of substantive risk judgment, the Group compares the risk of default of financial instruments as at the end of reporting period with that as at the date of initial recognition for an individual financial instrument or a group of financial instruments with common credit risk characteristics to determine whether the credit risk has increased significantly since initial recognition. The Group sufficiently considers all reasonable and supportable information when making related assessments, including but not limited to: internal credit rating of the borrower; information such as business risk classification, overdue status, and contract terms; information on changes in the credit strategy or credit risk management methods towards the borrower; information such as the borrower's credit information, external ratings, changes in debt and equity prices, credit default swap prices, credit spreads, and public opinion; business and financial information of the borrower, its shareholders, and affiliated enterprises; and the macro economy, industry development, technological innovation, climate change, natural disasters, socio-economic and financial policies, government support or relief measures that may have a potential impact on the borrower's repayment capacity.

The Group has set qualitative and quantitative criteria for assessing whether the credit risk of financial instruments has increased significantly since initial recognition. For example, generally, the credit risk of loans whose internal credit ratings have fallen to level 15 and below, is regarded as having increased significantly.

Usually, if a financial instrument has been overdue for more than 30 days, then this indicates that the credit risk of this financial instrument has increased significantly.

(C) Definition of defaulted and credit-impaired assets

The Group considers a financial instrument as having defaulted when it is credit-impaired. Generally, financial instrument overdue for more than 90 days on contractual payment terms shall be considered as having credit-impaired.

The following factors can be referred to when determining whether credit impairment has occurred:

- Significant financial difficulty of the issuer or borrower;
- Breach of contract term, such as a default or delinquency in interest or principal payments;
- Concessions that would not otherwise be granted to the borrower, in light of economic or contractual considerations related to the borrower's financial difficulties;
- It is becoming probable that the borrower will enter bankruptcy or other financial reorganisation;
- Disappearance of an active market for financial assets because of financial difficulties of the issuer or borrower;
- A financial asset purchased or originated by a large discount which reflects the fact of credit-impairment having occurred; and
- Other objective evidence indicating there is a credit impairment of the financial asset.

The Group's definition of default has been consistently applied to the estimates of PD, LGD and EAD during the ECL measurement.

62 Risk management (continued)

(1) Credit risk (continued)

Measurement of expected credit losses (ECL) (continued)

(D) Explanation of parameters, assumptions and estimation techniques

The ECL is measured on either a 12-month or lifetime basis depending on whether a significant increase in credit risk has occurred since initial recognition or whether a financial instrument is considered to be credit-impaired. Expected credit losses are the discounted product of the weighted average of PD, LGD, and EAD under the optimistic, baseline and pessimistic scenarios.

Defined as follows:

PD refers to the likelihood of a debtor and its businesses defaulting in the future, after consideration of forward-looking information. Please refer to earlier disclosure in this note for the definition of default.

LGD refers to the Group's expected loss amount resulting from default as a proportion of total exposure, after consideration of forward-looking information.

EAD is the total amount of risk exposure on and off-balance sheet at the time of default. The exposure is determined by the repayment plan according to different types of products.

The discount rate used in the ECL measurement is the effective interest rate.

During the reporting period, based on changes in macroeconomic environment, the Group has updated forward-looking information used in the measurement of expected credit losses. Please refer to further disclosure in this note for forward-looking information which is incorporated in the measurement of expected credit losses.

The assumptions underlying the ECL measurement, such as the PDs for different maturities are monitored and reviewed on a quarterly basis.

During the reporting period, the Group continued to improve its unified ECL approach implementation management system and monitor models and parameters related to expected credit losses and carried out model optimization by reference to monitoring results.

There have been no significant changes in estimation techniques and such assumptions made during the reporting period.

(E) Forward-looking information incorporated in the ECL

The Group has performed historical data analysis and identified the macroeconomic variables affecting expected credit losses, such as GDP, CPI, M2, PPI, RMB deposit reserve rate, London spot gold price, average exchange rate of US Dollar to RMB, sales price indices of second-hand residential buildings in 70 large and medium-sized cities, national real estate climate index, and so on.

The Group set forecast GDP value for baseline scenario by reference to average value of forecasts released by authoritative international and domestic institutions, and the forecast 2025 GDP growth value under the baseline scenario was set at round 5%. Forecast 2025 GDP growth value under the optimistic and pessimistic scenarios had been determined by moving up and down, by a certain degree, from the baseline scenario forecast. For other macroeconomic variables, the Group involved internal experts and used methods such as transmission models, economic principles, and expert judgment to calculate the predicted value of each variable under each scenario.

The Group constructs empirical models to derive the relationship between historical macroeconomic variables and PD and LGD, and calculates the PD and LGD values for a given future horizon using the forecasted macroeconomic variables.

The Group constructs empirical models to determine the weightings for optimistic, baseline and pessimistic scenarios. As at 31 December 2024 and 2023, the optimistic, baseline and pessimistic scenarios were of comparable weightings.

(F) Risk grouping

For the purpose of ECL measurement, the Group has divided businesses with common credit risk characteristics into separate groups. When grouping corporate business, the Group considered credit risk characteristics such as client type and the industry in which the client operates. When grouping personal business, the Group considered credit risk characteristics such as internal risk pool and product type. The Group obtained sufficient information to ensure risk grouping is statistically reliable.

62 Risk management (continued)

(1) Credit risk (continued)

(a) Maximum credit risk exposure

The following table presents the maximum exposure to credit risk as at the end of the reporting period without taking into consideration any collaterals and pledges held or other credit enhancements. In respect of the financial assets recognised in the statement of financial position, the maximum exposure to credit risk is represented by the carrying amount after deducting any impairment allowance.

	31 December 2024	31 December 2023
Deposits with central banks	**2,524,670**	3,020,376
Deposits with banks and non-bank financial institutions	**154,532**	148,218
Placements with banks and non-bank financial institutions	**672,875**	675,270
Positive fair value of derivatives	**108,053**	43,840
Financial assets held under resale agreements	**622,559**	979,498
Loans and advances to customers	**25,040,400**	23,083,377
Financial investments		
Financial assets measured at fair value through profit or loss	**354,639**	362,299
Financial assets measured at amortised cost	**7,429,723**	6,801,242
Financial assets measured at fair value through other comprehensive income	**2,609,514**	2,224,783
Other financial assets	**194,148**	220,645
Total	**39,711,113**	37,559,548
Off-balance sheet credit commitments	**3,964,451**	3,830,239
Maximum credit risk exposure	**43,675,564**	41,389,787

(b) Loans and advances to customers analysed by credit quality

Within overdue but not credit-impaired loans and advances and credit-impaired loans and advances, the portions covered and not covered by collateral held are as follows:

	31 December 2024		
	Overdue but not credit-impaired loans and advances		**Credit-impaired loans and advances**
	Corporate	**Personal**	**Corporate**
Portion covered	**7,001**	**29,891**	**101,450**
Portion not covered	**4,791**	**18,081**	**155,266**
Total	**11,792**	**47,972**	**256,716**

	31 December 2023		
	Overdue but not credit-impaired loans and advances		Credit-impaired loans and advances
	Corporate	Personal	Corporate
Portion covered	4,290	28,337	102,434
Portion not covered	5,215	16,078	165,249
Total	9,505	44,415	267,683

The above collateral and pledges include land use rights, buildings and equipment. The fair value of collateral and pledges was estimated by the Group with reference to the latest available external valuations adjusted after taking into account the current realisation experience as well as the market situation.

62 Risk management (continued)

(1) Credit risk (continued)

(g) Credit risk exposure (continued)

Loans and advances to customers (continued)

The Group classifies credit risk characteristics based on the quality of assets. "Low risk" means that loans are of good credit quality and there are no sufficient reasons to doubt that the borrowers of loans are not expected to fulfil its contractual obligations to repay its loans, nor are there any other behaviors breaching the loan contracts and impacting significantly on the repayment of loans; "Medium risk" means that there are factors adversely impacting on the repayment capacity of borrowers, but there are as yet no behaviors impacting significantly on normal repayment of loans; "High risk" means that failure of borrowers to repay loans in accordance with loan contract terms or other behaviors breaching the loan contracts and impacting significantly on the repayment of loans.

Off-balance sheet credit commitments

As at 31 December 2024 and 2023, the Group's credit risk exposures in off-balance sheet credit commitments were primarily designated as Stage 1 and were primarily assigned the "Low Risk" credit risk rating.

Financial investments

	31 December 2024			
	Stage 1 12-month ECL	**Stage 2 Lifetime ECL**	**Stage 3 Lifetime ECL**	**Total**
Low risk	**9,928,818**	**881**	**–**	**9,929,699**

Allowance for impairment losses on financial assets measured at amortised cost	(11,716)	(80)	(13,050)	(24,846)
Allowance for impairment losses on financial assets measured at fair value through other comprehensive income	(5,019)	(17)	(372)	(5,408)

62 Risk management (continued)

(1) Credit risk (continued)

(g) Credit risk exposure (continued)

Financial investments(continued)

The Group classifies financial investment risk characteristics based on asset eligibility and internal rating changes. "Low risk" means that the issuer's initial internal rating is above the eligible level, and there are no reasons to suspect that the financial investment is expected to be defaulted; "Medium risk" means that although the issuer's internal rating is reduced to a certain extent, but there are not enough reasons to suspect that the financial investment is expected to be defaulted; "High risk" means that there are obvious problems which may cause a default, or the financial investment indeed is defaulted.

Amounts due from banks and non-bank financial institutions

Amounts due from banks and non-bank financial institutions include deposits and placements with banks and non-bank financial institutions, and financial assets held under resale agreements of which counterparties are banks and non-bank financial institutions.

	31 December 2024			
	Stage 1 12-month ECL	**Stage 2 lifetime ECL**	**Stage 3 lifetime ECL**	**Total**
Low risk	**1,445,054**	**–**	**–**	**1,445,054**
Medium risk	**–**	**–**	**–**	**–**
High risk	**–**	**–**	**–**	**–**
Total carrying amount excluding accrued interest	**1,445,054**	**–**	**–**	**1,445,054**
Allowance for impairment losses	**(571)**	**–**	**–**	**(571)**

	31 December 2023			
	Stage 1 12-month ECL	Stage 2 lifetime ECL	Stage 3 lifetime ECL	Total
Low risk	1,798,447	–	–	1,798,447
Medium risk	–	–	–	–
High risk	–	–	–	–
Total carrying amount excluding accrued interest	1,798,447	–	–	1,798,447
Allowance for impairment losses	(1,273)	–	–	(1,273)

The Group classifies risk characteristics of amounts due from banks and non-bank financial institutions based on asset eligibility and internal rating changes. "Low risk" means that the issuer's initial internal rating is above the eligible level, and there are no reasons to suspect that the amount due from banks and non-bank financial institutions is expected to be defaulted; "Medium risk" means that although the issuer's internal rating is reduced to a certain extent, but there are not enough reasons to suspect that the amount due from banks and non-bank financial institutions is expected to be defaulted; "High risk" means that there are obvious problems which may cause a default, or the amount due from banks and non-bank financial institutions indeed is defaulted.

62 Risk management (continued)

(1) Credit risk (continued)

(h) Distribution of amounts due from banks and non-bank financial institutions in terms of credit quality is as follows:

	31 December 2024	31 December 2023
Credit-impaired	–	–
Allowances for impairment losses	–	–
Subtotal	–	–
Neither overdue nor credit-impaired		
– grades A to AAA	1,082,973	1,307,765
– grades B to BBB	28,420	24,260
– unrated	333,661	466,422
Accrued interest	5,483	5,812
Total	1,450,537	1,804,259
Allowances for impairment losses	(571)	(1,273)
Subtotal	1,449,966	1,802,986
Total	1,449,966	1,802,986

Amounts neither overdue nor credit-impaired are analysed above according to the Group's internal credit ratings. Unrated amounts due from banks and non-bank financial institutions include amounts due from a number of banks and non-bank financial institutions for which the Group has not assigned internal credit ratings.

62 Risk management (continued)

(1) Credit risk (continued)

(i) Distribution of debt investments analysed by rating

The Group adopts a credit rating approach to manage the credit risk of the debt investment portfolio held. The ratings are obtained from Bloomberg Composite, or major rating agencies where the issuers of the debt investments are located. The carrying amounts of the debt investments analysed by the rating agency designations as at the end of the reporting period are as follows:

	31 December 2024					
	Unrated	AAA	AA	A	Lower than A	Total
Credit-impaired

(j) Credit risk arising from the Group's derivative exposures

The Group's derivatives transactions entered into with customers have been hedged against transactions entered into with banks and non-bank financial institutions. The credit risk the Group is exposed to is related to customers, banks and non-bank financial institutions. The Group manages credit risk through regular monitoring.

(k) Settlement risk

The Group's activities may give rise to settlement risk at the time of the settlement of transactions and trades. Settlement risk is the risk of loss due to the failure of an entity to honour its obligations to deliver cash, securities or other assets as contractually agreed.

For certain types of transactions, the Group mitigates this risk by conducting settlements through a settlement or clearing agent to ensure that a trade is settled only when both parties have fulfilled their contractual settlement obligations.

62 Risk management (continued)

(1) Credit risk (continued)

(I) Sensitivity analysis

Models and parameters such as forward-looking empirical models, forecast values of macroeconomic variables and stage designation results would have an impact on ECL.

(i) Sensitivity analysis of segmentation

A significant increase in credit risk since initial recognition will result in financial assets transferring from Stage 1 to Stage 2, and the loss allowance for those financial assets shall be measured at an amount equal to the lifetime expected credit losses. The following tables present the impact of ECL from the second year to the end of the lifetime for financial assets in Stage 2.

	31 December 2024		
	Allowances for 12-month ECL of all performing financial assets	**Impact over lifetime**	**Current allowances for impairment losses**
Performing loans	**502,471**	**45,810**	**548,281**
Performing financial investments	**17,159**	**7**	**17,166**

	31 December 2023		
	Allowances for 12-month ECL of all performing financial assets	Impact over lifetime	Current allowances for impairment losses
Performing loans	504,308	49,411	553,719
Performing financial investments	16,827	5	16,832

The above allowances for impairment losses of financial assets did not contain the impairment loss allowances for loans and advances measured at fair value through other comprehensive income.

(ii) Sensitivity analysis of macroeconomic variables

The Group has carried out sensitivity analysis of GDP forecast. As at 31 December 2024, when GDP growth rate in the baseline scenario increased or decreased by 10%, the change in allowances for impairment losses of financial assets did not exceed 5% (as at 31 December 2023: did not exceed 5%).

(2) Market risk

Market risk is the risk of loss, in respect of the Group's on and off-balance sheet activities, arising from adverse movements in market rates including interest rates, foreign exchange rates, commodity prices and stock prices. Market risk arises from both the Group's trading and non-trading businesses. A trading book consists of positions in financial instruments and commodities held either with trading intent or in order to hedge other elements of the trading book. Non-trading book records those financial instruments and commodities which are not included in the trading book.

The Group continues to improve market risk management system. The Risk Management Department is responsible for leading the establishment of market risk management policies and rules, developing the market risk measurement tools, monitoring and reporting the trading market risk and related daily work. The Asset and Liability Management Department (the "ALM") is responsible for managing interest rate risk and exchange rate risk of non-trading businesses, as well as the size and structure of assets and liabilities in response to structural market risk. The Financial Market Department manages the Bank's RMB and foreign currency investment portfolios, conducts proprietary and customer-driven transactions, as well as implementing market risk management policies and rules. The Audit Department is responsible for regularly performing independent audits of the reliability and effectiveness of the processes constituting the risk management system.

The Group's interest rate risk mainly comprises repricing risk and basis risk arising from the mismatch of term structure and pricing basis of assets and liabilities. The Group uses multiple tools such as repricing gap analysis, sensitivity analysis on net interest income, scenario analysis and stress testing, to monitor the interest rate risk periodically.

62 Risk management (continued)

(2) Market risk (continued)

The Group's foreign exchange exposures mainly comprise exposures from foreign currency portfolios within treasury proprietary investments in debt securities and money market placements, and currency exposures from its overseas business. The Group manages its foreign exchange exposures by spot foreign exchange transactions and by matching its foreign currency denominated assets with corresponding liabilities in the same currency, and also uses derivatives in the management of its own foreign currency asset and liability portfolios and structural positions.

The Group monitors market risk separately in respect of trading portfolios and non-trading portfolios. Trading portfolios include exchange rate and interest rate derivatives as well as trading securities. The historical simulation model for the Value-at-Risk ("VaR") analysis is a major tool used by the Bank to measure and monitor the market risk of its trading portfolio. Net interest income sensitivity analysis, interest rate repricing gap analysis and foreign exchange risk concentration analysis are the major tools used by the Group to monitor the market risk of its overall businesses.

(a) VaR analysis

VaR is a technique which estimates the potential losses that could occur on risk positions taken, due to movements in market interest rates, foreign exchange rates of all books and other market prices over a specified time horizon and at a given level of confidence. The Risk Management Department calculates interest rates, foreign exchange rates and commodity prices VaR for the Bank's trading portfolio. By reference to historical movements in interest rates, foreign exchange rates and commodity prices, the Risk Management Department calculates VaR on a daily basis for the trading portfolio and monitors it regularly. VaR is calculated at a confidence level of 99% and with a holding period of one day.

A summary of the VaR of the Bank's trading portfolio as at the end of the reporting period and during the respective years is as follows:

		2024			
	Note	As at 31 December	Average	Maximum	Minimum
VaR of trading portfolio		**300**	**265**	**331**	**199**
Of which:					
– Interest rate risk		**75**	**37**	**88**	**22**
– Foreign exchange risk	(i)	**311**	**261**	**343**	**201**
– Commodity risk		**1**	**1**	**6**	**–**

		2023			
	Note	As at 31 December	Average	Maximum	Minimum
VaR of trading portfolio		272	265	427	176
Of which:					
– Interest rate risk		22	43	68	22
– Foreign exchange risk	(i)	269	257	427	154
– Commodity risk		1	1	10	–

(i) The VaR in relation to bullion is included in the foreign exchange risk above.

VaR for each risk factor is the independently derived largest potential loss for a specific holding period and at a given confidence level due to fluctuations solely in that risk factor. The individual VaRs do not add up to the total VaR as there is diversification effect due to correlation amongst the risk factors.

62 Risk management (continued)

(2) Market risk (continued)

(a) VaR analysis (continued)

Although VaR is an important tool for measuring market risk, the assumptions on which the model is based give rise to some limitations, including the following:

- A 1-day holding period assumes that it is possible to hedge or dispose of positions within that period. This is considered to be a realistic assumption in almost all cases but may not be the case in situations in which there is severe market illiquidity for a prolonged period;
- A 99 percent confidence level does not reflect losses that may occur beyond this level. Within the model used, there is 1 percent probability that losses could exceed the VaR;
- VaR is calculated on an end-of-day basis and does not reflect exposures that may arise on positions during the trading day;
- The use of historical data as a basis for determining the possible range of future outcomes may not always cover all possible scenarios, especially those of an exceptional nature; and
- The VaR measure is dependent upon the Bank's position and the volatility of market prices. The VaR of an unchanged position reduces if the market price volatility declines and vice versa.

(b) Interest rate sensitivity analysis

In monitoring interest rate risk on its overall non-derivative financial assets and liabilities, the Bank regularly measures its future net interest income sensitivity to an increase or decrease in market interest rates (assuming no asymmetrical movement in yield curves and a constant financial position). An incremental 100 basis points parallel fall or rise in all yield curves, other than that applicable to deposits with central banks, would increase or decrease annualised net interest income of the Group by RMB46,805 million (as at 31 December 2023: RMB51,907 million). Had the impact of yield curves movement for demand deposits from customers been excluded, the annualised net interest income of the Group would decrease or increase by RMB92,363 million (as at 31 December 2023: RMB89,293 million). In the event of a parallel fall or rise of 100 basis points in the yield curve, equity would increase by RMB119,288 million (as at 31 December 2023: RMB72,013 million) or decrease by RMB108,445 million (as at 31 December 2023: RMB66,366 million), respectively.

The above interest rate sensitivity is for illustration purposes only and is assessed based on simplified assumptions. The figures here indicate estimated net interest income and equity movements under various predicted yield curve scenarios and subject to the Bank's current interest rate exposures. However, the possible risk management measures that can be undertaken by the interest risk management department or related business departments to mitigate interest rate risk have not been taken into account. In practice, the departments that manage the interest rate risk strive to reduce loss arising from the risk while increasing the net income. These figures are estimated on the assumption that the interest rates on various maturities will move within similar ranges, and therefore do not reflect the potential net interest income changes and equity changes in the event that interest rates on some maturities may change and others remain unchanged. Moreover, the above estimations are based on other simplified assumptions, including that all positions will be held to maturity and rolled over upon maturity.

62 Risk management (continued)

(2) Market risk (continued)

(c) Interest rate risk

Interest rate risk refers to the risk where the market interest rates, term structure and other factors may experience unfavourable fluctuations which impact the overall profitability and fair value resulting in losses to the Bank. The key determinants of the Group's interest rate risk arise from the mismatch between the maturity periods of the assets and liabilities, and inconsistent pricing basis, resulting in re-pricing risk and basis risk.

The ALM is responsible for regularly monitoring the interest rate risk positions and measuring the interest rate re-pricing gap. The main reason for measuring the interest rate re-pricing gap is to assist in analysing the impact of interest rate changes on net interest income.

The following tables indicate the analysis by the expected next repricing dates (or maturity dates whichever are earlier) for the assets and liabilities of the Group as at the end of the reporting period.

		31 December 2024

(i) For loans and advances to customers, the "within three months" category includes overdue amounts (net of allowances for impairment losses) of RMB56,061million as at 31 December 2024 (as at 31 December 2023: RMB54,750 million).

(ii) Investments include financial assets measured at fair value through profit or loss, financial assets measured at amortised cost, financial assets measured at fair value through other comprehensive income and long-term equity investments, etc.

62 Risk management (continued)

(2) Market risk (continued)

(d) Currency risk

The Group's foreign exchange exposures mainly comprise exposures that arise from the foreign currency proprietary investments of the treasury business and currency exposures originated by the Group's overseas businesses.

The Group manages currency risk by spot and forward foreign exchange transactions and by matching its foreign currency denominated assets with corresponding liabilities in the same currency, and also uses derivatives (principally foreign exchange swaps and cross currency swaps) in the management of its own foreign currency asset and liability portfolios and structural positions.

The Group actively manages foreign currency exposures by minimising foreign exchange risk by business lines. Therefore, the net exposure is not sensitive to exchange rate fluctuations and the potential impact on the pre-tax profits and other comprehensive income of the Group is not material.

The currency exposures of the Group's assets and liabilities as at the end of the reporting period are as follows:

(i) Please refer to Note 62(2)(c)(ii) for the scope of investments.

62 Risk management (continued)

(3) Liquidity risk

The Group adheres to a liquidity management strategy featuring prudence, decentralisation, coordination and diversification. Management's objective for liquidity risk management is to establish and improve a liquidity management system that can fully identify, accurately measure, continuously monitor, and effectively control liquidity risk, effectively balance the return on funds and security of funds, and safeguard the steady operation across the Bank.

The Group conducts quarterly liquidity risk stress testing in order to gauge its risk tolerance in different stress scenarios. The results of stress testing show that under different stress scenarios, the Group's liquidity risk is under control.

The Group adopts liquidity indicator analysis, remaining maturity analysis and undiscounted cash flow analysis to measure the liquidity risk.

(a) Maturity analysis

The following tables provide an analysis of the assets and liabilities of the Group based on the remaining periods to repayment as at the end of the reporting period:

	31 December 2024

Note: The off-balance sheet loan commitments and credit card commitments may expire without being drawn upon. Guarantees, acceptances and other credit commitments do not represent the amounts to be paid.

(4) Operational risk

Operational risk refers to the risk of loss resulting from problems with internal processes, people and systems or from external events. Such risk includes legal risk but excludes strategic risk and reputational risk.

In 2024, the Group actively benchmarked itself against regulatory requirements such as Basel III, the *Rules on Capital Management of Commercial Banks*, and the *Rules on Operational Risk Management of Banking* and *Insurance Institutions* and effectively enhanced its operational risk management.

The Group revised its policies on operational risk management, improved the top-level design, and further promoted the application of risk management tools such as operational risk loss data, key risk indicators and operational risk self-assessment. It further polished up its management mechanism such as operational risk reporting, and promoted regulatory assessment and validation related work pursuant to new standardised approach for operational risk in an orderly manner, so as to comprehensively enhance refined management. It continued to strengthen business continuity management, improved rules and regulations, focused on developing emergency plans and organising emergency drills, consolidated management foundation, so as to enhance operational resilience. The Group continued to improve its staff behaviour management system, so as to promote staff compliance and standardised operations. It established and improved its staff behaviour management framework, clarified the code of conduct for employees, and conducted inspections of abnormal behaviours. It cared for its employees and guided them to correctly develop and practise the compliance concept.

62 Risk management (continued)

(5) Fair value of financial instruments

(a) Valuation process, technique and input

The Board is responsible for establishing a robust internal control policy of valuation, and takes the ultimate responsibility for the adequacy and effectiveness of internal control system. The board of supervisors takes charge of supervising the performance of the Board and senior management. According to the requirements of the Board and the Board of Supervisors, senior management is responsible for organising and implementing the internal control system over the valuation process to ensure the effectiveness of the internal control system of valuation.

The Group has established an independent valuation process for financial assets and financial liabilities. The relevant departments are responsible for performing valuation, verifying valuation model and accounting of valuation results.

For the year ended 31 December 2024, there was no significant change in the valuation techniques or inputs used to determine fair value as compared to those used for the year ended 31 December 2023.

(b) Fair value hierarchy

The Group measures fair values using the following fair value hierarchy that reflects the significance of the inputs used in making the measurements:

- Level 1: Fair value based on quoted prices (unadjusted) in active markets for identical assets or liabilities.
- Level 2: Fair value based on inputs other than quoted prices included within level 1 that are observable for the asset or liability, either directly (that is, as prices) or indirectly (that is, derived from prices).
- Level 3: Fair value based on inputs for the asset or liability that are not based on observable market data (that is, unobservable inputs).

62 Risk management (continued)

(5) Fair value of financial instruments (continued)

(c) Financial instruments measured at fair value

(i) Fair value hierarchy

The tables below analyse financial instruments, measured at fair value at the end of the reporting period, by the level in the fair value hierarchy into which the fair value measurement is categorised:

	31 December 2024			
	Level 1	Level 2	Level 3	Total
Measured at fair value on a recurring basis				
Assets				
Positive fair value of derivatives	–	108,049	4	108,053
Loans and advances to customers				
– Loans and advances to customers measured at fair value through other comprehensive income	–	1,631,752	–	1,631,752
Financial assets measured at fair value through profit or loss				
Financial assets held for trading purposes				
– Debt securities	3,495	127,185	–	130,680
– Equity instruments and funds	302	2,747	–	3,049

– Debt investments	–	54,521	24,357	78,878
– Debt securities	5	141,604	3,472	145,081
– Equity instruments, funds and others	13,542	119,824	121,450	254,816
Financial assets measured at fair value through other comprehensive income				
– Debt securities	292,397	2,316,116	1,001	2,609,514
– Equity instruments designated as measured at fair value through other comprehensive income	13,781	–	18,441	32,222
Total	323,522	4,501,798	168,725	4,994,045
Measured at fair value on a recurring basis				
Liabilities				
Financial liabilities measured at fair value through profit or loss	–	239,005	1,588	240,593
Negative fair value of derivatives	–	93,986	4	93,990
Total	–	332,991	1,592	334,583

62 Risk management (continued)

(5) Fair value of financial instruments (continued)

(c) Financial instruments measured at fair value (continued)

(i) Fair value hierarchy (continued)

	31 December 2023			
	Level 1	Level 2	Level 3	Total
Measured at fair value on a recurring basis				
Assets				
Positive fair value of derivatives	–	43,832	8	43,840
Loans and advances to customers				
– Loans and advances to customers measured at fair value through other comprehensive income	–	1,104,787	–	1,104,787
Financial assets measured at fair value through profit or loss				
Financial assets held for trading purposes				
– Debt securities	2,219	125,766	–	127,985
– Equity instruments and funds	374	1,089	–	1,463
Other financial assets measured at fair value through profit or loss				
– Debt investments	–	52,868	27,879	80,747
– Debt securities	45	152,391	1,131	153,567
– Equity instruments, funds and others	15,222	87,939	135,380	238,541
Financial assets measured at fair value through other comprehensive income				
– Debt securities	249,246	1,975,483	54	2,224,783
– Equity instruments designated as measured at fair value through other comprehensive income	2,509	–	7,439	9,948
Total	269,615	3,544,155	171,891	3,985,661
Measured at fair value on a recurring basis				
Liabilities				
Financial liabilities measured at fair value through profit or loss	–	251,492	687	252,179
Negative fair value of derivatives	–	41,860	8	41,868
Total	–	293,352	695	294,047

A majority of the financial assets classified as level 2 are RMB bonds. The fair value of these bonds is determined based on the valuation results provided by China Central Depository & Clearing Co., Ltd. A majority of the financial liabilities designated as measured at fair value through profit or loss classified as level 2 are the funds raised from structured deposits, the fair value of which are determined based on the income approach. The majority of derivatives are classified as level 2 and valued using the income approach. For the valuation of financial instruments classified as level 2, all significant inputs are observable market data.

The financial assets classified as level 3 are primarily unlisted equity instruments. These financial assets are valued using the income approach and market approach, which incorporate the non-observable assumptions including discount rate and P/B ratio.

The Group upgraded certain financial instruments from Level 3 to Level 1 of the fair value hierarchy due to the fact that the valuation technique had changed or that certain previously unobservable significant inputs used in fair value measurements had now become observable.

62 Risk management (continued)

(5) Fair value of financial instruments (continued)

(c) Financial instruments measured at fair value (continued)

(ii) Movements of fair value of financial instruments in level 3 of the fair value hierarchy

The following tables show a reconciliation from the opening balances to the ending balances for fair value measurement in level 3 of the fair value hierarchy:

	2024									
		Other financial assets measured at fair value through profit or loss			Financial assets measured at fair value through other comprehensive income					
	Positive fair value of derivatives	Debt investments	Debt securities	Equity instruments, funds and others	Debt securities	Equity instruments	Total assets	Financial liabilities measured at fair value through profit or loss	Negative fair value of derivatives	Total liabilities
As at 1 January 2024	8	27,879	1,131	135,380	54	7,439	171,891	(687)	(8)	(695)

In other comprehensive income	-	-	-	-	7	9,902	9,909	-	-	-
Purchases	-	2,893	2,827	18,427	940	1,100	26,187	(1,041)	-	(1,041)
Sales, settlements and transfers out	-	(7,087)	(524)	(29,531)	-	-	(37,142)	646	-	646
As at 31 December 2024	4	24,357	3,472	121,450	1,001	18,441	168,725	(1,588)	(4)	(1,592)

	2023									
		Other financial assets measured at fair value through profit or loss			Financial assets measured at fair value through other comprehensive income					
	Positive fair value of derivatives	Debt investments	Debt securities	Equity instruments, funds and others	Debt securities	Equity instruments	Total assets	Financial liabilities measured at fair value through profit or loss	Negative fair value of derivatives	Total liabilities
As at 1 January 2023	11	26,339	2,814	136,740	-	5,511	171,415	(348)	(11)	(359)
Total gains or losses:										
In profit or loss	(3)	1,287	(1,067)	1,789	-	-	2,006	(72)	3	(69)
In other comprehensive income	-	-	-	-	(28)	11	(17)	-	-	-
Purchases	-	5,740	600	23,522	82	1,941	31,885	(734)	-	(734)
Sales, settlements and transfers out	-	(5,487)	(1,216)	(26,671)	-	(24)	(33,398)	467	-	467
As at 31 December 2023	8	27,879	1,131	135,380	54	7,439	171,891	(687)	(8)	(695)

In level 3 of the fair value hierarchy, total gains or losses included in profit or loss for the year in the above table are presented in net trading gain and net loss arising from investment securities.

Gains or losses on level 3 financial assets and liabilities included in the statement of comprehensive income comprise:

	2024			2023		
	Realised	Unrealised	Total	Realised	Unrealised	Total
Net gains/(losses)	1,590	(4,212)	(2,622)	2,115	(178)	1,937

62 Risk management (continued)

(5) Fair value of financial instruments (continued)

(d) Financial instruments not measured at fair value

(i) Financial assets

The Group's financial assets not measured at fair value mainly include cash and deposits with central banks, deposits and placements with banks and non-bank financial institutions, financial assets held under resale agreements, loans and advances to customers and financial assets measured at amortised cost.

Deposits with central banks, deposits and placements with banks and non-bank financial institutions and financial assets held under resale agreements

Deposits with central banks, deposits and placements with banks and non-bank financial institutions and financial assets held under resale agreements are mainly priced at market interest rates and mature within one year. Accordingly, the carrying values approximate to the fair values.

Loans and advances to customers

Majority of the loans and advances to customers measured at amortised cost are repriced at least annually to the market rate. Accordingly, their carrying values approximate to the fair values.

Financial assets measured at amortised cost

The following table shows the carrying values and the fair values of financial assets measured at amortised cost as at 31 December 2024 and 2023 which are not presented in the statement of financial position at their fair values.

	31 December 2024					31 December 2023				
	Carrying value	**Fair value**	**Level 1**	**Level 2**	**Level 3**	Carrying value	Fair value	Level 1	Level 2	Level 3
Financial assets measured at amortised cost	**7,429,723**	**8,089,222**	**19,236**	**8,007,245**	**62,741**	6,801,242	7,055,913	15,326	6,890,957	149,630
Total	**7,429,723**	**8,089,222**	**19,236**	**8,007,245**	**62,741**	6,801,242	7,055,913	15,326	6,890,957	149,630

(ii) Financial liabilities

The Group's financial liabilities not measured at fair value mainly include borrowings from central banks, deposits and placements from banks and non-bank financial institutions, financial assets sold under repurchase agreements, deposits from customers, and debt securities issued. As at 31 December 2024, the collective fair value of subordinated bonds, non-capital TLAC bonds and the eligible Tier 2 capital bonds was RMB685,641 million (As at 31 December 2023: RMB517,574 million) and the collective carrying value was RMB663,503 million (As at 31 December 2023: RMB509,282 million), and the carrying values of other financial liabilities approximated to their fair values as at the end of the reporting period. The Group uses observable inputs to measure the fair values of subordinated bonds, non-capital TLAC bonds and eligible Tier 2 capital bonds issued, and classified them as level 2 of the fair value hierarchy.

(6) Offsetting financial assets and financial liabilities

Certain financial assets and financial liabilities of the Group are subject to enforceable master netting arrangements or similar agreements. The agreement between the Group and the counterparty generally allows for net settlement of the relevant financial assets and financial liabilities when both elect to settle on a net basis. In the absence of such an election, financial assets and financial liabilities will be settled on a gross basis. However, each party to the master netting arrangements or similar agreements will have the option to settle all such amounts on a net basis in the event of default of the other party. These financial assets and financial liabilities of the Group are not offset.

In addition, financial assets and financial liabilities are offset against each other and reported as net amounts in the statement of financial position when certain agreements between the Group and its counterparties specify that both parties have a legally enforceable right to offset the recognised amounts and the transactions are intended to be settled on a net basis or by simultaneously realising the asset and settling the liability ("the offsetting criteria"). As at 31 December 2024, the amounts of financial assets and financial liabilities meeting the offsetting criteria are not material to the Group.

62 Risk management (continued)

(7) Insurance risk

The risk under an insurance contract is the possibility that the insured event occurs and the uncertainty in the resulting claim amount. By the very nature of an insurance contract, the risk is random and therefore unpredictable. The principal risk that the Group faces under its insurance contracts is that the actual claims and benefit payments exceed the carrying amount of the insurance contract liabilities.

The Group manages the uncertainty of insurance risk through its underwriting strategy and policies to diversify underwriting risks, as well as adequate reinsurance arrangements, and enhanced underwriting control and claim control.

The Group makes related assumptions for insurance risks and recognises insurance contract liabilities. For long-term life insurance contracts and short-term life insurance contracts, the insurance risk may be aggravated by the difference between insurance risk assumptions and actual insurance risks, including assumptions on death events, relevant expenses, morbidity assumptions, the loss ratios assumptions and surrender rates assumptions, etc. For property and casualty insurance contracts, claims are often subject to factors such as natural disasters, catastrophes, and terrorist attacks. In addition, the insurance risk can also be affected by the policyholder's termination of the contract, reduction of premiums, and refusal to pay premiums, i.e., the insurance risk is affected by the actions and decisions of the policyholder.

(8) Capital management

The Bank has implemented comprehensive capital management, covering capital management policy design, capital projecting and planning, capital calculation, internal capital assessment, capital allocation, capital incentive, restriction and conduction, capital raising, monitoring and reporting, and applications of advanced approach of capital calculation in the management of the ordinary course of the business. General principles of capital management of the Bank are to continuously retain an adequate capital level, retain a certain margin of safety and a certain level of buffer based on that all regulatory requirements have been complied, and ensure that the capital can cover all kinds of risks adequately; exercise reasonable and effective capital allocation and strengthen capital restraint and incentive mechanism to support the strategic planning effectively and to restrict and conduct the business so as to increase the capital efficiency and return level continuously; consolidate capital strength, maintain relatively high capital quality, and reasonably apply a range of capital instruments to optimise capital structure based on the principle of leveraging both internal accumulation and external capital; continuously develop the advanced approach of capital management on the applications in the business management such as credit policies, credit approval and pricing.

Capital adequacy ratio is a reflection of the Group's ability to maintain a stable operation and resist adverse risks. In accordance with the NFRA's *Rules on Capital Management of Commercial Banks* and relevant regulations, commercial banks should meet the minimum capital requirements from 1 January 2024. The Common Equity Tier 1 ratio should be at or above a minimum of 5%, Tier 1 ratio at or above a minimum of 6% and the capital adequacy ratio at or above a minimum of 8%. Besides, capital conservation buffer requirements, additional buffer requirements of Global and Domestic Systemically Important Banks should also be met. If a countercyclical buffer is required or the Pillar 2 capital requirement is raised by the regulator to a specific commercial bank, the minimum requirements should be met within the transitional period.

The Group timely monitors, analyses and reports capital adequacy ratios, assesses if the capital management objectives have been met and exercises effective management of capital adequacy ratio. The Group adopts various measures such as controlling asset growth, adjusting the structure of risk assets, increasing internal capital supply and raising capital through external channels, to ensure that the Common Equity Tier 1 ratio, Tier 1 ratio and capital adequacy ratio of the Group are in full compliance with regulatory requirements and meet internal management requirements. This helps to insulate against potential risks as well as support healthy business developments. The Group now fully complies with all regulatory requirements in this respect.

The Group's capital planning has taken the regulatory requirements, the Group's development strategy and risk appetite into consideration, and based on those factors the Group projects the capital usage and need.

The capital raising management of the Group involves reasonable utilisation of various capital instruments to ensure that both external regulatory and internal capital management objectives are met, taking into account capital planning and operating environment. This helps to optimise the Group's capital structure.

The Bank is required to calculate and disclose capital adequacy ratios in accordance with the *Rules on Capital Management of Commercial Banks*. Based on the scope of *Rules on Capital Management of Commercial Banks* as approve by regulators, the Bank measures: 1) credit risk exposure of eligible financial institutions and capital requirements for corporate credit risk exposure using preliminary internal rating approach; 2) capital requirements for retail credit risk exposure using internal rating approach; 3) credit risk that has not been covered by internal rating approach using weighted approach; 4) market risk capital requirements using standard approach; and 5) operational risk capital requirements using standard approach. The Group calculates capital adequacy ratios using both advanced approach and other approaches for capital measurement in accordance with regulatory requirements and is in compliance with relevant requirements for capital floors.

62 Risk management (continued)

(8) Capital management (continued)

The Group's capital adequacy ratio calculated in accordance with the *Rules on Capital Management of Commercial Banks* issued by the NFRA as at the end of the reporting period are as follows:

	Note	31 December 2024
Common Equity Tier 1 ratio	(a)(b)	**14.48%**
Tier 1 ratio	(a)(b)	**15.21%**
Capital adequacy ratio	(a)(b)	**19.69%**
Common Equity Tier 1 capital		
– Amount recognized in qualifying common share capital and capital reserves		**385,621**
– Surplus reserve		**402,196**
– General reserve		**534,151**
– Retained earnings		**1,782,502**
– Accumulated other comprehensive income		**65,136**
– Non-controlling interest recognised in Common Equity Tier 1 capital		**3,703**
Common Equity Tier 1 capital: Deduction items		
– Goodwill (excluding deferred tax liabilities)		**2,170**
– Other intangible assets (excluding land use rights) (excluding deferred tax liabilities)		**5,009**
– Cash flow hedge reserves that relate to the hedging of items that are not fair valued on the balance sheet		**581**
Additional Tier 1 capital		
– Other directly issued qualifying additional Tier 1 instruments including related premium		**159,977**
– Non-controlling interest recognised in Additional Tier 1 capital		**139**
Additional tier 1 capital: Deduction items		
– Significant investments in the Additional Tier 1 capital of financial institutions outside the regulatory scope of consolidation		**1,241**
Tier 2 capital		
– Directly issued qualifying Tier 2 instruments including related premium		**594,092**
– Non-controlling interest recognised in Tier 2 capital		**226**
– Valid portion of excess loss reserve		**384,521**
Common Equity Tier 1 capital after regulatory adjustments	(c)	**3,165,549**
Tier 1 capital after regulatory adjustments	(c)	**3,324,424**
Total capital after regulatory adjustments	(c)	**4,303,263**
Risk-weighted assets	(d)	**21,854,590**

Notes:

(a) The Common Equity Tier 1 ratio is calculated by dividing the Common Equity Tier 1 Capital after deduction by risk-weighted assets. Tier 1 ratio is calculated by dividing the Tier 1 Capital after deduction by risk-weighted assets. Capital adequacy ratio is calculated by dividing the total capital after deduction by risk-weighted assets.

(b) The scope for calculating capital adequacy ratio of the Group includes all the domestic and overseas branches and subsidiaries in the financial sector (excluding insurance companies).

(c) Common Equity Tier 1 capital after regulatory adjustments is calculated by netting off the corresponding deduction items from the Common Equity Tier 1 capital. Tier 1 capital after regulatory adjustments is calculated by netting off the corresponding deduction items from the Tier 1 capital. Total capital after regulatory adjustments is calculated by netting off the corresponding deduction items from the total capital.

(d) Risk-weighted assets after applying capital floor requirements and making necessary adjustments.

64 Events after the reporting period

On 9 January 2025, the Group completed the issuance of RMB1.50 billion financial bonds, with a 3-year term and a fixed coupon rate of 1.69%; on 27 March 2025, the Group completed the issuance of RMB40 billion Tier 2 capital bonds, with a 10-year term, a conditional redemption right by the issuer at the end of the fifth year, and a fixed coupon rate of 2.07%.

65 Comparative figures

Certain comparative figures have been adjusted to conform with the presentation and disclosures in the current period.

66 Ultimate parent

As stated in Note 1, the immediate and ultimate parents of the Group are Huijin and CIC, respectively.

67 Possible impact of amendments, new standards and interpretations issued but not yet effective

Up to the date of issue of the financial statements, the IASB has issued the following amendments, new standards and interpretations which are relevant to the Group. These amendments, new standards and interpretations are not yet effective for the year ended 31 December 2024 and have not been adopted in the financial statements.

	Standards	**Effective for annual periods beginning on or after**
(1)	Amendments to IFRS 10 and IAS 28 *Sale or Contribution of Assets between an Investor and its Associate or Joint Venture*	Effective date has been deferred indefinitely
(2)	Amendments to IAS 21 *Lack of Exchangeability*	1 January 2025
(3)	IFRS 18 *Presentation and Disclosure in Financial Statements (New)*	1 January 2027
(4)	IFRS 19 *Subsidiaries without Public Accountability: Disclosures (New)*	1 January 2027
(5)	*Amendments to IFRS 9 and IFRS 7 Amendments to the Classification and Measurement of Financial Instruments*	1 January 2026
(6)	*Annual Improvements to IFRS Accounting Standards* – Volume 11 Amendments to IFRS 1, IFRS 7, IFRS 9, IFRS 10 and IAS 7	1 January 2026

The Group anticipates that the adoption of the new standards and amendments will not have a significant impact on the Group's consolidated financial statements.

(1) Amendments to IFRS 10 and IAS 28 *Sale or Contribution of Assets between an Investor and its Associate or Joint Venture*

The narrow-scope amendments to IFRS 10 *Consolidated Financial Statements* and IAS 28 *Investments in Associates and Joint Ventures* clarify the accounting treatment for sales or contribution of assets between an investor and its associates or joint ventures. They confirm that the accounting treatment depends on whether the non-monetary assets sold or contributed to an associate or joint venture constitute a "business" (as defined in IFRS 3 "*Business Combinations*").

Where the non-monetary assets constitute a business, the investor will recognise the full gain or loss on the sale or contribution of assets. If the assets do not meet the definition of a business, the gain or loss is recognised by the investor only to the extent of the other investor's interests in the associate or joint venture. The amendments apply prospectively.

(2) Amendments to IAS 21 *Lack of Exchangeability*

The amendments to IAS 21 *Lack of Exchangeability* specify how an entity shall assess whether a currency is exchangeable into another currency and how it shall estimate a spot exchange rate at a measurement date when exchangeability is lacking. The amendments require disclosures of information that enable users of financial statements to understand the impact of a currency not being exchangeable. Earlier application is permitted. When applying the amendments, an entity cannot restate comparative information. Any cumulative effect of initially applying the amendments shall be recognised as an adjustment to the opening balance of retained profits or to the cumulative amount of translation differences accumulated in a separate component of equity, where appropriate, at the date of initial application.

(3) IFRS 18 *Presentation and Disclosure in Financial Statements* (New)

The IASB issued IFRS 18 *Presentation and Disclosure in Financial Statements*, replacing IAS 1 *Presentation of Financial Statements*. Compared with the current IAS 1, the new requirements in IFRS 18 mainly include: introducing three new categories for income and expenses – operating, investing and financing – to improve the structure of the income statement; requiring the disclosures of management-defined performance measures to improve the transparency of performance indicators defined by management; and strengthening information aggregation and disaggregation to further improve the usefulness of information in financial statements in decision-making.

67 Possible impact of amendments, new standards and interpretations issued but not yet effective (continued)

(4) IFRS 19 *Subsidiaries without Public Accountability: Disclosures* (New)

The IASB issued IFRS 19 *Subsidiaries without Public Accountability: Disclosures*, which allows voluntary adoption by eligible subsidiaries to reduce the cost of preparing their own financial statements.

IFRS 19 is a disclosure-only standard which specifies reduced disclosure requirements that eligible subsidiaries are permitted to apply instead of the disclosure requirements in other IFRS Accounting Standards (except in exceptional circumstances). However, such eligible subsidiaries should still apply the recognition, measurement and presentation requirements in other IFRS Accounting Standards.

IFRS 19 allows an eligible subsidiary to voluntarily apply or revoke its election to apply the standard. An entity may apply IFRS 19 more than once – for example, an entity that applied IFRS 19 in a prior period but not in the immediately preceding period may elect to apply IFRS 19 in the current period.

(5) Amendments to IFRS 9 and IFRS 7 *Amendments to the Classification and Measurement of Financial Instruments*

The IASB issued Amendments to IFRS 9 and IFRS 7, which clarify:

- That a financial liability is derecognised on the "settlement date", i.e., when the related obligation is discharged, cancelled, expires or the liability otherwise qualifies for derecognition. The amendments also introduces an accounting policy option to derecognise financial liabilities that are settled through an electronic payment system before the settlement date if certain conditions are met.
- How to assess the contractual cash flow characteristics of financial assets that include environmental, social and governance ("ESG")-linked features and other similar contingent features.
- The treatment of non-recourse assets and contractually linked instruments.

In addition, the amendments to IFRS 7 require additional disclosures for financial assets and liabilities with contractual terms that reference a contingent event (including those that are ESG-linked), and equity instruments classified at fair value through other comprehensive income. The amendments will be effective for annual reporting periods beginning on or after 1 January 2026. Entities can early adopt the amendments that relate to the classification of financial assets plus the related disclosures and apply the other amendments later. The new requirements will be applied retrospectively with an adjustment to opening retained earnings. Prior periods are not required to be restated and can only be restated without using hindsight. An entity is required to disclose information about financial assets that change their measurement category due to the amendments.

(6) Annual Improvements to IFRS Accounting Standards – Volume 11 Amendments to IFRS 1, IFRS 7, IFRS 9, IFRS 10 and IAS 7

The IASB has published the *Annual Improvements (Volume 11)*, making narrow-scope amendments to the requirements of *IFRS 1 First-time Adoption of International Financial Reporting Standards, IFRS 7 Financial Instruments: Disclosures, IFRS 9 Financial Instruments, IFRS 10 Consolidated Financial Statements* and *IAS 7 Statement of Cash Flows*. The amendments will become effective for annual periods beginning on or after 1 January 2026, with earlier application permitted.

INDEPENDENT AUDITOR'S REPORT

To the Shareholders of China Construction Bank Corporation

(Established in the People's Republic of China with limited liability)

OPINION

We have audited the consolidated financial statements of China Construction Bank Corporation (the "Bank") and its subsidiaries (the "Group") set out on pages 183 to 321, which comprise the consolidated statement of financial position as at 31 December 2025, and the consolidated statement of comprehensive income, the consolidated statement of changes in equity and the consolidated statement of cash flows for the year then ended, and relevant notes to the consolidated financial statements, including material accounting policy information.

In our opinion, the consolidated financial statements give a true and fair view of the consolidated financial position of the Group as at 31 December 2025, and of its consolidated financial performance and its consolidated cash flows for the year then ended in accordance with IFRS Accounting Standards as issued by the International Accounting Standards Board ("IASB") and have been properly prepared in compliance with the disclosure requirements of the Hong Kong Companies Ordinance.

BASIS FOR OPINION

We conducted our audit in accordance with Hong Kong Standards on Auditing ("HKSAs") as issued by the Hong Kong Institute of Certified Public Accountants ("HKICPA"). Our responsibilities under those standards are further described in the *Auditor's responsibilities for the audit of the consolidated financial statements* section of our report. We are independent of the Group in accordance with the HKICPA's *Code of Ethics for Professional Accountants* (the "Code"), as applicable to audits of financial statements of public interest entities. We have also fulfilled our other ethical responsibilities in accordance with the Code. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

KEY AUDIT MATTERS

Key audit matters are those matters that, in our professional judgement, were of most significance in our audit of the consolidated financial statements of the current period. These matters were addressed in the context of our audit of the consolidated financial statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters. For each matter below, our description of how our audit addressed the matter is provided in that context.

We have fulfilled the responsibilities described in the *Auditor's responsibilities for the audit of the consolidated financial statements* section of our report, including in relation to these matters. Accordingly, our audit included the performance of procedures designed to respond to our assessment of the risks of material misstatement of the consolidated financial statements. The results of our audit procedures, including the procedures performed to address the matters below, provide the basis for our audit opinion on the accompanying consolidated financial statements.

KEY AUDIT MATTERS (continued)

Key audit matter	How our audit addressed the key audit matter
Expected credit losses for loans and advances to customers measured at amortised cost	
The Group determines and measures expected credit losses for loans and advances to customers measured at amortised cost, in accordance with IFRS 9 *Financial Instruments*. Significant judgments and assumptions are involved in the measurement of expected credit losses, for example: • Significant increase in credit risk – Criteria for determining whether significant increase in credit risk has occurred are highly judgmental, and may have a significant impact on expected credit losses for loans and advances to customers measured at amortised cost with longer outstanding maturities; • Models and parameters – Complex models, numerous inputs and parameters, including probability of default, loss given default, exposure at default, and risk grouping, are used to measure expected credit losses, involving plenty of management judgments and assumptions; • Forward-looking information – Macroeconomic forecasts are developed, and impacts on expected credit losses are considered for multiple probability-weighted economic scenarios; • Whether financial assets are credit-impaired – The determination of credit impairment requires consideration of multiple factors, and measurement of expected credit losses depends on estimates of future cash flows. As at 31 December 2025, loans and advances to customers measured at amortised cost amounted to RMB25,629,143 million, accounting for 56.17% of total assets. Allowances for impairment losses of such loans and advances totalled RMB846,037 million. As the measurement of expected credit losses involves many significant judgments and assumptions, we consider expected credit losses for loans and advances to customers measured at amortised cost a key audit matter. *Relevant disclosures are included in Note 4(3), Note 4(26)(b), Note 25 and Note 62(1) to the consolidated financial statements.*	We evaluated and tested the design and operating effectiveness of key controls over credit granting, post approval credit management, loan credit rating system, collateral management as well as the management, implementation and monitoring of expected credit losses approach, including: • With support from our IT audit specialists, we evaluated and tested the data and processes used to determine expected credit losses, including loan business data, internal credit rating, macroeconomic assumptions, as well as the computational logic, inputs and system interfaces of the impairment assessment system; • We evaluated and tested key controls over the management, implementation and monitoring of expected credit losses approach, including approval of management system, important policies and models, key parameters and their adjustments, ongoing monitoring of model performance, model validation, monitoring and parameter calibration. We adopted a risk-based sampling approach in our loan review procedures, focusing on loans to borrowers in sectors exposed to significant macroeconomic volatility and to real estate obligators with documented credit deterioration, including bond defaults, covenant breaches and negative news coverage. We assessed the repayment capacity of borrowers and evaluated the Group's judgment in loan rating, taking into consideration post-lending inspection reports, financial information of borrowers, collateral valuation reports and other available information. With support from our modelling specialists, we evaluated and tested the expected credit loss model, key parameters, and management's significant judgments and assumptions, mainly focusing on the following aspects: • Taking into account macroeconomic changes, industry risk factors, and results of validation, reassessment and optimisation of ECL model, we assessed the reasonableness of ECL model methodology and related parameters, including probability of default, loss given default, exposure at default, risk grouping, and whether there had been a significant increase in credit risk; • We assessed the forward-looking information used by management to determine expected credit losses, including the forecasts of macroeconomic variables and the assumptions and weightings of multiple macroeconomic scenarios; • We performed back-testing and evaluated the reasonableness of management's determination of credit impairment. For credit-impaired loans and advances, we evaluated, on a sample basis, the reasonableness of management's estimates of future cash flows, focusing on the amount, timing and probability of expected cash flows, especially the expected recovery value from collateral. We inspected and evaluated the appropriateness of disclosures regarding expected credit losses in the consolidated financial statements.

KEY AUDIT MATTERS (continued)

Key audit matter	How our audit addressed the key audit matter
Consolidation assessment and disclosures of structured entities	
The Group holds interests in many different structured entities as a result of its business activities in asset management and asset securitisation. Such interests in structured entities include wealth management products ("WMPs"), asset management plans, trust plans, funds, and asset-backed securities. As at 31 December 2025, the balance of unconsolidated structured entities initiated by the Group totalled RMB6,510,950 million. The Group needs to comprehensively consider the power it possesses, its exposure to variable returns, and its ability to use its power to affect returns to determine whether it has control over such structured entities, and therefore whether it should include them in the scope of consolidation. The assessment of the Group's control over structured entities involves significant judgements on factors such as the purpose and design of structured entities, the Group's ability to direct relevant activities, direct and indirect beneficial interests and returns, performance fees, and benefits received or losses incurred from providing credit enhancement or liquidity support. Comprehensive analysis of these factors and concluding on whether the Group has control involve significant management judgements and estimates. In view of the materiality and the complexity of management judgements, we consider consolidation assessment and disclosures of structured entities a key audit matter. *Relevant disclosures are included in Note 4(1), Note 4(26)(f) and Note 28 to the consolidated financial statements.*	We evaluated and tested the design and operating effectiveness of key controls over the Group's assessment of whether it controls a structured entity. We evaluated the Group's analysis and conclusions on whether it controls structured entities based on the Group's analysis on its power over these structured entities, the magnitude and variability of the variable returns from its involvement with structured entities and linkage between these two matters on the basis of comprehensive consideration of all relevant facts and circumstances. We reviewed the contract documents on a sample basis to examine the purpose of the establishment of the structured entities, and checked the Group's analysis of rights and variability of the variable returns from its involvement with the structured entities, including whether the Group has legal or constructive obligations to the structured entities and whether the Group has provided any liquidity support or credit enhancement to the structured entities initiated by it. We reviewed and evaluated the appropriateness of disclosures regarding the consolidation of structured entities in the consolidated financial statements.
Valuation of financial instruments	
The fair values of the Group's financial instruments measured at fair value are determined either by active market quotes or valuation techniques. Valuation techniques are used to determine the fair value of financial instruments that do not have quoted prices in active markets, such as investments in unlisted equity, private fund investments and certain debt investments. These techniques may involve the use of significant unobservable inputs requiring assumptions and estimates based on management's subjective judgements. Valuation results can vary significantly under different valuation techniques or assumptions. As at 31 December 2025, the carrying amount of the Group's financial assets measured at fair value totalled RMB7,299,713 million, accounting for 16.00% of total assets. Given the higher uncertainty in valuation results, financial instruments whose fair value measurement involves significant unobservable inputs are categorised as level 3 within the fair value hierarchy. As at 31 December 2025, RMB181,080 million or 2.48% of financial assets measured at fair value were categorised as Level 3. Given the materiality of the balance and the significant judgements and estimates involved in fair value measurement of Level 3 financial instruments, we consider valuation of financial instruments a key audit matter. *Relevant disclosures are included in Note 4(3), Note 4(26)(c), Note 23, Note 25, Note 26 and Note 62(5) to the consolidated financial statements.*	We evaluated and tested the design and operating effectiveness of key controls over the valuation of financial instruments. We evaluated the appropriateness of valuation techniques, inputs, assumptions and comparable companies adopted by the Group, on a sample basis, including comparison with valuation techniques commonly used in the market by industry peers, validation of observable inputs using external market data, and comparison with valuation results calculated using various pricing sources. For financial instruments whose valuations were calculated using significant unobservable inputs, as in the case of investments in unlisted equity, private fund investments and certain debt investments, we involved our valuation specialists to assess the valuation models and parameters for such financial instruments, performed independent valuations on selected samples and compared the valuation results with those of the Group. We reviewed and evaluated the appropriateness of disclosures regarding the fair values of financial instruments in the consolidated financial statements.

OTHER INFORMATION INCLUDED IN THE ANNUAL REPORT

The directors of the Bank are responsible for the other information. The other information comprises the information included in the Annual Report, other than the consolidated financial statements and our auditor's report thereon.

Our opinion on the consolidated financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the consolidated financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the consolidated financial statements or our knowledge obtained in the audit or otherwise appears to be materially misstated. If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard.

RESPONSIBILITIES OF THE DIRECTORS FOR THE CONSOLIDATED FINANCIAL STATEMENTS

The directors of the Bank are responsible for the preparation of the consolidated financial statements that give a true and fair view in accordance with IFRS Accounting Standards as issued by the IASB and the disclosure requirements of the Hong Kong Companies Ordinance, and for such internal control as the directors determine is necessary to enable the preparation of consolidated financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the consolidated financial statements, the directors of the Bank are responsible for assessing the Group's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless the directors of the Bank either intend to liquidate the Group or to cease operations or have no realistic alternative but to do so.

The directors of the Bank are assisted by the Audit Committee in discharging their responsibilities for overseeing the Group's financial reporting process.

AUDITOR'S RESPONSIBILITIES FOR THE AUDIT OF THE CONSOLIDATED FINANCIAL STATEMENTS

Our objectives are to obtain reasonable assurance about whether the consolidated financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Our report is made solely to you, as a body, and for no other purpose. We do not assume responsibility towards or accept liability to any other person for the contents of this report.

Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with HKSAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these consolidated financial statements.

As part of an audit in accordance with HKSAs, we exercise professional judgement and maintain professional scepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the consolidated financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Group's internal control.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by the directors.
- Conclude on the appropriateness of the directors' use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Group's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the consolidated financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Group to cease to continue as a going concern.

AUDITOR'S RESPONSIBILITIES FOR THE AUDIT OF THE CONSOLIDATED FINANCIAL STATEMENTS (continued)

- Evaluate the overall presentation, structure and content of the consolidated financial statements, including the disclosures, and whether the consolidated financial statements represent the underlying transactions and events in a manner that achieves fair presentation.
- Plan and perform the group audit to obtain sufficient appropriate audit evidence regarding the financial information of the entities or business units within the Group as a basis for forming an opinion on the consolidated financial statements. We are responsible for the direction, supervision and review of the audit work performed for purposes of the group audit. We remain solely responsible for our audit opinion.

We communicate with the Audit Committee regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide the Audit Committee with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, actions taken to eliminate threats or safeguards applied.

From the matters communicated with the Audit Committee, we determine those matters that were of most significance in the audit of the consolidated financial statements of the current period and are therefore the key audit matters. We describe these matters in our auditor's report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

The engagement partner on the audit resulting in this independent auditor's report is *Leung Shing Kit* (practising certificate number: *P04935*).

The notes on pages 191 to 321 form part of these financial statements.

NOTES TO THE FINANCIAL STATEMENTS

(EXPRESSED IN MILLIONS OF RMB, UNLESS OTHERWISE STATED)

1 Company information

The history of China Construction Bank Corporation (the "Bank") dates back to 1954, which was previously known as the People's Construction Bank of China when it was established. It was responsible for the management and distribution of government funds for construction and infrastructure related projects under the state economic plan. The People's Construction Bank of China gradually evolved into a comprehensive commercial bank following the takeover of the Bank's function of granting policy loans by China Development Bank in 1994. In 1996, the People's Construction Bank of China changed its name to China Construction Bank. On 17 September 2004, China Construction Bank Corporation was established in the People's Republic of China (the "PRC") as a result of a separation procedure undertaken by its predecessor, China Construction Bank (the "former CCB"). In October 2005 and September 2007, the Bank's H shares and A shares were listed on the Hong Kong Stock Exchange (Stock Code: 00939) and the Shanghai Stock Exchange (Stock Code: 601939), successively. As at 31 December 2025, the Bank issued the total ordinary share capital of RMB261,600 million, with a par value of RMB1.00 per share.

In 2025, the Bank issued 11,589 million ordinary A shares to specific investors, with a par value of RMB1 per share. Total proceeds from this offering stood at RMB105,000 million, with net proceeds of RMB104,969 million after deducting RMB31 million issuance expenses.

The Bank obtained its finance permit No.B0004H111000001 from the China Banking and Insurance Regulatory Commission ("CBIRC") (In 2023, the regulator was renamed the National Financial Regulatory Administration, hereinafter referred to as the "NFRA") of the PRC. The Bank obtained its unified social credit code No.911100001000044477 from the Beijing Municipal Administration for Market Regulation. The registered office of the Bank is located at No.25, Finance Street, Xicheng District, Beijing.

The principal activities of the Bank and its subsidiaries (collectively the "Group") are the provision of corporate finance business, personal finance business, treasury and asset management business and others. The Group mainly operates in the Chinese mainland and also has a number of overseas branches and subsidiaries. For the purpose of these financial statements, the Chinese mainland refers to the PRC excluding the Hong Kong Special Administrative Region of the PRC ("Hong Kong"), the Macau Special Administrative Region of the PRC ("Macau") and Taiwan. Overseas refers to countries and regions other than the Chinese mainland.

The Bank is mainly regulated by the NFRA, an institution directly under the State Council of the PRC (the "State Council"). The overseas financial institutions of the Bank are required to comply with the regulatory requirements of their respective local jurisdictions. Central Huijin Investment Ltd. ("Huijin"), a wholly-owned subsidiary of China Investment Corporation ("CIC"), exercises the contributor's rights and obligations in key state-owned financial institutions up to its contribution amount on behalf of the State.

These financial statements were authorised for issue by the Board of Directors of the Bank on 27 March 2026.

2 Basis of preparation

The Group uses the calendar year as the accounting year, which is from 1 January to 31 December.

These financial statements comprise the Bank and its subsidiaries and the Group's interests in associates and joint ventures.

(1) Basis of measurement

These financial statements have been prepared on the historical cost basis except that: (i) financial instruments at fair value through profit or loss are measured at fair value; (ii) derivatives are measured at fair value; (iii) financial assets measured at fair value through other comprehensive income are measured at fair value; (iv) non-current assets or disposal groups held for sale are measured at the lower of carrying amount and fair value less costs to sell; and (v) certain non-financial assets are measured at revalued amounts. The measurement basis of major assets and liabilities is further explained in Note 4.

(2) Functional and presentation currency

These financial statements are presented in RMB, unless otherwise stated, rounded to the nearest million. RMB is the functional currency of the domestic operations of the Group. The functional currencies of overseas operations are determined in accordance with the primary economic environment in which they operate, and are translated into RMB for the preparation of these financial statements according to Note 4(2)(b).

(3) Use of estimates and judgements

The preparation of financial statements requires management to make judgements, estimates and assumptions that affect the application of accounting policies and the reported amounts of assets, liabilities, income and expenses. Actual results may differ from those presented using these estimates and assumptions.

The estimates and associated assumptions are reviewed on an ongoing basis. Revisions to accounting estimates are recognised in the period in which the estimates are revised and in any future periods affected.

Judgements that have a significant impact on the financial statements and estimates that are very likely to result in material adjustments in the subsequent period are discussed in Note 4(26).

NOTES TO THE FINANCIAL STATEMENTS

(EXPRESSED IN MILLIONS OF RMB, UNLESS OTHERWISE STATED)

3 Statement of Compliance

These financial statements have been prepared in accordance with IFRS Accounting Standards as issued by the International Accounting Standards Board ("IASB"). These financial statements also comply with the disclosure requirements of the Hong Kong Companies Ordinance (Cap. 622), and the applicable disclosure provisions of the Rules Governing the Listing of Securities on The Stock Exchange of Hong Kong Limited.

The Group has adopted the following amendments for the current year.

(1)	Amendments to IAS 21	*Lack of Exchangeability*

The adoption of the above amendments does not have a significant impact on the Group's consolidated financial statements.

Except for the matters described above, the material accounting policies adopted by the Group for the 2025 financial statements are consistent with those applied in the preparation of the Group's annual financial statements for the year ended 31 December 2024.

4 Material accounting policies and significant accounting estimates

(1) Consolidated financial statements

(a) Business combinations

The consideration transferred by the acquirer for the acquisition and the identifiable assets acquired, liabilities and contingent liabilities assumed in a business combination are measured initially at their fair values at the acquisition date. On an acquisition by acquisition basis, the Group recognises any non-controlling interest in the acquiree either at fair value or at the non-controlling interest's proportionate share of the acquiree's net assets.

The excess of the consideration transferred, the amount of any non-controlling interest in the acquiree and the acquisition-date fair value of any previous equity interest in the acquiree over the fair value of the identifiable net assets acquired is recorded as goodwill in accordance with the accounting policies set out in Note 4(10). If the consideration is less than the fair value of the identifiable net assets of the acquiree in the case of a bargain purchase, the difference is recognised in profit or loss.

Acquisition date mentioned above is the date on which the Group effectively obtains control of the acquiree.

(b) Subsidiaries and non-controlling interests

Subsidiaries are all entities (including structured entities) over which the Bank has control. The Bank controls an entity when the Bank has the power over the entity, and is exposed to, or has rights to variable returns from its involvement with the entity, and has the ability to affect those returns through its power over the entity. Subsidiaries are fully consolidated from the date on which control is transferred to the Bank. They are deconsolidated from the date that control ceases.

A structured entity is an entity that has been designed so that voting or similar rights are not the dominant factor in deciding who controls the entity, such as when any voting rights relate to administrative tasks only and the relevant activities are directed by means of contractual arrangements.

For the separate financial statements of the Bank, investments in subsidiaries are accounted for at cost. At initial recognition, investment in subsidiaries is measured at the cost of acquisition determined at the acquisition date when the subsidiaries are acquired through business combination or when the capital is injected into the subsidiaries set up by the Group. Impairment losses on investments in subsidiaries are accounted for in accordance with the accounting policies as set out in Note 4(13).

The financial results and performance of subsidiaries are included in the consolidated financial statements from the date that control commences until the date that control ceases. When preparing the consolidated financial statements, the Bank makes necessary adjustments on the accounting period and accounting policies of subsidiaries to comply with those of the Bank.

Intragroup balances and transactions, and any profits or losses arising from intragroup transactions are eliminated in full in preparing the consolidated financial statements.

4 Material accounting policies and significant accounting estimates (continued)

(1) Consolidated financial statements (continued)

(b) Subsidiaries and non-controlling interests (continued)

The portion of a subsidiary's net assets that is attributable to equity interests that are not owned by the Bank, whether directly or indirectly through subsidiaries, is treated as non-controlling interests and presented as "non-controlling interests" in the consolidated statement of financial position within total equity. The portion of net profit or loss and other comprehensive income of subsidiaries for the year attributable to non-controlling interests is separately presented in the consolidated statement of comprehensive income as a component of the Group's net profit and other comprehensive income.

(c) Associates and joint arrangements

An associate is an enterprise in which the Group has significant influence. Significant influence is the power to participate in the financial and operating policy decisions of the investee but is not control or joint control over those policy decisions.

Joint arrangement is an arrangement of which two or more parties have joint control. The classification of a joint arrangement as a joint operation or a joint venture depends upon the rights and obligations of the parties to the arrangement. Joint control is the contractually agreed sharing of control over an economic activity, and exists only when the strategic financial and operating decisions relating to the activity require the unanimous consent of the parties sharing the control. The Group has assessed the nature of its joint arrangements and determined them to be joint ventures.

Investments in associates or joint ventures are accounted for using the equity method in the consolidated financial statements and are initially recorded at acquisition cost, and adjusted thereafter for the post acquisition change in the Group's share of net assets of the associates or joint ventures. The Group's share of the post-acquisition, post-tax results of the associates or joint ventures for the year is recognised in the consolidated statement of comprehensive income. The Group's interest in associates or joint ventures is included from the date that significant influence or joint control commences until the date that significant influence or joint control ceases.

Profits and losses resulting from transactions between the Group and its associates or joint ventures are eliminated to the extent of the Group's interest in the associates or joint ventures.

The Group discontinues recognising its share of net losses of the associates or joint ventures after the carrying amount of investments in associates and joint ventures together with any long-term interests that in substance form part of the Group's net investment in the associates or joint ventures are reduced to zero, except to the extent that the Group has incurred legal or constructive obligations to assume additional losses. Where the associates or joint ventures realise net profits subsequently, the Group resumes recognising its share of those profits only after its share of the profits equals the share of losses not recognised.

(2) Translation of foreign currencies

(a) Translation of foreign currency transactions

Foreign currency transactions are, on initial recognition, translated into the functional currency at the spot exchange rates at the dates of the transactions. At the end of each reporting period, monetary items denominated in foreign currencies are translated into the functional currency at the spot exchange rates at that date. The resulting exchange differences are recognised in profit or loss. Non-monetary items denominated in foreign currencies that are measured at historical cost are translated into functional currency using the spot exchange rates at the transaction dates. Non-monetary items denominated in foreign currencies that are measured at fair value are translated using the spot exchange rates at the dates the fair values are determined; exchange differences are recognised in profit or loss, except for the differences arising from the translation of equity instruments designated at fair value through other comprehensive income, which are recognised in other comprehensive income.

(b) Translation of financial statements denominated in foreign currencies

Foreign currency financial statements of overseas operations are translated into RMB for the preparation of consolidated financial statements. At the end of each reporting period, the assets and liabilities in the financial statements denominated in foreign currencies are translated into RMB at the spot exchange rates ruling at that date. All items within equity except for *retained earnings* are translated at the exchange rates ruling at the dates of the initial transactions. Income and expenses in the statement of comprehensive income are translated at the weighted average exchange rates for the year. Foreign exchange differences arising from foreign operations are recognised in "other comprehensive income" in equity in the statement of financial position.

The impact of changes in exchange rates on cash and cash equivalents is presented separately in the cash flow statement.

4 Material accounting policies and significant accounting estimates (continued)

(3) Financial instruments

(a) Classification

The Group classifies financial instruments into different categories based on the business model used to manage financial assets and contractual cash flow characteristics or the purposes for which the liabilities were incurred. The categories are: financial assets measured at amortised cost, financial assets measured at fair value through other comprehensive income ("FVOCI"), financial assets and liabilities measured at fair value through profit or loss ("FVPL"), and other financial liabilities.

The Group's business model for managing financial assets refers to how the Group manages its financial assets in order to generate cash flows. That is, the business model determines whether cash flows of financial assets managed by the Group will result from collecting contractual cash flows, selling financial assets or both. Factors considered by the Group in determining the business model for a group of financial assets include past experience on how the cash flows for these assets were collected, how the performance of those assets is evaluated and reported to key management personnel, how risks are assessed and managed and how managers of the business are compensated.

The characteristics of the contractual cash flows of financial assets refer to the cash flow attributes agreed in the contract of financial instruments that reflect the economic characteristics of the underlying financial assets, that is, the contractual cash flows generated by the underlying financial assets on a specific date solely payments of principal and interest on the principal amount outstanding. The principal is the fair value of the financial asset at initial recognition, but its amount may change over the life of the financial asset (for example, if there are repayments of principal); interest consists of consideration for the time value of money, for the credit risk associated with the principal amount outstanding during a particular period of time, and for other basic lending risks, and costs, as well as a profit margin.

Financial assets measured at amortised cost

Financial assets are classified as financial assets measured at amortised cost if both of the following conditions are met and they are not designated as FVPL: (i) the assets are managed within a business model whose objective is to hold assets in order to collect contractual cash flows; and (ii) the contractual terms of the financial assets give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding.

Financial assets measured at fair value through other comprehensive income (FVOCI)

Financial assets measured at FVOCI include debt instruments measured at FVOCI and equity instrument designated as measured at FVOCI.

Financial assets are classified as financial assets measured at FVOCI if both of the following conditions are met and they are not designated as FVPL: (i) the assets are managed within a business model whose objective is achieved by collecting contractual cash flows and selling financial assets; and (ii) the contractual terms of the financial assets give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding.

At inception, the Group may designate non-trading equity instruments as financial assets measured at FVOCI, and recognise dividend income in accordance with the relevant policies specified in Note 4(20)(c). Once the designation is made, it cannot be revoked.

Financial assets and liabilities measured at fair value through profit or loss (FVPL)

The Group classifies the financial assets other than financial assets measured at amortised cost and FVOCI as financial assets measured at FVPL.

Financial assets measured at FVPL include those held for trading purposes, those designated as measured at FVPL, those could not pass the solely payments of principal and interest ("SPPI") test and the equity investments which are not designated as measured at FVOCI.

Financial liabilities measured at FVPL include negative fair value of derivatives, and those designated as measured at FVPL.

Financial assets or financial liabilities are classified as held for trading if they are: (i) acquired or incurred principally for the purpose of selling or repurchasing it in the near term; (ii) part of a portfolio of identified financial instruments that are managed together and for which there is evidence of a recent actual pattern of short-term profit-taking; or (iii) a derivative (except for a derivative that is a designated and effective hedging instruments or a financial guarantee contract).

At initial recognition, the Group may designate financial assets as financial assets measured at FVPL if the designation can eliminate or significantly reduce accounting mismatch. Once the designation is made, it cannot be revoked.

4 Material accounting policies and significant accounting estimates (continued)

(3) Financial instruments (continued)

(a) Classification (continued)

Financial assets and liabilities measured at fair value through profit or loss (FVPL) (continued)

Financial liabilities are designated as measured at FVPL upon initial recognition when: (i) the designation can eliminate or significantly reduce accounting mismatch; or (ii) the formal written file of the Group's risk management or investment strategy have clearly stated that the financial liability portfolio, or the portfolio of financial assets and financial liabilities, are managed, evaluated and reported to key management personnel on the basis of fair value. Once the designation is made, it cannot be revoked.

Other financial liabilities

Other financial liabilities are financial liabilities other than those measured at FVPL and mainly comprise borrowings from central banks, deposits and placements from banks and non-bank financial institutions, financial assets sold under repurchase agreements, deposits from customers and debt securities issued.

(b) Derivatives and hedge accounting

The Group uses derivatives to hedge its exposure to foreign exchange and interest rate risks. Derivatives are recognised at fair value at the trade date upon initial recognition, and subsequently measured at fair value. The positive fair value is recognised as an asset while the negative fair value is recognised as a liability.

The method of recognising the resulting fair value gain or loss depends on whether the derivative is designated and qualified as a hedging instrument, and if so, the nature of the item being hedged. For derivatives not designated or qualified as hedging instruments, including those that are intended to provide effective economic hedges of specific interest rate and foreign exchange risks, but not qualified for hedge accounting, changes in fair value of these derivatives are recognised in profit or loss.

The Group documents, at inception, the relationship between hedging instruments and hedged items, as well as its risk management objective and strategy for undertaking various hedge transactions. The Group also documents its assessment of whether the derivatives that are used in hedging transactions are highly effective in offsetting changes in fair values or cash flows of hedged items. The Group assesses the hedge effectiveness both at hedge inception and on an ongoing basis.

The Group discontinues hedge accounting prospectively if the hedging instrument expires or is sold, terminated or exercised without rollover or replacement (as part of the hedging strategy), or when the hedging relationship ceases to meet the updated risk management objective or when the hedge no longer meets other qualifying criteria for applying hedge accounting.

If a hedging relationship ceases to meet the hedge effectiveness requirement due to the hedge ratio but the risk management objective for that designated hedging relationship remains the same, the Group readjusts the hedge ratio of the hedging relationship so that it meets the qualifying criteria.

(i) Fair value hedge

Fair value hedge is a hedge of the exposure to changes in fair value of a recognised asset or liability or an unrecognised firm commitment, or an identified portion of such an asset, liability or firm commitment, that is attributable to a particular risk and could affect profit or loss.

Changes in fair value of hedging instruments qualifying as fair value hedges are recorded in profit or loss, together with changes in fair value of the hedged item attributable to the hedged risk. The net difference is recognised as ineffectiveness in profit or loss.

For fair value hedges relating to debt instruments measured at amortised cost, the adjustment made to the carrying amount of the hedged item is amortised through profit or loss over the remaining term of the hedge using the effective interest method. Amortisation may begin as soon as an adjustment exists and shall begin no later than when the hedged item ceases to be adjusted for hedging gains and losses. In cases where a hedged item is a debt instrument measured at fair value through other comprehensive income, the cumulative hedging gain or loss on the hedged item is amortised in the same manner and recognised in profit or loss, but without adjusting the carrying amount of the hedged item. If the hedged item is derecognised, the unamortised fair value is recognised immediately in profit or loss.

4 Material accounting policies and significant accounting estimates (continued)

(3) Financial instruments (continued)

(b) Derivatives and hedge accounting (continued)

(ii) Cash flow hedge

Cash flow hedge is a hedge of the exposure to variability in cash flows that is attributable to a particular risk associated with a recognised asset or liability (such as all or some future interest payments on variable rate debt) or a highly probable forecast transaction, and could ultimately affect the profit or loss.

For cash flow hedges, the effective portion of the change in the fair value of the hedging instrument is recognised in other comprehensive income. The ineffective portion of the change in the fair value of the hedging instrument is recognised directly in profit or loss.

If a hedged forecast transaction subsequently results in the recognition of a non-financial asset or non-financial liability, or a hedged forecast transaction for a non-financial asset or a non-financial liability becomes a firm commitment for which fair value hedge accounting is applied, the entity shall remove that amount from the cash flow hedge reserve and include it directly in the initial cost or other carrying amount of the asset or the liability. For cash flow hedges other than these, that amount shall be reclassified from the cash flow hedge reserve to profit or loss as a reclassification adjustment in the same period or periods during which the hedged expected future cash flows affect profit or loss.

When a hedging instrument expires or is sold, or the hedge designation is revoked or when a hedge no longer meets the criteria for hedge accounting, if the hedged future cash flows are still expected to occur, the amount previously recognised in other comprehensive income shall remain until the forecast transaction ultimately occurs or until the hedged expected cash flows affect profit or loss, before being transferred out. If the hedged future cash flows are no longer expected to occur, the amount of accumulated cash flow hedge reserves shall be reclassified from other comprehensive income to profit or loss.

(c) Embedded derivatives

An embedded derivative is a component of a hybrid contract that also includes a non-derivative host. If a hybrid contract contains a host that is a financial asset, the embedded derivative shall not be separated from the host and shall be classified and measured as a whole.

If a hybrid contract contains a host that is not a financial asset, an embedded derivative shall be separated from the host and accounted for as a derivative if, and only if: (i) the economic characteristics and risks of the embedded derivative are not closely related to the economic characteristics and risks of the host; (ii) a separate instrument with the same terms as the embedded derivative would meet the definition of a derivative; and (iii) the hybrid contract is not measured at FVPL. The Group could choose to measure the separated derivative at FVPL, or designate the entire hybrid contract as at FVPL.

(d) Recognition and derecognition

All financial assets and financial liabilities are recognised in the statement of financial position, when and only when, the Group becomes a party to the contractual provisions of the instrument.

The Group derecognises a financial asset if the part being considered for derecognition meets one of the following conditions: (i) the contractual rights to receive the cash flows from the financial asset expire; (ii) the contractual rights to receive the cash flows of the financial asset have been transferred and the Group transfers substantially all the risks and rewards of ownership of the financial asset; or the Group has neither transferred nor retained substantially all the risks and rewards of ownership of the transferred financial asset, but has given up control of the financial asset; or (iii) the Group retains the contractual rights to receive the cash flows of the financial asset, but assumes a contractual obligation to pay the cash flows to the eventual recipient in an agreement meets all the conditions of transfer of cash flows and transfers substantially all the risks and rewards of ownership of the financial asset or the Group has neither transferred nor retained substantially all the risks and rewards of ownership of the transferred financial assets, but has given up control of the financial asset.

When a financial asset is derecognised, the difference between the carrying amount of the financial asset derecognised and the consideration received, as well as the cumulative changes in fair value previously recognised in equity, is recognised in profit or loss.

4 Material accounting policies and significant accounting estimates (continued)

(3) Financial instruments (continued)

(d) Recognition and derecognition (continued)

When a financial asset is transferred, and if the Group neither transfers nor retains substantially all the risks and rewards of ownership of the financial asset, but retains control, the Group continues to recognise the financial asset to the extent of its continuing involvement in the financial asset.

The financial liability is derecognised only when: (i) the underlying present obligation specified in the contracts is discharged, cancelled or expired; or (ii) an agreement between the Group and an existing lender to replace the original financial liability with a new financial liability with substantially different terms, or a substantial modification of the terms of an existing financial liability is accounted for as an extinguishment of the original financial liability and recognition of a new financial liability.

The difference between the carrying amount of the financial liability derecognised and the consideration paid is recognised in profit or loss.

A regular way purchase or sale of financial assets is recognised and derecognised using trade date accounting. A 'regular way purchase or sale' refers to the purchase or sale of a financial asset where the terms of the contract necessitate delivery of the asset within the time frame typically established by regulations or convention in the relevant marketplace. The trade date is the date that the Group commits itself to purchase or sell a financial asset.

(e) Measurement

Financial instruments are measured initially at fair value plus or minus, in the case of a financial instrument not measured at FVPL, transaction costs that are directly attributable to the acquisition or issue of the instrument Transaction costs for financial instruments measured at FVPL are expensed immediately.

Subsequent to initial recognition, the Group measures different categories of financial assets at amortised cost, FVOCI or FVPL respectively. Financial liabilities other than those measured at FVPL are measured at amortised cost using the effective interest method.

Financial assets measured at FVPL

Gains and losses from changes in fair value of financial assets measured at FVPL are recognised in profit or loss.

Financial liabilities measured at FVPL

Financial liabilities measured at FVPL are measured at fair value, where the gains or losses arose are recognised in profit or loss. For the financial liabilities designated as measured at FVPL, the gains or losses are accounted for in accordance with the following requirements: (i) the amount of changes in fair value of the financial liabilities arising from changes in the Group's own credit risk should be included in other comprehensive income; (ii) other changes in fair value of the financial liabilities are recognised in profit or loss. If the treatment of the impact of changes in the financial liabilities' own credit risk will create or enlarge the accounting mismatch in profit or loss in accordance with (i), the Group shall recognise the entire gain or loss of the financial liabilities (including the amount of the impact of changes in its own credit risk) in profit or loss. When the financial liabilities designated as measured at FVPL is derecognised, the cumulative gain or loss previously recognised in other comprehensive income is reclassified from other comprehensive income to retained earnings.

Financial assets measured at FVOCI

Impairment losses, foreign exchange differences, and interest income calculated using the effective interest method of debt instruments measured at FVOCI are recognised in profit or loss. All other fair value changes are recognised in other comprehensive income. Upon derecognition of these debt instruments, the cumulative gains or losses previously recognised in other comprehensive income are reclassified from other comprehensive income to profit or loss.

The Group designates certain non-trading equity instruments as financial assets measured at FVOCI, and only recognises dividend income (excluding dividends explicitly recognised as a recovery of investment cost) in profit or loss. Subsequent changes in fair value are recognised in other comprehensive income, with no need for impairment provisions. Upon derecognition of these financial assets, the cumulative gains or losses previously recognised in other comprehensive income are reclassified from other comprehensive income to retained earnings.

4 Material accounting policies and significant accounting estimates (continued)

(3) Financial instruments (continued)

(e) Measurement (continued)

Financial assets measured at amortised cost

The amortised cost of a financial asset should be measured at the amount initially recognised after the following adjustments: (i) deducting the repaid principal; (ii) adding or subtracting the cumulative amortisation using the effective interest method of any difference between that amount initially recognised and the maturity amount; (iii) the loss provision for the accumulated accrual.

For financial assets measured at amortised cost, a gain or loss is recognised in profit or loss when the financial asset is derecognised or impaired, or amortised.

Effective interest rate

The effective interest rate is the rate that exactly discount estimated future cash payments or receipts through the expected life of the financial asset to the carrying amount of a financial asset (i.e. its amortised cost before any impairment allowance). The calculation does not consider expected credit losses but includes transaction costs, premiums or discounts and fees and points paid or received that are integral to the effective interest rate.

The Group determines interest income based on the gross carrying amount of financial assets multiplied by the effective interest rate, except (i) for purchased or originated credit impaired financial assets, the interest income shall be determined by applying the credit-adjusted effective interest rate to the amortised cost of the financial asset from initial recognition; (ii) for financial assets that are not purchased or originated credit impaired financial assets but subsequently have become credit impaired financial assets, the interest income shall be determined by applying the effective interest rate to the amortised cost of the financial asset in subsequent reporting periods. If the financial instrument is no longer credit-impaired due to the improvement of its credit risk in the subsequent period, and this improvement can be objectively related to an event that occurs after the application of the above provisions, interest income should be recalculated using the effective interest rate multiplied by the gross carrying amount of the financial assets.

Credit-adjusted effective interest rate is the rate that exactly discounts the estimated future cash payments or receipts through the expected life of the financial asset to the amortised cost of a financial asset that is a purchased or originated credit-impaired financial asset. When calculating the credit-adjusted effective interest rate, an entity shall estimate the expected cash flows by considering all contractual terms of the financial asset (for example, prepayment, extension, call and similar options) and initial expected credit losses.

(f) Impairment

At the end of the reporting period, the Group performs impairment assessment and recognises loss provisions based on expected credit loss on debt instruments measured at amortised cost and FVOCI, as well as loan commitments and financial guarantee contracts.

The expected credit loss refers to the weighted average of the credit losses of financial instruments that are weighted by the risk of default. Credit loss refers to the difference between all contractual cash flows receivable in accordance with the contract and all cash flows expected to be received discounted at the original effective interest rate by the Group, that is, the present value of all cash shortages. Among them, credit-impaired financial assets that have been purchased or originated by the Group shall be discounted according to the credit-adjusted effective interest rate of the financial assets.

The Group's method of measuring expected credit losses of financial instruments reflects the following elements: (i) an unbiased and probability-weighted average amount that is determined by evaluating a range of possible outcomes; (ii) the time value of money; (iii) the reasonable and supportable information that is available without undue cost or effort at the reporting date about past events, current conditions, and forecasts of future economic conditions.

4 Material accounting policies and significant accounting estimates (continued)

(3) Financial instruments (continued)

(f) Impairment (continued)

At the end of each reporting period, the Group measures the expected credit losses ("ECL") of financial instruments at different stages and recognises its loss provision and its changes in the following cases: the financial instrument is in Stage 1 if the credit risk of the financial instrument has not increased significantly since the initial recognition, and the Group measures its loss provision based on the amount of expected credit loss of the financial instrument in the next 12 months; the financial instrument is in Stage 2 if the credit risk of the financial instrument has increased significantly since the initial recognition but are not yet credit-impaired and the Group measures its loss provision based on the amount of lifetime expected credit loss of the financial instrument; the financial instrument is in Stage 3 if the financial instrument has been credit impaired, and the Group measures its loss provision based on the amount of lifetime expected credit loss of the financial instrument. Regardless of whether the Group's assessment of credit losses is based on a single financial instrument or a combination of financial instruments, the increase or reversal of the loss provision resulting therefrom should be included in profit or loss as an impairment loss or gain.

For debt instruments measured at FVOCI, the Group recognises the allowance of impairment in other comprehensive income and impairment losses or gains in profit or loss, which should not change the book value of the financial assets set out in the statement of financial position.

For loss provision measured at the amount equivalent to the lifetime expected credit loss of the financial instrument previously, if, at the end of the current reporting period, the financial instrument is no longer having significant increase in credit risk since the initial recognition, the Group measures its loss provision based on the amount of its expected credit losses for the next 12 months, and recognises the resulting reversal of the loss provision as an impairment gain in profit or loss.

For financial assets that have been considered as purchased or originated credit impaired, the Group only recognises cumulative changes in lifetime expected credit losses after initial recognition at the end of the reporting period as loss provision. At the end of each reporting period, the Group recognises the amount of the change in lifetime expected credit losses as an impairment loss or gain in profit or loss.

(g) Write-offs

When the Group determines that a loan has no reasonable prospect of recovery after the Group has completed all the necessary legal or other proceedings, the loan is written off against its allowance for impairment losses. If in a subsequent period the loan written off is recovered, the amount recovered will be recognised in profit or loss through credit impairment losses.

(h) Modification of contracts

If the renegotiation or modification of a contract between the Group and a counterparty does not result in derecognition of the financial assets, but leads to changes in contractual cash flows, the Group recalculates the gross carrying amount of the financial asset and the related gain or loss is recognised in profit or loss. The recalculated gross carrying amount of the financial asset is determined based on the present value of the renegotiated or modified contractual cash flows discounted at the financial asset's original effective interest rate. The Group assesses whether a significant increase in credit risk has occurred, by comparing the risk of a default occurring under revised terms as at the end of the reporting period with that as at the date of initial recognition under original terms.

(i) Fair value measurement

If there is an active market for a financial instrument, then the fair value of that financial instrument is determined based on quoted price from an active market without any deduction for transaction costs that may occur on future sales or disposals. A quoted price is from an active market where price information is readily and regularly available from an exchange, dealer, industry group or pricing service agency and that price information represents actual and regularly occurring orderly transactions.

If a quoted market price is not available, the fair value of the financial instruments is estimated using valuation techniques. Valuation techniques applied include the price used by market participants in an orderly transaction, reference to the fair value of another instrument that is substantially the same, discounted cash flow analysis and option pricing models. The Group selects valuation techniques that are commonly accepted by market participants for pricing the instruments and these techniques have been demonstrated to provide reliable estimates of prices obtained in actual market transactions. Periodically, the Group reviews the valuation techniques and tests them for validity.

4 Material accounting policies and significant accounting estimates (continued)

(3) Financial instruments (continued)

(j) Offsets

Financial assets and financial liabilities are offset and the net amount is reported in the statement of financial position when the Group has a legally enforceable right to offset the recognised amounts and the transactions are intended to be settled on a net basis or by realising the asset and settling the liability simultaneously.

(k) Securitisations

The Group securitises certain loans, which generally involves the sale of these assets to structured entities, which in turn issue securities to investors. Interests in the securitised financial assets may be retained in the form of credit enhancement or subordinated tranches, or other residual interests ("retained interests"). Gains or losses on securitisation are the difference between the carrying amount of the derecognised financial assets and the consideration received (including retained interest) which is recognised in profit or loss.

(l) Financial assets held under resale agreements and financial assets sold under repurchase agreements

Financial assets held under resale agreements are transactions where the Group acquires financial assets which will be resold at a predetermined price at a future date under resale agreements. Financial assets sold under repurchase agreements are transactions where the Group sells financial assets which will be repurchased at a predetermined price at a future date under repurchase agreements.

The cash paid or received is recognised as financial assets held under resale agreements or sold under repurchase agreements in the statement of financial position. Assets held under resale agreements are not recognised. Assets sold under repurchase agreements continue to be recognised in the statement of financial position.

The differences between the purchase and resale considerations, and that between the sale and repurchase considerations, are amortised over the period of the respective transaction using the effective interest method and are included in interest income and interest expenses respectively.

(4) Precious metals

Precious metals comprise gold and other precious metals. Precious metals acquired by the Group for trading purposes are initially recognised at fair value on the date of acquisition and measured subsequently at fair value with any changes recorded in profit or loss. Precious metals that are not acquired by the Group principally for trading purpose are carried at lower of cost and net realisable value.

(5) Fixed assets and Construction in progress

Fixed assets are assets held by the Group for the conduct of business and are expected to be used for more than one year. Construction in progress is transferred to fixed assets when ready for its intended use.

(a) Cost

Fixed assets are initially recognised at cost, except for the fixed assets and construction in progress obtained from the former CCB by the Bank which were recognised at the revalued amount as cost on the date of restructuring. The cost of a purchased fixed asset comprises the purchase price, related taxes, and any directly attributable expenditures for bringing the asset to working condition for its intended use. The cost of a self-constructed fixed asset comprises those expenditures necessarily incurred for bringing the asset to working condition for its intended use.

Where the individual components of an item of fixed assets have different useful lives or provide benefits to the Group in different patterns thus necessitating use of different depreciation rates or methods, they are recognised as separate fixed assets.

Subsequent costs, including the cost of replacing part of an item of fixed assets, are recognised in the carrying amount of the item if the recognition criteria are satisfied, and the carrying amount of the replaced part is derecognised. Expenditures relating to ordinary maintenance of fixed assets are recognised in profit or loss as incurred.

The cost of construction in progress is determined based on actual construction expenditures, which include all necessary construction expenses and other related expenses incurred during construction.

4 Material accounting policies and significant accounting estimates (continued)

(5) Fixed assets and Construction in progress (continued)

(b) Depreciation and impairment

Depreciation is calculated to write off through profit or loss the cost of items of fixed assets, less their estimated residual value, if any, using the straight-line method over their estimated useful lives. Impaired fixed assets are depreciated net of accumulated allowance for impairment losses.

The estimated useful lives, net residual value rates and annual depreciation rates of respective fixed assets are as follows:

Types of assets	Estimated useful lives	Estimated net residual value rates	Annual depreciation rates
Bank premises	8-50 years	0%-5%	1.9%-12.5%
Equipment	2-20 years	0%-5%	4.8%-50.0%
Aircraft and vessels, etc	7-25 years	5%	3.8%-13.6%
Others	2-20 years	0%-5%	4.8%-50.0%

Aircraft and vessels, etc, include aircraft, vessels, shield machines and other fixed assets used for operating leases

The Group reviews the estimated useful life and estimated net residual value rates of a fixed asset and the depreciation method applied at least once a financial year.

Impairment losses on fixed assets are accounted for in accordance with the accounting policies as set out in Note 4(13).

(c) Disposal

Gains or losses arising from the retirement or disposal of a fixed asset are determined as the difference between the net disposal proceeds and the carrying amount of the fixed asset and are recognised in profit or loss on the date of retirement or disposal.

(6) Lease

Identification of leases

At inception of a contract, the Group assesses whether the contract is, or contains, a lease. A contract is, or contains, a lease if the contract conveys the right to control the use of an identified asset for a period of time in exchange for consideration. To assess whether a contract conveys the right to control the use of an identified asset for a period of time, the Group assesses whether, throughout the period of use, the customer has both of the right to obtain substantially all of the economic benefits from use of the identified asset and the right to direct the use of the identified asset.

Assessment of the lease term

The lease term is the non-cancellable period of a lease for which the Group has the right to use an underlying asset. If the Group has an option to extend the lease, that is, the Group has the right to extend the lease, and is reasonably certain to exercise that option, the lease term also includes periods covered by an option to extend the lease. If the Group has an option to terminate the lease, that is, the Group has the right to terminate the lease, but is reasonably certain not to exercise that option, the lease term includes periods covered by an option to terminate the lease. The Group reassesses whether it is reasonably certain to exercise an extension option, purchase option, or not to exercise a termination option, upon the occurrence of either a significant event or a significant change in the circumstances that is within the control of the Group and affects whether the Group is reasonably certain to exercise an option not previously included in its determination of the lease term.

4 Material accounting policies and significant accounting estimates (continued)

(6) Lease (continued)

As lessee

The Group recognises lease liabilities and right-of-use assets, except for short-term leases and leases of low-value assets.

Right-of-use assets

The right-of-use assets of the Group mainly include bank premises and other equipment.

At the commencement date of the lease, the Group recognises a right-of-use asset. Right-of-use assets are initially measured at cost. The cost of the right-of-use asset comprises: (i) the amount of the initial measurement of the lease liability; (ii) any lease payments made at or before the commencement date of the lease less any lease incentives received; (iii) any initial direct cost incurred; and (iv) an estimate of costs incurred by the lessee in dismantling and removing the underlying asset, restoring the site on which it is located or restoring the underlying asset to the condition required by the terms and conditions of the lease. The right-of-use assets are depreciated on a straight-line basis subsequently by the Group. If the Group is reasonably certain that the ownership of the underlying asset will be transferred to the Group at the end of the lease term, the Group depreciates the asset from the commencement date to the end of the useful life of the asset. Otherwise, the Group depreciates the assets from the commencement date to the earlier of the end of the useful life of the asset or the end of the lease term.

Lease liabilities

At the commencement date of the lease, the Group measures the lease liability at the present value of the lease payments that are not paid at that date. The lease payments include fixed payments (including in-substance fixed payments) less any lease incentives receivable, variable lease payments that depend on an index or a rate, and amounts expected to be paid under residual value guarantees. The lease payments also include the exercise price of a purchase option reasonably certain to be exercised by the Group and payments of penalties for termination of a lease, if the lease term reflects the Group exercising the option to terminate the lease.

In calculating the present value of the lease payments, the Group uses the interest rate implicit in the lease as the discount rate. If that rate cannot be readily determined, the Group uses the lessee's incremental borrowing rate. The Group calculates the interest expenses of the lease liability in each period during the lease term using the constant periodic rate of interest, and recognises such interest expenses in profit or loss, except those in the costs of the related asset as required. Variable lease payments that are not included in the measurement of the lease liabilities are recognised in profit or loss as incurred, except those in the costs of the related asset as required.

After the lease commencement date, the amount of lease liabilities is increased to reflect the accretion of interest and reduced for lease payments made. In the event that there is a change in: (i) the in-substance fixed lease payments; (ii) the amounts expected to be payable under a residual value guarantee; (iii) future lease payments resulting from a change in an index or a rate used to determine those payments; (iv) the assessment results or actual exercise of an option to purchase, extend or terminate the underlying asset, the Group remeasures its lease liabilities at the present value of lease payments after the changes have been made and adjusts the carrying amount of the right-of-use assets accordingly. If there is a need to further reduce lease liabilities when the carrying amount of right-of-use assets is already reduced to zero, the Group recognises the additional amount in profit or loss.

Short-term leases and leases of low-value assets

The Group considers a lease that, at the commencement date of the lease, has a lease term of 12 months or less, and does not contain any purchase option as a short-term lease; and a lease of the individual underlying asset with low value, when new, as a lease of low-value assets. The Group recognises lease payments on short-term leases and leases of low-value assets in the costs of the related asset or profit or loss on a straight-line basis over the lease term.

Lease modifications

Lease modification is a change in the scope of a lease, the consideration or the term for a lease, that was not part of the original terms and conditions of the lease, for example, adding or terminating the right to use one or more underlying assets, or extending or shortening the contractual lease term.

4 Material accounting policies and significant accounting estimates (continued)

(6) Lease (continued)

As lessee (continued)

Lease modifications (continued)

The Group accounts for a lease modification as a separate lease if both:

(a) the modification increases the scope of the lease by adding the right to use one or more underlying assets; and

(b) the consideration for the lease increases by an amount commensurate with the stand-alone price for the increase in scope and any appropriate adjustments to that stand-alone price to reflect the circumstances of the particular contract.

For a lease modification that is not accounted for as a separate lease, at the effective date of the lease modification the Group remeasures the lease liability by discounting the revised lease payments using a revised discount rate. The revised discount rate is determined as the interest rate implicit in the lease for the remainder of the lease term, or the lessee's incremental borrowing rate at the effective date of the modification, if the interest rate implicit in the lease cannot be readily determined.

For a lease modification that is not accounted for as a separate lease, the Group accounts for the remeasurement of the lease liability by:

(a) decreasing the carrying amount of the right-of-use asset to reflect the partial or full termination of the lease for lease modifications that decrease the scope or term of the lease, and recognising the gain or loss relating to the partial or full termination of the lease in profit or loss; or

(b) making a corresponding adjustment to the right-of-use asset for all other lease modifications.

Lessee's incremental borrowing rate

If the interest rate implicit in the lease cannot be readily determined, the Group measures the lease liability at the present value of the lease payments discounted using the lessee's incremental borrowing rate. According to the economic environment, the Group takes the observable interest rate as the reference basis for determining the incremental borrowing rate, then adjusts the observable interest rate based on its own circumstances, underlying assets, lease terms and amounts of lease liabilities to determine the applicable incremental borrowing rate.

As lessor

A lease is classified as a finance lease if it transfers substantially all the risks and rewards incidental to ownership of an underlying asset, except that a lease is classified as an operating lease at the inception date. The Group, as an intermediate lessor, classifies the sublease by reference to the right-of-use asset arising from the head lease.

As lessor of a finance lease

At the commencement date of the lease, the Group recognises finance lease payments receivable and derecognises finance lease assets. The Group presents lease payments receivable at an amount equal to the net investment in the lease for the initial measurement. The net investment in the lease is the sum of any unguaranteed residual value accruing to the lessor and at the commencement date of the lease the lease payments receivable by a lessor under a finance lease discounted at the interest rate implicit in the lease, including the initial direct costs.

The Group recognises interest income over the lease term, based on a pattern reflecting a constant periodic rate of return on its net investment in the lease. Variable lease payments received by the Group that are not included in the measurement of the net investment in the lease are recognised in profit or loss as incurred.

4 Material accounting policies and significant accounting estimates (continued)

(6) Lease (continued)

As lessor (continued)

As lessor of a finance lease (continued)

The Group accounts for a modification to a finance lease as a separate lease if both:

(a) the modification increases the scope of the lease by adding the right to use one or more underlying assets; and

(b) the consideration for the lease increases by an amount commensurate with the stand-alone price for the increase in scope and any appropriate adjustments to that stand-alone price to reflect the circumstances of the particular contract.

For a modification to a finance lease that is not accounted for as a separate lease, the Group accounts for the modification as follows:

(a) if the lease would have been classified as an operating lease had the modification been in effect at the inception date, the Group accounts for the lease modification as a new lease from the effective date of the modification, and measures the carrying amount of the underlying asset as the net investment in the lease immediately before the effective date of the lease modification; or

(b) if the lease would have been classified as a finance lease had the modification been in effect at the inception date, the Group accounts for the lease modification in accordance with the requirements in Note 4(3) on the contract modifications or re-negotiation.

As lessor of an operating lease

Rent income under an operating lease is recognised on a straight-line basis over the lease term, through profit or loss. The Group accounts for a modification to an operating lease as a new lease from the effective date of the modification, considering any prepaid or accrued lease receivables relating to the original lease as part of the lease receivables for the new lease.

Sale and leaseback transactions

As lessor

If the transfer of an asset satisfies the requirements to be accounted for as a sale of the asset, the Group, as a lessor, accounts for the purchase of the asset and for the lease applying the accounting requirements set forth; and if the transfer of an asset does not satisfy the requirements to be accounted for as a sale of the asset, the Group, as a lessor, does not recognise the transferred asset and recognises a financial asset equal to the transfer proceeds. The Group accounts for the financial asset applying Note 4(3).

(7) Investment properties

Investment properties are properties held to earn rental income and/or for capital appreciation. Investment properties include land use rights leased out, land use rights held for transfer upon capital appreciation, and buildings leased out.

An investment property is measured initially at cost. If the economic benefits relating to an investment property will probably flow in and the cost can be reliably measured, subsequent costs incurred for the property are included in the cost of the investment property. Otherwise, subsequent costs are recognised in profit or loss as incurred.

The Group adopts the cost model for subsequent measurement of investment properties. Depreciation is calculated using the straight-line method to write off to profit or loss the cost of investment properties, less their estimated residual value, if any, over their estimated useful lives. Impaired investment properties are depreciated net of accumulated impairment losses.

The estimated useful life, estimated net residual value rate and annual depreciation rate of the Group's investment properties are as follows:

Types of assets	Estimated useful life	Estimated net residual value rate	Annual depreciation rate
Premises	20-35 years	3%-5%	2.8%-4.9%
Others	5-8 years	0%-3%	12.5%-19.4%

The amortisation period of land use rights is shown in Note 4(8).

4 Material accounting policies and significant accounting estimates (continued)

(8) Land use rights

Land use rights are initially recognised at cost. The land use rights obtained from the former CCB by the Bank on the date of restructuring were recorded at the revalued amount. The useful lives of the Group's land use rights generally range from 30 to 70 years, over which the cost of land use rights is amortised on a straight-line basis and charged to profit or loss. Impaired land use rights are amortised net of accumulated allowance for impairment losses.

Impairment losses on land use rights are accounted for in accordance with the accounting policies as set out in Note 4(13).

(9) Intangible assets

Software and other intangible assets are initially recognised at cost. The cost less estimated residual values, if any, of the intangible assets is amortised on a straight-line basis over their useful lives, and charged to profit or loss. The useful lives of intangible assets are determined based on contracts, legal requirements or the period over which future economic benefits can be realised. Impaired intangible assets are amortised net of accumulated allowance for impairment losses.

Impairment losses on intangible assets are accounted for in accordance with the accounting policies as set out in Note 4(13).

The Group classifies the expenditures on an internal research and development project into expenditure on the research phase and expenditure on the development phase. Expenditure on the research phase is recognised in profit or loss as incurred. Expenditure on the development phase is capitalised only when the Group can demonstrate all of the following: (i) the technical feasibility of completing the intangible asset so that it will be available for use or sale; (ii) the intention to complete the intangible asset and use or sell it; (iii) how the intangible asset will generate probable future economic benefits (among other things, the Group can demonstrate the existence of a market for the output of the intangible asset or the intangible asset itself or, if it is to be used internally, the usefulness of the intangible asset); (iv) the availability of adequate technical, financial and other resources to complete the development and the ability to use or sell the intangible asset; and (v) the ability to measure reliably the expenditure attributable to the intangible asset during the development phase. Expenditure on the development phase which does not meet these above criteria is recognised in profit or loss when incurred.

(10) Goodwill

Goodwill represents the excess of the consideration transferred, the amount of any non-controlling interest in the acquiree and the acquisition-date fair value of any previous equity interest in the acquiree over the fair value of the identifiable net assets. Goodwill is not amortised. Goodwill arising from a business combination is allocated to each cash-generating unit ("CGU") or group of CGUs, that is expected to benefit from the synergies of the combination. The Group performs an impairment test on goodwill at least annually.

Any excess of the Group's interest in the net fair value of the acquiree's identifiable net assets over the consideration transferred, the amount of any non-controlling interest in the acquiree and the acquisition-date fair value of any previous equity interest in the acquiree is recognised immediately in profit or loss.

On disposal of the related CGU or group of CGUs, any attributable amount of goodwill net of allowances for impairment losses, if any, is included in the calculation of the profit or loss on disposal.

Impairment loss on goodwill is accounted for in accordance with the accounting policies as set out in Note 4(13).

(11) Repossessed assets

To recover impaired loans and advances, the Group may go through court proceedings or have debtors, guarantors or a third person voluntarily hand over the rights of ownership of the assets. Repossessed assets in the form of financial assets are recognised and presented as the appropriate class of financial assets based on the business models and contractual cash flow characteristics, and repossessed assets that are not financial assets are recognised and reported in "other assets" in the balance sheet when the Group intends to achieve an orderly realisation of the impaired assets and the Group is no longer seeking repayment from the borrower.

The Group measures repossessed assets in the form of financial assets at fair value upon initial recognition, and records any taxes payable, advance payment for litigation fees, tax arrears and other transaction costs incurred to obtain repossessed assets in profit or loss or into the initial book value, respectively, depending on the type of financial assets. Repossessed assets that are not financial assets are initially recognised at the fair value of the rights given up by creditors, and the Group records any taxes payable, advance payment for litigation fees, tax arrears and other transaction costs incurred to obtain the repossessed assets into the book value of repossessed assets.

Repossessed assets that are not financial assets are recognised at book value less allowances for impairment losses measured in accordance with the accounting policies as set out in Note 4(13).

4 Material accounting policies and significant accounting estimates (continued)

(12) Non-current assets or disposal groups held for sale

The Group classifies a non-current asset or disposal group as held for sale if its carrying amount will be recovered principally through a sale transaction rather than through continuing use. An asset or disposal group is classified as held for sale if the following criteria are simultaneously met: it must be available for immediate sale in its present condition subject only to terms that are usual and customary for sales of such assets or disposal groups and the sale must be highly probable, i.e., the Group has passed a resolution on a plan to sell the asset or disposal group and obtained a firm purchase commitment with the sale expected to be completed within one year. (The Group has obtained approval from relevant authority or regulators where relevant regulations require such approval before the sale can be made.) If the Group loses control over the subsidiary due to the sale of its investments in the subsidiary, when the criteria are met, regardless of whether the Group will retain a non-controlling interest in its former subsidiary after the sale, it shall classify its investments in the subsidiary as held for sale in the standalone financial statements, and all assets and liabilities of that subsidiary as held for sale in the consolidated financial statements.

The Group shall recognise an impairment loss for any initial or subsequent write-down of non-current asset or disposal group held for sale (except financial assets, deferred tax assets, etc.) to fair value less costs to sell and record it in profit or loss of the current period and recognise an impairment provision for held for sale asset or disposal group. Non-current asset or disposal group held for sale are not subject to depreciation or amortisation and are not accounted for using the equity method.

(13) Allowances for impairment losses on assets

The Group determines the impairment of long-term equity investments and non-financial assets such as fixed assets, construction in progress, right-of-use assets and intangible assets, using the following methods:

The Group assesses at the end of the reporting period whether there is any indication that assets may be impaired. If any indication exists that an asset may be impaired, the Group estimates the recoverable amount of the asset.

If there is any indication that an asset may be impaired and it is not possible to estimate the recoverable amount of an individual asset, the Group determines the recoverable amount of the CGU to which the asset belongs.

CGU is the smallest identifiable group of assets that generates cash inflows that are largely independent of the cash flows from other assets or groups of assets.

The recoverable amount of an asset (or CGU, group of CGUs) is the higher of its fair value less costs of disposal and the present value of the expected future cash flows. The Group considers all relevant factors in estimating the present value of future cash flows, such as the expected future cash flows, the useful life and the discount rate.

(a) Impairment test for CGU containing goodwill

For the purpose of impairment testing, goodwill acquired in a business combination is allocated to the CGU or group of CGUs that is expected to benefit from the synergies of the combination.

A CGU or group of CGUs to which goodwill has been allocated is tested for impairment by the Group at least annually, or whenever there is an indication that the CGU or group of CGUs are impaired, by comparing the carrying amount of the CGU or group of CGUs, including the goodwill, with the recoverable amount of the CGU or group of CGUs. At the time of impairment testing of a CGU or group of CGUs to which goodwill has been allocated, there may be an indication of an impairment of an asset within the CGU containing the goodwill. In such circumstances, the Group tests the asset for impairment first, and recognises any impairment loss for that asset before testing for impairment on the CGU containing the goodwill. Similarly, there may be an indication of an impairment of a CGU within a group of CGUs containing the goodwill. In such circumstances, the Group tests the CGU for impairment first, and recognises any impairment loss for that CGU, before testing for impairment the group of CGUs to which the goodwill is allocated.

(b) Impairment loss

If the recoverable amount of an asset is less than its carrying amount, the carrying amount of the asset is reduced to its recoverable amount. That reduction is recognised as an impairment loss and charged to profit or loss.

For a CGU or a group of CGUs, the amount of impairment loss firstly reduces the carrying amount of any goodwill allocated to the CGU or group of CGUs, and then reduces the carrying amount of other assets (other than goodwill) within the CGU or group of CGUs, pro rata on the basis of the carrying amount of each asset.

4 Material accounting policies and significant accounting estimates (continued)

(13) Allowances for impairment losses on assets (continued)

(c) Reversing an impairment loss

If, in a subsequent period, the amount of impairment loss of the non-financial asset except for goodwill decreases and the decrease can be linked objectively to an event occurring after the impairment was recognised, the previously recognised impairment loss is reversed through profit or loss. A reversal of impairment loss is limited to the asset's carrying amount that would have been determined had no impairment loss been recognised in prior periods.

An impairment loss in respect of goodwill is not reversed.

(14) Employee benefits

Employee benefits are all forms of consideration given and compensations incurred by the Group in exchange for services rendered by employees or the termination of the employment relationship. Except for termination benefits, employee benefits are recognised as a liability in the period in which the associated services are rendered by its employees, with a corresponding increase in cost of relevant assets or the expenses in profit or loss. Where payment or settlement is deferred and the effect of discount would be material, these amounts are stated at their present values in the statement of financial position.

(a) Post-employment benefits

The Group divides post-employment benefit plans into defined contribution plans and defined benefit plans. Defined contribution plans are post-employment benefit plans under which the Group pays fixed contributions into a separate entity (a fund) and will have no legal or constructive obligation to pay further contributions. Defined benefit plans are post-employment benefit plans other than defined contribution plans. For defined contribution plans, the Group pays contributions to basic retirement insurance, annuity scheme and unemployment insurance for the employees during the reporting period, while defined benefit plans are mainly supplementary retirement benefits.

Defined contribution retirement schemes

Pursuant to the relevant laws and regulations in the PRC, employees in the Chinese mainland have joined defined contribution retirement schemes for the employees arranged by local government labour and security authorities. The Group makes contributions to the retirement schemes at the applicable rates based on the amounts stipulated by the local government organisations. The contributions are charged to profit or loss on an accrual basis. When employees retire, the local government labour and security authorities are responsible for the payment of the basic retirement benefits to the retired employees.

Annuity contributions

In addition to the statutory provision contributions, the Bank's employees have joined the annuity scheme set up by the Bank under "CCBC Annuity Scheme" (the "scheme") in accordance with state enterprise annuity regulations. The Bank has made annuity contributions in proportion to its employees' gross wages, which are expensed in profit or loss when the contributions are made.

Supplementary retirement benefits

The Group pays supplementary retirement benefits for its employees in the Chinese mainland who retired on or before 31 December 2003 in addition to the contributions made to statutory insurance schemes. Such supplementary retirement benefits are defined benefit plans.

The Group's obligations in respect of supplementary retirement benefits are calculated by estimating the amount of obligations that the Group is committed to pay to the employees after their retirement using actuarial techniques. At the end of each reporting period, such obligations are discounted with interest yield of government bonds with similar duration. The service cost and net interest from the supplementary retirement benefits are recognised in profit or loss, and the remeasurements are recognised in other comprehensive income.

The liability recognised in the statement of financial position in respect of supplementary retirement benefits is the present value of supplementary retirement benefit obligations at the end of the reporting period less the fair value of plan assets.

4 Material accounting policies and significant accounting estimates (continued)

(14) Employee benefits (continued)

(b) Termination benefits

Where the Group terminates the employment relationship with employees before the end of the employment contracts or provides compensation as an offer to encourage employees to accept voluntary redundancy, a provision is recognised for the compensation arising from termination of employment relationship, through profit or loss. The Group is required to recognise termination benefits at the earlier of when it can no longer withdraw an offer of those benefits and when it recognises any related restructuring costs.

(c) Early retirement expenses

The Group recognises the present value of all its liabilities to employees who voluntarily agreed to retire early. The early retirement benefit payments are made by the Group from the date of early retirement to the regulated retirement date. Differences arising from changes in assumptions and estimates of the present value of the liabilities are recognised in profit or loss as incurred.

(d) Staff incentive plan

As approved by the Board of Directors, for the purposes of providing incentives and rewards to eligible employees for their past services, the Group awards a specified amount of staff compensation to the staff incentive plan independently managed by a designated staff committee for those eligible participating employees. The Group recognises its contribution to the plan when it has a present legal or constructive obligation to make such payment and a reliable estimate of the obligation can be made.

(15) Insurance contracts

The Group identifies portfolios of insurance contracts as contracts subject to similar risks and are managed together. The Group further divides portfolios of insurance contracts into groups of insurance contracts and uses groups of insurance contracts as units of account. The Group's approaches for insurance contract measurement include the general measurement model, the special measurement approach ("variable fee approach") for groups of insurance contracts with direct participation features, and the simplified approach ("premium allocation approach"). The Group makes the accounting policy choice of disaggregating insurance finance income or expenses for the period between profit or loss and other comprehensive income.

General measurement model

The Group measures insurance contract liabilities on the initial recognition of a group of insurance contracts at the total of fulfilment cash flows and contractual service margin.

On initial recognition of a group of insurance contracts, the Group measures the total of: the fulfilment cash flows; the cash flows related to asset for insurance acquisition cash flows, and any other asset or liability derecognised at that date; cash flows arising from the contracts in the group at that date. If the total represents a net cash inflow, the Group recognises that as a contractual service margin; if it represents a net cash outflow, the Group recognises that as a loss in profit or loss of the period.

The insurance contract liability is subsequently measured by the Group at the end of the reporting period at the total of the liability for remaining coverage and the liability for incurred claims.

For insurance contracts without direct participation features, the carrying amount of the contractual service margin of a group of contracts at the end of the reporting period are determined as the carrying amount at the start of the period after required adjustments.

The Group rationally determines the coverage units of the group of contracts in each period of the coverage period based on the pattern of provision of insurance contract services, and recognises insurance revenue accordingly over the current and future periods by amortizing the adjusted carrying amount of the contractual service margin.

Variable fee approach

The Group adopts the variable fee approach for insurance contracts with direct participation features. The Group estimates the fulfilment cash flows of the groups of insurance contracts with direct participation features at the difference between the fair value of the underlying items and the variable fee. For insurance contracts with direct participation features, the carrying amount of the contractual service margin of a group of contracts at the end of the reporting period equals the carrying amount at the start of the reporting period after required adjustments.

4 Material accounting policies and significant accounting estimates (continued)

(15) Insurance contracts (continued)

Premium allocation approach

For insurance contracts meeting criteria, the Group may simplify the measurement of a group of insurance contracts adopting the premium allocation approach ("PAA"). Adopting the premium allocation approach, on initial recognition, the carrying amount of the liability for remaining coverage is the premiums received, minus any insurance acquisition cash flows at that date, and minus (or plus) any amount arising from the derecognition at that date of any asset for insurance acquisition cash flows and any other related asset or liability. At the end of the reporting period, the carrying amount of the liability for remaining coverage is the carrying amount at the start of the reporting period plus the premiums received in the period, minus insurance acquisition cash flows in the period, plus any amounts relating to the amortisation of insurance acquisition cash flows recognised as insurance service expenses and any adjustment to a financing component in the period, minus the amount recognised as insurance revenue for services provided in that period, and minus any investment component paid or transferred to the liability for incurred claims in the period.

(16) Provisions and contingent liabilities

A provision is recognised in the statement of financial position if, as the result of a past event, the Group has a present legal or constructive obligation that can be reliably estimated and it is probable that an outflow of economic benefits will be required to settle the obligation. A provision is initially measured at the best estimate of the expenditure required to settle the related present obligation. Factors pertaining to a contingency such as the risks, uncertainties and time value of money are taken into account as a whole in reaching the best estimate. Where the effect of the time value of money is material, the best estimate is determined by discounting the related future cash outflows.

A potential obligation arising from a past transaction or event whose existence can only be confirmed by the occurrence or non-occurrence of future uncertain events; or a present obligation that arises from past transactions or events where it is not probable that an outflow of economic benefits is required to settle the obligation or the amount of the obligation cannot be measured reliably, is disclosed as a contingent liability unless the probability of outflow of economic benefit is remote.

(17) Equity instruments

An equity instrument is any contract that evidences a residual interest in the assets of the Group after deducting all of its liabilities. A financial instrument issued is an equity instrument if, and only if, both conditions (i) and (ii) below are met: (i) The financial instrument includes no contractual obligation to deliver cash or another financial asset to another entity, or to exchange financial assets or financial liabilities with another entity under conditions that are potentially unfavourable to the Group; and (ii) If the financial instrument will or may be settled in the Group's own equity instruments, it is a non-derivative instrument that includes no contractual obligations for the Group to deliver a variable number of its own equity instruments; or a derivative that will be settled only by the Group exchanging a fixed amount of cash or another financial asset for a fixed number of its own equity instruments.

(18) Financial guarantee contracts and loan commitments

A financial guarantee contract is a contract that requires the issuer to make specified payments to reimburse the holder for a loss it incurs because a specified debtor fails to make payment when due, in accordance with the terms of a debt instrument.

Financial guarantee contracts are initially recognised at fair value on the date the guarantee was given. Subsequent to initial recognition, the Group's liabilities under such guarantees are measured at the higher of the initial amount, less amortisation of guarantee fees, and the best estimate of the loss provisions required to settle the guarantee. Any increase in the liability relating to guarantees is recognised in profit or loss.

The impairment allowance of loan commitments provided by the Group is measured by ECL. The Group has not provided any commitment to provide loans at a below-market interest rate, or that can be settled net in cash or by delivering or issuing another financial instrument.

For loan commitments and financial guarantee contracts, the loss allowance is recognised as a provision. However, for contracts that include both a loan and an undrawn commitment and the Group cannot separately identify the ECL on the undrawn commitment component from those on the loan component, the ECL on the undrawn commitment are recognised together with the loss allowance for the loan. To the extent that the combined allowance for ECL exceed the gross carrying amount of the loan, the ECL are recognised as a provision.

4 Material accounting policies and significant accounting estimates (continued)

(19) Fiduciary and custody business

Asset custody business refers to a fee-based business of the Group, as an independent third party, enters into custody contracts with trustors, managers, or trustees in accordance with laws and regulations, maintains entrusted assets in accordance with the contracts, discharges rights and obligations as agreed in the custody contracts, provides custody services, and charges fiduciary and custody fees. The Group fulfils its fiduciary obligations and collects relevant fees in accordance with these contracts, and does not take up any risks and rewards related to the assets under custody, which are recorded as off-balance sheet items.

The Group conducts entrusted lending business, whereby it enters into entrusted loan agreements with customers. Under the terms of these agreements, the customers provide funding (the "entrusted funds") to the Group, and the Group grants loans (the "entrusted loans") to third parties according to the instructions of the customers. As the Group does not assume the risks and rewards of the entrusted loans and the corresponding entrusted funds, entrusted loans and funds are recorded as off-balance sheet items at their principal amounts and no allowance for impairment losses are made for these entrusted loans.

(20) Revenue recognition

(a) Interest income

Interest income for debt instruments measured at amortised cost and fair value through other comprehensive income is recognised in profit or loss based on effective interest method. Interest income includes the amortisation of any discount or premium or other differences between the initial carrying amount of an interest-earning instrument and its amount at maturity calculated on an effective interest basis. The effective interest method is a method of calculating the amortised cost of financial assets and liabilities and of allocating the interest income and interest expense over the relevant period.

(b) Fee and commission income

Fee and commission income is recognised when the performance obligation is satisfied. For those services that are provided over a period of time, fee and commission income is accrued in accordance with the terms and conditions of the service agreement. For other services, fee and commission income is recognised when the transactions are completed.

(c) Dividend income

Dividend income from equity investments is recognised in profit or loss on the date when the Group's right to receive payment is established.

(21) Income tax

Current income tax is the expected tax payable on the taxable income for the period, using tax rates enacted or substantially enacted at the end of each reporting period, and any adjustment to tax payable in respect of previous periods. Deferred tax assets and liabilities arise from deductible and taxable temporary differences respectively, being the differences between the carrying amounts of assets and liabilities for financial reporting purposes and their tax bases. Deferred tax also arises from unused tax losses and unused tax credits. Deferred tax assets are recognised to the extent that it is probable that taxable profit will be available against which the deductible temporary differences, the carryforward of unused tax losses and unused tax credits can be utilised.

Current income tax and movements in deferred tax balances are recognised in profit or loss except to the extent that they relate to items recognised in equity, in which case the relevant amounts of tax are recognised in equity, respectively.

At the end of each reporting period, deferred tax assets and deferred tax liabilities are measured at the tax rates that are expected to apply to the period when the asset is realised or the liability is settled according to the requirements of tax laws. The Group also considers the possibility of realisation and the settlement of deferred tax assets and deferred tax liabilities in the calculation.

Current tax assets are offset against current tax liabilities, and deferred tax assets against deferred tax liabilities if the Group has the legally enforceable right to offset current tax assets against current tax liabilities and the deferred tax assets and liabilities relate to income taxes levied by the same taxation authority on the same taxable entity. Otherwise, the balances of deferred tax assets and deferred tax liabilities, and movements therein, are presented separately from each other and are not offset.

4 Material accounting policies and significant accounting estimates (continued)

(22) Cash equivalents

Cash equivalents are short-term, highly liquid investments that are readily convertible into known amounts of cash and which are subject to an insignificant risk of changes in value, having been within three months of maturity at acquisition.

(23) Profit distribution

Proposed dividends which are declared and approved after the end of each reporting period are not recognised as a liability in the statement of financial position and are instead disclosed as a subsequent event after the end of each reporting period in the note to the financial statements. Dividends payable are recognised as liabilities in the period in which they are approved.

(24) Related parties

If the Group has the power, directly or indirectly, to control, jointly control or exercise significant influence over another party, or vice versa, or where the Group and one or more parties are subject to common control or joint control from another party, they are considered to be related parties. Related parties may be individuals or enterprises. The Group's related parties include but are not limited to the following:

(a) the Bank's parents;

(b) the Bank's subsidiaries;

(c) other entities which are controlled by the Bank's parents;

(d) an investor who has joint control over the Group;

(e) an investor who can exercise significant influence over the Group;

(f) an associate of the Group;

(g) a joint venture of the Group;

(h) principal individual investors of the Group, and close family members of such individuals (principal individual investors are the individual investors who have the power, directly or indirectly, to control, jointly control or exercise significant influence over another party);

(i) key management personnel of the Group and close family members of such individuals (key management personnel represent those persons having authority and responsibility for planning, directing and controlling the activities of the entity, directly or indirectly, including any director of that entity);

(j) key management personnel of the Bank's parents and close family members of such individuals;

(k) other entities that are controlled or jointly controlled by the Group's principal individual investors, key management personnel, or close family members of such individuals;

(l) a post-employment benefit plan for the benefit of employees of the Group, or of any entity that is a related party of the Group; and

(m) joint ventures and their subsidiaries, or associates and their subsidiaries, of other member units (including parent companies and subsidiaries) of the Bank's corporate group, joint ventures and their subsidiaries, or associates and their subsidiaries, of companies that exercise joint control over the Bank, joint ventures and their subsidiaries of the companies that have a significant influence on the Bank, subsidiaries of joint ventures, and subsidiaries of associates.

(25) Operating segments

The identification of operating segments of the Group is on the basis of internal reports that are regularly reviewed by the Group's chief operating decision makers in order to allocate resources to the segment and assess its performance. On the basis of the operating segments, the Group identifies the reportable segments, using a combination of factors including products and services, geographical areas, regulatory environments, which management has chosen for organisation. The operating segments that meet the specified criteria have been aggregated, and the operating segments that meet quantitative thresholds have been reported separately.

The amount reported for each operating segment item is the measure reported to the chief operating decision makers for the purposes of allocating resources to the segment and assessing its performance. Segment information is prepared in conformity with the accounting policies adopted for preparing and presenting the financial statements of the Group.

4 Material accounting policies and significant accounting estimates (continued)

(26) Significant accounting estimates and judgements

(a) Classification of financial assets

The Group's significant judgments in determining the classification of financial assets include the analysis of business models and contractual cash flow characteristics.

The Group determines the business model for the management of financial assets at the level of portfolios and considers the factors such as how the asset's performance is evaluated and reported to key management personnel, the risks affecting the performance of financial assets and the way in which financial assets are managed, and how managers of the business are compensated.

In assessing whether the contractual cash flows of financial assets are consistent with the basic lending arrangement, the Group uses the following key judgements: whether the principals may change because of the changes of time distribution or amount over the life period due to the reasons such as prepayment; whether the interest includes only the consideration for the time value of money, for credit risk, for other basic lending risks and costs, as well as a profit margin. For example, whether the amount prepaid reflects only the principal that has not yet been paid and the interest based on the outstanding principal, as well as reasonable compensation paid for the early termination of the contract.

(b) Measurement of expected credit losses

The measurement of expected credit loss for the investment in financial assets measured at amortised cost and debt instruments measured at FVOCI is an area that requires the use of complex models and significant assumptions about future macroeconomic conditions and credit behaviour (e.g. the likelihood of default by customers and the resulting losses). Explanation of the inputs, assumptions and estimation techniques used in measuring expected credit losses is further detailed in Note 62(1).

A number of significant judgements are required in applying the accounting requirements for measuring expected credit losses, such as:

- Determining criteria for significant increase and credit-impaired in credit risk;
- Choosing appropriate models and assumptions for the measurement of expected credit losses;
- Determining the forward-looking information and weightings for different types of products when measuring expected credit losses; and
- Establishing groups of financial instruments with similar risk characteristics for the purpose of measuring expected credit losses.

Detailed information about the judgements and estimates made by the Group in the above areas is set out in Note 62(1) Credit risk.

(c) Fair value of financial instruments

The fair value of financial instruments that are traded in an active market is based on their quoted market prices in an active market at the valuation date. A quoted market price is a price from an active market where price information is readily and regularly available from an exchange or from a dealer quotation and where this price information represents actual and recurring orderly transactions.

For all other financial instruments, the Group determines fair values using valuation techniques which include discounted cash flow models, as well as other types of valuation model. Assumptions and inputs used in valuation techniques include risk-free and benchmark interest rates, foreign currency exchange rates, credit spreads and the liquidity premium. Where discounted cash flow techniques are used, estimated cash flows are based on management's best estimates and the discount rate used is a market rate at the end of each reporting period applicable for an instrument with similar terms and conditions. Where other pricing models are used, inputs are based on the maximising observable market data at the end of each reporting period. However, where market data is not available, the Group needs to make the best estimates on such unobservable market inputs.

The objective of valuation techniques is to arrive at a fair value determination that reflects the price of the financial instrument at the reporting date that would have been determined by market participants in an orderly transaction.

4 Material accounting policies and significant accounting estimates (continued)

(26) Significant accounting estimates and judgements (continued)

(d) Income taxes

Determining income tax provisions involves judgement on the future tax treatment of certain transactions. The Group carefully evaluates the tax implications of transactions and tax provisions are set up accordingly. The tax treatment of such transactions is reconsidered periodically to take into account all changes in tax legislations. Deferred tax assets are recognised for tax losses not yet used and temporary deductible differences. As those deferred tax assets can only be recognised to the extent that it is probable that future taxable profits will be available against which the unused tax credits can be utilised, management's judgement is required to assess the probability of future taxable profits. Management's assessment is constantly reviewed and additional deferred tax assets are recognised if it becomes probable that future taxable profits will allow the deferred tax assets to be recovered.

(e) Employee retirement benefit obligations

The Group has established liabilities in connection with benefits paid to certain retired employees. The amounts of employee benefit expense and liabilities are dependent on assumptions used in calculating such amounts. These assumptions include discount rates, pension benefit inflation rates, medical benefit inflation rates, and other factors. While management believes that its assumptions are appropriate, differences in actual experience or changes in assumptions may affect the Group's other comprehensive income and liability related to its employee retirement benefit obligations.

(f) Scope of consolidation

The Group has taken into consideration all facts and circumstances in the assessment of whether the Group, as an investor, controls the investee. The principle of control includes three elements: (i) power over the investee; (ii) exposure, or rights, to variable returns from involvement with the investee; and (iii) the ability to use power over the investee to affect the amount of the investor's returns. The Group reassesses whether or not it controls an investee if facts and circumstances indicate that there are changes to one or more of the three elements of control listed above.

5 Taxation

The Group's main applicable taxes and tax rates are as follows:

Value added tax ("VAT")

Pursuant to the 'Circular on the Comprehensive Plan for Levying VAT in place of Business Tax' (Cai Shui [2016] No.36) jointly issued by the Ministry of Finance ("MOF") and the State Administration of Taxation, business tax that used to be levied on taxable income of the Bank and its subsidiaries in the Chinese mainland was replaced by VAT from 1 May 2016, and the main VAT rate is 6%.

City construction tax

City construction tax is calculated as 1% to 7% of VAT.

Education surcharge

Education surcharge is calculated as 3% of VAT.

Local education surcharge

Local education surcharge is calculated as 2% of VAT.

Income tax

The predominant income tax rate that is applicable to the Bank and its subsidiaries in the Chinese mainland is 25%. Taxation on overseas operations is charged at the relevant local rates. Tax paid on overseas operations is deducted to the extent allowed under the relevant income tax laws of the PRC.

NOTES TO THE FINANCIAL STATEMENTS

(EXPRESSED IN MILLIONS OF RMB, UNLESS OTHERWISE STATED)

6 Net interest income

	2025	2024
Interest income arising from:		
Deposits with central banks	**41,813**	44,878
Deposits with banks and non-bank financial institutions	**3,539**	5,063
Placements with banks and non-bank financial institutions	**16,262**	20,165
Financial assets held under resale agreements	**15,551**	16,761
Financial investments	**305,836**	289,788
Loans and advances to customers		
– Corporate loans and advances	**466,132**	509,093
– Personal loans and advances	**288,328**	342,270
– Discounted bills	**15,801**	13,539
Total	**1,153,262**	1,241,557
Interest expense arising from:		
Borrowings from central banks	**(20,703)**	(27,137)
Deposits from banks and non-bank financial institutions	**(66,584)**	(78,229)
Placements from banks and non-bank financial institutions	**(18,695)**	(19,502)
Financial assets sold under repurchase agreements	**(20,381)**	(4,119)
Debt securities issued	**(67,466)**	(63,860)
Deposits from customers		
– Corporate deposits	**(151,916)**	(205,143)
– Personal deposits	**(234,743)**	(253,685)

9 Dividend income

	2025	2024
Dividend income from equity investments measured at fair value through profit or loss	**4,648**	5,721
Dividend income from equity investments measured at fair value through other comprehensive income	**1,321**	855
Total	**5,969**	6,576

NOTES TO THE FINANCIAL STATEMENTS

(EXPRESSED IN MILLIONS OF RMB, UNLESS OTHERWISE STATED)

10 Net gain arising from investment securities

	2025	2024
Net loss related to financial liabilities designated as measured at fair value through profit or loss	**(4,786)**	(5,995)
Net gain related to other financial assets and liabilities measured at fair value through profit or loss	**9,007**	13,253
Net gain related to financial assets measured at fair value through other comprehensive income	**11,128**	3,012
Others	**1,719**	608
Total	**17,068**	10,878

11 Net gain on derecognition of financial assets measured at amortised cost

For the year ended 31 December 2025, the net gain on derecognition of financial assets measured at amortised cost consisted mainly of a gain from the disposal of the Group's bond investments (For the year ended 31 December 2024, a net gain on derecognition of financial assets measured at amortised cost consisted mainly of a gain from the disposal of the Group's bond investments and a gain from asset-backed securities).

12 Other operating income, net

	2025	2024
Other operating income		
Insurance related income	**5,868**	5,315
Foreign exchange gains	**14,504**	7,363
Rental income	**8,687**	8,502
Others	**5,411**	5,495
Total	**34,470**	26,675
Other operating expense		
Insurance related costs	**(10,948)**	(11,002)
Others	**(10,295)**	(8,123)
Total	**(21,243)**	(19,125)
Other operating income, net	**13,227**	7,550

Foreign exchange gains consisted primarily of gains in connection with the translation of monetary assets and liabilities denominated in foreign currencies, as well as realised and unrealised net gains on fair value changes arising from foreign exchange derivatives.

13 Operating expenses

	2025	2024
Staff costs		
– Salaries, bonuses, allowances and subsidies	**88,968**	87,392
– Defined contribution plans	**17,213**	16,984
– Housing funds	**8,314**	8,166
– Union running costs and employee education costs	**3,146**	2,837
– Compensation to employees for termination of employment relationship	**22**	44
– Others	**18,983**	18,337
	136,646	133,760
Premises and equipment expenses		
– Depreciation charges	**20,698**	21,562
– Rent and property management expenses	**3,606**	3,882
– Maintenance	**2,068**	2,250
– Utilities	**1,863**	1,957
– Others	**2,379**	2,374
	30,614	32,025
Taxes and surcharges	**9,138**	8,263
Amortisation expenses	**3,150**	3,385
Other general and administrative expenses	**47,677**	46,346
Total	**227,225**	223,779

In 2025, the Group's operating expenses related to research and development activities amounted to RMB5,681 million (2024: RMB7,068 million).

14 Credit impairment losses

	2025	2024
Loans and advances to customers	**148,156**	118,938
Financial investments		
– Financial assets measured at amortised cost	**(1,326)**	6,007
– Financial assets measured at fair value through other comprehensive income	**1,248**	(2,077)
Off-balance sheet credit business	**(5,087)**	(4,838)
Others	**(9,674)**	2,670
Total	**133,317**	120,700

15 Other impairment losses

NOTES TO THE FINANCIAL STATEMENTS

(EXPRESSED IN MILLIONS OF RMB, UNLESS OTHERWISE STATED)

16 Directors' and supervisors' emoluments (continued)

Notes:

(i) The amounts of emoluments for the year ended 31 December 2025 in respect of the services rendered by the directors and supervisors are subject to the approval of the shareholders' general meeting.

(ii) Upon election at the first extraordinary general meeting of 2025 of the Bank and approval of the NFRA, Mr. Zhang Weiguo began to serve as independent non-executive director of the Bank from June 2025, and Ms. Li Li began to serve as non-executive director of the Bank from July 2025. Upon election at the 2024 annual general meeting of the Bank and approval of the NFRA, Ms. Xin Xiaodai and Mr. Dou Hongquan began to serve as non-executive director of the Bank from August 2025. Upon election at the second extraordinary shareholders' meeting of 2025 of the Bank and approval of the NFRA, Mr. Shi Jian began to serve as non-executive director of the Bank from January 2026.

Due to expiration of term of office, Mr. Tian Bo and Mr. Xia Yang ceased to serve as non-executive director of the Bank from June 2025, and Mr. Graeme Wheeler and Mr. Michel Madelain ceased to serve as independent non-executive director of the Bank from June 2025.

Effective from 23 September 2025, in accordance with the *Articles of Association*, the Bank no longer maintains the Board of Supervisors. The functions of the Board of Supervisors have been legally transferred to the Audit Committee of the Board.

(iii) Non-executive directors of the Bank receive their remuneration from the shareholders of the Bank. Apart from this, none of the other directors have received any remuneration from any related parties of the Bank.

(iv) The amounts only included fees for their services as supervisors.

(v) Other benefits in kind included the Bank's contributions to medical fund, housing fund and other social insurances, which are payable to labour and security authorities based on the lower of certain percentage of the salaries and allowance or the prescribed upper limits as required by the relevant regulations issued by the government authorities. Other benefits also included the Bank's contribution to its own corporate annuity plan (which was set up in accordance with the relevant policies issued by the government authorities) and supplementary medical insurance.

(vi) The total compensation package for these directors for the year ended 31 December 2025 has not yet been finalised in accordance with regulations of the PRC relevant authorities. The amount of the compensation not provided for is not expected to have a significant impact on the Group's financial statements for the year ended 31 December 2025. The final compensation will be disclosed in a separate announcement when determined.

The total compensation package for certain directors and supervisors for the year ended 31 December 2024 had not been finalised in accordance with regulations of the PRC relevant authorities as at the date that the 2024 financial statements were published. The aforesaid total compensation package for the directors and supervisors for the year ended 31 December 2024 was the final amount.

(vii) From 2015 onwards, remuneration of the Bank's leaders administered by central authorities has been paid in accordance with relevant policies relating to the central remuneration reform.

None of the directors and supervisors received any inducements or compensation for loss of office, or waived any emoluments during the years ended 31 December 2025 and 2024.

17 Individuals with highest emoluments

The five highest paid employees of the Group are all market-making personnel responsible for asset management business of the Bank's subsidiaries or personnel from the Bank's overseas entities. Their emoluments were determined based on prevailing market rates in respective countries (regions) where the subsidiaries are located. None of the five individuals with the highest emoluments are directors or supervisors whose emoluments are disclosed in Note 16. The aggregate of the emoluments before individual income tax of the five highest paid individuals during the year is as follows:

	2025	2024
	RMB'000	RMB'000
Salaries and allowance	**16,350**	18,267
Variable compensation	**11,542**	11,709
Contributions to defined contribution retirement schemes	**6**	2,547
Other benefits in kind	**2,352**	955
Total	**30,250**	33,478

17 Individuals with highest emoluments (continued)

The numbers of these individuals whose emoluments before individual income tax are within the following bands is set out below:

	2025	2024
RMB4,000,001 – RMB4,500,000	**1**	–
RMB4,500,001 – RMB5,000,000	**–**	–
RMB5,000,001 – RMB5,500,000	**1**	1
RMB5,500,001 – RMB6,000,000	**2**	–
RMB6,000,001 – RMB6,500,000	**–**	2
RMB6,500,001 – RMB7,000,000	**–**	1
RMB7,000,001 – RMB7,500,000	**–**	–
RMB7,500,001 – RMB8,000,000	**–**	–
RMB8,000,001 – RMB8,500,000	**–**	–
RMB8,500,001 – RMB9,000,000	**1**	1

None of these individuals received any inducements or compensation for loss of office, or waived any emoluments during the years ended 31 December 2025 and 2024.

18 Income tax expense

(1) Income tax expense

	2025	2024
Current tax	**48,531**	53,439
– The Chinese mainland	**44,699**	51,012
– Hong Kong	**1,747**	1,172
– Other countries and regions	**2,085**	1,255
Deferred tax	**(7,698)**	(5,344)
Total	**40,833**	48,095

The provisions for income taxes for the Chinese mainland and Hong Kong are calculated at 25% and 16.5% of the estimated taxable income from the Chinese mainland and Hong Kong operations, respectively. Taxation for other overseas operations is charged at the appropriate current rates of taxation ruling in the relevant tax jurisdictions.

(2) Reconciliation between income tax expense and accounting profit

	Note	2025	2024
Profit before tax		**380,623**	384,377
Income tax calculated at the 25% statutory tax rate		**95,156**	96,094
Effects of different applicable rates of tax prevailing in other countries/regions		**(880)**	(504)
Non-deductible expenses and others	(a)	**12,395**	14,237
Non-taxable income	(b)	**(65,838)**	(61,732)
Income tax expense		**40,833**	48,095

(a) Non-deductible expenses primarily include non-deductible losses resulting from write-offs and impairment losses.

(b) Non-taxable income primarily includes interest income from PRC government bonds and local government bonds.

The Group has adopted a temporary mandatory exemption from the recognition and disclosure of deferred income taxes arising from the Pillar Two model rules in accordance with amendments to IAS 12. Before 31 December 2025, Pillar Two legislations were enacted in certain jurisdictions where the Group has operations and became effective successively from 1 January 2024. The aggregate top-up tax amount associated with Pillar Two model rules was not material to the Group's financial statements for the year ended 31 December 2025.

NOTES TO THE FINANCIAL STATEMENTS

(EXPRESSED IN MILLIONS OF RMB, UNLESS OTHERWISE STATED)

19 Earnings per share

Basic earnings per share for the years ended 31 December 2025 and 2024 have been computed by dividing the net profit attributable to ordinary shareholders of the Bank by the weighted average number of ordinary shares outstanding during the years.

For the purpose of calculating basic earnings per share, dividends on other equity instruments declared in respect of the period should be deducted from net profit attributable to equity shareholders of the Bank.

The conversion feature of preference shares is considered to be contingently issuable ordinary shares. The triggering events of conversion did not occur for the years ended 31 December 2025 and 2024, therefore the conversion feature of preference shares has no effect on the basic and diluted earnings per share calculations.

	2025	2024
Net profit attributable to equity shareholders of the Bank	**338,906**	335,577
Less: Profit for the year attributable to other equity instruments holders of the Bank	**(5,420)**	(7,108)
Net profit attributable to ordinary shareholders of the Bank	**333,486**	328,469
Weighted average number of ordinary shares (in millions of shares)	**256,107**	250,011
Basic earnings per share attributable to ordinary shareholders of the Bank (in RMB yuan)	**1.30**	1.31
Diluted earnings per share attributable to ordinary shareholders of the Bank (in RMB yuan)	**1.30**	1.31

20 Cash and deposits with central banks

	Note	**31 December 2025**	31 December 2024
Cash		**48,588**	46,691
Deposits with central banks			
– Statutory deposit reserves	(1)	**2,218,453**	2,206,678
– Surplus deposit reserves	(2)	**734,336**	259,529
– Fiscal deposits and others		**51,639**	57,283
Accrued interest		**1,183**	1,180
Total		**3,054,199**	2,571,361

(1) The Group places statutory deposit reserves with the People's Bank of China ("PBOC") and overseas central banks where it has operations. The statutory deposit reserves are not available for use in the Group's daily business.

As at the end of the reporting period, the Bank's statutory deposit reserves rates in the Chinese mainland were as follows:

	31 December 2025	31 December 2024
Reserve rate for RMB deposits	**7.50%**	8.00%
Reserve rate for foreign currency deposits	**4.00%**	4.00%

The statutory RMB deposit reserve rates applicable to domestic subsidiaries of the Group are determined by the PBOC.

The amounts of statutory deposit reserves placed with the central banks of overseas countries and regions are determined by local jurisdictions.

(2) The surplus deposit reserves maintained with the PBOC is mainly for the purpose of clearing.

21 Deposits with banks and non-bank financial institutions

(1) Analysed by type of counterparties

	31 December 2025	31 December 2024
Banks	**155,662**	124,986
Non-bank financial institutions	**34,253**	29,083
Accrued interest	**762**	570
Gross balances	**190,677**	154,639
Allowances for impairment losses (Note 36)	**(55)**	(107)
Net balances	**190,622**	154,532

(2) Analysed by geographical sectors

	31 December 2025	31 December 2024
The Chinese mainland	**158,772**	117,985
Overseas	**31,143**	36,084
Accrued interest	**762**	570
Gross balances	**190,677**	154,639
Allowances for impairment losses (Note 36)	**(55)**	(107)
Net balances	**190,622**	154,532

As at 31 December 2025 and 2024, all of the Group's deposits with banks and non-bank financial institutions were designated as Stage 1. For the years ended 31 December 2025 and 2024, neither the book values nor the impairment allowances had any migrations between stages.

22 Placements with banks and non-bank financial institutions

(1) Analysed by type of counterparties

	31 December 2025	31 December 2024
Banks	**372,074**	317,922
Non-bank financial institutions	**443,777**	350,518
Accrued interest	**4,232**	4,866
Gross balances	**820,083**	673,306
Allowances for impairment losses (Note 36)	**(260)**	(431)
Net balances	**819,823**	672,875

NOTES TO THE FINANCIAL STATEMENTS

(EXPRESSED IN MILLIONS OF RMB, UNLESS OTHERWISE STATED)

22 Placements with banks and non-bank financial institutions (continued)

(2) Analysed by geographical sectors

	31 December 2025	31 December 2024
The Chinese mainland	**670,850**	523,623
Overseas	**145,001**	144,817
Accrued interest	**4,232**	4,866
Gross balances	**820,083**	673,306
Allowances for impairment losses (Note 36)	**(260)**	(431)
Net balances	**819,823**	672,875

As at 31 December 2025 and 2024, all of the Group's placements with banks and non-bank financial institutions were designated as Stage 1. For the years ended 31 December 2025 and 2024, neither the book values nor the impairment allowances had any migrations between stages.

23 Derivatives and hedge accounting

(1) Analysed by type of contracts

		31 December 2025			31 December 2024		
	Note	Notional amounts	Assets	Liabilities	Notional amounts	Assets	Liabilities
Interest rate contracts		**2,946,134**	**9,689**	**8,396**	943,927	10,554	8,508
Exchange rate contracts		**6,233,284**	**36,664**	**33,358**	5,700,288	94,840	73,678
Other contracts	(a)	**330,223**	**2,947**	**48,050**	231,940	2,659	11,804
Total		**9,509,641**	**49,300**	**89,804**	6,876,155	108,053	93,990

(a) Other contracts mainly consist of precious metals and commodity contracts.

(2) Hedge accounting

The following designated hedging instruments are included in the derivatives disclosed above:

		31 December 2025			31 December 2024		
	Note	Notional amounts	Assets	Liabilities	Notional amounts	Assets	Liabilities
Fair value hedges	(a)						
Interest rate swaps		**52,303**	**424**	**125**	47,437	990	95
Cross currency swaps		**13,478**	**321**	**54**	2,716	145	–

Total		**83,248**	**857**	**207**	81,130	1,243	366

23 Derivatives and hedge accounting (continued)

(2) Hedge accounting (continued)

(a) Fair value hedges

The Group uses interest rate swaps and cross currency swaps to hedge against changes in fair value of loans and advances to customers, debt securities, placements from banks and non-bank financial institutions, financial assets sold under repurchase agreements, and deposits from customers.

Net (losses)/gains on fair value hedges are as follows:

	2025	2024
Hedging instruments	**(489)**	(107)
Hedged items	**481**	129

The gain and loss arising from the ineffective portion of fair value hedges was immaterial for the years ended 31 December 2025 and 2024.

(b) Cash flow hedges

The Group uses foreign exchange swaps, cross currency swaps and interest rate swaps to hedge against exposures to cash flow variability primarily from foreign exchange and interest rate risks on deposits with banks and non-bank financial institutions, placements with banks and non-bank financial institutions, debt securities, placements from banks and non-bank financial institutions, deposits from customers, and debt securities issued. The maturities of hedging instruments and hedged items are predominantly within five years.

For the year ended 31 December 2025, the Group's net loss from the cash flow hedges of RMB72 million was recognised in other comprehensive income (for the year ended 31 December 2024: net gain from cash flow hedges of RMB100 million), and the gain and loss arising from the ineffective portion of cash flow hedges was immaterial.

24 Financial assets held under resale agreements

Financial assets held under resale agreements analysed by underlying assets are shown as follows:

	31 December 2025	31 December 2024
Debt securities		
– Government bonds	**405,394**	249,377
– Debt securities issued by policy banks, banks and non-bank financial institutions	**438,618**	362,137
Subtotal	**844,012**	611,514
Discounted bills	**12,692**	11,031
Accrued interest	**136**	47
Total	**856,840**	622,592
Allowances for impairment losses (Note 36)	**(22)**	(33)
Net balances	**856,818**	622,559

As at 31 December 2025 and 2024, all of the Group's financial assets held under resale agreements were designated as Stage 1. For the years ended 31 December 2025 and 2024, neither the book values nor the impairment allowances had any migrations between stages.

Allowances for impairment losses on loans and advances to customers measured at fair value through other comprehensive income	(2,309)	(5)	–	(2,314)

The Group measures ECL of loans and advances using risk parameter modelling approach that incorporates relevant parameters such as Probability of Default ("PD"), Loss Given Default ("LGD"), and Exposure at Default ("EAD"). Specifically, the Group calculates LGD for Stage 3 corporate loans and advances not managed as part of a portfolio as well as discounted bills using the discounted cash flow method on expected recoverable cash flows. The Group can also calculate LGD for other corporate loans and advances using the discounted cash flow method on expected recoverable cash flows based on actual circumstances.

The segmentation of the loans mentioned above is defined in Note 4(3)(f).

As at 31 December 2024		328,369	219,912	254,613	802,894

(a) Transfer out/repayment refers to transfer of creditor's rights, transfer of beneficial rights from credit assets, securitisation of assets, debt-to-equity swaps and reversal of loss provision due to repayment of debts in the form of other assets, as well as repayment of loans, etc.

(b) Remeasurements comprise the impact of changes in PD, LGD, and EAD; changes in model assumptions and methodologies; loss provisions change due to stage-transfer; unwinding of discount; and the impact of exchange rate changes, etc.

The loss provisions disclosed above are for loans and advances to customers measured at amortised cost.

25 Loans and advances to customers (continued)

(3) Movements of allowances for impairment losses (continued)

For the year ended 31 December 2025, the changes of gross carrying amounts of loans and advances to customers with a significant impact on the Group's impairment allowance were mainly resulted from the credit business in the Chinese mainland, including:

For the year ended 31 December 2025, the gross carrying amount of corporate loans and advances to customers at domestic branches that had been transferred from Stage 1 to Stage 2 was RMB194,028 million (for the year ended 31 December 2024: RMB172,277 million). The gross carrying amount of loans transferred from Stage 2 to Stage 3 was RMB52,435 million (for the year ended 31 December 2024: RMB40,113 million). The gross carrying amount of loans transferred from Stage 2 to Stage 1 was RMB60,110 million (for the year ended 31 December 2024: RMB55,786 million). The changes of impairment allowances resulting from loans transferred from Stage 1 to Stage 3, and Stage 3 to Stage 1 and Stage 2 was not significant (for the year ended 31 December 2024: not significant). For the year ended 31 December 2025, the gross carrying amount of personal loans and advances to customers at domestic branches that had been transferred from Stage 2 to Stage 3 was RMB37,195 million (for the year ended 31 December 2024: RMB34,927 million). Changes in impairment allowances resulting from changes in stage designations of other personal loans and advances to customers at domestic branches were not significant (for the year ended 31 December 2024: not significant).

For the year ended 31 December 2025, the gross carrying amount of the loans of which impairment allowances were transferred from Stage 3 to Stage 2, and from Stage 3 or Stage 2 to Stage 1, due to the modification of contractual cash flows of domestic branches which did not result in derecognition was not significant (for the year ended 31 December 2024: not significant).

(4) Packaged disposal of non-performing loans

For the year ended 31 December 2025, the Group's total amount of non-performing loans sold through packaged disposal to external asset management companies was RMB23,726 million (for the year ended 31 December 2024: RMB16,840 million).

(5) Write-offs

According to the Group's Write-offs policy, it is required to continue to recover the bad debts that are written off. For the year ended 31 December 2025, the amount of loans and advances to customers that the Group has written off under litigation-related condition but still under enforcement was RMB5,754 million (for the year ended 31 December 2024: RMB11,002 million).

Remeasurements	(i)	31	3	25	59
As at 31 December 2024		2,939	8	303	3,250

(i) Remeasurements comprise the impact of changes in PD, LGD, and EAD; changes in model assumptions and methodologies; changes in allowance for impairment losses due to stage-transfer; and the impact of exchange rate changes, etc.

As at 31 December 2025, the Group's financial assets measured at amortised cost with carrying amount of RMB9,945 million (as at 31 December 2024: RMB13,171 million) and financial assets measured at fair value through other comprehensive income with carrying amount of RMB24 million (as at 31 December 2024: RMB37 million) were impaired and classified as Stage 3, financial assets measured at amortised cost with carrying amount of RMB6,320 million (as at 31 December 2024: RMB218 million) and financial assets measured at fair value through other comprehensive income with carrying amount of RMB1,343 million (as at 31 December 2024: RMB933 million) were classified as Stage 2, and the remaining financial assets measured at amortised cost and financial assets measured at fair value through other comprehensive income were classified as Stage 1.

For the year ended 31 December 2025, the increase in the Group's Stage 1 financial assets due to newly originated or purchased financial assets amounted to RMB4,134,561 million (for the year ended 31 December 2024: RMB2,341,958 million), the decrease in Stage 1 financial assets due to derecognition amounted to RMB2,174,709 million (for the year ended 31 December 2024: RMB1,340,509 million), and there were no significant changes in the balances of financial assets classified as Stage 2 and 3. Both the amounts of financial assets transferred between stages and the amounts of financial assets with modifications of contractual cash flows that did not result in a derecognition were not significant.

NOTES TO THE FINANCIAL STATEMENTS

(EXPRESSED IN MILLIONS OF RMB, UNLESS OTHERWISE STATED)

33 Goodwill

(1) The goodwill is mainly attributable to the expected synergies arising from the acquisition of CCB Asia and CCB Indonesia. The movements of the goodwill are as follows:

	2025	2024
As at 1 January	**2,522**	2,456
Additions through acquisitions	**38**	28
Allowances for impairment losses (Note 36)	**(4)**	(4)
Effect of exchange difference and others	**(140)**	42
As at 31 December	**2,416**	2,522

(2) Impairment test for CGU containing goodwill

The Group calculated the recoverable amounts of CGUs (including goodwill) in accordance with accounting policies. The Group estimated present values of future cash flows of CGUs using expected future cash flow projections based on financial forecasts approved by management. The average growth rates used by the Group were consistent with the forecasts in industry reports, while the discount rates reflected specific risks relating to relevant segments. The Group estimated net amounts of fair value less costs of disposal based on net assets within the CGUs.

As at 31 December 2025, the Group's goodwill impairment provision amounted to RMB40 million (as at 31 December 2024: RMB39 million).

34 Deferred tax

	31 December 2025	31 December 2024
Deferred tax assets	**139,747**	120,485
Deferred tax liabilities	**(2,576)**	(1,525)
Total	**137,171**	118,960

40 Financial liabilities measured at fair value through profit or loss

	31 December 2025	31 December 2024
Financial liabilities related to precious metals	**59,531**	17,720
Structured financial instruments	**264,699**	222,873
Total	**324,230**	240,593

The structured financial instruments included under the Group's financial liabilities measured at fair value through profit or loss are designated as financial liabilities measured at fair value through profit or loss. As at the end of the reporting period, the difference between the fair value of these financial liabilities and the contractual payables at maturity was not material. The amounts of changes in the fair value of these financial liabilities that were attributable to changes in credit risk of that liabilities were considered not significant during the year presented and cumulatively as at 31 December 2025 and 2024.

41 Financial assets sold under repurchase agreements

Other changes						
– Benefits paid	**(284)**	(305)	**(284)**	(305)	**–**	–
As at 31 December	**3,944**	4,271	**4,727**	4,766	**(783)**	(495)

Interest cost was recognised in operating expenses.

(i) Principal actuarial assumptions of the Group as at the end of the reporting period were as follows:

	31 December 2025	31 December 2024
Discount rate	**1.75%**	1.75%
Health care cost increase rate	**7.00%**	7.00%
Average expected future lifetime of eligible employees	**9.2 years**	9.6 years

Mortality assumptions are based on China Life Insurance Mortality Table (2010-2013). The Table published historical statistics in China.

(ii) The sensitivity analysis of the present value of supplementary retirement benefit obligations to changes in the weighted principal assumption is:

	Impact on present value of supplementary retirement benefit obligations	
	Increase in assumption by 0.25%	**Decrease in assumption by 0.25%**
Discount rate	**(76)**	**79**
Health care cost increase rate	**34**	**(33)**

NOTES TO THE FINANCIAL STATEMENTS

(EXPRESSED IN MILLIONS OF RMB, UNLESS OTHERWISE STATED)

43 Accrued staff costs (continued)

(1) Post-employment benefits (continued)

(b) Defined benefit plans – Supplementary retirement benefits (continued)

(iii) As at 31 December 2025, the weighted average duration of supplementary retirement benefit obligations of the Group was 7.8 years (as at 31 December 2024: 8.0 years).

(iv) Plan assets of the Group are as follows:

	31 December 2025	31 December 2024
Cash and cash equivalents	**1,414**	1,830
Equity instruments	**778**	663
Debt instruments and others	**2,535**	2,273
Total	**4,727**	4,766

(2) Accrued staff costs – others mainly include employee welfare, medical insurance, maternity insurance and employment injury insurance.

44 Taxes payable

	31 December 2025	31 December 2024
Income tax	**13,425**	28,324

46 Debt securities issued (continued)

(5) Eligible Tier 2 capital bonds issued (continued)

(a) The Group elected to exercise the option to redeem all the bonds on 24 June 2025.

(b) The Group elected to exercise the option to redeem all the bonds on 14 September 2025.

(c) The Group has an option to redeem the bonds on 10 August 2026, subject to agreement from the relevant authority. These eligible Tier 2 capital bonds have the write-down feature of a Tier 2 capital instrument, which allows the Bank to write down in full or in part the principal of the bonds when a regulatory triggering event occurs. The accumulated unpaid interest associated with the portion of bonds written off will not be paid either.

(d) The Group has an option to redeem the bonds on 10 August 2031, subject to agreement from the relevant authority. These eligible Tier 2 capital bonds have the write-down feature of a Tier 2 capital instrument, which allows the Bank to write down in full or in part the principal of the bonds when a regulatory triggering event occurs. The accumulated unpaid interest associated with the portion of bonds written off will not be paid either.

(e) The Group has an option to redeem the bonds on 9 November 2026, subject to agreement from the relevant authority. These eligible Tier 2 capital bonds have the write-down feature of a Tier 2 capital instrument, which allows the Bank to write down in full or in part the principal of the bonds when a regulatory triggering event occurs. The accumulated unpaid interest associated with the portion of bonds written off will not be paid either.

(f) The Group has an option to redeem the bonds on 9 November 2031, subject to agreement from the relevant authority. These eligible Tier 2 capital bonds have the write-down feature of a Tier 2 capital instrument, which allows the Bank to write down in full or in part the principal of the bonds when a regulatory triggering event occurs. The accumulated unpaid interest associated with the portion of bonds written off will not be paid either.

(g) The Group has an option to redeem the bonds on 14 December 2026, subject to agreement from the relevant authority. These eligible Tier 2 capital bonds have the write-down feature of a Tier 2 capital instrument, which allows the Bank to write down in full or in part the principal of the bonds when a regulatory triggering event occurs. The accumulated unpaid interest associated with the portion of bonds written off will not be paid either.

(h) The Group has an option to redeem the bonds on 14 December 2031, subject to agreement from the relevant authority. These eligible Tier 2 capital bonds have the write-down feature of a Tier 2 capital instrument, which allows the Bank to write down in full or in part the principal of the bonds when a regulatory triggering event occurs. The accumulated unpaid interest associated with the portion of bonds written off will not be paid either.

(i) The Group has an option to redeem the bonds on 21 January 2027, subject to agreement from the relevant authority. These eligible Tier 2 capital bonds have the write-down feature of a Tier 2 capital instrument, which allows the Bank to write down in full or in part the principal of the bonds when a regulatory triggering event occurs. The accumulated unpaid interest associated with the portion of bonds written off will not be paid either.

(j) The Group has an option to redeem the bonds on 17 June 2027, subject to agreement from the relevant authority. These eligible Tier 2 capital bonds have the write-down feature of a Tier 2 capital instrument, which allows the Bank to write down in full or in part the principal of the bonds when a regulatory triggering event occurs. The accumulated unpaid interest associated with the portion of bonds written off will not be paid either.

(k) The Group has an option to redeem the bonds on 17 June 2032, subject to agreement from the relevant authority. These eligible Tier 2 capital bonds have the write-down feature of a Tier 2 capital instrument, which allows the Bank to write down in full or in part the principal of the bonds when a regulatory triggering event occurs. The accumulated unpaid interest associated with the portion of bonds written off will not be paid either.

(l) The Group has an option to redeem the bonds on 7 November 2027, subject to agreement from the relevant authority. These eligible Tier 2 capital bonds have the write-down feature of a Tier 2 capital instrument, which allows the Bank to write down in full or in part the principal of the bonds when a regulatory triggering event occurs. The accumulated unpaid interest associated with the portion of bonds written off will not be paid either.

(m) The Group has an option to redeem the bonds on 7 November 2032, subject to agreement from the relevant authority. These eligible Tier 2 capital bonds have the write-down feature of a Tier 2 capital instrument, which allows the Bank to write down in full or in part the principal of the bonds when a regulatory triggering event occurs. The accumulated unpaid interest associated with the portion of bonds written off will not be paid either.

(n) The Group has an option to redeem the bonds on 28 March 2028, subject to agreement from the relevant authority. These eligible Tier 2 capital bonds have the write-down feature of a Tier 2 capital instrument, which allows the Bank to write down in full or in part the principal of the bonds when a regulatory triggering event occurs. The accumulated unpaid interest associated with the portion of bonds written off will not be paid either.

(o) The Group has an option to redeem the bonds on 28 March 2033, subject to agreement from the relevant authority. These eligible Tier 2 capital bonds have the write-down feature of a Tier 2 capital instrument, which allows the Bank to write down in full or in part the principal of the bonds when a regulatory triggering event occurs. The accumulated unpaid interest associated with the portion of bonds written off will not be paid either.

46 Debt securities issued (continued)

(5) Eligible Tier 2 capital bonds issued (continued)

(p) The Group has an option to redeem the bonds on 26 October 2028, subject to agreement from the relevant authority. These eligible Tier 2 capital bonds have the write-down feature of a Tier 2 capital instrument, which allows the Bank to write down in full or in part the principal of the bonds when a regulatory triggering event occurs. The accumulated unpaid interest associated with the portion of bonds written off will not be paid either.

(q) The Group has an option to redeem the bonds on 26 October 2033 subject to agreement from the relevant authority. These eligible Tier 2 capital bonds have the write-down feature of a Tier 2 capital instrument, which allows the Bank to write down in full or in part the principal of the bonds when a regulatory triggering event occurs. The accumulated unpaid interest associated with the portion of bonds written off will not be paid either.

(r) The Group has an option to redeem the bonds on 16 November 2028 subject to agreement from the relevant authority. These eligible Tier 2 capital bonds have the write-down feature of a Tier 2 capital instrument, which allows the Bank to write down in full or in part the principal of the bonds when a regulatory triggering event occurs. The accumulated unpaid interest associated with the portion of bonds written off will not be paid either.

(s) The Group has an option to redeem the bonds on 16 November 2033, subject to agreement from the relevant authority. These eligible Tier 2 capital bonds have the write-down feature of a Tier 2 capital instrument, which allows the Bank to write down in full or in part the principal of the bonds when a regulatory triggering event occurs. The accumulated unpaid interest associated with the portion of bonds written off will not be paid either.

(t) The Group has an option to redeem the bonds on 5 February 2029, subject to agreement from the relevant authority. These eligible Tier 2 capital bonds have the write-down feature of a Tier 2 capital instrument, which allows the Bank to write down in full or in part the principal of the bonds when a regulatory triggering event occurs. The accumulated unpaid interest associated with the portion of bonds written off will not be paid either.

(u) The Group has an option to redeem the bonds on 5 February 2034, subject to agreement from the relevant authority. These eligible Tier 2 capital bonds have the write-down feature of a Tier 2 capital instrument, which allows the Bank to write down in full or in part the principal of the bonds when a regulatory triggering event occurs. The accumulated unpaid interest associated with the portion of bonds written off will not be paid either.

(v) The Group has an option to redeem the bonds on 8 July 2029, subject to agreement from the relevant authority. These eligible Tier 2 capital bonds have the write-down feature of a Tier 2 capital instrument, which allows the Bank to write down in full or in part the principal of the bonds when a regulatory triggering event occurs. The accumulated unpaid interest associated with the portion of bonds written off will not be paid either.

(w) The Group has an option to redeem the bonds on 8 July 2034, subject to agreement from the relevant authority. These eligible Tier 2 capital bonds have the write-down feature of a Tier 2 capital instrument, which allows the Bank to write down in full or in part the principal of the bonds when a regulatory triggering event occurs. The accumulated unpaid interest associated with the portion of bonds written off will not be paid either.

(x) The Group has an option to redeem the bonds on 30 December 2029, subject to agreement from the relevant authority. These eligible Tier 2 capital bonds have the write-down feature of a Tier 2 capital instrument, which allows the Bank to write down in full or in part the principal of the bonds when a regulatory triggering event occurs. The accumulated unpaid interest associated with the portion of bonds written off will not be paid either.

(y) The Group has an option to redeem the bonds on 27 March 2030, subject to agreement from the relevant authority. These eligible Tier 2 capital bonds have the write-down feature of a Tier 2 capital instrument, which allows the Bank to write down in full or in part the principal of the bonds when a regulatory triggering event occurs. The accumulated unpaid interest associated with the portion of bonds written off will not be paid either.

(z) The Group has an option to redeem the bonds on 25 July 2030, subject to agreement from the relevant authority. These eligible Tier 2 capital bonds have the write-down feature of a Tier 2 capital instrument, which allows the Bank to write down in full or in part the principal of the bonds when a regulatory triggering event occurs. The accumulated unpaid interest associated with the portion of bonds written off will not be paid either.

(aa) The Group has an option to redeem the bonds on 25 July 2035, subject to agreement from the relevant authority. These eligible Tier 2 capital bonds have the write-down feature of a Tier 2 capital instrument, which allows the Bank to write down in full or in part the principal of the bonds when a regulatory triggering event occurs. The accumulated unpaid interest associated with the portion of bonds written off will not be paid either.

(ab) The Group has an option to redeem the bonds on 8 December 2030, subject to agreement from the relevant authority. These eligible Tier 2 capital bonds have the write-down feature of a Tier 2 capital instrument, which allows the Bank to write down in full or in part the principal of the bonds when a regulatory triggering event occurs. The accumulated unpaid interest associated with the portion of bonds written off will not be paid either.

(6) In 2025 and 2024, there were no defaults by the Group on principal and interests, nor were there any other defaults related to debt securities issued.

Less: Issuance fee							(23)		
Carrying amount							59,977		

(b) The key terms

Dividend

The nominal dividend rate of the Domestic Preference Shares is adjusted on a phase-by-phase basis. It is the sum of the benchmark rate plus the fixed interest spread, and is adjusted every five years. The fixed interest spread is determined as the nominal dividend rate set for issuance less the benchmark rate at the time of issuance, and will not be subject to future adjustments. The dividends for domestic preference shares are non-cumulative. The Bank has the right to cancel dividend distribution on Domestic Preference Shares, and the cancellation does not constitute a default event. The Bank may, at its discretion, use the cancelled dividends to repay other indebtedness due and payable. If the Bank cancels all or part of the dividends on the Domestic Preference Shares, the Bank shall make no profit distribution to shareholders holding ordinary shares from the day after the cancellation proposal is adopted by the General Shareholders' Meeting to the day when full distribution of dividends is resumed. The cancellation of dividends on Domestic Preference Shares will not constitute other restrictions to the Bank except for the distribution of dividends to ordinary shareholders.

The dividends on the Domestic Preference Shares are distributed annually.

49 Other equity instruments (continued)

(1) Preference shares (continued)

(b) The key terms (continued)

Redemption

The Bank may, subject to the NFRA's approval and compliance with the redemption preconditions, redeem in whole or in part of the Domestic Preference Shares after at least five years from the completion date of the issuance (i.e., 27 December 2017). The redemption period begins from the first day of the redemption and ends on the day when all Domestic Preference Shares are redeemed or converted. The redemption price of the Domestic Preference Shares shall be their issue price plus any dividends accrued but unpaid in the current period.

Compulsory conversion of preference shares

If an Additional Tier 1 Capital Instrument Trigger Event occurs, i.e., the Common Equity Tier 1 ratio of the Bank has fallen to 5.125% or below, the Bank has the right to, without prior consent from the shareholders of the domestic preference shares and as agreed, convert all or part of the domestic preference shares issued and outstanding to ordinary A shares, to restore the Bank's Common Equity Tier 1 ratio to above the trigger point (i.e., 5.125%). In the case of partial conversion, the domestic preference shares shall be subject to the same proportion and conditions of conversion. Once domestic preference shares are converted to ordinary A shares, they shall not be converted back to preference shares under any circumstances.

When a Tier 2 Capital Instrument Trigger Event occurs, the Bank has the right to, without prior consent of the shareholders of the Domestic Preference Shares and as agreed, convert all the Domestic Preference Shares issued and outstanding to ordinary A shares. Once Domestic Preference Shares are converted to ordinary A shares, they shall not be converted back to preference shares under any circumstances. A Tier 2 Capital Instrument Trigger Event is the earlier of the following two scenarios: (i) the NFRA having decided that without a conversion or write-off of the Bank's capital, the Bank would become non-viable; and (ii) the relevant authorities having decided that a public sector injection of capital or equivalent support is necessary, without which the Bank would become non-viable. When the compulsory conversion of preference shares occurs, the Bank shall report to the NFRA for approval and decision, and perform the announcement obligation according to the regulations of the Securities Law and China Securities Regulatory Commission ("CSRC").

The Bank classified preference shares issued as an equity instrument and presented as an equity item on the statement of financial position. Capital raised from the issuance of the above preference shares, after deduction of the expenses relating to the issuance, was wholly used to replenish the Bank's additional tier 1 capital and to increase its capital adequacy ratios.

Carrying amount							140,000		

(b) The key terms

Distribution rate and distribution payment

The distribution rate of the Undated Additional Tier 1 Capital Bonds (or "the Bonds") will be adjusted at defined intervals, with a distribution rate adjustment period every 5 years since the payment settlement date. In any distribution rate adjusted period, the distribution payments on the Bonds will be made at a prescribed fixed distribution rate. The distribution rate is determined by a benchmark rate plus a fixed interest spread.

The Bank shall have the right to cancel, in whole or in part, distributions on the Bonds and any such cancellation shall not constitute an event of default. When exercising such right, the Bank will take into full consideration the interest of the holders of the Bonds. The Bank may, at its sole discretion, use the proceeds from the cancelled distributions to meet other obligations as they fall due. In the case of cancelling any distributions on the Bonds, no matter in whole or in part, the Bank shall not make any distribution to the ordinary shareholders from the next day following the resolution being approved by the general shareholders meeting, until its decision to resume the distribution payments in whole to the holders of the Bonds. The distributions on the Bonds are non-cumulative, namely, upon cancellation, any amount of distribution unpaid to the holders of the Bonds in the applicable period will not accumulate or compound to the subsequent distribution period thereafter.

The distributions of the Bonds will be payable annually.

Conditional redemption rights of the Bank

From the fifth anniversary since the issuance of the Bonds, the Bank may redeem whole or part of the Bonds on each distribution payment date (including the fifth distribution payment date since the issuance). If, after the issuance, the Bonds no longer qualify as Additional Tier 1 Capital as a result of an unforeseeable change or amendment to relevant provisions of supervisory regulations, the Bank may redeem the whole but not part of the Bonds.

The exercise of the Bank's redemption right shall be subject to the consent of the NFRA and the satisfaction of the following preconditions: (i) the Bank shall use capital instruments of the same or better quality to replace the instruments to be redeemed, and such replacement shall only be carried out at conditions which are sustainable for the income capacity; (ii) or the capital position of the Bank after the redemption right is exercised will remain well above the regulatory capital requirements stipulated by the NFRA.

49 Other equity instruments (continued)

(2) Perpetual bonds (continued)

(b) The key terms (continued)

Write-down/write-off clauses

Upon the occurrence of a Non-Viability Trigger Event, the Bank has the right to write down/write off in whole or in part, without the need for consent of the holders of the Bonds, the principal amount of the Bonds. The amount of the write-down/write-off shall be determined by the ratio of the outstanding principal amount of the Undated Additional Tier 1 Capital Bonds to the aggregate principal amount of all additional tier 1 capital instruments with the identical Trigger Event. A Non-Viability Trigger Event refers to the earlier of the following events: (i) the NFRA having decided that the Bank would become non-viable without a write-down/write-off; (ii) any relevant authority having decided that a public sector injection of capital or equivalent support is necessary, without which the Bank would become non-viable. The write-down/write-off will not be restored.

Subordination

The claims in respect of the Bonds will be subordinated to the claims of depositors, general creditors, and subordinated indebtedness that ranks senior to the Bonds; will rank in priority to all classes of shares held by the Bank's shareholders and rank pari passu with the claims in respect of any other additional tier 1 capital instruments of the Bank that rank pari passu with the Bonds.

The Bank classified the Bonds issued as an equity instrument and presented as an equity item on the statement of financial position. Capital raised from the issuance of the Bonds, after deduction of the expenses relating to the issuance, was wholly used to replenish the Bank's additional tier 1 capital and to increase its capital adequacy ratios.

52 Surplus reserve

Surplus reserves consist of statutory surplus reserve fund and discretionary surplus reserve fund.

The Bank is required to allocate 10% of its net profit, as determined under the Accounting Standards for Business Enterprises and other relevant requirements issued by the MOF on 15 February 2006. After making appropriations to the statutory surplus reserve fund, the Bank may also allocate its net profit to the discretionary surplus reserve fund upon approval by shareholders in shareholders' general meeting.

53 General reserve

The general reserves of the Group are set up based on the requirements of:

	Note	31 December 2025	31 December 2024
MOF	(1)	**572,402**	521,876
Hong Kong Banking Ordinance	(2)	**2,124**	2,124
Other regulatory bodies in the Chinese mainland	(3)	**11,783**	9,858
Other overseas regulatory bodies		**742**	733
Total		**587,051**	534,591

(1) Pursuant to relevant regulations issued by the MOF, the Bank has to appropriate a certain amount of its net profit as general reserves to cover potential losses against its assets. In accordance with the "*Regulation on Management of Financial Institutions for Reserves*" (Cai Jin [2012] No. 20) issued by the MOF on 30 March 2012, the general reserves balance for financial institutions should not be lower than 1.5% of the ending balance of risk assets.

(2) Pursuant to the requirements of the Hong Kong Banking Ordinance, the Group's banking operations in Hong Kong are required to set aside amounts in a regulatory reserve in respect of losses which it will, or may, incur on loans and advances to customers, in addition to impairment losses recognised in accordance with the accounting policies of the Group. Transfers to and from the regulatory reserve are made through retained earnings.

(3) Pursuant to the relevant regulatory requirements in the Chinese mainland, the Bank's subsidiaries are required to appropriate a certain amount of its net profit as general reserves.

54 Profit distribution

In the first extraordinary general meeting of 2025 held on 22 April 2025, the shareholders approved the profit distribution plan for 2024. The total cash dividend for the year in an aggregate amount of RMB100,754 million. After deducting the interim dividend of RMB49,252 million, the Bank proposed to all ordinary shareholders a final cash dividend for 2024 in an aggregate amount of RMB51,502 million.

In the second extraordinary shareholders' meeting of 2025 held on 27 November 2025, the shareholders approved the interim profit distribution plan for 2025. The Bank appropriated interim cash dividend for 2025 in an aggregate amount of RMB48,605 million.

In the Board of Directors' Meeting, held on 30 October 2025 the directors approved the payment of dividends to domestic preference shareholders. The dividends for domestic preference shares distributed were RMB2,142 million (including tax), calculated using the nominal dividend rate of 3.57% (including tax) as set in the terms and conditions.

On 18 July 2025, according to the initial annual interest rate of 3.29% before the first interest rate reset date determined by the terms of the 2023 Undated Additional Tier 1 Capital Bonds (Series 1), the interest on perpetual bonds issued by the Bank was RMB987 million; On 31 August 2025, according to the initial annual interest rate of 3.20% before the first interest rate reset date determined by the terms of the 2022 Undated Additional Tier 1 Capital Bonds, the interest on perpetual bonds issued by the Bank was RMB1,280 million; On 26 September 2025, according to the initial annual interest rate of 3.37% before the first interest rate reset date determined by the terms of the 2023 Undated Additional Tier 1 Capital Bonds (Series 2), the interest on perpetual bonds issued by the Bank was RMB1,011 million.

On 27 March 2026, the Board of Directors proposed the following profit distribution plan for 2025:

(1) Appropriate statutory surplus reserve amounted to RMB324,911 million, based on 10% of the net profit of the Bank amounted to RMB32,491 million for the year ended 31 December 2025 (for the year ended 31 December 2024: RMB32,290 million). It has been recorded in "Surplus reserve" as at the end of the reporting period.

(2) Appropriate general reserve amounted to RMB50,526 million, pursuant to relevant regulations issued by the MOF (for the year ended 31 December 2024: RMB37,833 million).

(3) The Board proposed to all shareholders a final cash dividend of RMB2.029 per ten shares (including tax) for 2025, totalling approximately RMB53,079 million. Such proposed dividends are not recognised as a liability as at the end of the reporting period. After considering interim dividend, total cash dividend for the year amounted to RMB3.887 per ten shares (including tax) for 2025 which collectively totalled approximately RMB101,684 million (for the year ended 31 December 2024: RMB4.030 per ten shares (including tax) for 2024 which collectively totalled approximately RMB100,754 million).

The above proposed profit distribution plan will become effective after receiving approval at shareholders' general meeting. Cash dividends will be paid subsequently.

56 Transfer of financial assets

The Group enters into transactions in the normal course of business by which it transfers recognised financial assets to third parties or to structured entities. In some cases where these transferred financial assets qualify for derecognition, the transfers may give rise to full or partial derecognition of the financial assets concerned. In other cases where the transferred assets do not qualify for derecognition as the Group has retained substantially all the risks and rewards of these assets, the Group continued to recognise the transferred assets.

Repurchase and Securities lending transactions

The financial assets that have not been derecognised but have been transferred consist mainly of securities that have been delivered to counterparties as collateral in repurchase transactions and securities lent out in securities lending transactions. Counterparties are allowed to sell or repledge those securities in the absence of any default in transactions with the Group, but at the same time, they have an obligation to return such securities to the Group upon maturity of the contract. The Group has determined that it retains substantially all the risks and rewards of these securities and therefore has not derecognised them. As at 31 December 2025, the carrying amounts of the Group's securities serving as collaterals under repurchase agreements and debt securities lent to counterparties was RMB1,460,885 million (as at 31 December 2024: RMB647,402 million).

Credit asset securitisation transactions

The Group enters into securitisation transactions in its normal course of business by which it transfers credit assets to structured entities which issue asset-backed securities to investors. The Group may retain interests in the form of holding subordinated tranches which would give rise to the Group's continuing involvement in the transferred assets. Those financial assets are recognised on the statement of financial position to the extent of the Group's continuing involvement, otherwise the financial assets are derecognised.

As at 31 December 2025, loans with an original carrying amount of RMB68,905 million (as at 31 December 2024: RMB68,905 million) have been securitised by the Group under arrangements in which the Group retained a continuing involvement in such assets. As at 31 December 2025 the carrying amount of assets that the Group continued to recognise was RMB379 million (as at 31 December 2024: RMB5,710 million). As at 31 December 2025, the carrying amount of continuing involvement assets and liabilities that the Group continued to recognise was RMB379 million (as at 31 December 2024: RMB5,710 million).

With respect to credit asset securitisations that did not qualify for derecognition as a whole, the Group continued to recognise credit assets that had been transferred, and recorded the consideration received as a financial liability. As at 31 December 2025, the carrying amount of transferred credit assets that the Group had continued to recognise was RMB20,936 million (as at 31 December 2024: RMB26,438 million) and the carrying amount of their associated financial liabilities was RMB13,717 million (as at 31 December 2024: RMB22,344 million).

As at 31 December 2025, the carrying amount of asset-backed securities held in the securitisation transaction derecognised by the Group was RMB1,139 million (as at 31 December 2024: RMB1,126 million), and its maximum loss exposure approximates to the carrying amount.

57 Operating segments

The Group has presented the operating segments in a manner consistent with the way in which information is reported internally to the Group's chief operating decision makers for the purposes of resource allocation and performance assessment. Measurement of segment assets and liabilities and segment income and results is based on the Group's accounting policies.

Transactions between segments are conducted under normal commercial terms and conditions. Internal charges and transfer prices are determined with reference to market rates and have been reflected in the performance of each segment. Net interest income and expense arising from internal charges and transfer pricing adjustments are referred to as "Internal net interest income/expense". Interest income and expense earned from third parties are referred to as "External net interest income/expense".

Segment revenues, results, assets and liabilities include items directly attributable to a segment as well as those that can be allocated on a reasonable basis. Segment income and results are determined before intra-group transactions are eliminated as part of the consolidation process. Segment capital expenditure is the total cost incurred during the period to acquire fixed assets, intangible assets and other long-term assets.

(1) Geographical segments

The Group operates principally in the Chinese mainland with branches covering all provinces, autonomous regions and municipalities directly under the central government, and several subsidiaries located in the Chinese mainland. The Group also has bank branch operations in Hong Kong, Macau, Taiwan, Singapore, Frankfurt, Johannesburg, Tokyo, Seoul, New York, Sydney, Ho Chi Minh City, Luxembourg, Toronto, London, Zurich, Dubai, Chile, Astana, Labuan, Auckland, etc., and certain subsidiaries operating in Hong Kong, Moscow, Luxembourg, British Virgin Islands, Auckland, Jakarta, San Paulo and Kuala Lumpur, etc.

In presenting information on the basis of geographical segments, operating income is allocated based on the location of the branches and subsidiaries that generate the income. Segment assets, liabilities and capital expenditure are allocated based on their geographical location.

Geographical segments of the Group, for management reporting purposes, are defined as follows:

- "Yangtze River Delta" refers to the following areas where the tier-1 branches and the subsidiary of the Bank operate: Shanghai Municipality, Jiangsu Province, Zhejiang Province, City of Ningbo and City of Suzhou;
- "Pearl River Delta" refers to the following areas where the tier-1 branches and the subsidiary of the Bank operate: Guangdong Province, City of Shenzhen, Fujian Province and City of Xiamen;
- "Bohai Rim" refers to the following areas where the tier-1 branches and the subsidiaries of the Bank operate: Beijing Municipality, Shandong Province, Tianjin Municipality, Hebei Province and City of Qingdao;
- the "Central" region refers to the following areas where the tier-1 branches and the subsidiary of the Bank operate: Shanxi Province, Hubei Province, Henan Province, Hunan Province, Jiangxi Province, Hainan Province and Anhui Province;
- the "Western" region refers to the following areas where the tier-1 branches of the Bank operate: Sichuan Province, Chongqing Municipality, Guizhou Province, Yunnan Province, Tibet Autonomous Region, Inner Mongolia Autonomous Region, Shaanxi Province, Gansu Province, Qinghai Province, Ningxia Autonomous Region, Guangxi Autonomous Region and Xinjiang Autonomous Region; and
- the "Northeastern" region refers to the following areas where the tier-1 branches of the Bank operate: Liaoning Province, Jilin Province, Heilongjiang Province and City of Dalian.

57 Operating segments (continued)

(2) Business segments

Business segments, as defined for management reporting purposes, are as follows:

Corporate finance business

This segment represents the provision of a range of financial products and services to corporations, government agencies and financial institutions. The products and services include corporate loans, trade financing, deposit taking and wealth management services, agency services, financial consulting and advisory services, cash management services, remittance and settlement services, guarantee services, and investment banking services, etc.

Personal finance business

This segment represents the provision of a range of financial products and services to individual customers. The products and services comprise personal loans, deposit taking and wealth management services, card business, remittance services and agency services, etc.

Treasury and asset management business

This segment covers the Group's treasury operations. The treasury and asset management segment enters into inter-bank deposit and placement transactions, repurchase and resale transactions, and invests in debt securities. It also trades in derivatives and foreign currencies for its own account. The treasury and asset management segment carries out customer-driven derivatives, foreign currency, precious metal trading and custody services. Its function also includes the management of the Group's overall liquidity position, including the issuance of debt securities.

Others

This segment covers equity investments and the revenues, results, assets and liabilities of overseas commercial banks.

NOTES TO THE FINANCIAL STATEMENTS

(EXPRESSED IN MILLIONS OF RMB, UNLESS OTHERWISE STATED)

58 Entrusted lending business

As at the end of the reporting period, the entrusted loans and entrusted funds were as follows:

	31 December 2025	31 December 2024
Entrusted loans	**4,802,787**	4,635,191
Entrusted funds	**4,802,787**	4,635,191

59 Pledged assets

(1) Assets pledged as securities

The Group's collateral for liabilities or contingent liabilities include financial assets such as securities and bills, which mainly serve as collateral for repurchase agreements, derivative contracts and local statutory requirements. As at 31 December 2025, the carrying values of the Group's financial assets pledged as collateral amounted to approximately RMB3,305,874 million (as at 31 December 2024: RMB2,245,262 million).

(2) Collateral accepted as securities for assets

As part of the resale agreements, the Group has received securities that were allowed to be sold or repledged in the absence of default by their owners. As at 31 December 2025, the Group has received securities with a fair value of RMB26,385 million on such terms (as at 31 December 2024: Nil).

60 Commitments and contingent liabilities

(1) Credit commitments

Credit commitments take the form of undrawn loan facilities which are approved and contracted, unutilised credit card limits, financial guarantees, letters of credit, etc. The Group assesses and makes provisions for any probable losses accordingly.

The contractual amounts of loan commitments and credit card overdraft commitments represent the cash outflows should the contracts be fully drawn upon. The amounts of guarantees and letters of credit represent the maximum potential loss that would be recognised if counterparties failed completely to perform as contracted. Acceptances comprise undertakings by the Group to pay bills of exchange drawn on customers.

As credit commitments may expire without being drawn upon, the contractual amounts set out in the following table do not represent the expected future cash outflows.

	31 December 2025	31 December 2024
Loan commitments		
– with an original maturity within one year	**143,553**	76,319
– with an original maturity of one year or over	**428,870**	431,376
Credit card commitments	**1,168,634**	1,193,146

Total	**4,195,861**	3,964,451

60 Commitments and contingent liabilities (continued)

(2) Credit risk-weighted asset amount

The credit risk-weighted asset amount refers to the amount as computed in accordance with the rules set out by the NFRA and depends on the status of the counterparty and the maturity characteristics.

	31 December 2025	31 December 2024
Credit risk-weighted asset amount of contingent liabilities and commitments	**1,349,220**	1,225,217

(3) Capital commitments

As at 31 December 2025, the Group's contracted for but not disbursed capital commitments amounted to RMB4,725 million (as at 31 December 2024: RMB3,245 million).

(4) Underwriting obligations

As at 31 December 2025, there was no unexpired underwriting commitment of the Group (as at 31 December 2024: Nil).

(5) Government bond redemption obligations

As an underwriting agent of PRC government bonds, the Group has the responsibility to buy back those bonds sold by it should the holders decide to early redeem the bonds held. The redemption price for the bonds at any time before their maturity date is based on the coupon value plus any interest unpaid and accrued up to the redemption date. Accrued interest payables to the bond holders are calculated in accordance with relevant rules of the MOF and the PBOC. The redemption price may be different from the fair value of similar instruments traded at the redemption date.

The redemption obligations, which represent the nominal value of government bonds underwritten and sold by the Group, but not yet matured as at 31 December 2025, were RMB50,267 million (as at 31 December 2024: RMB45,472 million).

(6) Outstanding litigations and disputes

As at 31 December 2025, the Group was the defendant in certain pending litigations and disputes with gross claims of RMB15,560 million (as at 31 December 2024: RMB12,790 million). Provisions have been made for the estimated losses arising from such litigations based upon the opinions of the Group's internal and external legal counsels (Note 45).

(7) Contingent liabilities

The Group assessed and made provisions for any probable outflow of economic benefits in relation to the commitments and contingent liabilities in accordance with their accounting policies.

(8) Impact of the *Guiding Opinions on Regulating the Asset Management Business of Financial Institutions*

The Group had completed the rectification of its legacy wealth management business by the end of 2025, in accordance with regulatory requirements such as the *Guiding Opinions on Regulating the Asset Management Business of Financial Institutions*.

61 Related party relationships and transactions

(1) Transactions with parent companies and their affiliates

The immediate and ultimate parents of the Group are Huijin and CIC, respectively.

As approved by the State Council, CIC was established on 29 September 2007 with registered capital of RMB1,550,000 million.

Huijin was incorporated on 16 December 2003 as a wholly-state-owned investment company. It was registered in Beijing with registered capital of RMB828,209 million. As a wholly-owned subsidiary of CIC, Huijin makes equity investment in key state-owned financial institutions as authorised by the State Council, and exercises the contributor's rights and obligations in key state-owned financial institutions up to its contribution amount on behalf of the State to achieve preservation and appreciation of state-owned financial assets. Huijin does not engage in any other commercial business activities, nor does it interfere with daily operations of the key state-owned financial institutions of which it is the controlling shareholder. As at 31 December 2025, Huijin directly held 54.61% of shares of the Bank.

Affiliates of parent companies include the subsidiaries under parent companies and other associates and joint ventures.

The Group's transactions with parent companies and their affiliates mainly include deposit taking, entrusted asset management, operating leases, lending, purchase and sale of debt securities, money market transactions and inter-bank clearing. These transactions are priced based on market prices and conducted under normal commercial terms.

The Group has issued subordinated debts with a nominal value of RMB12,000 million (as at 31 December 2024: RMB12,000 million). These are bearer bonds and tradable in the secondary market. The Group had no information in respect of the amount of the bonds held by the affiliates of parent companies as at the end of the reporting period.

(EXPRESSED IN MILLIONS OF RMB, UNLESS OTHERWISE STATED)

61 Related party relationships and transactions (continued)

(2) Transactions with the MOF

In 2025, the Bank issued ordinary A shares to the MOF and completed the share registration on 24 June 2025. The MOF is a national administrative authority responsible for fiscal revenue and expenditure, tax policies, and related matters. As at 31 December 2025, the MOF directly held 4.43% of the Bank's shares.

The Group's transactions with the MOF primarily involve holding government bonds issued by the MOF. These transactions are priced based on market prices and conducted under normal commercial terms.

In the ordinary course of business, the material transactions that the Group entered into with the MOF are as follows:

Amounts

	From 24 June to 31 December 2025

As at 31 December 2025, the total maximum guarantee limit of guarantee letters issued by the Bank with its subsidiaries as beneficiary was RMB838 million (as at 31 December 2024: RMB932 million).

As at 31 December 2025, the transactions among subsidiaries of the Group were mainly loans and advances to customers and other investment on bonds, and the balances of the above transactions were RMB2,044 million and RMB799 million, respectively, (as at 31 December 2024, the transactions among subsidiaries of the Group were mainly deposits with banks and non-bank financial institutions and deposits from banks and non-bank financial institutions, and the balances of the above transactions were RMB2,137 million and RMB1,444 million, respectively).

NOTES TO THE FINANCIAL STATEMENTS

(EXPRESSED IN MILLIONS OF RMB, UNLESS OTHERWISE STATED)

61 Related party relationships and transactions (continued)

(5) Transactions with other PRC state-owned entities

State-owned entities refer to those entities directly or indirectly owned by the PRC government through its government authorities, agencies, affiliates and other organisations. Transactions with other state-owned entities include but are not limited to: lending and deposit taking; taking and placing of inter-bank balances; entrusted lending and other custody services; insurance and securities agency, and other intermediary services; purchase, sale, underwriting and redemption of bonds issued by other state-owned entities; purchase, sale and leases of property and other assets; and rendering and receiving of utilities and other services.

These transactions are conducted in the ordinary course of the Group's banking business on terms similar to those that would have been entered into with non-state-owned entities. The Group's pricing strategy and approval processes for major products and services, such as loans, deposits and commission income, do not depend on whether the customers are state-owned entities or not. Having due regard to the substance of the relationships, the Group is of the opinion that none of these transactions were material related party transactions that require separate disclosure.

(6) Transactions with the Annuity Scheme and Plan Assets

Apart from the obligations for defined contributions to the Annuity Scheme and regular banking transactions, there were no other transactions between the Group and the Annuity Scheme in the year ended 31 December 2025 and 2024.

As at 31 December 2025, the fair value of the Group's supplementary retirement benefit plan assets managed by CCB Principal Asset Management and CCB Pension was RMB3,047 million (as at 31 December 2024: RMB3,143 million), and management fees payable to CCB Principal Asset Management and CCB Pension were RMB5.00 million (as at 31 December 2024: RMB4.29 million).

(7) Key management personnel

Key management personnel are those persons having authorities and responsibilities for planning, directing and controlling the activities of the Group, directly or indirectly, including directors and senior executives. The Group enters into banking transactions with key management personnel in the normal course of business. For the years ended 31 December 2025 and 2024 there were no material transactions and balances with key management personnel.

The compensation before tax of directors and supervisors is disclosed in Note 16. The senior executives' annual compensation before individual income tax during the year is as follows:

	2025			
	Remuneration paid RMB'000	Contributions to defined contribution retirement schemes RMB'000	Other benefits in kind (Note (i)) RMB'000	Total (Note (ii)) RMB'000

(i) Other benefits in kind included the Bank's contributions to medical insurance, housing funds and other social insurances, which are payable to labour and security authorities based on the lower of certain percentage of the salaries and allowance or the prescribed upper limits as required by the relevant regulations issued by the government authorities. Other benefits also included the Bank's contribution to its own corporate annuity plan (which was set up in accordance with the relevant policies issued by the government authorities) and supplementary medical insurance.

(ii) The total compensation package for these key management personnel for the year ended 31 December 2025 has not yet been finalised in accordance with regulations of the PRC relevant authorities. The amount of the compensation to be adjusted for is not expected to have significant impact on the Group's financial statements for the year ended 31 December 2025. The final compensation will be disclosed in a separate announcement when determined.

(iii) Mr. Li Jianjiang has been serving as executive vice president and chief risk officer of the Bank since May 2024.

(iv) The total compensation package for certain key management personnel for the year ended 31 December 2024 had not been finalised in accordance with regulations of the PRC relevant authorities as at the date that the 2024 financial statements were announced. The aforesaid total compensation package for the key management personnel for the year ended 31 December 2024 has been reviewed and approved by the Board meeting of the Bank and the shareholders' general meeting of the Bank.

(v) From 2015 onwards, remuneration of the Bank's leaders administered by central authorities has been paid in accordance with relevant policies relating to the central remuneration reform.

(8) Loans, quasi-loans and other credit transactions to directors and senior executives

The Group had no material balance of loans, quasi-loans and other credit transactions to directors and senior executives as at the end of reporting period. Those loans, quasi-loans and other credit transactions to directors and senior executives were conducted in the normal and ordinary course of the business and under normal commercial terms or on the same terms and conditions with those which are available to other employees, based on terms and conditions granted to third parties adjusted for risk reduction.

62 Risk management

The Group has exposure to the following risks:

- credit risk
- market risk
- liquidity risk
- operational risk
- insurance risk

This note presents information about the Group's exposures to each of the above risks, the Group's objectives, policies and processes for measuring and managing risk, and the Group's capital management.

Risk management framework

The Board fulfils its risk management responsibilities pursuant to the Articles of Association of the Bank and regulatory requirements. The Board and its Risk Management Committee are responsible for developing risk management strategies and supervising the implementation of such strategies, evaluating the Group's overall risk profile, conducting regular reviews of the Group's statements of risk appetite and communicating the Group's risk appetite through relevant policies. Senior management and its Risk and Internal Control Management Committee are responsible for executing risk management strategies developed by the Board and organising the implementation of comprehensive risk management across the Group.

Risk Management Department is the lead department responsible for the Group's comprehensive risk management and leads market risk management. Credit Management Department is responsible for the Group's overall credit risk management and leads country risk management. Asset & Liability Management Department is the lead department responsible for the management of liquidity risk and interest rate risk in the banking book. Internal Control & Compliance Department is the lead department responsible for operational risk management. FinTech Department and Internal Control & Compliance Department take joint responsibility in leading IT risk management. Public Relations & Corporate Culture Department is the lead department responsible for reputational risk management. The Strategy and Policy Coordination Department is the lead department responsible for strategic risk management. Other risks are managed under the Group's comprehensive risk management framework in accordance with relevant policies and division of responsibilities.

The Bank continued to improve its group-wide integrated risk management system and effectively strengthened look-through risk management of its subsidiaries. Adhering to a prudent operation principle, it strengthened risk appetite management of subsidiaries, improved the pertinence and effectiveness of the risk management policy of "One Policy for One Subsidiary", and clearly defined differentiated risk control priorities for different types of subsidiaries. The Bank further reinforced constraints based on policies by effectively addressing the weaknesses in subsidiaries' policies and regulations, and enhanced the refined management of subsidiaries in terms of authorisation, limits, and approval. Additionally, it conducted risk scanning and detection of subsidiaries to clarify the risk profile, and bolstered risk management of key subsidiaries and key businesses, thereby laying a solid foundation for the high-quality development of its subsidiaries.

(1) Credit risk

Credit risk management

Credit risk represents the risk of financial loss that arises from the failure of a debtor or counterparty to discharge its contractual obligations or commitments to the Group.

Credit risk management includes key procedures such as, credit risk appetite, credit management, post investment and credit management, credit risk reporting, and expected credit loss approach implementation.

The Credit Management Department is the leading department responsible for overall management of the Group's credit risk. The Risk Management Department takes the lead in the development and implementation of the credit risk measurement tools including customers rating and facilities grading. The Special Assets Resolution Department is responsible for the special assets resolutions. The Credit Approval Department is responsible for specific credit management work such as comprehensive credit limits and credit approval of various credit businesses for the Group's customers. With the Credit Management Department taking the lead, the Credit Approval Department and the Risk Management Department participate in, share the workload and coordinate with other departments such as the Corporate Banking Department, the Inclusive Finance Department, the Institutional Banking Department, the International Business Department, the Strategic Clients Department, the Housing Finance & Personal Lending Department, the Credit Card Centre, and the Legal Affairs Department to implement credit risk management policies and procedures.

62 Risk management (continued)

(1) Credit risk (continued)

Credit risk management (continued)

With respect to credit risk management of corporate and institutional business, the Group has accelerated the adjustment of its businesses structure, enhanced post-lending (investment) monitoring, and refined the industry-specific guideline and policy baseline for credit approval. Management also fine-tuned eligibility and exit policies, and optimised economic capital management and industry risk limit management. All these policies have been implemented to maintain the stability of asset quality. The Group's credit risk management covers processes such as pre-lending (investment) due diligence, credit (investment) inspection, and post-lending (investment) monitoring for credit granting business. The Group performs pre-lending (investment) investigations by assessing the borrower's credit ratings based on internal rating criteria and completing the borrower's assessment report and by performing a comprehensive evaluation of the risks and rewards of the project and completing an evaluation report. Approvals must be authorised by approvers with the appropriate authorisation. The Group conducts ongoing post-lending (investment) monitoring activities, particularly focusing on the monitoring of credit risks arising from key industries and key clients, and takes timely measures to prevent and control these risks.

With respect to the personal credit business, the Group relies on credit assessment of applicants as the basis for loan approval. Customer relationship managers are required to assess the income, credit history, and repayment ability of the applicant. The customer relationship managers then forward the application and recommendations to the loan-approval departments for consent. The Group pays great attention to post-lending monitoring of personal loans, focuses on borrowers' repayment ability, the status of collateral and pledges and any changes to the value of collateral and pledges. Once a loan becomes overdue, the Group starts the recovery process according to standard recovery procedures.

To mitigate risks, the Group requests the customers to provide collateral and pledges or guarantees where appropriate. A refined management system and operating procedure for collateral and pledges have been developed, and there is a guideline to specify the suitability of accepting specific types of collateral and pledges. The values, structures and legal covenants of collateral and pledges are monitored continuously to ensure that they still serve their intended purposes and conform to market practices.

For risk management purposes, the Group conducts independent management over credit risk arising from derivatives exposures, with information disclosed in Notes (1)(k). The Group sets credit limits for treasury activities and monitors them regularly with reference to the fair values of the relevant financial instruments.

Measurement of expected credit losses (ECL)

The Group continues to improve its unified expected credit loss approach implementation system which has covered all credit risk exposures on and off-balance sheet, and clarified the division of responsibilities between the Board of Directors and its specialised committees, senior management, the leading department of the Head Office and other relevant departments. The Group has set up a comprehensive implementation management system, strengthened control over the entire implementation process, consolidated the foundation, and adhered to the high-quality implementation of the expected credit loss approach. In the implementation process of the expected credit loss approach, the Group has fully considered uncertainties facing credit risk management. Based on the results of expected credit loss assessment, the Group recognises allowances for impairment losses timely and adequately to ensure that that the accrued allowances for impairment losses have effectively covered expected credit losses.

(A) Segmentation of financial instruments

The Group adopts a "three-stage" model for impairment based on changes in credit risk since initial recognition or by determining whether the financial instruments are credit-impaired, to estimate the expected credit losses.

The key definition of the three stages are defined in Note 4(3)(f).

NOTES TO THE FINANCIAL STATEMENTS

(EXPRESSED IN MILLIONS OF RMB, UNLESS OTHERWISE STATED)

62 Risk management (continued)

(1) Credit risk (continued)

Measurement of expected credit losses (ECL) (continued)

(B) Significant increase in credit risk ("SICR")

The Group assesses at least quarterly whether the credit risk of a financial instrument has increased significantly since initial recognition. In accordance with the principle of substantive risk judgment, the Group compares the risk of default of financial instruments as at the end of reporting period with that as at the date of initial recognition for an individual financial instrument or a group of financial instruments with common credit risk characteristics to determine whether the credit risk has increased significantly since initial recognition. The Group sufficiently considers all reasonable and supportable information when making related assessments, including but not limited to: internal credit rating of the borrower; information such as business risk classification, overdue status, and contract terms; information on changes in the credit strategy or credit risk management methods towards the borrower; information such as the borrower's credit information, external ratings, changes in debt and equity prices, credit default swap prices, credit spreads, and public opinion; business and financial information of the borrower, its shareholders, and affiliated enterprises; and the macro economy, industry development, technological innovation, climate change, natural disasters, socio-economic and financial policies, government support or relief measures that may have a potential impact on the borrower's repayment capacity.

The Group has set qualitative and quantitative criteria for assessing whether the credit risk of financial instruments has increased significantly since initial recognition. For example, generally, the credit risk of loans whose internal credit ratings have fallen to level 15 and below, is regarded as having increased significantly.

Usually, if a financial instrument has been overdue for more than 30 days, then this indicates that the credit risk of this financial instrument has increased significantly.

(C) Definition of defaulted and credit-impaired assets

The Group considers a financial instrument as having defaulted when it is credit-impaired. Generally, financial instrument overdue for more than 90 days on contractual payment terms shall be considered as having credit-impaired.

The following factors can be referred to when determining whether credit impairment has occurred:

- Significant financial difficulty of the issuer or borrower;
- Breach of contract term, such as a default or delinquency in interest or principal payments;
- Concessions that would not otherwise be granted to the borrower, in light of economic or contractual considerations related to the borrower's financial difficulties;
- It is becoming probable that the borrower will enter bankruptcy or other financial reorganisation;
- Disappearance of an active market for financial assets because of financial difficulties of the issuer or borrower;
- A financial asset purchased or originated by a large discount which reflects the fact of credit-impairment having occurred; and
- Other objective evidence indicating there is a credit impairment of the financial asset.

The Group's definition of default has been consistently applied to the estimates of PD, LGD and EAD during the ECL measurement.

62 Risk management (continued)

(1) Credit risk (continued)

Measurement of expected credit losses (ECL) (continued)

(D) Explanation of parameters, assumptions and estimation techniques

The ECL is measured on either a 12-month or lifetime basis depending on whether a significant increase in credit risk has occurred since initial recognition or whether a financial instrument is considered to be credit-impaired. Expected credit losses are the discounted product of the weighted average of PD, LGD, and EAD under the optimistic, baseline and pessimistic scenarios.

Defined as follows:

PD refers to the likelihood of a debtor and its businesses defaulting in the future, after consideration of forward-looking information. Please refer to earlier disclosure in this note for the definition of default.

LGD refers to the Group's expected loss amount resulting from default as a proportion of total exposure, after consideration of forward-looking information.

EAD is the total amount of risk exposure on and off-balance sheet at the time of default. The exposure is determined by the repayment plan according to different types of products.

The discount rate used in the ECL measurement is the effective interest rate.

During the reporting period, based on changes in macroeconomic environment, the Group has updated forward-looking information used in the measurement of expected credit losses. Please refer to further disclosure in this note for forward-looking information which is incorporated in the measurement of expected credit losses.

The assumptions underlying the ECL measurement, such as the PDs for different maturities are monitored and reviewed on a quarterly basis.

During the reporting period, the Group continued to improve its unified ECL approach implementation management system and monitor models and parameters related to expected credit losses and carried out model optimisation by reference to monitoring results.

There have been no significant changes in estimation techniques and such assumptions made during the reporting period.

(E) Forward-looking information incorporated in the ECL

The Group has performed historical data analysis and identified the macroeconomic variables affecting expected credit losses, such as GDP, CPI, M2, PPI, RMB deposit reserve rate, London spot gold price, average exchange rate of US Dollar to RMB, sales price indices of second-hand residential buildings in 70 large and medium-sized cities, national real estate climate index, and so on.

The Group set forecast GDP value for baseline scenario by reference to average value of forecasts released by authoritative international and domestic institutions, and the forecast 2026 GDP growth value under the baseline scenario was set at round 5%. Forecast 2026 GDP growth value under the optimistic and pessimistic scenarios had been determined by moving up and down, by a certain degree, from the baseline scenario forecast. For other macroeconomic variables, the Group involved internal experts and used methods such as transmission models, economic principles, and expert judgment to calculate the predicted value of each variable under each scenario.

The Group constructs empirical models to derive the relationship between historical macroeconomic variables and PD and LGD, and calculates the PD and LGD values for a given future horizon using the forecasted macroeconomic variables.

The Group constructs empirical models to determine the weightings for optimistic, baseline and pessimistic scenarios. As at 31 December 2025 and 2024, the optimistic, baseline and pessimistic scenarios were of comparable weightings.

(F) Risk grouping

For the purpose of ECL measurement, the Group has divided businesses with common credit risk characteristics into separate groups. When grouping corporate business, the Group considered credit risk characteristics such as client type and the industry in which the client operates. When grouping personal business, the Group considered credit risk characteristics such as internal risk pool and product type. The Group obtained sufficient information to ensure risk grouping is statistically reliable.

NOTES TO THE FINANCIAL STATEMENTS

62 Risk management (continued)

(1) Credit risk (continued)

(a) Maximum credit risk exposure

The following table presents the maximum exposure to credit risk as at the end of the reporting period without taking into consideration any collaterals and pledges held or other credit enhancements. In respect of the financial assets recognised in the statement of financial position, the maximum exposure to credit risk is represented by the carrying amount after deducting any impairment allowance.

	31 December 2025	31 December 2024
Deposits with central banks	**3,005,611**	2,524,670
Deposits with banks and non-bank financial institutions	**190,622**	154,532
Placements with banks and non-bank financial institutions	**819,823**	672,875
Positive fair value of derivatives	**49,300**	108,053

Allowances for impairment losses on loans and advances measured at fair value through other comprehensive income	(2,309)	(5)	–	(2,314)

The Group classifies credit risk characteristics based on the quality of assets. "Low risk" means that loans are of good credit quality and there are no sufficient reasons to doubt that the borrowers of loans are not expected to fulfil its contractual obligations to repay its loans, nor are there any other behaviour breaching the loan contracts and impacting significantly on the repayment of loans; "Medium risk" means that there are factors adversely impacting on the repayment capacity of borrowers, but there are as yet no behaviour impacting significantly on normal repayment of loans; "High risk" means that failure of borrowers to repay loans in accordance with loan contract terms or other behaviour breaching the loan contracts and impacting significantly on the repayment of loans.

Off-balance sheet credit commitments

As at 31 December 2025 and 2024, the Group's credit risk exposures in off-balance sheet credit commitments were primarily designated as Stage 1 and were primarily assigned the "Low Risk" credit risk rating.

	31 December 2024			
	Stage 1 12-month ECL	Stage 2 Lifetime ECL	Stage 3 Lifetime ECL	Total
Low risk	9,928,818	881	–	9,929,699
Medium risk	23,776	270	–	24,046
High risk	–	–	13,208	13,208
Total carrying amount excluding accrued interest	9,952,594	1,151	13,208	9,966,953
Allowance for impairment losses on financial assets measured at amortised cost	(14,212)	(7)	(12,300)	(26,519)
Allowance for impairment losses on financial assets measured at fair value through other comprehensive income	(2,939)	(8)	(303)	(3,250)

The Group classifies financial investment risk characteristics based on asset eligibility and internal rating changes. "Low risk" means that the issuer's initial internal rating is above the eligible level, and there are no reasons to suspect that the financial investment is expected to be defaulted; "Medium risk" means that although the issuer's internal rating is reduced to a certain extent, but there are not enough reasons to suspect that the financial investment is expected to be defaulted; "High risk" means that there are obvious problems which may cause a default, or the financial investment indeed is defaulted.

High risk	**–**	**–**	**–**	**–**
Total carrying amount excluding accrued interest	**1,862,470**	**–**	**–**	**1,862,470**
Allowance for impairment losses	**(337)**	**–**	**–**	**(337)**

	31 December 2024			
	Stage 1 12-month ECL	Stage 2 Lifetime ECL	Stage 3 Lifetime ECL	Total
Low risk	1,445,054	–	–	1,445,054
Medium risk	–	–	–	–
High risk	–	–	–	–
Total carrying amount excluding accrued interest	1,445,054	–	–	1,445,054
Allowance for impairment losses	(571)	–	–	(571)

The Group classifies risk characteristics of amounts due from banks and non-bank financial institutions based on asset eligibility and internal rating changes. "Low risk" means that the issuer's initial internal rating is above the eligible level, and there are no reasons to suspect that the amount due from banks and non-bank financial institutions is expected to be defaulted; "Medium risk" means that although the issuer's internal rating is reduced to a certain extent, but there are not enough reasons to suspect that the amount due from banks and non-bank financial institutions is expected to be defaulted; "High risk" means that there are obvious problems which may cause a default, or the amount due from banks and non-bank financial institutions indeed is defaulted.

62 Risk management (continued)

(1) Credit risk (continued)

(i) Distribution of amounts due from banks and non-bank financial institutions in terms of credit quality is as follows:

	31 December 2025	31 December 2024
Credit-impaired	–	–
Allowances for impairment losses	–	–
Subtotal	–	–
Neither overdue nor credit-impaired		
– grades A to AAA	**1,400,014**	1,082,973
– grades B to BBB	**19,963**	28,420
– unrated	**442,493**	333,661
Accrued interest	**5,130**	5,483
Total	**1,867,600**	1,450,537
Allowances for impairment losses	**(337)**	(571)
Subtotal	**1,867,263**	1,449,966
Total	**1,867,263**	1,449,966

Amounts neither overdue nor credit-impaired are analysed above according to the Group's internal credit ratings. Unrated amounts due from banks and non-bank financial institutions include amounts due from a number of banks and non-bank financial institutions for which the Group has not assigned internal credit ratings.

NOTES TO THE FINANCIAL STATEMENTS

(EXPRESSED IN MILLIONS OF RMB, UNLESS OTHERWISE STATED)

62 Risk management (continued)

(1) Credit risk (continued)

(j) Distribution of debt investments analysed by rating

The Group adopts a credit rating approach to manage the credit risk of the debt investment portfolio held. The ratings are obtained from Bloomberg Composite, or major rating agencies where the issuers of the debt investments are located. The carrying amounts of the debt investments analysed by the rating agency designations as at the end of the reporting period are as follows:

	31 December 2025					
	Unrated	AAA	AA	A	Lower than A	Total

NOTES TO THE FINANCIAL STATEMENTS

(EXPRESSED IN MILLIONS OF RMB, UNLESS OTHERWISE STATED)

62 Risk management (continued)

(1) Credit risk (continued)

(k) Credit risk arising from the Group's derivative exposures

The Group's derivatives transactions entered into with customers have been hedged against transactions entered into with banks and non-bank financial institutions. The credit risk the Group is exposed to is related to customers, banks and non-bank financial institutions. The Group manages credit risk through regular monitoring.

From 1 January 2024, the Group adopted *the Rules on Capital Management of Commercial Banks* and other related policies. According to the rules set out by the NFRA, the Group measures the EAD of derivative transactions using the standardised approach for counterparty credit risk (SA-CCR), measures counterparty credit risk-weighted assets of derivative transactions using the standardised approach for credit risk, and measures risk-weighted assets for credit valuation adjustment using the reduced version of basic approach.

Analysed by counterparty credit risk-weighted asset:

	Note	**31 December 2025**	31 December 2024
Counterparty credit default risk-weighted assets			
– Interest rate contracts		**6,227**	6,598
– Exchange rate contracts		**62,668**	70,479
– Other contracts	(i)	**31,354**	39,940
Subtotal		**100,249**	117,017
Risk-weighted assets for credit valuation adjustment		**20,685**	46,944
Total		**120,934**	163,961

(i) Other contracts mainly consist of precious metals and commodity contracts.

(l) Settlement risk

The Group's activities may give rise to settlement risk at the time of the settlement of transactions and trades. Settlement risk is the risk of loss due to the failure of an entity to honour its obligations to deliver cash, securities or other assets as contractually agreed.

For certain types of transactions, the Group mitigates this risk by conducting settlements through a settlement or clearing agent to ensure that a trade is settled only when both parties have fulfilled their contractual settlement obligations.

62 Risk management (continued)

(1) Credit risk (continued)

(m) Sensitivity analysis

Models and parameters such as forward-looking empirical models, forecast values of macroeconomic variables and stage designation results would have an impact on ECL.

(i) Sensitivity analysis of segmentation

A significant increase in credit risk since initial recognition will result in financial assets transferring from Stage 1 to Stage 2, and the loss allowance for those financial assets shall be measured at an amount equal to the lifetime expected credit losses. The following tables present the impact of ECL from the second year to the end of the lifetime for financial assets in Stage 2.

	31 December 2025		
	Allowances for 12-month ECL of all performing financial assets	**Impact over lifetime**	**Current allowances for impairment losses**
Performing loans	**515,934**	**52,311**	**568,245**
Performing financial investments	**16,703**	**215**	**16,918**

	31 December 2024		
	Allowances for 12-month ECL of all performing financial assets	Impact over lifetime	Current allowances for impairment losses
Performing loans	502,471	45,810	548,281
Performing financial investments	17,159	7	17,166

The above allowances for impairment losses of financial assets did not contain the impairment loss allowances for loans and advances measured at fair value through other comprehensive income.

(ii) Sensitivity analysis of macroeconomic variables

The Group has carried out sensitivity analysis of GDP forecast. As at 31 December 2025, when GDP growth rate in the baseline scenario increased or decreased by 10%, the change in allowances for impairment losses of financial assets did not exceed 5% (as at 31 December 2024: did not exceed 5%).

(2) Market risk

Market risk is the risk of loss, in respect of the Group's on and off-balance sheet activities, arising from adverse movements in market rates including interest rates, foreign exchange rates, commodity prices and stock prices. Market risk arises from both the Group's trading and non-trading businesses. A trading book consists of positions in financial instruments and commodities held either with trading intent or in order to hedge other elements of the trading book. Non-trading book records those financial instruments and commodities which are not included in the trading book.

The Group continues to improve market risk management system. The Risk Management Department is responsible for leading the establishment of market risk management policies and rules, developing the market risk measurement tools, monitoring and reporting the trading market risk and related daily work. The Asset and Liability Management Department (the "ALM") is responsible for managing interest rate risk and exchange rate risk of non-trading businesses, as well as the size and structure of assets and liabilities in response to structural market risk. The Financial Market Department manages the Bank's RMB and foreign currency investment portfolios, conducts proprietary and customer-driven transactions, as well as implementing market risk management policies and rules. The Audit Department is responsible for regularly performing independent audits of the reliability and effectiveness of the processes constituting the risk management system.

NOTES TO THE FINANCIAL STATEMENTS

(EXPRESSED IN MILLIONS OF RMB, UNLESS OTHERWISE STATED)

62 Risk management (continued)

(2) Market risk (continued)

The Group's interest rate risk mainly comprises repricing risk and basis risk arising from the mismatch of term structure and pricing basis of assets and liabilities. The Group uses multiple tools such as repricing gap analysis, sensitivity analysis on net interest income, scenario analysis and stress testing, to monitor the interest rate risk periodically.

The Group's foreign exchange exposures mainly comprise exposures from foreign currency portfolios within treasury proprietary investments in debt securities and money market placements, and currency exposures from its overseas business. The Group manages its foreign exchange exposures by spot foreign exchange transactions and by matching its foreign currency denominated assets with corresponding liabilities in the same currency, and also uses derivatives in the management of its own foreign currency asset and liability portfolios and structural positions.

The Group monitors market risk separately in respect of trading portfolios and non-trading portfolios. Trading portfolios include exchange rate and interest rate derivatives as well as trading securities. The historical simulation model for the Value-at-Risk ("VaR") analysis is a major tool used by the Bank to measure and monitor the market risk of its trading portfolio. Net interest income sensitivity analysis, interest rate repricing gap analysis and foreign exchange risk concentration analysis are the major tools used by the Group to monitor the market risk of its overall businesses.

(a) VaR analysis

VaR is a technique which estimates the potential losses that could occur on risk positions taken, due to movements in market interest rates, foreign exchange rates of all books and other market prices over a specified time horizon and at a given level of confidence. The Risk Management Department calculates interest rates for the Bank's trading book, foreign exchange rates and commodity prices VaR for the Bank's trading book and banking book. By reference to historical movements in interest rates, foreign exchange rates and commodity prices, the Risk Management Department calculates VaR on a daily basis for the trading book and monitors it regularly. VaR is calculated at a confidence level of 99% and with a holding period of one day.

A summary of the VaR of the Bank's trading portfolio as at the end of the reporting period and during the respective years is as follows:

		2025			
	Note	As at 31 December	Average	Maximum	Minimum
VaR of trading portfolio		**231**	**288**	**379**	**204**
Of which:					
– Interest rate risk		**115**	**146**	**246**	**73**
– Foreign exchange risk	(i)	**195**	**273**	**363**	**176**
– Commodity risk		**15**	**6**	**40**	**–**

		2024			
	Note	As at 31 December	Average	Maximum	Minimum
VaR of trading portfolio		300	265	331	199
Of which:					
– Interest rate risk		75	37	88	22
– Foreign exchange risk	(i)	311	261	343	201
– Commodity risk		1	1	6	–

(i) The VaR in relation to bullion is included in the foreign exchange risk above.

62 Risk management (continued)

(2) Market risk (continued)

(a) VaR analysis (continued)

VaR for each risk factor is the independently derived largest potential loss for a specific holding period and at a given confidence level due to fluctuations solely in that risk factor. The individual VaRs do not add up to the total VaR as there is diversification effect due to correlation amongst the risk factors.

Although VaR is an important tool for measuring market risk, the assumptions on which the model is based give rise to some limitations, including the following:

- A 1-day holding period assumes that it is possible to hedge or dispose of positions within that period. This is considered to be a realistic assumption in almost all cases but may not be the case in situations in which there is severe market illiquidity for a prolonged period;
- A 99 percent confidence level does not reflect losses that may occur beyond this level. Within the model used, there is 1 percent probability that losses could exceed the VaR;
- VaR is calculated on an end-of-day basis and does not reflect exposures that may arise on positions during the trading day;
- The use of historical data as a basis for determining the possible range of future outcomes may not always cover all possible scenarios, especially those of an exceptional nature; and
- The VaR measure is dependent upon the Bank's position and the volatility of market prices. The VaR of an unchanged position reduces if the market price volatility declines and vice versa.

(b) Interest rate sensitivity analysis

In monitoring interest rate risk on its overall non-derivative financial assets and liabilities, the Bank regularly measures its future net interest income sensitivity to an increase or decrease in market interest rates (assuming no asymmetrical movement in yield curves and a constant financial position). An incremental 100 basis points parallel fall or rise in all yield curves, other than that applicable to deposits with central banks, would increase or decrease annualised net interest income of the Group by RMB61,732 million (as at 31 December 2024: RMB46,805 million). Had the impact of yield curves movement for demand deposits from customers been excluded, the annualised net interest income of the Group would decrease or increase by RMB91,958 million (as at 31 December 2024: RMB92,363 million). In the event of a parallel fall or rise of 100 basis points in the yield curve, equity would increase by RMB190,344 million (as at 31 December 2024: RMB119,288 million) or decrease by RMB170,372 million (as at 31 December 2024: RMB108,445 million), respectively.

The above interest rate sensitivity is for illustration purposes only and is assessed based on simplified assumptions. The figures here indicate estimated net interest income and equity movements under various predicted yield curve scenarios and subject to the Bank's current interest rate exposures. However, the possible risk management measures that can be undertaken by the interest risk management department or related business departments to mitigate interest rate risk have not been taken into account. In practice, the departments that manage the interest rate risk strive to reduce loss arising from the risk while increasing the net income. These figures are estimated on the assumption that the interest rates on various maturities will move within similar ranges, and therefore do not reflect the potential net interest income changes and equity changes in the event that interest rates on some maturities may change and others remain unchanged. Moreover, the above estimations are based on other simplified assumptions, including that all positions will be held to maturity and rolled over upon maturity.

NOTES TO THE FINANCIAL STATEMENTS

(EXPRESSED IN MILLIONS OF RMB, UNLESS OTHERWISE STATED)

62 Risk management (continued)

(2) Market risk (continued)

(c) Interest rate risk

Interest rate risk refers to the risk where the market interest rates, term structure and other factors may experience unfavourable fluctuations which impact the overall profitability and fair value resulting in losses to the Bank. The key determinants of the Group's interest rate risk arise from the mismatch between the maturity periods of the assets and liabilities, and inconsistent pricing basis, resulting in re-pricing risk and basis risk.

The ALM is responsible for regularly monitoring the interest rate risk positions and measuring the interest rate re-pricing gap. The main reason for measuring the interest rate re-pricing gap is to assist in analysing the impact of interest rate changes on net interest income.

The following tables indicate the analysis by the expected next repricing dates (or maturity dates whichever are earlier) for the assets and liabilities of the Group as at the end of the reporting period.

(i) For loans and advances to customers, the "within three months" category includes overdue amounts (net of allowances for impairment losses) of RMB61,881 million as at 31 December 2025 (as at 31 December 2024: RMB56,061 million).

(ii) Investments include financial assets measured at fair value through profit or loss, financial assets measured at amortised cost, financial assets measured at fair value through other comprehensive income and long-term equity investments, etc.

NOTES TO THE FINANCIAL STATEMENTS

(EXPRESSED IN MILLIONS OF RMB, UNLESS OTHERWISE STATED)

62 Risk management (continued)

(2) Market risk (continued)

(d) Currency risk

The Group's foreign exchange exposures mainly comprise exposures that arise from the foreign currency proprietary investments of the treasury business and currency exposures originated by the Group's overseas businesses.

The Group manages currency risk by spot and forward foreign exchange transactions and by matching its foreign currency denominated assets with corresponding liabilities in the same currency, and also uses derivatives (principally foreign exchange swaps and cross currency swaps) in the management of its own foreign currency asset and liability portfolios and structural positions.

The Group actively manages foreign currency exposures by minimising foreign exchange risk by business lines. Therefore, the net exposure is not sensitive to exchange rate fluctuations and the potential impact on the pre-tax profits and other comprehensive income of the Group is not material.

The currency exposures of the Group's assets and liabilities as at the end of the reporting period are as follows:

		31 December 2025

(i) Please refer to Note 62(2)(c)(ii) for the scope of investments.

(3) Liquidity risk

The Group adheres to a liquidity management strategy featuring prudence, decentralisation, coordination and diversification. Management's objective for liquidity risk management is to establish and improve a liquidity management system that can fully identify, accurately measure, continuously monitor, and effectively control liquidity risk, effectively balance the return on funds and security of funds, and safeguard the steady operation across the Bank.

The Group conducts quarterly liquidity risk stress testing in order to gauge its risk tolerance in different stress scenarios. The results of stress testing show that under different stress scenarios, the Group's liquidity risk is under control.

The Group adopts liquidity indicator analysis, remaining maturity analysis and undiscounted cash flow analysis to measure the liquidity risk.

NOTES TO THE FINANCIAL STATEMENTS

(EXPRESSED IN MILLIONS OF RMB, UNLESS OTHERWISE STATED)

62 Risk management (continued)

(4) Operational risk

The Board of the Bank assumes the ultimate responsibility for operational risk management. Senior management is responsible for the implementation of operational risk management, with key duties including organising the formulation of basic policies and rules on operational risk management. The operational risk organisational structure comprises business and management departments, operational risk management departments, and audit department.

The Group has formulated rules for operational risk management, and established an operational risk management system tailored to its business nature, size, complexity and risk profile. Such management framework strengthens the coordinated control of "three lines of defence" and uses operational risk appetite and its transmission as guiding principles. Empowered by operational risk management tools and supported by operational risk culture, staffing, incentives and disciplines, and IT systems, the Group continues to promote identification and assessment, control and mitigation, monitoring and reporting, and capital measurement of operational risks in business products and management activities. It also periodically reviews and optimises the operational risk management framework. In addition, it systematically embeds internal control requirements into the development of policies, processes, and systems related to operation management, implementing internal control measures across business operations, products, and management activities to effectively prevent and control operational risks and reduce losses.

In 2025, the Group actively benchmarked itself against the *Rules on Operational Risk Management of Banking and Insurance Institutions*, further improving management mechanisms such as the transmission of operational risk appetite, risk reporting and new product risk assessment to cement the foundation for operational risk management. It strictly implemented regulatory requirements, continued to refine its operational risk management and measurement framework, and systematically pressed ahead with regulatory assessment and validation related to the new standardised approach for operational risk. The Group conducted a new round of business impact analysis, established a coordination mechanism between periodic analyses and regular analyses, iterated its business continuity management strategy, and identified critical business operations so as to be well prepared for operational risk exposures. Furthermore, it conducted drills for critical business operations, focusing on key management areas to enhance emergency awareness and response capabilities of entities and personnel, thereby improving the effectiveness of such drills.

(5) Fair value of financial instruments

(a) Valuation process, technique and input

The Board is responsible for establishing a robust internal control policy of valuation, and takes the ultimate responsibility for the adequacy and effectiveness of internal control system. According to the requirements of the Board, senior management is responsible for organising and implementing the internal control system over the valuation process to ensure the effectiveness of the internal control system of valuation.

The Group has established an independent valuation process for financial assets and financial liabilities. The relevant departments are responsible for performing valuation, verifying valuation model and accounting of valuation results.

For the year ended 31 December 2025, there was no significant change in the valuation techniques or inputs used to determine fair value as compared to those used for the year ended 31 December 2024.

(b) Fair value hierarchy

The Group measures fair values using the following fair value hierarchy that reflects the significance of the inputs used in making the measurements:

- Level 1: Fair value based on quoted prices (unadjusted) in active markets for identical assets or liabilities.
- Level 2: Fair value based on inputs other than quoted prices included within level 1 that are observable for the asset or liability, either directly (that is, as prices) or indirectly (that is, derived from prices).
- Level 3: Fair value based on inputs for the asset or liability that are not based on observable market data (that is, unobservable inputs).

62 Risk management (continued)

(5) Fair value of financial instruments (continued)

(c) Financial instruments measured at fair value

(i) Fair value hierarchy

The tables below analyse financial instruments, measured at fair value at the end of the reporting period, by the level in the fair value hierarchy into which the fair value measurement is categorised:

	31 December 2025			
	Level 1	Level 2	Level 3	Total
Measured at fair value on a recurring basis				
Assets				
Positive fair value of derivatives	–	49,297	3	49,300
Loans and advances to customers				
– Loans and advances to customers measured at fair value through other comprehensive income	–	2,092,713	–	2,092,713
Financial assets measured at fair value through profit or loss				
Financial assets held for trading purposes				
– Debt securities	3,636	314,031	–	317,667
– Equity instruments and funds	1,756	2,368	–	4,124
Other financial assets measured at fair value through profit or loss				
– Debt securities	62	137,534	3,383	140,979
– Equity instruments, funds and others	20,423	243,883	147,918	412,224
Financial assets measured at fair value through other comprehensive income				
– Bond investments	414,423	3,816,967	957	4,232,347
– Debt investments	–	–	456	456
– Equity instruments designated as measured at fair value through other comprehensive income	21,540	–	28,363	49,903
Total	461,840	6,656,793	181,080	7,299,713
Measured at fair value on a recurring basis				
Liabilities				
Financial liabilities measured at fair value through profit or loss	–	322,715	1,515	324,230
Negative fair value of derivatives	–	89,801	3	89,804
Total	–	412,516	1,518	414,034

Other financial assets measured at fair value through profit or loss				
– Debt securities	5	141,604	3,472	145,081
– Equity instruments, funds and others	13,542	174,345	145,807	333,694
Financial assets measured at fair value through other comprehensive income				
– Bond investments	292,397	2,316,116	960	2,609,473
– Debt investments	–	–	41	41
– Equity instruments designated as measured at fair value through other comprehensive income	13,781	–	18,441	32,222
Total	323,522	4,501,798	168,725	4,994,045
Measured at fair value on a recurring basis				
Liabilities				
Financial liabilities measured at fair value through profit or loss	–	239,005	1,588	240,593
Negative fair value of derivatives	–	93,986	4	93,990
Total	–	332,991	1,592	334,583

A majority of the financial assets classified as level 2 are RMB bonds. The fair value of these bonds is determined based on the valuation results provided by China Central Depository & Clearing Co., Ltd. A majority of the financial liabilities designated as measured at fair value through profit or loss classified as level 2 are the funds raised from structured deposits, the fair value of which are determined based on the income approach. The majority of derivatives are classified as level 2 and valued using the income approach. For the valuation of financial instruments classified as level 2, all significant inputs are observable market data.

The financial assets classified as level 3 are primarily unlisted equity instruments. These financial assets are valued using the income approach and market approach, which incorporate the non-observable assumptions including discount rate and P/B ratio.

The Group upgraded certain financial instruments from Level 3 to Level 1 of the fair value hierarchy due to the fact that the valuation technique had changed or that certain previously unobservable significant inputs used in fair value measurements had now become observable.

NOTES TO THE FINANCIAL STATEMENTS

(EXPRESSED IN MILLIONS OF RMB, UNLESS OTHERWISE STATED)

62 Risk management (continued)

(5) Fair value of financial instruments (continued)

(d) Financial instruments not measured at fair value

(i) Financial assets

The Group's financial assets not measured at fair value mainly include cash and deposits with central banks, deposits and placements with banks and non-bank financial institutions, financial assets held under resale agreements, loans and advances to customers and financial assets measured at amortised cost.

Deposits with central banks, deposits and placements with banks and non-bank financial institutions and financial assets held under resale agreements

Deposits with central banks, deposits and placements with banks and non-bank financial institutions and financial assets held under resale agreements are mainly priced at market interest rates and mature within one year. Accordingly, the carrying values approximate to the fair values.

Loans and advances to customers

Majority of the loans and advances to customers measured at amortised cost are repriced at least annually to the market rate. Accordingly, their carrying values approximate to the fair values.

Financial assets measured at amortised cost

The following table shows the carrying values and the fair values of financial assets measured at amortised cost as at 31 December 2025 and 2024 which are not presented in the statement of financial position at their fair values.

	31 December 2025					31 December 2024				
	Carrying value	**Fair value**	**Level 1**	**Level 2**	**Level 3**	Carrying value	Fair value	Level 1	Level 2	Level 3
Financial assets measured at amortised cost	**7,739,652**	**8,207,460**	**5,791**	**8,158,832**	**42,837**	7,429,723	8,089,222	19,236	8,007,245	62,741
Total	**7,739,652**	**8,207,460**	**5,791**	**8,158,832**	**42,837**	7,429,723	8,089,222	19,236	8,007,245	62,741

(ii) Financial liabilities

The Group's financial liabilities not measured at fair value mainly include borrowings from central banks, deposits and placements from banks and non-bank financial institutions, financial assets sold under repurchase agreements, deposits from customers, and debt securities issued. As at 31 December 2025, the collective fair value of subordinated bonds, non-capital TLAC bonds and the eligible Tier 2 capital bonds was RMB725,160 million (as at 31 December 2024: RMB685,641 million) and the collective carrying value was RMB708,686 million (as at 31 December 2024: RMB663,503 million), and the carrying values of other financial liabilities approximated to their fair values as at the end of the reporting period. The Group uses observable inputs to measure the fair values of subordinated bonds, non-capital TLAC bonds and eligible Tier 2 capital bonds issued, and classified them as level 2 of the fair value hierarchy.

(6) Offsetting financial assets and financial liabilities

Certain financial assets and financial liabilities of the Group are subject to enforceable master netting arrangements or similar agreements. The agreement between the Group and the counterparty generally allows for net settlement of the relevant financial assets and financial liabilities when both elect to settle on a net basis. In the absence of such an election, financial assets and financial liabilities will be settled on a gross basis. However, each party to the master netting arrangements or similar agreements will have the option to settle all such amounts on a net basis in the event of default of the other party. These financial assets and financial liabilities of the Group are not offset.

In addition, financial assets and financial liabilities are offset against each other and reported as net amounts in the statement of financial position when certain agreements between the Group and its counterparties specify that both parties have a legally enforceable right to offset the recognised amounts and the transactions are intended to be settled on a net basis or by simultaneously realising the asset and settling the liability ("the offsetting criteria"). As at 31 December 2025, the amounts of financial assets and financial liabilities meeting the offsetting criteria are not material to the Group.

62 Risk management (continued)

(7) Insurance risk

The risk under an insurance contract is the possibility that the insured event occurs and the uncertainty in the resulting claim amount. By the very nature of an insurance contract, the risk is difficult to precisely predict or entails uncertainty. The principal risk that the Group faces under its insurance contracts is that the actual claims and benefit payments exceed the carrying amount of the insurance contract liabilities.

The Group manages the uncertainty of insurance risk through its underwriting strategy and policies to diversify underwriting risks, as well as adequate reinsurance arrangements, and enhanced underwriting control and claim control.

The Group makes related assumptions for insurance risks and recognises insurance contract liabilities. For long-term life insurance contracts and short-term life insurance contracts, the insurance risk may be aggravated by the difference between insurance risk assumptions and actual insurance risks, including assumptions on death events, relevant expenses, morbidity assumptions, the loss ratios assumptions and surrender rates assumptions, etc. For property and casualty insurance contracts, claims are often subject to factors such as natural disasters, catastrophes, and terrorist attacks. In addition, the insurance risk can also be affected by the policyholder's termination of the contract, reduction of premiums, and refusal to pay premiums, i.e., the insurance risk is affected by the actions and decisions of the policyholder.

(8) Capital management

The Bank has implemented comprehensive capital management, covering capital management policy design, capital projecting and planning, capital calculation, internal capital assessment, capital allocation, capital incentive, restriction and conduction, capital raising, monitoring and reporting, and applications of advanced approach of capital calculation in the management of the ordinary course of the business. General principles of capital management of the Bank are to continuously retain an adequate capital level, retain a certain margin of safety and a certain level of buffer based on that all regulatory requirements have been complied, and ensure that the capital can cover all kinds of risks adequately; exercise reasonable and effective capital allocation and strengthen capital restraint and incentive mechanism to support the strategic planning effectively and to restrict and conduct the business so as to increase the capital efficiency and return level continuously; consolidate capital strength, maintain relatively high capital quality, and reasonably apply a range of capital instruments to optimise capital structure based on the principle of leveraging both internal accumulation and external capital; continuously develop the advanced approach of capital management on the applications in the business management such as credit policies, credit approval and pricing.

Capital adequacy ratios are a reflection of the Group's ability to maintain a stable operation and resist adverse risks. In accordance with the NFRA's *Rules on Capital Management of Commercial Banks* and relevant regulations, commercial banks should meet the minimum capital requirements from 1 January 2024. The Common Equity Tier 1 ratio should be at or above a minimum of 5%, Tier 1 ratio at or above a minimum of 6% and the Total capital ratio at or above a minimum of 8%. Besides, capital conservation buffer requirements, additional buffer requirements of Global and Domestic Systemically Important Banks should also be met. If a countercyclical buffer is required or the Pillar 2 capital requirement is raised by the regulator to a specific commercial bank, the minimum requirements should be met within the transitional period.

The Group timely monitors, analyses and reports capital adequacy ratios, assesses if the capital management objectives have been met and exercises effective management of capital adequacy ratios. The Group adopts various measures such as controlling asset growth, adjusting the structure of risk assets, increasing internal capital supply and raising capital through external channels, to ensure that the Common Equity Tier 1 ratio, Tier 1 ratio and Total capital ratio of the Group are in full compliance with regulatory requirements and meet internal management requirements. This helps to insulate against potential risks as well as support healthy business developments. The Group now fully complies with all regulatory requirements in this respect.

The Group's capital planning has taken the regulatory requirements, the Group's development strategy and risk appetite into consideration, and based on those factors the Group projects the capital usage and need.

The capital raising management of the Group involves reasonable utilisation of various capital instruments to ensure that both external regulatory and internal capital management objectives are met, taking into account capital planning and operating environment. This helps to optimise the Group's capital structure.

The Bank is required to calculate and disclose capital adequacy ratios in accordance with the *Rules on Capital Management of Commercial Banks*. Based on the scope of *Rules on Capital Management of Commercial Banks* as approve by regulators, the Bank measures: 1) credit risk exposure of eligible financial institutions and capital requirements for corporate credit risk exposure using preliminary internal rating approach; 2) capital requirements for retail credit risk exposure using internal rating approach; 3) credit risk that has not been covered by internal rating approach using weighted approach; 4) market risk capital requirements using standard approach; and 5) operational risk capital requirements using standard approach. The Group calculates capital adequacy ratios using both advanced approach and other approaches for capital measurement in accordance with regulatory requirements and is in compliance with relevant requirements for capital floors.

NOTES TO THE FINANCIAL STATEMENTS

(EXPRESSED IN MILLIONS OF RMB, UNLESS OTHERWISE STATED)

62 Risk management (continued)

(8) Capital management (continued)

The Group's capital adequacy ratios calculated in accordance with the *Rules on Capital Management of Commercial Banks* issued by the NFRA as at the end of the reporting period are as follows:

	Note	31 December 2025	31 December 2024
Common Equity Tier 1 ratio	(a)(b)	**14.63%**	14.48%
Tier 1 ratio	(a)(b)	**15.47%**	15.21%
Total capital ratio	(a)(b)	**19.69%**	19.69%
Common Equity Tier 1 capital: instruments and reserves			
– Qualifying common share capital and capital reserve		**490,687**	385,621
– Surplus reserve		**434,687**	402,196
– General reserve		**586,449**	534,151
– Retained earnings		**1,929,943**	1,782,502
– Accumulated other comprehensive income		**26,669**	65,136
– Non-controlling interest given recognition in Common Equity Tier 1 capital		**4,271**	3,703
Common Equity Tier 1 capital: regulatory adjustments			
– Goodwill (net of deferred tax liabilities)		**2,061**	2,170
– Other intangible assets (excluding land use rights) (net of deferred tax liabilities)		**4,970**	5,009
– Cash flow hedge reserves that relate to the hedging of items that are not fair valued on the balance sheet		**823**	581
Additional Tier 1 capital: instruments			
– Qualifying Additional Tier 1 instruments		**199,977**	159,977
– Non-controlling interest given recognition in Additional Tier 1 capital		**142**	139
Additional Tier 1 capital: regulatory adjustments			
– Significant investments in the Additional Tier 1 capital of financial institutions outside the regulatory scope of consolidation		**1,188**	1,241
Tier 2 capital: instruments and provisions			
– Qualifying Tier 2 instruments		**638,904**	594,092
– Non-controlling interest given recognition in Tier 2 capital		**229**	226
– Provisions in Tier 2		**360,510**	384,521
Common Equity Tier 1 capital	(c)	**3,464,852**	3,165,549
Tier 1 capital	(c)	**3,663,783**	3,324,424
Total capital	(c)	**4,663,426**	4,303,263
Risk-weighted assets	(d)	**23,685,171**	21,854,590

Notes:

(a) The Common Equity Tier 1 ratio is calculated by dividing the Common Equity Tier 1 Capital after deduction by risk-weighted assets. Tier 1 ratio is calculated by dividing the Tier 1 Capital after deduction by risk-weighted assets. Total capital ratio is calculated by dividing the Total capital after deduction by risk-weighted assets.

(b) The scope for calculating capital adequacy ratios of the Group includes all the domestic and overseas branches and subsidiaries in the financial sector (excluding insurance companies).

(c) Common Equity Tier 1 capital is calculated by netting off the corresponding deduction items from the Common Equity Tier 1 capital before regulatory adjustments. Tier 1 capital is calculated by netting off the corresponding deduction items from the Tier 1 capital before regulatory adjustments. Total capital is calculated by netting off the corresponding deduction items from the Total capital before regulatory adjustments.

(d) Risk-weighted assets after applying capital floor requirements and making necessary adjustments.

64 Events after the reporting period

On 1 February 2026, the Group exercised the option to redeem all RMB6.00 billion capital replenishment bonds it issued in the domestic market on 28 January 2021 with an initial coupon rate of 4.30%.

65 Comparative figures

The Group has adjusted the presentation of comparative figures related to warehouse receipt transactions to stay consistent with requirements for presentation and disclosures of financial statements for the current period.

NOTES TO THE FINANCIAL STATEMENTS

(EXPRESSED IN MILLIONS OF RMB, UNLESS OTHERWISE STATED)

66 Ultimate parent

As stated in Note 1, the immediate and ultimate parents of the Group are Huijin and CIC, respectively.

67 Possible impact of amendments, new standards and interpretations issued but not yet effective

Up to the date of issue of the financial statements, the IASB has issued the following amendments, new standards and interpretations which are relevant to the Group. These amendments, new standards and interpretations are not yet effective for the year ended 31 December 2025 and have not been adopted in the financial statements.

	Standards	Effective for annual periods beginning on or after
(1)	Amendments to IFRS 10 and IAS 28 *Sale or Contribution of Assets between an Investor and its Associate or Joint Venture*	Effective date has been deferred indefinitely
(2)	IFRS 18 *Presentation and Disclosure in Financial Statements (New)*	1 January 2027
(3)	IFRS 19 *Subsidiaries without Public Accountability: Disclosures (New)*	1 January 2027
(4)	Amendments to IFRS 9 and IFRS 7 *Amendments to the Classification and Measurement of Financial Instruments*	1 January 2026
(5)	*Annual Improvements to IFRS Accounting Standards* – Volume 11 Amendments to IFRS 1, IFRS 7, IFRS 9, IFRS 10 and IAS 7	1 January 2026
(6)	Amendments to IFRS 19 *Subsidiaries without Public Accountability: Disclosures*	1 January 2027
(7)	Amendments to IAS 21 *Translation to a Hyperinflationary Presentation Currency*	1 January 2027

The Group anticipates that the adoption of the new standards and amendments will not have a significant impact on the Group's consolidated financial statements.

(1) Amendments to IFRS 10 and IAS 28 *Sale or Contribution of Assets between an Investor and its Associate or Joint Venture*

The narrow-scope amendments to IFRS 10 *Consolidated Financial Statements* and IAS 28 *Investments in Associates and Joint Ventures* clarify the accounting treatment for sales or contribution of assets between an investor and its associates or joint ventures. They confirm that the accounting treatment depends on whether the non-monetary assets sold or contributed to an associate or joint venture constitute a "business" (as defined in IFRS 3 "*Business Combinations*").

Where the non-monetary assets constitute a business, the investor will recognise the full gain or loss on the sale or contribution of assets. If the assets do not meet the definition of a business, the gain or loss is recognised by the investor only to the extent of the other investor's interests in the associate or joint venture. The amendments apply prospectively.

(2) IFRS 18 *Presentation and Disclosure in Financial Statements* (New)

The IASB issued IFRS 18 *Presentation and Disclosure in Financial Statements*, replacing IAS 1 *Presentation of Financial Statements*. Compared with the current IAS 1, the new requirements in IFRS 18 mainly include: introducing three new categories for income and expenses – operating, investing and financing – to improve the structure of the income statement; requiring the disclosures of management-defined performance measures to improve the transparency of performance indicators defined by management; and strengthening information aggregation and disaggregation to further improve the usefulness of information in financial statements in decision-making.

(3) IFRS 19 *Subsidiaries without Public Accountability: Disclosures* (New)

The IASB issued IFRS 19 *Subsidiaries without Public Accountability: Disclosures*, which allows voluntary adoption by eligible subsidiaries to reduce the cost of preparing their own financial statements.

IFRS 19 is a disclosure-only standard which specifies reduced disclosure requirements that eligible subsidiaries are permitted to apply instead of the disclosure requirements in other IFRS Accounting Standards (except in exceptional circumstances). However, such eligible subsidiaries should still apply the recognition, measurement and presentation requirements in other IFRS Accounting Standards.

IFRS 19 allows an eligible subsidiary to voluntarily apply or revoke its election to apply the standard. An entity may apply IFRS 19 more than once – for example, an entity that applied IFRS 19 in a prior period but not in the immediately preceding period may elect to apply IFRS 19 in the current period.

67 Possible impact of amendments, new standards and interpretations issued but not yet effective (continued)

(4) Amendments to IFRS 9 and IFRS 7 *Amendments to the Classification and Measurement of Financial Instruments*

The IASB issued Amendments to IFRS 9 and IFRS 7, which clarify:

- That a financial liability is derecognised on the "settlement date", i.e., when the related obligation is discharged, cancelled, expires or the liability otherwise qualifies for derecognition. The amendments also introduces an accounting policy option to derecognise financial liabilities that are settled through an electronic payment system before the settlement date if certain conditions are met.
- How to assess the contractual cash flow characteristics of financial assets that include environmental, social and governance ("ESG")-linked features and other similar contingent features.
- The treatment of non-recourse assets and contractually linked instruments.

In addition, the amendments to IFRS 7 require additional disclosures for financial assets and liabilities with contractual terms that reference a contingent event (including those that are ESG-linked), and equity instruments classified at fair value through other comprehensive income. The amendments will be effective for annual reporting periods beginning on or after 1 January 2026. Entities can early adopt the amendments that relate to the classification of financial assets plus the related disclosures and apply the other amendments later. The new requirements will be applied retrospectively with an adjustment to opening retained earnings. Prior periods are not required to be restated and can only be restated without using hindsight. An entity is required to disclose information about financial assets that change their measurement category due to the amendments.

(5) *Annual Improvements to IFRS Accounting Standards* – Volume 11 Amendments to IFRS 1, IFRS 7, IFRS 9, IFRS 10 and IAS 7

The IASB has published the *Annual Improvements (Volume 11)*, making narrow-scope amendments to the requirements of *IFRS 1 First-time Adoption of International Financial Reporting Standards*, *IFRS 7 Financial Instruments: Disclosures*, *IFRS 9 Financial Instruments*, *IFRS 10 Consolidated Financial Statements* and *IAS 7 Statement of Cash Flows*. The amendments will become effective for annual periods beginning on or after 1 January 2026, with earlier application permitted.

(6) Amendments to IFRS 19 *Subsidiaries without Public Accountability: Disclosures*

The IASB issued Amendments to IFRS 19 *Subsidiaries without Public Accountability: Disclosures*. The amendments reduce disclosure requirements for new and amended IFRS accounting standards issued between February 2021 and May 2024, which had previously been included in full in IFRS 19.

The main disclosure requirements which are now reduced include: (i) remove disclosure objectives from IFRS 19; (ii) reduce the disclosure requirements relating to supplier finance arrangements and a specific class of financial liabilities; and (iii) replace disclosure requirements relating to management-defined performance measures with a cross-reference to IFRS 18 for entities that use these measures.

(7) Amendments to IAS 21 *Translation to a Hyperinflationary Presentation Currency*

The IASB issued Amendments to IAS 21 *Translation to a Hyperinflationary Presentation Currency*, which require translation from a non-hyperinflationary functional currency into a hyperinflationary presentation currency at the closing rate.

The amendments also require an entity whose functional currency and presentation currency are the currency of a hyperinflationary economy to restate the comparative amounts of a foreign operation whose functional currency is that of a non-hyperinflationary economy, by applying the general price index, in accordance with paragraph 34 of IAS 29 *Financial Reporting in Hyperinflationary Economies*, to the foreign operation's comparative figures. The amendments introduce certain additional disclosures.

The amendments apply for annual periods beginning on or after 1 January 2027 and earlier application is permitted.
